Me: Wow! I remember this! This is another cartoon from my childhood. We're in the world of the 1936 Cartoon, To Spring.

Dayna: Wow! I remember that cartoon. That was a great one. But it's Summer now.

Me: I know. But ever heard of Winter In July?

Dayna: Yes I have.

We then heard an old man laugh and it was OLD MAN WINTER!

---

**Old Man Winter** is a personification of winter. The name is a colloquialism for the winter season derived from ancient Greek mythology and Old World pagan beliefs evolving into modern characters in both literature and popular culture.

History

Humans have associated the winter season with deities since the ancient Greece god of winter Boreas, the Norse mythology god of winter Ullr and continuing on in other cultures including Celtic mythology with the goddess Cailleach and goddess Beira. Over time, the old gods of winter changed to new humanizations of the seasons, including Old Man Winter.

---

Me: WHOA That's Old Man Winter!

Dayna: But that can't be right! He doesn't come for another 4 to 5 months!

Me: Lets go get him!

We went up to the surface and went to face Old Man Winter!

Me: Hey it's Summer you know!

Dayna: Yeah! It's supposed to rain!

I fired waves of fire and Dayna fired waves of energy and they hit Old Man Winter and burned him all over.

I then saw that he had a girl in his chest and she was really a Huanglong, the Golden Dragon from Chinese Myth.

Me: Wow! Look in his chest! That girl is a Huanglong, The Golden

Dragon from Chinese Myth.

Dayna: I see her. Wow.

I flew fast and plowed through Old Man Winter and rescued her.

We fired blasts of energy and evaporated Old Man Winter.

Me: Take that.

I got the girl down and we landed.

Fan Long: Whew! Thank you both so much for saving me.

Me: You're welcome.

Fan Long: Wow! You're the famous J.D. Knudson, leader of Team Loud Phoenix Storm.

Me: That's right and it's a pleasure to meet you.

Fan Long: I'm Fan Long and as you know I am a Huanglong from Chinese Myth.

Me: Yep and it's awesome to meet you Fan Long.

Dayna: My name is Dayna Orromov and yes I am half octopus as you can see. I am an Octopus Gene-Slammer.

Fan Long: Pleasure to meet you.

Dayna: I'm gonna revert back now.

Me: Okay.

I put on my blind man glasses.

Dayna was human again. But topless.

Dayna: (covers her boobs) Looks like Spring won't be delayed anytime soon.

Fan Long: You said it.

Fan Long gave Dayna a new shirt.

Dayna: Oh thanks.

She put on the shirt.

Me: And Old Man Winter should know better never to appear in the middle of July.

Fan Long: Yeah. But thank you both for saving me.

Me: You're welcome. Lets head home.

We went back to the World Tree Estate.

---

Back at the World Tree Estate, everyone was watching TV and playing card games.

Nico and May, Jack and Carly, William and Maria, Sean and Rice, Clyde and Sid and Lincoln and his harem were all making out.

We came in.

Dayna: Whew!

Dayna went and sat with everyone.

Fan Long: Wow! So this is where you all live.

Me: Yep.

Nico and everyone saw us.

Nico: Oh wow! She's a Huanglong from Chinese Myth.

Brittney: The Golden Dragon of the Center.

Yolei: Oh wow! I didn't know there was a fifth Sovereign.

Fan Long: It's an honor to meet you all.

Miia: Fan Long!

Fan Long: Miia!

They hugged.

Miia: It's awesome having you with us.

Fan Long: It sure is.

Me: Oh right. Guys we have a meeting. It's important.

Nico: Okay. Lets head to the briefing room.

We went to the briefing room. Vypra and Dark Spicer were called in too and we were in the briefing room.

Princess Luna: Alright, J.D. Please tell us why you called this meeting.

Me: (sighs) Do you guys think I'm a good leader?

Nico: Of course you are! Why do you say that?

Me: Well, I think I might be starting to become like Sentinel Prime.

May: J.D., don't think like that! You're not becoming like Sentinel at all!

Me: Tell that to the people of Paris who get Akumatized all because I was reckless in exposing Lila Rossi's lies! And I always wish death on people like Ozai, Quagmire, and even the recently defeated Sentinel even though they're serving out their punishments! (cries) WHAT KIND OF HERO WISHES THAT ON HIS WORST ENEMIES?!

Maria: (unnerved) Well, this is turning out to be a tense morning.

Varie and Eli comforted me.

Varie: J.D. come on. You know it was all because of Dark Orbs we had inside us that we were reckless.

Eli: Yeah bro.

Varie: And besides, you are an awesome leader and Lila Rossi is ALWAYS wrong. She's a completely delusional monster with no conscience.

Nico: Yeah man. I hate Ozai, Quagmire, Sentinel Prime and Lila Rossi just as much as you do but you made the right call in locking them up than to rot in jail.

Vypra: That's right J.D. You are a great leader.

Dark Spicer: And no one should EVER have to tell you otherwise.

Eli: And you brought down the most dangerous enemies of all and your leadership has done so much good for the world.

Nico: And it brought many people all over the entire universe together.

Ets: You saved the entire planet and the entire universe from total destruction many times and more times than any of us can even count and you are a true hero that has done so much from his heart. You touched the lives of so many awesome people not just on Earth but also many lives on so many planets all over the universe and the Multiverse.

Sora: Yeah that's right!

Nico: Look, J.D. It would be a privilege to be leader full time. But the thing is, I don't think the rest of us would accept that. You've been leader and on this team much longer then I have. And even I were to become leader, it would really be temporary at best.

Mollie: You actually have some good arguments there.

Eli: Nico is right. He did lead the team while you and Zarya were having fun in the Ridonculous Race and he did a great job too.

Nico: Yeah but I don't think I'm qualified to be full leader. I'm happy being second in command.

Ets: And we are too.

G1 Rampage: Maybe we should put it to a vote.

Nico: Exactly what I was thinking.

Eli: A political approach is always good.

Me: (Sniffles) Yeah. But hey I have an idea. How about we vote on this? On the days that are even like say the 6th, 8th and 10th we have Nico be Leader on those days and on the days that are Odd like say the 1st, 3rd and 5th and all that we have me be leader.

Everyone agreed with that.

Nico: Not a bad idea.

Me: All right lets vote. All those that agree?

Many of them raised their hands.

Me: all oppose?

Only one opposed.

G1 Slug: Me Slug want to see results of vote!

Me: It was 20 against one.

G1 Slug: Good.

Me: All right then. Motion carries. On the odd days I will be leader and the even days will have Nico be leader. Meeting adjourned.

BANGS GAVAL!

We left the briefing room.

Nico: That was a good call.

Me: It also was a great idea.

Alister: (to me) Even though we just developed this new leadership system, you still get to lead us today.

Kairi Yano: (pats me on the back): See? We'd told you there was a way for you to take a break from leadership without retiring.

Keiichiro: I know we just established that you'll never be like Sentinel Prime. But this is just a safety precaution. Power does have a tendency to corrupt, after all.

Me: I know and Sentinel Prime had to leard that the hard way. He obvious didn't understand our most important rule.

Nico: That with Great Power Comes Great Responsibility.

Eli: That's right and it warped his mind.

Animated Optimus: That is a very good rule to understand.

Me: Yep. Power is a very dangerous thing if it is abused. Sentinel Prime had too much power and it destroyed his mind and warped it.

Nico: Yeah.

Sportsmaster, Vortex, Xaldin, Fixer, Motor Ed, Ssserpent, Multiple Man, and the Vreedle Brothers then appeared.

Sportsmaster: Now that the whole voting thing is over, can me, Vortex, Xaldin, Fixer, Motor Ed, Ssserpent, Multiple Man, and the Vreedle Brothers go with you guys?

Me: You all sure can. Our next mission is in Crown City.

Ash: Wow! We haven't been there in a while.

Dawn: It has been a long time since we were there.

Brock: Boy it sure has.

Me: And scans show that it's over in Germany.

Lola: Wow!

Me: Lets get over there.

We were off to Germany.

---

CROWN CITY, GERMANY

---

We arrived in Crown City in Germany and it was beautiful.

Me: Wow! So this is Crown City.

Skull Man: Who knew that Crown City is in Germany? Can't believe the Germans would be related to an asshole like Hitler. (to Hunter) No offense, Hunter.

Hunter: (German Accent) Keine vergeben. But ja that is awful.

Kanaloa: (Hawaiian Accent) That is awful. It's hard to imagine.

Holly: (Icelandic Accent) It was terrible what happened all those years ago.

Marselina: (Icelandic Accent) It sure was.

Me: Yeah and my grandfathers both fought against those monsters.

Laney: That is amazing.

Xaldin, So, Ash. What exactly happened the last time you were here?

Ash: We were here to help the legendary Pokemon Zoroark and Zorua in dealing with the evil monster Grings Kodai.

Me: What do you know about him Ash?

Ash: Well it's not pretty.

Ash told us about his history.

---

Grings Kodai is the main antagonist in the 13th Pokémon movie Zoroark: Master of Illusions. He was a wealthy businessman who had the ability to see into the future. He wanted to be even more powerful and desired to gain whatever else he wanted without interruption.

He was voiced by Takanori Jinnai in the Japanese version, and Sean Schemmel in the English version, who also voiced Goku Black in Dragon Ball Super.

## Past

Kodai was a young man who once discovered the time-traveling Pokémon Celebi coming out of a "Time Ripple" and, when he touched it, gained the ability of future sight. However, this caused the Ripple to collapse and unleash a massive wave of "negative time" that ravaged the vegetation of Crown City, which took 20 years to grow back. During that time, he used his future sight ability to procure his fortune and establish his media empire, Kodai Network.

## Pokémon: Zoroark: Master of Illusions

Before the events of the movie, he visited the region of Unova and kidnapped the Pokémon Zoroark and her son Zorua. Kodai then forces Zoroark into terrorizing Crown City as the legendary Pokémon Raikou, Entei and Suicune with her illusion powers by threatening to hurt Zorua. Even when Zorua escapes, that doesn't stop Kodai, who uses a projection of him to blackmail Zoroark into continuing her job, so he can personally apologize to the citizens and blame Zoroark for the chaos.

Once every citizen leaves the city (with a few exceptions), he has a vision showing Ash and his friends coming to stop him alongside a reporter named Karl, so he waits for them to approach and captures them in a cage. Although, they are released by Kodai's secretary Rowena (who turns out to be a double agent working for Karl to gather information on Kodai), Kodai (anticipating the betrayal) orders his bodyguard to take them out. This leads him into the Baccer World Cup Stadium, where he chases Celebi through the woods. But when he finally reaches him, it is actually Zorua using an illusion. He kidnaps him again and disables Ash, Pikachu and Celebi right in front of the Ripple. When Zoroark, Karl and Rowena appear, he stops them by threatening to hurt Zorua and finally touches the Ripple.

As he collects the power from the Ripple, Kodai admits to the heroes that he previously ravaged Crown City of its vegetation 20 years ago, and that he'll do so once again to satisfy his desires, even admitting that he fooled the townspeople twice with his media manipulations. However, this is all an illusion created by Zoroark to let Kodai's guard down, as Zorua previously destroyed Kodai's illusion canceller while biting him. Angered by this, Kodai attempts to attack Zorua out of rage, but Zoroark takes the blast for him. In addition, he electrocutes her with his mechanical claw, swearing to kill her for this. However, Zoroark frees herself by taking out the claw and defeats both his Shuppet and Mismagius.

Kodai tries to take the Time Ripple for himself, but is blocked by the legendary Pokemon (the real Raikou, Entei, and Suicine), who are now furious at him for coercing Zoroark to impersonate them in the first place. Kodai attempts to escape, but Zoroark creates one last illusion to make him fall off the stadium's upper floors into the arena, where he stays unconscious for a while. In the end, Kodai wakes up and is horrified to see that his confession has been broadcast to the whole city, which made everyone see the absolute monster that Kodai really is. With his plans now exposed to the public, Kodai is placed under arrest for his crimes, much to his fury.

In the manga version, his role is pretty similar to the movie, only he uses holograms and projections instead of facing his opponents directly. Kodai is defeated when Zoroark chases him through the stadium using illusionary vines until both reach the higher floors, where he trips and falls to his death.

---

When he was done we gasped in shock!

Me: WHOA MAN! So he's a power-hungry business man that wants to gain the power to predict the future!

Nico: No one has the power to do that.

Eli: Except for Sailor Mercury's friend Greg.

Me: Yep and now we have a monster Business Man to take down.

Nico: Just like Trump.

Me: Yep.

Laserbeak: (sees something) Guys, are all of us here right now?

Me: Yeah why?

Laserbeak saw reflections of us.

Me: What the?!

Reflection me then laughed and then…

KROW!

I was kicked in the face and I went crashing into a tree!

Me: OW!

We saw the reflections glow and they were really Zoroark and Zorua!

Me: Oh wow! Zoroark and Zorua!

Nico: Wow!

Laney: You all right J.D.?

Me: Yeah thanks.

Ssserpent: Please tell me you two can talk.

Ash: They can't.

Zorua went over to Ash and nuzzled him.

Ash: It's great to see you both again.

Ash picked up Zorua.

Ash: You're doing great.

Eli: It's awesome to meet you both.

Waspinator: Waspinator think Zorua is cute!

Animated Bumblebee: Yep. You're definitely different from the Wasp I know.

Me: That's because he's a Predacon. The one you know is a Decepticon.

Animated Bumblebee: Good comparison.

Popeye: As long as Bluto is not like that Megatron fella. (Trademark Laugh)

Maria: But Waspinator's right. Zorua really is cute.

Horsea: (jealous) Yeah! He sure is!

Maria: Oh Horsea you are just as cute too.

Horsea: Oh thanks.

Me: No need to get jealous now. Besides all our mascots are cute.

Emolga: You said it.

Zorua: You better believe it!

We gasped and we saw Zorua talk!

Me: WOW!

Zorua: Shocked ya huh?

Motor Ed: (to Ash) Thought you said Zorua doesn't talk! Seriously!

Ash: I had no idea myself.

Meowth: I learn how to talk myself.

Me: And we taught some of our Pokemon how to talk too. Also Pokemon are FULL of surprises and have talents in many things other than battles.

Zorua: He's right on that.

Nico: Yep.

Gulper: Are there any human friends you've made here? And any soda as well?

Ash: Just Zoroark, Zorua and Celebi.

Me: Hmm.

Ash: Oh and there's Peg, Rowena and Karl. Karl was investigating Kodai's shady activity.

Me: And the other two?

Ash: Rowena was an undercover spy that was investigating Kodai and Peg was a girl caught in the chaos of Kodai's plans.

Me: Whoa.

Fixer: Why don't we go meet those 3 before we plan our next move?

Me: I was just about to suggest that.

Ash: Awesome!

We followed Ash and we saw Kodai's old tower and it was gone! The whole tower was demolished!

Nico: What happened to Kodai after he was defeated and arrested?

Ash: He was thrown in jail forever.

Me: Wow! I bet he must've escaped somehow. It must be because of a dark orb.

Eli: You're right. The Force is telling me that it is.

We went over to a coffee shop and we saw Rowena.

Nadira: Hi. You must be Rowena. Love your outfit!

Rowena: Why thank you. Wow! Team Loud Phoenix Storm!

Me: It's a pleasure.

Ash: Been a while Rowena!

Rowena: Ash it sure has. How have you been?

Ash: Great thanks.

Dawn: You look like you're doing great.

Rowena: I sure am Dawn and it's great to see you, Piplup and Brock again.

Piplup: Piplup.

Octagon: I bet you heard that Zorua can talk now.

Rhomboid: And that Kodai's back in town.

Rowena: WHAT!? But that can't be right. He's locked up in prison forever.

Me: He must've escaped somehow. And I'll bet it was a Dark Orb.

Nico: Yeah and looks like we're gonna have to kill him.

Me: He has been a major menace to this whole city and we need to make sure he never returns to terrorize this whole town.

Eli: Yeah he is a monster.

Me: But don't worry, Team Loud Phoenix Storm is gonna make sure that monster pays for his crimes, in blood.

Nico: Yeah!

Vince: Yeah and it won't be pretty.

Varie: No it won't.

Éclair: I can't wait to give a massive beatdown to that punk.

Me: We all will.

Acid Man: You said that Kodai uses a Mismagius and a Shuppet. After Kodai is destroyed, they'll need a new Trainer. One that uses Ghost Pokemon.

Persephone: And I'll volunteer.

Me: I had a feeling one of the Goths of Darkness would do so. All right then. Now we have to find that bastard.

BEEP.

I looked at my Dark Orb detector and I saw that there was a Dark Orb just 10 kliks northwest.

Me: 10 kliks northwest.

Multiple Man: I'll clone an army for the battle.

Me: Okay.

He made 500 clones.

Eli: And I know just the power too.

Eli had a KyuMorpher on his arm and he put in a KyuTama for Canes Venetici and he got an enhanced sense of smell.

Eli smelled and found his scent!

Eli: This way.

We followed Eli and my Dark Orb detector.

Laney: Wow! Smart thinking Eli.

Me: Eli you got one of the KyuTama and a KyuMorpher?

Eli: Yeah in my universe before the universes merged, I helped the KyuRangers take down some of the Jark Matter.

Me: Wow!

J.D. 3: And it was an epic series of battles too.

Dawn: That's incredible!

Fisticuffs: (to Keiichiro) Didn't you, your team, and the Lupinrangers team up with the Kyurangers before?

Keiichiro: (smiles) We did! You're going to love them. Their universe used to be ruled by evil until they liberated it.

Kairi Yano: Their leader is Lucky. And he calls himself the Luckiest Man in the Universe.

Me: I remember that and the evil that ruled was called the Space Shogunate Jark Matter.

Nico: I can't believe that those monsters wanted the entire universe all for themselves.

Lana: Who are the Jark Matter?

Me: Their history is not pretty.

I told everyone their history.

* * *

The Space Shogunate Jark Matter are a vast interstellar empire controlling all 88 Constellation Systems and nearly all of space and the main antagonists of Uchu Sentai Kyuranger. They seek to collect the power of the planets, in the form of an element dubbed "Planetium", so that they can construct a bomb capable to destroy the entire universe.

300 years prior to the start of the series, the Jark Matter declared

war on the Space Federation in an attempt to seize control of the entire universe. However, their invasion was opposed by the warriors of the 88 constellation systems, led by Tsurugi Ohtori.

The warriors eventually confronted the Shogun of the Jark Matter, Don Armage himself, but the Shogun managed to kill all but two of them, Tsurugi and his best friend Quervo. Tsurugi attempted an attack to destroy Don Armage that would drain his own immortality and thus kill him, but he was stopped by Quervo, who took a blow meant for Tsurugi.

## Dominion of the Universe

However, Don Armage and the Jark Matter later returned and conquered the universe by invading and conquering the 88 Constellation systems, eventually usurping the Space Federation as the dominant intergalactic government. Don Armage later established the Jark Matter's capital on the planet Southern Cross in the Minami Juuji System. In exchange for allowing Don Armage to set up the Jark Matter's headquarters on the planet, Southern Cross's ruler, the Southern King, was made Karo of the Minami Juuji System.

## Rebellion

However, a resistance soon rose to fight back against the Jark Matter in the form of the Uchu Sentai Kyurangers.

## Chou Super Hero Taisen

The Space Shogunate Jark Matter at some point allied themselves with Shocker. During the final battle, they sent down a Big Morimarz for Oogumo Great Leader to pilot.

## Hierarchy

### Shogun

Being themed after a feudal-Japanese shogunate, the Jark Matter are ruled by a Shogun. The Shogun communicates directly with the Karo and has the authority to punish them if they fail.

## Vice-Shoguns

The Vice-Shoguns are the second-highest ranked officials of the Jark Matter, serving directly under Shogun Don Armage. Initially, the three Vice-Shoguns were Tecchu, Akanba and Kukuruger, but after their deaths at the hands of the Kyurangers, Don Armage opened the positions up to whichever Karos could destroy the Kyurangers.

The remains of the three original Vice-Shoguns were later gathered by Doctor Anton and fused into Akyachuga.

## Karo

The Karo are high-ranked Jark Matter officials each tasked with overseeing one of the 88 Constellation systems. They essentially act like generals for the Jark Matter Shogunate. Each Karo has a Big Moraimars spaceship as their flagship and an Enlarge Inro which revives and enlarges them should they ever be destroyed.

## Daikaan

Daikaan are Jark Matter officials that serve under Karos and govern planets under Jark Matter's rule. They each have a spaceship called a "Moraimarz" which is capable of draining a planet's Planetium and transforming into a Moraimarz Robo for combat. Similar to the Karos, Daikaan also have an Enlarge Inro which allows them to revive and enlarge if they are ever killed.

While most planets only have one Daikaan, Earth is governed by several Daikaans due to it having an as-of-yet unspecified role in Don Armage's plans.

## Indaver

Indavers are the basic footsoldiers of Jark Matter. They originate from a race called the Inda which was engineered by the Jark Matter to serve as basic grunts. There also exist stronger versions of the Indavers called Tsuyoindavers which possess greater combat skill and lead the Indavers into battle.

When I was finished everyone was horrified!

Laney: WHOA! So they want to build a bomb that will destroy everything!? That's insane!

Me: Yep. But thankfully the Kyurangers destroyed them. I found out that they are in Universe 19.

Lana: So when we meet later on them we'll have to cut through the Warp again like we did when we went to Universe 23.

Me: Yep. But we'll worry about that later.

Eli growled.

Me: What is it bro.

He got up and reverted back and pointed and we saw GRINGS KODAI!

Me: There he is.

I fired an energy laser and it hit the ground by his feet and exploded.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion sent him flying and he crashed into a fence! He got up and he saw us.

Me: Grings Kodai, so we meet at last.

Kodai: Team Loud Phoenix Storm. I knew you would be coming.

Me: So we can kill you.

Kodai: (to me) How does it feel to know that you're not going to be leader after today, Knudson?

Nico: Actually, J.D. will still be leader on every other day like today.

Kodai: What are you talking about? I heard your conversation. Starting tomorrow, you'll be in charge of your stupid little team.

Vortex: Don't worry about it! You won't live long enough anyway to find out anyway.

Me: And you Kodai can go fuck himself for all I care.

Eli: Yeah you dingus!

Nico: You have no right to live after everything you did.

Me: Can you predict the future Kodai? Well your future is death!

Back in the Leaf, Kakashi was giving his report to Lady Tsunade when suddenly he sneezed.

Lady Tsunade: Are you catching a cold?

Kakashi: Someone must be talking about me.

We were ready to face him.

Me: You give Pokemon Trainers everywhere a REALLY bad name Kodai and we're going to make sure you suffer for your crimes in full.

Then Merman, Ranamon, Gizmo, Arbormon, Killer Shrike, Zexion, Misty Tredwell, Yenaldoshi, Carly Atlas and Devack then appeared.

Me: Merman, Ranamon, Gizmo, Arbormon, Killer Shrike, Zexion, Misty Tredwell, Yenaldoshi, Carly Atlas and Devack.

Devack: Looks like we are gonna have some fun against this would-be future predictor.

Merman: So, Nico will be leader of the team tomorrow, right?

Maria: That's correct.

Ranamon: And the day after that, J.D. will be leader again?

May: Yes. You guessed right.

Gizmo: We just wanted to know.

Arbormon: (to Shuppet and Mismagius) You two really gonna follow a jerk like Kodai? Why don't you follow someone who's more worthy of you two?

They agreed with Arbormon.

Persephone: How about you come to me and I'll treat you better?

They agreed and went over to her.

Me: Awesome.

Nico: Yep.

?: (Latin American Accent) It sure amazing.

Me: Huh? Who said that?

?: Down here.

I looked and I saw a small Latin American Woman and it was MADAME ARGENTINA!

---

Madame Argentina is a one-time villain from the Cartoon Network original series The Powerpuff Girls, only appearing in the episode "I See a Funny Cartoon In Your Future". She is a faux psychic who cons people out of their money, by pretending to read their fortunes, while her sidekick named Fred steals their wallets.

She was voiced by the late June Foray.

Biography

Madame Argentina went around Townsville, with her sidekick Fred, conning people out of their money, by giving them fake fortunes. She went to the outskirts of town, where she set up shop, and lured The Mayor of Townsville into her tent. There, she took advantage of his stupidity, by giving him generic fortune teller predictions, such as "I sense you have a dead relative.". The Mayor (being as foolish as he is) fell right into it, thinking that she found out about his dead Aunt

Gertrude. While Madame Argentina did this, Fred stole the key to the city from his pocket, locking The Mayor out of his own town. When The Mayor turned back to the tent, it had already disappeared, as Madame Argentina and Fred had fled the scene.

Days later, The Powerpuff Girls got a call from The Mayor, telling them what happened. The Powerpuff Girls let him back in, and deduced that this "fortune teller" he spoke of, was the culprit. However, in a city as big as Townsville, there were hundreds of people claiming to be fortune tellers, so it would be nearly impossible to find the one The Mayor was talking about. Why, one couldn't throw a dart in Townsville, without hitting a fortune teller, which is the exact method The Powerpuff Girls used, to find Madame Argentina. Luckily enough, the very dart they threw, managed to hit Madame Argentina right on the head. As soon as The Powerpuff Girls, went to where the dart landed, Madame Argentina had already darted off. However, she did inadvertently leave behind a trail of tarot cards, which led them to her next location.

The Powerpuff Girls used a totem pole trench to sneak into the tent and pretend to be Madame Argentina's next victim. While The Powerpuff Girls had their palms read, Fred poked around in the trench coat's pockets, and ended up seeing Buttercup inside of there. This blew their cover, and got Madame Argentina and Fred to quickly take off in their Astral Plane. The Powerpuff Girls did not give up and chased down Madame Argentina to Voodoo Island. At the island, Madame Argentina bought voodoo dolls of The Powerpuff Girls and some pins. Madame Argentina tortured the girls with these for a while, and then tied the voodoo dolls to a hope, suspending them over a cliff, leaving the real girl, doing the same thing.

Fortunately for The Powerpuff Girls, an obsessive collector of Powerpuff themed merchandise saw the voodoo dolls and set them free, which in turn, set The Powerpuff Girls free. The Powerpuff Girls turned the tables, by buying a voodoo doll of Fred, and taking it back home, where they planned on cooking it on a grill. Madame Argentina happened to be flying over their house at this time and saw what they were about to do. She quickly flew her Astral Plane down there to save them, but went in way too quickly, crash landing the plane, and sending herself and Fred, flying into the grill, where they were closed inside, and cooked to a crisp.

Charred and behind bars, Madame Argentina and Fred were sentenced to solitary confinement in prison, where they would never cause any more trouble, and all of their stolen goods, were returned to their rightful owners.

---

Me: And you are?

Madame Argentina: Madame Argentina, Fortune Teller and all around baddie.

Me: Aren't you one of the one-time enemies of the Powerpuff Girls?

Madame Argentina: That's correct.

Me: Wow. And I take it you joined the Masters of Evil?

Madame Argentina: You heard right.

Then we heard a roar and it was a REALLY FEROCIOUS ROAR! Out came THE GHOST BEAR!

---

Vicious won every match until he faced Sin Cara Grande, in an epic showdown between man and beast. When Sin Cara Grande revelled in his victory, Vicious got back up in a rage and let loose on the town. Sin Cara Grande saved the citizens from Vicious, wounding his right leg in the process and costing him his career. Vicious fled into the woods north of town and into a cave never to be seen again. Cookie used the legend of the ghost to ruin the reputation of WWE City, because it put him out of a chance to be a champion due to his leg injury. He used Scooby-Doo as a pawn to steal the belt and replace it with a fake belt, while he wore the real one. John Cena removed it from him and told him that it wasn't for cheaters, it was for champions.

---

Shaggy: ZOINKS! It's the Ghost Bear!

Qin: Not this bad bear again.

Twilight Sparkle: What was this guy known for?

Qin: He was really Cookie. He was a former wrestler for WWE that hated the entirety of it with a passion. He hated it more than life itself and he built the bear to cause so much pain and injury that WWE would be blamed and would never recover. He built an EMP Generator to knock out the power in the stadium so that the bear would hurt lots of people and he also used hypnosis and made Scooby Doo steal the championship belt so that he can live off the gold and diamonds.

Me: Yep and we busted him and he was sentenced to spend the rest of his life in federal prison without parole.

Fluttershy: Goodness.

Me: Yep. That was a brutal fight.

?: I'll say.

A figure appeared and it was STONEDOZER!

Me: Stonedozer. Back for another round I see.

Sam Manson: But this leader system will gladly help both J.D. and Nico out.

Nico: Wow these swords look awesome.

Stonedozer: One is called the Sword of The Skylanders and the other is the Sword of Guabancex.

The Sword of The Skylanders: It's a massive 6'0" double-edged sword with a crimson blade with the Leaf symbol for the Life Skylanders and it's surrounded by the elemental symbols of the Fire, Water, Air, Tech, Magic, Earth, Light, Dark, and Undead Skylanders, massive green angel wings with a green gem embedded in the center for the crossguard, a long black handle, and a large sphere pommel surrounded by four multi-colored gems. I call it The Sword of The Skylanders, a legendary weapon imbued with the ten elements of The Fire, Water, Air, Tech, Magic, Earth, Life, Light, Dark, and Undead Skylanders, but it can only be wielded by a brave-hearted hero, who has one of the ten elements, and he'll have the powers of the other elements in the Skylands.

The Sword of Guabancex: It's a massive 6'0" double-edged sword with massive volcanic angel wings for the crossguard, the blade glows like molten lava, it has a long handle, and it has an obsidian sphere for the pommel and whoever wields this blade will get a massive energy increase and their powers will be enhanced 100-fold.

Nico: Wow! These are perfect for Crash and Lynn. And Lynn had gotten her powers from Guabancex.

Nico teleported back and gave the swords to Crash and Lynn and Crash underwent a huge and powerful transformation! THE END

---

Another awesome chapter done.

This chapter was for the 13th Movie of Pokemon: Zoroark, Master of Illusions. It was awesome. We now have a new system where we take turns for leadership of the team. The beginning part of the chapter was based on the 1936 and that was an awesome and great cartoon. Another awesome cartoon from my childhood and it was fun. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Etstheclarencefan, Drako1234658, Nflemingful and ninjakingofhearts all gave me the ideas for this. Thanks guys. The next girl from Daily Life With A Monster Girl is Reshia the Alraune and we're going to find her in the awesome cartoon Have You Got Any Castles? from 1938 and it will be an awesome rescue in the world of Books. Also the next chapter is an awesome adventure into the world of the newest 2021 movie Raya and the Last Dragon and we're going after Namaari and we're going to take her down and save the world from destruction.

See you all tomorrow.

# Into the World of One Dragon

In some kind of awesome library, me and Irena were flying through it and we saw lots of amazing books.

Me: Wow look at all these books.

Irena: I wonder where McWolf has been lately.

Irena concentrated and groaned as something was portrouding against the back of her shirt.

Me: I think he might be here. But we're in a giant library.

Irena turned into her Butterfly Creature form. She turned into Lepidos!

Me: Yeah!

We saw that it was all about really familiar world.

---

When the cartoon opens, the cuckoo clock in the library sounds, and the camera pans over the room, to the Town Crier who gives a brief introduction. After this, we meet four monsters (Mr. Hyde, Fu Manchu, the Phantom of the Opera, and Frankenstein's monster) who introduce themselves roaring, but then dance briefly to Gossec's "Gavotte." As characters from other books cheer that performance, the protagonist of The Good Earth, his head the shape of a globe, says prayers by his bedside. The camera pans the library to the right, revealing the book The Invisible Man and an invisible man dancing, who hands off to Topper (a novel from a series by Thorne Smith, as well as a contemporary film) where a similar character continues a similar dance, then moves to The Thirty-Nine Steps where a caricature of "Bojangles" Robinson dances down the steps, So Big with a caricature of Greta Garbo, and The Green Pastures which turns out to feature a big band presentation of "Swing for Sale" led by a caricature of Cab Calloway. That clip was from the Friz Freleng short Clean Pastures.

Panning left over the cheering crowd, the camera reveals a singing Heidi on the cover of her eponymous book, a literal Thin Man when viewed from the side (a caricature of William Powell as Nick Charles) walking into the White House Cook Book and, when walking back out and seen from the side, shows that he has packed on some weight in his posterior. Whistler's Mother, on the cover of the book, Great Works of Art whistles "Ain't She Sweet", then three Little Women (three Jane Withers clones) and three Little Men (three Freddie Bartholomew clones) sing with Old King Cole (spoofing deep-voiced Warner Bros. character actor Eugene Pallette), the characters of The House of the Seven Gables (seven identical caricatures of Clark Gable), and a drumming bulldog intended to parody Bulldog Drummond. Next Louis Pasteur (a caricature of Paul Muni in his Oscar-winning role) mixes chemicals from test tubes until they blow up, after which Pasteur is in Seventh Heaven. Also appearing is Captain William Bligh from Mutiny on the Bounty (a caricature of Charles Laughton's portrayal of him). None of this pleases a sleeping Rip Van Winkle (Ned Sparks, a well-known Hollywood "grouch"); the hermit complains, "Old King Cole is a noisy old soul", while using the Valiant Little Tailor's scissors to snip hair from the title character of Uncle Tom's Cabin to plug his ears.

The music gets louder, as The Three Musketeers (The Ritz Brothers) sing the title song of the cartoon, with Drums Along the Mohawk providing a beat, Emily Post (here portrayed as "Emily Host") scolds Henry VIII of England for his rudeness, and a character from Katherine Mayo's controversial 1927 book Mother India plays along on his pungi. Then Rip again takes scissors from the Tailor and tries to use them once more on Uncle Tom; Tom beats him back then uses the scissors to cut Rip's beard. Then Diamond Jim Brady (an Edward Arnold caricature, from the 1935 film of the same name) comes along pitching mortgage payments as the Drums beat louder, Henry becomes even more gluttonous (and Emily Post joins in the gluttony), and Oliver Twist twists. W. C. Fields (here portrayed with a red nose in a parody of So Red the Rose) joins in, as does the Pied Piper of Hamelin, piping a jazzy tune and being followed by a herd of jazzy mice.

The Musketeers become Three Men on a Horse and, along the way grab the Seven Keys to Baldpate which they use to free the Prisoner of Zenda, over Aladdin's objections. Aladdin gets punched out by one of the Men. As the Three Men pass The Informer (a caricature of Victor McLaglen, who won a 1935 Academy Award for playing the role), he whispers to Little Boy Blue (here named "Little Boy Blew") who then trumpets for a Charge of the Light Brigade. Robinson Crusoe fires at the Three Men, along with guns from All Quiet on the Western Front and backup cavalry from Under Two Flags.

---

Me: WHOA! Now I remember this world! This is the world of the 1938 cartoon Have You Got Any Castles? from Looney Tunes.

Irena: Wow! That was one of my all time favorites.

Me: Mine too. One of my favorites from my childhood. And I know these books.

Irena: These are all very interesting to read. What are your favorites here?

Me: Oh gosh I like a lot of them. I like the Charge of The Light Brigade, The Three Musketeers, The Informer, Old King Cole, Rip Van Winkle, The House of Seven Gables, All Quiet on the Western Front and Under Two Flags.

Irena: Those are good ones.

We saw the Three Musketeers carrying a prisoner on a horse and McWolf was going with them as all the characters of books were chasing after them. We swooped down and grabbed the bag that had the prisoner inside and it was a girl and she was an Alraune or a Mandrake.

Me: Whoa she's an Alraune.

Irena: Alraune?

Me: The better term for it is Mandrake, the Root people from European Folklore.

I fired a wave of wind and the characters were all blown back into their books and the book Gone With the Wind landed on the table.

We freed the girl.

Reshia: Whew! Thank you guys. Wow! You're J.D. Knudson, Leader of Team Loud Phoenix Storm!

Me: That's right.

Reshia: It's an honor. My name is Reshia and yes I am an Alraune or a Mandrake.

Irena: Pleasure. I'm Irena Malloy.

Reshia: Pleasure to meet you.

Irena: I'm gonna revert back now.

Me: Okay.

I put on my blind man glasses and she reverted back.

Irena was human again. But topless.

Irena: (covers her boobs) Unlike the other Underground Girls, I still have my pants.

I gave her a shirt.

Irena: Thanks J.D.

She put it on.

Reshia: Thanks for saving me guys.

McWolf: Sorry I haven't been there lately. I was taking a break. Tickling took a lot out of me.

Me: That's all right McWolf.

Irena: I understand.

Me: Lets head home.

We went back to the World Tree Estate.

---

Back at the World Tree Estate, everyone else was watching TV and Eustace was reading his paper. Muriel had Courage in her lap as she was rocking. Francesca was in between them and reading a book with Laney and Bai Tza. Then…

Eustace: OOGA BOOGA BOOGA!

Courage: AAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHH!

Eustace scared Courage with his ugly mask.

Eustace laughed at Courage and then Muriel got up and bashed him on the head with a rolling pin.

KABONK!

Eustace: OW! What did I do!?

Nico: That always cracks me up.

Lana: It is funny.

Francesca: Yeah but Grandpa Eustace always is like that.

Me, Irena and Reshia came in.

Irena: That was fun.

Irena sat down with everyone.

Reshia: Wow! So this is where you all live!

Me: Yep.

Miia: Reshia!

Reshia: Miia!

They hugged.

Miia: It's awesome having you with us.

Reshia: Same here.

Alternate Chrysalis: (to Numbuh One) You're thinking about Father, aren't you?

Numbuh One: (chuckles) Can you blame me?

Alternate Chrysalis: He's not coming back, you know. Father's gone. There's nothing left of him. Not even dust.

Me: That's right Numbuh 1. Father has been banished to the Warp forever and he will never return. I know he was your uncle but he was trying to exterminate the entire human race by killing all the kids.

Eli: Yeah that genocidal fiend had it coming.

Nico: And good riddance.

The alarm sounded!

Me: Uh oh!

We went to the computer and we saw that there was an Armed Robbery in Progress!

Nico: Looks like we got a 2-11 in Progress! Lets move!

Me: Yes sir! It's your turn to be leader today Nico.

Nico: All right!

We were off to the bank.

At the bank, the robbers were about to come out when they saw Willow from Angry Birds.

Willow: (Angry Birds) Drop the cash, scumbags. Before we drop you.

Robber: Oh yeah boidy? You and whose army?

Willow: Me and this army!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive green fiery explosion blasted out of the sky and the roar of a giant ape was heard and we came out and landed.

Robber: It's Team Loud Phoenix Storm!

Nico: You Robbers have failed this city!

Me: Yeah!

POW!

Nico punched a Robber and knocked out some of his teeth!

I leg swept a robber and grabbed him and broke his back!

Eli used a blast of Force Lightning on another Robber and electrocuted him all over.

Numbuh 4 kicked a robber in his face.

Numbuh 4: Whew! Man I need something to cool me down.

He saw an ice cream truck and he went over and opened it and saw that it was full of ice cream.

Numbuh 4: Right on mate!

Later we got the Robbers arrested.

Nico: Looks like its life in the pokey for you douchebags.

Me: Yep. Where's Numbuh 4?

Young Gwen T.: Long arrest, hot day, I'm thinking…

She referred to the ice cream truck and we went over and saw him inside and he was shivering and he had snot dripping down.

Me: Numbuh 4 are you okay?

He sneezed.

Me: I'll take that as a no.

Numbuh 1 then came and he sounded frantic!

Me: Nigel what's wrong?

Numbuh 4: (sounding congested) Where the Hell were you?! We had to take the robbers down without you and-

Cybertron Scourge: (to Numbuh 4) And now, you have a cold since you decided to eat so many ice cream treats in a cold ice cream truck.

Numbuh One: You're gonna think I'm crazy. But I just saw Father. Somehow, he came back from the Warp!

Me: Huh? But that's impossible! Where did you see him?

Numbuh 1 pointed over to the candy store and I looked and I didn't see anything.

Me: I don't see anything.

Numbuh 1: I'm telling you he was there! I saw it!

Me: Nigel I think your mind is starting to play tricks on you.

Numbuh 362: Yeah Father is dead and was banished to the Warp. There's no way he would escape.

Eli: Wait guys. The Force is telling me that something is messing with Nigel's brain wave patterns.

Anakin: He's right. I sense it.

Padme: What do you think is causiing it?

Me: Hmm. No idea.

Nico: First lets get Numbuh 4 back to the estate and check him out.

Me: Right.

We did so.

We sat Numbuh 4 on the couch and took his temperature and when it was finished it said 101.4˚.

Me: (Sigh) 101. Sorry Wallabee. It's official. You have a summer cold.

G1 Swoop: Me Swoop confused. How Father back? Qin banished him to Warp.

Nico: Did he somehow transfer his mind to something before that happened?

Robin: No. Between the three of us, I know what's going on here. I've lived it before.

Me: Really?

Robin: Yeah. Slade put some kind of hallucinogenic chemical in his mask and I accidentally breathed it in and it made me see things and made me think that Slade was back after he was dead the first time.

Me: Weird. Like with Scarecrow's fear gas but it focused mostly on Slade.

Nico: Yeah. That's interesting.

Eli: It sure is.

Me: Anyway we had better get ready for our next mission.

Venom: (to Nico) You know it's your turn to lead us, right?

Nico: I sure do. But J.D. is gonna be doing the analytical stuff and I'll provide the strategical plans for our attacks.

Me: Good call.

Nico: Yep.

Killer Shrike, Merman, Ranamon, Gizmo, Arbormon, Zexion, Misty Tredwell, and Yenaldoshi then appeared.

Killer Shrike: I know Nico's the leader today. But can me, Merman, Ranamon, Gizmo, Arbormon, Zexion, Misty, and Yenaldoshi still come with you guys?

Nico: You all sure can and we're gonna need all the help we can get too. We're going into the world of Raya and the Last Dragon.

Eli: Oh wow! I remember that one!

Laney: That movie is brand new. It was released 5 months ago.

Eli: I know. But it was a great adventure.

J.D. 3: It was an awesome adventure in the world of Kumandra. You all will love meeting Raya. It was before Eli got his scar.

Me: Oh man.

Zexion: Whoa. Numbuh 4 you don't look so good.

Nico: He has a summer cold.

Me: He got himself locked in an ice cream truck.

Arbormon: Oops.

Éclair: Not very smart but I don't blame him. It is hot outside.

Nico: First we're gonna watch the movie and then we're gonna head to the world of Raya.

Ets: Awesome!

We got to watching the movie.

**(SPOILER ALERT)**

500 years prior, Kumandra was a prosperous land when evil spirits called the Druun began to ravage everything. They absorbed souls, turning those into stone. Eventually, the dragons of Kumandra used what was left of their magic to create an orb that warded off the Druun and restored everyone to life, except the dragons who remained turned to stone. The people all wanted the orb's power, which ultimately divided them into tribes based on their placement of a giant river made to resemble a dragon: Fang, Heart, Tail, Spine, and Talon. Heart Tribe acquired the orb and has been guarding it ever since.

500 years later, Chief Benja of the Heart Tribe has been training his daughter Raya to guard the orb. Despite this, he still believes that all the nations will set aside their differences and become Kumandra again. He resolves to invite all the nations over for a feast. Raya ends up befriending the daughter of Chief Virana of the Fang Tribe, Namaari, due to their shared interest in dragons. Namaari gives Raya a dragon pendant, and she, in turn, shows her the location of the orb. However, Namaari betrays Raya, and soon the Fang Tribe attempt to steal the orb. The rest of the tribes find out, and a fight breaks out, resulting in the orb smashing to pieces. The Druun suddenly reawaken as each of the tribes steal a piece. Raya tries to rescue Benja, but he tells her to flee with the piece she has as he turns to stone.

Six years later, Raya has been searching for the end of a stream to summon Sisu, the dragon who supposedly created the orb and the only surviving member of the species, to help her recover the missing orb pieces. She ends up in what is left of the desert-like Tail Tribe and manages to summon Sisu. She admits that she did not create the orb and that her older siblings did, but finds that she can use their powers when she holds onto a piece. They find what is left of the Tail Temple and recover the second piece, with Sisu now gaining the ability to turn into a human. They encounter Namaari and her tribe, but the two manage to escape on a boat driven by a young entrepreneur named Boun, who had lost his family to the Druun. Despite Boun being friendly, Raya refuses to divulge that Sisu is a dragon, nor tell him of her quest, confusing Sisu.

They arrive at the Talon Tribe, who have built their homes over the water to protect themselves against the Druun, as Raya tries to find their leader so that she can reclaim the orb piece. While out in the town, Raya encounters a "con baby" named Little Noi and her trio of monkey-like companions, the Ongis, who adopted her after her mother was lost to the Druun. After a chase, Raya decides to hire them to help her. Sisu goes into town to look for a gift, as she thinks it is better than fighting, only to run into the real tribe leader who threatens her. Raya rescues her and reclaims the piece, allowing Sisu to spew fog and make it back to Boun with Noi and the Ongis joining them.

The group arrives at the Spine Tribe with Raya and Sisu attempting to enter the village. They are caught by Tong, a fearsome warrior who actually does not know what to do with them. Their friends break in and free them, where they are informed of Namaari's arrival. Realizing Tong is the only survivor of Spine, Raya pleads with him to assist her friends to escape while she stalls Namaari. Raya engages in a fight with Namaari and is almost defeated. However, Sisu reverts to her dragon form and fends off Namaari and the Fang Tribe. Before leaving, Namaari is moved by the appearance of Sisu. She returns to Virana to tell her, but she instead demands that she reclaim the pieces and the dragon as she fears that the other tribes will try to take what they have. Back at the boat, Raya finally comes clean to her party about Sisu, and they agree to work together with Tong giving the orb piece he had been guarding and allowing Sisu to gain the ability to summon the rains.

As they get close to the Fang Tribe, Raya suggests breaking in to reclaim the final piece, but Sisu suggests giving them a gift and asking it back. When Raya refuses, Sisu takes her back to what is left of the Heart Tribe and reveals the fate of her siblings. While Sisu did not create the orb, her siblings trusted her enough to do the right thing with it. Raya gives in and decides to give Namaari the dragon pendant as a piece offering so that she can rejoin the rest of the orb pieces. Raya and Sisu meet privately with Namaari, but as soon as she shows the remainder of the orb pieces, Namaari holds a crossbow to them. Sisu tries to talk her down, but Raya, sensing that Namaari will shoot, attacks her, causing Sisu to get hit by the arrow and falls into a river. Namaari flees as the water, which protected the

Fang Tribe against the Druun, begins to recede.

The Fang Tribe is attacked by the Druun as Raya enters to confront Namaari, who is grieving Virana's fate at the hands of the Druun. The two fight while Tong, Boun, Noi, and the Ongis rescue the people from the Druun. Raya prepares to strike down Namaari, but she tells her that she has lost everything and does not care anymore. Raya comes to her senses, and she goes to help her friends. Namaari, in turn, helps the group using her orb piece. As the pieces start losing power, they fall into a pit and are surrounded by the Druun. Raya tells them that they need to put the pieces together, but her friends refuse to help Namaari. To show her faith, Raya puts her piece down and allows the Druun to take her. One by the one, the rest follow, with Namaari putting the pieces together and getting consumed by the Druun afterward. The plan works, and the Druun are vanquished as everyone is brought back to life.

The dragons are also brought back to life as they revive Sisu, who thanks Raya for trusting others. Everyone returns to their significant others as Raya returns home to be reunited with Benja. She introduces him to Sisu as all the tribes come together peacefully to celebrate.

When the movie was done we cheered wildly and it was a great movie!

Nico: So awesome!

Laney: That movie is so awesome.

Lana: You said it!

Nunnally: And it's amazing that Raya and her friends went through a lot in that movie.

Nico: It sure was.

Laney: Yeah.

Eli: It was amazing.

Éclair: Hard to imagine that there was so much that happened in that movie.

Reshia: I know. It's amazing.

Sea: It sure is.

William: (telepathically to Maria) Babe, what if what happened to Sisu happens to you as well?

Maria: (Telepathically to William) William that will never happen.

May: (to Misty Tredwell) I'm surprised you're not jealous of all the girls J.D. keeps rescuing.

Misty Tredwell: (smirks) Do I look like the jealous type when it comes to a harem?

May: No you don't.

Misty Tredwell: And I'm honored to be part of an awesome harem with J.D. after everything he did for me.

May: I'm glad.

Nico: We all are. Ready guys?

Me: We are sir!

Nico: (Chuckles) I could get used to this. Lets head out!

Numbuh 4: I'm coming with you guys!

Cheetor: Hang on there little buddy. You're a little under the weather aren't you?

Numbuh 4: I'm still strong enough to kick butt.

Me: Well okay.

We were off to the world of Raya and the Last Dragon.

# KUMANDRA - WORLD OF RAYA AND THE LAST DRAGON 2021

---

We arrived in Kumandra and it was a beautiful and amazingly cool world.

---

**Kumandra** is the central location of Disney's 2021 animated feature film, *Raya and the Last Dragon* . Inspired by Southeast Asian cultures and geography, Kumandra is comprised of five separate kingdoms-Fang, Heart, Spine, Talon, and Tail-that together form the shape of a dragon.

Long ago, humans and dragons lived together in harmony in all of Kumandra. One fateful day, an evil force known as the Druun awakened and threatened to destroy the peace. The dragons sacrificed themselves to defeat the Druun and, in doing so, saved all of humanity. Out of petty greed of acquiring the orb created by the dragons to fend off the Druun, the once united kingdoms were then divided into five separate lands that sought to acquire the orb.

## Geography

Kumandra's geography is diverse in each of the five regions. The nation has the shape of a dragon (quite similar to Sisu), formed by a huge lake or central river, from which many more small rivers are born.

Most of Kumandra is made up of an immense tropical jungle in the center-west, the northern part is made up of an abnormal mountainous and snowy area full of snow-covered forests and the eastern part consists of a huge desert where most of the rivers and rivers disappear. It is characterized by its valleys full of rock arches and dead vegetation, having some towns on the banks of rivers.

In some maps, it is implied that Kumandra is a nation with access to the sea (in others it is shown as a nation without access to the sea, similar to the country of Laos), in addition to showing that the tail territory had only a one river, flows into a kind of bay in the northeast, in addition to showing that the territory is made up of islands.

---

Me: Wow! So this is Kumandra.

Eli: Yep.

Me: It's amazing. And it's incredible that there is a lake that is in the shape of a dragon.

Nico: It sure is beautiful.

Naruto: It sure is.

Nico: Lets go find Raya.

I nodded and we were off to the Heart Tribe.

In the Heart Tribe Village we saw Raya.

Miranda: Hey there. Are you Raya?

Raya: That's right.

Eli: Raya how have you been?

Raya: (Gasp) Eli! Nunnally!

She went and hugged them both.

Eli: Been a while.

Nunnally: How have you been?

Raya: Really well. (Sees us.) Wow! Team Loud Phoenix Storm, it's an honor and a great thrill.

Me: Same to you Raya.

Nico: And a pleasure to meet you.

Raya saw Eli's scar and gasped.

Raya: Eli how did you get that scar?

Me: Eli got shot while he was protecting Maria Robotnik here.

Maria Robotnik: It's true. Eli is a hero.

Me: Yep.

Raya: Wow!

She hugged Eli.

Eli: I'm all right now.

Popeye: Well blow me down. Eli is a true valorous hero.

Nico: He sure is.

Mewtwo: We are truly sorry for what you are going through right now.

Raya: It's all right. But I'm gonna bring our world all back together and I will try my hardest to destroy the one responsible.

Me: You mean Namaari.

Raya: Exactly.

Me: Before we help, what can you tell us about her?

Raya: I'll tell you all that I can.

Raya went over her history.

---

**Namaari** is the central antagonist of Disney's fifty-ninth full-length animated feature film *Raya and the Last Dragon* .

She is the warrior princess of the Kumandra region named Fang who desires to return home from her past greatness, which led her in her youth to take part in a high-profile betrayal to seize a magical Orb that released a dangerous creature named Druun into the world. Six years after her misdeeds, Namaari now tries to reunite the pieces of the orb by all means, which put her in conflict with her former friend-turned-arch-nemesis-turned friend again, Raya, as well as the last dragon, Sisu.

She was voiced by Gemma Chan, who also played Quintessa in *Transformers: The Last Knight* and Minn-Erva in *Captain Marvel* .

In Namaari's youth, she seemed to be quite shy around everyone before easily opening up to Raya and then befriending her due to their shared passion for dragons. However, this was only a treacherous façade to hide her devotion to her mother and her clan, which she brought to light when she mercilessly betrayed Raya after the latter was trusted to show her where the clan Heart was guarding the Orb.

Six years later, Namaari's personality has grown much colder, hot-tempered and more ruthless, not hesitating to use force on a reluctant subordinate or even threaten to set an entire village on fire just to have a piece of the Orb. Despite her cruelty, she sometimes displays a sarcastic and macabre humor towards Raya. Although confident, she does not underestimate an enemy.

Basically, the only thing Namaari wants is what's best for her people, her loyalty to her mother easily clouded her judgment, since she willingly admitted that she never wanted to hurt anybody. She also retained her love for the dragon kind from her childhood and deeply admires Sisu, who was indeed the only person she would never have wanted to hurt on her own accord.

When Sisu accidentally died by Namaari's arrow, she let her anger explode at Raya in their final confrontation and when she finally lost, she burst into tears and admitted her guilt for all that happened, holding it partly responsible of what happened to Sisu. After Raya spared her, Namaari had a change of heart and didn't hesitate to sacrifice herself when Raya and then the others entrusted her with their pieces of the orb with complete trust in her.

When she was finished, we gasped.

Me: Whoa man! She needs to be saved from herself.

Eli: I agree. Just like we did with her before.

Raya: And we sure will.

Numbuh One: We'll help you with that. As well as find the seismic generators planted here.

Me: Seismic Generators?

Raya: What do these seismic generators look like?

Numbuh One: (sheepishly) Um… Father never actually told me what they looked like.

Arbormon: Seriously?! If Father really was there, he sure was being his usual asshole self by not giving you enough details!

Me: Arbormon this is serious! Something poisoned Nigel's mind with some kind of hallucinogenic chemical like what Robin went through with Slade.

Nico: Yeah this is not good.

Me: Also there are no Seismic Generators. (Looks at the scanners) My scanners aren't even picking up any seismic waves in the vicinity.

Nico: Yeah.

Raya: Look, in case you guys are wrong about this, why don't we split up and find the seismic generators?

Hard Man: That's actually a good idea.

Robin: (to me and Eli) Just go along with it for now. Who knows? We might even find Namaari while we're at it.

Me: Agreed.

Eli: Okay.

Nico: Fan out.

We split up and went to the spots where the seismic generators were supposed to have been planted and there were none.

Nico: (On the radio) Nico to J.D., do you copy?

Me: J.D. here.

Nico: Find anything in the Talon Land?

Me: Negative. No seismic generator.

Nico: I had a feeling. Get in touch with the others and see what they found.

Me: Affirmative.

I clicked the radio and got in touch with the others.

In the water, Ranamon came up.

Ranamon: I searched through the water. I didn't find anything.

Numbuh Two: (to me and Eli) I'm starting to think you two are right. Maybe Numbuh One's paranoia about Father is getting to him. Except I don't think it's a hallucinogenic chemical this time.

Me: (On the radio) I agree with you Hoagie. But we'll have to check his blood for that just to be sure.

Eli: Agreed.

Nico: (On the radio) Nico to everyone! Regroup fast! Code 1 Emergency! Numbuh 1 thinks he spotted Father and went off after him!

Me: Oh no! Roger Nico! All units regroup!

We regrouped at Nico's spot.

Raya: This is bad.

May: (to Yenaldoshi) Can you sniff out Numbuh One's scent? We have to find him before he hurts himself.

Yenaldoshi: I'm doing that right now. But his scent's a little off.

May: I know.

He was sniffing around and then he smelled something!

Yenaldooshi: Found it! This way!

We followed Yenaldooshi. We then found Numbuh 1 and he was being thrashed by thin air as if some invisible force was tearing him apart!

Nico: He's being thrashed by something!

Me: I don't even see anything!

I turned on my Infrared Vision and there was nothing. I switched to X-Ray and nothing there either.

Me: My vision isn't even seeing anything or even picking anything up.

Eli: This is really bad guys!

We went over and held him!

Me: Numbuh 1 snap out of it!

Numbuh One: What are you guys doing here?! You're supposed to be finding the generators!

Numbuh Two: I don't think there are any generators. We looked everywhere.

Numbuh One: Father must be cloaking them, just like he's cloaking himself! That's why you couldn't see him!

Numbuh Three: But if we can't see him, why could you?

Numbuh One: What are you trying to say?

Numbuh Five: Numbuh One, are you sure you really saw Father?

Numbuh One: Saw him? I fought him! (points at his injuries) You think I did this to myself?

Numbuh Four: This is the only way out, and we were standing here the whole time. No one got past us.

Numbuh Two: In fact, no one was in here but us.

Numbuh One: I don't have time for this. (He heads for the exit) I have to find those generators. (Numbuh Two blocks his path)

Numbuh Two: There are no generators! There is no Father!

Me: Yeah he's dead and gone forever!

Numbuh One: I know what I saw! (backs up) I have to stop him! I'm the only one who can! (pulls out S.P.I.C.E.R. II) And I'll Hakai anyone who gets in my way!

All of us gasp at this. Numbuh One is then knocked out from behind by Jesse Glenn and Plitheon.

Jesse Glenn: (frowning) It seems one of our cast members needs to take a short break.

Plitheon: (to us) Sorry about that. It was the lesser of two evils.

Me: Lets run some tests on him.

Eli: Right.

We took him back to Raya's house and put him in restraints and ran a huge battery of tests on him.

Numbuh 362: Do we have to keep him restrained?

Barricade: Rachel, he threatened us. That makes him dangerous for the time being.

Lori: Dangerous? Try literally fucked up in the head! He's making the same mistake I made before!

Lynn: I know that, Lori. But we're not resorting to insulting one of our own like that!

Lola: Lynn's right! I've known Numbuh One since my first simulator mission. He's not usually like this!

Me: It's something inside him that's causing it. It's mostly affecting his brain.

Nico: Yeah and we need to find out what. We'll have Gizmo's results shortly.

Gizmo came back with the results.

Robin: Is it the same?

Gizmo: (to Robin) Yep. This is definitely similar to when you hallucinated Slade. With some differences.

Robin: What kind of differences?

Gizmo: This was done by dark magic.

Raya: The Druun did this to him.

Me: It's a hallucinogenic magic spell that's making him see Father.

Nico: This is bad.

Me: What can you tell us about the Druun, Raya?

Raya: They are not a good thing. They are a deadly force to be feared.

Raya told us all about them.

---

The **Druun** are the main antagonists in the 2021 Disney film *Raya and the Last Dragon* . They are a race of mindless monsters and a plague that consume life, turning everyone they touch into stone.

Five-hundred years ago, Kumandra was a prosperous land where the people lived harmoniously alongside dragons. The dragons brought the people of Kumandra water, rain, and peace. Kumandra was a paradise, that is, until the Druun came. The Druun are said to have been born from human discord and have waited for a moment of weakness to attack. They are a plague that spread like wildfire, consuming everything and multiplying as they turned everyone they touched to stone. The dragons fought against the Druun for the people of Kumandra the best they could. Unfortunately, it was not enough and they were turned to stone as well. However, the last family of dragons (Pengu, Jagan, Pranee, Amba, and Sisu) managed to defeat the Druun. When cornered by the Druun and nearing defeat, Pengu had four of the five dragons in the family, including himself, combine their power into a gemstone and gave it to Sisu, before being turned to stone as well. Sisu would then use the Dragon Gem to blast the Druun away.

With the defeat of the Druun, a rainstorm came that returned everyone petrified by the Druun to normal, except for the dragons. Sisu fell into the water after using the Dragon Gem and floated downstream, remaining asleep at the end of one of a hundred different rivers. Meanwhile, the Dragon Gem remained and humanity who was supposed to become inspired and united by Sisu's sacrifice, instead chose to fight over possession of the Dragon Gem. Borders were drawn, Kumandra divided, and the humans separated into five different tribes (Fang, Heart, Spine, Talon, and Tail) all of whom became enemies with each other. At some point, the Dragon Gem came into the possession of the Heart tribe who hid and guarded it within their territory.

Centuries passed, and the five tribes remained separate until Chief Bengu of the Heart tribe invited the other tribes to a gathering in an attempt to peacefully reunify everyone into Kumandra again. Everything appeared to going well at the dinner, until the Fang Tribe attempted to seize the Dragon Gem. The other tribes arrived at the scene and four of them fought over the gem, accidentally breaking it. With the Dragon Gem broken, the Druun returned and the tribes fled, each taking a piece of the broken gem with them when they realized it could still repel the Druun.

*Raya and the Last Dragon*

The Druun still continued their rampage throughout the land of Kumandra; despite this, they were unable to cross over bodies of water because of the present magic of the Gem remaining in the scattered shards. It also led to Fang becoming the only tribe untouched by the Druun due to their land being cut off from the rest. However, that would change as when Sisu was killed by Namaari, the rivers subside and dry out, leaving the Druun an opportunity to seize Fang; during the chaos, Raya and her allies then try to get the people out before collapsing into a pit and surrounded by them. Raya tells them that they need to put the pieces together, but her friends refuse to help Namaari. To show her faith, Raya puts her piece down and allows the Druun to take her. One by the one the rest follow with Namaari putting the pieces together and getting consumed by the Druun afterwards. The plan works and the Druun are blasted away again as everyone is brought back to life.

* * *

When she was done we were shocked!

Me: WHOA MAN!

Nico: So the Druun are responsible for this. They used some kind of dark magic and it made Numbuh 1 hallucinate like how Robin did with Slade.

Tara: That's terrible!

Brittney: Raya is right. I'm sorry to say but this kind of dark magic is beyond anything that I'm familiar with.

Me: Then we have to destroy all the Druun. First we have to find Namaari.

Nico: Agreed. We have to find out if she is the one responsible for this first. Varie, you and Lapis Lazuli stay here and watch Numbuh 1. We're gonna go get Namaari.

Varie: Right!

Lapis Lazuli: You can count on us.

Varie: Be careful.

Nico: Don't worry. We will. Lets go!

We were off to the Talon Tribe.

We arrived in a castle in the Talon Tribe and we busted in and we saw NAMAARI!

Namaari: Team Loud Phoenix Storm!? What are you all doing here!?

Numbuh 362: Whatever you did to Numbuh One, undo it right now!

Namaari: What are you talking about? I didn't do anything to him!

Sari: Don't give us that bullshit! If I've learned anything from meeting Team Loud Phoenix Storm, it's that villains like you always lie!

Aria Blaze: That's true, Sari. Except for two things. 1. Namaari isn't a true villain. And 2. She actually is telling the truth.

Eli: She's right.

Raya: It's the Druun. They are the cause of this.

Merman: (to Namaari) First, why don't you and Raya talk things out?

Namaari: I intend to.

Namaari and Raya went up to each other. They talked and discussed so much and then Namaari cried in remorse for her crimes.

Raya: It's all right Namaari. It's all right.

But then we saw a blob of darkness leave Namaari and it formed into Another Namaari!

Eli: I got this!

Eli fired a powerful Kamehameha blast and obliterated the Dark Namaari!

Nico: YEAH!

Me: That was too easy.

Spinister: Where are the Druun right now?

Raya: Their home is underground in the Spine Land.

Me: Nico we need to end the Druun right where it hurts.

Nico: Right. Lets head out to the Spine Land.

Me: Yes sir! The terror of the Druun ends now.

We flew out to the Druun Main Lands.

---

SPINE LAND - DRUUN UNDERGROUND

---

In the main cave of the Druun, they were working like savages. But then…

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the cave ceiling and a phoenix cry was heard and fireballs smashed some of the Druun into pieces and we landed.

Nico: Druun you all will pay for your crimes!

Zexion: (to the Druun) As someone who uses illusions, I intend to make you pay for what you did to Nigel!

Nico: We all will!

Nico and Zexion: ILLUSION KAMEHAMEHA FORCE!

They fired a massive blast of energy and it hit the black heart of the Druun and destroyed it in a massive explosion of fire and energy.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The Black Heart of the Druun was destroyed and they were slowly dying!

We fired energy blasts and blew some of the Druun apart!

But then Bane, Abomination, Kite Man, Roman Goodwin, Evil Lyn, Turtle, Springfield Bullies, Abra Kadabra, Waffle Woman and Hank Scorpio then appeared.

Waffle Woman: Looks like the battle has started.

Bane: (Spanish Accent) Is Numbuh One alright now?

Maria: For now, he's being restrained for his own safety.

Roman Goodwin: Good. The last thing we need is for him to hurt himself.

Jimbo: (to Raya and Nemaari) Please tell me you guys made up!

Abomination: The last thing we need is you two being at each others' throats in a moment like this!

Raya: We did.

Namaari: And my dark side has already been destroyed.

Nico: That's right!

Me: And the Druun will pay for everything they have done to this planet.

Draco: You can count on that. Dragon to Dragon.

Sisu: You bet we can!

?: You got that right.

A figure came out and it was INFERNOTRON from episode 22 of Beast Morphers!

* * *

Infernotron was created by Scrozzle to distract the Power Rangers whilst he completed his device to turn the Rangers into Christmas ball ornaments. He was first seen rampaging around Coral Harbor, burning cars and buildings until the Rangers arrived on the scene. While Nate and Steel went to deal with Scrozzle, Devon, Zoey, and Ravi faced off against Infernotron. Devon caught Infernotron off guard and knocked him into a car.

The Robotron tried to burn Devon, he used his Cheetah speed to avoid the flames. He then personally fought Devon in hand to hand combat which he won by smacking him in the helmet with his flamethrower arm. However, Ravi proved to be a match for him with his strength but was quickly knocked down. once equipped In spite of this, he was knocked away but Zoey jumped in and twirled him down before punching him several times. He threw her off and tried to fry her but Devon stopped him with his Beast-X Blaster. With Devon and Zoey distracting Infernotron with the blasters, Ravi summoned his Beast-X Saber and took on Infernotron, easily knocking him back. Ravi and Zoey then grabbed Infernotron's arms and held him in place long enough for Devon to destroy him with the Beast-X Cannon Blast.

* * *

Devon: Infernotron!

Infernotron: Been a while rangers.

Me: I remember you! You were sent to distract the Rangers while Scrozzle made a device that would turn the rangers into Christmas Ornaments.

Infernotron: That's right. Good memory on you.

Me: Never missed an episode.

Infernotron: I actually picked out my archenemy.

Me: Who did you pick?

Infernotron: Flame Princess.

Flame Princess: WHOA ME!? Awesome!

Finn: Way to go F.P.!

A figure came out and it was LILA, THE DISGRACED POP STAR!

Me: Lila!

Lila (Scooby Doo): Hope I'm not interrupting anything.

Qin: Not this one again.

Twilight Sparkle: What was she known for?

Qin: She was the co-mastermind of a massive conspiracy called the Mamba Wamba Conspiracy. She and Roger were the ringleaders of a major league swindling operation and they knew that the song for Mamba Wamba would be a huge hit and they were trying to scam the band she was in to sign the rights over to her and Roger.

Me: Yep and the gang busted her and they got 20 years in prison. But then she resurfaced with 4 more of Mystery Inc.'s enemies and they tried to kill them by turning a castle into a bomb with natural gas. For that we busted them and they got 5 life sentences in the Uranus Prison.

Twilight Sparkle: Geez!

Sunset Shimmer: That's crazy!

Applejack: Yeah it sure is.

Reshia: I'll face her.

Me: Awesome. Lets get them!

We powered up.

Battle 1: Laney, Fluttershy, Tree Hugger, Tornado Bolt, Mage Meadowbrook, Life Skylanders, Tsunade, Sakura H., Venom and Rhino VS Bane

---

Bane was first.

Bane: (to Laney) You and Reshia would get along perfectly.

Laney: I know we will. She and our fellow plant users would be perfect together.

Fluttershy: They sure would and it would be awesome working in the gardens together.

Tree Hugger: Far out dudes. I think she is amazing.

Tornado Bolt: You said it. It's awesome that she knows so much about plants.

Mage Meadowbrook: She would make a great healer.

Stealth Elf: You got that right.

Tsunade: She does have what it takes.

Sakura H.: You said it master.

Bane: Si. Lets do it!

He pumped himself with Venom and got bulky and strong and then went at them and the group fired waves of leaves and energy and smashed him down.

Laney: All right!

Fluttershy: That was fun.

---

Battle 2: Bertrand, Sunset Shimmer, Pepperdance, Cayenne, Firecracker Burst, Gusty the Great, Fire Skylanders, Agony, Ben

Tennyson, Miranda and Raythor VS Roman Goodwin

---

Roman: (to Bertrand) Who did J.D. rescue this time?

Bertrand: Her name is Reshia and she is an Alraune or a Mandrake in European Folklore.

Sunset Shimmer: I heard that Harry Potter knows about them and that they have an ear-shattering shriek that can break windows.

Pepperdance: Ooowee! They sure do and it was painful to them.

Cayenne: Yeah and they used a potion from them to unpetrify everyone that was turned to stone by the Basilisk.

Firecracker Burst: Yeah that was crazy.

Gusty: But thank goodness that all the people that were petrified are all right.

Sunburn: Yeah that was nuts.

Agony: Boy it sure was.

Ben: You said it.

Roman: You got that right. Lets do it!

He fired waves of red fire and the group dodged them and blasted him all over.

Bertrand: All right!

---

The Springfield Bullies were next.

Dolph: (to Sam) When you think about it, Numbuh One is similar to Robin while Father is similar to Slade.

Kearney: In fact, all of Robin's team is similar to Sector V.

Sam S.L.: When you think about it that way they do act very similar. Robin is Numbuh 1, Cyborg is Numbuh 2, Starfire is Numbuh 3, Numbuh 4 is Beast Boy and Raven is Numbuh 5.

Jimbo: That is a really good comparison.

Starlight Glimmer: It sure is. And I think it's really cool that the Teen Titans and Sector V of the Kids Next Door all have something in common.

Cozy Glow: I'll say. That is so cool!

Clover: Robin and Numbuh 1 are both the leaders and are analytical.

Hex: Cyborg and Numbuh 2 are the Technology specialists.

Cynder: Starfire and Numbuh 3 and are kindhearted and love animals and all that.

Tigress: Beast Boy and Numbuh 4 are strong.

Tigra: And Raven and Numbuh 5 are both second in command and are enforcers.

Catwoman: They sure are amazing.

Ripster: Varie and Lapis Lazuli are both watching him. He is in really bad shape as you can see.

Abomination saw that Numbuh 1 was in a lot of bad shape because of the Druun's magic.

Abomination: Whoa poor kid. And Robin went through something like this right?

Rainbow Dash: He sure did. Slade's mask had some kind of hallucinogenic chemical on his mask and it made Robin see Slade even though he wasn't there.

Scootaloo: J.D. said it was like Scarecrow's fear gas.

Magma Gloom: Yeah that is really crazy that all that happened to Robin.

Flash Magnus: But when Numbuh 1 is cured he is gonna have one nasty headache.

Whirlwind: You said it. Who knew that the magic of the Druun would be so powerful.

Hulk: Hulk agree. Hulk never knew magic of puny Druun so powerful.

She-Hulk: He's gonna be feeling that for a while.

Red She-Hulk: Boy no kidding.

Abomination: You said it. Lets rock!

Abomination went at them and the ground blasted him all over with wind, energy and lightning and smashed him down.

Ripster: JAWSOME!

Rainbow Dash: That was AWESOME!

---

---

Kite Man: (to Wonder Woman) How did Numbuh Four get sick again?

Wonder Woman: He got himself locked out inside an ice cream truck.

Kite Man: That was not very smart.

Rarity: I don't blame Numbuh 4. It was hot outside so he needed to cool down.

Sweetie Belle: Ben thought he could do the same thing and cool down through that too.

Thunder Terror: Not very smart and he got a nasty summer cold because of it.

Mistmane: Yeah. But I guess some things have to be learned the hard way.

Sable Spirit: And he will have to stay in bed when we get back.

Gill Grunt: But he does have some fight when he gets sick.

Dustin (Planes): Yeah he sure does.

Fox McCloud: But no one should ever fight in that kind of condition.

Krystal: (British Accent) I agree with you Fox.

Kite Man: You got that right. Lets do it.

Kite Man flew into the air and they blasted him with jewels, lightning, energy and bombs and smashed him into the ground.

Hikaru: You know the funny thing is that Young Gwen said the exact same thing to Young Ben when they were in San Francisco and Clancy was about to nuke the city.

Twilight Sparkle: That wasn't very smart of Ben to do that.

Luster Dawn: Yeah an Ice Cream Truck is like a freezer.

Princess Cadance: It sure is. But some lessons have to be learned the hard way.

Princess Amore: You got that right.

Flurry Heart: And Numbuh 4 learned the hard way too.

Spyro: He sure did.

Nino: Yeah. Numbuh 4 may not be smart. But he is tough.

Leonardo: You got that right.

---

Evil-Lyn was next.

Evil-Lyn: (to Optimus) I'm glad Raya and Namaari have reconciled.

Optimus Prime: I am glad too. Raya and Namaari have been through so much.

Princess Celestia: You said it. But it's awful that this world went through so much because it was divided.

Spotlight: Yeah that was terrible.

Twilight Sparkle: It sure was. But we'll bring the world back together.

Luster Dawn: And the Druun will pay for their crimes in full.

Star Swirl: They brought all this all on themselves.

Aria: No one poisons our friend and lives.

Juniper Montage: And it won't end well for them.

Hawkeye: You got that right! Not even their magic is also enough to beat the magic of Equestria and the magic we know.

Princess Luna: Their magic shall feel the wrath of our magic.

Snowdrop: And it won't end well for them.

Gari: What the Druun did was completely unforgivable.

Blackout: And darkness will fall onto them.

Cadance: It sure will.

Shining Armor: What the Druun did to this world is unforgivable and they will face justice for their crimes.

Flurry Heart: You got that right daddy.

Lilly Crystal: YEAH!

Cloud Star: And it won't end well for them.

Abra-Kadabra: You got that right. Lets do it!

Back in Raya's home, Numbuh 1 wasn't doing good as Father was pulverizing the living shit out of him even when he was restrained!

Numbuh One: (weakly) Father, please stop.

Father: No, Numbuh One. (punches him) I won't stop. Not now, not ever. (kneels over Numbuh One) I am the thing that keeps you up at night. (hauls Numbuh One up) The evil that haunts every dark corner of your mind. I will never rest… and neither will you.

Raya and Eli then blasted the last of the Druun and obliterated him and then Father vanished forever!

Numbuh 1 fell onto the bed with a big plop.

Varie: Whoa!

Lapis Lapis: What happened?

Varie: I think they did it.

We then teleported back to Kumandra and we were back in our normal clothes.

Me: That's the last of the Druun.

Varie: (On the radio) Varie to Nico do you copy?

Nico: Nico here Varie.

Varie: Have all the Druun been destroyed?

Nico: Yes they have Varie. The world is now officially Druun Free.

Varie: Excellent.

Nico: Lets head back and check up on Nigel.

Me: Right!

We went back to Raya's home and we saw Numbuh 1 being healed up by Varie. But he had a REALLY tremendous headache.

Varie gave him an ice bag for it.

Kite Man: You gonna be okay, Numbuh One?

Numbuh One: I'll be fine. (sighs) I owe you guys an apology. It's just that I've been fighting Father for so long, I guess it's hard to just let it go. But sometimes, I feel like I'm the only one still looking for him, the only one who can stop him.

Turtle: Nigel, you're never alone.

Me: Yeah

Evil Lyn: And if Father really does ever return, which is highly unlikely, we'll be ready. We've got things covered here. Why don't you get some rest when we get home?

Numbuh One: (smiling) Sounds like a good idea.

Numbuh Four: (very sick) Okay, he's better. Now what about me?! I'm dying over here!

Abra Kadabra: (laughs) Sorry, Wally. We can't help you there!

We laughed at him.

Me: That is funny. But come on Numbuh 4 lets get you to bed.

Max: And I'll make my San Jyu Yen Pien cold remedy.

Young Ben: You'll be better with it.

Raya. But thank you all so much for helping us.

Me: You're welcome Raya.

Namaari: Thank goodness we can all now live in peace.

Me: Yep.

Nico: Lets go home guys.

Eli: (To the viewers) This was an epic adventure and we had a lot of fun in the world of Raya and the Last Dragon.

Me: We sure did. And now the world is safe without the Druun wreaking havoc.

Nico: Yep. Lets head home.

We went back home and we had dinner and got Numbuh 4 to bed and then we went to bed ourselves.

THE END

---

Another awesome fanfiction complete.

Raya and The Last Dragon is a great movie. Never saw it but I heard it was great. The opening of the chapter is based on the cartoon of Looney Tunes, Have You Got Any Castles? from Looney Tunes. One of my favorites from 1938. This whole chapter with Numbuh 1 hallucinating and seeing Father even though he's dead is based on the Teen Titans episode Haunted and that was a REALLY freaky and creepy episode. It aired on October 2nd, 2004 and that was freaky. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Etstheclarencefan, Drako1234658, Darkhai, vinjedi, Nflemingful and ninjakingofhearts all gave me the ideas for this. Thanks guys. The next girl is gonna be Česká the Mosquito and she is gonna be in the world of Popeye and Son and we're going to meet Popeye Jr. and his friends and help a mermaid named Shelly save her dolphin friend. Also the next chapter is gonna be where we go after the evil Chip Whistler and we're going to make that monster pay for his crimes in blood and with incredible prison time.

See you all tomorrow.

# Knudson and Whistler Vendetta

Over the coastline, me and Valerie were flying over the beautiful city of Sweet Haven, California. It was a beautiful and happy city known for its awesome beaches, fun surfing spots, activities and more.

Me: Oh wow! I heard about Sweet Haven. It is a beach tourist utopia.

Valerie: Sounds like the kind of place for a perfect vacation spot.

Me: Yeah I think so too.

We flew over the Zoo.

Valerie: I hope I don't get locked up in a cage here.

Valerie concentrated and groaned as she got taller.

Me: I won't let that happen.

Valerie turned into her Megalodon form!

Me: YEAH!

We went into the zoo and we saw a boy with blond hair and he had his friends.

Me: Hey look there. I think that's Popeye's son Popeye Jr. and his friends.

Valerie: Yeah.

We went down and saw that they were looking at something.

Polly: Oh wow! She's a Mermaid!

Me: Whoa!

Popeye Jr.: WOW! You're the famous J.D. Knudson of Team Loud

Phoenix Storm!

Me: Yep. Pleasure to meet you.

Popeye Jr.: I'm Popeye Jr.

Dee Dee (Popeye): My name is Dee Dee.

Polly: I'm Polly.

Woody (Popeye): And I'm Woody.

Me: Lets save that mermaid.

I pulled out a can out spinach and popped it open and me and Popeye Jr. ate it and our strength increased big time!

Me: YEAH!

Popeye Jr.: Yuck!

Me: I don't like the taste either. But you get used to it over time.

Me and Popeye Jr. and Valerie jumped down and we got the mermaid and her dolphin out of the cage.

Shelley: Wow! You're J.D. Knudson!

Me: Yep.

Shelley: I think I found another girl in that closet up there.

Dee Dee: I'll get her out.

Dee Dee went over and got her out and we saw that it was a Mosquito!

Me: Wow! She's a Mosquito!

Valerie: Aren't Mosquito's tiny?

Me: That's what everyone thinks.

We got Shelley and her dolphin out and I put the dolphin in a ball of water and we untied the girl.

Česká: (Czech Accent) Whew. Thank you all so much.

Me: You're welcome.

Česká: Wow! You're the famous J.D. Knudson, Leader of Team Loud Phoenix Storm.

Me: That's right and this big shark here is Valerie.

Valerie: Hello.

Česká: Pleasure to meet you and thank you both for saving me.

Shelley: And me too.

Popeye Jr.: You're welcome Shelly.

Valerie: I'm gonna revert back now.

Me: Okay. Boys you'd better cover your eyes.

Woody (Popeye): Why?

Me: Trust me.

They did so and I put my glasses on and they were nerd glasses.

Me: Oops wrongs specs. Those must be Lisa's Glasses. Must've accidentally taken them with me while she was in the bathroom.

I put them back in my pocket and put on my blind man glasses and the boys covered their eyes.

Valerie reverted back.

Valerie was human again. But naked.

Valerie: (covers herself) Stacy gets to keep her pants when she sharks out. But I lose all my clothes?!

Me: Sorry Valerie.

Shelley: Don't worry Valerie. Me, Polly and Dee Dee will make sure no one sees.

Valerie: Thanks girls.

I gave Valerie some new clothes and she put them on with Polly, Deedee and Shelley standing around her in a triangle formation.

Valerie: That's better.

Česká: That was an amazing adventure. After this I could go for some blood.

Me: Luckily I have plenty.

I pulled out a cooler and gave her a pouch of blood.

Česká: Perfect.

She used her proboscis to suck out the blood.

Česká: Mmm. Good blood.

Me: I have plenty. I go to a blood bank for Lucy. She's a vampire.

Popeye Jr.: I love all your awesome adventures and they are full of action. By the way where's my pop?

Me: Your dad is now part of the team and so is Olive Oyl.

Valerie: Yeah they are fun and great and they share so much on their adventures with how they take down Bluto and many enemies.

Dee Dee (Popeye): That is so cool!

Česká: It sure is.

Me: Lets get home to the estate.

Polly: Awesome!

We all went back to the World Tree Estate.

---

Back at the World Tree Estate, Popeye was talking about all his awesome and fun adventures with how he always thrashed Bluto and many kinds of villains.

Popeye: And so there I was, I faced Bluto likes I do every time and with me can of spinach, I gave him a beatdown like no other.

Nico: Your adventures are always awesome Popeye.

Popeye: Just as awesome as yours. (Trademark Laugh)

Me, Česka, Valerie and Popeye Jr. and his friends came in.

Me: Here we are guys.

Popeye Jr.: Wow! This is where you all live?

Polly: It's so awesome!

Popeye: Well blow me down! Son!

Popeye Jr.: Papa! Mom!

They went and hugged each other.

Česká: Wow! This is incredible.

Miia: Česká!

Česká: Miia!

They hugged.

Miia: It's awesome having you with us.

Česká: It's gonna be great to be part of the team.

Me: Oh Lisa. I think I accidentally took these.

I gave her back her glasses.

Lisa Loud: Silly me. Must've left them in the bathroom by mistake. Much appreciated.

But then the Laughing Hyenas saw something not pleasant on the computer.

Shenzi: Guys, you might want to look at this!

Maria: Have Mr. Mind's group already made their move?

Banzai: No. Worse!

Ed laughed nervously at the sight.

Me: What is it!?

We saw on the computers that there was another Earth in trouble!

Me: Uh oh! We got to get over there and fast! Lisa deploy the U.S.S. Valorous Phoenix!

Lisa Loud: Affirmative.

We got into the ship and we were off. We were off to another Earth that was located 18,203 light-years from our Earth.

---

The U.S.S. Valorous Phoenix was flying through space.

Me: Captain's Log, Stardate 4937.3: We are flying through space to another Earth located 18,203 light-years from our Earth and it's under distress for some reason. Our mission is to find out what happened and rescue any survivors.

Nico: I hope we get there in time.

Lisa Loud: We have arrived at our destination.

Me: On screen.

The view screen came on and to our shock and horror we saw the other Earth and it was totally mangled up! There were asteroid impact craters all over the continents and there was a massive and REALLY huge impact crater on Western Europe. The crater was over 1,000 miles wide and it was glowing red hot.

We were shocked and horrified!

Nico: My god!

Leni: Like, what happened?

Me: Looks like it was hit with a huge asteroid shower.

Nicole: That's exactly what it is. The asteroid that hit the planet must've been going at 40,000 miles an hour and it hit with the force of 14,000 nuclear warheads.

Eli: That's awful!

Nico: That's horrifying!

Muscle Man: (solemnly) Hey, guys. You know who else doesn't like the sight of failure? My mom.

Me: This isn't a sight of failure Muscle Man. This was caused by a huge impact.

Nico: My God.

Me: Lets fly down to the planet and see what happened.

The ship flew down to the planet and we couldn't believe what we saw. We saw the entirety of the planet completely devastated by the massive impact of a comet that smashed into Western Europe. We saw Sydney, Australia totally in ruins. Mexico City was flattened. Chicago, Illinois was wiped out, New York City was gone and Paris, France was leveled. All the major cities and towns were all destroyed.

Varie: This is horrible!

Laney: My gosh.

Eli: Unbelievable.

Ets: Yeah.

Lana: I don't see anyone.

Lily: Scans show that the impact wiped out 75% of all life on the planet and countless lives were eradicated.

Ra's Al Ghul: This is worse than the time when I tried to drench the planet in the chemicals of the Lazarus Pits.

Česká: This is really bad.

Me: This is a catastrophe.

Hun Gurr: If we had gotten here faster, would we have been able to prevent this destruction?

Me: Guys we didn't know about this until it was too late. This happened right AFTER Shenzi, Banzai and Ed told us about it.

Nico: Yeah guys. Besides thankfully this didn't happen to us.

Eli: Yeah.

Sea: But still this is a catastrophe.

Me: I know. But thankfully this Planet Earth is not one that's gonna explode.

Lily: No thank goodness.

?: (Radio static)

Lisa Loud: Getting a transmission.

Me: Can you try to contact it Lisa?

Lisa Loud: Unfortunately no. The impact debris is interfering with the signal. But I was able to trace where the signal was coming from. It was coming from coordinates 71.7069° N, 42.6043° W.

Me: That's Greenland!

We flew over to Greenland.

We arrived over in Greenland and we saw a fallout shelter.

Me: It's coming from a Fallout Shelter.

Nico: Looks like we're gonna have to go in and tell everyone that survived.

Lola: I wouldn't take that risk. The sensors are showing that the impact turned the planet into a toxic wasteland.

Me: Then we'll have to wear Exopacks.

Nico: Good idea.

Nico went and got 22nd Century Exopacks and we put them on and the ship landed and we went outside and the land was a desolate wasteland and the sky was dark brown from smoke and debris and everything was all destroyed and ruined. The atmosphere was reading high levels of carbon dioxide and and methane and it was terrifying.

Me: My God. This is horrible.

Nico: No kidding. Hard to imagine that this was a near extinction level event.

Me: Life always finds a way. Lets go.

We went up to the Fallout Shelter and we went in by going intangible and we went through the doors. We took off our exomasks and we went into the shelter.

Me: Thank goodness they found this fallout shelter to protect themselves.

Nico: Yeah. Smart thinking to use a Nuclear Weapons shelter for an asteroid impact. I hope there's enough food and water for everyone.

Me: I'm sure there was.

We went down and we saw a bunch of people.

G1 Snarl: Who there? Us Team Loud Phoenix Storm come to save you.

Everyone saw us.

Me: Everyone it's okay we mean you all no harm.

John Garrity and his family came to us.

John Garrity: Are you more survivors?

Me: No we come from another Earth. We saw what happened to this Earth and I understand you all must've went through Hell. This impact must've really been terrible for you all.

Allison Garrity: It was.

Nathan Garrity: Yeah I'm scared.

Me: I know. I know.

Eli: We're very sorry that this had to happen to you all.

Me: But we can help you and all the survivors of this Earth start a new life on Our Earth. Our Earth is located about 18,203 light years from this one.

John Garrity: You all would do that for us?

Me: We sure would.

Allison cried in happiness.

Me: I know it won't be the same as what happened before all this happened. But it will be a chance to have a fresh start.

Allison Garrity: Thank you all.

John Garrity: Who are you all?

Me: We are Team Loud Phoenix Storm. I'm J.D. Knudson and this is my team.

Everyone waved.

Nathan Garrity: Thank you all.

Me: You're welcome. Our ship is outside. But the air is EXTREMELY toxic.

Nico pulled out a case and in it was a bunch of Exopacks.

Nico: Here. Put these masks on over your faces.

Me: Just follow me and we'll go inside the ship and get out. But first we have to go to the other stations and get everyone in the stations across the world that went through out too.

Nico: Right.

We went outside and we had our exopacks on and we got to our ship and we went to stations in Nepal, Iran, Brazil, Russia and the stations where there were many people still safe. We counted 5,906,224,368 people dead and the remaining 1,968,741,457 were safe and on board and we got them to our Earth to start a new life. It was gonna be a rough start but it was to try and rebuild their lives. We had them live on the Ringworld that we built.

---

Later we were getting ready for our next mission.

Rumble: (to me) It's your turn to lead us today.

Me: Yep and I have just the mission planned for us. We're going to New York City to meet the Green Family.

Nico: Wow! I've heard of them! They are a farm family that moved to the city to make it big.

Applejack: I would like meeting fellow farm people.

Me: Yeah.

Bane, Turtle, Abomination, Kite Man, Roman Goodwin, Evil Lyn, Springfield Bullies, and Abra Kadabra then appeared.

Turtle: Can me, Bane, Abomination, Kite Man, Roman Goodwin, Evil Lyn, Springfield Bullies, and Abra Kadabra go with you guys today?

Me: You all sure can and it's my turn to lead today.

Laney: Hey guys I have an idea on how to know who is in charge for both of us.

Laney pulled out a special dry erase board calendar and marked it with magnetic buttons that had mine and Nico's faces on them and they were in a pattern.

Laney: This will tell us who has leadership. For the days.

Me: Nice thinking Laney.

Lana: Awesome work Lanes.

Bane: (Spanish Accent) Clever thinking señora.

Laney: Thanks.

Me: Lets get going.

We were off to New York City.

---

NEW YORK CITY, NEW YORK

---

We arrived in New York City and it was just as busy as ever.

Shadow: New York City is as amazing as always.

Me: It sure is. And it will be interesting when we meet the Greens.

Nico: How so?

Me: You'll find out when we get there.

Laney: What are they like?

Me: One of the biggest produce and egg producers of New York City.

Lana: Awesome!

Česká: It sure will be awesome to meet them.

Popeye Jr.: Yes it sure will.

Popeye: You said it son.

Polly: I can't wait to start shopping here. I heard that this city has everything.

Me: New York City isn't called the Big Apple and the City That Never Sleeps for nothing.

We walked around and we saw a small farm and farmhouse in between two buildings.

Me: They live right there.

Nico: Wow. A small farm in the middle of the 2nd most populated city in America.

Me: I know. Crazy huh?

Éclair: It sure is. But it's amazing.

Me: Yep.

We walked up to the farm and we saw Cricket Green and his sister Tilly playing.

Roman Goodwin: Hello there! You must be the Greens.

May: Too bad they're not the same Green Family as Angry Grandpa. May he rest in peace.

Me: Yeah.

Cricket Green: Team Loud Phoenix Storm it's awesome to meet you all!

Tilly: We love all your adventures.

Me: We're honored. And it's a pleasure to meet you all.

Cricket Green: And yes we are the Greens. I'm Cricket and this is my sister Tilly.

Tilly: Hello.

Marah: Anything you guys like to do for fun around here?

Cricket Green: Lots of things.

Me: We'll have to see them later. But right now we are here on a mission.

Bane: Who exactly are we going after?

Cricket Green: You guys must be going after Chip Whistler.

I gasped when I heard that name.

Me: (Sternly) Did you say Chip Whistler?

Cricket Green: Yeah. Why?

Me: (Sigh) Guys there is something you should know.

Nico: What is it?

Me: Chip Whistler is the son of my father's most evil and most hated enemy of all time.

G1 Scrapper: What did your dad do? Sue Chip Whistler's dad?

Me: No. Worse. My dad busted Chip Whistler's dad for terrorism, treason and murder and got him executed by firing squad and buried in an unmarked grave.

Everyone gasped in shock!

Me: My dad was Whistler's ultimate most hated enemy. He hated my dad more than anyone and all of life on the entire planet. His hatred was so strong that it made the Hatred of the Kisenian Blossoms look like people with muscles of sticks in comparison. So to speak. His son Chip vowed to avenge his dad and he will also stop at nothing to destroy me. But I heard that he lost everything.

Cricket Green: Yes he did. I can tell you all about it.

He went over Chip Whistler's history and it wasn't pretty.

---

Chip Whistler is the main antagonist of the Disney Channel animated series, Big City Greens.

He serves as the main antagonist of half of the first Season, and half of its second session.

He is the previous manager and now CEO of Wholesome Foods, and the arch-nemesis of Cricket Green and enemy to the Greens as a whole.

He is voiced by Paul Scheer.

Background

Nothing was known about Chip's past except that when he was little, he was more kind and gentle, but with all the privileges he had, he turned himself into an erect little narcissist that only mattered himself.

Season 1

In "Supermarket Scandal", Chip approaches Bill Green of Green family farms. While Bill turns down his offer, which is to supply

Chip's supermarket chain Wholesome Foods with new produce, Cricket decides to agree with the offer. He and Tilly make "produce" (actually inedible objects disguised as produce) and use them to make through on the offer. The "produce" is stocked at Wholesome Foods, to Cricket's chagrin, so he and his family decide to buy them all out. While losing the money he made from the deal, Cricket decides to resell the "produce", one of them which Chip decides to taste. Cricket tries to warn him it's fake, but he ignores him and takes a bite, chipping his tooth, so his name now fits his mouth. He then swears vengeance against the Greens.

In "Feud Fight", Chip sets up a Wholesome Foods booth at the farmers' market only for the sole purpose of running the Greens' business down. Throughout the episode, Chip tries different marketing tactics that failed (ie. recruiting Tomato-san), though his "Protocol C" - giving coupons out to everyone - tactic worked, to Chip's delight. This causes Cricket and his farmer allies to declare a tomato war on Wholesome Foods, which ended when he himself surrendered.

However, Chip was not going to take the surrender, instead relentlessly pelting Cricket with tomatoes and declaring victory (only to himself, as everyone else didn't). This causes everyone, even his employees, to turning on him and leaves. Despite this Chip blames Cricket for everything. As Gramma confronts him to stop chewing tomatoes, Chip snatches the bag of illegally hot peppers to eat all of them, causing him to once again losing his tooth and running away in defeat.

In "Coffee Quest", Chip is one of many people who rushed to the Big City Docks to obtain the last bag of coffee. However, Cricket and Gloria, workers of Big Coffee, thwart Chip's plan again with Cricket's speed and Gloria's cunning. Chip loudly threatens to run the Greens out of the city, though he is unheard (reinforced by Wholesome Greg).

Season 2

In "Reckoning Ball" it is shown that Wholesome Foods has been quickly losing business with people protesting in the street. All employees make fun of Chip, who is still upset about being humiliated by Cricket Green and his family, even though much of the conflict is his fault. Decide "Drive The Greens of the city, once and for all" by purchasing a wrecking ball in an attempt to destroy their house. Officer Keys just so happens to be walking along when he prevents Chip from harming them, but the ball swings back and knocks him out of the driver's seat; chipping his tooth once again. Chip meets with his father who reprimands his son for his violent behavior and threatens to kick him out of the company. He gives him a Forgiveness Contract that the Greens must sign to show that they have accepted his legitimate apology which then he will reconsider his future in the company.

The Greens are hard at work rebuilding their roof, which was slightly damaged by the wrecking ball when Chip shows up. The Greens all begin to attack him, but he calms them down by revealing that he wants to apologize. While Bill and Tilly are willing to accept his attempt, Cricket and Gramma Alice are skeptical, especially when he gives a half-hearted apology to them. Bill then suggests that he apologize by helping out with fixing the roof. It quickly becomes apparent that Chip is incompetent at something simple like hammering a nail and falls off the roof and destroys the garden. Not being able to withstand the "harsh" conditions, Chip tries to mow down the yard, but Alice stops him and he knocks himself out cold.

Chip is nursed back to health by the Greens where he admits that he is unsure of what to think about them as they have been kind to him despite his behavior. They tell him that despite their bad relationship (which they admit is mostly Cricket's fault) they still want to treat him nicely as that is what they do. He gives a legitimate apology and the Greens sign his contract though he still wants to help with the yard. Mr. Whistler finally retires and hands the company over to his son.

As Chip steps in as CEO, he quickly has his hired hands refurbish his office and calls his dentist to fix his teeth with platinum, revealing his amends from earlier were just an act. And now that Chip had Full Power and resources of the Wholesome Foods corporation in his control, nothing will stop him in order to accomplish his goal, Drive The Greens out of Big City.

In "Friend Con", after Bill couldn't find a friend at Farm Con since he and his old friend, Good Ol' Joe, "lost touch" after moving to Big City, Tilly and Cricket suggested to have Chip become their father's friend and the two spend time together.

Later, Cricket and Tilly overhears Chip that he was only pretended to be Bill's friend just so he can take over his speech in order to ruined his reputation. Before the siblings go to warn Bill, Chip, along with his employees, threw and locked them outside an alley to keep them from foiling his plans.

As Bill prepares for his speech, Chip gives him a big stack of saltline peanut butter sandwich, which causes him to have the inability to speak after eating it. When Chip takes over, he pretends to be Bill to say all the nasty and insulting things to the people at Farm Con.

After finally getting back inside, Tilly and Cricket stops Chip, and Tilly explains to the citizens that Chip is not the real Bill. However, no one can tell the difference until the guy, who reveals to be Good Ol' Joe, recognizes him.

After Bill confronts Chip that he is no longer his friend, Gramma lands on Chip with a big bag of stuff she stole, in a result of him losing all of his teeth, except for the platinum one, and runs away in defeat.

In "Chipwrecked", When Cricket tricks his family into taking them to Big Coffee to do all the work for him, Chip spies on him and his family and using a evidence board on the Green family. He is planning to drive Big Coffee out of business.

Later, Chip and his employees arrive at the Big Coffee in his post-apocolayptic-style tank and orders his employees to spray coffee at the citizens to get a drink from it in order drive Big Coffee out of business. However, Cricket quickly doesn't think his plan will work and calls him a joke. Then a tow truck comes to take his truck, but Chip tries to stop it by using his feet to grab the fire hydrant.

The water pressure of the hydrant goes high from the resisting, causing Chip flying to the toothpaste ad billboard, and falls into a hot dog cart and the billboard lands on him, causing one of titanium teeth to finally fallen out.

Later that night at the Wholesome Foods Headquarters, after the incident, Chip hits rock bottom and accepts having Cricket being right about him being a joke. Then, he gets a call from his father, who heard about his son skipping his boarding duties, and Chip almost admits his vendetta but quickly covers it as "a work problem". Mr. Whistler encourages Chip to act like the CEO because he now owns the company, which he agrees. Not realizing what he really meant, Chip decided to make things change with an aggressive approach, and fires Greg and Rose.

The next day, Chip arrives once again at Big Coffee, this time with his new employees whom he forces to dismantled the cafe; Cricket tries to interfere, but he is instantly outmatched by one of the bouncers. Gloria confronts Chip and threatens to call the police, but he stops her. Chip explains the Greens and Gloria that he now owns Big Coffee and fires them. Cricket finally believes that Chip's plan is working, but was nervously hoping it fails until Chip suggests that his cafe needs a extension to where the Greens' house is currently located. After Chip leaves, the Greens are in shock that their lives are going downfall.

In "Chipocalypse Now", the Greens become panic over Chip Whistler's plan to demolish their home after Big Coffee has been bought up. They are further horrified to learn that the tenants in the apartment complex next door have been kicked out. Big Coffee and the apartment are destroyed and a giant Wholesome Foods is built, with the grocery store built to shadow over the Greens' house. Chip also issues a destruction petition with falsated signatures from everyone in Big City, but Cricket soon finds out the truth. After the citizens wants the Greens to stay in Big City, the mayor decides to ban Chip from Big City. Surprised and outraged, Chip attempts to kill Cricket with the helicopter's blades, but Cricket jumps off the roof just in time, and Bill catches him; he then tries to get all the Greens at once, but Cricket immediately sees a fatal flaw - the helicopter's skids get caught in the power wires, causing his tooth to break; Cricket quips that Chip doesn't belong in Big City after all and with one last triumphant "Bingo-bango", Chip gets slingshot out of Big City to parts unknown. Following Chip's defeat, Wholesome Foods is closed permanently and Gloria is forced to live with the Greens as she is now homeless and jobless.

When he was finished everyone was horrified and shocked.

Nico: WHOA! Like father like son.

Twilight Sparkle: He's a monster.

Fluttershy: He is a huge threat.

Me: Yeah. So he lost his money, his power, his home, his city citizenship here in New York, his family, and now I think his mind. His hatred towards me and my family must be so intense that it completely destroyed his sanity to the point of zero reasoning.

Nico: Then we're gonna have to kill him. Prison is too good for him.

Me: Yeah. He hates my family so much because my father killed his dad.

Abomination: You had nothing to do with his father's death. So, Whistler's grudge should be against your father, not you!

Me: I know. But I'm my dad's son and any blood relative of Sumner Knudson is his enemy. But I must end that hatred against my family for good. My father did the right thing. And now I will do so too.

Nico: We're with you all the way J.D.

Me: Thanks guys.

Zenet: (to Cricket) Before we make a plan of attack, can we explore your place?

Contestir: Me and Zenet heard you guys make good eggs.

Jared: And great vegetables.

Cricket Green: Sure.

We went inside his house and it was cute and had all sorts of great farm animals and more.

Applejack: Your farm and house are great Cricket.

Cricket Green: Thanks Applejack.

Applejack: My family and I own an apple orchard an an amazing farm and you have an amazing farm and garden.

Laney: Yeah I'll say.

We went in and got some really good breakfast. We forgot to eat breakfast.

We were having Steak and Eggs.

Dolph, Jimbo, and Kearney were at the table eating some of the eggs the Greens offered them.

Jimbo: These are good eggs!

William: You guys didn't have breakfast this morning, did you?

Kearney: Well, Dolph didn't.

Dolph: That's because I woke up late.

Sam S.L.: That's okay.

Muscle Man: You know who else makes great eggs for breakfast? My mom!

We laughed at his joke and it was better than the last one.

Me: (Laughs) That was a good one!

Česká: (Laughs) That was a good one.

Sea: His jokes are funny.

Miia: They sure are.

Crag: And the steak and the eggs are delicious.

Rip: They sure are.

Brawlrus: That joke is actually funny compared to the solemn joke earlier.

Me: I already told him that Brawlrus.

Brawlrus: Oh. Sorry.

Jimbo: I heard you guys went to another Earth that was ravaged by a massive comet.

Me: Yeah you should have seen it. It was terrible.

Nico: Yeah.

I told them everything that happened and it was terrible.

Abomination: Whoa! That's bad!

Me: Yeah but we saved a lot of people there. Only 1.5 billion people made it out.

Nico: Yeah.

Eli: It was terrible that all that happened to their planet Earth.

Popeye Jr.: Yeah it sure was.

Éclair: It was terrible. But thank goodness we got many of the people out of there.

Evil-Lyn: Where are the survivors of that Earth?

Me: We gave them new homes on the Ringworld Earth that is around the planet.

Nico: Good call on that.

Me: Yeah. It will take a while for them to get back on their feet after everything that happened to them.

Eli: Yeah what happened to those people was awful.

Nico: It's terrible.

Česká: Boy it sure was.

Polly: But thank goodness we got them out of there.

Popeye: We sure did.

Me: Yeah.

Cricket Green: I think Chip Whistler also might be pissed at me for causing his downfall.

Android 21: Oh, I don't doubt that he'll be pissed at you too.

Me: You did get him banished from the city and he lost everything. But there is no doubt that he will be INFURIATED with me more than anything. He probably has heard about us all the time and just the thought about our victories destroyed his mind even further.

Eli: Yeah I have that feeling too.

Lori: So do I.

Kite Man: I'll go fly in the air and find out where he is.

Me: Okay. Diana you better go with him just in case.

Wonder Woman: Right.

They flew into the air and got to searching.

We waited for their word. For over 2 hours we got to talking about some of our most awesome adventures and the kind of impact they had on the world and the universe. Kite Man and Wonder Woman came back.

Wonder Woman: We found him.

Kite Man: He's under the New River Gorge Bridge.

Me: That's all the way over in West Virginia.

Cricket Green: I slingshot him over there.

Me: Wow! Nice shooting.

Nico: I'll say.

Me: Lets get over there then. (Eyes Glow Red) Me and Whistler have an old score to settle.

We went out to the New River Gorge Bridge.

---

NEW RIVER GORGE BRIDGE, WEST VIRGINIA

---

We were flying over West Virginia and we saw the bridge and a small campfire was by the river.

Me: Target sighted.

We flew over and landed and he saw us.

Whistler saw me and then HE WENT BALLISTIC AND WAS CONSUMED WITH RAGE!

Chip Whistler: J.D. KNUDSON! I WILL KILL YOU FOR RUINING MY ENTIRE LIFE!

Cricket Green: Leave J.D. out of whatever you have planned, Whistler. It's me you want!

Sparkstalker: Yeah! Cricket's the one who caused your downfall. Not J.D.!

Chip Whistler: I KNOW THAT! BUT IT WAS BECAUSE OF HIM AND HIS FAMILY THAT I LOST MY FATHER! I'LL NEVER FORGIVE YOU FOR EVERYTHING YOU AND YOUR FAMILY HAS DONE TO ME KNUDSON!

Me: I don't give a flying fucking rats ass what you think. I wouldn't even ask for forgiveness even from you even if you begged for mercy.

Chip Whistler: (ENRAGED GROWLING AND SCREAMING) I HATE YOU MORE THAN LIFE ITSELF KNUDSON!

My aura flared up with incredible fury and force and power! My aura looked like it was RAGING RAINBOW FIRE!

Chip Whistler: YOU RIDICULED ME FOR FAR TOO LONG! I HATE YOUR FUCKING GUTS! I CAN'T EVEN BEGIN TO TELL YOU HOW MUCH I HATE YOU! I HATE YOU MORE THAN ALL LIFE ITSELF!

My aura flared up with massively incredible intensity!

Me: Just like your wretched father. You can join him in Hell.

HE THEN WENT BALLISTIC!

HE SCREAMED IN SO MUCH FURY THAT IT WAS UNBELIEVABLE! HE WENT AT ME AND I DODGED HIS PUNCHES AND KICKS!

I then kicked him in the stomach and sent him crashing into a tree.

Abra Kadabra: (to Chip) If it were up to me, I would use my magic to kill you right now!

Eli: Yeah you moron!

Chip went at me some more and I kicked him in the face and smashed his teeth out of his mouth.

Me: How many people did you have to step on to get what you want Whistler? How many lives did you have to destroy in order for you to be successful in everything huh? You are no better then those fucksack Uchiha that I killed in 150,000 years. You are a stain on this planet that needs to be destroyed. You are no better than Trump and Richard Nixon!

When he heard me compare him to the 2 most hated men on the planet he WAS MONDO INFURIATED! This was LEVEL 500 RAGE! HE WENT COMPLETELY INSANE AND BALLISTIC!

He went at me some more and punched and kicked at me and I dodged his attacks like they were nothing and kicked him in the crotch and kneed him in the stomach and elbowed him in the head and kicked him in the nose and I broke his nose. Blood was pouring out of his nose and he went at me some more and I punched him in the head and landed a terrible bleeding bruise!

Eli: Take that!

Then Avalanche, Myotismon, Artie Ziff, Iron Lung, Magneto, Johnny 13, Juggernaut, Cheshire, Lord Drakkon and Firefly.

Me: Avalanche, Myotismon, Artie Ziff, Iron Lung, Magneto, Johnny 13, Juggernaut, Cheshire, Lord Drakkon and Firefly.

Cheshire: Whoa he REALLY has it out for you huh J.D.?

Me: You have no idea.

Maria: How did you guys find us?

Avalanche: We followed Whistler's yelling all the way to here.

Myotismon: And I see you have the Greens with you.

Arite Ziff: (to the Greens) I just hope you forgive us for how we're gonna use your eggs.

Cricket Green: How are you going to use them?

Iron Lung: We're gonna use them like this! (throws eggs at Chip's face)

SPLAT SPLAT SPLAT SPLAT SPLAT SPLAT SPLAT!

Me: Nice throws!

Chip Whistler's turned red and his body temperature rose so fast that it cooked the eggs on his head!

Nico: Nice!

Eli then ate the eggs off his head.

Eli: Could have used a little salsa.

Eli then punched Whistler in his head and smashed him into the river.

?: Nice shooting there.

A figure came out and it was RYUGU TAMATEBACCO from episode 28 of LupinRanger VS PatRanger!

---

**Ryugu Tamatebacco** (リューグ・タマテバッコ *Ryūgu Tamatebakko* ) is an oarfish-themed Gangler Monster from the Interdimensional Crime Group Gangler, equipped with the "Plunge/ Plonge" treasure from the Lupin Collection.

---

Touma: Ryugu Tamatebacco!

Ryugu Tamatebacco: Long time rangers.

Me: I remember you! You were turning everyone in the city old.

Ryugu Tamatebacco: That's right.

Me: Never missed an episode.

Ryugu Tamatebacco just turned Nico into an old man!

Ryugu Tamatebacco: How do you feel?

Old Man Nico: (Elderly Voice) I actually feel good, despite being old.

Chip Whistler broke out of his angry state for a few minutes.

Chip Whistler: (laughs) You look ridiculous as an old geezer, Chan!

Nico walked over to Chip and whacked him on the head with his cane.

---

Old Man Nico: You should respect your elders, you whippersnapper!

Me: Yeah you fucker! Hasn't anyone ever taught you some manners!?

Videl Chan: Oh daddy you look great like this.

Old Man Nico: Thanks kiddos.

He pulled out a wallet and he saw pictures of his future grandkids.

Old Man Nico: Are these pictures of my grandbabies?

Videl Chan: They sure are.

FFFFFFAAAAAAAAAAAAAAAAARRRRRRRTTTTTTTT!

Nico ripped a big one and it was awful!

Eli laughed.

Me: That is very reminiscent on what happened to me when I got turned into an old man. But you got a long way to go before the Grim Reaper can claim you buddy.

I snapped my fingers and reverted him back.

Nico: WHOA! Thanks.

Me: You're welcome.

Nico: Yeah. Now I know how you felt when you became an old man J.D.

Me: Yeah.

Eli: That is funny.

Me: I wonder if anymore villains will show up.

But then we heard a really ominous voice.

?: DUDE! OH DUDE!

We saw a figure skateboarding down the mountain and it was THE HEADLESS SKATEBOARDER!

Shaggy: ZOINKS! Like, It's the Headless Skateboarder!

Nico: Whoa man!

Qin: This guy was a weird one.

Twilight Sparkle: What did he do?

Qin: He was really Fast Track Al, he was a skateboarding champ from a long time ago. But he was part of a gang that was smuggling drugs. He and Sandy Sneakers were using the stolen dolphins to transport them and Sandy Sneakers was framing Red Herring of being the monster.

Twilight Sparkle: Drugs are not cool!

Nico: No they aren't!

Qin: Yeah and they both got 45 years in federal prison for their crimes.

But then we got hit with a shower of spit! YUCK!

Me: EW!

Doot Da Doot Da-Doo-Doo's: We, The Doot Da Doot Da Doo Doos [humming the winged monkeys' theme from The Wizard of Oz], shall rain on your parade, because… [begin to hock loogies]… we're the spit!

Jared: YUCK! Not this army of flying minions again.

Nico: More of Mojo Jojo's minions?

Jared: Yep and they are the Loogie Shower team.

Česká: I'll face them.

Max Goof: And I'll face the Headless Skateboarder. Been wanting to face him.

Me: Awesome. Lets get it on.

Eli: Good call.

Nico: Really good call.

I beamed Chip Whistler to the Triton Cryo-Prison and he was sentenced to eternity in ice.

Magneto: (to me) And now, the grudge the Whistlers have against your family can be laid to rest.

We then went back home and Cricket and his friends and family moved to Gotham Royal York. We then went to Lynn's Table for dinner and then went back home for bed.

THE END

---

Another awesome fanfic done.

Big City Greens is a really awesome show. I saw a couple of episodes and they were great and funny! The Opening with the rescue is based in the world of the Popeye and Son which aired from September 19 - December 12, 1987 and there was only 13 episodes. What a rip! That was a fun and awesome cartoon. The second part was based on the 2020 movie Greenland and that was terrible what happened to the Earth in that movie. But thankfully we responded to getting those people a new home. Big City Greens is a 2018 show that is still going on to this day. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Etstheclarencefan, Nflemingful, Drako1234658 and ninjakingofhearts all gave me the ideas for this. Thanks guys. It's Nico's turn to lead tomorrow. The next girl is one I made up and found on the MonsterGirl Wiki and her name is Pelea the Lava Golem and we're going to find her in the world of Lord of The Rings and Gollum will be fighting her as we are gonna save her. And this time we're gonna make sure that Gollum doesn't get the Ring. Also the next chapter is gonna be for DuckTales 2017 and we're gonna go after Magica and make that Wicked Bad Sorceress pay big time for her crimes. She will not like the kind of magic that we use.

See you all tomorrow.

# Dark Magic Empress VS Duck of Evil

In the world of Middle Earth, me and Sheila were flying over the land of Mordor and it was a dark and foreboding landscape. It was crawling with Orcs and we saw the evil tower of the Eye of Sauron, Barad-Dûr and it was horrifying. It was like we were looking at the very eye of the devil himself.

Sheila: Wow. Just like I remember when I read the book.

Me: I know. It's scary.

We flew on to Mount Doom and it was a volcano that was terrifying.

Me: Mount Doom. The volcano where the Ring was forged.

On the slopes of Mount Doom we saw a Lava Golem fighting the creature Gollum.

---

He is a minor antagonist in both *The Hobbit: An Unexpected Journey* and *The Lord of the Rings: The Fellowship of the Ring*, before enlarging his role as a major anti-hero in *The Lord of the Rings: The Two Towers*, and as one of the two secondary antagonists of *The Lord of the Rings: The Return of the King* (alongside Denethor). He is set to return in 2022 videogame *The Lord of the Rings: Gollum* as the titular main protagonist.

He is a former Hobbit who is corrupted and transformed into a slimy, monstrous creature by the One Ring, which he calls "my precious". After losing the Ring to Bilbo Baggins, he hunts after it for decades, eventually becoming part of the quest to destroy it when he is tamed by Bilbo's nephew Frodo. His all-consuming need for the Ring eventually lead him to betray Frodo and unintentionally destroy the Ring and himself.

In Sir Peter Jackson's adaptations of *The Lord of the Rings* and *The Hobbit*, he was portrayed by Andy Serkis in motion-capture, who also played Capricorn in *Inkheart*, Supreme Leader Snoke in the *Star Wars* sequel trilogy, Spike in *Flushed Away*, and Ulysses Klaue in the *Marvel Cinematic Universe* franchise. In the 1977 animated film, he was voiced by the late Brother Theodore. In the 1978 animated version of *The Lord of the Rings*, he was voiced by the late Peter Woodthorpe. In the 2003 Sierra Entertainment video game, he was voiced by Daran Norris.

Originally a Stoor Hobbit, Sméagol spends the early years of his life with his extended family under a Matriarch, his grandmother. He was born circa the year 2430 of the Third Age.

In the year TA 2463, on his 33rd birthday, Sméagol becomes the fourth Bearer of the One Ring, after Sauron, Isildur, and Déagol. The latter is his cousin, and on Sméagol's birthday, they go fishing in the Gladden Fields north of the mountains. After being pulled into the water by a large fish, Déagol finds the Ring underwater, and emerges from the river with his prize. Sméagol is immediately ensnared by the Ring and demands it as his "birthday present", but Déagol refuses. Sméagol strangles Déagol and claims the Ring as his own, his "precious".

Sméagol uses the Ring for thieving and antagonizing his relatives. The Ring corrupts his body and mind, forcing him to make a disgusting swallowing noise in his throat, for which his relatives nickname him "Gollum". Finally, his grandmother disowns him and throws him out of her home. He wanders for a few years, degenerating further as the Ring's hold on him grows, until he makes a new home in a cave in the Misty Mountains. The Ring's malignant influence twists his Hobbit body and mind and prolongs his life far beyond its natural limits; he lives in his cave for 500 years while the Ring bides its time, waiting for Sauron to return. Gollum calls the Ring his "Precious" or his "Birthday Present", the latter as a justification for killing Déagol.

## Living in the Misty Mountains

Gollum lives under the Misty Mountains for nearly 500 years, eating raw blind fish (which he catches in his small row boat) and Goblins when he can get them. In later years, he finds Hobbit and Elven food repulsive.

During his centuries under the Ring's influence, he develops a sort of dissociative identity disorder: Sméagol, his "good" personality, still vaguely remembers things like friendship and love, while Gollum, his "bad" personality, is a slave to the Ring willing to kill anyone who tries to take it. Years later, Samwise Gamgee names the good personality "Slinker" (for his fawning, eager-to-please demeanor), and the bad personality "Stinker". The two personalities often quarrel when he talks to himself (as Tolkien put it, "through not having anyone else to speak to") and have a love/hate relationship, mirroring Gollum's love and hatred for the Ring and for himself.

In July, TA 2941, during the Quest of Erebor, the Hobbit Bilbo Baggins stumbles upon the subterranean lake in which he lives and finds the Ring, which Gollum had lost while hunting an imp goblin in the network of caves leading to the lake. (However, it is more proper to say that the Ring abandoned Gollum, for it was known to have a will of its own. As Gandalf says later, it looks after itself, trying to get back to Sauron.) After the infamous Riddle Game, during which Gollum is unaware of his loss, Gollum refuses to show Bilbo the promised way out and plots to murder him.

When he goes to get his "birthday present", however, he finds that it is gone. He suddenly realizes the answer to Bilbo's last riddle - "What have I got in my pocket?"- and flies into a rage. Bilbo inadvertently discovers the Ring's power of invisibility as he runs, allowing him to follow Gollum to the back entrance of the cave. There, Bilbo at first prepares to kill Gollum, but is overcome with pity, so he jumps over him to escape. As Bilbo runs, Gollum cries out, "Thief! Thief, Baggins! We hates it forever!"; he does not immediately follow Bilbo out of fear of being caught by the Goblins.

## Search for the Ring

Gollum eventually leaves the Misty Mountains and pursues Bilbo a few years later, but the trail is cold. He makes his way south into Mordor, discovering the secret stair located near Minas Morgul and surviving an encounter with Shelob. He is captured on his return and taken to Sauron's stronghold, where he is tortured by the Dark Lord himself until he reveals what he knows about the Ring; he reveals that "Baggins" of the Shire had taken it, alerting Sauron to the existence of Hobbits and the Baggins family. Sauron lets him go, but he is captured soon afterward by Aragorn, then interrogated by Gandalf, who places him in the care of the Silvan Elves living in Thranduil's kingdom in Mirkwood. Assisted by Orcs, he escapes them, and sets off looking for the Shire. He passes through Moria, but cannot make it out of the East gate. He sees the Fellowship of the Ring there and begins following them.

## The War of the Ring

On January 15, 3019 the Fellowship is divided when Gandalf disappears while fighting a Balrog (though he later returns). Gollum continues trailing the remaining members. Gollum follows their boats down Anduin (floating on a log) to Rauros and pursued Frodo Baggins - nephew and heir of the hated Bilbo, and the new Ringbearer - and his friend Samwise Gamgee across the Emyn Muil when they struck out on their own towards Mordor. Gollum follows them, but after a confrontation (in which he bites and nearly strangles Sam) Frodo subdues him. Frodo ties an Elven Rope around Gollum's ankle for a leash, but the mere touch of the rope pains him.

Taking pity on the wretched creature, Frodo makes Gollum swear to help them. Agreeing to the oath, Gollum swears by the "Precious" itself and Frodo releases him. The unlikely company, guided by Gollum, makes its way to the Black Gate, the entrance to Mordor.

Frodo's kindness brought out the "Sméagol" personality, and he makes at least some effort to keep his promise. The two have a strange sort of bond from both having been Ringbearers; in Gollum, Frodo sees his possible future, and so wants to save him so he can save himself.

When they reach the Black Gate and find it well guarded, Gollum convinces them not to go that way, saying that they would be caught and Sauron would regain the Ring. Gollum says he will lead them south, where he knows of another entrance into Mordor.

Frodo and Sam are caught by Faramir, and Gollum follows them. When Frodo allows Faramir to briefly take Gollum prisoner, however, he feels betrayed, allowing the "Gollum" personality to take total control. Faramir finds out that the place Gollum is taking them is called Cirith Ungol. He then warns Frodo and Sam of the evil of that place, and of Gollum's treachery.

Frodo, Sam, and Gollum leave Faramir and begin crossing the pass of Cirith Ungol in the border-mountains of the Ephel Dúath (Mountains of Shadow). Gollum visits the great spider Shelob, child of Ungoliant, because he is planning to betray the Hobbits to her and then get the Ring for himself. When he returns, he finds the Hobbits sleeping, and the sight of Frodo asleep nearly moves Gollum to repent. However, Sam wakes up and speaks harshly to Gollum, and all hope of redemption is lost. Gollum follows through with his plan and leads Frodo and Sam into Shelob's Lair.

Frodo and Sam escape from her lair and come against all odds to the fiery volcano Mount Doom, the only place where the Ring can be destroyed. Gollum follows them all the way, seeking a chance to surprise them and take the Ring. When Frodo and Sam have almost reached their destination, he attacks them, but Frodo casts him down and threatens to throw him in the fire if he ever touches him again. Sam, who had hated Gollum on sight, tries to bring himself to kill him, but relents out of sheer pity and disgust, turning his back on the beaten (but still wily) creature.

## Death

Moments later, Frodo is standing on the edge of the Crack of Doom, but, unwilling to destroy the Ring, claims it for himself and puts it on, becoming invisible. Then Gollum attacks the hobbits again. Gollum knocks Sam out and jumps on Frodo. The two fight until, finally, Gollum bites off Frodo's finger and seizing the Ring. Gollum then teeters on the edge of the great pit, loses his balance and falls in, taking the Ring with him along with a final, joyous cry of "Precious!" He perishes in the lava, and the Ring is destroyed with him. Had Gollum not lived to play this final part, there was a good chance that

Sauron would have regained his Ring, as he knew where Frodo was as soon as he put it on.

According to J. R. R. Tolkien's notes, Eru Ilúvatar, the Middle-earth legendarium's version of God, intervened to destroy the Ring by causing Gollum to fall into the Crack of Doom.

Sheila: Seriously? Gollum is at it again?!

Sheila concentrated and groaned as she was forced to all fours.

Me: That little mutant goblin just doesn't know when to quit!

Sheila turned into Shredlegs!

We went at him and I kicked him in the face and Shredlegs wrapped him in spiderwebs.

Pelea: Thanks. Wow! You're J.D. Knudson, Leader of Team Loud Phoenix Storm!

Me: That's right!

Pelea: I'm Pelea and I'm a Lava Golem.

Me: Pleasure to meet you.

Shredlegs: My name is Sheila Castille. But in this form I'm called Shredlegs.

Suddenly we heard an incredible EAR SHATTERING SCREECH! We saw the tower of Barad-dûr in agony and we knew that could only mean one thing! THE RING WAS DESTROYED!

We saw Mount Doom erupting too!

Me: Lets get Frollo and Sam and get out of here!

We went into the Crack of Doom and we grabbed Frodo and Sam and flew out of there as we saw Barad-dûr collapsing and we saw the orcs fall into the ground. Mount Doom Exploded and the war was

over.

We landed in one of the buildings of Minas Tirith.

Sheila: That was a close one.

Me: No kidding. But that part always is amazing.

Sheila: It sure is.

Pelea: Thanks for helping me out guys.

Me: You're welcome.

Shredlegs: I'm gonna revert back now.

Me: Okay.

I put on my blind glasses and Sheila reverted back.

Sheila was human again. But naked.

Sheila: (covers herself and laughs) If Eric were here, he'd think my naked body is beautiful.

Me: I know he would.

I gave her a new set of clothes.

Sheila: Thanks J.D.

She put them on.

Pelea: That was a close one.

Then we saw Gollum disintegrate into dust right before our eyes.

Pelea: Whoa what happened to him?

Me: He lived for over 500 years because of the Ring and his mind was totally destroyed because of it.

Sheila: Yeah I remember that.

Pelea: And he did all kinds of unspeakable things because of it.

Me: He sure did.

Sheila: The Ring destroyed his mind completely and he deserved this.

Pelea: Yeah.

Sheila: But he was a Hobbit named Sméagol and in the end he turned into this monster that destroyed many lives.

Me: Yeah.

Pelea: He brought all this on himself.

Me: Yep. Lets go home.

We went back to the World Tree Estate.

---

Back at the World Tree Estate, everyone was watching TV and reading books.

We came in and Sheila went to the sofa and sat with Eric.

Pelea: Wow! So this is where you all live?

Me: Yep.

Miia: Pelea!

Pelea: Miia!

They went and hugged.

Miia: It's awesome seeing you here.

Pelea: Same here.

Me: Aren't you worried that you will burn her Pelea?

Pelea: Don't worry. I have the ability to change the temperature of the lava on me.

Me: Oh. That's a relief.

Nico: Oh right! We have to get to the Chortle Portal and watch the comedy night today.

Eli: Awesome! Lets go! Lincoln is gonna be doing a Comedy Act there.

Luan: Awesome bro!

Me: Lets go!

We were off to the Chortle Portal.

---

It's another comedy night at the Chortle Portal. A man in a suit is seen onstage.

Host: Alright, everybody settle down. Welcome to the Chortle Portal.

He puts on a arrow on his head. Everyone laughs.

Host: "Now please give a warm welcome to our first comedian, Luan Loud!"

Me: Knock em dead Luan!

The man walks offstage and Luan comes out from the curtain, wearing her clown outfit.

Luan: "Good evening folks, I'm gonna skip the jokes and get right to the part where I throw pies at you."

Everyone gets out their umbrellas and Luan throws pies at us.

SPLAT SPLAT SPLAT SPLAT SPLAT SPLAT SPLAT SPLAT!

Lincoln looks from behind the curtain and gets splattered with a pie. He laughs.

Lincoln: "I hope I do as good as Luan."

Lincoln got himself a comedy gig there as he was following in his sister's footsteps. He had gave himself a different hairstyle and a bow tie. Luan goes backstage.

Luan: "Man, those people will laugh at anything. Hey, don't sweat it little bro. I got them all warmed up for you."

The audience is laughing.

Host: "Put your hands together for Lincoln Loud!"

Lincoln comes out.

Liam: "Go get em, Lincoln!"

Me: Knock them dead buddy!

Clyde cheered for him as well. Liam gave Lincoln a thumbs up and Lincoln gave one back to them.

Lincoln: "Hey hey hey ladies and gentlemen. Have you ever noticed salt and pepper shakers? What if they were a couple? Would they be called seppers or palts? You know I'm talking about?"

Nobody laughed. A cricket is heard chirping.

Lincoln: "And what's the deal with ketchup? (Chuckles nervously) We use it as condiments but is it actually blood or… is blood actually ketchup? But what does that make mustard?"

Man: "Oh brother, THIS GUY STINKS!

Me: HEY! You shut the hell up! Lincoln is just nervous that's all!

Man: Why don't you make me you freak!

POW!

Nico punched the man in his face.

Nico: No one talks to my friends that way!

Man 2: "Hey, funny guy! I've got a joke for you! What smells rotten and puts people to sleep?"

Varie: Your fucking ass!?

Man 2: Why you!?

Eli kicked the 2nd man in the crotch!

Lincoln: "Uh… did you ever notice forks-"

Man 3: "Forks? Boo!"

The audience was clearly unamused.

Lincoln: (In his head) Quick *Lincoln, make a witty observation.*

He looked at his two friends. Clyde sank in his chair nervously but Liam smiled at Lincoln.

Lincoln: Southern people always leave the front doors open, even on a cold day. Were they born in a barn? Oh wait, that's exactly where they were born!

The crowd laughs harder.

WHOA! CRUEL!

Clyde: (laughs) Born in a barn. Good one!

Liam smiled uneasily. And so did Applejack and Apple Bloom.

Lincoln: And they smell too! But hey, you'd smell too if you played in the mud with pigs!

Liam chuckles uneasily as the crowd laughs some more. Lincoln laughs too. I was laughing nervously.

Vajarois: Are you okay, Nico? You're not laughing normally.

Nico: I'm trying not to hurt our fellow Southern friends' feelings.

Me: Me neither. Applejack and Apple Bloom I would never laugh at like that.

Applejack: Aw thanks sugarcube. That means so much.

Me: You're welcome A.J.

Coloratura: I would never laugh and make fun of you like that A.J.

Autumn Blaze: Me neither. I love good jokes as much as many people do but those are a little harsh.

Lincoln laughed.

Lincoln: Hey, why does it take more than one southern to change a lightbulb?

Man: "Why?"

Lincoln: "Because they're so dang stupid!"

The audience laughed once again. Clyde laughed.

We were not amused.

Clyde: "That's a good one, eh Liam?"

Liam: "Uh, heh, yeah."

Lincoln: THANK YOU! THANK YOU!

Lincoln goes backstage. The comedian host comes back.

Host: "That was fantastic kid! You really knocked them out! I've decided to make you the headliner!"

Lincoln: "Wow, a headliner! What does the headliner do?"

Host: "The headliner's the one who gets to clean up after the show."

He gave Lincoln a mop.

Lincoln: "Well, at least I don't have to clean up my act."

Host: "Stick with the southern jokes kid. Now get busy."

Lincoln: Yes sir! Mops, mops, mops. What's the deal with those things?

He bumps into Liam, Applejack and Apple Bloom, who looks crossed.

We were with them.

Lincoln: "Oh, hey Liam. Hey Applejack and Apple Bloom."

Liam: "Howdy Lincoln."

Applejack: Howdy Lincoln.

Apple Bloom: Hello.

Me: We saw your performance and you did great.

Lincoln: Thanks for standing up for me guys.

Me: Anytime buddy. You were just nervous about your jokes. That's all.

Lincoln: "Did you like the show?"

Me: We did but some of us didn't.

Liam: "Well actually, no Lincoln. Those jokes are hurtful and you know it."

Applejack: Yeah they hurt like that.

Lincoln: "Come on guys. I was just joking. I mean you're a great guy. We all gotta laugh at ourselves once in a while. Luan does it all the time."

Luan: "It's true."

She heard the conversation. She got out a mirror and started laughing at herself. Liam chuckled.

Liam: "You're right Lincoln. Ah was being a little too sensitive. No hard feelings.

Applejack: Yeah that's all right.

Apple Bloom: Yeah.

Scotsman's Wife: Lincoln, lad! Please tell me you didn't mean what you said back there! You were only joking, right?

Lincoln: I sure was. I would never hurt anyone like that.

Me: Well yeah that's good.

---

The next day, Liam was doing some shopping and we were with him to help him out. He found deodorant.

Liam: "Let's see, should I get citrus orange or fresh mint?"

A couple walked by and heard him.

Man: "I think he should buy both.

They snickered and walked off.

Liam: "Huh?"

Teen 1: "Hey, it's the stupid southern! Let's try to communicate with it!"

The boys mocked Liam.

Teens: "Duuuuuuuuuuh!

I punched the kids in their faces and braced them up against the shelves.

Me: YOU HAVE NO RIGHT TO SAY THAT TO LIAM! NOW YOU BETTER APOLOGIZE TO HIM (SHEEN) OR I WILL GIVE YOU A HUGE CASTRATION UNLIKE ANY OTHER AND NEUTER YOU!

They saw that I had my dagger pointed at their crotches with my tail and it was surging with lightning.

Teen 1: Okay okay we're sorry!

Me: Good.

We continued on as I let them go.

Liam: (sees a little boy) Hey there, little feller.

Boy's mother: (takes her son by the arm) Don't stand too close, honey. You'll catch its' stupid.

Thundercracker: (points blaster at her) You got 12 seconds to take back what you said about my friend over here!

Nico: Thundercracker stand down. Ma'am please apologize to my friend for what you said.

Boy's mother: Okay. I'm sorry Liam. I'm sorry.

Nico: Good.

Thundercracker: We're gonna have to have a talk with Lincoln.

Me: Yep. This is starting to spread. After we help Liam.

We continued our shopping.

---

Later at the Chortle Portal

Crowd: "Lincoln! Lincoln!"

The crowd chanted Lincoln's name as it was another night at the Chortle Portal. Lincoln was backstage preparing for his comedy act. We came in.

Nico: Lincoln, we need to talk!

Lincoln: I know. My jokes were funny, weren't they?

G1 Silverbolt: Lincoln, did it ever occur to you that you're being a little racist to Liam, Applejack, and Apple Bloom? Insulting bad guys is one thing. But it's not right to insult one of our own.

Me: That's right Lincoln. Back in the American Civil War we used to fight the people from the South in the Confederate Army. You know that right?

Lincoln: Yeah but what does that have to do with my jokes?

Me: Well people being called Southern is what the Confederate Army was called back in the American Civil War and it was terrible back then and was considered racist. Also a lot of famous Confederate Statues across the states were torn down because of it. And a lot of monuments had their names removed too. So please do the right thing Lincoln and apologize to them and I think I have a better solution than doing what you were doing.

Lincoln: What's that?

I whispered in his ear and told him to do jokes that make fun of the criminals we put in the prisons.

Host: Put your hands together for Lincoln Loud!

The crowd cheered and he came out.

Lincoln: "Thank you. Thank you very much. Now on my way here I ran into that fat tub of lard Flip and I said hey do you shave your mustache or use it to wipe your butt?

Everyone laughed at Lincoln's Joke and it was hilarious! In the Jupiter Prison, Flip saw the Joke on TV and the guards were also rolling on the floor and laughing their heads off silly. Even some of the prisoners thought it was funny!

Lincoln: But seriously folks, the only thing dumber than Flip is a psychopathic teenager named Icky Vicky. She is so full of rage and evil that she doesn't know what to do with it all. I mean where does she go to release all that rage? A Strip Club?

We laughed hysterically! Icky Vicky saw this and she ROARED IN

BALLISTIC FURY! All the prisoners and guards laughed at her!

Lincoln: Spoiled Brats like Mandy? Oh Brother! She's is such a stainless steel bitch! She is so poor and filthy that she is not worth a single red cent!

We laughed hysterically and Clover was rolling on the floor laughing! Mandy in the Neptune Prison was fuming and seething in rage at being humiliated by Lincoln like that!

Lincoln: Now let me tell you about Trina Riffins, boy is she one angry bitch! She is so enraged all the time that her body gets lit on fire! She needs to have a fire extinguisher by her all the time whenever she gets so mad that the prisons run out of them for protection!

We laughed some more! Trina in the Jupiter Prison then went into one of her ballistic rage fits as everyone laughed at her!

Lincoln: Now let me tell you about Lila Rossi, boy is her brain a rotten sack of garbage! P.U.! How can anyone that has a brain as badly damaged as hers smell so bad! I mean really. (Making a stupid impression of Lila Rossi) Duh My name is Lila Rossi, I lie, cheat and steal and kill and I'm the dumbest pathological liar ever!

We laughed at his joke and impression and Lila was watching Lincoln's act in the Saturn Prison and she WENT BALLISTIC!

We were laughing so hard until our sides all hurt and it was so funny!

Lincoln: And don't even get me started on Denzel Crocker, he is such a lunatic! He was not a teacher and he was a rotten piece of poop! He should have been working in a sewage treatment facility instead of a school!

Everyone laughed hysterically! Even the people in Cincinnati and Dimmsdale all thought it was so funny!

We went back him and we were so tired from laughing so hard.

Later we were getting ready for our latest mission.

Phage: (to Nico) Nico, it's your turn to lead today. And after the talk you gave to Lincoln, you've earned it.

Nico: Aw it was nothing but J.D. gave him the advice.

Phage: Awesome.

Nico: Anyway we're gonna go back to Duckberg. We haven't been there in a while.

Me: No we sure haven't.

Scrooge McDuck: (Scottish Accent) Aye. It has been a while lads.

Huey: Yeah it sure has Unca Scrooge.

Donald Duck: It sure has.

Artie Ziff, Avalanche, Myotismon, Iron Lung, Magneto, Johnny 13, Juggernaut, and Cheshire then appeared.

Artie Ziff: Can me, Avalanche, Myotismon, Iron Lung, Magneto, Johnny 13, Juggernaut, and Cheshire go with you guys?

Nico: You all sure can and it's my turn to lead today.

Juggernaut: Awesome!

Cheshire: And Lincoln those Jokes you told last night were so funny! We were there and we were laughing so hard that we couldn't breathe.

Lincoln: (Laughs) They sure were funny huh? Unlike the last jokes I did.

Magneto: Those were not very good jokes. J.D., Nico and everyone that didn't laugh did the right thing.

Me: Thanks Erik.

Lincoln: And Applejack, Apple Bloom, Liam, I'm sorry I said all those things to you through my jokes.

Liam: Aw it's all right buddy.

Applejack: Aw sugarcube we forgive you.

Apple Bloom: Yeah. We forgive you.

Applejack: Besides, I've never been the kind of person to hold a grudge like certain people.

Apple Bloom: Yeah it's not in our nature.

Lincoln: Thanks guys.

Lily: Also believe it or not big bro this happened once with SpongeBob.

Lincoln: Did it really?

SpongeBob: Yeah Mr. Krabs had comedy night at the Krusty Krab and I did Squirrel Jokes and they offended Sandy.

Sandy: Yeah it wasn't funny to me.

Applejack: This happened to you guys too?

Sandy: Yeah it sure did.

Me: Boy déjà-vu. Except here on land.

SpongeBob: Yeah that is crazy.

Nico: Yeah. Lets head out.

We were off to Duckberg.

---

## DUCKBERG

---

We arrived in Duckberg and it was amazing as always.

Soundwave: Here we are back in Duckberg.

Nico: Been a while since we were here.

Me: I know. Last time was when we took down Flintheart Glomgold and the Beagle Boys.

Eli: Wow! When was this?

Me: About 2 years ago.

Twilight Sparkle: What happened back then?

Nico: Well the first time we were here was when we took down Flintheart Glomgold like J.D. said. And the second time was where we took down the Beagle Boys.

Sunset Shimmer: Who is Glomgold?

Eli: He is Scrooge's archrival and nemesis.

Eli told us about his history.

---

**Flintheart Glomgold** is a fictional character in the Disney comic books and the overall main antagonist of *DuckTales* . He is a Scottish-South African white duck usually portrayed as a ruthless villain, a corrupt business tycoon, and the main rival to Scrooge McDuck.

Glomgold is one of Scrooge's main enemies along with the Beagle Boys, Magica De Spell, and John D. Rockerduck, and also holds the title of being " **The Second Richest Duck in the World** " where Scrooge is the richest.

Glomgold was originally created in 1956 by Scrooge McDuck artist and creator Carl Barks, the creator of much of the Duck universe. He is portrayed as an ambitious, ruthless, and manipulative businessman who shares many of the same qualities as Scrooge -

the drive for massive wealth, and the cunning and creativity to obtain the same - but he lacks any of Scrooge's tendencies towards generosity and compassion. He rarely has issues breaking the law, cheating and using other unfair tactics in order to fulfill his goal of becoming the world's richest duck, distinguishing him from Scrooge McDuck.

He was voiced by the late Hal Smith in *DuckTales*, by Brian George in *DuckTales: Remastered*, and by Keith Ferguson in the 2017 *DuckTales* series.

Comic history Under Carl Barks

Glomgold was created by Carl Barks and first appeared in The Second-Richest Duck, which was first published in September 1956. In this story, Scrooge, who holds the title of the Richest Duck in the World, learns that a businessman from South Africa has also claimed this title. Scrooge decides to confront this claimant to his title and travels to South Africa along with his nephew Donald and his great-nephews Huey, Dewey and Louie Duck. The rest of the story concentrates on comparing and contrasting the two rivals during a race through "The Heart of Africa" (a recurring phrase in the story). The race is supposed to determine which one of them deserves the title. The two characters resemble each other both in appearance and behavior though their main common point seems to be that they are extremely competitive and neither of them can accept the idea of someone else being superior or equal to them. Flintheart, like Scrooge, keeps a percentage of his fortune in his own Money Bin, identical to that of Scrooge (with the exception of the external logo: a Dollar sign on McDuck's and a Pound sign on Glomgold's), while the rest of his fortune is invested in a worldwide financial empire of his own that equals that of Scrooge (though Scrooge's main sources of wealth are his industries while Flintheart's are his diamond mines). Their main difference seems to be their way of life. Scrooge's Money Bin is at the center of Duckburg, Calisota, United States, a constantly expanding industrial city, while Flintheart's is in the center of a valley, located somewhere in the lands around Limpopo, surrounded by wildlife and away from human activities. While Scrooge finds himself surrounded by an extended family (see The Clan McDuck, Duck family and Coot Kin) and a large number of allies and rivals (see Scrooge McDuck Universe), Flintheart lives a life of solitude and seems to have no family, friends or for that matter rivals except Scrooge himself. While Scrooge has his nephews helping him or advising him, Flintheart faces every situation alone. This appears to have hardened him - he is considerably more ruthless than Scrooge - but also leaves him vulnerable to being simply outnumbered by his rivals. Even at the end of the story when Scrooge has won and Flintheart passes out after finding he is only second best, he has to be carried home by Huey, Louie and Dewey since he has no one else there to help him.

The solitary South African re-appeared to challenge Scrooge to a rematch in The Money Champ, first published in September 1959. This time the confrontation takes place in Scrooge's grounds in Duckburg with the city's population witnessing the event. This time they only count their wealth in cash and not their investments and have to liquidate much of their fortunes. Flintheart uses a number of dirty plots against Scrooge but his plans backfire when their cost in money also costs Flintheart his chance at victory. The story adds little to what was established in the previous one but for the first time some panels concentrate on Flintheart's thoughts, revealing that his insecurities about his own worth are the driving force behind both his efforts to best Scrooge and his dishonest tactics (since he doubts his ability to win in a direct confrontation).

Barks would use Flintheart for a third and last time in So Far and no Safari, first published in January 1966. This was one of the last stories Barks created before his retirement. The themes of this story are considerably darker than the two previous ones. Flintheart's intentions towards Scrooge are clearly depicted as murderous. The story starts with Scrooge planning to participate in an auction for an old South African gold mine. It is considered exhausted but Scrooge's mechanics believe that the main vein of gold hasn't even been reached. While Scrooge is piloting his private plane over South Africa, with Donald, Huey, Dewey and Louie as passengers, Flintheart appears piloting his own private plane. It is equipped with machine guns and he proceeds to shoot down Scrooge. While Scrooge is still trying to reach the auction Flintheart repeatedly tries to get rid of him. When Scrooge manages to reach the Kalahari Desert, Flintheart's plane is revealed to be a bomber as well.

Flintheart proceeds to bombard the area where Scrooge and his nephews are, but misses. When he returns for a second bomb run, the Ducks have dressed some rocks with their clothing and have taken cover elsewhere. Flintheart mistakes the rocks for his targets and proceeds to destroy them. As he comments, his rivals are now dinner for the jackals. His victory is short-lived. He was flying low and the bomb explosions damaged his plane's fuel tank. He crash-lands the plane and finds himself in no better condition than Scrooge. The rest of the story presents Scrooge's and Flintheart's rival efforts to cross the Kalahari and reach the auction. The end of the story finds them at the auction, tired from their hard trails but still rivaling each other, while an exhausted Donald has fallen asleep. It is considered Flintheart's darkest appearance and among his strongest and most memorable ones.

## After Barks

During the 10 years that followed his creator's retirement the character made infrequent appearances, appearing only in four comic book stories. He was not nearly as recognizable as other rivals of Scrooge, like Italian sorceress Magica DeSpell, who appeared far more often. Flintheart returned to prominence in 1979, when Egmont editors Lars Bergström and Stefan Printz-Påhlson decided to revive the character. Since then Flintheart Glomgold has appeared in more than 100 Egmont stories, some of which depict him as an influential member of Duckburg's Billionaires Club (which also includes Scrooge and John D. Rockerduck).

## Under Don Rosa

In 1987, Keno Don Rosa created his first Scrooge McDuck story, "Son of the Sun", first published in July 1987. Rosa's detailed style of drawing, references to Barks stories (by then considered classic) like Lost in the Andes!, detailed references to often obscure historical figures and events and strong characterization would later make Rosa fans consider him one of Barks' most popular "successors". Those themes are all evident in his first story. It begins with Flintheart questioning Scrooge's many successes as a treasure-hunter. He claims that discovering riches that are already concentrated by others is not that hard and that he could do it better than Scrooge if he decided to try. Pretty soon he is following

Scrooge and his nephews in their latest treasure hunt - locating a hidden temple of Manco Cápac, who was the legendary founder of the Inca dynasty. The temple is hidden somewhere in the tops of the Andes and according to inscriptions earlier found by Scrooge supposed to contain a great treasure. In the course of the story Flintheart is shown to be one of Scrooge's most charismatic, resourceful and ruthless rivals.

Rosa, who admits to have a soft spot for the character, has used Flintheart in a growing number of stories and has offered him a sort of origin. In his stories Flintheart is a Boer from the province of Transvaal. He was born around the same time as Scrooge and first met him during the Gold Rush of 1886 (the main effect of this Rush was the foundation of Johannesburg). Like Scrooge, Flintheart was born in poverty and was working his way up the financial ladder. While unsuccessfully searching for diamonds, he attempted to steal the findings of more successful fellow miners. As a result he was tied to the horns of a water buffalo and the animal was then sent running. Flintheart was found and saved by Scrooge. Flintheart offered to be the guide of the recently arrived gold miner from Scotland, since he knew the territory. Scrooge accepted him as a needed companion and friend. But at night while Scrooge was sleeping, Flintheart stole his ox-cart along with all his equipment and supplies and left him alone in the wilderness. Having underestimated Scrooge, he was surprised when Scrooge caught up to him, furious and vengeful. When Scrooge finished with him, Flintheart was publicly humiliated, thoroughly embittered and imprisoned for theft. The two rivals made vows to themselves that helped shape some of their character traits. Scrooge vowed to never trust anybody ever again, in order not to be betrayed again. Apparently this is the source of Scrooge's distrust towards others whether they are allies, rivals or complete strangers and the reason he is secretive about his thoughts and emotions. On the other hand a completely defeated Flintheart vowed that he will work to become so rich that nobody can humiliate him again (see Life and Times of Scrooge McDuck - Part VI:The Terror of Transvaal). Because Scrooge officially meets Glomgold for the first time in 'The second richest Duck' in 1956, Don Rosa makes sure Glomgold's name is never mentioned in his tale. Since Glomgold gets Scrooge's name, some fans could think he's more interested in defeating and humiliating Scrooge as a revenge for getting imprisoned rather than becoming the world's richest duck. According to Rosa's unofficial timelines it would take him 20 years of hard work as a diamond miner till finally he became rich in 1906 by his profits. He would spend the next 50 years working his way up the financial ladder both by hard efforts and dishonest methods when needed.

Don Rosa also revealed in at least two stories another thing that makes Flintheart a counterpart to Scrooge: the Number One Rand, the first coin Flintheart Glomgold ever earned (or stole). In Return to Plain Awful, this rand makes his first appearance, a cameo, and has nothing to do with the story. In A Little Something Special, the Rand makes an equally small but more relevant role. Magica De Spell teamed up with him and the Beagle Boys to get the Number One Dime. Scrooge reminds Magica he will no longer be the richest duck in the world after they steal his fortune and the Dime will be worthless to her. Based on the advice Scrooge gives her in exchange for his dime back, Magica steals Flintheart's first rand. Notable is the fact that Flintheart Glomgold's first coin could never be a rand because the South Africans utilized the South African pound from 1825 to 1961, when the South African Rand was introduced. Adding it to the fact that Don Rosa's stories usually take place in the 1950s, it means it would be impossible for anyone to own a rand in such stories. To make things worse for Glomgold, Magica takes the Beagle Boys with her the Valley of Limpopo and they carry all they can of Flintheart's cash. Despite the fact he teamed up against them in that story against Scrooge, he still dares to ask what did he do to deserve that.

### *DuckTales*

An animated version of the character appeared in the TV series *DuckTales* . The Second Richest Duck was among the series' most prominent characters, and this helped his introduction to a wider audience. He is the main antagonist in Ducktales and Scrooge McDuck archenemy. But some drastic changes came to the character. To avoid connections to South African issues that were then a cause of worldwide attention and concern (see apartheid) his origin was changed from South African to Scottish to match that of Scrooge, which led Glomgold to have Scotland-style names in other countries (see below). His place of residence was also changed to Duckburg. The previously unaffiliated Beagle Boys were now depicted as working for him on an occasional basis. In the series finale "The Golden Goose", Glomgold almost beats Scrooge at being the world's richest duck with the help of the Golden Goose until he gets turned into gold himself. Despite having supposedly died, in the *Darkwing Duck* episode "In Like Blunt", Glomgold makes a cameo appearance along with the Beagle Boys and Magica DeSpell as a bidder in Phineas Sharp's auction for the secret S.H.U.S.H. agent list.

Flintheart also appears in the 1989 DuckTales video game for the Nintendo Entertainment System (NES). After Scrooge completes all the regular levels, Flintheart challenges him to a race in which the winner will take all of the treasure Scrooge has acquired. Glomgold also appears in the 1993 video game sequel DuckTales 2, also for the NES, once again trying to obtain the treasures that Scrooge had collected and is also the game's final boss.

When he was finished Twilight and friends and everyone that hasn't heard about him were shocked!

Fluttershy: Goodness.

Sena: Man that is crazy.

Runo: Yeah no kidding.

Sena: But who were the Beagle Boys?

Me: The most ruthless and dumbest crime gang here in Duckberg.

I went over their history.

---

The **Beagle Boys** are a repugnant group of villainous thugs and antagonists from the *Mickey Mouse and Co,* franchise. As their name implies, they are a gang of anthropomorphic beagle criminals who constantly try to rob Scrooge McDuck. Their introduction and first appearance was in "Terror of the Beagle Boys" in *Walt Disney's Comics and Stories* #134, although in this story, they only appear in the last panel and have no lines. They appear again in the next issue in a similar fashion, in "The Big Bin on Killmotor Hill." They first get a more prominent role in the later story, "Only a Poor Old Man." They are the main antagonists of the 1987 featurette *Sport Goofy in Soccermania* . They and their mother, Ma Beagle, also appeared as major antagonists in the Disney animated series *DuckTales*, both the 1987 original and its 2017 reboot.

*Barks/Rosa universe*

The Beagle Boys made their first appearance in the 10-page story *The Terror of the Beagle Boys* (WDC #134) that was first published in November 1951. Although the Beagle Boys are only shown very briefly on the last page of this story, it is implied that Scrooge has known about them for a long time. The first story to feature the Beagle Boys in a major role is *Only a Poor Old Man* from March 1952, which serves as a template for virtually all future Beagle Boys appearances, and establishes them as a serious threat to steal Scrooge's fortune.

The Beagle Boys are usually depicted as a gang of about six to ten members, who are similar in appearance and personality, and without an established leader. However, sometimes the Beagle Boys are led by their grandfather, Blackheart Beagle (prison number 186-802). The Blackheart character originates from two characters created by Carl Barks: Blackheart Beagle, a riverboat pirate from *The Fantastic River Race* and **Grandpa Beagle**, who appeared in *The Money Well* . Don Rosa later combined the character into one in chapters 10 and 11 of *The Life and Times of Scrooge McDuck* . According to Rosa, Blackheart Beagle semi-retired in 1947, following a failed attempt at robbing Scrooge's money bin.

According to Don Rosa's *Life and Times of Scrooge McDuck*, Scrooge first met The Beagle Boys in his Mississippi riverboat days, circa 1880. Those Beagle Boys included Blackheart Beagle and his three sons. Scrooge first met the modern Beagle Boys during Christmas 1947, which was when he first met his grandnephews Huey, Dewey and Louie and met his nephew Donald for the second time. Since then the Beagle Boys have been a constant threat to

Scrooge's huge money bin.

The three most common numbers on Beagle Boys prison tags are 176-167, 176-671, and 176-176. In fact, no digits other than one, six, or seven appeared on their prison ID tags. Carl Barks used to include the words "Beagle Boys Inc" on their shirts under their numbers, which was later deleted.

According to one of Don Rosa's stories, the Beagle Boys have been known by their prison numbers since their childhood, and they don't even know their real names themselves. (Their parents do know their real names, but demand a bribe from their sons to let them know.) Also according to that story, Blackheart Beagle doesn't remember his sons' names.

In the Barks/Rosa universe, the Beagle Boys have almost identical personalities, but one of the members (176-167) is known to be very fond of prunes, a weakness that proves to be the Beagle Boys' downfall in some stories. The Beagle Boys usually operate on their own, but collaborated with Magica De Spell in the 1963 Barks story *Isle of the Golden Geese*, and again in the 1997 Don Rosa story *A Little Something Special* where they also teamed up with Flintheart Glomgold.

## Other comics

In all comics, the individual Beagle Boys are referred to by their prison numbers, indicated on the tags seen on the chests of their distinctive orange or red shirts. The original depictions by Barks in American comics always showed the Beagle Boys with orange shirts. European comics recolored these same Barks drawings to show Beagle Boys in red shirts. Subsequent European comic depictions of the Beagle Boys by artists other than Barks also showed them in red shirts, as did the DuckTales cartoons.

In later years, they appeared in the comics as a trio (some combination of the most common numbers with 176-167, 176-671 and 176-761), plus cousins and other relatives of various talents as spin-off characters. They live in a small tumbledown hide-out in Duckburg; in 1980s American-produced stories, their pet cat Ratty often lived there as well. In the Italian stories, they are sometimes accompanied by their pet dachshund, 64, who shares their criminal mindset, but it is often overcome with 64's constant, voracious appetite.

Sometimes they team up with other villains such as Magica De Spell, Black Pete, Mad Madam Mim, or hire out their services to Flintheart Glomgold or John D. Rockerduck. During these occasions they continue to operate out of their own interests rather than their employers. The Beagle Boys make cameos in the *Darkwing Duck* episode "In Like Blunt", where they are among the villains bidding on a list of S.H.U.S.H.'s secret agents.

Many other authors use a character purely based on *The Money Well* version as the Beagle Boys' grandfather. In particular, Italian authors use a "Grandpa Beagle" who differs from Blackheart in being much skinnier and constantly smoking a pipe.

Sometimes they antagonize Super Goof, Mickey Mouse, or some other characters from Walt Disney's comic books.

Although the characters are obviously based on dogs, they in no way resemble the actual beagle breed.

## Ma Beagle

**Ma Beagle** is one of the main antagonists of *Ducktales* and its 2017 reboot series who serves as the mother and leader of the Beagle Boys, a gang that consists of her sons.

She was voiced by the late June Foray in *DuckTales* - who also voiced another *Ducktales* villain, Magica De Spell, as well as Natasha Fatale in *Rocky and Bullwinkle*, Lucifer in *Cinderella*, Witch Hazel in *Looney Tunes*, Sour Kangaroo in *Horton Hears a Who!*, and Wheezy in *Who Framed Roger Rabbit* - and by Margo Martindale in the 2017 *DuckTales* reboot series.

### 1987 series

Ma Beagle, based on the real-life gangster Ma Barker, is the mother of the seven Beagle Boys featured on the original *DuckTales* series (named Bigtime, Burger, Bouncer, Baggy, Bankjob, Bugle/Bebop, and Babyface) and the clan matriarch. She often smuggles hand grenades, chainsaws, and other tools in baked goods which easily pass prison security to help her sons escape from jail.

Although she appears to be more competent than her children, she is always outwitted by Scrooge and his nephews. However, she avoids being arrested in season 1, and in season 2, she takes a more active role until she is finally arrested.

## 2017 reboot

Ma Beagle returns in the reboot series and continues to be the leader of the Beagle boys and as one of the four leading villains alongside Magica De Spell, Flintheart Glomgold, and Mark Beaks. She is more mean and abusive towards her sons in this series. She has a grudge against Scrooge for stealing the deed of her Grandpa Beagle as mayor.

## Grandpa Beagle

**Grandpa Beagle**, also known as **Blackheart Beagle**, is one of main antagonists alongside Flintheart Glomgold and Magica De Spell in Donald Duck comics. He is the grandfather, founder, and sometimes leader of the Beagle Boys.

He first appeared in the Carl Barks stories The Fantastic River Race (as Blackheart Beagle) and The Money Well (as Grandpa Beagle). He served as the main villain of the Don Rosa stories in the Ducktales comics even leading a villain team up in a comic special.

He made a cameo in the 2017 *Ducktales* reboot episodes *McMystery at McDuck McManor* in a painting and in *Last Christmas* in a Scrooge's past, voiced by Eric Bauza. In "The Fantastic River Race" and The Life and Times of Scrooge McDuck, Blackheart Beagle looked very similar to his present-day grandkids, albeit with a long mustache, a black and blue uniform and sailor hat. In "The Money Well" he looks like an old Beagle Boy with the number 186-802.

Grandpa Beagle is used again in 1962 by Rodolfo Cimino, as the Beagle Boys' leader, in the story Zio Paperone caporale d'assalto. In

Italian stories, Grandpa Beagle has the word "Grazia" instead of a number, indicating that he may have been pardoned. Sometimes he is portrayed in the same physical shape as his grandchildren, sometimes thinner, and sometimes he's thin when all the Beagle Boys are shown as such.

### Ottoperotto

**Ottoperotto** is the Beagle Boys' pet dachshund. Like his masters, he wears a red shirt and a green cap, marked with the number 64. The Beagle Boys frequently take 64 along on their robberies, to act as a guard dog and to reach spaces too small for the Beagle Boys themselves. However, the plans are often spoiled by 64's constant, voracious appetite. Whenever Ottoperotto smells food, he abandons everything else to get to eat it.

## Beagle Boys in *DuckTales* (2017)

In the 2017 reboot of *DuckTales*, the Beagle Boys are separated in several different gangs who follow a theme, as revealed in the episode "The Beagle Birthday Massacre!".

### The Original Classics

The Original Classics consisted of Bigtime, Burger, and Bouncer Beagle who were in the original series. They debuted in the episode "Daytrip of Doom!", where they kidnapped Huey, Dewey, Louie, and Webby and held them for ransom.

#### Bigtime Beagle

#### Burger Beagle

#### Bouncer Beagle

### The 1987 Beagle Boys

Debuting in *Last Christmas*, the 1987 Beagle Boys are led by Grandpappy Beagle. Unlike the other current-day Beagle Boys, they wear prison numbers on their clothing, likely as an homage to their original counterparts from the 1987 series. Their members also consist of three brothers who served on the same team in the original series.

Everyone gasped when I finished.

Rai (Tai Chi): That is crazy!

Sena: No kidding!

Seth (Di Gata): Yeah that is nuts.

Me: They are all now safely behind bars in the Uranus Prison.

Nico: Yep.

Me: So this is our third time here in Duckberg.

Vince: That makes sense.

Eli: But it's awesome seeing this place.

Cheshire: How about we see Scrooge's mansion first?

Me: Good idea.

Scrooge McDuck: Follow me laddies.

We went to Scrooge McDuck's amazing and magnificent mansion.

Me: Wow! Your mansion is amazing Scrooge.

Scrooge: Thanks lad.

We went in and it was an amazing mansion fit for a king.

Nico: Wow! Scrooge your mansion is amazing.

Me: Just as nice as my mansion when my family got it the first time.

Laney: Boy I'll say.

Emma (ELGVTWD): It sure is nice.

Scrooge: Aye lass. It's home.

We went in and it was a REALLY nice mansion.

Twilight Sparkle: I really like your mansion Scrooge.

Scrooge: Thank you lass.

Nathalie: (to the Mane 9) As you girls can see, Scrooge is pretty much loaded.

Twilight Sparkle: Wow! He sure is!

Fluttershy: How much is he worth now?

Me: He's worth $782,836,867,768,683,648,865,868.00 now.

Laney: Yep.

Applejack: Hoowee! That is a lot of money.

Princess Luna: More money than anyone can ever make.

Me: Yep and he's worth more than Mr. Burns ever will be.

Miku Hatsune: The Bassoon Burns will never be that rich.

Me: Yep. And Flint Glomgold is now in prison for the rest of his life without a single penny.

Nico: What Prison did we send him to again?

Me: Planet Nine Prison.

Nico: I forgot about that one.

Eli: Planet Nine?

Me: It's a planet that is located on the very outskirts of the Solar System at 29 billion miles away from the Sun.

Pinkie Pie: Wow! That's far.

Rainbow Dash: No kidding.

Me: Yeah.

Iron Lung: But don't worry. Scrooge knows not to let money get to his head.

Starlight Glimmer: That's a relief.

Cozy Glow: Thank goodness for that.

Scrooge: Would you all like some tea while we're here?

Me: Sure.

He went and got us some. We sat down and waited.

Motormaster: If there's one person who's left money get to his head, it's that jerk Flip.

Nico: You got that right.

Laney: I hate that monster.

Lily: Yeah.

Me: By the way guys, Lisa and I found out some REALLY disturbing secrets about Flip.

Nico: Lets hear them.

Lisa: I have conducted a huge scientific research study on our old friend Phillip Phillipini or Flip as he is known. And this is what I found.

We saw X-Rays of Flip and we saw that his body was a disgusting freak of nature! His organs and body were all jumbled up!

One of his feet doesn't feel pain under immense weight.

His heart is in his belly.

He can burp out of his ear, and his burps can wilt plants.

He can hold his breath underwater for five minutes.

He can swallow many gallons of water at once.

He can withstand sub-zero temperatures.

His internal organs mostly consist of food products.

His liver is in his neck.

His skin is one big callus.

He has fish gills on at least one of his legs.

He has four butt cheeks, and by extension two butt cracks.

His brain is in his knee (or at least that's where he feels a brain freeze.

We were amazed and repulsed.

Nico: HOLY CRAP!

Me: He's a freak!

Laney: I knew Flip was messed up but this is ridiculous!

Lola: Jumping Tiaras! I didn't know Flip was a mutant!

Lana: Cool!

Cyclops: He is a true medical marvel.

Kameo: No kidding. How freaky.

Ben: I know.

Magneto: I fear these aren't the only secrets Flip has.

Lisa Loud: Negative. For that part I will have J.D. tell you all about that.

Me: Okay. Guys you are not gonna like this. But me and Lincoln discovered something absolutely disgusting about him. We found out that Flip's Flippies have a poisonous ingredient in them. He uses a toxic substance in them that is used in making Angel Dust.

Nico: YUCK!

Lola: What's Angel Dust?

Me: It's known as Phencyclidine. It's a hallucinogenic drug that distorts sound and causes violent behavior! It's also as addictive as cocaine and heroin.

Nico: Wait! Flip has been Poisoning People with Angel Dust!? That's illegal!

Me: And it's not just that. He tricked numerous people into buying rotten and gross stuff with overpriced scams, Bootlegging his business under false identities, he made Beef Jerky out of roadkill (Lynn threw up all over), Flip also washed his stinky sweaty and filthy socks in the nacho cheese and the worst part is, (To the Mane 9) Girls you are not gonna like this, but the hot dogs he made were from horse meat.

Everyone gasped in utter shock, horror and absolute disgust!

Princess Luna: (disgusted) I think I'm going to be sick!

Horsea: Has he made food out of Horsea meat as well?!

Me: No thank goodness.

Nico: Holy crap!

Eli: That cheapskate is a massive health hazard!

Nico: And I thought Krusty did a lot of bad things like that with his meat.

Apu: (Indian Accent) Same with me. I did almost the exact same things that he did. (Season 5 Episode 13)

Nico: Right I remember that. But man what Flip did makes him worse than a garbage dump.

Scrooge brought some tea.

Myotismon: (to Scrooge) Thank God you haven't done the things Flip has!

Scrooge: Aye. Thank goodness too. Because I don't run fast food or anything like that.

Mr. Krab: Flip reminds me so much of myself that it's scary!

Nico: No kidding Mr. Krabs. But everything that Flip did is worse.

Princess Luna then threw up into a bucket and Princess Celestia pat her back. Chunk went to a sink in the bathroom and threw up in it and Slab pat his back.

Brittney: He's revolting.

Me: Yeah he sure is. Flip has done so many terrible things that he should have been labeled as a dangerous weapon of mass destruction and be permanently banned by the Geneva Convention.

Laney: Yeah you said it. Now I'm REALLY glad that cheapskate got what was coming to him.

Mr. Krabs: Aye lass. What a no-good eel-in-the-kelp that guy was.

Eli: You said it Mr. Krabs.

Pelea: Yeah he should have been given the Death Penalty for his crimes.

Nunnally: Yeah. He deserves it.

Me: But prison is much better.

Doofenshmritz: (to Scrooge) I'm glad the usual battles aren't immediately after this. But we'll need some tea to recover from this. LOTS of it.

Me: You said it.

We got lots of Tea.

Me: (Drinks Tea) Ahh. Yeah you aren't kidding. Sorry you guys had to hear all that.

Scrooge: It's all right lad.

Laney: We'll be over it shortly.

Myotismon: Yeah.

Nico: Good.

Then we heard explosions and people running for their lives.

Avalanche: Please let that be our next target!

Brittney: I sense a familiar presence!

Me: Who is it?

Nico: Yeah who is it?

Brittney gasped.

Brittney: MAGICA!

Brittney ran.

Nico: Follow her!

G1 Icepick: Brittney, hold on! Why don't you tell us more about Magica?

Maria: I'm just glad we found someone to take our minds off of Flip.

Brittney: Right. Magica and I have a terrible history. First I will start with her story.

She went over everything about Magica.

---

Magica De Spell is one of the main villains of the Donald Duck and Scrooge McDuck comic book series, as well as the DuckTales TV series and its 2017 reboot. She is an evil anthropomorphic Italian duck sorceress, who lives in a shack on Mount Vesuvius and relentlessly seeks to steal Scrooge McDuck's Number One Dime. In the comics, she mastered sorcery but lacked actual powers until later, and seeks to gain the Midas Touch and become the richest duck in the world. In some Italian comics and the cartoons, she needs to Dime to become powerful enough to rule the world.

How dangerous and malevolent she is vary from story to story, but the original ones depict her as one of the few villains Scrooge is really afraid of, despite being more ruthless than evil.

Before the events of the series, Magica (along with her twin brother Poe), were terrorizing a village by intimidating them into giving them their treasure and food as tributes, with Magica being the one who would enthusiastically use her magic to turn the villagers into animals like frogs and goats, either on a whim or as a cruel "compromise" for not doing something worse.

Sometime after the villagers inexplicably stop paying tributes, she and her brother created a shadow army out of their shadows to take their treasure more forcefully. However, Scrooge was caught up in all this since he was presumably passing through and refused to allow the first dime that he earned to be stolen. Therefore, he challenged Magica and her brother, and goaded Magica by claiming she relied too much on her brother and wasn't very powerful on her own. This angered Magica enough to take her brother's amulet and combine its power with her own to fight him. This ultimately culminated in her trying to turn him into a raven with a spell, but Scrooge deflected the spell right back at her with his dime. It was then that Poe threw himself into the path of the spell to save her, which turned him into a raven. This devastated Magica since she didn't know how to turn him back, and she actually started begging for Scrooge's help, including by offering him her powers and the rest of the treasure in exchange, but Scrooge refused, allowed him to fly out the window and left with a big bag of their treasure, saying that "that was she got for tussling with Scrooge McDuck". It was then that Magica combined the two amulets to create her staff and searched desperately for Poe, but due to the abundance of ravens she came across, it was impossible for her to track him down, which is what caused her to seek revenge against Scrooge in the first place.

Magica De Spell was an evil and abusive sorceress who destroyed everything in her path, including the Phantom Blot's village. She served as Scrooge's most hated and dangerous rival. Fifteen years before the events of DuckTales, during their final clash on Mount Vesuvius, Magica attempted to imprison Scrooge inside his Number One Dime, but the spell backfired and Magica herself was trapped inside the dime instead. Before she was trapped, however, she managed to turn her shadow into a sentient creature, Lena, who would help her "aunt" to free herself from the dime and seek vengeance on Scrooge and his family.

In "The Beagle Birthday Massacre!", after Lena becomes good friends with Webby, Huey, Dewy, and Louie, she travels to an unknown location and summons Magica's shadow, who turns out to be her aunt. Magica smirks as Lena tells her that she is in.

In "Terror of the Terra-firmians!", it is shown that Magica is now hiding in Lena's shadow when she frantically tries to hide it from Beakley. After Launchpad crashed the subway train and Beakley was trapped unconscious under one of the cars, Magica tells Lena to leave her, citing it will be easier to win Webby's trust without her, only for Lena to use her magic to lift the car and rescue Beakley instead. Later, Magica asks her niece why she didn't leave "the purple one", as she was getting in the way, only for Beakley to then grant Lena permission to come to the mansion whenever she wants for her actions. Lena then turns to her aunt and tells her that she has to "play the long game".

In "Jaw$!", Magica is shown to have regained some of her powers. She has Lena slip in an artifact known as the Hunter's Stone into Scrooge's Money Bin, where it will locate Scrooge's Number One

Dime and have it bring the dime to her via Lena and she will attack Scrooge in his very home to fulfill her revenge against him. Magica is annoyed at Lena's indifference to the plan but Lena reminds her she isn't doing this for revenge. In response, Magica promises to grant Lena her greatest desire when she completes her plan.

When Lena goes with Webby, Huey and Louie to the Money Bin to rescue Dewey, who has been eaten by a money shark made by the Hunter's Stone, Magica mistakenly believes Lena plans to feed them to the shark, which Magica calls Tiffany. Magica sees the friendship bracelet around Lena's wrist and instead surmises she is actually helping them but Lena claims this was the only way to keep them from telling Scrooge. Magica then tells Lena to stall them so Tiffany go grow larger which will only stop when it finds the dime. Ultimately, while Tiffany is able to acquire the dime thanks to a series of mishaps, Lena is able to destroy the money shark after it devours Scrooge and Webby, infuriating Magica. Magica realizes that Lena is becoming attached to Webby so she immobilizes her and reminds her that Lena sought freedom in exchange for aiding Magica, so Lena throws the friendship bracelet Webby made for her in the ocean.

In "The Other Bin of Scrooge McDuck!", Magica has Lena sneak into Scrooge's room and use a magical Vesuvian Diamond Dagger to cut the Number One Dime from his neck but is inadvertently foiled by Webby. Disappointed, Magica learns that Scrooge, aware that someone is going after his dime, is hiding it inside his Other Bin. She then schemes to retrieve the dime by infiltrating the Other Bin and coerces Lena to manipulate Webby into helping to locate the dime.

Eventually, Lena finds the dime, causing Magica to regain a physical form (albeit still as a living shadow). When Webby breaks into the dime's chamber and confronts Magica, Magica transforms Webby into a doll and uses it to torment Lena until she accidentally destroys Webby. It is soon revealed that this sequence was, in fact, a dream induced by a dreamcatcher. Lena rejects Magica for good, but before she can alert Scrooge of Magica's presence, Magica possesses Lena completely and decides to get the dime herself.

In "The Shadow War!", Magica is still posing as Lena and arrives at

Scrooge's mansion to steal the dime herself and weakening Scrooge with a potion she brewed, while also suppressing Lena. Her plan hits a roadblock when she hears that Scrooge's family and friends have moved out after the fate of the triplet's mother, Della Duck, is revealed. Despite this, Magica manages to trick Scrooge into letting her in by making it seem Webby thought he would have an "old man breakdown" after the kids moved out. Magica is shocked to see Scrooge and his mansion in such horrible condition after the kids left and initially thinks it is an act to con her. After tricking the rest of the McDuck Clan that he is coming to their boat for dinner, Magica tries to make Scrooge into drinking tea laced with her potion but is spilled every time Scrooge goes to drink it. Magica realizes that Scrooge isn't faking his depression and snaps him out of it. Magica then attacks Scrooge and steals his Number One Dime by force and restores her body using the dime and lunar eclipse.

Magica then traps Scrooge and Lena in a magic forcefield as she plans to destroy everything Scrooge loves. She then pulls Lena back into her shadow while trapping Scrooge into his Number One Dime. Magica then casts a spell to manipulate the shadows of the Duckburg populace (including other villains such as Flintheart Glomgold and Gabby McStabberson) and heads to the Money bing. From there she plans to make Scrooge watch her destroy Duckberg while she destroys his fortune. Scrooge's family and friends launch a counter attack against Magica. Magica personally fights Huey, Dewey, Louie, and Webby, who infuriate her nonstop. Magica tries to finish off Webby and Dewey but the power of Webby's friendship bracelet saves them. The bracelet then gives Lena enough power to give her form and screams at Magica to "get away from my best friend, aunt Magica" before attacking her. Magica calls Lena nothing before disintegrating her, causing Webby to attack Magica with unbridled rage while Dewey takes the dime while Magica is distracted.

Magica fires a magical blast at Dewey but he uses Scrooge's Number One Dime to shield him, inadvertently freeing Scrooge from the dime. Scrooge fights her and gloats how her attack managed to save him from losing his family before managing to get Magica's staff away from her and Donald accidentally cracks the jewel on the top using his head. This causes Magica's spell to be undone and

Magica herself loses all of her powers before Launchpad, Scrooge's chauffeur/pilot, crashes directly on top of her. Magica swears they haven't seen the last of her before attempting to disappear using a smoke bomb, only to reappear running away after coughing.

Season 2

In "The 87 Cent Solution!", Gizmoduck mentions that there has been no sign of her for several months, implying that she is in hiding plotting her next move.

In "Nothing Can Stop Della Duck!", Louie mentions her when his mother, Della Duck, returns, thinking Magica conjured her as a curse on the family before realizing Della really has returned.

In "Friendship Hates Magic!", she briefly appears in the Shadow World, showing she still has influence there.

In "A Nightmare on Killmotor Hill!", after Lena, Webby, Huey, Dewey, Louie, and Violet are trapped in a lucid dream they share, Magica appears before Lena and starts haunting her Lena while she keeps it secret from the others. Magica eventually confronts in Lena's own personal nightmare and reveals she is real and trapped Lena in a nightmare realm of her own design. Magica tries convincing Lena that she and Lena are one in the same and belong together because they are both evil. When Lena's friends arrive, Magica changes Lena's appearance to make her look and sound exactly like Magica and watches as she manipulates them into attacking Lena, despite Lena's pleas. When Violet knocks Lena against a mirror, Magica reappears and reaches her hand out towards her, offering no more pressure to be good. Lena almost accepts it when Webby recognizes Lena's friendship bracelet and realizes it is Lena. Webby manages to convince Lena she is good enough so Magica grabs her hand and tries to suck Lena into the mirror and take her powers back by force. All of Lena's friends pull her away from her and through their friendship bracelets, manage to summon enough power to break Magica's hold on her, waking them all up.

They all notice a flying device outside their window and when they follow it they find Magica hiding in the shadows. Magica reveals she has been infiltrating Lena's dreams for the past week trying to get Lena to restore her powers. When she kept waking up, Magica decided to trap her friends in her dream to manipulate her into doing it, but failed. Magica steps out of the shadows asking Lena to take her hand and restore her powers, stating Lena needs her. At this point it is revealed that Magica is a shell of her former shelf, her clothes tattered and hair disheveled, and has resorted to using a telepathic helmet to infiltrate their dreams. Lena then boldly states that she doesn't need her, Magica needs Lena and uses her magic to destroy the telepathic helmet. Magica angrily reaches through the gate to threaten them but they simply walk away ignoring her.

In "GlomTales!", Magica is revealed to be working at Funso's Fun Zone performing fake magic tricks and the like for children's birthday parties in order to scrap by. However, she is soon approached by Flintheart Glomgold, albeit reluctantly on his part, to join a team/"family" consisting of all of Scrooge's biggest enemies to collectively bring him down once and for all, to which she enthusiastically agrees for the sake of getting her revenge on Clan McDuck. However, when they go to invade Scrooge's mansion, which they do quite efficiently with their combined efforts, they are disappointed to find out that only Louie is home, since he was left behind while the rest of them went on a trip to Big Rock Candy Mountain. She suggests that they destroy him as a warm-up, but Louie then states that he actually wants in on their plan, pretending to seek vengeance himself for being grounded.

Using Don Karnage's blimp, the Iron Vulture, they travel to the Money Bin where Scrooge and his family are already waiting for Glomgold, where they were supposed to meet for the conclusion/ deadline of Glomgold and Scrooge's bet, and with the expectation that Scrooge has won it, and by extension, Glomgold's company, since he had much more money than him. After incorrectly assuming Magica spearheaded this plan to get her revenge, much to Glomgold's annoyance, the group of villains soon get into a big fight with the McDuck family, with Glomgold and Magica arguing over who gets to handle Scrooge. However, the fighting is soon broken up by Louie, who reminds the villains that "this isn't the plan", with Scrooge being subsequently shocked that he's helping them. Louie then reveals that their real goal was to pool their collective reserves of money together, which gave them more than Scrooge, helping Glomgold to win the bet, in exchange for sparing Scrooge and the family's lives, as well as making Louie his new partner.

Overjoyed at winning the bet, Glomgold gloats over his apparent victory, declaring he doesn't need the other's help anymore and plans to keep all the money for himself as the richest duck in Duckburg. However, Louie then reveals his scam; due to Flintheart Glomgold being a fake identity for his real name, Duke Baloney, and that being the name he used when he signed the paper when they made the deal, all his money automatically goes to his new partner, that being him. Magica and the other villains become furious with Glomgold for first trying to steal their fortunes, then subsequently losing them all to a child, and try to attack him. However, Glomgold gets away by diving into the sea and swimming away, after which the rest of them retreat to the blimp, presumably to chase after him.

Season 3

In "The Phantom and the Sorceress!", The Phantom Blot desires to destroy Magica De Spell because she destroyed his village years ago after she grew bored with the villagers trying to placate her. As such, the Phantom Blot had grown to despise magic of all kinds regardless of whether it is used for good or evil. Meanwhile, Webby and Violet convince Lena to seek out Magica to help her control the amulet after being attacked by him, after which they track her down living by herself in a swamp. Magica initially doesn't want anything to do with them, but once she sees that Lena has the amulet, she agrees (although she makes it more than a little obvious that she really just wants to take the amulet back when she gets the chance so she can regain her powers). She also agrees because, of course, the Blot is one of her own enemies, albeit as a result of her own actions. Despite Lena making some progress from their training, the Blot overpowers them and drains the amulet when he tracks them down, causing Lena to fade away. However, Lena uses her own magic, powered by the bonds with her friends, to defeat the Blot and return the stolen magic and luck. In the aftermath, Magica regains her amulet and powers and tries to betray the girls, but is beaten by Lena, who pledges to use her powers to battle dark magical forces.

In "The Life and Crimes of Scrooge McDuck!", Magica returns as

Doofus Drake's third and final witness/"victim" in a mystical karmic court, where he is trying to sue Scrooge for creating his own enemies as a way of exacting vengeance against Louie. Magica is participating because by winning the case, she'll be entitled to Scrooge's Number One Dime. For her case, she tells a story about how she, along with a twin brother she had named Poe, were terrorizing a village by intimidating them into giving them their treasure and food as tributes, with Magica being the one who would enthusiastically use her magic to turn the villagers into animals like frogs and goats, either on a whim or as a cruel "compromise" for not doing something worse.

When Louie questions why any of this is relevant since she was clearly already very villainous, she then recalls an experience where, after the villagers inexplicably stop paying tributes, she and her brother created a shadow army out of their shadows to take their treasure more forcefully. However, Scrooge was caught up in all this since he was presumably passing through and refused to allow the first dime that he earned to be stolen. Therefore, he challenged Magica and her brother, and goaded Magica by claiming she relied too much on her brother and wasn't very powerful on her own. This angered Magica enough to take her brother's amulet and combine its power with her own to fight him. This ultimately culminated in her trying to turn him into a raven with a spell, but Scrooge deflected the spell right back at her with his dime. It was then that Poe threw himself into the path of the spell to save her, which turned him into a raven. This devastated Magica since she didn't know how to turn him back, and she actually started begging for Scrooge's help, including by offering him her powers and the rest of the treasure in exchange, but Scrooge refused, allowed him to fly out the window and left with a big bag of their treasure, saying that "that was she got for tussling with Scrooge McDuck". It was then that Magica combined the two amulets to create her staff and searched desperately for Poe, but due to the abundance of ravens she came across, it was impossible for her to track him down, which is what caused her to seek revenge against Scrooge in the first place.

After hearing her story, Louie admits that, despite coming across with strong arguments against Flintheart Glomgold's and Ma Beagle's cases prior to that, he can't come up with a good argument against this, and doesn't even know if they should, especially when Scrooge admits that he ended up using the money to buy the villager's a farm, but then used it to sell their milk, since by then, most of them had been turned into goats. It is then that Louie and Scrooge finally decide to take responsibility, with the latter offering a sincere apology to her and the others for the wrong he's done them. Magica, however, is still angry and tries to lunge at him, but she is then transported to the guilty side of the giant scale, because the court interprets this as an admission of guilt and declares that as a result, Glomgold is entitled to his fortune, Ma Beagle to the deed to Duckburg, and Magica to his Number One Dime. They initially celebrate this, but Louie is able to come up with a strong counterargument that all of them shaped Scrooge as much as he shaped them. Much to their collective dismay, this leads to them winning the case and Scrooge being acquitted of all charges. Magica is especially enraged at this outcome and tries to attack them with a spell, but they are teleported away to safety before it can make contact.

Magica makes one more appearance in "The Last Adventure!" as a captive in the Lost Library, due to Bradford wanting to eliminate everything and everyone associated with the Duck family's adventures. Steelbeak ends up unleashing her, along with Flintheart Glomgold, Ma Beagle and the Beagle Boys, then turns them into mindless drones to fight Launchpad. Initially, they beat him up rather badly, but after Darkwing, Fenton and the rest of the prisoners offer him words of encouragement, he uses the rebooted Gizmoduck armor to fight back and defeat them before going on to release everybody. After Bradford is defeated, Magica, Flintheart and the Beagle Boys all show up and express their disgust towards Bradford for using them. Deciding that Bradford is too despicable to go scot-free, Magica briefly puts her feud with Scrooge aside and turns Bradford into a normal buzzard before keeping him as a pet as punishment for his actions before they take their leave.

When Brittney was done we were horrified!

Me: Whoa!

Brittney: Magica and I are terrible enemies.

Nico: How bad? J.D. VS Chip Whistler bad?

Brittney: Slightly less. But somewhere right up there. I have always been better at her in everything.

Lucy Loud: Gasp!

Me: Whoa!

Eli: That's bad.

Nico: Yeah.

Lana: Is she after anything?

Brittney: Yes and I know what it is. She's after a mystical staff from Aztec Myth.

Johnny 13: She's after an Aztec Staff?

Kairi Yano: Finally! A treasure not in a safe!

Nicole: She's not just after any kind of staff. She's after the Staff of Tezcatlipoca, the Goddess of Darkness. The Staff holds the power of the entirety of the night sky and the powers of darkness in its entirety. It's a staff that is so powerful that no force of evil can match it.

Nico: Then we have to get to it first.

Nicole: It's not that easy. It will only appear in the Amazon Rainforest when a Solar Eclipse turns the daytime sky into night.

Me: That's today!

Nico: Then we got to get there fast! Lets go!

We flew fast to South America and Magica saw us flying fast.

Magica: (Eastern European Accent) What!? Not if I get there first!

She turned into a vulture and chased after us.

We arrived in Brazil and were trekking through the rainforest.

Muscle Man: Hey, guys. You know else likes getting Aztec Treasure?

Blot: I know the answer to this one.

Muscle Man: My Mom!

We laughed at his joke.

Pelea: I don't get it.

Česká: We don't either. But they are funny.

Sea: Yeah they sure are.

Nicole: We're here.

We arrived the spot where the temple of Tezcatlipoca is supposed to be.

Nico: There's nothing here.

Nicole: Not yet there will be.

We saw the Sun being overshadowed by the moon and when it went into Umbra we saw the night sky turn into day and we saw The Temple of Tezcatlipoca!

Nicole: There it is!

Daring Do: Wow! That is amazing!

Rainbow Dash: Awesome!

We went in to the Temple and we saw that it was hundreds, maybe thousands of years old.

Me: Wow! This temple is amazing.

Eli: Hey look at this.

Eli showed us that there was a bunch of Aztec Symbols and they looked like they were in a story.

Me: It's a story. Lets see here.

I looked at it.

Nico: What does it say?

Me: It says "Long ago, the evil Aztec Tyrantesss Princess Chalchihuitlcue, came and threatened to destroy the entire Aztec Civilization with a powerful and mighty campaign to bring down the mighty and great civilization. None of the bravest soldiers of the Aztec Empire could stop her terrible armies as they brought terror to all. The Great king of the Aztecs, Tenoch, then called upon the Goddess of the Night Sky, Tezcatlipoca, where she bestowed upon him a mighty staff with which he used to imprison Princess Chalchihuitlcue and her entire army in another dimension where they will stay forever. The staffs power was so great that anyone evil that challenged the Aztec Empire met a terrible end. Realizing that the staffs powers was so intense and fearing that in the wrong hands it would be used to destroy the world, King Tenoch hid the staff in this temple and under the night sky of the black sun can this temple emerge where it will be found. Waiting for the day where one person that is a true master of darkness and dark magic can use the staff for good and smite the forces of evil."

Nico: Whoa! That's amazing!

Eli: Wow! That's incredible! I didn't know there was an awesome story behind it.

Yang: Just like the Sword of Viracocha.

Laney: That is amazing.

Daring Do: It sure is.

Nico: Yeah. Lets find that staff.

We went into the temple and we walked down a hall and we saw a huge room and in a pillar of dark blue light and stars in an altar was The Staff of Tezcatlipoca!

Nicole: The Staff of Tezcatlipoca.

Rainbow Dash: Awesome.

Brittney: I'll go for it.

Brittney went up to the staff and then she grabbed it and pulled it out and then she gasped and the staff was hers!

Me: WHOA! She did it! She lifted the staff!

Nicole: It was made for her!

Brittney: Wow! I can feel its power surging through me!

Suddenly Brittney had a flash of light come out of her and she was enveloped in a vortex of darkness, stars, moons and the night sky and the vortex exploded out of the temple and it formed into a terrifying bat of darkness and the energies of stars and nebula gas was pouring into the bat. When the vortex faded, Brittney was forever changed!

(IMPERATRIX MUNDI BY JOE BLANKENBURG PLAYS AT 1:35 to 2:14)

Brittney had longer black hair that went down to her ankles, she had a bat with red eyes and fangs next to a purple crescent moon and her eyes were purple and the sclera were as black as night, her earrings were now moons with bats, she had a black goth gothic dress that had the stars reflected in them as well as bats, moons, scary trees and more in it and she had black spiked fingerless gloves and black stilleto shoes and she had black angel wings made of pure black fire and black lightning and she had scary vampire fangs in her teeth. On the back of her shirt was the kanji for "Brittney Allison Knudson, Vampire Emissary of Tezcatliopoca, Master of Dark Magic, The Windigos, and the Ultimate Empress of the Night."

ブリットニー・アリソン・ナドソン、テスカトリポカの吸血鬼使

者、ダークマジックのマスター、ウェンディゴ、そして夜の究極の皇后。

She had a pitch black aura around her and waves of darkness, black fire and black lightning were swirling around her. She transformed into a SUPER ANGEL 100,000,000,000 NIGHT EMPRESS VAMPIRE!

We gasped in shock!

Me: WHOA! Brittney transformed!

Nico: WOW! She's a true master of the night now!

Eli: Incredible!

Lucy Loud: Gasp!

Haiku: Amazing. Her power is incredible.

Persephone: Wow. She is amazing.

Raven: Incredible.

Me: Brittney, how do you feel?

Brittney: (Divine Echoing Darkness Voice) **I feel amazing dad. This power is more than enough to make Grandfather pay 100 times over.**

Laney: Wow! Brittney you look incredible!

Vince: Your power is completely unreal.

Carol: Amazing.

Princess Luna: Wow! Brittney you look absolutely amazing. You look like a true master of the night.

Brittney: **I'm glad you think so.** (Senses something) **Looks like our guest is here.**

Nico: Magica. Stand ready!

We stood ready and Magica came in and she saw us.

Me: Magica De Spell. So we meet at last.

Magica: Team Loud Phoenix Storm. Honor to meet you all.

Me: For the last time.

Cheetah: Give us one good reason why we should let you live!

Magica: (smirks) Because I know how to defeat Grandfather.

Nico: Say what now?

Magica: That's right. Grandfather isn't gone. He's merely biding his time. Let me live and I'll tell you how to beat him.

Numbuh One: (laughs) You really expect us to buy that Grandfather's going to make a move in the future? That's the most deseperate lie I've ever heard!

May: (to us) For our sake, I hope she's lying!

Eli: For once she's telling the truth! I sense that she's not lying! The Force is telling me that Grandfather will make his move on July 20th.

Me: That's in 12 days!

Nico: Oh man! Then we got to be prepared!

Brittney then came out and Magica saw Brittney in her new transformation.

Brittney: **Hello Magica. Its been a while.**

Magica: Brittney Knudson, I see you got a new look. And you have my staff!

Brittney: **It was never your staff Magica. Only a true master of darkness and dark magic can wield it. You are just a second best has-been.**

Juggernaut: How the Hell did you even know about Grandfather?

Magica: Oh, I know all your secrets. (To the Loud Kids) Even the ones all of you haven't shared with each other?

Lori: So why don't you literally spit them out right now?

Magica: (laughs) And ruin it for all the other villains who know all your secrets too?

Me: Oh really! Well I know one of your secrets too.

Brittney: **You like to play with action figures when no one is looking!**

BUSTED!

Magica was shocked to know that Brittney knew about that!

Nico: NICE ONE!

Then Wolf, Carmen Dillo, Trickster, Zs'Skayr, Mr. Mittens, Boomerang, Box Ghost, Devack, Nergal and Rex Goodwin appeared.

Me: Wolf, Carmen Dillo, Trickster, Zs'Skayr, Mr. Mittens, Boomerang, Box Ghost, Devack, Nergal and Rex Goodwin.

Mr. Mittens: Had a feeling we would find you all here.

Boomerang: We saw the massive vortex of darkness and figured this is where you were at.

Me: I had a feeling.

Devack: It's about time we found you guys!

William: You thought we were in Duckberg, didn't you?

Zs'Skayr: Of course we did!

Box Ghost: But then, we found out that you guys were all the way out here.

Carmen Dillo: Good thing I curled up into a ball to find you guys faster.

Me: You guys are fast at getting here though and Brittney just received an awesome new weapon.

She showed it to them and it glowed a powerful dark blue.

Rex: The Staff of Tezcatlipoca!

Brittney: **Yep. And it chose me as its master and I got a new transformation as a result.**

Nico: It's awesome!

Rex Goodwin: Amazing!

Then a bunch of figures came out and we saw that they were THE DINOSAUR SPIRIT OF EL OLOROSO, THE GHOST OF MERLIN, THE GHOST OF CHEF PIERRE GOULASH and THE GHOST OF JEREMIAH PRATT!

Shaggy: ZOINKS! It's the Dinosaur Spirit, The Ghost of Merlin, The Ghost of Chef Pierre Goulash and The Ghost of Jeremiah Pratt!

Scrappy: Oh boy! Time to splat some ghosts!

Qin: These guys are trouble!

Twilight Sparkle: What were they known for?

Qin: The Dinosaur Spirit was really Señor Luis Cepeda who was after gold in a mine that was under a museum in Costa Rica. He found an active vein there and used the Dinosaur Spirit fake legend to scare away people to sell the gold illegally on the black market. The Ghost of Merlin was really the disgraced magician Zarko who wanted to steal Shaggy's uncle's jewels all for himself. The Ghost of Chef Pierre Goulash was really one of Daphne's former security guards Mr. Gordan. He wanted to steal all of Daphne's furniture to sell for a huge buck. And the Ghost of Jeremiah Pratt was really Will Henry Pratt, Jeremiah Pratt's great-great-grandson and he was trying to scare people off of Pratt's peak to get gold that was for the U.S. Mint in Denver.

Applejack: Wow!

Fluttershy: What were their fates?

Qin: Cepeda got 30 years in a Prison in Mexico, Zarko got 15 years in prison, Mr. Gordan got 25 years and Will Henry Pratt got 40 years.

Nico: Yep.

Me: Good riddance.

Then 5 Figures came and they were Ben's enemies: THE FOLK!

Joseph Mundy aka Eagle,

Clyde Kemper aka Albatross,

Richard Franko aka Vulture,

Johnny James aka Owl,

And Skye Quinn aka Swan.

Ben: The Folk!

Vulture (Ben 10): Long time no see Tennyson.

Swan: It sure has been a while.

Me: Weren't you the band of bird villains that Ben stopped?

Owl: That's right and it's an honor to meet you J.D.

Albatross: We heard so much about you and everything you did.

Eagle: Yeah you are a true hero.

Me: Thanks. Who are you gonna be the archenemies of?

Vulture (Ben 10): We chose Tatsumaki.

Tatsumaki: Wow! I'm honored.

Me: Tornado of Terror VS The Folk. Nice!

Tiki Torch: I choose the Dinosaur Spirit.

Miss Spell: I choose the Ghost of Merlin.

Daphne: I'll take the Ghost of Chef Pierre. Turns out he and my family have a history together.

Me: Right I remember that.

Hinata: And I know just the archenemy for Jeremiah Pratt. Natsu?

Natsu Dragneel: Me?

Hinata: No Natsu Hyuga.

Natsu Dragneel: Oh sorry.

Natsu Hyuga: I'm honored that you would pick me Hinata.

Hinata: You helped me out many times and I figured you would like to have a chance.

Natsu Hyuga: Thank you.

?: Lots of archenemies huh?

A figure came out and it was GNARLY GNOME from episode 5 of Mighty Morphin!

* * *

Gnarly Gnome is created by Finster who first mentions him as the monster Rita wants to brainwash the Power Rangers. When Finster creates him, Rita sends him to Earth where the viewers first see him jumping into the Angel Grove Youth Center area where he quickly brainwashes a group of girls that happens to be the friends of Kimberly's deaf friend Melissa. He holds them as hostages in a cave and makes them dance uncontrollably with his music. He takes them hostage alongside Squatt and Baboo who cooks him a meal and they all fall asleep but Rita soon awakens them. Melissa leads

Kimberly and the others to the cave and Kimberly has Melissa take cover, thereby preventing her from seeing her and her friends morph into the Rangers. When the Rangers arrive, Squatt and Baboo leave Gnarly Gnome alone to fight the Rangers and he is confident in their defeat. Teleporting outside of the cave, Gnarly Gnome blasts them but they dodge and the Power Axe and Power Lance disarm him before the Power Daggers and an arrow from the Power Bow cripple him and Jason cuts him down completely with the Power Sword. With Gnarly Gnome down, they form the Power Blaster and destroy Gnarly Gnome who is blown onto his back and explodes into pebbles.

---

Kimberly: Gnarly Gnome!

Gnarly Gnome: Been a while Pink Ranger.

Me: I remember you! You were sent to brainwash the Power Rangers and you were sent to the Angel Grove Youth Center and brainwashed a bunch of girls including Kimberly's friend Melissa. You held them hostage and made them dance uncontrolably with your music.

Gnarly Gnome: That's right. Good memory on you J.D.

Me: Never missed an episode.

Joe Burton: Are you related to the gnomes I encountered before?

Gnarly Gnome: (laughs) I do look like them, don't I? But no. I'm not related to them.

Me: That's good. But this is gonna be interesting.

?: It sure will.

Another figure came out and it was LOCOMOTIVE ORG from episode 37 of Wild Force!

---

The final Org created, Locomotive Org was born in a train station and took the form of a Steam Locomotive before moving to attack Turtle Cove. He confronts the Wild Force Rangers in a train yard when they came looking for him after Merrick sensed how strong he is. The Rangers morphed and they took on the final Org (with Jindrax watching on and waiting for them to use the Jungle Blaster so he can use it to save Toxica), but none of their weapons had any effect on him. Locomotive Org made a beatdown on all six of the Rangers with his shear power. Not even the Red Ranger's Falcon Summoner Archer Mode can defeat this Org. Locomotive Org was about to finish them off until Jindrax appears and (much to both the Org and Rangers confusion) attacks the Locomotive Org. He then holds Locomotive Org down and encourages the Rangers to destroy it with their Jungle Blaster's Savage Blast so he could use the power to save Toxica which they oblige.

However, Jindrax enlarges the monster with Toxica's staff and the Rangers summon the Wildzords to form the Wild Force Megazord Sword and Shield Mode and the Wolf Ranger summons his Wildzords to form the Predazord. They took on the Org. Unfortunately, none of the Megazords' weapons had any effect on him and the Locomotive Org was still too powerful. He took out the Wild Force Megazord with his fire breath, badly wounding the Red Lion, Yellow Eagle, Blue Shark, White Tiger and Elephant Wildzords, so the Rangers then summon the Gorilla, Black and Polar Bear, Armadillo and Rhino Wildzords to form the Kongazord Striker. While the Kongazord was evenly matched, its Final Strike had no effect on the Org, and the Predazord's Gator Staff didn't work either. The Org took the Gator Staff and used it against the Zords, but it was rescued by the Kongazord Striker Spear Mode. The Org still made a beatdown on both Zords and then took out both the Kongazord and the Predazord by shooting a wave of fire at them, leaving the Gorilla, Black Bear, Polar Bear, Giraffe, Alligator, Rhino and Armadillo Wildzords badly injured.

The Rangers were in big trouble, but luckily the Black Ranger said that the Black Bison Wildzord is feeling fine and that he wants to keep on fighting. With only one option left, the Rangers summon the Falcon Wildzord and combined the Falcon, Hammerhead Shark, Wolf, and Bison Wildzords to form a brand new Megazord combination, the Isis Megazord Predator Mode. As much as he tries, Locomotive Org was no match for the new Megazord and is destroyed once and for all by its Wings of Animaria attack.

---

Merrick: Locomotive Org!

Locomotive Org: Been a while Wolf Ranger.

Me: I remember you too! You were made from a train and sent to attack Turtle Cove. You left the Gorilla, Black Bear, Polar Bear, Giraffe, Alligator, Rhino and Armadillo Zords badly injured.

Locomotive Org: That's right. Good memory.

Me: Never missed an episode.

Pelea: I'll face him.

Locomotive Org: So I get to face a Lava Golem as my archenemy.

Pelea: You sure do. This is gonna be great.

Me: Even though it's not your turn yet this will be fun to see and for you to get some practice yet Pelea.

Pelea: It sure will.

?: Don't forget me.

We saw another monkey and he had cymbals. It was CHA-CHING CHA-CHING!

Cha-Ching Cha-Ching: I, Cha-Ching Cha-Ching, cymbalize chaotic calamity!

CLANG CLANG CLANG CLANG!

He made Cymbal slams that were loud enough to shatter glass!

Rukia: I'll face this clod!

Me: Awesome. Lets power up and go at them.

Battle 1: Dante, Twilight Sparkle, Star Swirl, Magic Skylanders, Winston (Overwatch), Gorilla Grodd, Donkey Kong, Phage and Lasher VS Devack of the Monkey

Devack was first.

Devack: (to Dante) In my opinion, Brittney deserves to be better than Magica.

Dante: You got that right. The Staff of Tezcatlipoca is perfect for her as the Empress of Darkness.

Twilight Sparkle: This was an amazing Daring Do worthy adventure. I've read all the Daring Do books and I'm the one that introduced Rainbow Dash to the series.

Star Swirl: Daring Do is one amazing adventurer. And I also agree with Dante and you Devack.

Devack: Thanks.

Spyro: You're welcome. But it's so awesome how Brittney knows a lot of Magic Spells and all that.

Winston: It sure is.

Gorilla Grodd: I think so too. She is amazing.

Donkey Kong: Yeah!

Devack: She sure is. Lets get it on!

Donkey Kong: HERE COMES DONKEY KONG!

Devack fired waves of yellow fire and they dodged it and fired waves of yellow fire, magic, energy, bananas and coconuts and smashed him down.

Dante: All right!

Twilight Sparkle: That was great!

Donkey Kong: (POUNDS CHEST AND HOWLS)

---

Battle 2: Edd/Iron Boy, Sunset Shimmer, Gusty the Great, Fire Skylanders, Danny Phantom, Sam Manson, Tucker, Valerie Grey, Dani Phantom, Jazz Fenton, Shockwave and Soundwave VS Zs'Skayr

---

Zs'Skayr was next.

Zs'Skayr: (to Iron Boy) We better check the retirement home Grandfather's powerless form is in just in case Magica IS telling the truth.

Edd: I agree with you completely on that.

Sunset Shimmer: If he is gonna return like Magica says he is then we have to be ready for him.

Gusty: That's right and Grandfather is 1,000 times worse than Father.

Sunburn: Yeah he is. Numbuh 1 told us all about him and he is ultimate evil.

Danny Phantom: Yeah what a monster.

Sam Manson: We'll be ready for him.

Tucker: Yes we will be ready.

Valerie Grey: And he will be pay for his crimes.

Jazz Fenton: Yeah. No one turns our planet into a tapioca factory warzone overrun with Senior Citi-Zombies and gets away with it.

Rarity: Indeed he did darling but it's horrible that Flip did all that behind everyone's backs.

Sweetie Belle: Washing his sweaty socks in Nacho Cheese Sauce, making beef jerky out of roadkill, and hot dogs out of horsemeat! He's a monster!

Mistmane: Everyone in Equestria would hate his guts and call him Public Enemy Number 1.

Box Ghost: That is a very accurate term and that is absolutely disgusting! But I heard he also mixed his Flippies with Angel Dust! What the Hell was he thinking on that?!

Gill Grunt: Obviously nothing at all. He didn't care how he was gonna get money other than by poisoning kids and everyone.

Pinkie Pie: That was amazing and it was amazing that Gollum disintegrated.

Somnambula: (Egyptian Accent) It sure was and it was because of the Ring's power to prolong life.

Sprocket: Yeah it sure was.

---

**Don Karnage** is the main antagonist of the 1990 Disney cartoon series *TaleSpin* (with Shere Khan being an anti-hero). A sinister, anthropomorphic wolf, he is the leader of a bandit group called the Air Pirates, serving as the archnemesis of Baloo, Kit, Rebecca, Molly, and Wildcat.

He also serves as a recurring antagonist in the Ducktales 2017 reboot. Just like his original he's the leader of his bandit crew "The Air Pirates" and he is also the archenemy of Dewey Duck.

He was voiced by Jim Cummings in *TaleSpin*, and later by Jaime Camil in the 2017 *DuckTales* reboot series.

*TaleSpin*

Being the leader of the Air Pirates, Don Karnage's main goal is to plunder the city of Cape Suzette of its resources. And yet, he and his forces underestimate the extremely talented piloting skills of the protagonist, the bear pilot Baloo, which has lead to many defeats, much to Karnage's fury. Baloo is his arch nemesis in TaleSpin. He would often resort to losing his temper whenever things go bad, even for the slightest reasons.

Most of Don Karnage's schemes involve taking over Cape Suzette. In the "Plunder and Lightning" story arc, he steals a valuable gem that generates electricity, and he exploits the gem's power to power a weapon that causes so much damage to many buildings around Cape Suzette. Another time was in the episode "From Here to Machinery", when he learns that Shere Khan is replacing all pilots with robots called the Auto Aviators (created by Professor Torque), and upon learning that the robot never deviate from their programming, he intend to exploit this to put his skills of air piracy to good use.

Another time was in the episode "On a Wing and a Bear", when he briefly formed a deal with Shere Khan to create an oil shortage so that Khan can extort higher prices to the public. Another was in "A Bad Reflection on You", where he exploits the usage of mirrors to stage disappearances of pilots (including Khan's very own pilots) during their travel through a dangerous air route called the Master Run. All of his schemes were thwarted and defeated by Baloo and his friends.

We saw that Grandfather was completely powerless and playing bingo with some elderly people.

Numbuh Three: Grandfather looks pretty powerless to me.

Numbuh Five: So, maybe he isn't coming back after all.

Numbuh Two: Maybe Magica was lying to us. Maybe Grandfather will make a move in the future. Who knows?

Numbuh Four: Either way, without his powers. Grandfather won't be bothering us anytime soon.

Numbuh 362: You said it. (to Scrooge) How about we have our victory party at your mansion?

Scrooge: Just what I was thinking, lass!

Eli: (groaned) Is no one listening to me and J.D. about this?!

We then left the retirement home. But unseen to everyone else except May and Maria, I placed several explosives on the wall of the retirement home.

May: Why did you do that, honey?

Nico: Just in case Grandfather DOES try to make a comeback.

Maria: Good thinking. Now, let's catch up to the others. I can't wait to see what food we're going to have at the victory party!

With that, the three of us went to catch up to the others. But not before I looked worriedly at the retirement home one last time.

Nico knew that me and Eli were right and that we would never lie about it. But it was gonna be 12 days before we find out.

Brittney: (To the viewers) This was an amazing adventure. Hope you all like the next one as much as all of us do.

Me: I know I will.

We went back home and had dinner and went to sleep.

THE END

---

Another awesome chapter done.

This was the 3rd Ducktales Chapter done. Magica was one of the worst villains ever in the series of Ducktales and Ducktales 2017. It was funny too. The opening scene for the chapter is based on the fight with Gollum and that was brutal and Pelea is a girl I made up after finding her on MonsterGirlWiki. The second scene is a land version of the SpongeBob Squarepants Episode, Squirrel Jokes. That funny episode was so funny. It aired on September 14th, 2001 and it was funny. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts all gave me the ideas for this. Thanks guys. The next girl is gonna be Ariel the Sylph and we're gonna meet her in the world of Maximum Ride and not just rescue her but also blow up the very lab that Max and friends came from and even destroy the monsters they made. Also the next chapter is gonna be for the show Final Space from 2018 and we're gonna go after the Zombie Gary's and destroy every single one of them and make sure that Lord Commander pays for his crimes. We're also gonna be bringing back John Goodspeed and Ash Graven's brother Fox. Sheryl Goodspeed will appear too

See you all tomorrow

# Interstellar Warlord Battle

In the world that Max Ride, Angel and Nudge all came from, Me and Nanette were flying over the world and we saw that it was like Earth but it was the same as our Earth but different.

Me: Wow look at this world.

Nanette: It looks the same as home.

Me: Yeah. I was expecting it to be more post-Apocalyptic or something.

Nanette: Me too.

We flew farther over a forest.

Nanette: This is the first time we've been in Max's world.

Nanette concentrated and groaned as she hunched forward.

She had her skin turn blue and it became insect like and she turned into Thunderlegs!

Me: Wow! This is worse than what we first thought. I can't believe that Max's world would turn into this kind of dystopian nightmare where mutant hybrids made by people playing with fire would walk among us and that there is an organization out to destroy everyone that's IMPERFECT.

Thunderlegs: Yeah this is terrible!

We saw 4 winged people flying fast and a bunch of wolf people were going after them.

Me: That must be the rest of the Flock! But that girl with them is a Sylph, the Wind Elementals from Alchemical Myth.

Thunderlegs: Wow! Lets get those wolf freaks!

We went at them and fired waves of energy and lightning and obliterated them in an instnat.

Fang: Wow!

Fang, Izzy and Gazzy came up to us and so did the girl.

Ariel the Sylph: That was amazing! Thank you for getting those guys off our backs.

Izzy: Yeah.

Me: You're welcome.

Ariel: Oh wow! You're J.D. Knudson, Leader of Team Loud Phoenix Storm!

Me: That's right.

Fang: So you are the famous J.D. Knudson that we heard so much about. Ariel told us so much about you. I'm Fang and these are Izzy and Gazzy.

Me: Pleasure to meet you guys. Max, Angel and Nudge told us so much about you.

Izzy: Where are Max, Angel and Nudge?

Me: They are with us in our universe. Oh and this is Nanette Allbright. She is also known as Thunderlegs in this form.

Thunderlegs: Pleasure to meet you all.

Ariel the Sylph: Same here.

Thunderlegs: I'm gonna revert back.

Me: Better cover your eyes boys. She'll be unclothed when she comes back.

I put on my blind man glasses and the Flock covered their eyes.

Nanette was human again. But naked.

Nanette: (covers herself) Max and her friends are gonna be so happy.

I gave Nanette a new set of clothes and she went behind a tree to change.

Nanette: Whew! Thanks J.D.

Me: You're welcome.

Ariel the Sylph: That was so awesome how you can change like that.

Fang: But we thank you all for looking after Max, Angel and Nudge.

Izzy: It will be awesome to see her again.

Gazzy: Yeah we miss them.

Fang: How did you find Max, Izzy and Nudge?

Me: They came to us through a dimensional vortex while we were on vacation in Yellowstone National Park.

Gazzy: Wow that is amazing!

Izzy: Yep. But we will never be safe from the School or Itexicon. They put tracking chips in us.

Me: So THAT'S how they were able to find you all easily and chase you all over the planet non-stop.

Gazzy: Yeah.

Fang: It's tiresome.

Me: Well I'm not gonna let that happen anymore. Watch this.

I held my hand up.

Me: Time to kill!

I flared up my rainbow aura and fired a massive and incredible volley of energy blasts high into the sky and it rained down a massive shower of energy blasts and they hit Itexicon and The School and its staff and all the mutants they made minus the Flock and killed them all in an instant and even destroyed the entirety of the Itexicon Building and even the school. They were all dead in an instant! I killed a total of 721,239 mutants and people working for the School and Itexicon in an instant! My aura faded and the threat of Itexicon and the School and the Mutants was over.

Fang: What was that?

Me: It's a variant of Majin Buu's Human Extinction Attack except it only attacks the mutants of this world. I call it Itexicon Extinction.

Nanette: Wow! That was powerful! How many people and mutants did that technique destroy?

Me: 721,239 people and mutants all in one fell swoop.

Fang: WHOA!

Gazzy: That was amazing!

Izzy: We're finally free.

Me: Almost.

I snapped my fingers and then the rest of the Flock felt a tiny pain in their shoulders.

Izzy: Ow. What was that for?

I held out my hand and in it was the tracking chips that were inside them.

Fang: The chips!

Gazzy: We're now free!

Me: Yep. Lets get you too our universe. Max, Angel and Nudge will be happy to see you all again.

Fang: She sure will.

I cut open a portal and we went back home to the World Tree Estate.

---

Back at the World Tree Estate, everyone was watching Nicole, Lincoln, Lily and Naruto play Video Games. They were playing Super Smash Bros. Ultimate and Nicole then just beat everyone.

Nicole: YEAH!

Lincoln: Aw man!

Lily: That's Nicole for you.

Naruto: Nice job sis.

Nicole: Thanks bro.

Nico: Goddess of Video Games wins again.

We came in.

Me: Here we are guys.

Ariel the Sylph: Wow! So this is where you all live?

Me: Yep.

Max Ride: (Gasp) Fang, Izzy, Gazzy!

Angel (Max Ride): You're here!

Nudge: We missed you!

They hugged them.

Fang: Max thank goodness you're all safe.

Gazzy: Thank goodness.

Izzy: Yeah we all thought you were dead.

Nudge: We have been helping Team Loud Phoenix Storm when we got here.

Me: We weren't called Team Loud Phoenix Storm when we first met.

Nico: Wow.

Miia: Ariel!

Ariel the Sylph: Miia!

They hugged.

* * *

Later we were at the park on the surface and we were on our way there to meet the Hex Girls who are practicing for a concert.

Kumiko: I think this will be my first time meeting the Hex Girls.

Me: For some of you it is and you guys will love them. They are an awesome Eco-Goth Band.

Brittney: And one of my favorite bands.

Brittney showed her tattoo for the Hex Girls.

Brittney: I'm one of their biggest fans and I love all their music.

Me: I'm a fan of the bands Within Temptation and Theater of Tragedy.

Lucy Loud: Those are good bands.

Nico: And the songs they have are awesome. Also they helped the Scooby Doo gang many times in the past and we helped them too.

Laney: We sure did.

Me: It was really cool.

Shannon: The first time was when we faced Ben Ravencroft the first time and you all learned about my ancestry and heritage.

Me: That was an awesome adventure.

Nico: I wasn't with you guys when that happened. Can you tell me about it?

Me: Sure.

I went over what happened during the events of Chapter 329.

When I was done everyone was amazed!

Nico: WHOA! That's amazing!

Eli: Yeah it sure is! Wow! That is some ancestry. And the Salem Witch Trials was one of the darkest times in Colonial America.

Me: It sure was. And Velma has a friend that is descended from a witch remember?

Qin: I remember that.

Velma: Yeah that was crazy.

Scrappy Doo: If there are witches we're gonna splat them!

Nico: Yeah we will!

Scrappy Doo: That REALLY was a crazy time back then though.

Me: Yeah it sure was.

We saw the Hex Girls Stage.

Me: There's the stage they are performing at.

The Mascots went up on the stage.

Kairi Yano, Keiichiro, Flashwing, and Right were watching as the mascots played on the Hex Girls instruments.

Right: The Hex Girls aren't going to be happy when they see this.

Keiichiro: Agreed. We should leave the instruments alone before they get back.

?: Too late for that now.

Keiichiro thought that Killer Frost had spoken. But when he and the others turned around, they saw the Hex Girls there. Thorn was the one who spoke. And she, Hex Girls Luna, and Dusk weren't angry They were looking confused and annoyed.

Kairi Yano: Listen, we can explain!

Flashwing: It's alright. They're with me.

Thorn: Flashwing! I didn't know they were with you.

Me: Been a while girls.

Dusk: Hey guys!

Luna (Hex Girls): Great to see you all again.

Nico: Same to you girls.

Shaggy: Like, how have you all been?

Me: Busy and all that. We've been taking down bad guys all over the place.

Brittney: And getting stronger and stronger too.

Dusk: We can see that. Wow!

Me: How have you girls been?

Thorn: Doing really well. It's awesome going to amazing places for concerts.

Me: It sure is.

Thunderblast: A lot has happened since we last you girls.

May: Not only did we meet 3 Japanese Rangers teams. But we also recrutied the Beast Morphers Rangers as well.

Devon: That's right. We're the Beast Morphers.

Thorn: Nice to meet you guys.

Me: And these are the Japanese Rangers. They are the LupinRangers and the ParRangers. They are more like a Cops VS Thieves group.

Kairi Yano: Pleasure to meet you girls.

Keiichiro: Glad to meet you.

Me: They are two groups of a trio of a rangers. One is a group that is out to arrest the Lupin Rangers and the Lupin Rangers are thieves that have been getting artifacts that were stolen from them a long time ago.

Umika: It's a big story.

Thorn: That's amazing!

Me: Yep and these are the ToQger Rangers. They are Train Rangers.

Right Suzuki: Pleasure to meet you girls.

Dusk: So cool!

Thorn: It's an honor.

Twilight Sparkle: It's awesome to meet you girls. You will think this is cool. We have a band too.

Rainbow Dash: We are called the Rainbooms.

Dusk: THE Rainbooms!? WOW! I love all your songs!

Fluttershy: Thank you.

Rarity: We're glad you like them.

Sunset Shimmer: Our band is all about friendship and love.

Thorn: That is so cool!

Dusk: Awesome.

Thorn: We also heard about all your ordeals with the Sullen 6 and the 20 Days of Darkness. That was terrible.

Dusk: We didn't buy a word of garbage Mr. Burns said.

Optimus Prime: So you girls stayed loyal to us during the time Burns and his group were on the loose?

Thorn: The rest of the world might have lost faith in you guys during that time. But we didn't.

Nico: Even if meant going to jail in the process?

Hex Girls Luna: Oh please. We'd go to jail for you guys any day of the week.

Maria: That means a lot to us. (sighs) Look, I know this is asking a lot. But more villains keep popping up everyday. And some of them have even gotten away from us. So, would it be alright if you girls tagged along on some of our missions whenever needed.

Dusk: Don't worry. If you need us, we'll be there.

Me: Thanks Dusk and you girls are a very big help to all of us. Just like you are to the Scooby Doo Gang. And here's the crazy part. You remember Ben Ravencroft?

Thorn: That warlock descended from Sarah Ravencroft?

Me: Yep. He is now part of our frenemies in the Masters of Evil.

Shannon: And is my archenemy.

Dusk: Wow!

Me: Long story on that. But it's true.

Shannon: My ancestors are the Sanderson Sisters and Sarah Ravencroft and the Sanderson Sisters were brutal rivals over 329 years ago.

Thorn: That was big.

Me: It sure was.

We had a nice talk with them.

---

Later back at the World Tree Estate we were watching TV and reading books.

Nico: Hey J.D. how did Flip REALLY get busted back then?

Me: Well that is an interesting story. It was shortly after Flip got the Loud's that cheap vacation.

---

Everyone was in the Food N Fuel minding their own business until Lincoln bursts through the front doors.

Lincoln: Everybody stop drinking those Flippees! They aren't what they seem! They're made of a toxic substance!

Hearing that, everyone who drank Flippees spits them out.

Flip: Nice joke there kid, everyone knows Flippees are my secret recipe.

Lincoln: Then explain this! (Brings out a large bag of a powdery substance)

Everyone gasps while flip sweats nervously.

Lincoln: This is part of a drug line that makes anything addictive, hence why it made us so addicted to these drinks! In fact, this stuff is used in Angel Dust!

Me: It's an illegal drug!

Flip: You little nosy brat! I treated you fairly and gave you discounts!

Lincoln: And look where your greed got you too! You always manipulated and tricked my family into buying your gross merchandise and falling for your overpriced scams, Well it's all over now! But it's not just the Flippees that are bad. Lynn, that beef jerky you're eating is made from roadkill!

Lynn throws up.

Lincoln: And that nacho cheese? Flip washes his dirty socks in it!

Clyde recoils and drops his nachos.

Lincoln: And those hot dogs? I hear they're made from horse meat!

Three guys drop and spit out the wieners.

Lynn: I can't believe we felt like idiots falling for all of this!

Everyone gangs up on flip, now pissed off.

Clyde: You were trying to poison us just for money!

Rusty: I don't pay you to have me eat sweat cheese!

Lynn Sr.: I made the mistake considering you a "friend" back at camp mastodon!

Lincoln: You're disgusting!

Lisa: And I thought you were already disgusting about how you're a deformed mutant with gills on your legs, your heart in your stomach area and having extra butt cheeks!

Mrs. Johnson: I am reporting you to the health department and the police!

Me: And I'm calling the FBI, the DEA and the Royal Woods Better Business Bureau!

Libby: The writers should've written you off the show years ago!

Flip: No, wait, I can explain! I'm the last honest man in Royal Woods! We're all related to apes, boys and girls, being gross is what nature intended.

But that wasn't enough, everyone tackles and beats Flip to a pulp!

Later after a 20 minute beatdown, Flip was arrested and taken away by the police in cuffs and shackles. His store was shut down because of the number of health codes it broke as well as all of the labor laws it broke! It was given a "FFFFF-" in health ratings. The DEA and the FBI found over 50,299 pounds of Angel Dust and other dangerous drugs as well as stolen money and more. Flip was then brought to court for his crimes and he was sentenced to multiple life sentences without parole and ordered to pay $293,298,394,298,000.00 in restitution with full interest.

FLASHBACK ENDS

Everyone gasped in shock!

Laney: WHOA!

Me: And I did some research on the laws and sentencing guidelines of Michigan. Anyone with over 650 grams of any illegal substance will be automatically sentenced to Life In Prison without the possibility of parole.

Lana: WHOA! So it's an automatic life term until you die!

Laney: Yep.

Nico: Now it's good we didn't get bricks of cocaine.

Me: Yep.

Nico: Wait a second! That whole scenario with Flip like that was very like a Robot Chicken Sketch!

I gasped and it wasn't just a coincidence!

Me: Whoa man! We just lived a sketch of Robot Chicken! We lived the sketch where SpongeBob reveals that Krabby Patties are made of crab.

Mr. Krabs: Wow! That is very coincidental lad.

SpongeBob: It sure is.

Lola: Yeah!

Francis: BTW, J.D.? It's your turn to lead today.

Me: I know and this board that Laney made is a big help.

I went over to it and put a checkmark on my face for me.

Then the alarm went off.

Me: Uh oh!

We went to the computer and we saw that there was a disturbance over on the distant planet of Kelius Prime.

Ariel the Sylph: That's far away!

Me: Yep.

Boomerang, Wolf, Carmen Dillo, Trickster, Zs'Skayr, Mr. Mittens, Box Ghost, and Devackthen appeared.

Boomerang: Can me, Wolf, Carmen Dillo, Trickster, Zs'Skayr, Mr. Mittens, Box Ghost, and Devack go with you guys?

Me: You all sure can. It's my turn to lead now.

Mr. Mittens: All right!

Box Ghost: Wow! Is that Max's friends in the Flock?

Me: That's them.

Ariel the Sylph: J.D. and Nanette helped me save them and the world from the terror of The School.

Me: I used a technique very similar to Majin Buu's Human Extinction attack that I called Itexicon Extinction and I wiped out all the mutants made by the School and Itexicon and destroyed the mutants and all of Itexicon all in one fell swoop.

Nico: Wow that is powerful!

Me: Yep. Killed over 721,000 people and made sure none of them survived.

Laney: Good riddance.

Boomerang: Yeah.

Me: Yep. Lets get moving. Lisa, deploy the U.S.S. Valorous Phoenix.

Lisa Loud: Affirmative.

We got the ship ready and we were off to the planet Kelius Prime.

---

The U.S.S. Valorous Phoenix was flying through space.

Me: Captain's Log, Stardate 4947.6: The U.S.S. Valorous Phoenix is en route to the planet Kelius Prime to investigate a disturbance that is happening on the planet. Our mission is to find out what it is and deal with it.

Nico: This is gonna be interesting.

Top Man: We're getting close to the planet.

Me: Yep and we're 72,392 Light-Years from home.

Thorn: Wow! We've never been this far out in space before.

Ariel the Sylph: Neither have I. The number of stars out here is amazing.

Me: 100,000,000,000 Stars in the Milky Way and there's over 2 trillion plus galaxies to see. We've only begun to scratch the surface of how many planets and galaxies there are.

Dusk: Heavy.

Fang: But this is amazing.

Me: Yep. But we've been to places farther than the Milky Way.

Emma (ELGVTWD): Yep and me and Niko come from another Earth located over 10,000,000,000 light years from J.D.'s Earth.

Luna (Hex Girls): Wow! That's incredible!

Me: It sure is. And it was ravaged by a nasty Zombie Apocalypse.

Shaggy: Like yeah it was awful for her.

Emma (ELGVTWD): Yeah but we're okay.

Éclair: That is awful that Emma and Niko went through all that.

Miku: It sure was.

Lisa Loud: We have arrived at our destination.

Me: On screen.

We saw that we arrived at the planet and we saw that it was a ruined mountain planet.

Me: Whoa!

Wolf: I'm staying in my Wolfen. That way, I can deal massive damage to whoever our next target is.

Me: Good idea. Lets head down.

We went down to the planet and we saw that it was a mountainous planet loaded with ruins and ruined cities.

Me: Whoa! I wonder what happened here.

Nico: No idea but I don't like it.

Me: Something tells me that there's something here. Just to be safe… (Turns on P.A. System) All hands go to Yellow Alert and stand by battlestations. (Turns off P.A.)

Eli: I sense something coming from those mountains. (Points to a house on top of a tall mountain) There's a house up there.

Me: Lets go check it out.

We went over to the mountains and we landed the ship and got out. The sky was light brown and the mountains were tall and jagged and rocky.

Me: Wow! Look at this planet. It's so barren and deserted.

Laney: Yeah.

Shaggy: It's like weirdo.

Nico: Yeah.

Thorn: This is our first time on an alien planet.

Me: Yep.

We went up to the house and we went in.

Red Lantern Ratchet: Hello? Anyone there?

We looked around. But then we saw a man come out.

Gary Goodspeed: Who are you all?

Me: It's okay sir. We mean you no harm. We are…

Gary Goodspeed: WOW! Team Loud Phoenix Storm! It's an honor to meet you all.

Me: Same to you.

Gary Goodspeed: I'm Gary Goodspeed. It's an honor.

Me: Pleasure to meet you.

Nico: Same here.

Devack: You don't get much visitors, do you?

Gary Goodspeed: Not really. It's a long story.

Me: What happened to you out here?

Gary Goodspeed went over his history.

---

Gary Goodspeed is the son of John Goodspeed, an Infinity Guard captain who died on a mission to close a breach to Final Space when Gary was a child. Shortly after the death of his father, Gary was abandoned by his mother, Sheryl Goodspeed, and forced to a life of crime. Years later, an emotionally stunted adult Gary impersonated an Infinity Guard soldier to impress officer Quinn Ergon, but accidentally destroyed 92 spaceships (plus a Mexican restaurant), and was sentenced to a 5-year prison sentence on the Galaxy One, where, on his final year of imprisonment, would meet and befriend a planet-destroying alien named Mooncake, and the Ventrexian bounty hunter Avocato, which subsequently puts him on a life-changing journey to unlock the mystery of Final Space. Serving as the leader of the Team Squad, he is the main protagonist of Final Space.

Gary Goodspeed is the son of John Goodspeed, a former captain in the Infinity Guard, and Sheryl Goodspeed, a notorious space criminal. Sheryl was actually sent to spy on John to find out his plans for an Anti-matter bomb, but ended up falling in love with him for real and having Gary with him. When Gary was still a baby, John finally caught on to Sheryl's true nature (he found her talking to her superior when he came to check on Gary), and ordered her to leave. This made Sheryl hate Gary since she believed him to be responsible for John ditching her.

As such, Gary was mostly raised by his father. John gave Gary a caterpillar named Mooncake, whom Gary deeply cared for. When Gary was still a kid, however, John died in a mission to close a breach to Final Space with his own invention, the anti-matter bomb.

After his father's death and his mother abandoning him, Gary spent the following years stealing and living in his treehouse. He lost Mooncake, who had since transformed into a butterfly, to two bullies, who took the jar from him and smashed it, either killing or releasing him. When Gary finally decided to leave his home, he burned it down.

Five years before the start of Chapter 1, while seeking refuge from criminals Dr. Bluestein and Derek in a bar in New York, Gary encountered Quinn Ergon. He immediately fell in love with her, but learned that she was only interested in Infinity Guard members. Gary thus drugged a pilot and stole his uniform to impress her. All seemed to go well until an emergency call came in and all Infinity Guards were ordered to return to the base, forcing Gary to try and actually fly a F71 Hawk to maintain his cover. He accidentally fired the ship's lasers and destroyed 92 Imperium Cruiser ships, along with a small family-owned Mexican restaurant. After being promptly knocked out by Quinn, he was arrested by the Infinity Guard. Gary was then sentenced to serve 5 years aboard the Galaxy One to repair satellites, devoid of any human contact, with only KVN, H.U.E. and a bunch of S.A.M.E.S. as company.

Gary has described his own life as being 'medium-to- good/ borderline crappy.' During his five years in space, he sends Quinn a video message every day. He also tried to get the S.A.M.E.S., some of which he named, to play cards with him, but they proved unable to.

## SEASON 1

Each episode of Season 1 begins with a scene of Gary floating in space, with his oxygen running out (he starts with 10 minutes, and has 1 minute less each episode). The season itself slowly works towards the events that led to Gary being in that position.

In "Chapter 1", Gary's sentence is nearing its end. While fixing another satellite, he encounters a small green alien, which he names Mooncake after his childhood pet. He decides to keep Mooncake, but this makes him a target for the Lord Commander, who wants Mooncake to open a gate to Final Space. One of the bounty hunters sent to retrieve Mooncake, a Ventrexian named

Avocato, is taken captive by Gary and the S.A.M.E.S.. While initially hostile, Gary quickly manages to get Avocato on his side, especially after he learns Avocato's son, Little Cato, has been taken captive by the Lord Commander.

Over the course of the season, Gary loses his arm to the Lord Commander and gets a robotic arm as a replacement. He meets Quinn again, as well as a future version of her named Nightfall. Together they discover the Infinity Guard has been corrupted by The Lord Commander and is helping him open a breach to Final Space. This breach, identical to the one John Goodspeed closed years earlier, is threatening to destroy the Earth. Gary and Avocato eventually find Little Cato imprisoned on Zetakron Alpha and rescue him, but Avocato dies in the rescue. Thanks to Nightfall, they learn Final Space is a prison for the Titans. She introduces them to Bolo, a good titan who is imprisoned in Inner Space. Through him, Gary gets a chance to go back in time and meet his father one last time on the day of John's final mission, mainly to learn how the breach can be closed. From John, Gary learns there is a second anti-matter bomb on Earth. With help from The Resistance, Gary and friends manage to get this bomb and confront the Lord Commander to close the breach. Despite their best efforts, Mooncake is captured and forced to open the breach further, allowing one of the titans to pull the entire Earth into Final Space before Quinn sacrifices herself to detonate the bomb and close the breach. Gary himself ends up drifting in space after being thrown off the Lord Commander's ship. The season ends with his oxygen running other timelines or multiverses gary closed the breach to protect Quinn from not just final space,but getting herself killed.

## SEASON 2

At the start of Season 2, Gary is picked up by the Galactica Trash, a ship belonging to Clarence. He is reunited with Little Cato, H.U.E., and KVN, later followed by Nightfall and Mooncake. Along with Clarence and his adopted children, Fox and Ash Graven, Gary has a new mission; find the five Dimensional Keys that can free Bolo from his prison, so he can take them to Final Space, and Quinn.

This season, Gary gains a new enemy in Todd H. Watson, who blames Gary for the loss of the Earth and his family. He also meets his estranged mother again, who still has nothing but contempt for him. Near the end of the season, she and Todd even gang up against Gary. When an incident with a young Temporal Worm sends the team three years back in time, Gary uses the opportunity to free a past version of Mooncake. He also makes a deal with Time Swap Sammy to let them save Avocato the moment he originally died. The plan works, but joy is short-lived; during a mission to Kanopus Prime where Gary hopes to contact Quinn through the planet's clearwater, Gary ends up possessed by the evil Invictus, until the creature decides Avocato is a better host and takes him. After this incident, Gary decides to officially adopt Little Cato, since the boy lost his real father for the second time.

Despite a betrayal by Clarence and Todd and Sheryl teaming up against them, Gary and friends eventually get all five keys and bring them to Inner Space, where they have a final confrontation with Avocato/Invictus. Nightfall sacrifices herself to free Bolo so Gary can be with Quinn again. Thanks to Tribore, Sheryl realizes how wrong she was and begins to make it up to Gary for the years they missed. At the end of the season, the team enters Final Space in what is possibly a one-way trip, and Gary is reunited with Quinn.

## SEASON 3

In Season 3, Gary reunites with Quinn, but have to hastily outrun a Titan. With the help of Bolo, they escape. They later spend a few months in Final Space, much to Gary's dismay due to the lack of proper food. They later meet up with the eccentric, genius inventor Kevin Van Newton, and superfan Biskit.

After Avocato's group gets kidnapped, they were all rescued, save for Fox. He later gets possessed. Ash breaks her fingers trying to save him but fails. She felt deep resentment towards Gary for failing to save her brother. Quinn, who had severe issues from poisoning, experienced her status deteriorating. Quinn later had to go through some surgery, to which Gary took half, later all of the pain she felt. The pain sent him into cardiac arrest, to where Avocato had to revive him. The surgery ended up being a success, and Quinn was saved. They later go on to talk about Quinn's sister, Avery Ergon.

Not all was well, however. Later, after Invictus returns and attacks the crew. Gary, being attacked by a possessed Fox, was guided by Invictus to kill him. Fox was given a moment of clarity before his death, to which he utters his last words to his sister. Ash was filled with grief and anger, to which she later leaves on her own again. The crew holds a memorial for Fox, saying their final goodbyes. Later, when trying to console Gary while at his lowest point, Avocato tells Gary about Little Cato's true parentage. Gary is floored and attacks Avocato, to which Avocato wins the fight by Gary surrendering. Gary later delivers a heartfelt speech to Avocato, which brings him to tears. Avocato apologizes, and Gary apologizes to Ash. Ash forgives him in the form of offering Gary a story about Fox. Ash and Gary then cheerfully talk about Fox, signifying that Ash forgave him.

Eventually, Gary and the crew debate whether Kevin Van Newton could actually get them out of Final Space. Gary makes the call to go anyways. They eventually do meet with Kevin, who is overjoyed to see them. A tremor is then felt, and when Gary asks what is happening, Kevin explains that the tremors have been getting stronger over the last 3 days. Sheryl asks if the Hyper Trans-Dimensional Bridge is ready, to Kevin initially responds yes, but immediately contradicts himself and reveals that it is not ready. Progress has been made, however, and the team contacts Clarence to help them activate the bridge. The bridge ended up being completed, at the cost of Clarence's life. Gary and the rest of the crew make the decision to stay. Gary is revealed to be suffering from Final Space poisoning. However, the power generator exploded. Sheryl and Gary have a heart to heart, to where Ash interrupts with concern over what a monitor is saying. Avocato and Sheryl later go on to fight the Lord Commander after they get attacked again by Zombie Garys and The Lord Commander. Their mission fails, and the Lord Commander becomes a titan. Kevin dies in the process, choosing to stay behind and die.

---

When he was done we gasped in shock!

Me: Whoa man! That is rough.

Nico: Yeah that it brutal.

Me: You've had to live out here in space all by yourself?

Eli: That's bad.

Me: And as a prisoner for something?

Gary Goodspeed: Yeah.

Laney: Sorry you had to go through all this.

Ets: Yeah that must've been rough.

Me: And you lost your left arm because of it. Sorry you had to go through that.

Gary Goodspeed: Yeah that's okay. But having a metal arm is cool.

Yang: Maybe Lincoln can give you a new arm.

Lincoln: I can try. But okay.

Lincoln took his prosthetic arm off and he touched his arm stub and channeled energy into it and Gary screamed in pain as his bones and arteries and muscles and skin grew a new arm back and he had a brand new arm!

Lincoln: There.

Gary Goodspeed: Wow! I have a new arm! How did you do that!

Yang: He did the same thing to me and I got a new arm after I lost mine.

Gary Goodspeed: Wow! Thank you Lincoln!

Lincoln: You're welcome.

Me: (Shivers) Brr is it cold.

Heat Man: Let me heat you up. I can tell that you're probably cold at this point.

Gary Goodspeed: Thanks Heat Man.

He flared up his fire and warmed the place up.

Me: Do you have any enemies that we need to help you deal with?

Gary Goodspeed: Just one and I'm gonna make sure that he never torments me again. Lord Commander.

Me: What can you tell us about him?

Gary went over his history.

The Lord Commander, formerly known as Jack, is the secondary antagonist of the 2018 adult animated series Final Space, serving as the main antagonist of Season 1, a minor yet pivotal antagonist in Season 2 and the central antagonist of Season 3.

He is the evil overlord of Terra Con Prime Sector 18650, as well as the archenemy of Gary Goodspeed and Avocato. He is also the former right-hand minion of the dark god Invictus, betraying him in favor of becoming a Titan, something he succeeds in.

In the show's pilot episode, he was voiced by the series' creator Olan Rogers. In the official series, he is voiced by David Tennant, who also played Barty Crouch Jr. in Harry Potter and the Goblet of Fire, and Kilgrave in Marvel's Jessica Jones, Cale Erendreich in Bad Samaritan, Dread the Evil Genie in Jake and the Never Land Pirates, Sir Piers Pomfrey in St Trinian's 2: The Legend of Fritton's Gold, Wilf in Postman Pat: The Movie and Brendan Block in Secret Smile.

Backstory

The Lord Commander was once a member of the Infinity Guard named Jack who had been friends with John Goodspeed, the father of the protagonist Gary Goodspeed. When John went to space to attempt to seal the breach in space-time, the Lord Commander gets caught in the blast from the explosion, which causes his skin to become paler and develop telepathy/his "Light" abilities. Meanwhile, a creature is comprised of particles from Final Space. The Lord Commander captures Specimen E35-1, as he named it, knowing that it's the key to unlocking Final Space, something the Lord Commander desired, as he wanted to become a Titan, which is a race of beings imprisoned in Final Space.

The Lord Commander eventually gets himself an army, and makes the Ventrexian named Avocato his right hand man. As revealed in the Season 3 episode "The Ventrexian," the Lord Commander offers to give Avocato a purpose in return for assassinating the ruling family of Ventrexia and handing over ownership of the planet to him. After committing the deed, Avocato discovers an infant Ventrexian, who also turns out to be the child of the slain monarchs, revealing that Avocato's son, Little Cato, was actually adopted. The Lord Commander angrily tells him that the infant would be the death of him, and he served under the mad tyrant for years. The Lord Commander and Avocato would then blow up planets. On one day, the Lord Commander ordered his men to prove their loyalty by killing their child. All but Avocato stayed loyal, and the Lord Commander proceeded to imprison Little Cato.

Despite its initial appearance, Specimen E35-1 is said to be a bioweapon capable of destroying entire planets. However, through some unknown means, Specimen E35-1 escaped from Lord Commander's grasp, eventually finding its way to an exiled young man named Gary. Gary names the alien "Mooncake" after a caterpillar his father had given him years ago. The Lord Commander will stop at nothing to retrieve the gelatinous life form, now that he has an army.

Season 1

The Lord Commander is introduced when a man is brought into his lair. At first, the man pokes fun at his size, only to then get thoroughly interrogated by him. When the man insists that he had no idea where Specimen E35-1/Mooncake was, the Lord Commander proceeds to sadistically torture the man with his telepathic powers, contorting his body in gruesome ways. The man pleads for his life before the Commander snaps his neck and allows one of his minions to eat the remains. When he learns of Specimen E35-1's whereabouts, he sends some of his minions to invade Gary's prisoner ship. Gary gets into a run-in with the minions and risks his life by ordering the prisoner ship to speed up, even though it would add onto his sentence. Several of the minions are sucked into space.

Gary is confronted by one of the minions appointed to capture Specimen E35-1, Avocato. Avocato explains the true purpose behind "Mooncake" but also states that a bounty hunter was hired to retrieve the alien. The first episode ends with the Lord Commander trailing them in his ship, declaring that the stage had been set.

The Lord Commander sends a bounty hunter named Terk is tracking Gary and Avocato on the Galaxy One in New York City. In order to keep the Lord Commander from learning this, the two go to Tera Con Prime. It is revealed that the Lord Commander is keeping Avocato's son hostage. Whilst searching for Gary, Avocato visits his son in his cell, unaware that it was a trap. Avocato is taken to the Lord Commander, who then lectures the cat alien on his failed mission. Avocato gives the Lord Commander Gary's name as an attempt to reason with the alien tyrant to no avail. Gary arrives only to be on the receiving end of the Lord Commander's telekinetic powers. This leads to Gary getting his arm ripped off. The Lord Commander gets some of Gary's blood sprayed into his face, blinding him. This gives the two friends the chance to escape. When the two return to the ship, Avocato gives Gary a robot arm. The two vow to find Avocato's son, as well as avenge the loss of Gary's arm. Chapter Two ends with Avocato's son getting taken to some unknown place with the Lord Commander gloating that he was going to a place where his father will never find him.

In Chapter 3, the Lord Commander sends a fleet of incinerators to attack the Galaxy One. As a means of escape, Gary orders the AI H.U.E. to take them through a temporal worm at the risk of either going backward or forward a thousand years in time. They arrive approximately 4 days later.

Avocato suggests that they hide Mooncake on a planet known as Yarno as they couldn't evade the Lord Commander forever. Meanwhile, the Lord Commander visits the Order of the Twelve, extraterrestrial beings who act as the eyes of the universe. Hulu, one of the "Helpers," deduces that the Lord Commander was slowly dying the further he used his powers. Out of annoyance, the Lord Commander uses his powers to destroy Hulu's eight eyes out of spite.

Gary, Avocato, and Mooncake arrive to Yarno, where they are met by Stevil who ensnares them into a mental labyrinth. Mooncake escapes from its imprisonment only to find itself fighting against several monsters. After decimating several of the beasts with its destructive beam, the Lord Commander arrives to collect it.

Gary and Avocato arrive at the coliseum just in time, and they combat the alien tyrant. The Lord Commander reveals that Mooncake was the key to opening the titular Final Space, which is somehow the answer to keeping him from dying. The three teammates escape the coliseum, causing the Lord Commander to suffer from some massive damage due to him overusing his powers. He is last seen getting picked up by his fleet.

Episode 4 opens with Gary and Mooncake leaving the Galaxy One in order to recharge the reactor by gathering energy from a dying star. They arrive at a deserted spacecraft called the Scarlet Lance and begin to gather energy. Mooncake wanders off, discovering a transmission that was left by the crew of the Scarlet Lance. The former captain explains how they had discovered a small lifeform of mysterious origins they dub Specimen E35-1. Unfortunately for the crew, the Lord Commander's fleets intersect the transmission, leading to the Lord Commander massacring the crew. The episode ends with an unknown helper giving Little Cato a device and chip so that he could send the coordinates to his father.

Gary and the team of the Galaxy One trace the gravitational disturbance to a strange bioluminescent planet where it is revealed that the Infinity Guard had joined forces with the Lord Commander, and that they are firing a laser at the breach as a means of opening Final Space, the result of which could spell destruction for not only the Earth, but to the entire universe as well. Meanwhile, Cato tries to figure out how to send the message to his father; while tampering with the device given to him in the last episode, he unintentionally summons a hologram of a shrouded figure. Even though he didn't initially trust the hologram, he uses it to escape from his prison and successfully sends the message to his father. However, it turns out that the hologram was really the Lord Commander who once again traps Cato, revealing that it was a gambit to lure his father and

Galaxy One to him.

Galaxy One intercepts the message that Little Cato left in Chapter 6, learning that he was on a prisoner colony name Zetakron Alpha. Despite Quinn's vehement disapproval, Avocato and Gary arrive to the planet where Avocato reveals that he used to be the Lord Commander's second-in-command. After serving him for years, the Lord Commander decided to test the loyalty of his lieutenants by forcing them to kill their firstborn children. However, Avocato refused to murder his son, and he turns the gun onto the Lord Commander. Angered by his treachery, the Lord Commander uses Little Cato as a bargaining chip, vowing to kill him if Avocato failed him again. Upon arriving to the planet, Avocato realizes that his son had been brainwashed by the Lord Commander and finds himself fighting his son reluctantly. Lord Commander then uses his psychic powers to tap into Gary's mind and learns that Mooncake was on the Galaxy One. Before he could send his fleets, Quinn arrives and KVN uses Mooncake to create a huge laser and blasts it at the Lord Commander. Just as the team was about to leave, the Lord Commander spitefully uses his psychic abilities to implant a bomb onto Little Cato. Avocato discovers the bomb, and tells Gary to take care of his son. He then grabs the bomb and sacrifices himself by running towards another side of the ship.

Little Cato attempts to avenge his father in the next episode at the cost of his, Gary's, and KVN's lives as well by trying to blindly destroy one of the Lord Commander's heavy incinerators despite HUE having analyzed that he wasn't on the incinerator. When Nightfall arrives and attempts to kill Mooncake, she reveals that she was from an alternative future where no matter the timeline she visited, Gary ends up getting killed by the Lord Commander, culminating in Mooncake massacring several planets, unwittingly allowing the Titans to get unleashed onto the universe.

Chapter 9 picks up with Gary and the Galaxy One arriving to Earth in order to retrieve the antimatter bomb located in New York. As the Earth was being absorbed into the breach, the team had limited time to get the antimatter bomb. The bomb is revealed to have been relocated by the Lord Commander himself, and they race against the clock to get the bomb with their limited time. The team meet up with Tribore who explains that when the Lord Commander infiltrated the Infinity Guard, a small rebel group was created. Galaxy One is able to retrieve the bomb, only to receive a transmission from the Lord Commander. He gives Gary and the other the final chance to give him Mooncake or face death. Gary and the team refuse his demands and prepare to engage in a large scale war between them and several of the Lord Commander's heavy incinerators.

In the season finale, the Lord Commander successfully captures Mooncake, and places him in a laser that forces Mooncake into creating a portal powerful enough to release the Titans. When Gary intervenes, Lord Commander abjectly refuses to acknowledge himself as once being named Jack, believing that he was chosen to release the Titans from Final Space so that he could become a god over all dimensions. However, his plan goes awry when one of the Titans manages to suck the Earth into the portal before Quinn successfully detonates the antimatter bomb though at the cost of destroying any chances of her returning. The Lord Commander is last seen enraged that his attempt at godhood failed.

Season 2

In the first episode, the Lord Commander, still lingering onto life, angrily glares at Mooncake saying that he wished that they never met. Without warning, Nightfall arrives and impales the Lord Commander with a harpoon before he can siphon more power from Mooncake. As the Lord Commander writhed in agony, Nightfall tells the Lord Commander that in every timeline she kills him, Invictus takes his body and revives him. So she gives him a message for his master when he gets revived, that she'll be coming for Invictus next, before finally killing him and ending his wicked life. However, at the end of the episode, as Nightfall said, his body then disintegrates and is transported away by Invictus once both her and Mooncake leave, who tells him that their work isn't finished.

In "The Remembered", the Crimson Light ended up going back in time after getting eaten by a time worm. As such, Gary decides to stay in the past when they decide to prevent Avocato's death by saving him at the exact moment the Lord Commander placed the sticky bomb on his son's back. As such, the Lord Commander ends up surviving Gary's near attempt on his life, leaving him there for approximately three years.

Season 3

The Lord Commander returns in the episode "The Hidden Light", where he kills three Arachnitects, captures Avocato, Little Cato, Sheryl Goodspeed, Fox and Ash Graven, and chokes Little Cato to get information on where is Mooncake. One episode later, in "The Ventrexian", he forces Avocato to reveal his backstory and takes his six prisoners to a unknown location.

Sensing great power within Ash, the Lord Commander attempts to have her join him in the episode "One of Us." He fights against her in a battle that makes them seem evenly matched until he mutilates her fingers. When Gary and Quinn arrive to save the crew, he gets shot at by Gary only for him to heal himself. As they were escaping in their ship, the Lord Commander tries to kill them with an energy blast only for Mooncake to intercept it. Invictus berates him for allowing the key to get away the episode ending with the Lord Commander, on his ship, heading towards the crew. At the beginning of "All the Moments Lost", the Lord Commander chases the Team Squad, but they lightfold into the orbit of a Black Hole which leads to Invictus. The Lord Commander stops chasing them, knowing where they are going.

Returning episodes later in "Hyper-Transdimensional Bridge Rising", the Lord Commander is encountered by Invictus, who possessed a corpse of an alternative Gary, where he's choked by it, before being ordered to invade Earth, as that's where the Team Squad is hiding. In the next episode, he originally tries to capture Mooncake, but sees a Titan hatching in the core of the Earth. Betraying Invictus and crushing the zombie Gary it was controlling, he enters the core of the planet in order to merge with it and become a Titan. Despite being chased by Avocato, Little Cato, Sheryl Goodspeed, KVN and Biskit, and with the planet and his ship even exploding, the Lord Commander successfully merges with the Titan and destroys the KVN Net, the very thing that was supposed to kill Titans.

Following up the events of the previous episode, the Lord Commander uses his newfound powers to gut and decapitate Bolo. After he failed to kill Gary and Team Squad, he is confronted by an enraged Invictus who sends several Titans to destroy him. However, Invictus's efforts prove fruitless with the Lord Commander breathlessly slaughtering his way through them before declaring that Invictus will be his next target.

Returning in the season finale, "The Devil's Den", the Lord Commander cheerfully enters Invictus' prison in an attempt to kill it, but not before disintegrating all the zombie Garys that were going through the portal he came from. However, he's confronted by the now-villainous Ash, who breaks his fingers as revenge for him doing the same previously. He then collapses onto the ground, almost crushing Gary, Avocato, Little Cato and HUE. By the time he recovers, Invictus successfully escapes its prison, and as revenge for his betrayal, locks its former right hand in the same prison that Bolo was trapped in to rot away for eternity. The Lord Commander is left screaming as his cube-shaped prison falls down into the darkness.

When he was finished we gasped in horror and shock!

Me: WHOA MAN!

Buzz Lightyear: He's like Emperor Zurg!

Nico: Yeah that is crazy!

Laney: This guy has no heart!

Leanbow: He has absolutely no honor! He needs to be destroyed!

Me: Yeah! And he also murdered your father and brother. But I have the power to bring them back.

Gary Goodspeed: You can do that?

Me: I sure can. (Snaps fingers)

Then a wave of light shined down in the room and out came Gary's father John and his friend Fox Graven!

Gary Goodspeed was shocked.

Gary Goodspeed: Dad? Bro?

John Goodspeed: Hello son.

Fox Graven: Sup bro?

Gary went and hugged them and cried hard.

We were happy that he has his family back.

Me: If we can get Gary's mom here we can have his family reunited.

Nico: Oh boy.

Then we heard a voice.

?: Someone call.

We turned and we saw Sheryl Goodspeed!

Sheryl: (Gasp) John!?

John Goodspeed: Sheryl?

Gary Goodspeed: Mom?

Me: Looks like she came to us.

Sheryl: The famous Team Loud Phoenix Storm. It's an honor to meet you.

Me: You too Sheryl. I heard from John that you were a mercenary.

Sheryl: You heard right.

Me: We could use your help to take down Lord Commander.

Sheryl: I would be honored but on one condition.

Me: Name it.

Sheryl: That I join the Redemption Squad.

Me: Done.

Skunk Fu Dragon: Does Lord Commander have any minions?

Gary Goodspeed: Lots of them and they are all dead.

Me: Oh man.

My Dark Orb detector went off and I saw that there was a dark orb in the area and it was moving slow towards us.

Me: WHOA! He's moving toward us.

Box Ghost: Wait. The Dark Orb's moving towards us?

Poromon: I've got a bad feeling about this.

Eli: I sense a huge energy signal and there are many smaller ones.

Gary Goodspeed: Oh no! It's Lord Commander and he has the Zombie Garys with him!

We gasped!

We went over to the top of the mountain and we saw a massive army in the distance and leading it was LORD COMMANDER and he had a MASSIVE ARMY of ZOMBIE GARYS WITH HIM!

Me: WHOA! WHAT AN ARMY!

Snaptrap: Let's thin the horde a bit! (fires cannons at zombies)

Me: And let me help. KAAAAAA MEEEEEEE HAAAAAAAA MEEEEEEEE HAAAAAAAAAAAAAAAAAAAAAAAAAAA!

I fired a massive Kamehameha Blast and the blasts all hit the Zombies and exploded with tremendous power!

TREMENDOUS KRABOOM!

When the smoke cleared many of the zombies were obliterated!

We saw them retreat.

Me: They're retreating.

Trickster: Lord Commander's gonna be back. Which means we've gotta make battle plans. Now!

Me: Right! FALL BACK!

We went back to the house to come up with a plan.

Bugly: Gary, you wanna explain the deal about those zombies?!

Gary Goodspeed: They are monsters made by Lord Commander.

He went over their history

---

The Zombie Garys are minor antagonists in the third season of Final Space. They are a legion of deceased counterparts of Gary Goodspeed from alternative dimensions who were possessed by Invictus in an attempt to kill the Team Squad.

They were voiced by Venessa Marshall.

All of the Zombie Garys are alternate versions of Gary Goodspeed from different timelines. In almost every timeline, the Garys sacrificed their lives to close the breach in Final Space, resulting in them being killed by the anti-matter bomb, and their horrifically scarred corpses were left to float and rot within Quinn's prison.

They are properly introduced in "And Into The Fire…", the first episode of Season 3, when they try and fail to catch the Team Squad. Some of them were killed during this. Many episodes later, in "Hyper-Transdimensional Bridge Rising", a single zombie Gary returns, controlled by Invictus where he orders the Lord Commander to invade Earth and give him Mooncake.

---

We gasped in shock!

Me: WHOA MAN!

Nico: We got to kill the zombies.

Carmen Dillo: Shouldn't be too hard. Just as long as they don't bite us, we should be fine.

Me: I don't think these zombies are like the ones we faced.

Laney: But we still have to destroy them.

Shaggy: Like, maybe me and Scoob should stay here with Gary's dad.

RD Lucy: At least your excuses for being cowardly are getting better.

Nico: Shaggy, if you and Scooby come with us, you two can have the KitKat Scooby Snax that I made.

Shaggy: like oh boy! Kitkats are good!

Scooby Doo: Reah!

Nico gave them some Kitkat Scooby Snax and they were delicious!

Shaggy and Scooby: MMM! MMM! MMMMMM!

They turned into rockets and lifted off and exploded like fireworks and they landed in his arms.

Thorn: (laughs) Same old Shaggy.

Mr. Mittens: He might be a coward sometimes. But he's OUR coward.

Me: And he and Scooby are both the veery same bottomless pits that I have known since elementary school.

We laughed.

Muscle Man: You know who else is a Bottomless Pit?

Dusk: Who?

Luna (Hex Girls): Joey Jaws Chestnut?

Muscle Man: MY MOM!

We laughed at his joke.

Nico: Muscle Man likes to make My Mom jokes. Even before we met Mordecai and Rigby.

Gary Goodspeed: They are funny.

Me: They sure are.

My dark orb detector went off again and it meant that Lord Commander is coming back.

Me: He's coming again! Lets get them!

We went down the mountain and we went at them and we were up against LORD COMMANDER AND THE ZOMBIE GARY'S!

Lord Commander: Team Loud Phoenix Storm. And Goodstone.

Me: Prepare to die you has been god.

Shaggy: YEAH! Come and get us!

Lord Commander: You two cowards aren't worth my time. (pushes Shaggy and Scooby to the ground)

Sixshot: (angrily) Hey! They're our cowards! And no one pushes them around!

Me: That's right and Shaggy is BAD!

I said the trigger word and Shaggy turned brave.

Shaggy: You should not have done that shorty. Now you are in for it.

Lord Commander: Oh yeah?

POW!

Shaggy punched Lord Commander in the face and I fired energy blasts at Lord Commander and blasted him all over in fiery explosions.

KRABBBBBOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOMMMMMM!
KRABBBBBOOOOOOOOOOOOOOMMM! KRABBBOOOOMM!

May: Chill out, asshole!

May fired a wave of ice fire and ice energy and froze Lord Commander in ice.

Eli fired waves of Force Lightning and electrocuted many of the Gary Zombies.

Me: FINAL SHINE ATTACK!

I fired a massive green energy blast and it hit the Zombie Gary's and obliterated many of them in a huge explosion!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Try this on!

He raised his fist and spread his fingers and then a massive explosion of fire obliterated many of the zombies all over.

Quick Man: Have some of this!

Quick Man ran fast and slashed and butchered many zombies all over the place.

Brittney: Feel the fury of the night!

Brittney transformed into her Super Angel 100,000,000,000 form and she had her staff ready!

Brittney: (Divine Echoing Darkness Voice) **Time for you to feel the**

**fury of the darkness.**

Brittney fired powerful blasts of dark energy from her staff and obliterated many Zombie Gary's.

Éclair flew down and fired many blasts of fire and incinerated many Zombie Gary's in an instant.

Maria: Time to give you guys a bath!

Maria fired waves of water and drenched the zombies and they disintegrated into sand!

Me: Time to unleash the fury of the Zodiac!

WHAT'S UP! ZODIAC KYUTAMA! SEIZA CHANGE!

Me: STAR CHANGE!

I turned into my Zodiac Kyuuranger form!

Me: UNIVERSE STAR! ZODIAC KYURANGER!

Troy: Since we're on another planet, I know just the Ranger team to use.

Nico: Time to test out my new ranger form!

Nico pulled out a Condor Zyuohger Morpher!

Nico: WILD INSTINCT! AWAKEN!

Nico turned into the Purple Condor Ranger!

Nico: MONARCH OF THE BLUE SKIES! ZYUOHCONDOR!

I spread my wings and flew at the Zombie Gary's.

Me: YEAH! AWESOME!

I slashed and blasted many Zombie Gary's.

Lore: Try this one on you dirtbag zombies!

Lori slashed and blasted the Zombie Gary's all over the place!

Me: Take this one! ZODIAC LIGHT STYLE NINJA ART: STRIKE OF ANDROMEDA!

The stars of Andromeda the Princess appeared behind me and I fired waves of light and obliterated many zombie Gary's.

Nico: I like using bird techniques and these too. LIGHT STYLE NINJA ART: CHARGE OF THE LIGHT BRIGADE!

Nico fired a wave of light and it formed into the soldiers of the Battle of Balaclava in the Crimean War in 1854.

The **Charge of the Light Brigade** was a failed military action involving the British light cavalry led by Lord Cardigan against Russian forces during the Battle of Balaclava on 25 October 1854 in the Crimean War. Lord Raglan had intended to send the Light Brigade to prevent the Russians from removing captured guns from overrun Turkish positions, a task for which the light cavalry were well-suited. However, there was miscommunication in the chain of command and the Light Brigade was instead sent on a frontal assault against a different artillery battery, one well-prepared with excellent fields of defensive fire. The Light Brigade reached the battery under withering direct fire and scattered some of the gunners, but they were forced to retreat immediately, and the assault ended with very high British casualties and no decisive gains.

The events were the subject of Alfred, Lord Tennyson's narrative poem "The Charge of the Light Brigade" (1854), published just six weeks after the event. Its lines emphasise the valour of the cavalry in bravely carrying out their orders, regardless of the nearly inevitable outcome. Responsibility for the miscommunication has remained controversial, as the order was vague and Captain Louis Nolan delivered the written orders with some verbal interpretation, then died in the first minute of the assault.

---

They smashed and blasted many Zombie Garys all over.

Me: Try this one! ZODIAC JUNGLE STYLE NINJA ART: INVISIBILITY OF CHAMAELEON!

The stars of Chamaeleon the Chameleon appeared in the background behind me and I went invisible and unsheathed my sword and slashed and obliterated many Zombie Gary's.

Nico: Take this one. DECAY STYLE NINJA ART: ATTACK OF THE DEAD MEN!

Nico floated into the air and fired waves of energy and it formed into the armies of the Battle of Osoweic from 1915.

---

The Germans launched a full frontal offensive on Osowiec Fortress at the beginning of July; the attack included 14 battalions of infantry, one battalion of sappers, 24-30 heavy siege guns, and 30 batteries of artillery equipped with poison gasses led by Field Marshal Paul von Hindenburg. Russian defenses were manned by 500 soldiers of the 226th Infantry Regiment Zemlyansky, and 400 militia.

The 11th Landwehr Division was singled out for the new general attack. The 18th Regiment was deployed in the main direction along the highway and railway. The 76th Landwehr Regiment was to attack the south. To aid the success of the operation on the front of both regiments, it was decided to use a massive gas-balloon attack with chlorine. Other parts of the division to the north and northeast were to support the attack with demonstrative action.

At dawn, at 4:00 a.m. on August 6, 1915, with a tailwind on the entire front of the attack, chlorine was released from 30 gas-balloon batteries. It is estimated that the gas eventually penetrated to a total depth of 20 km, maintaining the striking effect to a depth of 12 km and up to 12 meters in height.

In the absence of any effective means of protection for the defenders, the result of the gas attack was devastating: the 9th, 10th and 11th companies of the Zemlyansky Regiment were completely out of action, from the 12th company in the central redoubt in the ranks remained about 40 people; Byalogrond had about 60 people from three companies. Almost all the first and second lines of defense of the Sosna position were left without defenders. Following the gas release, German artillery opened fire on the fortress and barraged fire for their units moving in the attack. The fortress's artillery was initially unable to fire effectively, as it in turn was hit by a gas wave. This was compounded by the simultaneous shelling of the fortress by both conventional shells and chloropicrin shells. More than 1,600 people were killed in the fortress, and the entire garrison was poisoned with varying degrees of severity.

Over twelve battalions of the 11th Landwehr Division, making up more than 7000 men, advanced after the bombardment expecting little resistance. They were met at the first defense line by a counter-charge made up of the surviving soldiers of the 13th Company of the 226th Infantry Regiment. The Germans became panicked by the appearance of the Russians, who were coughing up blood and bits of their own lungs, as the hydrochloric acid formed by the mix of the chlorine gas and the moisture in their lungs had begun to dissolve their flesh. The Germans retreated, running so fast they were caught up in their own c-wire traps. The five remaining Russian guns subsequently opened fire on the fleeing Germans.

Suppressing the solitary resistance, the units of the 18th Regiment quickly overcame the first and second line of barbed wire, occupied the tactically important fortified point "Leonov's court" and began to advance along the railway line to the Rudsky Bridge. The only reserve in the Position of Sosna remained a company of militias with up to 50% of the personnel poisoned; the demoralized remnants of the company could not carry out an effective counterattack.

The situation in the south was a little better. The 76th Landwehr Regiment quickly occupied the depopulated Sosna, but the 76th Landwehr Regiment proceeded too swiftly and fell under its own gases, suffered significant losses, and was temporarily stopped by the fire of the remnants of the 12th Company at the central redoubt.

There was a real threat of the Germans seizing the Rudsky Bridge, which would mean dissecting the entire defense west of the fortress and the loss of the Sosna position. In this situation, the commandant of the fortress Lieutenant General N.A. Brzozovsky ordered artillery fire on the already occupied areas of the enemy Sosna position and a bayonet counterattack using "all that is possible." The remnants of the 8th and 13th company (about half of the original composition) counterattacked, along with 14th company which sallied from the fortress.

The 13th company under the command of lieutenant Kotlinsky counterattacked parts of the 18th regiment along the railway and forced them into flight. During the attack, lieutenant Kotlinsky was mortally wounded and handed over command of the compound to the 2nd Osovetska Sap Company B. M. Strzeminsky, who, despite severe gas poisoning, with the remnants of the company entrusted to him, carried the attack to the end, using bayonet tactics to take possession of the 1st and 2nd sections of the Sosnya position. Kotlinsky died later that evening.

The Russians did not hold the area for much longer. The Germans threatened to encircle the fortress with the capture of Kaunas and Novogeorgievsk. The Russians demolished much of the fortress and withdrew on August 18.

The energy and soldiers blasted and disintegrated many zombie Gary's all over into dust.

Me: Take this one! ZODIAC WATER STYLE NINJA ART: ERIDANUS WATER STREAM!

The stars of the constellation of Eridanus the River in the Southern Hemisphere appeared behind me and I fired a massive wave of water and disintegrated the zombie Gary's into piles of sand.

Nico: Take this one! I learned this one from Dante. CRUSADES FIRE STYLE NINJA ART: SIEGE OF ACRE!

Nico fired waves of fire and they formed into the Crusaders of the Siege of Acre from 1189 to 1191 A.D.

---

The **Siege of Acre** was the first significant counterattack by Guy of Jerusalem against Saladin, leader of the Muslims in Syria and Egypt. This pivotal siege formed part of what later became known as the Third Crusade. The siege lasted from August 1189 until July 1191, in which time the city's coastal position meant the attacking Latin force were unable to fully invest the city and Saladin was unable to fully relieve it with both sides receiving supplies and resources by sea. Finally, it was a key victory for the Crusaders and a serious setback for Saladin's ambition to destroy the Crusader states.

Egypt was ruled by the Shi'ite Fatimid dynasty from 969, independent from the Sunni Abbasid rulers in Baghdad and with a rival Shi'ite caliph-that is *successor* to the Muslim prophet Mohammad. Governance fell to the caliph's chief administrator called the vizier. From 1121 the system fell into murderous political intrigue and Egypt declined from its previous affluent state. This encouraged Baldwin III of Jerusalem to plan an invasion that was only halted by the payment by Egypt of a tribute of 160,000 gold dinars. In 1163 the deposed vizier, Shawar, visited Zengi's son and successor, Nur ad-Din, atabeg of Aleppo, in Damascus seeking political and military support. Some historians have considered Nur ad-Din's support as a visionary attempt to surround the Crusaders, but in practice he prevaricated before only responding when it became clear that the Crusaders might gain an unassailable foothold on the Nile. Nur al-Din sent his Kurdish general, Shirkuh, who stormed Egypt and restored Shawar. However, Shawar asserted his independence and allied with Baldwin's brother and successor Amalric of Jerusalem. When Amalric broke the alliance in a ferocious attack, Shawar again requested military support from Syria and Shirkuh was sent by Nur ad-Din for a second time. Amalric retreated, but the victorious Shirkuh had Shawar executed and was appointed vizier. Barely two months later he died to be succeeded by his nephew, Yusuf ibn Ayyub, who has become known by his honorific 'Salah al-Din', 'the goodness of faith' which in turn has become westernised as Saladin. Nur al-Din died in 1174. He was the first Muslim to unite Aleppo and Damascus in the Crusade era. Some Islamic contemporaries promoted the idea that there was a natural Islamic resurgence under Zengi, through Nur al-Din to Saladin. Although, this wasn't as straight forward and simple as it appears. Saladin imprisoned all the Caliph's heirs preventing them from having children, as opposed to having them all killed which would have been normal practice, to extinguish the bloodline. Assuming control after the death of his overlord, Nur al-Din, Saladin had the strategic choice of establishing Egypt as an autonomous power or attempting to become the preeminent Muslim in the Eastern Mediterranean-he chose the latter.

As Nur al-Din's territories fragmented after his death, Saladin legitimised his ascent through positioning himself as a defender of Sunni Islam subservient to both the Caliph of Baghdad and Nur al-Din's son and successor, As-Salih Ismail al-Malik. In his early ascendency he seized Damascus and much of Syria, but not Aleppo. After the building a defensive force to resist a planned attack by the Kingdom of Jerusalem that never materialised his first contest with the Latin Christians was not a success. His overconfidence and tactical errors led to defeat at the Battle of Montgisard. Despite this setback, Saladin established a domain stretching from the Nile to the Euphrates through a decade of politics, coercion and low level military action. After a life-threatening illness, he determined to make good on his propaganda as the champion of Islam, embarking on heightened campaigning against the Latin Christians. King Guy responded by raising the largest army that Jerusalem had ever put in the field. However, Saladin lured the force into inhospitable terrain without water, surrounded the Latins with a superior force and routed them at the Battle of Hattin. Saladin offered the Christians the options of remaining in peace under Islamic rule or taking advantage of 40 days' grace to leave. As a result, much of Palestine quickly fell to Saladin including, after a short 5 day siege, Jerusalem. According to Benedict of Peterborough, Pope Urban III died of deep sadness on 19 October 1187 on hearing of the defeat. Pope Gregory VIII issued a papal bull named *Audita tremendi* that proposed a further Crusade later numbered the third to recapture Jerusalem. Frederick I, Holy Roman Emperor died en route to Jerusalem, drowning in the Saleph River, and few of his men reached the Eastern Mediterranean.

Marinette: I am Judgement and Heaven is Nigh. HUNDRED YEARS WAR LIGHT STYLE NINJA ART: JOAN OF ARC!

Marinette floated into the air and spread wings of light as light bands shined down on her and she fired waves of light and it formed into Joan of Arc.

---

**Joan of Arc** (1412 - 30 May 1431), nicknamed " **The Maid of Orléans** " is considered a heroine of France for her role during the Lancastrian phase of the Hundred Years' War, and was canonized as a saint. She was born to Jacques d'Arc and Isabelle Romée, a peasant family, at Domrémy in the Vosges of northeast France. Joan said that she received visions of the archangel Michael, Saint Margaret, and Saint Catherine of Alexandria instructing her to support Charles VII and recover France from English domination late in the Hundred Years' War. The as-yet-unanointed King Charles VII sent Joan to the siege of Orléans as part of a relief army. She gained prominence after the siege was lifted only nine days later. Several additional swift victories led to Charles VII's consecration at Reims. This long-awaited event boosted French morale and paved the way for the final French victory at Castillon in 1453.

On 23 May 1430, she was captured at Compiègne by the Burgundian faction, a group of French nobles allied with the English.

She was later handed over to the English and put on trial by the pro-English bishop, Pierre Cauchon, on a variety of charges.[8] After Cauchon declared her guilty, she was burned at the stake on 30 May 1431, dying at about nineteen years of age.

In 1456, an inquisitorial court authorized by Pope Callixtus III examined the trial, debunked the charges against her, pronounced her innocent, and declared her a martyr. In the 16th century she became a symbol of the Catholic League, and in 1803 she was declared a national symbol of France by the decision of Napoleon Bonaparte. She was beatified in 1909 and canonized in 1920. Joan of Arc is one of the nine secondary patron saints of France, along with Saint Denis, Saint Martin of Tours, Saint Louis, Saint Michael, Saint Rémi, Saint Petronilla, Saint Radegund and Saint Thérèse of Lisieux.

Joan of Arc has remained a popular figure in literature, painting, sculpture, and other cultural works since the time of her death, and many famous writers, playwrights, filmmakers, artists, and composers have created, and continue to create, cultural depictions of her.

Hunter: (German Accent) Try this one! BRAVEHEART FIRE STYLE NINJA ART: BATTLE OF STIRLING BRIDGE!

Hunter fired a wave of fire and it formed into the Scottish Army from the Battle of Stirling Bridge in 1297 A.D.

---

The **Battle of Stirling Bridge** (Scottish Gaelic: *Blàr Drochaid Shruighlea* ) was a battle of the First War of Scottish Independence. On 11 September 1297, the forces of Andrew Moray and William Wallace defeated the combined English forces of John de Warenne, 6th Earl of Surrey, and Hugh de Cressingham near Stirling, on the River Forth.

In 1296, John de Warenne, 6th Earl of Surrey, defeated John Comyn, Earl of Buchan in the Battle of Dunbar. King John Balliol surrendered to King Edward I of England at Brechin on 10 July, and the Scottish landholders were made to acknowledge Edward's overlordship. In 1297, Moray initiated a revolt in northern Scotland and by the late summer, controlled Urquhart, Inverness, Elgin, Banff and Aberdeen. Wallace joined Moray in September near Dundee, and they marched to Stirling. Stirling, in the words of Stuart Reid, was "traditionally regarded as the key to Scotland." Meanwhile, Surrey had joined Cressingham in July and both had arrived at Stirling by 9 September 1297. By then, Moray and Wallace had already occupied Abbey Craig.

Nico: The god of the Grape Harvest in Greek Myth and the God of Thunder in Celtic Myth.

Cannontop: Yep.

The Sword of Dionysus, a 6' long sword with a green leaf etched on the blade, green angel wings with embedded green gem for the crossguard, long black handle, and a large green sphere this sword is in his hands, he'll gain a massive power and energy increase, and this sword can only be wielded by him since he got his powers from Dionysus.

The Sword of Taranis, a 6' foot long sword with a blue lightning bolt etched on the blade, electric blue angel wings and a blue gem for the crossguard, long black handle, and a large electric blue sphere pommel.

Fang: What the School did was unforgivable and they got what they deserved.

Izzy: Yeah they had it coming.

Me: Yep.

Nico: (To the viewers) This was an epic adventure. Hope you all got a good thrill out of it like we all have.

Me: I know I have.

Eli: Me too.

Ariel the Sylph: Me too.

We later went back to the estate and watched TV and had dinner and then went to bed.

Sheryl Goodspeed was now in the redemption squad.

THE END

---

Another awesome fanfic done.

Final Space from 2018 was a really interesting show that Etstheclarencefan suggest for me for this chapter. It was really interesting. Never saw the full series but it was good. The first part was where we went to the world of Maximum Ride and made sure that the School's plans for World Domination never succeed and that we wipe out every single mutant they made minus the Flock. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Drako1234658, Darkhai, vinjedi1995, Nflemingful, Etstheclarencefan, and ninjakingofhearts all gave me the ideas for this. Thanks guys. The next girl will be Abyss the Anubis and she will be in the world of DC Comics Superfriends by Hanna Barbera and we're gonna kill that incompetent version of The Legion Of Doom to save her. Also get ready for a Blast From the Past as we go into the world of Space Ghost and we're gonna meet Space Ghost as well as Jan and Jace and their pet monkey Blip and we're gonna face their enemy Zorak and kill him. It will be an awesome honor as we meet the iconic Space Ghost.

See you all tomorrow.

# Adventures with the Iconic Space Ghost

In the infamous Slaughter Swamp, a death trap zone located just outside of Gotham City, me and Natalya the Darkrai Gene-Slammer were searching for the next girl to rescue.

Natalya: (Russian Accent) Wow! So this is Slaughter Swamp.

Me: Yep and it's the swamp that's home to the infamous Legion Of Doom.

Natalya: Whoa. I heard so much about them. It was the first enemies you were gonna face before the Masters of Evil came.

Me: Yep.

We then saw the water bubble and out came the Legion Of Doom Base.

Me: Thar she blows. Legion Of Doom HQ. And it's the Superfriends version of the Legion Of Doom.

Natalya: The Superfriends?

Me: It was an old DC Comics Superhero cartoon from my past. It was the very cartoon that got me into the Superhero life.

Natalya: Oh that one! Wow! I haven't watched that show in forever.

Me: I know. Started in 1973. Still watch it on the internet though.

Natalya: Which part of the base do you think the Legion of Doom is holding the next girl?

Natalya concentrated and groaned as her skin turned black.

Me: We're gonna have to smash in and take them all down to find her.

Natalya turned into Darkrai!

Natalya Darkrai: Lets do it!

I held on to her clothes for her.

Me: I'll hold on to these for you.

Natalya Darkrai: Thanks. I'll do the entrance this time.

Me: Good idea.

In the Legion of Doom base, the Superfriends version of the Legion of Doom was lowering a girl into a tub full of molten lava. The Girl was an Anubis from Egyptian Myth.

Superfriends Lex Luthor: You will live if you tell us all you know about the Superfriends!

Abyss: Never!

Superfriends Scarecrow: Then you will die!

Then suddenly a massive flock of crows with red eyes came in and swirled around the Superfriends Legion Of Doom and then the crows got closer and

we appeared.

Me: Surprise!

Superfriends Lex Luthor: WHAT!? J.D. KNUDSON OF TEAM LOUD PHOENIX STORM!?

Cheetah: KILL HIM!

Me and Natalya went at the Superfriends Legion Of Doom and beat the living shit out of them and I fired a blast of fire and set the Superfriends Scarecrow's straw-filled butt on fire and he screamed in pain!

Me: Some of you have been redeemed and are in our frenemies or the Redemption Squad but you guys give all the villains and former villains we know a bad name!

I pulled out 10 DISK Prisons and held some of them in my hands and octopus tentacles.

Me: D-SECURE!

I imprisoned Superfriends Gorilla Grodd, Toy Man, Captain Cold, Cheetah, Giganta, Sinestro, Bizarro, Riddler, Black Manta and Solomon Grundy.

Me: Now for you three.

Natalya Darkrai: What are we gonna do with these three?

Me: I have something better for them.

I pulled out a device.

Me: Superman is letting me use this for this.

I fired a beam of energy and it sent Superfriends Lex Luthor, Brainiac and Scarecrow to the Phantom Zone, a dimension that acts like a powerful prison.

We went over to the girl.

Me: Wow you're an Anubis from Egyptian Myth.

Abyss: That's right.

We got her down.

Abyss: Whew. Thank you so much and it's an honor to meet the famous J.D. Knudson. My name is Abyss and yes I'm an Anubis.

Me: Pleasure to meet you. this is Natalya Semonoffekov and she is also a Darkrai.

Natalya Darkrai: Pleasure to meet you.

Abyss: Same here.

Natalya: I'm gonna revert back now.

Me: Okay.

I put on my blind man glasses and she reverted back.

Natalya was human again. But naked.

Natalya: (covers herself) Good thing none of that incompetent Legion of Doom are around now to see me naked!

I gave her back her clothes.

Natalya: Thanks J.D.

She put her clothes back on.

Abyss: Where did you send Luthor, Brainiac and Scarecrow?

Me: I sent them to the Phantom Zone.

Abyss: Cool! Hope they like it there from now on.

Natalya: I have a feeling they won't.

Me: I agree. But lets see if we can utilize the secrets of this base for our benefit. The Legion Of Doom was our previous enemies before the Masters of Evil became our frenemies.

Abyss: Good idea. I'll get you all back to the World Tree Estate.

Me: Awesome.

She snapped her fingers and we went back to the World Tree Estate and the Legion Of Doom Base went with us.

---

Back at the World Tree Estate everyone was watching TV and reading books.

We came in and Natalya went and sat down.

Abyss: Wow! So this is where you all live.

Me: Yep.

Nico: Wow! She's an Anubis.

Cody (OC): Wow! Lord Anubis must have a daughter.

Abyss: I sure am and you must be Cody, who my father told me so much about.

Cody (OC): I sure am. An honor to meet you princess.

Abyss: No need for formalities. Just call me Abyss.

Cody (OC): Sorry. Force of habit.

Miia: Abyss!

Abyss: Miia!

They hugged.

Miia: It's awesome having you with us.

Cerea: Yeah and you will love J.D. He is one of the most amazing heroes ever.

Rachnera: Yep.

---

Later that day, I was on the outskirts of the farm town of Hazeltucky over by Scratchy Bottom Campgrounds. I was over by a widely known and notoriously terrifying swamp that has caused a massive plethora of rumors in the people of Hazeltucky. One of the most feared of them all was that there was a malevolent clan of Hillbillies that live in the swamp and have been sparking terror all over the city. The name of the swamp was called Skunk Swamp and it was a nefarious and terrifying swamp. Anyone that went in came out with only a barrel and was naked. The name of the Hillbilly Clan was called the Gunderson Family and they are EXTREMELY BAD NEWS! They are hillbillies that hate everyone and everything and are evil to the core and want nothing more than to see the world burn. They are so bad that people who tried to go after them were too scared to do so.

Me: This must be Skunk Swamp. Well here we go.

I walked on the water and I was not afraid of any danger ahead of me. I had my lightning and plasma aura flared up and ready to strike should any danger present itself. I was walking through the swamp and it was a creepy and foreboding swamp. There were lots of cypress trees, moss, vines, frogs, alligators, snakes, birds, everything. It was as terrifying as Okefenokee.

Me: Wow. This swamp is terrifying.

I sensed my surroundings very cautiously and more.

Then I sensed some kids in the trees and they had knives ready to throw and my lightning aura hit them and electrocuted them. Then a man with a gun came out and my lightning hit him and electrocuted him too.

I made my way to a swamp house and I went up the stairs and up to the front door.

Me: Here we go.

I kicked the door down and I was seeing GUNBOAT "PA" GUNDERSON!

This is Gunboat "Pa" Gunderson of the Gunderson clan.

---

The Gundersons are a hillbilly clan who live outside Hazeltucky. Unlike the McKimsons, they're mean, isolated, selfish, awful, and impossibly evil. In fact, they're so mean:

-They're practically the reason why Lincoln has a fear of hillbillies.

-They're declared inhuman by the Hazeltucky Town Council.

-Pa McKimson thinks the Gundersons started the McKimson-

Gunderson blood feud on purpose because they were looking for someone to pick on.

The Gundersons live in Skunk Swamp, a nightmarish, notoriously lawless woodland where no sane Hazeltuckian (not even the McKimsons!) dares set foot. Anyone who sets foot in Skunk Swamp is stripped of their clothes, their belongings, and their money and kicked out, leaving the victim wearing a barrel. Whenever this happens, the Gundersons declare "Anyone who sets foot on our property is fair game!"

Rumor has it that they're the "hill people" who have been hiding in the trees surrounding Scratchy Bottom Campgrounds.

Also, Gunboat is the undefeated wrestling champion of Hazeltucky.

---

Pa Gunderson: (Cajun Hillbilly Accent) Now who myt y'all be?!

Me: Your worst nightmare! I'm J.D. Knudson, Leader of Team Loud Phoenix Storm.

Mad Dog: Who?

Me: I see you all never heard of me. I'm the destroyer of evil and nightmare to all that are bad.

Clueless mumbled as if he was braindead.

Me: I see he is a braindead monkey.

Mad Dog: YOU ROTTEN SIDEWINDER!

Mad Dog went at me and I punched him in the stomach and spun and kicked him in the face and sent him crashing into the table and smashing it to pieces.

Pa Gunderson: Y'all fight purdy well. Want to wrastle?

Me: Bring it on you brainless toad.

We got into a wrestling arena on the swamp and I stood ready and then the bell rang and Pa went at me and I held out my hand and grabbed his face and then I held him in place with my strength and then I did a Judo move and smashed him into the arena floor.

The Gunderson's were shocked that I defeated Pa Gunderson the "UNDEFEATED" Wrestling champion of Hazeltucky with incredible ease! I was given the championship belt.

Me: Now I'm gonna give you all a warning, either you all stop the evil deeds you all have been doing over the years with Hazeltucky and the McKimson Family or else things will get really ugly!

Mad Dog growled in fury and the kids growled too.

Me: I'll take that as a never.

I then left. Pa Gunderson then got up and he had red eyes burning with intense hatred and fury towards me and he came at me roaring in fury and I sensed him coming and spun around and punched him in the face hard and sent him flying and he smashed through his house and completely destroyed it and crashed into a tree and his crotch landed on a tree branch and he landed in the swamp water.

Me: (Blows on fist) You want a battle, I'll give you all a war.

I left the swamp unharmed and now the new reigning champion of wrestling.

* * *

Back at the estate, everyone was watching the news and they saw that I had done the impossible and gave the Gunderson Family a major league piece of my mind and beat them.

Katherine Mulligan: This is Katherine Mulligan with the news in Hazeltucky, where our very own J.D. Knudson has done the impossible and beat the Gunderson Family and made sure that if they did anymore damage that Team Loud Phoenix Storm would make sure they paid for their crimes.

The Loud Kids cheered wildly for me.

Katherine Mulligan: J.D. do you have anything you want to say about this amazing act of bravery and courage?

Me: (On the TV) Well Katherine after hearing all these rumors and all about the terrible deeds they did, I figured it was time for me to see if it was all true and sure enough it was and I gave them a piece of my mind. I beat Pa Gunderson in wrestling and showed that rotten egg neanderthal what for. I then threatened him with a terrible war if he does this again. Also the McKimson Family has been placed under our protection and we're not gonna let them be harmed by the Gunderson's anymore.

Katherine Mulligan: Awesomely well done J.D.

Me: Thanks Katherine.

Katherine Mulligan: The FBI and the CIA have been informed about the terrors and atrocities that the Gunderson family and they are gonna soon be filing charges against them for the heinous acts they have done to the entirety of the cities of Michigan.

Laney: Good riddance to those bozos.

Lola: Yeah they are terrorists.

Nico: Who are the Gunderson Family?

Lori: Nico they are literally the most dangerous and most evil hillbilly family in all of Michigan. They have terrorized the entirety of Hazeltucky and Royal Woods for years before Royal Woods became Gotham Royal York.

Luna: Yeah dude they are the worst ever!

Laney: They even have a nasty Hatfields & McCoys caliber feud going on right now with their enemy family, The McKimson Family. They are the polar opposite of the Gunderson's. The McKimson Family is nice, caring and loving where as the Gunderson's are dangerous, ruthless, cold-hearted and pure evil.

Applejack: That's terrible!

Apple Bloom: Yeah they are awful!

I came in.

Me: I'm back.

Nico: Way to go J.D.! We saw you on a news report on TV and way to sock it to that monster family.

Me: Aw it was nothing. Besides after everything they have done they sure had it coming.

Eli: You said it but great job bro!

Ets: Yeah!

Me: Thanks guys.

---

Later over in Melbourne, Australia we were there because we got word of a sighting of Pokemon Gene-Slammers.

Me: Thank goodness there are more Gene-Slammed victims.

Gluko: We need to find more gene slammed victims. Otherwise, you'll run out of people to help you with rescues.

Me: I agree. And with over 200 girls to find, I'll need all the help I can get. But the scans show that there was sightings of 3 of them here in Australia.

Ty: (Australian Accent) Good to be back home mates.

Valon: (Australian Accent) You said it.

Laney: I love coming to Australia. It's so beautiful.

Emma Gilbert: (Australian Accent) It sure is. I missed this place.

Rikki: Me too.

Bella Hartley: I know. Been a while.

Lana: Hey look there.

We saw three Pokemon coming down the street and they were a Regice, Registeel and Regirock.

Me: Wow! A Regice, Registeel and Regirock.

They came up to us.

Me: Whoa.

Regice: (Australian Accent) Awesome meeting the famous Team Loud Phoenix Storm.

Regirock: (Australian Accent) Love all your adventures mates.

Registeel: (Australian Accent) They are amazing.

Me: Thanks we get that all the time.

Sheila: Sorry I'm Sheila Jones and I'm a Regice.

Ava: I'm Ava Brown and I'm a Regirock.

Olivia: And I'm Olivia and I'm a Regirock.

Me: Pleasure to meet you. What were you all doing when you got slammed?

Sheila Jones: We were just relaxing on the beach when we saw Team Rocket Scientists going after some of the girls on the beach.

Ava Brown: Yeah it was not a pretty sight.

Olivia Williams: They wanted to kidnap the girls to turn into Pokemon for their insidious plots to rule the world. One of those maniacs came at us and Sheila kicked him and knocked him out. He dropped syringes full of Regice, Regirock and Registeel slamming serum.

Sheila Jones: I knew that we could stop all of Team Rocket with these so we decided to make a huge decision.

Ava Brown: We sacrificed our humanity to get the power to destroy Team Rocket.

We gasped in shock and amazing admiration for them.

Sena: Wait. You gene slammed yourselves on purpose?!

Sheila Jones: It was to save people that Team Rocket was attacking.

Ava Brown: Sure, we sacrificed our humanity but it was worth it!

Olivia Williams: Sometimes, doing the right thing involves losing something that you hold dear.

Me: That's a very strong and powerful saying.

Dr. Terrance Morton: I know that saying all too well and I too did the exact same thing when Dr. Luther Paradigm was terrorizing the laws of nature.

Terri Morton: Yeah same with me. Me and Terrance slammed ourselves with Manta Ray DNA to help the Street Sharks.

Jaime Knudson: It's a really interesting story.

Olivia Williams: Wow! That's incredible mates.

Me: Yeah it sure is. You made a huge sacrifice to stop all of Team Rocket. But it looks like we beat you all to the punch. Team Rocket is all dead. Except for Jessie, James and Meowth here. They got fired before we killed all of Team Rocket. Turns out their boss, Giovanni, was not only the Viridian City Gym Leader of the Kanto Region but also Team Rocket's leader and he wanted to take over the world. But we killed him and banished him to the Warp and destroyed all of Team Rocket for good.

Sheila Jones: We owe you all big time for that.

Me: You're welcome. Sorry you girls didn't get your shot in.

Ava Brown: It's all right mate. But we're glad Team Rocket is gone

forever.

Me: We are too. But I can give you girls the power to change into your Pokemon Forms at will.

Sheila Jones: You can do that?

Carolyn Hope: He sure can. J.D. has helped many of us Pokemon Gene-Slammers regain our humanity and we have the power to transform into our Pokemon Forms at will and we can utilize all their powers.

Olivia Pensagammon: It's true and it's really amazing.

Olivia Williams: Wow! That's so amazing.

Me: It sure is.

Sheila Jones: We would like to change back and turn into Pokemon at will.

Me: Awesome. But it's gonna be really painful.

Ava Brown: We know.

Me: Okay. Boys cover your eyes.

They did so and I put on my blind man glasses.

Miroku was not covering his eyes and Nicole slammed her foot onto his foot and crushed it and made him cover his eyes.

Me: Here we go. (Snaps fingers)

The three girls groaned in excruciating pain! The three girls were in pain as their heads changed back first.

G1 Mixmaster: You girls okay?

Ava Brown: (sarcastically) Oh, we're just dandy! All we're doing is BEING IN SO MUCH PAIN AS OUR BODIES ARE REARRANGING THEMSELVES!

Me: Nobody likes sarcasm girls.

Joan Bolton: It will be over in a few seconds.

The girls were changing back to human. Sheila's hair came back and it was sky blue and her eyes were yellow. Ava's hair came back and it was light brown and she had orange eyes and Olivia's hair came back and black and she had red eyes. They were back to normal and they were naked and Varie and the fashion squad went in and gave them new clothes.

Sheila had a blue bow with her hair in a ponytail and it had a snowflake on it and she had a blue tank top with a Regice on it and she had a blue skirt with snowflakes on it and she had blue leggings and she had a sleeveless blue trench coat with snowflakes on it and she had boots on.

Ava had a brown shirt with a Regirock on it and she had brown pants and boots and a canyon sleeveless trench coat on.

Olivia had a grey shirt with a Registeel on it and she had a grey skirt and black leggings and she had black fingerless gloves and she had a grey steel mill sleeveless trench coat on.

G1 Jazz: How do you girls feel? Any side effects?

Olivia Williams growled lika a Regice at him.

G1 Jazz: (Frightful) Okay sorry I asked!

Olivia Williams: Whoa! What a rush.

Me: I gave you all the ability to transform at will now.

I showed them a mirror and they saw that they were human again!

Sheila Jones: Wow! We're human again!

Ava Brown: Wow!

Olivia William: And these clothes are awesome.

Me: It's our trend for the team. It's really cool.

Rarity: Indeed it is. And Varie, myself, Teresa, Maria, Carol and Leni made the clothes.

Me: Yep.

Sheila Jones: Wow! These are awesome clothes mates.

Valon: Yeah they are.

We later went back to the World Tree Estate.

* * *

Later we were getting ready for our latest mission.

Ace: It's your turn to lead us, Nico.

Nico: Yes it is.

Me: Awesome.

Nico: Only problem is I don't know what our mission should be.

Me: I have an idea.

Nico: Lay it on me.

I turned on the TV and used the computer to pull up a great show. But it wasn't just any show. it was a show from my past: SPACE GHOST!

Nico: Space Ghost! Awesome!

Eli: I love this show!

Aylene C.: One of my favorites.

Lana: Awesome! I love Space Ghost!

Lincoln: Me too! Space Ghost is awesome!

Lynn Sr.: Oh! I love Space Ghost! I watched it all the time back when I was a kid! So awesome!

Lynn: Yeah!

Abyss: It's a great show.

We got to watching it and we were going to look for a good enemy of Space Ghost to go after and there were a lot of them.

Then Firefly, Pyro, Pyros, Firebrand, Scorcher, P'andor, El Diablo, Heat Wave, Magma and Hank Scorpio

Firefly: Can me, Pyro, Pyros, Firebrand, Scorcher, P'andor, El Diablo, Heat Wave, Magma and Hank Scorpio come with you guys?

Nico: Yes you can.

Pyro: Oh wow! Space Ghost! I used to watch that show all the time growing up!

Scorcher: That was one of my favorite shows when I was a kid.

Heat Wave: Brings back a lot of memories.

Lynn Sr.: I would dress up like Space Ghost.

Nico: We have a lot of good memories with Space Ghost.

Hank Scorpio: That does bring back fun memories.

Firebrand: Which enemy are we gonna go after?

Nico: Well we got three major choices. We can either go after Zorak, Moltar or Brak. Which sounds good.

Me: Well Zorak sounds good. Lets put it into a vote.

Nico: Good idea. All those in Favor of Zorak?

Some of us raised our hands.

Nico counted and he saw 35 hands.

Nico: And for Moltar?

Some of us raised our hands.

Nico counted and he saw 20 hands.

Nico: And for Brak?

Some of us raised our hands.

Nico counted and he saw 15.

Nico: Okay so that's 35 for Zorak, 20 for Moltar and 15 for Brak. Zorak it is.

Eli: Awesome! We're gonna be meeting Space Ghost!

Nico: Lets go!

We were off to into Space and we were so excited to meet Space Ghost.

Vegeta: Us Saiyans have actually heard of Space Ghost's adventures.

Me: Is that true Master Vegeta?

Vegeta: It is. Space Ghost is a very well known hero that is always battling the forces of evil.

Nico: Yep and he sure gives some of the most dangerous villains a very powerful and amazing challenge.

Me: Yeah he sure does.

Scrappy: I can't wait to splat Zorak.

Me: Me too.

Eli: Same here. That bug freak is gonna rue the day he crossed us.

Nico: Yep.

We arrived at Space Ghost's Planet and it was a really awesome base of operations for Space Ghost and his quest in protecting the Cosmos. We saw Space Ghost working.

Hank Scorpio: Hi! You must be Space Ghost.

Space Ghost: That's right sir.

He turned and saw us.

Space Ghost: Team Loud Phoenix Storm, it's an honor to have you all here.

Me: Pleasure to meet you Space Ghost. We love all your adventures and they are awesome.

Space Ghost: It's always a pleasure to have the greatest heroes ever to save the galaxy many times like me.

Nico: We get that all the time. We came to help you destroy one of your major enemies.

Space Ghost: I'm glad you did and my scans show that Zorak is up to no good.

Eli: I figured that.

Nico: We're not gonna let that mantis freak ruin the universe.

Thundercracker: Us Decepticons have also watched your show. When Megatron wasn't looking, of course.

Space Ghost: (Chuckles) I'm glad you did.

Jace: (On the radio) Jace calling Space Ghost. Jace calling Space Ghost. Come in Space Ghost.

Space Ghost: Space Ghost Here.

Jace: Zorak is about to launch a massive army of insect robots and many of his soldiers to conquer the universe.

Me: Whoa man!

Space Ghost: Hang on Jace. We're on our way.

Me: We got to get over to where Jace, Jan and Blip are and help out.

Nico: Right. But first what does it say about Zorak?

Me: Lets see.

I pulled up his history.

---

Zorak is one of the main antagonists of the Space Ghost franchise, the others being Brak and Moltar. He is a giant teal praying mantis who appears as Space Ghost's archenemy and most dangerous threat as He has almost defeated Space Ghost on numerous occasions. One of Zorak's main weapons is his matter intensifier. He has also been known for planetary mass murders in the comics. Zorak appeared on the original Space Ghost cartoon six times and became a main cast member of the spinoff The Brak Show.

He was voiced by the late Don Messick and the late C. Martin Croker, who also played Moltar and Dr. Weird.

Space Ghost

Zorak is a diabolical galactic warlord who leads the Zorathians in missions of destruction, conquest, and pillaging. In his first appearance, he is already in jail due to Space Ghost's intervention. He kidnaps Space Ghost's teenage sidekicks and holds them hostage, attempting to lure Space Ghost into a trap. When Space Ghost escapes, he attempts to execute them. Space Ghost manages to save the twins and destroy Zorak's base. Though it appears that he and his men have died, Zorak reappears later in the series to further antagonize Space Ghost.

Zorak appears in the final arc of the series as a member of the Council of Doom, where he is one of their most effective and dangerous members, nearly bringing Space Ghost and his friends to their death before he is defeated. In the final battle, the Council of Doom's base is obliterated and the villains are left for dead, but it is likely they escaped and scattered, waiting for a better opportunity to get their revenge.

Zorak is a warlord with a large army of his people, but he is not the leader of his species. Zorak is an intergalactic fugitive and considered an outcast even among his fellow aliens. His army is known as "The Zorathians" but this is not the name of his species.

---

When we finished reading it was terrible!

Laney: Whoa man!

Shanan: Those Zorathians are always up to trouble.

Lola: Well not anymore.

Abyss: It's time to end them.

Nico: We'll follow you to the planet Zorak is at Space Ghost.

Space Ghost: Right.

We were off into space and we were flying to the planet of Zorak.

Scorcher: Before you ask, we had to take a vote on which one of your enemies to kill first. And Zorak got the most votes.

Nico: The reason is that you have a lot of major enemies to deal with.

Space Ghost: That's all right.

Eli: Is that the planet?

We saw that we were at the home planet of Zorak.

Space Ghost: That's it.

Me: Here we go.

Nico: Lets land.

We landed on the home planet of Zorak and it was a freaky planet.

Me: So this is Zorak's home planet.

Nico: Scary place.

2014 Maleficent: Be on your guard. Zorak might have traps.

Nico: Right.

Eli: Like this.

Eli fired a blast of Force Lightning and it hit a bunch of land mines and blew them up.

KRABBBBOOOOOMMM! KRABBBOOOOOOMMM! KRABBBBBBOOOOOOOOOMM! KRABBBBBOOOOOOOMMMM! KRABBBBBBOOOOOOOOMMMM!

Nico: Whoa! Nice save Eli.

Me: Eli cut a path for us to get through.

Nico: Smart thinking.

El Diablo: Okay. Any other traps we need to watch out for?

Eli sensed for them with the Force.

Eli: I don't sense any.

Nico: Looks like we're in the clear to get to Zorak.

Me: Yeah.

We went into Zorak's lair and we saw Zorak giving a speech to his soldiers for an impending attack.

Shocker: Anyone see any sign of Jace, Jan, and Blip?

Nico pulled out his binoculars and looked at the far end of the room and saw Jan and Jace but no Blip in a cell.

Nico: I see Jan and Jace in a prison cell but Blip is not with them.

Nico switched to Infrared and he saw that Blip was invisible and he had swiped the keys from a guard.

Nico: That is one smart monkey. When Jace and Jan are free, we make our move.

Space Ghost: Right.

Pyro: I've got a good idea for an entrance.

Nico: Awesome.

Blip opened the cell and released Jan and Jace.

Nico: Showtime.

We made our move.

Zorak: And soon that Space Ghost will…

Suddenly a massive vortex of fire exploded out of the floor underneath many of Zorak's soldiers and incinerated them in an instant and phoenixes were swirling around the huge flaming tornado of fire and then we popped out.

Me: Zorak!

Zorak: TEAM LOUD PHOENIX STORM!? What are you all doing here?!

Nico: What else? We came to kill you and destroy you once and for all.

Zorak: How did you all get past those mines?!

Princess Rose: Eli here cleared the way, that's how!

Nico: And now we're going to make sure you and this entire planet and your kind are completely eradicated!

Vegeta: Just like old times!

Zorak: Vegeta!

Vegeta: Its been a while Zorak. I see you're still alive after our last encounter.

Zorak: I will never forgive you for doing all that to me you Saiyan monkey!

Vegeta: It was your fault that you did that Zorak.

P'andor: (Russian Accent) Vegeta, what's this asshole talking about?

Vegeta: When I was working under Frieza, we fought against him and his kind and they lost badly. A few survivors got away but we destroyed his planet in the process.

Nico: Whoa man! So he has a really bad history with you.

Vegeta: Yes.

Me: Well now we're going to finish your work Master Vegeta.

Nico: It's time to tear this bug and his freakish army apart!

Stalker: Look out! Zorak is summoning some of his goons!

Zorak: GET THEM!

Nico: ATTACK!

We fired energy blasts and elemental blasts at them and destroyed the goons all over in massive fiery explosions!

KRABBBBBOOOOOOOOOMMMMM!
KRABBBBBBBBOOOOOOOOOOOMMMMMMM!
KRABBBBBOOOOOOOOOOOOMMMMMM!
KRABBBBBOOOOOOOOOOOOOOOMMMMMM!

Space Ghost: Taste my lightning ray!

He fired a beam of lightning and electrocuted the goons.

Firebrand: Let's set these jerks aflame!

He fired a massive blast of fire and incinerated them.

Nuova Shenron: NUOVA DEATH RAY!

He fired a focused beam of fire from his lens and it slashed a bunch of the Zorak Goons in half and cleaved them in two and incinerated them.

Laney: Take this one!

Laney fired waves of leaves and rose thorns and slashed and skewered them all over.

Generator Rex Circe: Time to give these jerks a loud wake up call!

She extended her second mouth and fired a massive and extremely powerful and loud sonic blast that caused the Zorak Goons to explode all over the place and splatter their green blood and guts all over.

Lana: Take that!

Lana fired waves of ice and froze the goons and Young Ben spread his Blazewing Butterfly Wings and flew fast and incinerated the Zorak Goons left and right with massive blasts of fire.

Young Ben: Take that you bug jerks!

Riley: It's so amazing that you have those Butterfly Wings Ben.

Young Ben: I know.

Magma: (to Riley) Don't forget that you already have our version of Ben as a boyfriend.

Riley: I know. But he is still a younger version of Ben nonetheless.

Magma: Good.

Ben: Awesome!

Riley fired a massive blast of Green Force Lightning and electrocuted many Zorak Goons all over.

Jungle Fury Jarrod: I don't know about you guys. But I'm thinking I'm overdue for a new weapon!

Laney: You'll get one in the unusual battles Jarrod. Right now lets continue blowing these freaks into oblivion.

Jarrod agreed.

Heat Wave: Fry, you pigs!

Heat Wave fired a massive blast of fire and incinerated them.

I fired waves of fire and lightning and burned and electrocuted the bugs and goons.

We destroyed the goons and soldiers and set our sights on Zorak.

Shade Man: This is almost too easy!

Maxxor: By the authority of the Tribal Alliance, we're taking you down by force!

Me: You are hereby sentenced to death Zorak!

Brittney: Prepare to die!

We went at Zorak.

Gia: Time to use another space based team!

Megaforce Rangers: Legendary Ranger Mode: Lost Galaxy!

The Megaforce Rangers turned into the Lost Galaxy Rangers.

Nico banished Zorak to the Warp forever.

Space Ghost: That's one of my most dangerous enemies down.

Nico: and we have 6 more to go.

Laney: Yep and they will all meet the same end.

At Lynn's Table we were eating Lynn-Sagna and Ultimeatum burgers and then Lord Drakkon, Myotismon, Baron Mordo, Electro, Red X, Common Cold, Katnappe, Technus, Xaldin and Roquefort then appeared.

Myotismon: I see you got Zorak out of the way.

Maria: We sure did.

Baron Mordo: Now, there's nothing getting in the way of the usual battles.

May: Got that right!

Electro: Also, can you guess what the 10 of us have in common?

William: No. What?

Red X: The 10 of us are archenemies of your leader and the Teen Titans.

Me: Great theme choice.

Nico: I'll say.

Eli: This is gonna be sweet.

Nico: Yeah it is.

?: You bet it will be.

A figure came out and it was ARACHNOFIEND from episodes 34 and 35 of Season 3 of Mighty Morphin!

---

Lord Zedd transformed a spider from Billy's garage into **Arachnofiend** to ambush Cestro and Tideus when they returned to the garage after rehydrating. Arachnofiend took Billy and his phase modulator component for the crystal transformer invention to her lair in a cavern beneath Angel Grove, then trapped him and the device in webbing. Arachnofiend shot webbing from her hand at the Aquitian Rangers in her lair. She was destroyed by the Shogun Megazord.

---

Billy: Arachnofiend!

Arachnofiend: Been a while rangers.

Me: I remember you! You were sent to ambush Cestro and Tideus and take Billy's Phase Modulator component.

Arachnofiend: That's right. Good memory on you.

Me: Never missed an episode.

Arachnofiend: I'm one of the few monsters to have my very own lair.

Me: I remember that. That was awesome.

Lana: I'll say.

?: Unlike you all.

3 figures came out and they were HOTA WATA, DR. DIABLOS and REX SHARD THE CRYSTAL COLOSSUS!

---

Doctor Diablos

**Doctor Diablos** is an armor clad, devil-themed, and powerful super villain who rules over an army of demonic creatures. He is one of The Justice Friends' most dangerous enemies. He speaks with a Spanish accent and commands a horde of Demonic Henchmen. He is voiced by Jorge Galvan. He first appeared in the episode, "Star Spangled Sidekicks".

*Star Spangled Sidekicks*

Doctor Diablos' is first seen on the Justice Friends' TV show where he is trying to rob a bank but is luckily thwarted by Major Glory. He later interrupts Major Glory's sidekick search at Independence Mall and is defeated again by Major Glory and Diva-Dynamite (Dee Dee), with help from Dex-Star (Dexter).

*Pain in the Mouth*

In order to help remove Krunk's aching tooth, Major Glory loudly yells out that Krunk is weak and defenseless, which causes a horde of powerful super villains to arrive seeking to take advantage of Krunk's "weakened" state in hopes of destroying him. Among the assembled villains is Doctor Diablos who spares no second in unleashing a flurry of punches on Krunk.

## Rex Shard

**Rex Shard** is an antagonist who appeared in the episode "Chaos in Crystal" of *SWAT Kats: The Radical Squadron* .

He was voiced by the late John Vernon.

### Biography

Shard was a convict serving a nine-life sentence at Megakat Maximum Security Prison. Shard was chosen by Warden Cyrus Meece to operate the Gemkat 6000 in its trial run. In return, Meece would shave some time off of Shard's prison sentence. Amazed at how quickly the Gemkat 6000 worked, he attempted to open the drill housing to get at the collected gems within and "take a few off the top." In doing so, he somehow caused the machine to backfire and explode. When Shard emerged from the mine, he found that the explosion had somehow caused him to begin to rapidly change into a being made of unbreakable green crystal.

Shard quickly discovered that he had the ability to turn whatever he touched into crystal, when he seized and crystallized his guards Talon and Lem merely by touch. He then proceeded back to the prison, thirsting for revenge against the ones he deemed responsible for his accident.

When he reached the perimeter wall, he put all his energy into turning it to crystal, which then caused him to complete his transformation into a totally crystalline being. Ignoring the fire from the prison guards, he punched through the brittle wall and entered the prison. He burst into Warden Meece's office in the same manner, and turned him to crystal right before the eyes of a terrified Deputy Mayor Callie Briggs and Dr. Greenbox. The latter, who had created the Gemkat 6000, was next on his hit-list.

Before he could even attempt to to harm to the Deputy Mayor and the inventor, the SWAT Kats arrived, summoned by distress calls from the prison. He was hit in the chest with a blast from their cement machine gun, and sent flying into the Warden's private diamond vault. This gave Deputy Mayor Briggs and Dr. Greenbox time to slip from the room, but coming into contact with the diamonds somehow caused a reaction in Shard's body. He grew to titanic proportions, bursting through the prison roof. It was here he further explored his amazing powers. The impenetrable crystal shell surrounding his body made any conventional weapons useless against him. The SWAT Kats' newly developed Slicer Missiles broke apart when they hit him, for instance.

The lasers of the Enforcer tanks which arrived shortly thereafter bounced harmlessly off him. Shard then found he could form crystal shards in his hands and hurl them as projectiles, or even do the same with his impressive abs. Using this technique he disabled both the Turbokat and Commander Feral's personal tank. But during this battle, his target had managed to escape: Briggs and Greenbox had fled in the Doctor's jeep to Gemkat Labs, after retrieving the Gemkat 6000 from the mines to try and work on a way to reverse Shard's condition. Having a pretty good idea of where Gemkat Labs was, Shard stomped off towards it. This took him through Megakat

Springs, where he interrupted the Manx Invitational Golf Tournament.

After fending off more Enforcers, Shard turned the entire golf course and everyone there to crystal, including Mayor Manx, and once again got the best of Feral when he disabled the Commander's chopper. He then headed to Gemkat Labs, where he stopped Greenbox from finishing rewiring the Gemkat 6000 by grabbing and crystallizing him at last. The Deputy Mayor was his next target, but T-Bone suddenly came out of nowhere (at least as far as Shard was concerned) on the Sandkat and whisked her to safety, the Gemkat 6000 with her. Shard tried to stop them by touching the ground and sending a "wave" of crystal after them, but the Sandkat leapt over a canyon to safety.

Undeterred and now mad with power, Shard head for Megakat Dam, turning random landforms to crystal as he went. Meanwhile the SWAT Kats had finished what Greenbox had started and rewired the device. They came after Shard, who had succeeded in turning the reservoir to crystal, and a fierce battle ensued over the frozen expanse of the crystallized water. The Gemkat 6000's beam was unable to penetrate Shard's armor, and Banshee Missiles barely made even tiny cracks in him. Annoyed at the "SWAT Gnats," Shard suddenly came up with a brand new power. He focused the sun's rays through his crystal hand into a deadly heat beam, which he used to shoot down the Kat's Eye News chopper when it became annoying to him as well.

The Turbokat proved too difficult for him to hit, and right at that moment T-Bone came up with an idea to defeat Shard. A Mach 5 sonic boom as the jet flew past Shard at an alarming speed rocked the crystal giant and with an agonized scream, he broke apart, turning back into a normal sized, and unconscious, crystal cat. The vigilantes then used the Gemkat 6,000 to return him fully back to normal. As a result, everything he had turned to crystal also returned to its normal state. Shard was then taken into custody by the Enforcers and returned to prison.

---

Lord Drakkon was first.

Drakkon (to me): If the Gundersons think they can destroy you so easily, they're in for a surprise! (sees my new morphers) A few new surprises, in fact.

Me: Yep and I got a lot to show you. Also the Gundersons are the worst ever family. They are also the reason why Lincoln is terrified of Hillbillies like that. It was because Scratchy Bottom Campgrounds is right next door to Skunk Swamp.

Twilight Sparkle: That is so unusual but it is awful that one single family can be that evil.

Star Swirl: Yeah they have absolutely no honor and love for anyone.

Spyro: The Gundersons are absolute monsters.

Sailor Sun: Yeah they sure are. They hate everyone and everything.

Solar Man: And if they think they can kill J.D. then they have another thing coming.

Pharaoh Man: And it's not gonna end well for them.

Lord Drakkon: No it won't. Lets do it.

Lord Drakkon fired a green energy blast at us and we dodged it and it hit the ground and exploded!

Lord Drakkon: WOW! That is amazing!

Star Swirl: It sure is.

Me: Yep. Now for Alien.

I powered down and I had the Aquitar Alien Morpher ready.

Me: I may not be from Aquitar but I might be the first ever human to turn into this. IT'S MORPHIN TIME! PURPLE AQUITAR RANGER POWER!

I turned into the Purple Aquitar Ranger!

Twilight Sparkle: Oh wow! That is amazing!

Lord Drakkon: Wow! You look great as an Aquitar Ranger.

Lord Drakkon: WOW! So awesome!

Me: Yep. Watch this one.

I spread purple angel wings and flew into the air and Lord Drakkon blasted at me and I dodged his strikes and flew at him and did a ZEO SPINNING KICK and smashed him down and he got up.

Lord Drakkon: That was incredible!

Me: Now for Turbo!

I powered down from that and my morpher turned into a Turbo Morpher.

Me: SHIFT INTO TURBO!

I turned into the Purple Star Turbo Ranger!

Me: I'm now faster than light!

I ran fast and kicked Lord Drakkon in the chest all over the place and smashed him down.

Twilight Sparkle: Wow! That was fast!

Star Swirl: Yeah it was!

Me: Now for In Space.

I powered down and my morpher turned into the In Space Morpher.

Lord Drakkon: That is amazing!

I pulled out a powerful star sword and it had the stars in it.

I fired blades of purple energy and Lord Drakkon dodged them and they hit the ground behind him and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Lord Drakkon: WOW! That was awesome!

Me: Now for Lost Galaxy.

I powered down and I had my Lost Galaxy Morpher ready.

Me: GO! GALACTIC!

I turned into the Purple Lost Galaxy Ranger and stars and comets swirled around me and I was ready for action!

Me: YEAH!

Lord Drakkon: WOW!

Me: Watch this.

I pulled out my purple Transdagger and formed it into a sword.

Me: THETA SCIMITAR!

Me and Lord Drakkon went at each other and clashed powerfully and sparks were flying everywhere.

Lord Drakkon: WOW! You are good.

Me: Watched a lot of moves on TV.

I jumped back.

I unsheathed my Quasar Sabar.

Me: Watch this. LIGHTS OF ORION! ACTIVATE!

I glowed and got an awesome belt buckle, arm band and purple claw gauntlet and my Quasar Saber got a crossguard.

Lord Drakkon: WOW! You look great like that.

Me: Thanks.

I held my saber up to the gem on my armband and it glowed and roared.

Me: Yeah!

Lord Drakkon: Awesome!

Me: Watch this! POWER UP MODE!

I ran at him and went at him like a ball of purple energy and it slammed into him and smashed him down and I reappeared and jumped back to the group.

Me: YEAH! Now for Lightspeed Rescue.

I powered down and I had on my Lightspeed Rescue Morpher.

Me: LIGHTSPEED RESCUE!

I turned into the Purple Lightspeed Rescue Ranger! My helmet visor was a star.

Twilight Sparkle: WOW! That is amazing!

Another awesome fanfiction complete.

Space Ghost has been one of my favorite cartoons from my past. It was a great cartoon. Also I used to watch a crazy talk show version of Space Ghost called Space Ghost Coast To Coast and that was a crazy version of it. I was too young to understand what it was all about but it was crazy. The first part was where we took down the Legion Of Doom from The Superfriends, the second part with the Gunderson's featured characters made by 05jstone and they were villains of pure evil. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Drako1234658, Darkhai, vinjedi1995, Nflemingful, 05jstone, Etstheclarencefan and ninjakingofhearts all gave me the ideas for this. Thanks guys and credit goes to 05jstone for the Gunderson's. The next girl is gonna be Moira the Horus and we're gonna find her in the world of The Herculoids and that is gonna be awesome as we help the Herculoids destroy one of their enemies. Also the next chapter is gonna be for Owl House and we're gonna take on the evil Emperor Belos and make that tyrannical monster pay for his crimes.

See you all tomorrow.

# The Owl Witch of the Demon World

On an amazing alien world, me and Ava Brown were flying over a really amazing world and it was incredible to see it.

Me: Wow! This world is amazing.

Ava Brown: (Australian Accent) It sure is.

We landed on the ground.

Ava Brown: Thanks for bringing me on this rescue a few days after me and my friends joined your team, J.D.

Ava concentrated and groaned as her skin turned rocky.

Me: Anytime Ava.

Ava turned into REGIROCK!

Me: YEAH!

Ava Regirock: Right on mate!

We walked around the world we were on and it was a strange and REALLY primative and alien world.

Me: Wow! Look at this planet.

Ava Regirock: What is this world?

Me: I don't know but it's very familiar to me. I've seen it from somewhere, I'm just having a hard time remembering.

We then heard a roar and we saw ZOK, THE LASER RAY DRAGON!

Me: WHOA! That's Zok the Laser Ray Dragon!

Ava Regirock: WHOA!

I gasped when I remembered!

Me: Now I remember! This is the world of The Herculoids! Another one of my favorite cartoons from my past.

Ava Regirock: WOW!

Me: We're on the planet Azmot, we're 75,000 light-years from Earth.

Ava Regirock: Wow! This world is amazing.

Me: It sure is. And Azmot is a really amazing world.

We then saw a couple of Hovercrafts and they had two men on them and we then saw Zok the Laser Ray Dragon, Igoo the Giant Rock Ape, Tundro the Tremendous, Gloop & Gleep the Formless Fearless Wonders and the leaders Zandor and his wife Tara and son Dorno.

Me: Wow! There they are!

Ava Regirock: This is amazing!

We saw that the two men had a girl tied up and gagged with them and she was a Horus.

Me: Whoa the girl with them is a Horus.

Ava Regirock: The God of the Sky from Egyptian Myth.

Me: Yep. Lets help them out.

We went and pulverized the two men that had the girl and Ava grabbed her and Zandor, Igoo and Tundor smashed them and blasted them and destroyed them.

Me: Take that!

We removed the gag from the girl.

Moira: WOW! That was amazing! Hey wow! You're J.D. Knudson, leader of Team Loud Phoenix Storm!

Me: Yep that's me and this is Ava Brown. She's a Regirock Gene-

Slammer.

Ava Regirock: Glad to meet you.

Moira: So awesome to meet you.

Ava Regirock: I'm gonna revert back now.

Me: Better head behind that rock over there.

Ava Regirock: Okay.

She went behind it and reverted back.

Zandor: Thank you for helping us stop the Gladiators of Kyanite.

Me: Anytime Zandor.

Dorno: Wow! You're the famous J.D. Knudson of Team Loud Phoenix Storm.

Me: That's right.

Ava was human again. But naked.

Ava Brown: (covers herself) It'll be an honor to have you and your friends with us, Zandor.

Ava was hiding behind a rock so no one can see her body.

I gave her new clothes.

Zandor: Same to you and it's an honor to meet the famous J.D. Knudson of Team Loud Phoenix Storm.

Tara (Herculoids): We love all your adventures and they are amazing.

Dorno: They sure are. You have done it all.

Me: We get that a lot.

Moira: But it's so awesome that you all live here on Amzot and protect it from evil.

Zandor: Yes we get that a lot too.

Me: That must be rough having to be the only humans here on this planet so far from Earth.

Zandor: Yes it's rough but we adapted to it.

Me: Wow.

Moira: Well now it looks like your enemies have now become our enemies too.

Me: Yep and we can help you all when needed.

I snapped my fingers and Amzot was now in orbit around the Earth.

Me: If you need our help, just give us a call and we'll be there.

Dorno: We will.

Tara (Herculoids): Take care.

We went back to Earth.

---

Back at the World Tree Estate, everyone was sitting at the dining room table for lunch and Mary came out with a really great meal. She made what everyone had for lunch during her babysitting adventure.

We came in.

Ava Brown: That was awesome.

Moira: It sure was. This is amazing that you all live here.

Me: It sure is.

Miia: Moira!

Moira: Miia!

They hugged.

Cody (OC): Oh wow! She's a Horus from Egyptian Myth.

Me: Yep she sure is.

Moira: So you are Cody. My father told me so much about you.

Cody (OC): Your father is Lord Horus?

Moira: He sure is.

Me: Oh wow!

Neith: Little Moira. You sure have grown the last time I saw you.

Moira: It has been a while Neith.

Nico: Where did you guys find her?

Me: We found her on the planet Amzot, the home planet of The Herculoids.

Nico: WHOA! I know that awesome show!

Me: Yep. (Sniffs) Mmm! Something smells good.

Mary K.: Just finished making lunch. Just in time dad.

Me: Awesome. I'm hungry.

We got to eating.

---

Later we were getting ready to watch a Robot Chicken Sketch.

Harry Potter: So this is a Robot Chicken Sketch featuring us?

Ground Man: Yep. Now, this is for educational purposes because of what's happened recently invovling drugs. So, please try and be mature about this, okay?

Me: Here we go.

We watched the sketch and we saw that the sketch was Harry Potter but with a Breaking Bad theme. We saw Dumbledore cut his hair and beard to look like Walter White and he was using Hogwarts to cook methamphetamine and that was NOT GOOD! We saw that Ron was being called the useless member of the Golden Trio and when it was done we were shocked and not laughing.

Me: That was weird and so wrong.

Hermione: (British Accent) There's no way drugs would ever be allowed at Hogwarts!

Indiana Jones: Hey, you'll get no argument from me.

Me: I agree too. And illegal drugs of that kind of caliber are not allowed EVER. Also there is no way in Hell that Hogwarts would be used as a methamphetamine lab like that.

Nico: You are not kidding on that. That's not very smart.

Eli: No it isn't.

Ron: (British Accent) I am not the most useless member of the Golden Trio!

G1 Shrapnel: Of course you're not. After all, didn't you help Harry with that giant chess set when you were going after Quirrel?

Ron: Yes I did.

Me: You have helped Harry and friends more than anyone can even count Ron and that makes you just as helpful to anyone.

Ron: Thanks J.D.

Me: Also Hermione has been very helpful too. She even slugged Malfoy in his mouth.

Hermione: Yeah and it felt really good.

Me: It sure did.

Daphne Greengrass: (British Accent) I thought that was great.

Éclair: That was really well done.

Lucy H.: Yeah no kidding. Malfoy had it coming.

Erza Scarlet: He sure did. That rotten little toad.

Me: Nice way to describe him Erza.

G1 Bumblebee: (to Dumbledore) I think you looked badass with that beard in that sketch.

Dumbledore: (British Accent) I most agree with you Bumblebee. I sure did have a good characteristic in there.

Nico: I'll say.

Me: Yeah.

Commander Mars: B.T.W., J.D.? It's your turn to lead us today.

Me: Yep I know. And I know just the awesome mission for us today. We're gonna go meet Sam's penpal Luz Noceda.

Sam S.L.: You guys will love her.

Nico: Wow! This is gonna be interesting.

Laney: I didn't know you have a penpal too Sam.

Sam S.L.: You never asked.

Laney: Touché.

Éclair: This is gonna be interesting to meet her.

Moira: Yeah it sure is.

Sea: Yeah.

Xaldin, Lord Drakkon, Myotismon, Katnappe, Baron Mordo, Roquefort, Technus, Electro, Common Cold, and Red X then appeared.

Xaldin: Can me, Drakkon, Myotismon, Katnappe, Baron Mordo, Roquefort, Technus, Electro, Common Cold, and Red X come with you all?

Me: You all sure can and it's my turn to lead today. We're going to meet Sam's Penpal Luz Noceda.

Electro: This is gonna be interesting to see.

Red X: Where is she at?

Me: It says that she is in a strange magical world.

Eli: Lets get over there.

Nicole: I think I know which world she's in. She's in the Demon Realm.

Brittney: Whoa! What is she doing there?

Nicole: I don't know.

Me: Then we better get over there. Lets head to the Demon World.

Lum Invader: This is gonna be interesting to see.

We were off to the Demon World.

DEMON WORLD, BOILING ISLES

We arrived in the Demon World and we were on the Boiling Isles.

Me: Wow!

Ransik: So this is the Demon World, eh? I suspect we'll run into some demons here.

Me: Lots of them and we were here before when we met Lum.

Lum Invader: That's right.

Laney: It sure is a scary place.

Hiei: Not as scary as when we had the Demon World tournament.

Me: Yeah and we were also here to help Hiei and Yukina reunite with their mother. Yukina went through hell. Lets find Luz.

We flew off to find her.

We arrived at Blight Manor. It was a really nice mansion.

Me: Wow. This house looks nice.

Brittney: Blight Manor. Really interesting place.

Hiei: I've heard about this place. It's home to a family of green-haired people.

Me: Interesting.

We went up to the front door and I knocked on it and saw Luz answer it.

Red X: Hey there. Luz, right?

Luz: Yes that's me.

Sam S.L.: Luz it's awesome to meet you in person.

Luz gasped.

Luz: Sam!

Sam and Luz hugged for the first time.

Luz: It's awesome meeting you in person.

Sam S.L.: Same here dude.

Luz: Yeah and wow! Team Loud Phoenix Storm! It's such an honor to meet you all.

Ets: Same here Luz.

Me: We heard so much about you from Sam and the adventures you have are amazing.

Luz: I know. Come on in guys.

We went inside and it was a nice place.

Killer Frost: This Manor is very nice. On the inside and outside.

Luz: It sure is.

Amity Blight then came in.

Amity: Oh wow! Team Loud Phoenix Storm. It's so awesome to meet you!

Me: You must be Amity Blight. Sam told us a lot about you.

Amity: I sure am.

Sam S.L.: It's awesome meeting you Amity.

Amity: Same to you Sam. Luz told me so much about you.

Sam S.L.: I can tell.

Lum Invader: Long time no see Amity.

Amity: It sure has been a while Lum.

Luz: It's so awesome having you all here. I need your help.

Me: What's going on?

Eddy: Let me guess. Someone in your area is doing drugs, right?

Common Cold: Don't mind him. J.D. and the others watched an educational Robot Chicken Sketch this morning.

Luz: Oh that's all right. But no that's not the case. My evil enemy Emperor Belos is terrorizing this world.

Me: Emperor Belos?

Brittney: Oh no. I've heard of him. He's a demon of the worst kind. He is a true monster that wants to destroy and rule over the entire Demon World with a vengeance.

Brittney went over his history.

---

Emperor Belos is the main antagonist of the Disney Channel 2020 animated series The Owl House.

He serves as the overarching antagonist of Season 1, and the main antagonist of Season 2. He is an emperor who created the Coven System for categorizing magic into specific disciplines instituted by himself. He is the arch-nemesis of Luz Noceda and Eda Clawthorne, as well as Kikimora and Golden Guard's boss.

He is voiced by Matthew Rhys, who also played The Conductor in Infinity Train.

Past

Not much is known about Belos' past, except that fifty years before the start of the series, Belos ended the Savage Ages where witches and demons used magic freely by coming to power and creating the Coven System, which limited individuals to one kind of magic unless they joined the ranks of the Emperor's Coven that answered to him.

At some point he constructed a palace as a symbol of unity and collected a vast array of magical artifacts he kept there.

When the prodigious Lilith came along, Belos offered to make her the leader of the Emperor's Coven and help heal her equally-prodigious sister Eda from the curse Lilith cast upon her. In exchange, Lilith was assigned to capture Eda so Belos could induct the rogue witch into a coven.

Season 1

He was first mentioned at the end of "Covention". Belos is presumably The Emperor previously mentioned as being protected by the Emperor's Coven and who rules over the Boiling Isles. Kikimora mentions the Emperor's name to Lilith during a conference and that the Emperor has assigned Lilith in the capture of Eda in exchange for a 15200 dollar reward. Emperor Belos was first mentioned by Kikimora in "Convention".

In "Wing It Like Witches", he was mentioned by Lilith when she tells Eda that the Emperor has big plans for her.

In "Agony of a Witch", he fully appears as he waits for Lilith to capture Eda and threatens a severe punishment if she fails him again. He also appears when Lilith and Eda are battling each other.

In "Young Blood, Old Souls," Emperor Belos is revealed to have lied to Lilith about promising to cure her sister and is instead sentencing her to be petrified, a punishment usually reserved for the worst criminals. While it is publicly stated that she would be the first one to receive the sentence in 30 years, there are shots of more witches and demons petrified, meaning that he had done so in secrecy.

It is revealed that the Day of Unity involves the human realm and that Belos sought Eda for her key portal. When Luz and King arrive to rescue Eda alongside a redeemed Lilith, Belos fights against Luz. Despite him being more powerful, Luz succeeds at striking a blow, making a scratch in his mask to which he states his amusement. He made it clear that he doesn't have any intention of waging war against humanity since it is too boorish by the Titan's will.

Forcing the young girl into making a choice of giving up the key portal or have Eda get transformed into stone, Luz gives him the case containing it, but she also craftily added fire glyphs to the case, making it into a time bomb that detonates once she was out of range. He glares at Luz menacingly and Luz glares at him back.

Unbeknownst to Luz, Emperor Belos still had the broken parts of the portal in order to make a portal dimension and he sends someone (who is an Owl Spy) to watch the inhabitants of the owl house.

Season 2

Emperor Belos first appeared to the end of the series premiere episode where he is seen finishing building the portal as he puts back his mask on, saying "Knock Knock Human".

He was later mentioned by the Golden Guard when he makes a deal with Alador and Odalia Blight that he will be having all of their Abominations.

He was mentioned by Gwendolyn when she is interacting with her daughter, Eda, explaining that she was aware of the petrification ceremony.

---

When she was finished we were shocked!

Me: Whoa man! This guy sounds like he is really bad news!

Brittney: He sure is. But he is not immortal thank goodness.

Me: Then he will know the true power of a god that IS immortal.

Luz: Belos is a nightmare and he will stop at nothing till he kills my friend the Owl Witch.

Laney: Who is the Owl Witch?

The Owl Witch, Eda Clawthorne, then appeared.

Eda: Someone call?

Borth: So you're the Owl Lady?

Majar: You don't look like an owl to me.

Eda: I get that a lot but you won't hear me complaining.

Me: That's good. We came to help kill Belos.

Eda: Good! He needs to be stopped. WHO does he think he is?

Eli: A heartless monster that's what.

Lum Invader: Yeah and he needs to be destroyed.

Lola: Yeah he needs to be stopped.

Hiei: And he sure will.

Katnappe: (to Maria) Think we should tell Eda that we fought another version of her in the Royal Defenders war?

Maria: Maybe after Belos is dead.

Eda: I already know about your battle with the Royal Defenders and thank goodness you all did that.

Me: Yeah that was a crazy fight.

Luz: Who were the Royal Defenders?

Me: Really ugly story behind that.

R.D. Me: They were part of my team in Universe 23. I found out that my friends were corrupted by Sindri Myr.

Amity: Who is that?

Me: He was the Chaos Sorcerer that corrupted the Royal Defenders and turned them into tyrannical beasts and took over much of their universe.

Hunter: (German Accent) Ja. Und he was a dangerous chaos sorcerer from Warhammer 40K. A game that I like to play.

Me: Yep. And we had to get to Universe 23 by cutting through a dangerous interdimensional plane called the Warp.

Luz: What is the Warp?

Me: A powerful interdimensional plane surging with intense psychic energy. We found out that we banished our most dangerous enemies there when we hakai them.

R.D. Me: Yeah it's weird.

Eli: And it was a deadly adventure too. I wasn't with the team when it all happened but it was a big battle.

Ruby Rose: Yeah it sure was. Many of us were told about what happened in that universe's counterparts of us and it was horrible.

Twilight Sparkle: Yeah it sure was.

Luz: Geez that's terrible.

Me: Yeah.

Captain Planet Linka: (Russian Accent) That was intense though.

Luz: There's something else too. (to Captain Planet Linka) A while ago, I spotted a boy who looked similar to you.

We gasped and so did Linka!

Captain Planet Linka: (shocked) Really?! Where did you see him?!

RD Leni: Hold on, Linka. Maybe you shouldn't get your hopes up. For all we know, he might be an illusion created by Belos.

Luz: Do you guys know this boy?

Me: Not personally no. But the boy you're talking about is Linka's deceased cousin Boris who was murdered in cold blood by an enemy of hers that we killed 2 years ago. An eco-villain named Verminous Scumm.

Luz: Whoa man!

Amity: That's terrible!

Me: Yeah. A terrible and dangerously addictive drug that Skumm made called the Bliss Drug did him in. And I know how he might have come back. The Aparoids.

Luz: What are the Aparoids?

Me: A dangerous parasitic insectoid alien race that wants to make EVERYTHING in the entire universe theirs.

Fox McCloud: They're one of the most dangerous creatures in the universe and they even tried to take over the Lylat System.

R.D. Me: We've had several encounters with them.

Eli: The first encounter with them was in the world of Luffy here.

Luffy: Yeah it was creepy.

Me: It was a triple whammy with a Number Card, A Dark Orb and an infection from the Aparoids. They turned an enemy of Remnant into an ugly carrier with those ugly predatory mouths like in the Reaper Vampires that Blade here faced a while back.

Blade: Yeah they were ugly motherfuckers.

Me: You aren't kidding.

Nico: They brought many people that we know back to life and turned them into pawns.

Qin: They brought my deceased parents back.

Ruby Rose: My mother.

Sam S.L.: My deceased parents that were murdered by my uncle.

Me: Many people we know.

Luz: Oh man!

Amity: That's awful!

Me: Yeah. But we saved them from the Aparoids.

Drakkon: Wait. Wasn't Boris killed when he took that Bliss drug?

Me: Yes he was and he died a horrible death.

Kairi Yano: Not even the Ganglers would make people take drugs!

Me: Yeah I never saw one Gangler take drugs.

Luz: But that's horrible that Linka's cousin died like that.

Me: Yeah it was. But when we freed all the people brought back from the Aparoids from them we gave them a second chance at life again.

Amity: That's incredible!

Luz: Yeah.

King Stefan: (Scottish Accent) I have actually heard of Belos before meeting you all. But unlike him I have learned the error of my ways.

Me: That's good you did your majesty. But what Belos is doing is completely unforgivable and he must pay for his crimes in full.

Luz: And we'll gladly help you all.

Me: By the way Luz where did you see Boris?

Luz: He was roaming around Belo's castle.

Captain Planet Linka: I got to save him!

Me: Linka wait! It's too dangerous to go out there by yourself!

Captain Planet Linka: I got to save him! I must!

Me: I know things have been hard for you since Skumm murdered him and he took a piece of your soul from you. But going out on your own like this without a plan will get you killed. I once thought like you did and almost got killed many times in the past because of it.

Captain Planet Linka: But…

Me: Linka listen! I know that this is an opportunity to bring him back. What Skumm did destroyed a piece of your soul. But Boris is under the influence of a dangerous race of evil aliens that want to the enslave the universe and you could get infected too and we can't take that chance. Just let us come up with a plan to help bring Boris back and go after Belos. We'll save Boris, Linka. I promise.

Nico: J.D. is right. We have to have faith in him.

Linka then calmed down and then she did something unexpected. She hugged me and cried hard.

Me: Oh Linka.

I comforted her. Seeing her cry made my heard hurt.

Captain Planet Linka: (Crying hard) J.D. please save him! PLEASE! I LOST SOMEONE IMPORTANT TO ME BECAUSE OF SKUMM!

Me: I know Linka. I know. And I promise we will save him.

Pinkie Pie: Do you Pinkie Promise?

Twilight Sparkle: Pinkie, Linka lost someone very important to her. Let him handle it his way.

Nico: Yeah.

Me: Linka calm down. Calm down.

Linka looked at me.

Me: It's gonna be all right. I have never broken a promise and we will save your cousin.

Linka: (Sniffles) Okay.

Me: Now lets go. We can form our plan on Belos after we help Boris.

We got ready to leave and we saw Shaggy and Scooby standing by the door.

Myotismon: (to Shaggy and Scooby) Let me guess. You two want to stay here while we fight Belos, right?

Shaggy: Actually, me and Scoob were thinking we should go look for Boris before he hurts someone. Mainly himself!

May: Or Boris might be with Belos. Just like the other victims were with the main villains that we fought in the past.

Nico: Shaggy, I know you want to do your part in helping Boris. But if you stay with us in case Boris IS with Belos, I'll give you a Butterfinger Bar Scooby Snax.

Shaggy: Like, oh boy!

Bart: Butterfinger Bar Scooby Snax? Can I try one?

Nico: Sure Bart.

Laney: I remember hearing that Bart and the Simpsons did a lot of advertisments for the Butterfinger bars. Awesome.

Nico: Yep.

Nico gave them Snax.

Shaggy, Scooby and Bart: MMMM! MMMM! MMMMMMMM!

They turned into rockets and blasted off and formed a dazzling fireworks show and then they landed in Nico's arms.

Bart: Wow! Those are awesome Nico.

Shaggy: Like, yeah they sure were.

Scooby: Reah!

Me: Awesome! Now first lets find Boris. Eli can you sense him?

Eli concentrated and used the Force to find him and he saw that he was located just 15 kliks to the southwest.

Eli: He's that way at 15 kliks southwest.

Me: Okay.

We were off to find him.

We went into the Boiling Isles to search for him.

RD Sam Sharp: For the entrance, maybe we can do one based on the leaders of this team and the Teen Titans. (sighs) I know. Probably not my best idea.

Me: That's not a bad idea.

Nico: Yeah!

Eli: Lets do it.

Robin: I like how you think.

Varie: Lets make it happen.

Roquefort: My Cheese Ninjas will help us in this battle. As long as no one tries to eat them.

Nico had the legs of a cheese ninja in his mouth as he was eating it as only his legs were left.

Roquefort: (Clears throat)

Nico: What? I can't help it if I like cheese.

Luz: He sure likes cheese huh?

Me: Can't get enough of the stuff.

Moira: Boy no kidding.

Amity: That is funny.

Moira: Yeah it is.

Constantine: (Robot Boy) You realize Boris wouldn't be the Aparoid's plaything if Skumm didn't give him those drugs, right?

Robot Boy: I most agree with you.

Me: Yeah.

Eli: There!

Eli fired a blast of Force Lightning and it hit a figure as it was running and knocked it down and we went over and saw that it was Boris!

Me: It IS Boris!

R.D. Leni: Like wow.

Boris got up and Ed turned into Edzilla and faced him.

Edzilla: (to Boris) Bliss Boy?

Boris: Of course it is, big guy. Me and all my new friends.

Edzilla: (growls) You not Bliss Boy. You different!

Boris: Ah. There's some of that Ed intelligence coming through. Well, the intelligence that you have anyway. It's true. I'm better now. I'm with the Aparoids.

Edzilla: Bliss Boy idiot! Aparoids bad! Aparoids want to enslave universe! Aparoids will be smashed to pieces by Ed!

Boris: (chuckles) And there's that lovable Edzilla brutishness. We can't wait to add it to our collective.

Edzilla: Ed no part of collection! No one else like Ed!

Boris: (groans) Ed, let me put it simply. You and Linka join us now and we won't hurt the rest of your friends. Okay?

Edzilla: NOT OKAY! ED NEVER JOIN YOU! ED SMASH YOU!

Boris: (sighs) Should've known we'd have to do this the hard way.

Edzilla charged at Boris.

Kairi Yano: (gives Captain Planet Linka Lupin Magnum) Linka, he's your cousin. You can use Lupin Magnum to help save him.

Captain Planet Linka: What about you?

Kairi Yano: (pulls out Victory Striker) Don't worry. I've still got Victory Striker.

Nico: Oh man. Lincoln, Eli get rid of the Aparoids.

Lincoln: Right!

Me: Kairi, Linka, Blast him!

Eli and Lincoln fired waves of lightning and Kairi and Linka blasted him all over and they destroyed the Aparoids on him and he was back to normal.

Kingdom Hearts Kairi: Are you okay now, Boris?

Boris: (Groans weakly) I think so. Last thing I remember was taking a huge dose of that drug and I was in pain and then everything blacked out and then I was in Heaven.

Me: You are definitely back to normal.

Boris: Who are all of you?

Me: We are Team Loud Phoenix Storm. I'm J.D. Knudson, the leader. Also we have someone with us who REALLY took your death hard.

Boris saw Linka with us.

Boris: Linka?

Captain Planet Linka: BORIS!

She went and hugged him for the first time in a while.

Boris: Oh Linka!

Edzilla: Bliss Boy no take drugs again.

Eddy: What Lumpy said.

Me: Yeah some lessons have to be learned the hard way. By the way, Skumm is dead.

Boris: He is?

Me: Yep and Linka helped us kill him.

Nico: It's true.

Boris: How long was I dead?

Me: Almost 30 Years. I think.

Boris: What happened to the Soviet Union?

Me: It fell from power in 1991 after the Brandenburg Wall was torn down. Now the Russian Federation is in its place.

Boris: Wow. I missed out on a lot.

Me: Yeah.

Laney: Lots of things have happened over the years.

Boris: Wow. I'll have to see what happened.

Electro: Now, are we going after Belos now?

Me: Yep. But we're gonna need to do a sneak attack.

Eli: Clever thinking.

Me: Now here's what we do.

I revealed that when he refills on his energy for his next talisman we'll blast in from the floor with R.D. Sam's entrance she suggested and he will be at his weakest when we bust in and that's when we unleash our fury on him and his minions.

Nico: Genius plan.

Me: Lets do it. (Eyes Glow Red) Emperor Belos you will pay for your crimes.

We went into Belos' castle and we got to the door of his throne room and we saw Emperor Belos and he was in a weakened state.

Leozack: That's right. Get comfortable while you still can. In a few minutes, you'll be in for a surprise.

We were looking through a keyhole in his door and we saw that he was weak and then he was getting a talisman to refuel his strength. Just as he was about to open it…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out of the floor and a Phoenix Cry was heard and the symbols of Team Loud Phoenix Storm, Planet Vegeta, The Jedi Republic, The Loud House and Hunter's Team appeared above the explosion and then followed by the symbols of Robin, Starfire, Cyborg, Beast Boy and Raven and then I fired an energy beam and it hit Emperor Belos in his shoulder and blasted his arm off and we appeared and I crushed the talisman and destroyed it.

Me: Emperor Belos.

Luz: You will pay for your crimes Belos!

Amity: You've tormented the world for far too long!

Me: And you will pay for your crimes!

Baron Mordo: (to Belos) My magic is more powerful then yours, you heathen!

Brittney: Same with mine!

Brittney transformed into her Super Angel 100,000,000,000 form and she was surging with darkness and dark magic.

Brittney: (Divine Echoing Voice of Darkness) **Now you will feel its power at full force!**

Brittney fired a wave of dark magic and burned him all over.

Me: And my power is greater!

I transformed into my Super Angel-Ebonwu-Phoenix-Harmony 500,000,000,000 form and I fired waves of fire, crystals and lightning at him and blasted him all over the place.

Me: (Divine Echoing Elemental Voice) **And it's time to take off that mask of yours!**

I teleported and ripped his mask off and shockingly, he had an undead face like THE LICH!

We gasped in shock!

Finn (Adventure Time): His face looks like the Lich!

Me: **Lets get him!**

A figure came out and it was LEAKY FAUCET from episode 30 of Zeo!

---

Originally a movie costume that was stolen and brought to life, Leaky Faucet was one of the four monsters used by Prince Sprocket in his movie. He briefly did battle with Tommy and Tanya and managed to overwhelm them. Later, he teamed up with the other three monsters to overpower all five Rangers before merging to form the eye of the train monster, Bucket of Bolts.

He was later resurrected by King Mondo and Queen Machina, in an attempt to convert the Earth's water into Cog oil, a toxic oil. This Leaky Faucet wore a blue hard hat rather than a yellow one. Morphing into liquid, he could travel through underground pipes, releasing the machine sludge from his glands as he made his way to his planned destination. Billy pointed out that this version of Leaky Faucet was more lethal than the first one. His ability to turn into liquid allowed him to avoid the Rangers' weapons, so Tommy used freon to freeze him when he was in his liquid form. After he grew, he was destroyed for good by the Zeo Ultrazord, returning all the water on Earth to normal.

---

Tommy Oliver: Leaky Faucet!

Leni: Is the faucet leaking?

Lisa Loud: Leni, that's the name of the monster that came here.

Leni: Oh right.

Me: I remember you! You were sent to convert the Earth's Water into Cog Oil, a really toxic oil.

Leaky Faucet: That's right. Good memory on you.

Me: Never missed an episode.

Leaky Faucet: Before we fight, how about I give you guys a drink?

Me: Sure.

I held out a glass and then…

POW!

He punched me in the face with a boxing glove from his faucet.

Leaky Faucet: (Laughs) That was a joke. Here you go.

He gave me a glass of water.

Me: Very funny.

I drank the water.

Me: Ahh. I needed that. Thank you.

Leaky Faucet: You're welcome.

See you all tomorrow.

# The Xenophobic Alien Destroyer Man

Me and Sheila Jones were flying over another Earth. But this was not just any ordinary Earth. This was a planet Earth that was completely devastated by a nasty and terrible and devastating cataclysmic and apocalyptic event. Everything was in ruins and destroyed.

Me: Whoa! This is the World of Thundarr the Barbarian. It's terrible what happened here.

Sheila Jones: (Australian Accent) I know. This is awful.

We landed in the ruins of what used to be our country's capital: Washington D.C.

Me: Whoa. This used to be Washington D.C.

Sheila Jones: I wonder if we'll actually meet Thundarr the Barbarian here.

Sheila concentrated and groaned as her skin turned icy.

I got a shiver from her.

Me: Brr! You are cold when you change into Regice.

Sheila Jones: I know.

She turned into Regice.

We flew on and we saw that the world of Thundarr was a completely ruined world.

Me: Wow! This is terrible. I can't believe that all this happened when a rogue planet flew in between the Earth and the moon.

Sheila Regice: Yeah this is horrible. That must've had terrible cataclysmic consequences.

Me: Yeah.

We then heard wolf growls and then we saw Thundarr the Barbarian and he and his team Princess Ariel the Mage and Ookla the Mok were fighting Werewolves! And the werewolves had a girl with wind clothes on her.

Me: Whoa! They're fighting the Brotherhood Of The Night and that girl that the Brotherhood has is an Apsara, The Storm Spirits of Hindu myth.

Sheila Regice: Whoa! Lets go help them out.

We went and blasted the Werewolves with ice and sunlight blasts and slammed them down.

The Werewolves were free of their curse except for their leader Zevon. I fired a wave of energy and blasted him and obliterated him.

We went over and I freed the girl.

Jeevika: (Indian Accent) Thank you so much for saving me.

Me: You're welcome.

Jeevika: Wow! You're the famous J.D. Knudson, leader of Team Loud Phoenix Storm.

Me: That's right.

Jeevika: I'm Jeevika and I'm an Apsara.

Me: Pleasure to meet you. This is Sheila Jones and she's also a Regice Gene-Slammer.

Jeevika: Pleasure to meet you.

Sheila Jone: G'day. Pleasure to meet you too.

Thundarr and friends came over.

Thundarr: J.D. Knudson it's an honor to meet you.

Me: Same to you Thundarr. And you too Princess Ariel and you too Ookla.

Princess Ariel: We love all your adventures.

Sheila Regice: I'm gonna revert back.

Me: Better do it behind that wall over there.

She went behind the wall and reverted back.

Sheila Jones was human again. But naked.

Sheila Jones: (covers herself) It'll be a pleasure to have you with us, Thundarr.

She was behind a wall so they wouldn't see her.

Thundarr: Same to you.

Me: Thank goodness we came and helped you kill one of your enemies. The Brotherhood of the Night was horrible.

Thundarr: It sure was.

Princess Ariel: But you did us a huge favor and destroyed them.

Jeevika: And saved me from a terrible fate. Thank you.

Me: You're welcome.

I gave Sheila new clothes and she put them on.

Me: Looks like all your enemies Thundarr are now also Team Loud Phoenix Storm's enemies. But they will pay for their crimes.

Jeevika: They sure will.

I built a portal to the world of Thundarr and we went back to our Earth.

Back on our Earth, everyone was watching TV after having a great dinner. We came in.

Me: Here we are.

Jeevika: Wow! So this is where you all live?

Me: Yep it's home.

Nico: Oh wow! She's an Apsara.

Mizore: That's amazing. Our cooking teacher is an Apsara.

Me: I remember that.

Miia: Jeevika!

Jeevika: Miia!

They hugged and it was awesome having her with us.

Rita: Kids time for bed!

We got ready for sleep.

* * *

Later the next morning, Muriel was in the kitchen making breakfast for her and Eustace.

Airi: What smells so good?

Me: Smells like eggs. Muriel is cooking breakfast.

I was reading the paper.

Muriel was making fried eggs. But something was off about the eggs. They were eggs with red spots on them. And they were eerily familiar to Courage.

Muriel cooked them and they were green eggs with red spots.

Eustace: Oh boy! I'm hungry!

She served them to Eustace and he ate the eggs and they had red stuff inside them. After he ate his breakfast he began to feel strange and he was sweating hard. Then he took off his glasses and laughed crazily and then HIS EYES TURNED GLOWING RED!

Muriel gasped as Eustace clenched his stomach in pain!

Muriel knew something was wrong as Eustace's arms turned into wings with feathers and then his head turned into that of a chicken with a beak and a blue waddle and then he ripped his clothes off and he had become a full-fledge chicken!

Muriel then sounded the alarm!

We came and we SAW THAT EUSTACE WAS NOW A FULL-FLEDGE CHICKEN!

Patrick Star: Eustace turned into a chicken!

Courage: AAAAAAAAAAAAAAAAAHHHHHHH!

Ed: CHICKEN!

Ed went and hugged him.

Ed: HUG A CHICKEN! HUG A CHICKEN! HUG A CHICKEN! HUG A CHICKEN!

Francesca: Not again!

Me: This happened to him before?

Francesca: It sure did J.D. The Chicken From Outer Space did this. He gave us eggs with red spots on them and Grandpa Eustace ate them and he turned into this chicken.

Kalolo: The last thing we want is for my archenemy to be a chicken like this so we can eat him.

Nico: Yeah.

Eustace was laughing crazily and malevolently.

Bludgeon: Wait. No one else ate the eggs, right?

Muriel: No it was just Eustace.

Me: Whoa! Hang on Eustace!

I fired a beam of rainbow energy and it hit Eustace and cured him and he was in his boxer shorts!

Eustace: What happened. (Sees Ed hugging him) Get away from me!

Ed: Aww!

G1 Ironhide: Aw, man! And I was looking forward to eating those eggs too!

Francesca: You don't want to have them Ironhide.

Me: We're gonna have to have a talk with that chicken that Ginger has as her archenemy.

Laney: Good idea.

Nico: But we don't want to have him scolded too hard.

Me: Yeah you're right.

Mary K.: I'll cook us a better breakfast.

Mary got to work and cooked a great breakfast. We had pancakes, eggs and steak.

Later we were watching TV.

Shego: (to Nico) You know it's your turn to lead us, right?

Nico: Yep and we're going on a mission to help out in Roswell, New Mexico.

Duncan: WHOA!

Laney: Wow! That place has been home to so many alien sightings for decades.

Shaggy: ALIENS!? ZOINKS!

Me: We also know a bunch of people there. Remember my friends Nick Logan and Sh'Lainn Blaze?

Nico: I sure do.

Jared: I helped save Sh'Lainn 2 years ago.

Nico: That was cool.

Then Demyx, Pterodactyl Ghost, Black Knight Ghost, 10,000 Volt Ghost, Gator Ghoul, Ice Demon, Marluxia, Zexion, Vexen and Xigbar appeared.

Demyx: Can me, Pterodactyl Ghost, Black Knight Ghost, 10,000 Volt Ghost, Gator Ghoul, Ice Demon, Marluxia, Zexion, Vexen and Xigbar go with you guys?

Nico: You all sure can and it's my turn to lead this time.

Gator Ghoul: Awesome.

Me: We're going to Roswell, New Mexico.

Ice Demon: (Shivering Voice) Amazing! I love Roswell.

Nico: I hope you don't melt when we go there. It's supposed to get really hot.

Ice Demon: Don't worry. I'm heat proof.

Marluxia: This is gonna be interesting to see Roswell.

Lana: Lots of alien sightings have been reported there.

Eli: Since 1947.

Jeevika: That is amazing.

Miia: But it will be awesome to see what lives there.

Nico: Yep. Lets head out.

We went off to Roswell.

# ROSWELL, NEW MEXICO

We arrived in Roswell, New Mexico.

Flash Man: Here we are at Roswell.

Nico: Extraterrestrial Capital of the World.

Me: Roswell, New Mexico.

We saw that it was a quaint town outside of Albuquerque.

Me: Wow.

Eli: This is amazing.

Nico: Now where does our mission take place here.

Eli used the Force to sense for it.

Eli: Our mission is 5 miles northwest.

Nico: Then lets head that way.

We flew out and we arrived in a barren desert and we saw that there was nothing but a small village with just a gas station, a couple of houses and a diner.

Me: Wow. This town is tiny.

Eli: Small place.

Laney: Yeah it sure is.

Éclair: It sure is a small town.

We walked around.

10,000 Volt Ghost: (Electrified voice) Hello? Anyone here?

We looked around and saw a tumbleweed roll by us.

Me: Wow.

But then we saw a kid and it was KID COSMIC!

Kid Cosmic: Wow! Team Loud Phoenix Storm! You guys are my heroes!

Nico: It's nice that we have a fan.

Kid: I'm Kid Cosmic.

Eli: Pleasure to meet you.

We then saw a bunch of aliens and they were

Queen Xhan, a purple jellyfish-like alien who is the former bearer of the purple Stone of Power. She ends up being the only survivor of her group of friends at the end because of Erodius the Planet Killer.

Gortho the Gargarian, a yellow goblin-like creature who was the former bearer of the yellow Stone of Power. He was killed by Erodius the Planet Killer off-screen at the end of the first season.

Meep, a small light blue insect-like alien who was the former bearer of the blue Stone of Power. He was killed by Erodius the Planet Killer off-screen at the end of the first season.

Mstr Wlkzn, a green humanoid alien with an enormous head and swirly eyes who was the former bearer of the green Stone of Power. He was killed by Erodius the Planet Killer off-screen at the end of the first season.

And PT-SB, a black and red robot who was the former bearer of the red Stone of Power. He was killed by Erodius the Planet Killer off-screen at the end of the first season.

Shanan: Oh wow! A Xhanvelvan, Lepigoblian, Pupilanian, Psychitanian and a Robofuritan.

Queen Xhan: That is correct Shanan Knudson. I am Queen Xhan.

Gortho: I'm Gortho and this is Meep.

Mstr Wlkzn: I'm Mstr Wlkzn.

PT-SB: I'm PT-SB.

Nico: Pleasure to meet you all.

Toad Man: Are you guys the only ones here?

Queen Xhan: Yes we are. We are the last of our kind.

We gasped.

Nico: What happened?

Gortho: Our home planets were destroyed by the evil Erodius the Planet Killer.

Shanan: (Gasp) Oh man! I've heard about Erodius! He's a horrible monster that wants to wipe out all the planets in the entire universe.

Nico: WHOA!

Eli: That's awful!

Ets: Yeah!

Nico: It sure is.

Ice Demon: Is there any place we can talk?

Kid Cosmic: We can go into the diner.

Me: Okay.

Then we saw 2 figures and they were Nick Logan and Sh'Lainn Blaze!

Me: Now there's 2 familiar faces!

Nick Logan: J.D.! Good to see you!

Me: Nick and Sh'Lainn!

I hugged them both.

Nick Logan: Haven't seen you in a while man.

Me: I know. Things have been really busy and chaotic since we last saw each other.

Sh'Lainn: (Russian Accent) You are looking really well J.D.

Me: Same to you Sh'Lainn.

I saw wedding rings on their fingers.

Me: Well I'll be a monkeys uncle. You guys finally got hitched and tied the knot.

Nick Logan: We sure did.

Me: Congratulations you guys.

Lincoln: Way to go.

Harley Quinn: Sorry we haven't hung out in a long time. Been very busy.

Nick Logan: I know and we've been watching all your adventures. So awesome.

Me: Things have changed a lot.

Sh'Lainn: So many new recruits and a lot of huge wars and battles.

Eli: All that and more.

Ets: Yeah it has been a lot of busy times for us.

Nico: Yeah.

We went into the diner to talk and we were having lunch too.

Black Knight Ghost: This food is very good.

Kid Cosmic: Do I even want to know how you're eating with your helmet?

Me: It's knights armor. He just lifts up the face plate.

He did so and ate.

Me: Besides the Black Knight was one of the most feared knights in all of the ancient Arthurian Legend.

Rosa: (Spanish Accent) That's amazing amigo.

Jo: But it's an honor to have you all here Nico.

Nico: Same here Jo.

Papa G: It's amazing you're all here Eli.

Eli: Glad we could come.

Michael Morningstar: You have my condolences for your destroyed homes.

Queen Xhan: Thank you Michael.

Me: Yeah. But that must've been rough.

Nico: What do these stones of yours do?

Queen Xhan: These are 13 of the most powerful stones ever made in the galaxy. As you see there are 5 of them that are known so far. The purple one that I have is for Portals and Teleportation. Gortho's Yellow Stone is for Cloning, Meep's stone is for Size, PT-SB's stone is for Clairvoyence and Mstr Wlkzn's stone is for Telekinesis.

Me: Wow! They have amazingly powerful abilities.

Queen Xhan: Yes.

Lana: That's like the Infinity Stones.

Laney: No the Infinity Stones are far more powerful than them.

Nico: Yep. But those powers in those stones are awesome.

Marluxia: You should make sure those stones don't fall into the wrong hands.

Kid Cosmic: We do that all the time.

Me: Stones like those are immensly powerful. There's no telling what evil force would do with them.

Lincoln: J.D. your sword is glowing.

I turned and saw that it was reacting to something.

Me: Strange. I wonder what it's reacting to.

Nico: That's a good question.

Me: We'll have to find out about it later.

Nico: Are there any enemies of yours that want to use these stones for evil?

Kid Cosmic: Yes there are.

Long John Silver: I have a feeling that we be facing Erodius in the far future.

Nico: It's possible.

Me: Yeah.

Nico: Anyone else?

Kid Cosmic: Yes. Biker in Black.

Nico: Who is he?

Kid Cosmic: His real name is Jason Hightower.

I gasped when I heard that name.

Me: (Sternly) Did you say Jason Hightower?

Kid Cosmic: Yeah. Why?

Me: (Sighs) He is a dangerous Xenophobic Alien Hating mercenary monster that wants to make Earth the most feared planet in the entire universe. He wants to annihilate different planets to show that Earth is a force not to be trifled with.

Everyone gasped when I said that!

Nico: That's terrible!

Goku: What he's doing is horrible!

Gator Ghoul: Hey, I'm not human and you guys are ok with me!

Maria: I know. That's the difference between us and Hightower.

Me: We respect and love many kinds of aliens. He doesn't. He wants to destroy aliens. I've been foiling his many plans for a long time.

I went over his history and it was not pretty. He built a huge robot force that was very similar to the Power Rangers and they were built for destroying all the aliens out there.

When I was finished we were shocked!

Nico: WHOA MAN!

Eli: MONSTER!

Grenade Man: When we go to take out those dirtbags, we should do an entrance based on Scooby Doo and Organization XIII!

Me: Good idea.

Nico: I agree.

I then saw JASON HIGHTOWER - BIKER IN BLACK!

Me: Jason Hightower!

(THE GOOD THE BAD AND THE UGLY THEME PLAYS)

Jason Hightower: Well well well. If it isn't my old nemesis J.D. Knudson.

Me: (Eyes turn demonic) Killed any aliens lately?

Jason Hightower: Soon I will later kill every alien on this entire planet. Including you.

POW!

I punched him in the face and knocked out a tooth.

Me: How's that for starters.

Jason had blood dripping from his mouth.

Jason Hightower: You will pay for that!

He ran and Nico then slipped a tracer onto his back that was smaller than the tip of a ball point pen.

Nico: We got to find him and hunt him down. I stuck a transmitter on him that will trace where he is.

Me: Nice thinking.

Pterodactyl Ghost: I'll fly in the air to follow them. I'll report back once I see their hideout!

Nico: Roger that! Max, Flock, Go with him.

Max Ride: Right. Fang, guys, ready for some recon?

Fang: You bet we are.

They flew into the air and followed him and Lisa used her computer to track him.

Scrap Shooter: If he hates all non humans, he might as well have a problem with me, see!

Nico: And without a doubt he hates mutants too.

Cyclops: What a monster.

Noriko: Yeah what a fiend.

Queen Xhan: He has no right to call himself human.

Eli: You got that right and I'm also half alien myself.

Nico: I'm a Saiyan.

Me: We'll get him.

Xigbar: I'm really looking forward to shooting that jerks left eye off! After all, I have an eyepatch on my right eye.

Me: I saw that. And save seconds for me.

Nico: Me too. No one persecutes people like that and gets away with it.

Nick Logan: Yeah!

Energon Scorponok: Us Cybertronians also have a bone to pick with him as well!

Lugnut: I will gladly destroy this fool in the name of the glorious Decepticon race!

Nico: Looks like lots of us want to make sure he suffers for his prejudice against aliens and mutants.

Laney: Yeah! That fiend needs to be stopped!

Me: I'll contact the president and let him know about his crimes.

I opened a scroll and unsealed a special high tech Nuclear-Football type suitcase and typed in a code on it and opened it and in it was a red phone that is linked to the White House in Washington D.C. I typed a code and opened the frequency to the White House.

I called the President.

Me: Hello Mr. President. J.D. Knudson of Team Loud Phoenix Storm here. I'm afraid we got a situation here sir.

I told him everything about Jason Hightower and his men and what they are doing. The President was shocked to hear that. He told me to take him down and arrest him for treason.

Me: Yes sir. I understand.

I hung up.

Me: The orders are to arrest him for treason.

Nico: Then we'll do that.

Max and the Flock and Pterodactyl Ghost came back.

Max Ride: We found it.

Lisa Loud: It's in a mobile home located 1 mile southeast.

Nico: Lets go.

We went to the hideout.

Zexion: That must be the hideout!

Nico: The coordinates are right.

Eli: He's in there. The Force is telling me he is.

Nico: All right lets go.

Kid Cosmic: Time for justice.

We went in.

Eli: We got to make sure he doesn't escape.

Ulmar: (takes out Mugic) Discord of Disarming! Disable the strongest of Hightower's bikes!

He fired a Mugic spell and it disabled all of Hightower's bikes.

Me: Good thinking Ulmar.

We went into Hightower's office and we faced him!

Me: Hightower!

Jason Hightower: So you found me.

Me: That's right and by order of the President of the United States, you are under arrest.

Anakin: In the name of the Galactic Senate of the Republic, (Ignites Lightsaber) You're under arrest.

Eli ignited his lightsaber.

Jason Hightower: For what?!

Me: Treason!

Jason Hightower: I'm doing this for the good of the planet!

Nico: No you aren't! You are nothing but a traitor and a murderer!

Poromon: First, let me and Poliwag show you a new move we learned together!

Vexen: I assume it's something that we've never seen before, right?

Poliwag: Yep. Watch this.

They stood in different spots and got into a dance move.

Poliwag and Poromon: FUUU SION HA!

They touched and then in a blinding flash of light they fused!

What we saw when the light faded was REALLY SOMETHING! Poromon and Poliwag merged into one! They looked like a Poliwhirl but with Poromon's feathers and wings and Poliwag's tail and Poromon's eyes! They turned into POROWAG!

Nico: OH WOW! I didn't know you two learned the Fusion Dance!

Goku: WOW! That's incredible!

Porowag: (Poromon and Poliwag's voices in Unison) We're Porowag in this form. What do you think?

Nico: Wow! That is amazing!

May: SO AWESOME!

Manaphy and Horsea were gawking over how awesome they looked and had hearts in their eyes and spiraling around their heads!

Manaphy: WOW! SO DREAMY!

Horsea: SO AWESOME!

Nico: Lets take the fight outside. It's cramped in here to fight.

Me: Good idea.

We went outside to face him and then Vypra, Dark Spicer, Vanitas, Rowdyruff Boys, Chalmers, Control Freak, Private HIVE, Abis Mal, Kalin, Billy Numerous, The Chicken from Outer Space and Animated Blitzwing then appeared.

Me: Vypra, Dark Spicer, Vanitas, Rowdyruff Boys, Chalmers, Control Freak, Private HIVE, Abis Mal, Kalin, Billy Numerous, The Chicken from Outer Space and Blitzwing.

Private H.I.V.E.: (Salutes) Masters of Evil reporting for usual battles sir!

Me: At ease soldier!

Vypra: (to Porowag) I didn't know think we've ever seen you around before.

Vanitas: Are you new?

Porowag: Not really.

William: Trust me. You've actually seen him before.

Chalmers: What do you mean by that?

May: (giggles) You're about to find out.

Dark Spicer: (confused) Um… if you say so. (to me) Here's your warning: Your a** is about to be kicked!

Me: Not if I kick yours first babyfingers.

Nico: OOOOOHHHH!

Then a Water Portal appeared.

Natilee: Fish Eye!

She appeared.

Fish Eye: Nice to see you Natilee.

Natilee: It was great to see you in Kameo's world.

Fish Eye: It sure is. And at Dark's request I have a foe for J.D. to kick his butt. Come out Kurumiwario! Bring the pain to J.D.

Her shadow extended and out came the Remless, Kurumiwario! He was a Nutcracker Remless.

Natilee: Looks like you watched the Nutcracker Dance to get him.

Fish Eye laughed at her joke.

Fish Eye: That was a good one.

Kurumiwario: Now it's my turn to make you dance!

Me: I love a good dance.

?: Then you will love this too.

A figure came out and it was DROIDA!

Droida: Been a while Sailors.

Shanan: I didn't expect the Negamoon to have a Beauticytronian in their ranks.

Qin: A Beauticytronian?

Shanan: They are the beautiful androids of the planet Beautis XII in the Centaurus A Galaxy. They are beautiful and dangerous warriors that fight and stay beautiful. Their planet was destroyed in a massive explosion that wiped them out.

Qin: Geez!

Me: Yeah.

?: You got that right.

A figure came out and it was MANIAC MECHANIC from episode 34 of Turbo!

---

Prior to coming to Divatox, the Maniac Mechanic was an actual mechanic for hire. He claimed he could "build or fix anything." The Maniac Mechanic first appeared once Elgar discovered his name in a phone book after he broke the Subcraft 's periscope. He quickly repaired the periscope but was hired to create a battle wagon for Divatox although he needed his Wretched Wrench. Elgar attacked Ashley with some Piranhatrons and stole some supplies before retreating. The next day, he had all of the parts he needed but still required a workspace so Divatox chose the car shop in Angel Grove High. He teleported to Earth and disguised himself as Manny, a classmate in Ashley's shop class, and then stole her new wrench and made into his own weapon, the Wretched Wrench. Sometime between then and the end of period 6, he completed a lot of the Battle Wagon. The Piranhatrons kept Ashley and Carlos busy when they came to work on her car whilst he finished the Wagon.

When the thugs were beaten, he reverted back to his true form and they morphed although that gave him enough time to speed off in the Wagon with a Chromite driving and him playing defense. Ashley gave chase in her Turbo Cart but the Mechanic used his Wretched Wrench to first spray them with smoke and then to blast them with cannons. Storm Blaster showed up and a chase ensued until they reached the quarry. Along fight scene broke out with Lightning Cruiser being shot down and nearly getting ruined by the Wagon. Ultimately, the Maniac used the Wretched Wrench to remove the tires of her Cart and mocked her but fled when Lightning Cruiser and Storm Blaster showed up. LC raced them and he Riding on the back of the Battle Wagon that he built, he used the wrench to create a buzz saw launcher which took out the engine of Storm Blaster with Justin, Ashley and Carlos were on it. Lightning Cruiser took flight but was shot down by an RPG and, although they got the vehicle running quickly, were chased around the quarry before another blast threw them out and disabled the Legendary Vehicle. After Storm Blaster was eventually fixed, Ashley saved the others from being obliterated and jumped onto the Wagon. She was losing hold of the Wretched Wrench but turned the odds by hitting him with a Star Charger and back flipping off of the vehicle. It drew close but she was able to take down the Maniac Mechanic by destroying the Battle Wagon using the Auto Blast Defender, and at that point Ashley's wrench was returned to normal. The torpedoes were then fired to make the Maniac giant and Ashley summoned the Rescuezords. The monster tried to use wrenches on the Rescue Megazord but had them used against him instead by turning his ears and getting punched down. The Rangers summoned the Artillery Cannons which did not scare the monster but it's finishing barrage obliterated him.

---

Ashley Hammond: Maniac Mechanic!

Maniac Mechanic: Been a while rangers!

Me: I remember you! You were sent to be a mechanic for hire and you made a dangerous bunch of cars, a submarine and a battle wagon for Divatox and you sent a bunch of Piranhatrons to keep the rangers busy while he finished the wagon.

Maniac Mechanic: That's right. Good memory on you.

Me: Never missed an episode.

Maniac Mechanic: Before we fight, let me fix the bikes you destroyed so you guys can use them.

Me: Thanks.

Nico: We'd appreciate that.

Eli: This is gonna be good.

Dark Spicer: Now I have new Ultimate Aliens to show you.

He turned into a blue version of Ultimate Wildmutt but he had spikes on his back, a clubbed tail and deadly claws.

Ultimate Feralhound: Meet Ultimate Feralhound!

Shanan: A hybrid Evolved Vulpimancer. Nice look.

Guts Man: Whoa! He's even more fierce then Ultimate Wildmutt!

Ultimate Feralhound: You haven't seen anything yet! (charges at Guts Man)

Guts Man: Oh yeah!?

Guts Man held out a red cape and did a matador trick and then when he was about to touch the cape…

BLANG!

Ultimate Feralhound smashed head on into an anvil!

Guts Man: Surprise!

Me: The Old Anvil Matador trick.

Bugs Bunny; Nice move doc.

Guts Man: Thanks.

Dark Spicer: (Stupid Talk) Anyone get the number of that anvil that hit me?

He came back to his senses.

Dark Spicer: Here's my next one.

He turned into a purple version of Ultimate Gravattack but he had 8 new moons around him with rings and all that.

Ultimate Orbittroyer: I call this form… Ultimate Orbittroyer!

Shanan: WOW! A hybrid Evolved Galilean. That is a cool one.

Gravity Man: I think that must be one of your most powerful Ultimates!

Ultimate Orbittroyer: (laughs) Wait until you see my Ultimate Tokustar form! (to Porowag) And after I demonstrate what this Ultimate does, I'd like you to tell me who you are.

Ultimate Orbittroyer fired a ball of gravity at Gravity Man. Said ball of gravity had a bunch of rocks orbit around it.

Porowag: Oh yeah. Watch this. (ECHOING) LIGHTNING BUBBLEBEAM!

He fired a powerful blast of lightning and bubbles and it hit Ultimate Orbittroyer and smashed him down in a huge explosion!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Gravity Man fell to the ground.

Gravity Man: OW!

Porowag: Sorry.

Dark Spicer reverted back.

Dark Spicer: WOW! That fusion packs a wallop!

Me: The powers aren't just combined together when they fuse, they are enhanced dramatically.

Nico: Yeah! Lets have our fun.

---

Battle 1: Luan, Pinkie Pie, Somnambula, Tech Skylanders, Woody Woodpecker, Knothead, Splinter, Shego and William VS Vypra

---

Vypra was first.

Vypra: (to Luan) Did Eustace really turn into a chicken?

Luan: He sure did and it was his Clucky day! (Laughs to rimshot) Get it?

The group all laughed at her joke.

Pinkie Pie: (Laughs) That was a good one!

Luan: Thanks. But seriously he sure did. It was because of those eggs. Francesca told us that this happened to him before and Courage fricasseed him.

Somnambula: (Egyptian Accent) Yeah it was crazy! Courage, Muriel and Francesca all had a crazy thing like this happen before.

Sprocket: Yeah that was nuts!

Woody Woodpecker: Boy it sure was.

Knothead: I'm glad J.D. cured Eustace. I don't think Kalolo would like it if her archenemy was a chicken.

Splinter: Yeah. Jackalope VS Chicken wouldn't seem fitting.

Vypra and Luan laughed.

Luan: (Laughs) Yeah they wouldn't Hop or Cluck as a match! (Laughs) Get it?

Vypra and the rest of the group laughed!

Vypra: (Laughs) That was a good one!

Woody Woodpecker: (Laughs) That was a good one Luan!

Vypra: Shall we get it on?

Vypra unsheathed her sword.

Luan formed a sword of light.

Luan: Lets.

Vypra and Luan went at each other and clashed powerfully and sparks were flying all over the place. Pinkie Pie and the rest of the group fired waves of gears and energy and Woody, Knothead & Splinter fired acorns and wood and Shego and William fired waves of elements at Vypra and smashed her down.

Luan: That was Enlightening! (Laughs) Get it?

They laughed some more.

Pinkie Pie: That was a good one Luan! BEST USUAL BATTLE EVER!

---

Battle 2: Eddy, Princess Luna, Snowdrop, Children of The Night, Dark Skylanders, Young Ben, Young Gwen, Riley, Star Man and Flash Man VS Dark Spicer

---

Dark Spicer was next.

Dark Spicer: (to Eddy) I would've loved to eat Muriel's eggs no matter what they did.

Eddy: That's easy for you to say.

Princess Luna: I like eggs for breakfast but never from Alien Chickens.

Snowdrop: Yeah that was crazy seeing Eustace turn into a chicken like that.

Gari: You are not kidding. But yeah it sure was crazy. Even Ed hugged Eustace as a chicken and you know how much he loves chickens.

Blackout: That is really funny.

Young Ben: Ed likes chickens?

* * *

Control Freak was next.

Control Freak: (to Nicole) Did your dad really go to the world of Thundarr the Barbarian?! Also, the next monster I'm summoning is an old friend of Luca's.

He lifted up his hand and in a vortex of lightning came YAKRA XIII!

---

Yakra XIII (ヤクラ13世 Yakura Jūsansei?) is a boss in Chrono Trigger that appears in Guardia Castle in Present. He is the descendant of Yakra and wishes to get revenge for the defeat of his ancestor Yakra. He impersonates the Chancellor, much like his ancestor did.

For most of the game, Yakra XIII disguised himself as King Guardia XXXIII's Chancellor. He would hire Fiends to impersonate Royal Guards for the Prison Towers and constructs the Dragon Tank. After Crono and his friends return to the present, Yakra XIII states that Crono had kidnapped Marle and puts him on trial in the castle's courtroom. Crono is charged with the abduction of Princess Nadia. People are brought in from Leene Square who interacted with Crono and Marle as well as people hired by the Yakra XIII to falsely testify against Crono. When Crono is taken to the Prison Towers, even if he has been pronounced innocent, Yakra XIII tells the ward that he has been found guilty and will be executed in three days.

Yakra XIII sends the Dragon Tank to kill Crono when he escapes, but he defeats it with the help of Lucca. The Fiend then chases them into Guardia Forest intending to execute the death sentence himself. However, they escape through a Gate.

Later, when Marle enters the castle, he revealed the death of her mother, Queen Aliza, as being the result of her father's negligence. She desperately asked to see King Guardia XXXIII one last time, but the Chancellor refused to grant the audience, saying that the King could not leave his work unattended.

Eventually, the King is put on trial. Yakra XIII prosecutes the King for allegedly selling the royal heirloom, the Rainbow Shell when a falsified ancestral will proclaims the shell should have been unveiled at the Moonlight Parade. Marle enters the courtroom, and the King tells her that he is being framed by the Chancellor. The Chancellor asks for proof, saying that if the King has not sold the heirloom, then it should be somewhere in the castle. Shortly after, Marle is kicked out of the courtroom. Marle and two others decide to search the castle for the Rainbow Shell. Meanwhile, the King's trial continues, the false Chancellor bringing forward people to falsely testify against the King. The party finds the Rainbow Shell within the castle meanwhile Marle breaks into the courtroom by breaking through the stained glass mural by jumping behind the Judge's seat.

Once the Chancellor says they are too late; a guilty verdict had been reached. At this time, Marle reveals a shard from the Rainbow Shell with the King fleeing, as the Chancellor finally reveals his true colors while transforming into Yakra XIII. Inflamed with rage from his late ancestor, Yakra's humiliation for failing to capture Queen Leene, he attacks the party. After he is defeated, he drops a key that opens the chest which the real Chancellor is locked in.

---

Nicole: Yakra XIII! Good choice! Also my dad really did went to the world of Thundarr the Barbarian. It was terrible what that would went through.

Crono: Not this dirtbag again!

Marle: I have had it with the Yakra Bloodline.

Luca: Me too. Especially after all the pain and suffering he called to Queen Leene.

Frog: It was most horrible and egregious.

Ayla: Yakra bad!

Yakra XIII: You all will pay for the humiliation that you caused to my ancestor!

Starlight Glimmer: Not if we destroy you first. Crono and team are not the same as they were when they faced you before.

Marle: Yeah! And you will pay for trying to destroy my kingdom!

Robo: It will not be pretty for you!

Cozy Glow: Yeah! You make me sick!

Hex: You messed with the wrong people.

Clover the Clever: He sure has.

Nicole: They have a really bad history with Yakra and his bloodline. Lets get it on!

Spotlight: Yeah it sure was. That was terrible.

---

Battle 11: Turbo Rangers, Megaforce Rangers, Ed Cowart, Ets, Lisa, Warner Siblings, Nico, Lola, Laney, Lucy, Lana and Lily VS Maniac Mechanic.

---

Maniac Mechanic was next.

Nico: This is gonna be good. First lets crack open your safe.

Nico teleported and opened his safe and in it were a bunch of swords, three big ballets and two scrolls.

Nico: Not just swords but Scrolls too.

Maniac Mechanic: Yep. The swords are called The Slayer of Tyrants, The Swords of the Cyber Angels and the Defenders of Acme Falls.

Nico: Wow! Wonder what the Scrolls are for?

Maniac Mechanic: I'm not really sure.

Nico: But these are perfect for Ed, Ets, Lisa and the Warner Siblings.

---

The Slayer of Tyrants - it's a 6'0" massive double-edged sword with the symbols of tyrannical empires, but with a No Symbol etched over them, and etched on the blade, the blade has a large sapphire blue gem with pure white angel wings for the crossguard, long black handle, and a large silver sphere pommel with blue gems around it. The wielder of this blade will get a massive energy and power increase, but that wielder has to be the leader of a resistance group against tyrants,

The Swords of The Cyber Angels - they're a pair of 6'0" massive, double-edged swords with gears etched on the silver blades, the crossguards of the swords are cyber angel wings and in the center are working gears, which can be seen through a clear window, long black handles, and large silver plated sphere pommels. Once in the wielders hands, they'll gain a massive power and energy increase, but the wielders of the blades had to have gotten tech powers through a Divine Blessing or by other means.

Defenders of Acme Falls - three 6'0" large mallets with long black handles, large golden mallet heads with the Warner Bros. Logo and oval-shaped gold gems on top of the mallet heads, and golden sphere pommels with green gems for Yakko, blue gems for Wakko, and pink gems for Dot around them. Once these mallets are in the hands of Yakko, Wakko, and Dot, they'll gain a massive power and energy increase, but they have to be from the royal bloodline of Sir William the Good, and for Yakko, he'll get a dark green sleeveless trenchcoat with neon green lighting on it with the Warner Bros. Logo on the back, and a pair of black combat boots, for Wakko, he'll get a dark blue trenchcoat with sapphire blue flames and the Warner Bros. logo on the back, dark blue pants, and black combat boots, and for Dot, she'll get a white shirt with a pink dress, pink stockings, hot pink boots, and a hot pink sleeveless trenchcoat with flower petals and waves of water and the Warner Bros. logo on the back.

---

Nico teleported back and gave the swords to Ed, Ets and Lisa and the Mallets to the Warners.

Yakko: Wow! Thanks Nico.

Dot: These are perfect for us.

Wakko: They sure are. Thanks.

Nico: You're welcome.

Then the Warners got an awesome new transformation.

Nico gave the scrolls to Ed and he read them.

Nico: What do those scrolls say?

Ed Cowart: Hmm. It's a counter curse that will revoke the Werecat Curse and take away their powers and there's even a spell that will protect us from the life force draining powers of the Werecats.

Nico: WHOA! That is amazing. It will come in handy for when we take down the Werecats Simone Lenoir, Lena Dupree and Jacque on the next Harvest Moon.

Ets: That's not till October 20th.

The first scroll has a magical incantation that, once said, will envelop the casters in another powerful and protective aura/force field, and they'll have a green glowing magic circle with protective runes all around the circles, and they'll protect us from the werecats, and if they get close, our auras will flare up, and fire energy blades, which'll slash them badly, and the second scroll contains another incantation, that'll undo the curse of The Cat God, and not only undo the werecat curse on Simone Lenoir, Lena Dupree, and Jacque, but it'll also remove their powers, and turn them back to normal.

Nico: Wow! This is a handy couple of spells. Also Simone, Lena and Jacques will no doubt disintegrate because they lived for 300 years.

Ed Cowart: That's what I'm thinking too. But maybe not. Being brought back from the dead means being getting a second chance at life.

Nico: I can tell. But we still have 3 months until then. Lets take down Maniac Mechanic.

Ed put the scrolls in his backpack.

Turbo Rangers: SHIFT INTO TURBO!

The Turbo Rangers all transformed.

T.J: **"Red Turbo Ranger!"**

Kurumiwario: I'LL SHOW YOU LOUSY!

Kurumiwario fired waves of nut shell bullets at my skin had all the bullets bounce off of it like how Superman did it.

---

Jason Hightower: Don't you understand?! I'm trying to save the human race from alien scum!

Troy: Aliens aren't scum! They have the right to live just like humans do! Sure, there are some bad ones. But most aliens are good people as well! And we'll prove it!

We blasted him until there was nothing left of him!

Then his evil spirit then appeared.

Hightower's spirit.

Hightower: I come in peace.

Me: And you go in pieces asshole. (Holds hand out) SUPER HAKAI!

I erased him from existence forever!

Private H.I.V.E.: Looks like Hightower's paid the price for treason against his country.

Nico: And he's now erased from all of existence for all eternity.

Abis Mal: Hey, the guy tries to kill all non-humans and ends up punished.

Billy Numerous: If that isn't karma, I don't know what it is.

Me: More like retribution.

Control Freak: (to Kid Cosmic) Now, you and your friends should decide on what to do next.

Kid Cosmic: What do you mean?

Boomer: Well, you guys can choose to go with us to Gotham Royal York or you can go back to your home planets, which J.D. and the others can easily restore.

Butch: Bottom line? You guys don't have to go home but you can stay here.

Me: Earth can be your home now. After everything that happened, you deserve a fresh start and Earth can be your home from now on.

Queen Xhan: We would like that.

The others agreed.

Me: Awesome.

Kid Cosmic: (To the viewers) This was awesome and we've seen the last of Jason Hightower.

Me: Yes we have.

Nico: Great job everyone.

We went back home and had a great dinner and went to bed.

THE END

---

Another awesome adventure done.

Kid Cosmic was a great show and I saw the first season on Netflix and it was cool. Also the openings of the chapter were from Thundarr the Barbarian which was a great show from my past and the pilot episode of Courage the Cowardly Dog, The Chicken From Outer Space, which aired on February 18th, 1996. It was a great show. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Etstheclarencefan, Nflemingful, Drako1234658, vinjedi1995, Darkhai and ninjakingofhearts all gave me the ideas for this. Thanks guys. The next girl is gonna be Tito the Serket, the Scorpion People from Egyptian Myth and she is gonna be in the world of Hong Kong Phooey! HIYAH! We're going to not only meet the famous Karate Chopping hero but also take down some animal thieves. And the next chapter is for the Disney Cartoon The Replacements and we're gonna go after Dr. Scorpius and make that heartless monster pay for his crimes and make sure his experiments and crimes are stopped.

See you all tomorrow.

# Meet the Replacements

Over in the southeastern side of the city, me and Olivia Williams the Registeel Gene-Slammer were flying over the buildings and looking out for anything.

Me: So far things have been really quiet.

Olivia Williams: (Australian Accent) Yep mate they sure have.

We continued flying and we landed and then Olivia sensed something. We then saw a REALLY familiar car drove by.

Olivia Williams: I have a feeling we're about to meet a Kung Fu Master here.

Olivia concentrated and groaned as her skin turned metallic.

Me: Not just any Kung Fu Master, Olivia. We're gonna meet another iconic legend from my past, Hong Kong Phooey!

Olivia turned into REGISTEEL!

Olivia Registeel: Right on mate! I love that show!

Me: Me too! He is a janitor and martial arts Superhero.

Olivia Registeel: He is awesome mate.

Me: Lets follow him.

We went to him and we saw him go into an abandoned warehouse by the wharf.

Hong Kong Phooey was kicking a bunch of criminals butts and then we busted in by smashing through the window and we helped him kick their butts and then we saw the girl they had captive. She was a Serket, the Scorpion People from Egyptian Myth.

Me: Whoa she's a Serket, the Scorpion People of Egyptian Myth.

Olivia Registeel: Right on mate.

POW! BIFF SMASH! BLAM! KROW! BIFF!

We tied up the criminals and freed the girl.

Tito: Whew! Thank you so much! Wow! You are J.D. Knudson, Leader of Team Loud Phoenix Storm!

Me: That's right. And this is Olivia Williams. She's a Registeel Gene-Slammer.

Olivia Registeel: G'Day. Pleasure to meet you.

Tito: Same to you. My name is Tito and I am a Serket yes.

Me: Pleasure to meet you.

Olivia Registeel: I'm gonna revert back.

Me: Do it in that garbage can. It's empty.

Olivia went over over to it and reverted back and she went in it.

Olivia Williams was human again. But naked.

Olivia Williams: (covers herself) It'll be an honor to have you on the team, Master Phooey

Luckily she was in an empty garbage.

Me: (Kung Fu Bow) (Gong Rings) But it will be an honor to have you with us Master Phooey.

Tito: It sure will. And I love all your moves and skills.

I gave Olivia new clothes and she changed.

Olivia Williams: Thanks J.D.

Hong Kong Phooey: Thank you all for helping me out.

Me: You're welcome. It was awesome helping out one of my favorite heroes from my past.

Tito: Hong Kong Phooey is one of my favorite cartoons too.

Me: Awesome.

Olivia came back in new clothes on. We went back to the World Tree Estate.

---

Back at the World Tree Estate, everyone was watching TV and playing card games. We came in.

Olivia Williams: That was fun.

Tito: Yeah it sure was.

Nico: Whoa she's a Serket.

Cody (OC): Wow! The Scorpion People of Egyptian Myth.

Tito: That's right.

Miia: Tito!

Tito: Miia!

They hugged.

Miia: It's awesome having you here with us.

Tito: I'm gonna love it. J.D. is a brave guy.

Tito got acquainted with us.

---

Later over in Germany we were over there to find another Gene-Slammer. But our scans showed that she had an energy level that was off the scale. It was incredibly powerful for a Gene-Slammer.

Me: Wow! The energy level coming from this gene-slammer is

REALLY powerful.

Laney: Yeah it's really strong! What do you think this Gene-Slammer will be?

Eli: No clue. But the Force is telling me that she is immensely strong.

Donna Diego: We have to keep it up with recruiting more Gene Slammer girls.

Me: I know but they are gonna be hard to find because our planet is so big.

Nico: But we will find them all.

Lana: Hey look at that!

We looked up and we saw the legendary God Pokemon, Arceus!

Me: WOW! It's Arceus!

Nico: But we didn't call him did we?

Me: I don't think so.

The Arceus saw us and landed.

Arceus 2: (German Accent) Team Loud Phoenix Storm. Wunderbar to see you and meet you.

Me: You're a girl from here.

Arceus 2: Ja. My name is Christina Schumacher. I am also an Arceus as you know.

Me: Pleasure to meet you.

Nico: Were you one of the gene-slammers taken by Team Rocket and you turned into this?

Christina Arceus: Nein. I made myself into this on purpose. I was out shopping when I saw Team Rocket kidnapping people. I saw one of them drop a container full of Arceus DNA and a syringe and I took it and deliberately made myself into this.

Me: Wow! Another gene-slammer that sacrificed their humanity to stop Team Rocket. And you became the most powerful Pokemon ever known. Arceus is the God Pokemon and is the most powerful Pokemon ever. He single-handedly took down Dialga, Palkia and Giratina with no problems.

Christina Arceus: That's correct.

Nico: Wow!

Eli: You are easily the most powerful Pokemon Gene-Slammer ever.

Ets: That is so cool!

Jabberjaw: (to Christina) Despite the pain, did you enjoy turning into an Arceus?

Christina Arceus: Ja und it was exhilarating. The power was incredible.

Hunter: (German Accent) I can tell.

Nico: But we can have you change back and use Arceus's powers as well as change into him at will.

Me: I did it to all the Gene-Slammers and gave them that kind of power.

Eli: It's true. Bro can do anything.

Christina Arceus: Wunderbar. It will be amazing to have all his powers and all of the powers of Pokemon.

Me: Okay. But it's gonna hurt a lot.

Christina Arceus: I'm ready.

Me: Okay. Boys cover your eyes.

They did so and I put on my blind man glasses.

Me: Here we go. (Snaps fingers)

Christina was in pain as she was reverting back.

Hook: You okay, Christina?

Christina: I grew a lot when I transformed. This is gonna take a while!

Me: Arceus is only 10 feet and 6 Inches tall. So it shouldn't take that long.

Christina roared in pain. And then the roar slowly became a human scream.

She then turned back into her human form and she had rainbow color hair and the hair went down to her knees and she had the body of a goddess and the fashion squad went and gave her new clothes. The Fashion Crew gave her a rainbow shirt with an Arceus on it and a rainbow plaid skirt and black leggings and they gave her blue shoes and black fingerless gloves and a sleeveless trench coat with the elements of the Pokemon on it and it had the kanji for "Christina Schumacher, Ambassador of the God Pokemon, Arceus and Emissary of the Elements" written in rainbow on it.

クリスティーナシューマッハ、神のポケモンの大使、アルセウスと要素の使者。

She got up and she saw that she was in beautiful clothes on.

Christina: Wow! look at my clothes. These are nice.

I took off my glasses.

Me: Wow! Your clothes look amazing.

Leni: They are totes amazing.

I formed a mirror and Christina was amazing.

Christina: Wunderbar! I look amazing.

Hunter: Ja und the rainbow looks perfect for you.

Nemo: It sure does.

Christina: Even though I'm human again, I still feel very powerful inside.

G1 Ratchet: First, you should let me, Hook, and my Animated Counterpart get you looked at for any possible side effects.

Christina: Good idea.

They looked her over and saw that she had all of Arceus' incredible powers and her power was as strong as that of a god and she is strong and as powerful as all the Pokemon in the entire world combined. But there were now side effects at all.

G1 Ratchet: Wow! Your power is as strong as all the Pokemon in the entire world combined. But there are no side effects.

Me: Wow! That's good.

Nico: But your power is as strong as all of the Pokemon all over combined. And it's as strong as J.D.'s power in his Super Angel 500,000,000,000 form.

Christina: Wow! That's amazing.

We got to helping her in training her to master her powers.

Later Eddy was reading chick magazines with bikini babes on them.

Fire Lori: (Fiery Voice) Uh sure?

Eddy went and got us and we came in and we all gasped when we saw the L-ementals.

Me: WHOA!

Eli: WOW! This is amazing!

Lori: (To Fire Lori) Your literally me! But you're now made of pure fire!

Lightning Lisa: (Electrical Voice) Indeed it is.

Lily: (To Light Lily) Wow! I forgot how cute I looked as a baby but being made of pure light is awesome.

Light Lily babbled.

Me: This is incredible!

Nico: Wow!

Lisa Loud: I must ask this question. How did this happen to you all?

Fire Lori: Lisa was working on an experiment and it went horribly wrong and it released a powerful energy blast and then we literally turned into the pure elemental forces of nature in their pure forms.

Me: Was it some kind of elemental manipulator or a weather machine?

Lightning Lisa: It was a little bit of both actually. It mutated us into elemental constructs with the power to each control one of the elemental forces of nature.

Air Lincoln: Yep. And we became a superhero team called the L-ementals.

Me: Wow! That's amazing! And I get it. L-ementals because L for Loud Family and the rest is the Elemental Forces of Nature.

Eli: That is incredible.

Nunnally: Wow!

Lynn Sr.: Wow! That sure is something.

Rita: It sure is. Lisa you didn't make something like that did you?

Lisa Loud: Negative mother. Weather manipulation devices are something I would never do.

Me: Because controlling the weather is a dangerous thing.

Liquid Leni: It sure is.

Me: You guys must've gone through a lot to learn how to master your powers like that.

Stone Luna: We sure did dudes. But our friends all loved it. Sam likes me better now that I'm a stone warrior.

Air Lincoln: And even Girl Jordan, Ronnie Anne and Stella love flying with me up in the sky.

Me: Wow! Your powers made your friends like you even more.

Ice Luan: Yeah they sure have.

Me: This is amazing!

Fire Lori: Do you all have powers too?

Me: We sure do. We are the most powerful force in the entire universe called Team Loud Phoenix Storm. We are protectors of everyone and everything and we protect everything with our hearts, hopes, courage, strength and the bonds of friendship.

Air Lincoln: Wow! That's amazing!

Me: It sure is.

Fire Lori: That is literally so amazing!

Crystal Laney: Yeah it is! Wow!

Me: Yeah. This must've been a shock for you all to have turned into the elemental forces of nature in their pure forms.

Fire Lori: It literally was. But it's not that bad.

Me: But aren't you worried that someone will splash you with water and extinguish you?

Fire Lori: I found out that Water literally can't hurt me. I'm as hot as the surface of the sun.

Me: WHOA!

I looked at her with my infrared vision and it showed that she was emitting a temperature of 5810.928˚K.

Me: Whoa! Your temperature is 10,000˚ Fahrenheit or 5810.928˚K.

Nico: Whew! That is hot!

Bobby: This is amazing amigos! Now I have two versions of babe to love.

Lori: One that does wind…

Lori turned into Lori Volcana!

Lori: And fire!

Fire Lori: Wow! You know fire and wind both?

Lori: I sure do.

Me: I think we're ALL gonna get along great.

Magmon: (to me) J.D., it's your turn to lead us today.

Me: I know and I have an awesome mission planned for us today.

Lightning Lisa: It will be an honor to help you all.

Me: Awesome.

The Rowdyruff Boys, Vypra, Dark Spicer, Vanitas, Chalmers, Control Freak, Private H.I.V.E., Abis Mal, Kalin and Billy Numerous then appeared.

Brick: Can me, Boomer, Butch, Vypra, Dark Spicer, Vanitas, Chalmers, Control Freak, Private HIVE, Abis Mal, Kalin and Billy Numerous come with you guys?

Boomer: (sees the L-ementals) Whoa! I didn't know you guys were able to make elemental clones of yourselves!

Butch: Boomer, I don't think those are clones.

Me: They actually weren't their doing. They come from another universe where one of Lisa's experiments went wrong and it mutated them into Elemental Beings.

Nico: Yeah it was crazy.

Laney: It was really something.

Crystal Laney: We are called the L-ementals.

Fire Lori: It's literally awesome meeting you.

Vypra: Same here.

Dark Spicer: Yeah but this is amazing.

Me: It's my turn to lead this time. We're going to the north side of town to meet the family of Richard Marion "Dick" Daring.

Kick Buttowski gasped when he heard that name!

Kick: WOW! He's an awesome daredevil legend and one of my all time heroes!

Kendall Perkins: It's gonna be cool to meet him.

Me: Yep and the mother is also an awesome secret agent.

Eli: Wow! What's she like?

Me: I'm afraid that's classified. But Nico might know her.

Nico: Yeah you'll meet her when you see her. She is awesome and really skilled.

Me: Lets head out then.

We were off to the north side of town.

---

PLEASANT HILLS, GOTHAM ROYAL YORK

---

We arrived in a suburb of Gotham Royal York called Pleasant Hills.

Tyzonn: So, what state did we just enter?

Me: We're actually on the north side of the city.

Tyzonn: Oh so they're not that far away.

Me: Nope. We're in a suburb of the city called Pleasant Hills and we should be just about there and we are.

We saw that we were at the house of the Daring family and it was an awesome mansion!

Me: WOW!

Kick: Pinch me, I must be dreaming.

POINK!

Kick: OW!

Kendall pinched him.

Kendall Perkins: Sorry.

We went through the gates and we saw that we were in the mansion garden and it had amazing fountains and gold statues and beautiful flowers and more. We went up to the house and it was a beautiful 32,029 square foot mansion.

Me: Wow! This house is just as nice as mine.

We knocked on the door. Answering it was the butler.

Butler: (British Accent) Yes?

Me: Hello good sir. We are Team Loud Phoenix Storm.

Butler: Master J.D. welcome.

Me: No need for formalities. We would like to meet Dick Daring and his family if that's all right.

Butler: Oh come in please.

We went in and the mansion was absolutely stunning.

Diamond Tiara: Wow! This mansion is a home fit for a king.

Laney: Wow!

Shaggy: Like what a pad.

Me: It's really nice. Just as nice as what my mansion was like when I moved in for the first time.

Nico: It sure is nice.

We went in and we saw famous Daredevil Dick Daring and his amazing wife Agent K. Agent K is a C.I.A. Agent.

We were lead to the living room and the butler knocked on the door and opened it.

Kalin: Hi. Is this the Daring residence?

Agent K: (British Accent) That's right.

Nico: Agent K. Good to see you.

Agent K: Agent 6259323. Come in.

We all followed and the house was amazing.

Nico: Wow! Your house is amazing.

Me: Yeah it sure is.

Eli: Almost as nice as ours.

Megamind: Just as magnificent as Metro Man's home.

Nunnally: I'll say.

Tito: Yeah it's amazing.

Nico: It sure is.

Daphne: It's just as nice as my mansion.

Dick Daring: It sure is.

Two kids were playing on the floor and they were siblings Riley and her brother Todd.

Maria: Hi there. Are you Riley?

Riley and Todd gasped when they saw us.

Riley Daring: WOW! Team Loud Phoenix Storm!

Todd Daring: You guys are our heroes!

Me: Glad we have some fans.

Riley Daring: We love all your adventures and they are so awesome how you go all over the universe and save countless lives.

Todd Daring: We love your book J.D.

Todd was holding up my autobiography that I made called "Team Loud Phoenix Storm Origins: The Complete History of how The Most Powerful Force in the Entire Universe came into Being - by James Dean Knudson."

Me: I'm truly honored that you like it. Sign it for you?

Todd Daring: Yeah!

I signed it for him.

Riley Daring: We have so much to tell you about what we do.

Me: We can't wait to hear it.

Butler: Would you all like some tea J.D.?

Me: Oh thank you that would be lovely.

He poured me a cup.

It was really good Darjeeling tea.

Riley Daring: (to the L-ementals) Could you guys maybe change back to human before I show you around?

Jean Bison: I don't think they CAN change back.

Fire Lori: Yeah sorry but we're stuck like this forever.

Me: Hmm. We'll have to work on that later on.

Nico: Yeah.

Bart: Todd I can't help but notice this but you and me sound so much alike in our voices.

Todd Daring: Yeah we sure do!

Lola: And you and me and Lana and Daphne sound so much alike in our voices Riley.

Major Dr. Ghastly: Yeah same with me and Inspector Fox.

Riley Daring: Yeah that is amazing!

Me: What can you two tell us about yourselves?

Riley and Todd Daring told us about themselves.

---

Riley Daring

Riley normally uses the Fleemco phone to replace mean or unfair adults. She enjoys playing baseball, playing the violin, ponies, Hornet Hive Scouts, candy, and pretty much any form of sugar. At one point she was part of the Journalism staff at school.

She has a crush on Johnny Hitswell and they became a couple in season 2. However in "Heartbreak in the City", Johnny broke up with her because of her controlling attitude.

She has an imaginary unicorn friend named Rainbow Jumper. She gets a B average in school. She prefers playing country fiddle/country rock on the violin. She is a fan of Susie May, Dustin Dreamlake, and J.J. Baker. Riley loves reading books and the library. Riley had braces when she was younger. Riley also has a mission: Get Todd to do the right thing and be selfless. Sugar makes Riley hyper.

In "The Spy That Wasn't Riley", Riley tries one of her dream careers as a spy instead of a window washer that the Career Day test and the former guidance counselor Mr. Leslie told her to be, and almost blows up Antarctica when she stows away on K's mission to stop Dr. Scorpius, but in the end, Riley saves the day even though K's mission is too dangerous. In "She Works Hard for the Movie" we learn that Riley has an Aunt Debbie and her middle name is Eugene. In "Ratted Out", she began to sing the very first song of the entire series entitled "My Rat Buddy".

In *Davey Hunkerhoff*, Riley replaces an elderly lifeguard with a younger, new handsome guy named Davey Hunkerhoff and pretended to be in love with him in order to make her crush Johnny Hitswell jealous. However, Davey had fallen in love with Riley and was saddened when he explained that she was just using him to make Johnny jealous and quit his job as the lifeguard. After some forcing from Todd, Riley finds Davey and apologies for what happened and in bring back doing things for him to think up for it (e.g. peddling a bike to power a fan).

Todd Daring

He and Riley are the adopted children of Agent K and Dick Daring. He is 11 in the first season, and 12 in the second season. He usually uses the Fleemco phone to replace people for selfish purposes. He is best friends with Jacobo Jacobo. In an episode, it is revealed that Todd has a talent for singing, which resulted in his family forcing him to join the school choir, along with Shelton Klutzberry and the twins. Todd loves the *Monkey Cop* movie series as well as playing the GameCone (parody of Nintendo's GameCube) video game console. He hates school, learning, and reading which forces him to replace the librarian in another episode. His catch phrases include "Don't judge me" and "Sweet." In "Ratted Out" for the first time, Todd sings the second verse to "My Rat Buddy" at the end of the episode. In season two, Todd still has feelings for Sierra after the one-time bond between the two after the parody of Star Trek club. In the episode "Tasumi Unmasked", Todd formed his own one-man band and battles against the mailman for his "Game Cone 4". Todd has a stuffed elephant named Mr. Wiggles.

As mentioned above, Todd is mostly self-centered, idle and troublesome. Todd doesn't witness the consequences, he just does what he finds fun. He uses the phone to replace people for selfish purposes, even though they aren't a threat to him. He gets bad grades at school, and is jealous of Jacobo. However, despite being immature and agitating, Todd does love K, Dick and Riley. Such as the time when he tried to save her from Fleembot's rage. He is sort of friendly and crushes on girls.

---

When they finished telling us about themselves we were amazed!

Daphne: That is amazing!

Bart: Whoa! You and I have so much in common Todd.

Todd Daring: Really?

Bart: You bet we do. Back in Springfield, I was known as the local bad boy. I love pulling pranks, I hated school, and I have a lot of girlfriends.

Nikki (Simpsons): Yeah he is really cool.

Todd Daring: That is amazing!

Mrs. Krabappel: Two Bart Simpson brothers. Ha!

We walked around the mansion and it was amazing! We also saw Dick's amazing car, C.A.R.T.E.R. or C.A.R. for short.

Me: Whoa! Is this your car?

Dick Daring: Yep.

Private HIVE took a good look at Dick Daring's car.

Private H.I.V.E.: (To Dick Daring) Permission to touch your impressive car, sir?

Dick Daring: Granted.

He touched the car and it was amazing.

Me: Your car is amazing.

Kick: He used it to jump through a ring of fire through a pipe of full spikes and over a tank full of man eating piranhas.

We gasped.

Me: WHOA! That is amazing!

Lori: I tried to do a dangerous daredevil stunt myself.

Dick Daring: Which dare was that?

Me: It was a REALLY dangerous dare.

Kick: She was gonna do a slam dunk on a bike through some loops, jumping through a ring of fire, over a shark tank, over a pit full of ferocious monsters, a pit full of broken glass, razor sharp metal and nails and a pool full of sulfuric acid!

Dick Daring: Wow! That is what I call a daring stunt.

Kick: Yeah it sure was!

Kendall Perkins: Yeah that was intense.

Me: Do not try that at home.

C.A.R.T.E.R.: (British Accent) (Electronic Voice) You got that right.

We looked at the car.

Me: Whoa! You can talk like in the show Knight Rider!

C.A.R.T.E.R.: That's right J.D. and it's amazing huh.

Me: It sure is.

Back in the living room, Riley was looking at her phone.

Paragus: (sees Riley's phone) You must use that phone a lot.

Riley Daring: Yes we do. You see we have a special job.

Me: And that job is?

Riley Daring: Whenever we find someone we don't like or is being to stupid, mean or anything like that we call a company called Fleemco.

Me: I've heard of them.

Nico: Me too. They are a very awesome agency that replaces people that are stupid, mean, gross, disgusting, lazy, or anything like that with better people that know what they are doing.

Laney: Wow!

Me: That's cool that you get to do that.

Todd Daring: Yep and we made a lot of people's lives better because of it. Our school has a much better cafeteria, our coach is now a professional retired baseball player, our mean teachers have been replaced with kind and smart and caring teachers and so on.

Me: Wow! That's incredible!

Fire Lori: That is literally so cool.

Lori: It sure is.

Lynn Sr.: Boy I'll say.

Chalmers: Maybe I should check out that school sometime. I myself am a Superintendant. Although the school I used to work on in before was blown up.

Me: Yeah have you ever heard of the town of Springfield, Oregon?

Riley Daring: You mean that dump of a town that was destroyed because of all the terrible things it was doing to the country?

Me: The very same one. It's now nothing more than a radioactive crater.

Todd Daring: Whoa!

Bart: Yeah that town was nothing more than a craphole on steroids.

Lisa Simpson: Our lives were a living nightmare because of it.

Me: Yeah it was terrible. But thankfully we managed to help all the kids in Springfield get better lives than what they had before.

Edna Krabappel: And get us teachers a better paying job at the schools. Ha!

Me: We sure did. Springfield was the worst ever town in America because it was founded by a traitor that nearly killed George Washington over 250 years ago.

They gasped.

Riley Daring: Whoa!

Me: It was a town that was full of, uh pardon my language, it was full of corrupted megalomaniacal douchbags and corrupted fuckpots.

Todd Daring: Jeez!

Me: Yeah it was crazy. The worst of them all were C.S. Montgomery Burns and Mayor Joseph Quimby.

Riley Daring: Whoa! I've heard about those guys! They were evil to the core.

Miku Hatsune: Yeah they sure were and in the Masters of Evil, I have an archenemy of a different version of Mr. Burns. He is more like a bassoon version of him.

Me: Have you ever watched that Silly Symphony cartoon Music Land?

Riley Daring: That's one of my favorites.

Me: Mine too. Mr. Burns is a bassoon now and Miku Hatsune the Queen of Voice is his archenemy. He is worse and far more hot tempered than the Mr. Burns we faced. He hates ALL forms of music except for classical music.

Todd Daring: Man that's rough.

Me: Yeah it sure is.

Todd Daring: If you want, we can have some bad people in your lives replaced too. Right before you make said bad people… disappear.

Driscoll: (British American Accent) Disappear as in arrested. Or disappear as in kill.

Todd Daring: Both. Heck, I know a good place to put dead bodies.

May: (Sweatdrops) Okay, let's not get too carried away.

Lucy Loud: Now you're speaking my language.

Me: How many enemies do you all have?

Riley Daring: We have lots of them. But the worst of the all is Dr. Scorpius.

Nicole gasped when she heard that name!

Me: Who is Dr. Scorpius?

Nicole: You would not like him dad. Years ago he was one of my colleagues and he came up with a lot of great things for the benefit of humanity until he grew mad with power and started using his genius to try and take over the world.

Fox McCloud: So he became an Andross wannabee.

Nicole: Exactly. Here's what I know.

Nicole went over his history.

---

Dr. Scorpius is Agent K's arch-nemesis in The Replacements and the minor antagonist of the series. He has a scorpion tail-shaped beard and is usually seen trying to take over the world in some way. He's also known for speaking with a lisp In "The Spy Who Wasn't

Riley,", he tried to destroy Antarctica with a giant laser cannon. In another episode, he was seen relaxing on a beach that Todd and Riley happened to be on at the time. In "The Rizzle", Todd finds out that he needs glasses, but Agent K thinks he has been infected with "Dr. Scorpius' Genetically Crafted Island Eye-Fog". Appeared in "The Spy Who Wasn't Riley", "Canadian Fakin'", "Glee by the Sea", and "Irreplaceable". Mentioned in "CindeRiley", "German Squirmin'", "The Rizzle", and "Private Todd".

---

When she was done we were horrified!

Me: WHOA MAN!

Kate Lloyd: He tried to use a laser cannon to destroy Antarctica!? That's insane!

Laney: No kidding! The Polar Ice Caps would melt and flood the planet!

Nico: He needs to be stopped!

Me: Big time.

Fellbat: First, you got any friends that we can meet, Riley?

Riley Daring: As a matter of fact we do. There's Tasumi, you would like her. She wears awesome armor and she loves the Power Rangers.

Me: WOW! She likes the Power Rangers and believe it or not on our team we have the Power Rangers from America and Japan from over the course of 27+ Years.

Tommy Oliver: That's right. Me and my team are the Mighty Morphin and Zeo Rangers.

Delphine: (Alien Voice) Me and my team are the Aquitar Rangers.

T.J. Johnson: We are the Turbo Rangers.

Andros: I lead the In Space Rangers.

Leo Corbett: We are the Lost Galaxy Rangers.

Carter Grayson: We are the Lightspeed Rescue Rangers.

Wes Collins: Time Force Rangers.

Cole Evans: Wild Force Rangers.

Shane Clarke: Ninja Storm Rangers.

Connor McKnight: Dino Thunder Rangers.

Tommy Oliver: I'm also the Black Ranger for Dino Thunder.

Jack Landors: S.P.D. Rangers.

Nick Russell: Mystic Force Rangers.

Mack Hartford: Operation Overdrive Rangers.

Casey Rhodes: Jungle Fury Rangers.

Scott Truman: R.P.M. Rangers.

Jayden Shiba: Samurai and Super Samurai Rangers.

Troy Burrows: Megaforce and Super Megaforce Rangers.

Tyler Navarro: Dino Charge and Dino Supercharge Rangers.

Right Suzuki: We are one of the Japanese Power Rangers from Japan. We're called the ToQger Rangers.

Devon: We're the Beast Morphers.

Brody Romero: We're the Ninja Steel and Super Ninja Steel Rangers.

Kairi Yano: And lastly we're the LupinRangers.

Keiichiro: And my group is called the PatRangers.

Me: And the Dino Fury Rangers series is in progress. So we're waiting about another year to a year and a half to meet them. But we also have the Zyuohger Rangers and the KyuRangers that we're gonna meet next month.

Riley Daring: Wow! That is so cool! Also there's my friend Abbey Wilson. She hates rich girls like my enemy Sierra.

Me: Oh great. Another Diamond Tiara and Princess Morbucks situation. No offense Diamond.

Diamond Tiara: None taken.

Todd Daring: I also have Jacobo and Shelton and I hate my enemy Buzz. He's a wannabee bully.

Nicole: Oh great!

Me: Just what we need is more bullies.

Nico: Yeah. But lets get to work.

Me: Right.

Vanitas: Why don't you invite your friends over? Or should we go meet them ourselves?

Riley Daring: We can all go meet them at the mall and we can meet Johnny Hitswell. He's my middle school sweetheart. But whenever I'm around him I always talk stupid things.

Me: That's perfectly normal. That means you love him but are too nervous to tell him how you feel.

Hinata: Yeah that happened to me. I love Naruto but I was too nervous to tell him.

Naruto: Yeah.

Me: It happens to many of us when we see girls we like. But it's all perfectly normal. Lets get going.

We were off to Pleasant Hills mall.

---

Later we were over at Pleasant Hills Mall and it was amazing.

Leni: I totes love the mall.

Me: Who doesn't.

We saw a bunch of kids and they were Tasumi, Abbey, Shelton and Jacobo.

Exhaust: Hi there. You all must be Riley and Todd's friends.

Tasumi: (Japanese Accent) We sure are and it's an honor to meet the famous Team Loud Phoenix Storm.

Me: That's right and you all must be Tasumi, Abbey, Jacobo and Shelton.

Abbey: That's right. We love all your adventures.

Jacobo: (Spanish Accent) They are muy bien!

Ronnie Anne: Glad you think so and awesome to meet a fellow countryboy from Mexico.

Jacobo: Same here.

Shelton: It's awesome meeting you all.

Irwin: It's whack yo.

Tasumi: (Gasp) You have the Power Rangers and Super Sentai with you all!

Me: Yep we sure do. And also the Sentai from years back have been a big help in the Battle with Thanos almost 2 years ago.

Tasumi: That's amazing!

Me: Yep. It was a big battle. One of the most devastating battles we've ever had.

Nico: It sure was.

?: Well well well.

We turned and we saw BUZZ and with him were 3 bullies and the rich girl Sierra!

Todd Daring: Buzz!

Buzz: Daring.

Riley Daring: Sierra!

Bully 1: We came to smash you.

Me: I don't think you want to mess with him. Instead mess with him. (Points to Muscle Man)

Muscle Man went up to them.

Muscle Man: (to Buzz) Hey, Buzz. You know who else eats jerks like you for breakfast? My mom!

Buzz: (laughs) Are you saying that because your mom is some kind of whore?

We gasped at this.

Me: Uh oh!

OH HE DID NOT JUST GO THERE!

Mordecai: He should not have said that!

Todd Daring: What do you mean?

Me: Whenever someone insults his mom, they just signed their death warrants.

Rigby: And it's not pretty dudes.

Abis Mal: Well, Buzz is dead.

Laney: Yep.

Bully 1: Come on, man. Shut up!

Sierra: I just remembered that I have a dentist appointment! (leaves)

Riley Daring: YEAH YOU'D BETTER RUN SIERRA!

Buzz: I bet your dad is some kinda drunk or something and that he probably left your sorry bitch of a mother!

Bully 2: Come on, man. This isn't funny anymore!

Buzz: I bet your mom was a prostitute looking for cash when she got you.

Bully 3: Seriously, man. That's enough!

Me: (SINISTER CHUCKLE)

MUSCLE MAN TURNED RED WITH FURY AND SMOKE AND STEAM WAS COMING OUT OF HIS EARS!

Knowing what Muscle Man is about to do, Lori, Lynn, and Lola punched Buzz's lackies and pulled them off to the side so they don't get hurt by the upcoming fight.

MUSCLE MAN ROARED IN INCREDIBLE FURY!

Muscle Man: YOU'RE GONNA WISH YOU WERE NEVER BORN! NO ONE INSULTS MY MOM!

MUSCLE MAN THEN BEAT THE LIVING FUCKING SHIT OUT OF BUZZ AND TORE HIM LIMB FROM FUCKING LIMB AND HIT HIM WITH EVERYTHING INCLUDING THE KITCHEN SINK!

BLAM! SMASH! BIFF! CRACK! KRABLAM! KATOW! SMASH! THWACK! ZONK!

When Muscle Man calmed down, Buzz looked like he was mercilessly thrashed by a massive army of crazed superheroes! He was REALLY MANGLED UP! His WHOLE TONGUE was ripped off and there was blood everywhere from the beating!

Sly (Ty): FYI, mates, Muscle Man's dad actually passed away a few years before we met him, Mordecai, Rigby, and the rest of their friends.

Me: Yeah it was rough. But Buzz had this coming. You insult Muscle Man's mom, you mess with a rabid bull and then you get the horns.

Nico: Oh yeah.

Bully 1: GEEZ! Buzz is not fun to hang around with anymore after what he did.

Bully 2: Yeah he's always mean to us.

Bully 3: And he does terrible things to us.

They went up to Nicole.

Bully 1: Nicole we're gonna turn ourselves in and you can give our bounties to Todd and Riley.

Nicole: Very smart choice.

Nicole pulled out wanted posters of them and gave them to Riley and Todd.

Nicole: Looks like you guys are gonna be over $129,392,000,000,000 richer.

Riley Daring: AWESOME!

The Anti-Bully Police came and arrested them.

Nicole: All your guys.

Officer 1: Thanks Nicole.

Nicole: Give the bounties on them to Riley and Todd here.

Officer 2: Will do.

An ambulance came and took Buzz to the hospital.

Me: Well that's it for that kid. During his stay in the hospital, he's getting a massive annoyance session from our friend Cheese here.

Cheese: Yes.

Vypra: Anyway, we're also meeting with you guys because we're about to arrest Dr. Scorpius. Who's with us?

Tasumi: We're with you!

Abbey: Yeah count us in!

Jacoco: We'll cut off that guy's tail!

Shelton: And feed it to him!

Tito: Lets get him!

Johnny Hitswell: I'm with you guys!

Me: But first, Riley I think you have something to say to Johnny. We'll support you.

Riley went up to him and looked into his eyes.

Riley Daring: Johnny, I have been wanting to tell you this for a while. But the truth is…

We nodded for her.

Riley Daring: I love you!

Johnny Hitswell gasped and then smiled and then returned the gesture with an amazing and passionate kiss.

It was beautiful.

Abbey and Tasumi were in awe and Todd gagged in disgust.

Johnny Hitswell: And I love you too Riley.

They were now official boyfriend and girlfriend.

Me: Awesome. Lets get to work on our battle plan.

Nico: For our plan this time, I'll need some paper and a pen.

Mai (Avatar): I'll get it for you. (chuckles) I just want to say that your codename of Agent 6259323 is pretty nice.

Nico: Thanks Mai.

She went and got the pen and Paper.

Riley Daring: Is that your codename?

Nico: Yes it is. Before I joined the team I was a C.I.A. Agent that was sent to bring down an evil organization of Peach Entrepeneurs. They were Agricultural Terrorists that were out to destroy the entirety of our food supply.

Me: The name of that organization was called S.U.S.P.E.N.S.E. It stood for Secret Underground Society of Peach Entrepreneurs Nixing Sour Exports.

Todd Daring: That's a mouthful.

Nico: Yeah it was.

Mai came back with a pen and paper. His plan was to trick him into signing a contract that supposedly gives him control of Fleemco. But it'll actually give Batman control of any property he has. Including his base. And then we'll do an awesome entrance with the Scooby Doo monsters and Organization XIII.

Nico: Got it?

Me: Awesome idea.

Nico: Thanks.

Me: You're welcome. Lets roll!

Control Freak: Which video game monster should I summon this time?

Nicole: I got just the one. Lets use Vorash from Metroid Other M.

Control Freak: Nice choice.

Me: One of my favorites.

Samus: That was a perilous battle in that one.

Me: Lets fly!

We were off to Scorpius's lair. Which was a mountain on a deserted island in the middle of the eastern South Pacific.

We arrived at the island and we were hiding in the bushes.

Disk Wars Deadpool: (To the viewers) This crossover chapter with Replacements is turning out to be badass so far!

Riley Daring: What are you talking about?

Maria: Don't mind him. He talks like that a lot. (telepathically to Disk Wars Deadpool) Can you save the 4th wall breaking for at the end?

Disk Wars Deadpool: Sorry.

Me: Now lets put our plan into action.

Agent K went in and we waited for the signal.

Scorpius: What do you want, Agent K?

Agent K: Well, you've won, Scorpius. There's no way I'm ever going to defeat you. So, I'd like you to sign this contract. After that, Fleemco will be yours.

Scorpius: Is this a trick?

Agent K: No trick.

Scorpius looked it over and signed the contract. Hook, Line and Sinker.

He gave it back to her.

Scorpius: All signed.

Agent K: Thanks. SUCKER!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the wall and then a Phoenix Cry was heard and out of the explosion came the spirits of EVERY SINGLE Scooby Doo Monster that Mystery Inc. busted and then the spirits of Organization XIII flew in and they were made of Light, Lightning, Flowers, Time, Water, Fire, Moonlight, Illusions, Earth, Ice, Wind and Space and they flew around Scorpius and then they converged and out of them came us.

Me: SURPRISE!

Scorpius: Team Loud Phoenix Storm!? What are you all doing here!?

Me: To stop you and your quest to rule the world!

Riley Daring: You will never take over the planet on our watch.

Dark Spicer: (to Scorpius) Here's your warning: Your ass is about to be kicked! (Turns into Anti Matter)

Me: And we're gonna kick your fucking ass all the way into Oblivion! Also you were duped! What you signed was really a contract that signed over all your stuff to Batman who is really the founder, president and C.E.O. of WayneTech Industries (Batman Takes off His mask) BRUCE WAYNE!

Nico: Surprise!

Eli: You fell for it! Hook, Line and Sinker!

Billy Numerous: Let me clone an army for the battle!

Billy Numerous made 1,000 clones.

Nicole: And this time we're stopping you for good Scorpius.

Scorpius: You wouldn't hit a colleague of yours would you Nicole?

Nicole: A colleague no. You? YES!

POW!

She punched Scorpius in his face and leg swept him and kicked him in his back and then Riley Daring jumped and punched him in the face and ripped his Scorpion Tail beard off!

Riley Daring: Wow! I didn't know how strong I was!

She punched him in the face and smashed him into the floor!

Sly Cooper: Now it's my turn to have some fun!

Sly Cooper was surrounded by a circle of blue fire, lightning, and the insignia of The Cooper Clan, and then, a huge powerful blue vortex of energy, fire, and lightning, along with the insignia of The Cooper Clan shot out into the sky, as his energy levels were increasing with incredible power. Then, when the vortex of blue energy, fire. and lightning faded, Sly Cooper emerged from the vortex forever changed. Sly Cooper had the insignia of The Cooper Clan emblazoned on his forehead, his blue trench coat is now decorated with blue flames on the trench coat's sleeves and blue lightning bolts on the long trench coat's coattails, and he isn't wearing the black mask anymore, his natural mask is now shown, his yellow-cuffed blue gloves have the insignia of The Cooper Clan, and his blue shirt has the insignia of Team Loud Phoenix Storm, since he, along with Bentley, Carmelita Fox, Murray, Dimitri, Neyla, Panda King, and Penelope have become members of the team 4 years ago. He was now much stronger than ever before and he has angel wings that are the same color as his fur, the insignia of The Cooper Clan appeared on the back of the blue trench coat, and below it is a kanji written in gold, and it'll say, "Sly Cooper, Paris' Legendary Master Raccoon Thief, Inheritor of The Ancestral Line of the Thievius Raccoonus, and The Slayer of the Evil Clockwerk".

Crystal Laney: Wow! So this is what happens every time you transform?

Laney: It sure is.

Sly went at Scorpius and bashed him on his face with his cane and blasted him with blue fire and lightning and electrocuted and burned him all over the place and it REALLY hurt.

Anti Matter was looking around for stuff to use as the battle went on.

Anti Matter: (sees some machines) These look important.

They were tesla coils and he went over to them and then turned them into powerful lightning laser rays and he fired lightning lasers and they hit Scorpius and electrocuted him all over.

Sly blasted him all over with blue fire and lightning blasts and burned him all over and Todd and Tasumi demonstrated awesome moves that the Power Rangers would do.

Nico: Wow! Tasumi is really skilled!

Leo Corbett: It's like she knows all our moves from down to the last detail.

Me: Taste this!

I pulled out a bottle of my incredibly excruciatingly painful and ultra powerful hot sauce and it was made with Fire Salt and then shoved it down his throat and then he swelled up and fired a massive blast of fire from his mouth like a flamethrower and I was absorbing fire all over the place!

Emma: Tasumi, you're about to see one of the older Sentai teams in action!

Tasumi was ecstatic to see that!

Tasumi: WOW! I AM SO HONORED AND AMAZED!

We went back home and we had the Daring house moved top our World Tree Estate and Riley and Todd's friends and Johnny moved in.

Later we were getting ready for our usual battles in the gym.

SkullMeramon, MetalSeadramon, Machinedramon, Puppetmon, Cargill, Harpymon, Thundermon, BlackWarGreymon, Seadramon and Samon Shakekisutanchin then appeared.

Thundermon: Looks like you guys just got back.

Metalseadramon: I see you guys finished arresting Scorpius.

William: Damn right we did.

Harpymon: Glad to hear it.

Seadramon: Can you guess what most of us have in common?

Maria: Most of you guys are Digimon.

Cargill: And we brought in two more recruits for you guys.

Me: SkullMeramon and Thundermon right?

Seadramon: Yes.

Me: And you're all monsters of Earth, The Digital World and Space.

Cargill: That's the right theme. Also we have this one for you.

A figure came out and it was ROACH COACH!

I HATE COCKROACHES!

---

Roach Coach is a one-time villain from the Cartoon Network original series The Powerpuff Girls, only appearing in four episodes, his main episode being "Insect Inside". He is a seemingly human roach-like creature, but he is really a robot, being operated by a highly intelligent cockroach. Roach Coach appeared in the series three more times, but only as a cameo.

He was voiced by Roger L. Jackson.

Bubbles was chased by a cockroach and Buttercup attempted to squash it. Professor Utonium stopped her, and explained to her how cockroaches are living creatures, and the reason that just because they are "yucky" on the outside does not mean that they are "yucky" on the inside. The Powerpuff Girls learned this lesson from him and Professor Utonium let the cockroach outside.

Afterwards, this cockroach traveled across town to a large hotel in The City of Townsville. There, it went into a run-down hotel room and reported to Roach Coach, while he was standing by his window, grumbling about how much he hated humans. Roach Coach heard from his messenger cockroach, "Skippy", who told him that The Powerpuff Girls are not allowed to destroy cockroaches. Roach Coach was overjoyed to hear this news, as it meant that he and his roach brethren could finally rise up and take over Townsville, knowing now, that The Powerpuff Girls can't stop them.

The following morning, billions of cockroaches invaded Townsville, crawling all over people, buildings, cars, and food. The Mayor called The Powerpuff Girls, and they reported to Townsville. Upon seeing the invasion of the cockroaches, all three of them were disgusted, and Buttercup set right off to crush every single one of them. Blossom stopped her and reminded her about what Professor Utonium taught them.

Blossom's alternative to stopping the cockroaches was to put them all in a giant jar. When she did, the town was quickly cleansed of all cockroaches, and the day was saved. Roach Coach came up and sceramed and yelled at them for imprisoning his army, revealing to The Powerpuff Girls that it was him, who caused all that chaos. The Powerpuff Girls knew their prime enemy then. Roach Coach said that he was sick of the human scumbags cluttering his planet and vowed to exterminate them all, like they did to him.

Roach Coach blew a whistle, which got all of the roaches to break free from their jar and form together, around him, making a giant cockroach monster, that ate The Powerpuff Girls. The girls sank down into the cockroaches, completely disgusted. Blossom had enough and realized that these cockroaches were "yucky" both inside and out, and she destroyed every last one of them.

After the destruction of his giant cockroach suit, Roach Coach plummeted to the ground and got himself squashed on the rapid with the floor. The Powerpuff Girls were worried that they squashed a human being, before flying down to the crash zone and discovering a bunch of robotic parts, scattered about. Bubbles found a talking cockroach, operating the Roach Coach robot suit, from the face. The true form of Roach Roach shook his fist at The Powerpuff

Girls, and was promptly imprisoned inside of a jar, that was inside of a prison cell.

In "Bought and Scold", Roach Coach made a cameo. The Narrator used a bunch of adjectives to describe the villains of Townsville, as their pictures showed up on screen. Roach Coach showed up, as he said "gross".

In "Divide and Conquer", a wanted poster of Roach Coach was partly seen, again labeling him as "gross".

In "The Powerpuff Girls Rule!", Roach Coach was seen among the other background villains, as one of the people trying to obtain the key to the world. His robot body had apparently been reconstructed at this time, since this is what he was using.

---

Bubbles screamed!

Me: Roach Coach!

Roach Coach: That's right you dumb freak! I am back!

---

Me: Magic Mushroom!

Magic Mushroom: Glad you know me J.D.

Me: And I remember you too. But it's an absolute darn shame that you didn't get to fight the rangers in your own fight. What a ripoff.

Magic Mushroom: Yeah what a bummer.

Me: But it looks like you're gonna be getting one when you face us.

Laney: That's right.

Magic Mushroom: (to Mario) No. You can't eat me to get a power up.

Mario: (Italian Accent) That's-a okay.

Nico: As long as you aren't like those magic mushrooms I ate when Ken was inside me.

Magic Mushroom: (Laughs) That was funny but no I'm not like that.

Me: Nico if you do that again I'm gonna bash you on the head with a mallet as big as Eustace's mallet.

# The Rampaging Bus Driver from Hell

Me: Hmm. So far everything looks quiet.

Christina: (German Accent) Ja. Und it's perfect. But so far nothing.

Me: Wait what's that car down there?

We looked and we saw a white van and it was chasing a dune buggy of some kind.

Me: Looks like they want that Dune Buggy.

Christina: Time to see what Arceus can do.

Me: Wait Christina. I want to see what you can do as a human with Arceus' powers. You are the Gene-Slammer of the most powerful Pokemon of all.

Christina: (sighs) Alright, J.D. I won't turn into my Arceus form yet. But I WILL use it sometime today.

Me: I understand. Besides, I want to see how strong your powers are.

Christina: Fair enough.

We flew on and we then the car they were chasing and that it was making sputtering noises and we saw that they were being chased. In it were three people and I recognized them. They were Debbie, Tinker and Mark and they were in Speed Buggy!

Me: WHOA! That's Speed Buggy.

Christina: Wow! Another amazing cartoon.

Me: Yep. Another good one from my past.

Christina: And there's someone in the back of the car chasing them.

We flew behind the car and I used my X-Ray vision and looked inside it. We saw that it was an Oomukade, the giant centipede woman from a Japanese Fairy Tale.

Me: Whoa she's an Oomukade, the Giant Centipede Yokai of Japanese Myth.

Christina: Wow! That's cool. Lets do it!

Her eyes turned red for fire and she fired a massive and powerful barrage of fireballs and they hit the van on both sides and exploded big!

Me: WHOA! AWESOME!

Christina: Check this out.

Her eyes turned tan for rock and she had crystals grow and skewer the van on both sides and hold it in place and we flew in and got the girl out of the back and she was tied up and we untied and freed her.

Cerina: Whew! Thank you.

Me: You're welcome.

Cerina: Wow! You're J.D. Knudson, Leader of Team Loud Phoenix Storm! It's so awesome to meet you. I'm Cerina and as you can see I'm an Oomukade.

Me: Pleasure to meet you.

Christina: Guten Tag. I'm Christina und I'm an Arceus gene-slammer.

Me: She was slammed with Arceus DNA on purpose to destroy Team Rocket.

We saw the driver and passengers of the van get out and it was DR. KLUGE AND HIS HENCHMEN!

Me: Dr. Kluge!

Dr. Kluge: So the famous J.D. Knudson came.

Me: To kill all three of you.

I fired a wave of energy and it obliterated all three of them in an instant.

Me: Good riddance.

Speed Buggy and his friends came.

Speed Buggy: (Sputters) Wow that was amazing!

Debbie: And it's an honor to meet the famous J.D. Knudson of Team Loud Phoenix Storm.

Mark: We love all your adventures.

Tinker: They are so awesome.

Me: I get that all the time but it's awesome meeting you all. I watched all your adventures on TV all the time. So awesome.

Christina: Sorry I'm Christina Schumacher und it's an honor.

Tinker: Pleasure to meet you.

Me: Christina is from Germany and she is an Arceus Gene-Slammer.

Cerita: She's the Gene-Slammer of the most Powerful Pokemon ever known.

Speed Buggy: (Sputters) Wow that is amazing!

Tinker: It sure is.

Cerita: Sorry I'm Cerita and I'm an Oomukade, the Centipede monster from Japanese Myth.

Debbie: Pleasure to meet you.

Christina: You want to come with us too, Speed Buggy?

Speed Buggy: (Sputters) You bet I do!

Tinker: It's gonna be so awesome being with you.

Debbie: Yeah it will be great.

Cerita: It's gonna be so awesome being part of the team. I hope I can get some terrible bad guys.

Me: There are plenty out there.

Christina: Ja there are.

We went back to the World Tree Estate.

---

We arrived back at the World Tree Estate and everyone was watching TV and reading books.

Both the Laney's were reading books.

We came in.

Me: Here we are.

Cerita: Wow! Your home is amazing and we're above the planet.

Me: Yep. 100 miles up.

Speed Buggy: (Sputters) Wow! It's amazing.

Debbie: Yeah it is.

Nico: Wow! She's an Oomukade from Japanese Myth.

Miia: Cerita!

Cerita: Miia!

They hugged.

Miia: It's so awesome to see you!

Cerita: Same here.

Shaggy: Like, Speed!

Fred: Debbie, Tinker and Mark! Awesome to see you guys again!

Me: Wow! I didn't know you guys met Speed and friends.

Daphne: It was before you joined us J.D. but it was awesome.

Velma: It sure was.

Later Toad Man was watching TV.

Toad Man: (flipping through channels) Wrestling. Racing. Horror movies. Documentaries. Sports. Gundersons attacking the city. (realizes something) Wait. GUNDERSON'S ATTACKING THE CITY?!

We came and we saw that the Gunderson's were going on a ballistic rampage and destroying everything in their path! Tearing everything apart and blowing everything up!

Me: Those sore losers! They will pay for this!

Nico: Lets get them!

We went down to face them.

The Gunderson's were destroying everything in their path and tearing everything up and GOING ON A BALLISTIC RAMPAGE! We appeared!

Me: Put the car down you freaks!

Bubbles: Hey! Stop that right now! (the Gunderson's glare at her) Um… please?

Pa Gunderson: Not till we do y'all in!

POW!

I punched him in the face and fired waves of lightning and electrocuted them all over them.

Eli kicked and punched them and smashed them all over.

The Steel Lynn turned her hands into huge anvils and smashed and pulverized them and knocked them down.

Shockwave: I knew we should've taken care of you idiots when we still had the chance!

Me: And now we will take care of you!

We fired elemental blasts and smashed them to pulp. The police came and put the Gunderson's in straitjackets and got them sent to prison. We had them sent to the worst prison we made: The Miranda Prison for Nihilistic Sadomasochists. It's a prison on Uranus' moon Miranda.

Wheelack: Let's have them be put into seperate cells. Just in case they try to plot their revenge.

Me: Good idea.

Nico: Those psychotic hillbillies asked for this.

MetalSeadramon, SkullMeramon, Seadramon, Samon Shakekisutanchin, Puppetmon, Machinedramon, BlackWarGreymon, Thundermon, Harpymon, and Cargill then appeared.

Cargill: My God what happened here?

Eli: The Gunderson Clan went ballistic and destroyed much of the city.

Nico: Yeah they totally went crazy.

Laney: All because J.D. beat them in a single wrestling match.

Lynn: I hate to say it but they are sore losers.

Steel Lynn: Yeah you got that right.

Me: Now it's time for next mission.

Bomb Man: By the way, Nico, it's your turn to lead us today.

Nico: I know. And I know just the place for our next mission. We're going to Peaceville to meet Corey and his band.

Me: Sweet! It's gonna be awesome meeting them!

Eli: Yeah it is.

MetalSeadramon: Can we go with you guys too?

Nico: You all sure can. It's gonna be fun.

SkullMeramon: Wait. Wasn't Trina the enemy of Corey and his band?

Nico: Yes she was and she was also Corey's sister.

Eli: That heartless witch wanted nothing more than to make Corey's band a living nightmare.

Courtney: And make MY life a living hell.

Nico: Yep. Lets head out.

We were off to Canada.

---

PEACEVILLE, TORONTO, CANADA

---

We arrived in Peaceville, A suburb of Toronto, Canada. It was a really nice and amazing town.

Caitlyn: Here we are in Peaceville. I just hope everything really is peaceful here.

Me: It sure looks like a nice place to visit here in Canada.

Eli: But it's not all that. Look over there.

We saw the mayor chewing out Corey and his band for being bad people.

Me: There they are.

Nico: Yep. Lets see what's up.

Corey: WHOA! Team Loud Phoenix Storm! It's an honor!

Nico: Same to you Corey. Hold on a sec.

Cargill: Excuse me. What do you think you're doing?

Mayor: I'm telling these delinquents that they have no right to be here after all the trouble they caused. I would like you to throw them in prison!

The people gasped when the mayor said that!

Nico grabbed the mayor and pinned him against a wall.

Nico: Listen here you rotten sack of 50 year old limburger cheese! Grojband has done so much for this town and you now have the audacity to throw them out just for helping your city and saving it countless times from destruction and this is how you repay them!? What kind of a fucking lunatic are you!?

Applejack: Yeah! You have no right to talk to them like that!

The citizens of the city were outraged that the Mayor would show such horrible disdain and hatred towards Grojband, their local heroes and the very people who saved the town and planet lots of times. The Mayor was arrested and was being investigated for his acts.

Nico: Sheesh, what a dumb jerk.

Sideshow Bob: (to Corey) Apologies if this is how we're meeting each other.

Corey: No worries but that was awesome! Thanks for standing up for us.

Nico: Anytime Corey.

Laney Penn: It's also an awesome honor to meet the famous Team Loud Phoenix Storm. We love all your adventures.

Me: We get that a lot.

Lightning Lisa: (Electrical Voice) It's a most amazing feat we all have now.

Eli: Yeah. But also we love all your songs.

Corey: I'm glad you do. Courtney? Wow its been a while.

Courtney: It sure has been a while Corey. You were just a little guy when I saw you last.

Corey: I know. Feels like forever.

Laney Penn: Boy it sure has.

Corey: I just hope Trina doesn't try to bother us while we're showing you guys around.

Harpymon: Oh, you won't have to worry about her anymore.

Courtney: That monster got what she deserved. We threw her in prison forever.

Nico: It's true. She was giving wedgies to everyone all over Gotham Royal York.

Laney Penn: That girl was a monster!

Laney: You got that right Laney. She needed to be put in her place.

Rainbow Dash: What she was doing makes her nothing more than a horrible bully.

Scootaloo: Yeah and she is a monster!

Me: You know what she was doing that lead her to being locked up? She was assaulting people by giving them nasty atomic wedgies.

Nico: Yeah it was not cool.

Notacon: So, about that tour?

Corey: Right follow me.

We followed Corey and the band to the spots around town that they know and it was awesome. We saw the arcade, Corey's house where they practice and more.

Me: Wow! Your house and garage are perfect for band practice.

Luna Loud: Rockin dudes.

Sam S.L.: Yeah you said it.

Me: Yeah.

Puppetmon: You guys aren't the only famous bands in the world.

Nico: Nope. We know a lot of amazing bands. And we have one of them with us.

Rainbow Dash: Yep.

Applejack, Rarity, Fluttershy, Pinkie Pie, Rainbow Dash, Sunset Shimmer and Twilight Sparkle came forward.

Twilight Sparkle: We are known as the Rainbooms.

Sunset Shimmer: We are a band all about the joys and power of friendship and harmony.

Me: Yep and they are amazing and gifted at what they sing about. Same with my because I'm part of the band too.

Twilight Sparkle: It true. The songs we sing are all amazing.

Laney Penn: Wow! That's incredible!

Me: Yeah it is. We also know the Hex Girls, Puffy AmiYumi, Lolirock, The Winx Club, KISS and many other bands.

Luna Loud: Even me and Sam and my friends have a band.

Laney Penn: Wow! That is so cool!

Nico: It sure is. And they all have been a REALLY big help to all of us over the years.

Bloom: Yeah we do what we have to.

Irma: It's fun.

Blackfire: Any other enemies of yours we should know about?

Corey: Lets see. We have School Bus Rhonda.

CRASH!

We heard a crash and we saw a School Bus driving down the highway like an absolute maniac! It was smashing cars all over and driving through them like a rampaging bull!

Nico: Looks like we got a case of road rage! We'll look up her background on the way! Lets fly!

We flew after the bus.

As we were flying I looked up the background history of School Bus Rhonda.

---

School Bus Rhonda is a character who first appeared in the Grojband episode "Indie Road Rager" She is a school bus driver who was one of the competitors in the Indie 400. She is a psychopathic bus driver who carelessly drives a school bus and attacks other people on the road that she doesn't like. She recklessly drives her bus all the time which tortures the kids riding the bus.

School Bus Rhonda first appeared in the episode Indie Road Rager where she was competing in the Indie 400. In this race, Trina tore the stop sign off of her bus before the race began and she blamed it on Grojband. This made Rhonda so angry, that she decided to destroy the band for what they did. In the race, she revealed that her bus was equipped with a bunch of weapons such as missiles and electric blades. She tried firing missiles at the band but kept missing and destroying other people in the race. She also activated an electric spinning blade that came out of the side of her bus. She drove sideways toward the Grojcar and attempted to slice it in half, but then the band stopped the car which got them out of the way and instead, she chainsawed the truck of Ice Cream Tom in half. Ice Cream Tom threw sprinkles at her face before he died which blinded her and made her wildly spin out of control destroying everything. At the end of the race, School Bus Rhonda fell of the track and her bus exploded. It was also revealed that there were six little kids riding in her bus the whole time.

Despite her death in the episode Indie Road Rager, School Bus Rhonda appeared again in the episode Line of Credit in a picture of Ms. Obedience kicking her on the side of the road while she was doing her job as a crossing guard.

She made a cameo again in the episode Ahead of our own Tone where she was one of the many people seen waiting in line to buy the new Blab Tap In-Brain Implant.

---

What I saw was HORRIFYING! And I even looked up her RAP Sheet and what I saw was horrifying too! It was over a mile long and it showed that she had many arrests for assault and battery, Road Rage, Destruction of Public Property, mayhem, disorderly conduct, everything! She was not tried for ANY of them.

Me: WHOA MAN! She is bad news!

I showed Nico her RAP sheet and it wasn't pretty!

Nico: HOLY CRAP! She needs to be stopped.

Machinedramon: Before we go after Rhonda, we need to destroy all the school buses here so she won't be able to use them!

Nico: No Machinedramon, I have a better idea.

Nico's plan was to form a huge blockade and have everyone do an entrance based on monsters from Earth, Space and the Digital World and then shittalk Rhonda and broadcast her attitude to all of the town and Riley and Todd Daring as part of their training do some rounds on Rhonda while we have our usual battles.

Me: That's brilliant.

Nico: Yep. Lets get her.

We flew after her.

MetalSeadramon: To know where we're gonna put the blockade, we have to memorize the pattern of where Rhonda's bus is driving.

Nico: I know. Follow me!

We followed Nico and we saw that Rhonda was driving in a dangerous zigzag formation and then Nico fired a beam of energy and it hit the road and formed a huge wall of stone and it blocked the bus and the street was encased in an energy barrier and blocked her escape routes.

Then a sphere appeared in front of her and it formed into that of the Earth and Rhonda was confused and then it exploded in a massive fiery explosion and a phoenix cry was heard and then the spirits of all the aliens of space and all the Digimon appeared and they converged and we all came out and faced her.

Sandpit: Hey. Do you know how fast you were going, Ma'am?

Nico: And the amount of damage that you were causing?

Rhonda: I don't care! You all will pay for ruining my ride!

Me: What ride!? Using your brainless rage filled brain to smash the road and cars up!?

Rhonda: WHY YOU!? I WILL KILL YOU!

She tried to start up her bus again but because it was totaled, the engine caught fire and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Rhonda was thrown from the bus and on the ground covered in soot and her bus was burned and destroyed. Luckily no one else was in it.

Rhonda: MY BUS!

Me: You are finished Rhonda.

Nico: Your joyride is over punk!

Eli: Speedy McRagealot!

Wiggum: (Offscreen) HEY! That's something I would say!

Me: Chief Wiggum?

Snake: Way to blow our cover you idiot!

Wood Man: Before we get down to business, Rhonda, why don't you tell us all the positive feelings you have towards Grojband?

Rhonda: You want to know what I think!? I HATE THEM! I HATE EVERYONE IN THIS WHOLE FUCKING TOWN!? I HATE ALL THE KIDS AND I WANT THEM ALL TO SUFFER! THEY ARE NUISANCES AND WANT NOTHING BUT TO KILL THEM ALL! I WANT EVERYONE TO SUFFER! I HATE EVERYTHING! I HATE EVERYONE IN THIS WRETCHED TOWN! I WANT IT ALL TO SUFFER AND BURN! AND DIE!

What she didn't know was that she was being broadcasted by Luan who had a hidden microphone behind her back and she was being broadcasted over the P.A. System and she ranted on for 75 minutes about how she wanted to cause nothing but pain and suffering and make everyone pay for her misfortunes and more.

When she was done, everyone was horrified to hear everything she said! IT WAS AWFUL!

Samon: You seem a bit angry. Why don't you have some salmon to calm down?

Rhonda: NO!

Nico: She's more than just angry. I've seen this many times before. She has what's called Intermittent explosive disorder. It's a personality disorder in which one can't control their anger.

Laney: I know this disease too.

Crystal Laney: Same with me. It's tough.

Me: She should have never been allowed to drive at all.

Lynn: Yeah she is a monster that doesn't deserve anything.

Lincoln: Yeah she is a fiend!

Rhonda: Now, if you'll excuse me, I'm getting a new bus so I can continue wrecking stuff!

Christina: Not gonna happen!

Christina concentrated and groaned as she started to get bigger.

Me: You're not going anywhere!

Thundermon: (confused) Didn't Christina use her Arceus form this morning?

Me: No she was gonna test out her powers as a human first to see how she does.

Thundermon: Oh I get it!

She turned into ARCEUS!

She roared at Rhonda!

Me: You are not going anywhere Rhonda.

Nico: In the name of Team Loud Phoenix Storm.

Eli: And in the name of the Galactic Senate of the Republc (Ignites lightsaber)

Nico and Eli: You're under arrest.

Frightwig: Christina, you should make sure to Rhonda-Proof all the buses!

Maria: Is that even a word?

Me: It's her way of saying to make sure that she never gets on another bus ever again.

Maria: Ah. That makes sense.

Christina Arceus: You had pissed off the wrong gene-slammer.

Rhonda: You can't keep me from driving buses! I even have my license! (shows her license)

Blizzard Man: (freezes license) I don't see any stinking license!

It fell to the ground and shattered into a million pieces.

Me: Consider your license forever revoked.

Nico: Yeah you don't deserve one after causing so much damage.

Laney Penn: You are nothing but a Raging Road Murderer!

Corey: And a bad sport!

Lynn: You're just a worthless sore loser!

Lori: You literally disgust me!

Lola: Yeah!

Rita: After seeing what you have done we're not letting some of the kids take the bus again.

Rhonda: You still can't stop me from boarding another bus!

Seadramon: (smirks) Oh, by all means, go ahead and board another bus. See what happens.

She went to go find another bus, but then she hit the barrier we put up and got electrocuted by it.

Nico: You aren't going anywhere except the stony lonesome Rhonda.

Corey: Yeah! You are a danger to everyone on the road!

Laney Penn: And all over the city and the public.

Mina: Yeah you have no love for anyone!

Christina Arceus: Before we put this bitch in her place, I'm gonna revert back.

Fuse Man: No one peek at Christina's boobs!

I put on my blind man glasses and the boys covered her eyes and she reverted back and was naked.

I gave her some new clothes.

Christina: Thanks J.D.

Me: You're welcome.

She put the clothes on and we were ready to face her.

Me: It's Buttkicking Time!

Nico: Rhonda you have failed this universe!

BlackWarGreymon: (to Todd and Riley) Looks like you two get to have some training after all.

Riley Daring: Awesome!

Todd Daring: YEAH! This is gonna be awesome!

Nico: Go get her!

Riley and Todd then teleported and kicked Rhonda in her face and smashed her nose in. Then she went at the two and they did amazing moves like how Goten and Trunks did when they thrashed Bio-Broly! They punched her in her face all over and punched her in the stomach and Rhonda belched up a huge amount of blood.

Me: Wow! They sure learn fast!

BlackWarGreymon: They sure do.

Nico: Nice moves!

Manaphy: First, to help Riley and Todd, let me and Horsea do our new move!

Horsea: Yeah!

Me: I have a feeling I know what's coming.

They got into position and did the Fusion Dance.

Manaphy and Horsea: FUUUU SION HA!

They danced and touched and then in a massive and blinding flash of light they were enveloped in a dome of water and light and then when the dome faded, Manaphy and Horsea were fused into one! It looked like a Seadra but with Manaphy's antennae and arms and Horsea's mouth and tail. She was now MANASEA!

Me: WHOA!

Nico: WHOA IS RIGHT! Wow!

Manasea: (Manaphy & Horsea's voices in unison) We're Manasea. This is gonna be so fun.

Me: Wow!

Eli: So awesome! I wonder what me and bro would look like fused.

Me: We'll have to try that out later.

Krusty, Selma & Patty, Cantwell, Wiggum, Springfield Bullies, Springfield Mafia, Comic Book Guy, Rich Texan, Skinner and Snake Jailbird then appeared.

Krusty: HEY HEY KIDDIES! (Goofy Laughter)

Nico: Krusty, Selma & Patty, Cantwell, Wiggum, Springfield Bullies, Springfield Mafia, Comic Book Guy, Rich Texan, Skinner and Snake Jailbird.

Krusty: Those two learn pretty quickly, don't they?

Patty: They sure do.

Cantwell: I thought Rhonda would never stop driving insanely.

Wiggum: She's gonna get a million speeding tickets before she goes to jail.

Jimbo: Just hope she didn't run anyone over.

Me: Actually she DID ran a LOT of people over. Look at this.

I showed everyone her RAP sheet and it wasn't pretty.

Wiggum: Whoa man! Looks like she's gonna rot in the slammer for a long time. Bread and water, ice cold showers, guards whomping your ass around the clock. The only way out is suicide. (Makes throat slash gesture) (Season 8 Episode 7)

Me: That would be nice.

Wiggum: But that line Eli said was great. Sorry I blew our cover like that.

Me: No worries chief. Eli learned some good names for dastardly criminals.

Eli: Yeah I sure did.

Wiggum: Little guy learned some things from me. Cool.

A roar was heard and out came THE MAN-CRAB!

Shaggy: ZOINKS! It's the Man-Crab!

Qin: Not this Crabby Guy again.

Both Luan's laughed.

Luan: (Laughs) Good one Qin.

Ice Luan: That was funny!

Twilight Sparkle: What was he known for?

Qin: He was really Bud Shelton, he wanted to ruin a volleyball tournament made by Peter Trickell for taking credit for an invention that Buddy made.

Sunset Shimmer: That's bad!

Me: Yep and he got 35 years in prison for his crimes.

Fluttershy: Goodness. What was the invention.

Qin: Uh I forget that part. But whatever it was it was a good one.

Nico: Yeah.

Then Loyax came out.

Me: Loyax.

Loyax: I've finally decided who my archenemy will be.

Nico: Who did you pick?

Loyax: Sailor Ceres.

Sailor Ceres: Wow! I'm so honored.

Me: Way to go! Lets get it on.

Nico: Yeah lets do it!

Luster Dawn: Yeah she is really gifted.

Star Swirl: I think she is truly amazing and she would make really amazing use of magic too.

Spyro: I think so too. She is really talented in everything she does.

Crystal Laney: You got that right. She shines as bright as a diamond.

Thunder Sparkle: She sure does.

Krusty: You aren't kidding about that. Lets do it!

He threw pies and they dodged them and fired waves of explosions and explosives and magic and crystals and lightning and smashed him down.

Jackie: ALL RIGHT!

Twilight Sparkle: That was great!

Selma: (to Mandee) I think Cerita would get along with Mr. Centipede.

Mandee: Along with every bug we know. She is amazing.

Sunset Shimmer: You got that right. She has amazing talent in a lot of things.

Gusty: Yeah she sure does.

Sunburn: She knows so much about Japanese Culture and loves treasure hunts like Nicole does.

Phoenix Shimmer: And I have a huge respect for her too. She has great skill and talent too.

Fire Lori: She is literally amazing.

Patti: Boy no kidding. Lets do it!

They fired smoke blasts and the group jumped into the air and fired blasts of fire at the twins and smashed them down.

Cantwell: (to Lisa) Manaphy and Horsea just became a lot cuter when they merged!

Lisa Simpson: They sure did. I think they look amazing like this. All our mascots are amazing when they merge like this.

Rainbow Dash: They sure do. It's awesome!

Scootaloo: It sure is. You think me and one of the crusaders can do that?

Magma Gloom: It's highly possible and it is really cool.

Flash Magnus: But that will be so cool to fuse like that.

Whirlwind: Yeah and Goku taught Goku and Trunks that technique.

Storm Rainbow: That is so awesome!

Air Lincoln: Yeah it sure is!

Cantwell: You said it! Lets do it!

She fired Buddha energy blasts and they dodged them and fired waves of rainbow chakra energy and wind and lightning and smashed her down.

---

Battle 4: Homer, Bart, Applejack, Apple Bloom, Frozen Fright, Rockhoof, Earth Skylanders, Thunderbird Apple, Stone Luna, Notacon and Dash VS Wiggum

---

Wiggum was next.

Wiggum: (to Homer) Well, if Poromon and Poliwag were able to merge, it's only fair if their girlfriends do the same.

Homer: Yeah that is fair. But it's amazing that they can do that. If they can fuse any of us can fuse.

Bart: Yeah that is awesome!

Applejack: Yeah it is. It sure is amazing that they can fuse like that.

Apple Bloom: It sure is.

Frozen Fright: You bet it is. I think me and my brothers should try to learn how to do that for a more amazing challenge.

Rockhoof: (Scottish Accent) Aye. It would be amazing for the Mighty Helm too.

Flashwing: It sure would.

Thunderbird Apple: I think so too. It would be amazing.

Stone Luna: It would be rockin dudes.

Wiggum: You got that right! Lets do it!

Wiggum rolled at them like a rolling bowling ball and they jumped and dodged him and fired waves of earth, donuts, pies, apples and lightning and smashed him down.

Bart: This is Awesome!

Applejack: YEEHAW! That was great!

---

---

The Springfield Bullies were next.

Dolph: (to Sam) Can't believe the Gunderson's would go on a rampage all because J.D. beat them in that wrestling match.

Kearney: Talk about making a mountain out of a molehill.

Sam S.L.: What does that mean?

Kearney: It's some kind of saying I learned on the internet. It means taking things to far when you are overreacting.

Rarity: That is an interesting saying.

Sweetie Belle: I never knew about that saying. That is a good way to describe it though.

Thunder Terror: Yeah what Gunderson's did was taking things WAY too far.

Mistmane: And much of the city was burned and destroyed because of them. What a bunch of scumbags.

Gill Grunt: Yeah they needed to be destroyed.

Emerald Shine: And they got the chair for their crimes.

Liquid Leni: They totes deserved it.

Jimbo: You are not kidding about that. Lets do it!

They cracked their knuckles and went at them and they jumped and fired waves of energy, fire, jewels and lightning and water and smashed them down.

---

The Springfield Mafia was next.

Fat Tony: (to Sora) I'm glad the Gunderson's are locked up now.

Legs: Although they probably wouldn't have gone on that rampage if they had been locked up immediately.

Sora T.: Yeah they needed to be stopped and locked up forever.

Birdramon: They deserve to be executed for their crimes too. They terrorized all of Hazeltucky for a long time.

Pinkie Pie: Yeah what they did was REALLY horrible!

Somnambula: (Egyptian Accent) Yeah it was really awful.

Sprocket: What they did was absolutely despicable and horrible.

Steel Lynn: What a bunch of fiends!

Little Cheese: Yeah they deserved to be destroyed!

Louie: You ain't kidding on that.

Fat Tony: Shall we dance?

Sora: Lets.

Legs: Get in my way and I'll whack you in the lobanza.

Sora: Get in my way and I'll kick you in the fucking balls!

The Springfield Mafia pulled out their guns and they fired and dodged the bullets.

Birdramon: (Echoing) METEOR WING!

---

Battle 7: Whitney, Fluttershy, Mirage Daffodil, Mage Meadowbrook, Life Skylanders, Plant Lola, Wood Man and Plant Man VS Comic Book Guy

---

Comic Book Guy was next.

Comic Book Guy: (to Whitney) Speed Buggy is mostly similar to the Batmobile. (sighs) If only the Batmobile was sentient like Speed Buggy is.

Whitney: That would have been really amazing to see.

Fluttershy: Yeah it sure would have been neat. But Mr. Daring's car is in every way like the car from Knight Rider.

Mirage Daffodil: That is really amazing. And Knight Rider's car was sentient too.

Mage Meadowbrook: Yeah I think that is really amazing. But Speed Buggy is a cartoon from J.D.'s past.

Stealth Elf: Yeah and he is so cool.

Plant Lola: Yeah he sure is. He and his friends know Scooby Doo and the gang as well as Johnny Bravo.

Comic Book Guy: That is an amazing coincidence. Lets do it!

He turned into his Fire Sumo Wrestler Form and threw fireballs at them and they dodged them and then he rolled fast and left a trail of fire and they dodged him and fired waves of flowers, leaves, and trees and smashed him down.

Whitney: That was awesome!

Fluttershy: That was fun.

Battle 8: Becky, Starlight Glimmer, Cozy Glow, Clover the Clever, Undead Skylanders, Starburst Aurora, Dirt Lana, Frightwig and Bleez VS Rich Texan

Rich Texan: (to Becky) Did J.D. really meet Speed Buggy this morning?

Becky: He sure did and it was amazing meeting him and his team.

Starlight Glimmer: Yeah he and Christina took down one of Speed Buggy's enemies this morning. It was so cool.

Cozy Glow: Christina wanted to see what her powers are like as a human before trying out her powers as Arceus.

Clover the Clover: That makes sense. See if you still have your powers in human form.

Hex: And she does. That is amazing.

Starburst Aurora: Yeah that is amazing. She has all the powers of the Pokemon.

Dirt Lana: She really IS the most powerful Gene-Slammer ever known.

Rich Texan: You ain't kidding about that. Lets do it!

Rich Texan fired bullets and Becky formed a shield of thorns and they fired waves of leaves, magic, bones, energy, dirt and hair balls and smashed him down.

Becky: That was great!

Starlight Glimmer: Yeah it was!

Spotlight: And Marge went insane because of her.

Light Lily: Wha?

Light Lily: Oh.

Skinner: That is something huh? I didn't know Lily was this cute as a baby.

Tundra Man: Yeah she sure is cute huh.

Snowdrop: All she cares about is making other peoples lives miserable including her own brother.

Gari: Yeah what a fiend. She needs to be behind bars forever.

Blackout: I don't know what her parents were thinking when they saw her. She is a psychopathic monster like Icky Vicky.

Topaz Flare: Well maybe not THAT bad.

Shadow Lucy: Her darkness is bad.

Snake: You're not kidding dude. Lets do it!

Snake had his robot weapon suit on and fired lasers and missiles and they dodged them and fired waves of lightning and darkness and jewels and smashed him down.

They teleported and opened the safe and in it were 4 swords and lots of bracelets.

Nico: Wow! Look at these swords.

Laney: And these bracelets are amazing.

Loyax: The swords are called Hero's Valor, The Sword of The

Dragon, The Blade of the Dark Dragon and the Sword of The Black Wind. And the Bracelets are called the Bracelets of the Champions of the Universe.

The Hero's Valor Sword - it's a 6'0" massive double-edged blade with Yomi The Ten-Tailed Wolf etched onto the blade, symbolizing that he's Yomi's Jinchuriki, a large blue gem with six angel wings for the pommel, and inside the gem is the eye that's usually seen on The Millennium Items, symbolizing that Eli's the son of Pharaoh Atem, a long black handle, and a large gold sphere pommel with blue gems around the sphere pommel and whoever wields it will gain a massive power and energy increase, but that person has to be a true hero with a mark of valor.

Sword of the Dragon - a 6'0" massive, double-edged sword with a Chinese dragon etched onto the blade, a large crimson red gem and crimson red angel wings for the crossguard, a long black handle, and a large crimson red sphere pommel with green gems around the sphere pommel and whoever wields this blade will gain a massive power and energy increase, but this wielder has to be a master of the martial arts, and uses his martial arts skills in fighting bad guys.

The Blade of The Dark Dragon - a 6'0" massive, double-edged sword with a black dragon etched on the blade, since Hiei uses The Dragon of The Darkness Flame, a black gem with the Jagan Eye and black angel wings for the crossguard, a long black handle, and a large silver sphere pommel with black gems around it. Whoever wields this bad boy will gain a massive power and energy increase, but that wielder has to have been the one who mastered the dark technique, The Dragon of The Darkness Flame.

The Sword of The Black Wind - a 6'0" massive, double-edged sword with his symbol etched on the black blade, a red gem with black angel wings for the crossguard, a long black handle, and a large black sphere pommel with red gems around the pommel amd Whoever wields this blade will get a massive power and energy increase, but that wielder has to be someone who'd fought for the greater good.

The Bracelets of the Champions of the Universe - a pair of golden cuff bracelets with the symbols of our elemental powers and gems that are in our favorite colors and whoever wears these babies will gain a massive power and energy increase, but these can only be worn by those who were chosen by the Gods to be their champions, and who also fighting to save the Earth and the universe from evil's grasp. Plus, there's also a powerful ability the bracelets have, the bracelets, once worn, will dramatically increase the wearer's muscle strength, and that's not for females, but for males, not only will their muscle strength dramatically increase, but it'll also increase their muscle mass, giving them the powerful muscular body of a god, and for both wielders, it will give them superhuman physical and mental abilities, and enhance their elemental powers 5000-fold.

Nico: WHOA! These are amazing!

Laney took her bracelets and so did Lisa and she then got the surprise of her life when she saw that her glasses were blurry and her eyes were fixed and normal and she can see perfectly clearly! Me, Eli and Anakin had our lightsabers pointed at Rhonda's head.

Me: Don't even move a muscle or our lightsabers will skewer you like shishkabab.

Nico: Your joyride's over punk!

Chief Wiggum: Cuff her boys.

Louie and Eddie cuffed.

Chief Wiggum: Rhonda, you're under arrest for multiple charges of assault and battery, Road Rage, Destruction of Public Property, mayhem, disorderly conduct and other crimes that I know nothing about.

Me: Get her outta here.

Rhonda was loaded into a Canadian car and she looked at me, Nico and Eli with red eyes full of rage and burning hatred and we flipped the bird at her.

Louie: Are you glad you reunited with Corey, Courtney?

Courtney: I sure am!

Comic Book Guy: Good. And I'm glad that this town can start changing for the better with the mayor gone. He simply was the wosrt. Mayor. Ever

Rich Texan: Damn right he was!

Skinner: Don't forget that Rhonda's locked up now.

Snake: (to Corey) I know we took down Trina before. But Rhonda is the first enemy that we helped you guys defeat.

Corey: Yeah it sure is. But this would technically make Rhonda the second enemy.

Me: Yeah Trina was a major one.

Nico: That is true.

Eli: But one thing is for sure. We dealt with 2 BIG enemies today.

Ets: Boy we sure did. We defeated the Gunderson's, J.D. killed Dr. Kluge and his men and now we threw Rhonda the Terror of School Buses in prison for life.

Nunnally: We sure did.

Eli: Good riddance.

Laney Penn: Yeah you said it!

Sam S.L.: Yep.

Nico: It was a really busy day for all of us. And you all did a great job.

Laney: Yeah it sure was. Thanks Nico.

Nico: Lets go home guys. Lets go home.

Wheeljack: (To the viewers) Hope this was all a REALLY rocking adventure for you all and we know it sure is for all of us. We've now seen the last of Rhonda the Terror. Remember this. Always obey the rules of the road or there will be terrible trouble and more with the law.

Nico: You got that right.

We went back home and Grojband was now with us and we had dinner and went to bed. The Mayor of Peaceville was removed from his office by the enraged citizens and he decided to quit politics and go work in a coffee shop. The Gunderson family was sentenced to spend eternity in prison in solitary confinement. Rhonda was brought to trial in Canada and she was found guilty of her crimes and was sentenced to Life in prison without possibility of parole for 100 years and she was declared a dangerous offender and was never gonna be released from prison and she was also ordered to take Anger Management classes and extreme psychological therapy. All in all, it was a great adventure for us.

THE END

Another adventure done.

Grojband is one of my favorite shows from Canada. I thought it was all so cool how Corey and his friends formed their own awesome band and the songs they sang are awesome and well made even if they are made in Trina's diary. But that little pink-haired monster got what she deserved for her explosive temper and so did Rhonda. They both need to stay in prison for us to be safe. The Opening scene for this is based on the great show Speed Buggy, another great cartoon from my past and it was awesome! The battle with the Gunderson Family was made up and credit goes to 05jstone for the ideas for the Gunderson family. Thanks man. Also credit goes to NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Drako1234658, Etstheclarencefan, Nflemingful, vinjedi1995, Darkhai and ninjakingofhearts all gave me the ideas for this. Thanks guys. The next girl is gonna be Suu the Slime and she is gonna be in a cave and she is gonna be in the middle of a lake of black lava on a rock island in the middle of Ol Doinyo Lengai Volcano and a Galaran Moltres Gene-Slammer will be with Suu. Also the next chapter will be about an awesome video game called Tales of Symphonia. Never played the game myself but I heard it's supposed to be good. And we're gonna go after Mithos Yggdrasil and we're going to make that evil fallen angel pay for his crimes. He will pay BIG TIME!

See you all tomorrow.

# The World of the Eternity Sword

In southeastern Africa, me Kayla and Sydney were flying and we were over Tanzania. Kayla was with us because she knew something was calling her.

Sydney: Kayla, is there any reason why you volunteered to go on this rescue as well? You already had your turn.

Sydney concentrated and groaned as her skin felt itchy.

Kayla Schmidt: I know but I just have this feeling like someone is calling out to me. Like someone I know.

Sydney then turned into Quarry!

Quarry: Well it's about time I got called out. But it's always good to go with your feelings.

Me: And the next girl is coming from here.

We saw that we were in front of Ol Doinyo Lengai Volcano in Tanzania.

Me: Ol Doinyo Lengai Volcano.

Kayla Schmidt: Wow!

Me: We were here on our worldwide adventure and it was one of the most unusual volcanoes we've ever seen.

We went to the top of the volcano and it was amazing as we remember.

Quarry: So this is Lengai volcano. It's amazing.

Me: You haven't seen anything yet.

I then saw a tunnel and we saw that it was really a cave that lead into the volcano.

We went down into a dark cave and it was flowing with Carbonatite Lava and it was really hot and it was intense.

Me: Man is it hot in here.

Kayla Schmidt: No kidding. Wow.

Quarry: It sure is amazing though.

We then got into the Magma Chamber, the heart of Lengai. It was a giant cave full of black carbonitite Lava and it was silver glowing lava instead of incandescent red. The lava was more viscous and bubbling extremely violently all over.

Me: WHOA! This must be the heart of Lengai.

Kayla Schmidt: I was expecting glowing red hot lava. Not like this.

Me: That's what I thought too.

We then heard a screech and we saw a Galarian Moltres!

Me: Whoa! A Galarian Moltres.

Quarry: What's one doing down here?

Kayla Schmidt: No idea but that's not all that's down here. Look on that island.

We looked and on an island in the middle of the black lava lake we saw a Slime.

Me: That girl is a Slime.

Quarry: She's not like Jelli. Must be a kind of breed.

Me: Yeah.

We flew over and the Slime came over to me.

Suu: Thank goodness you all came.

Me: Glad we did.

Suu: Wow! you're J.D. Knudson, leader of Team Loud Phoenix Storm!

Me: That's right.

Suu: My name is Suu.

Me: Pleasure to meet you Suu. Miia told us a lot about you.

Suu: Wow! That's awesome that Miia is with you.

Quarry: It sure is. My name is Quarry. But I'm also known as Sydney Burlington.

Kayla Schmidt: And I'm Kayla Schmidt, the Moltres Gene-Slammer.

Suu: Pleasure to meet you.

The Galarian Moltres came and landed.

Galarian Moltres: Thank goodness you came Kayla.

Kayla Schmidt: Wait a second. I know that voice. Hayley is that you?

Hayley Schmidt: Yes Kayla it's me.

Me: You know her Kayla?

Kayla Schmidt: Yes and she is my little sister.

We gasped.

Hayley: I was one of the unfortunate ones. I was kidnapped by the Team Rocket Scientists and they turned me into this. I was in the library when this happened.

Me: Oh man. I can change you back and give you the power to change at will.

Hayley: I would like that.

Me: Okay.

I put on my blind man glasses.

Me: Here we go.

I snapped my fingers and Hayley was in pain and she reverted back. Hayley had black hair with purple and magenta flame highlights in it and her eyes were purple now. She was naked now too. Sydney reverted back and she too was naked.

Sydney was human again. But naked.

Sydney: (covers herself) See, Hayley? Now we're both naked.

Hayley: You are not kidding Sydney!

Kayla gave them both blankets and covered them.

Suu: Lets get out of here first.

Me: Right. I don't want you girls to get burned down here.

We left the magma chamber and went back through the cave and outside.

Me: WHEW! That was a close one.

Kayla Schmidt: Yeah that was intense. But Hayley.

Hayley: Oh sis!

They hugged for the first time in a while.

Kayla Schmidt: It looks like we're both Moltres now.

Hayley: We sure are.

I gave Sydney and Hailey new clothes.

Sydney: Thanks J.D.

Hayley: Yeah.

Suu: Man that was amazing.

Me: It sure was. Lets head home.

We went back to the world tree estate.

---

Back at the World Tree Estate, everyone was watching TV and reading books.

We came in and Kayla and Hayley went to Kayla's room to catch up and Sydney went to her room to change into new clothes.

Suu: Wow! So this is where you all live.

Me: Yep and it's amazing.

Miia: Suu!

Suu: Miia!

They hugged.

Miia: Wow! The gang is all back together.

Rachnera: It sure is. Great to have you back Suu.

Cerea: Yeah we missed you.

Suu: I missed you girls too and it's awesome being here.

Papi: It's awesome having you with us too.

Me: It sure is.

Nico: Oh I have something to show you all.

Piccolo: Let me guess. Another Robot Chicken video.

Nico: No. This one is different. And destructive.

Eli: What is it?

Nico: We're going to watch an Angry Grandpa video.

We had our hands on our chests and some of us even had our hats off in respect for him.

Me: May he rest in peace.

Lana: Angry Grandpa was awesome.

Laney: He was. Even though I don't watch TV anyway.

Crystal Laney: Me neither.

Nico played the video and we saw Angry Grandpa starting up his mower and he farts and then goes and gets gas and all that and he is always mad. He refilled his lawnmower with gas and started it up.

Girl Jordan: Okay. So, he's mad. Don't see why this is funny to- (keeps watching) Wait. What's he doing to his lawnmower?!

We saw him trash the whole thing and he was MONDO PISSED!

We were laughing hysterically and even rolling on the floor from laughing so hard!

Krusty, Selma & Patty, Cantwell, Wiggum, Springfield Bullies, Springfield Mafia, Comic Book Guy, Rich Texan, Skinner and Snake Jailbird were watching the video with us.

Eddy: (LAUGHING HYSTERICALLY) HAHAHAHAHAHAHAHA! I CAN'T STOP! HAHAHAHA! CALL A DOCTOR DOUBLE D! HAHAHAHAHA!

Eli was laughing hard.

Krusty: (Laughing) That is so funny!

Wiggum: Yeah they are!

They were laughing too.

Brawl: Damn! Are all of these videos destructive and funny?

Nico: You had better believe they are! I watched them all the time before I joined you guys and they made me laugh so hard I practically crapped my pants. But when he died I showed my respect to him by showing up at his grave and giving him flowers and splattered a pie in my face for him.

Me: Wow! Big respect for him.

Nico: Yeah he was funny.

Tatsumaki: Boy he sure was.

Éclair: He will always be remembered in the hearts of YouTubers everywhere.

Lincoln: You got that right.

Suu: That is amazing.

Eli: And these videos split our sides every time.

Laney: I can tell.

Prowl: (to Laney) Laney, I know you don't usually watch TV. But technically, Angry Grandpa was a Youtube star.

Laney: I know but I never needed TV or computers to have fun. I just like my books.

Me: Laney has her own tastes Prowl and she likes reading books. I've always known about that since I moved here.

Prowl: I see. That's okay then.

Suu: That's okay then.

Later, Nicole was playing video games and I was reading the newspaper.

Miranda: By the way J.D., it's your turn to lead today.

Me: Yeah I know. And I haven't found the mission yet.

I was watching Nicole play a game on TV. Nicole was playing a video game that I never played before. It was called Tales of

Symphonia and it was really interesting and it had an amazing story behind it.

---

The game begins in the world of Sylvarant, a land that is dying due to a steady loss of mana, an energy source that is needed both for magic and to support life itself. As crops begin to wither and hardship sets in, the people turn their hopes to the Chosen, a servant and messiah of the Goddess Martel, who can reverse the ills of the world by completing the Journey of World Regeneration. In order to regenerate the world, the Chosen must travel from continent to continent, awakening the Summon Spirits that sleep at ancient shrines known as "seals." With every seal released, the Chosen comes closer and closer to becoming an angel. Once the Chosen fully transforms into an angel, the world will be regenerated.

As the game progresses, many revelations are made about the World Regeneration journey. One of the earliest revelations is that becoming an angel forces the Chosen to gradually give up aspects that make him or her human. With the release of the first seal, the Chosen loses the need to eat; with the second, the ability to sleep; with the third, the ability to feel physical sensations; and after releasing the fourth seal, the Chosen can no longer speak. The fifth and final seal requires the Chosen to give up his or her heart, memory, and life. When this process has been completed, the Chosen's body will become one with the goddess Martel.

The party also learns of a second world known as Tethe'alla, which lies parallel to Sylvarant. Replenishing Sylvarant's supply of mana reverses the flow of mana, thereby draining it from Tethe'alla. The reverse also holds true. As the worlds of Sylvarant and Tethe'alla must compete for a limited amount of mana to survive, whenever one of these two worlds is regenerated, the other falls into decline. The party succeeds in releasing all of the seals, and Colette becomes Martel's vessel. However, they learn that the angels they serve have been using them. The party is betrayed by one of its own members, Kratos Aurion, who is then revealed to be a high-ranking member of Cruxis sent to ensure that Colette finished her journey. The remaining party then goes to Tethe'alla to find answers, where their goal ultimately changes to saving the two worlds.

In order to do this, they decide that they must sever the ties between Sylvarant and Tethe'alla to separate the worlds, thus ending the competition for mana. To this end, the party begins making pacts with all of the Summon Spirits of both worlds, but this causes a giant tree to rampage and destroy many things in Sylvarant, including the city of Palmacosta. After they manage to stop the tree, the party searches for a way to fuse the two worlds into one. Ultimately, this means destroying Yggdrasill and making a pact with the Summon Spirit Origin in order to wield the Eternal Sword.

In the end, the party fuses both worlds into one, but a new problem surfaces: the ancient World Tree cannot exist without the Great Seed. In the end, Lloyd and Colette revive the ancient tree of ever-flowing mana and with the aid of the Eternal Sword, merge the two worlds into one. A spirit calling itself Mana, who is the goddess Martel and the spirits of all the people whose lives were lost as a result of the world's severance, appears before Lloyd and explains the complications of the tree to him. Lloyd swears to protect the tree and names it. He then goes off on a journey to collect the remaining Exspheres with whomever his closest friend is by the end of the game, depending on the player's actions. If his closest friend is female, he eventually enters a romantic relationship with that companion.

---

I watched Nicole play the game perfectly and it then an idea came to my head!

Me: Hey I have an idea!

Nico: Let me guess, we're gonna go to the world of Tales of Symphonia.

Me: Bingo.

Cantwell: That's a great idea!

Krusty: Yeah that is a good idea.

Skinner: Can we go with you guys?

Me: You all sure can and this is gonna be an interesting one. I never played this game before but it is amazing and has a great story behind it.

Eli: It sure does.

Rich Texan: Who's the main hero of the game?

Nicole: His name is Lloyd Irving.

Nicole went over his history.

---

**Lloyd Irving** (ロイド・アーヴィング *Roido Aavingu* ?) is the main protagonist of *Tales of Symphonia*, the fifth major release in the *Tales* series. Once a simple country boy, Lloyd is thrust into the outside world following a raid on his village. The Chosen of Regeneration is one of his closest friends, and after being exiled from his hometown of Iselia, Lloyd joins her on the Journey of Regeneration. Although the young warrior himself plays no part in the prophecy, he is still a strong optimist and a fair leader.

World Regeneration

At the beginning of the story, Lloyd is asleep during class, but is is abruptly awakened by Raine Sage, his professor and friend. Not long afterward, a bright light emanating from a nearby Chapel shines through the classroom window, indicating that the Oracle has arrived. Raine goes to check the Chapel and instructs the rest of the class, including the Chosen herself, to stay behind and study. Lloyd heads for the Chapel anyway, along with his best friends Colette Brunel and Genis Sage, as they are curious to see what happens when Colette receives the Oracle. Upon their arrival, they encounter a group of Renegades attacking the temple.

The party mistakes them for Desians due to their almost identical appearance, although the Renegades simply brush their accusations off without directly refuting them. Lloyd, Genis, and Colette defeat the Renegades with the help of a mysterious mercenary named Kratos Aurion, who is initially unaware that Lloyd is his son. As such, he tells Lloyd and Genis to go home, believing that they would only get in the way, but the duo nevertheless insist on tagging along. The four proceed to enter the Temple, battling monsters along the way before reaching the top floor, where the Oracle of Cruxis is successfully delivered. The angel Remiel places a Cruxis Crystal on Colette, and the group returns to the village. Knowing that Lloyd's home lies on the other side of the Iselia Forest, Genis asks if he can accompany Lloyd halfway, as he wants to "visit a friend". Lloyd agrees, and the two set out together.

As they pass the Iselia Human Ranch, Genis tells Lloyd that this is his destination. Lloyd protests and tries to stop Genis, who mentions that the Desians already violated their non-aggression treaty with the village after they attacked the Temple. Lloyd reluctantly agrees, and the two visit the ranch. Once there, Genis quickly finds Marble and proceeds to tell her about the Oracle that was conveyed earlier that day. During their conversation, Lloyd notices that Marble has an Exsphere, but that it is also lacking a Key Crest, which is dangerous. He is coerced by Genis into asking his dwarven father Dirk to make one for Marble, to which he reluctantly agrees.

Eventually, the Desian guards notice that Marble has wandered off. Realizing that the boys might be spotted, Marble tells them to flee. Unwilling to allow Marble be punished, Genis and Lloyd climb to the top of a nearby cliff, where they watch the guards beat her. Genis attacks them with his magic, with Lloyd serving as a distraction. As the guards pursue them, Genis trips, and Lloyd is forced to kill the guards in order to save his friend before jumping off a nearby cliff. Unbeknownst to Lloyd and Genis, however, the owner of Iselia ranch, Forcystus, witnesses Lloyd's actions and quickly surmises that he is in possession of an Exsphere before making preparations to invade Iselia the next day. As they escape from the Desians, Genis run back to Iselia, while Lloyd passes through the forest with Noishe and returns home.

When Lloyd asks Dirk to make him a Key Crest, he angrily refuses, stating that Lloyd should not have gone to the ranch. Dirk also reveals that Lloyd's Exsphere once belonged to his mother, and that the Desians killed her in an attempt to retrieve it. Angered by this revelation, Lloyd vows to kill all of the Desians and avenge his mother's death, causing Dirk to attempt to hit Lloyd, who then runs outside. Much to Lloyd's surprise, all of his friends were standing outside, waiting for him. Kratos finds Anna Irving's gravestone at Lloyd's house and immediately realizes that Lloyd is his son, although he keeps this knowledge to himself. Eventually, Lloyd has a private conversation with Colette on his balcony to express his intentions of accompanying her on her journey. In response, Colette deliberately lies about the time of her expected departure out of fear that the journey would be too dangerous for Lloyd. When the conversation is over, Lloyd heads inside and goes to sleep.

The next morning, Lloyd goes outside to speak with Dirk who, citing the first Dwarven vow, gives him the key crest he asked for along with some materials that he would need for his journey. Dirk tells Lloyd that even though he is not his biological father, he still considers Lloyd his son, and that he would always have a home there. Not long afterward, Genis shows up to inform him that Colette and the others had already left. They head back to the village together to speak with Frank and Phaidra, who hand them a letter in which Colette apologizes to Lloyd for lying about their time of departure, thanks him for the many years of friendship, and asks him to live happily in the regenerated world. Lloyd is alarmed by her message, believing that it sounds like a will, to which Frank responds "yes, you could call it that", but before they are allowed to elaborate any further, an explosion is heard outside. Lloyd and Genis leave Colette's house only to find the rest of Iselia in flames.

They soon discover that the Desians are attacking the village in retaliation for Genis and Lloyd's actions the day before at the ranch. They head to the village square to confront Forcystus, whose suspicions about Lloyd are soon proven correct: he does indeed possess an Exsphere, and that it is the Angelus Project sample they had been searching for. Forcystus orders Lloyd to hand it over, but he angrily refuses. Lloyd and Genis are then forced to fight and kill a hideous monster, only to learn that this monster is actually a mutated Marble, whose transformation is the result of her key-crestless Exsphere being removed. The Desians then exit, but not before telling Lloyd that insofar as he possesses that Exsphere, they will continue to hunt him down. After the Desians leave, the mayor of the devastated village, along with the rest of its population, decides to exile Lloyd for provoking the attack. However, Genis insists that he is primarily to blame for the attack and that Lloyd did not do anything wrong.

The mayor then decides to banish both Lloyd and Genis from Iselia. Phaidra and Frank urge the pair to catch up with Colette, believing that the rest of Iselia may change their minds about them if the Chosen's journey is successful. Genis also begins wearing Marble's Exsphere in memory of her, using the key crest that Lloyd had intended to give to Marble. He uses it to augment his magical abilities so that he can fight on par with the rest of the group. Leaving Iselia, they soon reach the desert town of Triet. There are wanted posters of Lloyd all over town, and he is soon discovered by a few Desian guards, although he quickly defeats them. Shortly afterward, the Renegades catch Lloyd off guard and capture him, along with Genis. However, the Renegades decide to let Genis go, deeming him useless.

Lloyd is imprisoned in the Renegade's Sylvarant Base, and escapes using the Sorcerer's Ring. Making his way through the base, he eventually encounters Yuan Ka-Fai. Lloyd and Yuan exchange insults before the latter charges up a spell in an attempt to kill him, but steps down when he sees Lloyd's Exsphere. Recognizing him, he observes that he can "see the resemblance". Shortly afterward, Botta arrives to inform him that the Chosen and her group have infiltrated the base. Realizing that his plans would be ruined if Kratos saw him, he quickly makes his exit and orders Botta to take care of the intruders. After Botta is defeated, the group then makes their way back to Triet where Lloyd repairs a damaged key crest for Raine, allowing her to equip the Exsphere she had found some time ago. The next day, the party heads for the Triet Ruins, where the Fire Seal awaits. As the reach their destination, they battle the guardian of the Fire Seal and release it. Afterward, Remiel appears and gives Colette her wings, along with the Angel Skill Angel Feathers, before instructing them to head for the seal in the East.

The next day, the group heads for the Ossa Trail, where they encounter a mysterious assassin who is trying to kill Colette. As she charges at them, Colette falls and accidentally hits a switch, causing the assassin to plummet through a trap door. As the group makes it to the other end of the trail, they encounter her again and engage in battle. The assassin is defeated and makes her escape, vowing to return. The party soon reaches the small fishing port of Izoold, where they are told that Aifread, a somewhat famous captain, returned to his hometown Luin shortly before they arrived. They then meet a woman name Lyla, who appears to be in a relationship with Aifread and is impatiently waiting for his return. When Lloyd and Genis inform Lyla of Aifread's whereabouts, she runs over to a man named Max and demands that he find Aifread and give him her letter. Max initially refuses, both because of the monsters at sea and also because he has feelings for Lyla and does not want to act as a go-between for his rival in love, but she eventually convinces him to do it after asking Lloyd's group to deliver her letter for him. Max takes them to Palmacosta, where Colette accidentally bumps into some other travelers, breaking a Palma Potion the travelers had been carrying.

Before Lloyd and the apparent leader of the other group begin fighting, one of the travelers states that if the group buys them a new Palma Potion, they can forgive them. Colette agrees, taking the blame for breaking the bottle. The group visits a shop called "Marble's", in which a young woman named Chocolat refuses service to a pair of Desians, telling them that the price they want to pay is too low. The Desians threaten to hurt her, but she says that as long as Governor-General Dorr is with them, they will never give in to the Desians. Although one Desian prepares to take action, the other soldier claims that they have already filled their quota for that year, and that they need permission from Magnius to exceed that quota. The two Desians leave, and almost immediately afterward, Chocolat says goodbye to her mother and leaves for her job at the Church of Martel.

After Colette purchases a replacement Palma Potion, she gives it to the travelers, who then leave the city and head for Hakonesia Peak where they hope to sell a priceless book to the old man living there. Lloyd and his friends then head for the city center, where they see a boy talking to Dorr, the Governor-General in Palmacosta. The party learns that the boy's father was taken to the nearby Human Ranch. Dorr, together with his young daughter Kilia, promises him that he will get his father back. Dorr and Kilia then head back to his office.

The party goes to the church to ask the priest if he knows anything about the next seal they must go to in their Journey of Regeneration. He says that the Governor-General has something called the Book of Regeneration, which was written by Spiritua, the last successful Chosen of Sylvarant, when she was on her own journey. With that, they would be able to find the locations of all the seals.

On their way out, they see Chocolat and stop to talk. She apologizes for the scene they saw, and explains that the Desians in Palmacosta had already reached their death quota for that year and, as a result, would not be able to kill anyone else without inciting retaliation from the city's population. She ends the conversation by saying that the Chosen of Regeneration will save them from the Desians. They go to ask the Governor-General if he has the Book of Regeneration. When they are asked why they need it, Genis Sage says that Colette is the Chosen One. In response, Dorr and his assistant Neil order the guards to attack, accusing them of being imposters. However, Colette trips and accidentally reveals her angel wings, thereby convincing Dorr that she is the real Chosen. Dorr orders his guards to stand down, and apologizes by explaining that a group of people had arrived just a few moments earlier and claimed that they were the Chosen's group. Dorr had heard that the Chosen was heading for Palmacosta and assumed that the impostors were real, and gave them the Book of Regeneration. Lloyd instantly realizes that the four travelers they had encountered earlier were the imposters, and the party sets out for Hakonesia Peak in the hopes of confronting them over their actions.

When the party arrives at Hakonesia peak, they ask Koton for the Book of Regeneration. The old man refuses, however, unless they are able to pay him an exorbitant sum of money. Lloyd and Genis loudly object, but the sexist and verbally abusive Koton does not budge. Nevertheless, he takes an instant liking to the females in the group, telling them that if they can get him the Spiritua statue from a nearby House of Salvation, he will let them read it. After the party leaves, they discover from a group of people that the Desians, along with their leader Magnius, are heading for Palmacosta. Lloyd Irving and the others decide to go to the city to learn more about what is happening. When the party returns to Palmacosta, they go to the center of the city only to see that Cacao is about to be executed for

Chocolat's opposition against the Desians. As Magnius enters the scene, he gleefully breaks the neck of a citizen because he failed to address him as "Lord Magnius", killing him. As he is about to execute Cacao, however, a little boy throws two rocks at Magnius, angering him enough to leap off the platform to punish him, but before Magnius can harm the boy, Lloyd strikes him with a Demon Fang.

Raine tries to prevent him from making the situation worse, but Lloyd angrily asks how they can go on a quest to regenerate the world if they cannot even save the people standing right in front of them. One of the higher-ranked Desians recognizes him as one of the wanted criminals: Number 0074, Lloyd Irving. Magnius, seeing his chance, commands a Desian mage to attack, but Genis easily deflects the spell. He then angrily orders Cacao's execution, but before she can suffocate, Colette uses her ring to cut the rope, rescuing her. As Magnius is distracted by the ring, Kratos runs forth and slashes Magnius, telling him to respect the wishes of the Chosen. Upon hearing that Colette is the Chosen of Regeneration, the citizens cheer. Raine understands that she will not get Lloyd and Colette to change their minds, and decides to fight alongside them. As Magnius is too wounded to do anything, he warps back to his ranch, and the remaining Desians attack the group. The Desians are defeated, and Lloyd and the others meet up at Cacao's house, where Cacao and Chocolat thank the group for defeating the Desians.

Sometime later, Chocolat is kidnapped by the Desians and taken to the Palmacosta ranch. Lloyd and his friends immediately head for the ranch where they find Dorr's assistant Neil, who asks them not to interfere. Neil explains that Dorr is working with the Desians to lead the Chosen into a trap, and that they are using Chocolat as bait. The group decides to intervene anyway, and Lloyd will either head back to Palmacosta to interrogate Dorr, or immediately attack the ranch. Irrespective of the order of events, it is soon revealed that Dorr is being blackmailed by the Desians into cooperating with them, demanding an unspecified sum of Gald in exchange for a way to remove the "demon seed" from his wife Clara, but unbeknownst to Dorr, this cure does not exist.

Dorr attempts to justify his actions by stressing the futility of resisting the Desians, as well as his belief that the citizens of Palmacosta are content with his way of doing things. This only manages to anger Lloyd, who calls him a "worthless jerk who could not give up his social status even for his own wife". Not long afterward, Kilia stabs her "father" in the back before revealing that she is actually a servant of Pronyma sent to monitor Magnius's activities, and that Dorr's real daughter is dead. The party fights and defeats "Kilia", who releases Clara from her cell so that she may go on a destructive rampage throughout Sylvarant, before passing away. Dorr soon regains consciousness, and although he is aware that the Kilia who stabbed him was an impostor, he does not know if his real daughter is still alive. Raine tries to heal Dorr, but is unsuccessful. Lloyd takes pity on Dorr and tells him that his real daughter is still alive, and before passing away, Dorr begs the party to save Chocolat and gives them the passcode to the Palmacosta ranch.

## Tales of Symphonia: Dawn of the New World

Lloyd returns in the sequel as a playable character. After he reunited the two worlds with his friends, he began to search for the remaining Exspheres: his goal was to prevent them from creating further victims. Lloyd has been showered with both praise and hatred from the people of the world, some of whom rejoice his actions and some of whom condemn them. The Church of Martel has proclaimed that Lloyd was responsible for the Blood Purge of Palmacosta half a year prior to the beginning of the sequel. Unlike the other *Symphonia* characters, Lloyd does not carry his original strongest weapon from the first game instead he gets a new set of dual swords called "Gagnrad".

### World in Discord

Lloyd is first met at the Tower of Mana's underground cave, after Emil Castagnier helps Richter Abend. While Richter was chasing Marta Lualdi to Lumen's altar, they met up with Lloyd, who defeated Richter. When Emil arrives at the altar, he sees Lloyd fighting Marta. As Lloyd senses Emil's presence, Emil asks Lloyd why he killed his parents and the people in Palmacosta. Lloyd does not answer, and instead mumbles Palmacosta's name. Afterward, Emil challenges him in battle, along with Marta and two monsters. After the battle, the new heroes are knocked out, and Lloyd retrieves Lumen's core.

## Footfalls of Tomorrow

At Iselia, Raine Sage tells Emil and Marta what Lloyd did after the world was restored. It appears that when he came back to Iselia, he heard that a boy named Paul became fatherless after the Desians attacked the village when he and Genis Sage broke the treaty. When he heard this, he began going to Paul's house often when visiting Iselia in order to cheer him up. However, his mood never improved, so one day, Lloyd proposed to Paul's mother, Lilia. He thought that by doing that, he could become a new father figure for Paul. When Lilia found out, she threw a tomato at Lloyd, and short time afterward, they all threw tomatoes at each other, finally bringing up a smile to both Paul and Lilia's faces. After that, Paul became Lloyd's number one fan, and now wants to be just as strong and cool as him.

It is not until the events in the Triet Ruins that Lloyd shows up again. Depending on time used to come to the altar of Ignis, Lloyd may or may not take the core from the party. When there, Genis asks Lloyd if the rumors that he attacked Palmacosta are true. Lloyd does not say anything, but threatens them that if they will not give him the Centurion's core, he will not hesitate to take it by force. Before a fight occurs, however, they hear a monster's roar. Lloyd realizes that it will attack soon, so he turns around to leave. Emil then changes into "Ratatosk Mode", and attacks him. The latter just takes up one of his sword to stop the attack, and after saying that Emil still has much to learn, he hits the boy's head and runs off.

## Light and Darkness

When Emil, Marta, Tenebrae, and Regal Bryant arrive in Flanoir, they are shocked to see that it has been attacked. One man says that Lloyd did it before he dies, something Regal can not believe. While they go around to help the injured people, Lloyd runs out of a house. Regal tries to confront Lloyd about the attack, but again Lloyd ignores one of his closest companions. Emil once again turns into "Ratatosk Mode", but Lloyd blocks his attack again before he leaves. After that, Regal changes from his fine clothes into his old prisoner clothes again to show Lloyd that he will go through the shame once again for his dear friend.

## Truth Behind the Mask

The truth about Lloyd is revealed in the Vanguard's headquarters, where Emil, Marta, Tenebrae, and Zelos Wilder find two Lloyds fighting each other. When they see the group, the fake Lloyd tells them about his trust in them, and how justice will help them. It is revealed that the one who caused the Blood Purge in Palmacosta and attacked Flanoir was in fact Decus, who uses Solum's core's abilities to shapeshift into Lloyd and give him the blame for all the chaos. Upon leaving the headquarters after saving Seles Wilder, Lloyd turns and commands Emil to give him the Centurions' cores they have collected so far. However, after hearing his old friends, Lloyd leaves on his Rheaird.

## Reawakened Memories

Lloyd appears at the Temple of Lightning seeking the Centurion's core there. After seeing the party, he runs to the top of the tower. Based if the player was hit by lightning more than fifteen times Lloyd could up with the core. If not the player gets the core and Lloyd will not appear. If the player is too late and Lloyd gets the core Ratatosk will try to attack Lloyd, but Lloyd will tell him not to and this will cause Emil to get hit by the lightning in the temple, then causes Lloyd to leave while the party faces the boss battle.

## Eternal Bond

It is not until the invasion in Altamira that Lloyd reappears to save Regal from the Vanguard. After the battle against Brute, Alice helps Decus to escape, but Lloyd follows them, though is confronted by Richter. The latter manages to weaken Lloyd and knock out some others in the party by using the power from the demonic realm. However, when Richter tries to kill Marta and Emil, Lloyd fights him again, and since Richter can not use the demon power for long, he is almost defeated by Lloyd before he manages to escape with Alice. After this, Lloyd is met at the Lezareno Company headquarters and apologizes for his weird behavior, and tells Emil to go to the World Tree to talk to the tree's guardian. At the World Tree, Lloyd and Yuan Ka-Fai tell the group that all along, Lloyd has been searching for the Centurions' cores by the order of Martel, the spirit of the new World Tree. They explain that they had to stop the Centurions' cores and Ratatosk from awakening, until Lloyd decided to try to trust Ratatosk instead. After a long talk about Emil being Ratatosk and who he really is, Lloyd finally joins the team.

Lloyd's Soulmate

Before going to the Otherworldly Gate, one side quest mainly focuses on Lloyd clearing his name. First the party must return to Iselia and listen to Lloyd tell his story of what he did during the past two years. Upon listening, Emil must pick any of the seven party members from the *Symphonia*, and that member will be the soulmate Lloyd chose in the original story. Afterward, the party goes to Flanoir and triggers a scene where a man who witnessed a Lloyd-looking Decus kill his sister hits Lloyd for revenge. After the scene, Lloyd says that it is his fault for not telling anybody his side of the story, and goes to the balcony to think. When the party goes to the balcony, the person Emil picked will come and talk to Lloyd. If the choice was a female, he will declare his love for that person, but if it was a male, he will show his gratitude for being that person's friend.

The **Eternal Sword** (エターナルソード *Etaanarusoodo* ?) is an important weapon of immense powers to control time and space, central to the stories of both *Tales of Phantasia* and *Tales of Symphonia* . It is also represented in many other games as a powerful weapon in homage to its status in these two games.

Tales of Phantasia

The Eternal Sword, the Sword of Time, is the result of combining three artifacts of the ancient civilizations of Thor, the Kingdom of Fenrir, and the Republic of Odin. The party seeks this goal to combat Dhaos's time-traveling powers, as Dhaos's Castle is protected by a time barrier preventing access. Gathering Odin's Fire Sword Flamberge from the Tower of Flames, Fenrir's Ice Sword Vorpal Sword from the Cave of Ice, and Thor's Diamond Ring, the party subdues and forms a pact with the Spirit Origin. Origin grudgingly combines the three into the Eternal Sword, which, when combined combined with his power, allows Origin's summoner to view an event from the past. Claus F. Lester uses it to see Milard Rune teaching students. Cress Albane uses it to pin down Dhaos's Castle so that he and his party can storm it and defeat Dhaos. After Dhaos's defeat, the party first uses it to return the present, and Claus takes it back with him to the past.

## Tales of Eternia

In *Tales of Eternia*, the Eternal Sword weapon is the prize for defeating Cress Albain in the Inferia Arena. It is the strongest weapon that is available to Reid Hershel based on raw attack power, but its Time-elemental affinity makes it ineffective against many significant opponents during the later parts of the game.

## Tales of Symphonia

The Eternal Sword is a legendary sword, capable of cleaving the fabric of time and space itself. The Eternal Sword was created by Origin, the King of Summon Spirits, at the request of Mithos Yggdrasill, who held a pact with him at the time. Mithos used the Eternal Sword to split the world in two halves, placing each world in separate dimensions tied to each other, via the mana links, in order to prevent the world's destruction. Because the sword was made specifically for Mithos, only those of elven blood can wield it.

During their first encounter with Yggdrasill, Lloyd Irving and friends are almost victims of being killed by the sword but are saved by the Renegades. After the events in their final visit to the Tower of Salvation, either Kratos Aurion or Zelos Wilder will give Lloyd a stone called "aionis", a mineral used to form the Ring of the Pact to allow the sword to be wielded by a human. In order to wield the sword, Lloyd must defeat Kratos in battle to awaken Origin. After the events at Origin's seal, the Summon Spirit gives Lloyd the ability to wield the sword. At the Tower of Salvation, the sword's power divides between Lloyd's Material Blade, allowing the two blades to combine together when Lloyd requires it to form the Eternal Sword. At the end of the game, Lloyd uses the sword to reunite the two worlds, but since the new world would perish without a mana link, both Lloyd and Colette Brunel had to use the sword to germinate the Great Seed and form a new World Tree.

Lloyd's mystic arte Falcon's Crest incorporates the Eternal Sword, manifested into his hands after combining the two blades he has equipped for the duration of the attack. As the Eternal Sword is an integral part of his attack, any games where Falcon's Crest appears also features the Eternal Sword.

Tales of Legendia

The Eternal Sword of *Tales of Legendia* can be created in the customization shop at Werites Beacon, as a weapon that is available only to Chloe Valens. After obtaining the weapon, the player will receive a skit that involves Chloe saying that she wants to go on journey through time. During the boss battle against Dark Chloe, the clone holds a dark version of the Eternal Sword.

Tales of Innocence

This sword can be found within randomly instanced treasure chests within Guild District 10 and the Forbidden Guild District, and it is Ruca Milda's strongest weapon based on raw attack power. However, the Swordian Dymlos has much more damage potential due to its attached "Critical Knowledge" skill.

Tales of the World: Radiant Mythology

The Eternal Sword is one of the few unique swords that can be obtained throughout all of the *Tales of the World: Radiant Mythology* games, and it is among the strongest of these weapons.

Tales of VS.

The Eternal Sword appears as a item that appears randomly during battle, offering supportive benefits to the user. When activated by a player, the weapon freezes all opponents in a orb to allows for easier striking. The Eternal Sword also reappears in the game as Cress Albane's ultimate weapon. Although very powerful in both damage and attribute, the sword's overall design has been noticeably altered to follow the original blue colored design from his original game.

---

When he was done we were both amazed and shocked.

Me: WHOA! That sword must be incredibly powerful.

Nico: Yeah no kidding.

Eli: Yep.

Cantwell: So, do any of you know where the Eternal Sword is?

Lloyd: In that castle over there.

We saw a REALLY dark and forboding castle on a mountain far away.

Me: Whoa! That castle looks creepy.

Lana: Who lives there?

Sheena: That is the castle of Mithos.

Lola: Who is Mithos?

Nicole: He's the main villain here and he wants to destroy all of reality and will stop at nothing till he does.

Nicole went over his history and it was not pretty.

Mithos Yggdrasil (ミトス・ユグドラシル Mitosu Yugudorashiru?, "Mitos Yggdrasil") is the primary antagonist and final boss in Tales of Symphonia.

Past

Mithos's full name is Mithos Yggdrasill, although this is not revealed until extremely late in the story. Part of the character's intrigue is that "Mithos" is known as a great hero who is believed to have sacrificed himself to restore mana to the world, whereas "Yggdrasill" is a great villain, an angel with terrifying power who is renowned for incredible feats, but whose past is completely unknown. In other words, "Mithos" is the true form of Mithos the Hero, whilst the "Yggdrasill" form is just a form he took on to be a "more befitting leader of Cruxis".

According to legend, Mithos and his three companions stopped the Ancient Kharlan War and restored peace to the world by sealing away the Desians, who caused the war. Later, however, the war is discovered to have been between Sylvarant and Tethe'alla; the Desians did not even exist at the time. This group of mythical heroes was composed of three half-elves: Mithos, himself, his sister Martel Yggdrasill, and Yuan Ka-Fai, and one humanm Kratos Aurion. They would later be referred to as the Four Seraphim, the founders and leaders of Cruxis, which has existed for well over 4,000 years by the time of Tales of Symphonia. Although Martel was slain in the war, her soul still exists in a dormant state within her Exsphere, where it is preserved by the Great Seed.

During the Kharlan War, the four companions went through many great hardships due to discrimination against half-elves, fueled by both humans and elves. Because of this discrimination, Mithos and Martel were blamed for an unnamed misfortune and expelled from their home of Heimdall. They heard of Sylvarant's approaching invasion of Tethea'lla and tried to warn Tethea'lla's king, only to be ignored because of their race. After the fall of Tethea'lla's capital, Mithos and Martel were joined by a Meltokio knight named Kratos, who trained Mithos as a swordsman and mage. Yuan would complete their party later on. Mithos would eventually go on to become the great hero of legend by single-handedly making pacts with each of the Summon Spirits, although he had Kratos make a pact with the King of Summon Spirits, Origin, in his place. Mithos then had Origin create the near-omnipotent Eternal Sword, which he used to split the world in two to create the parallel worlds of Tethe'alla and Sylvarant, in order to prevent more magitechnology from being created.

The Ancient Kharlan War was caused by magitechnology, which consumes vast amounts of mana. By splitting the world in two and having them vie for the small amount of remaining mana, Mithos effectively stopped the creation of magitechnology and prevented a second cataclysmic global war. Part of the pact with Origin was a promise that he would restore the Great Seed to the world so that it could grow again, thereby restoring mana to the land. Instead, Mithos took it to Derris-Kharlan in order to revive and protect his dead sister, thereby breaking his pact with the Summon Spirits.

Mithos was originally a pure-hearted and idealistic boy with a strong desire for peace and unity, despite the discrimination he faced as a half-elf. However, the death of his sister deepened his hatred for humanity and made him lose track of whether the world or her life was more important to him. He took her final words to heart; her wish was for a world without discrimination, which he interpreted as a wish to end discrimination only against half-elves. What Martel truly wanted was an end to discrimination between all the different races, as stated by Yuan. Mithos's ideals then became twisted; he came to the conclusion that the only way for discrimination to end was, in his own words, turn every living being into the same race, as a "Lifeless Being".

To this end, he began mutating half-elves using a superior form of Exsphere known as Cruxis Crystals. These Cruxis Crystals turned their subjects into near-immortal, angel-like entities at the cost of the things that made them human. These "angels" are often referred to as "lifeless beings". Even if the body of an angel was destroyed, the Exsphere would also need to be destroyed as well for them to truly die; it was possible to live on in a Cruxis Crystal even after the body of its host had been destroyed. Mithos also founded the Church of Martel and thereafter became the absolute ruler of the two worlds. In order to resurrect Martel, Mithos would need to find a subject whose mana signature was nearly identical to Martel's. Acting as a supreme lord of the angels, he manipulated the bloodlines of the citizens of both worlds for over 4,000 years in order to create this vessel. Mithos declared Martel a goddess and manipulated history to remember her as a hero.

## Life and Eventual Death

Despite the fact that he truly means well and believes that he is saving the world, Mithos creates enemies everywhere; even his former companions, Kratos and Yuan, turn against him. Seventeen years before the game begins, Kratos escapes from Mithos's grasp and takes a human wife, Anna. They have a son, Lloyd Irving, but due to the interference of Kvar, one of the Five Desian Grand Cardinals, Anna is killed and Lloyd is lost. Believing that his son is dead, Kratos gives up on life and returns to Mithos.

Lloyd does not discover who his true father is until late in the story. Yuan, the third of the Four Seraphim, is a scheming and devious warrior. Instead of opposing Mithos directly, as Kratos had done, he chooses to become a double agent, using his influence and knowledge of Cruxis's actions to foil their plans with his secret underground organization, the Renegades. Yuan was engaged to Martel before she died, and this is the only reason that Mithos does not kill him when he uncovers his betrayal, believing Martel would never forgive him if he did. With his cover blown, Yuan is forced to oppose Mithos directly by cooperating with Lloyd's group. Kratos also betrays Mithos once more by gathering materials that would allow Lloyd to wield the Eternal Sword.

After Ozette is destroyed by the Light of Judgment sent down from the heavens by Cruxis, Mithos appears for the first time in his child form. He convinces the party that he is an outsider of Ozette and joins the group, befriending Genis Sage. He gives Genis his panpipes, which are later used to summon both Mithos and the Summon Spirit Aska. Mithos next appears in his angelic form at the Tower of Salvation, where he saves Genis's life and drops the panpipes in the process. Genis then begins to suspect Mithos's true identity. Mithos's stay with the party marks his own internal conflict, which he speaks of only with Noishe. For the first time since his sister's death, he considers the possibility that what he is doing is wrong, and struggles with a growing liking for the group, particularly Genis, Raine, and Lloyd. He also says that he is tired of his prolonged existence, and that if he is wrong, he has no reason for living.

Later in the story, in the Hall of the Great Seed, Mithos manages to revive Martel by channeling his sister's consciousness through Colette Brunel. However, contrary to Mithos's expectations, the awakened Martel condemns her brother's actions. She begs him to stop creating his Age of Lifeless Beings and tells him that what he has been doing is wrong. Mithos is unable to accept that this is what Martel would really say, believing her sister would never reject him. Outraged, he attacks the party and loses, his body vanishing into his Cruxis Crystal.

Unbeknownst to the rest of the party, his Crystal is picked up by Genis, Mithos's only true friend. After the duel between Lloyd and Kratos in Heimdall and the making of the pact between Sheena

Fujibayashi and Origin, Mithos's spirit leaves the Cruxis Crystal and tries to possess Lloyd. He is stopped by whoever Lloyd has the best relationship with, and Mithos takes over that person instead, escaping to Derris-Kharlan. If Lloyd's best relationship is with Kratos, Mithos will possess whoever Lloyd has the second best relationship with. Believing that his sister wanted to leave the world, he takes Derris-Kharlan with him which, in turn, separates it from the world. Mithos and Lloyd's kidnapped friend are found in Derris-Kharlan, where Lloyd rescues them from Mithos's control.

As they make their way through the now abandoned city of Welgaia, which served as the main base for Cruxis, Mithos's spirit within the Cruxis Crystal reaches out to each of the remaining party members in a desperate attempt to get them to join him. One by one, the party rejects Mithos, pledging to risk everything in order to stop him. Mithos fights the group one last time in his castle, where the Great Seed appears to be, in an attempt to destroy the world and build a new one on Derris-Kharlan just for himself and his sister. When Mithos is finally defeated and killed in the throne room of his castle, he tells the party that he feels no regret for the choices he made, and, if given the chance, he would do everything all over again. Lloyd then destroys Mithos's Cruxis Crystal, truly killing him.

In the PlayStation 2 version of the game, an additional battle was added in the optional dungeon Niflheim. At the end of the dungeon, Lloyd's group must face copies of Mithos, Kratos and Yuan, who explain that they have been left as guardians until someone who can destroy the world of Niflheim arrives. As they were still on their quest to save the Great Tree, they could not leave their real bodies, only their memories. Before they disappear, Mithos asks if they have succeeded in their quest to make half-elves less hated, and asks Lloyd to help their real selves revive the Tree.

## Tales of Symphonia: Dawn of the New World

Although Mithos himself does not reappear in Tales of Symphonia: Dawn of the New World, he is mentioned by Lloyd many times during the eighth chapter of the game. After visiting the Tower of Salvation, a skit triggers with Tenebrae, the Centurion of Darkness, who asks Lloyd of Mithos's whereabouts. Lloyd responds that Mithos became the new World Tree himself, or so he believes, with no mention of his time as an antagonist. When Emil Castagnier talks to Lloyd in Flanoir, Mithos is also briefly mentioned when Lloyd says that one time he had a friend that he could not save, and as a result, he had to kill him.

It is also revealed that Mithos, alongside his sister Martel, and companions, Kratos and Yuan, met Ratatosk during the events of the Kharlan War and forged a pact with him, obtaining the Derris Emblem in the process. Much like the other Summon Spirits with whom Mithos established a pact, Ratatosk is betrayed when Mithos decides to seal Origin within Kratos and take the Great Seed for himself for the sake of saving his sister, thereby breaking his promise to the Summon Spirits. However, unlike the other Summon Spirits, Ratatosk openly shows his hatred for Mithos and his former companions by placing a curse on anyone who dares to enter the Ginnungagap with the Derris Emblem.

When she was finished we were shocked, horrified and stunned!

Me: WHOA MAN!

Nico: That is insane!

Eli: Yeah! He wants to use the power of the Eternal Sword to destroy everything just to bring back Martel.

Me: He's a fallen angel that's worse than the Devil. And we need to kill him.

Lloyd: He can't die. He is immortal.

Me: So am I. But believe it or not we actually have the power to kill immortal beings.

Colette: How?

I took out a dagger and cut my finger and then dripped some of my blood onto a piece of firewood and it blew the whole piece of wood into splinters!

Raine: Whoa! Was that your blood!?

Zelos: That is some strong blood.

Me: Yep. My blood is poisonous. It has the power to kill even the mightiest of immortal beings and it has been very handy for us.

Nico: It sure has.

Suu: Wow that's cool!

Éclair: Thank goodness I'm not gonna die from that.

Snake Man: Okay. One of us should go in that castle, get the sword, and get out of there before Mithos finds out about it!

Nicole: Snake we can't rush in like that. Mithos is not someone to be trifled with. He's an angel and he is just as dangerous, ruthless and as cunning as the Devil was when we faced him many times before. Our only chance to get the Eternal Blade is to come up with a plan and provide a distraction long enough for us to get the sword and then we take him down and hit him where it REALLY hurts and make sure that he pays for his crimes.

Me: Lets put our thinking caps on.

Brittney thought about something.

Brittney: I have an idea. We can obscure him in a massive murder of crows that can block his vision so he doesn't see us.

Me: That's a great idea Brittney.

Skinner: Flash and Quicksilver can both use their super speed to get the sword and come back here before Mithos notices.

Me: Guys lets go with Brittney's plan and then we'll take him down.

Jared: I can get the sword after we get it if that's all right.

Nico: Good idea.

Laney: Yeah.

Me: Lets do it!

We flew over to the castle and we saw the sword on a pedastal and in a throne room, Mithos was sitting and then a massive murder of crows appeared and blinded him.

Jared and Lloyd then grabbed the sword and we regrouped.

Clawful: Did you two get the Sword?

Jared: Yep!

Lloyd: We sure did.

Jared held the sword up.

Me: WHOA! Way to go son!

Suddenly Jared felt an incredibly massive and amazing powerful power increase.

Jared: WHOA! It's power is amazing!

Suddenly Jared had a massive flash of light explode out of him and then he was enveloped in an incredible and massive vortex of fire and it exploded high into the sky and formed into a powerful phoenix of incredible strength and power. When the vortex faded, Jared emerged forever changed!

(IMPERATRIX MUNDI BY JO BLANKENBURG PLAYS AT 1:40 TO 2:10)

He had longer red hair in a cronmage, a phoenix with a flame blade sword in its talons, and fire clothes that were flickering with intensely powerful flames! And his angel wings were made entirely of incredible intense fire! He was now A SUPER ANGEL 25,000,000,000 ETERNAL PHOENIX FIRESTORM!

Me: WHOA! Jared you look amazing!

Allenby: WOW!

Nico: Jared got an incredible power boost!

Isabel: WOW! Dad how do you feel?

Jared: (Divine Echoing Flaming Voice) I feel incredible. I'm ready to show how honor is done through the power of righteousness.

Me: Awesome!

Suddenly MITHOS YGGDRASIL APPEARED!

Mithos: THAT'S MY SWORD!

Me: Not anymore!

Selma: Don't worry, Mithos. We'll be back to kill you in a few hours.

Patty: (to us) We need to fall back and come up with a plan!

Me: Right! Fall back!

We teleported away!

Mithos: I WILL FIND YOU AND YOU WILL GIVE ME BACK THE SWORD!

---

Later back in Lloyd's hideout camp we were coming up with a plan.

Suddenly there was a flash of purple light and out came numerous Hidiacs and Styxoids!

Me: Hidiacs and Styxoids!

I fired a massive blast of energy and obliterated many of them until one Styxoid was left.

Eddy: (points blaster at the remaining Styxoid) Any last words, asshole?

Styxoid: I have a message from King Mithos to the L-Ementals.

May: I didn't know that Styxoids can speak!

Me: I didn't think so either. Usually they just screech and grunt like Spartans and blast things all over left and right.

Nick Russell: Yeah that is what we thought too.

Air Lincoln: What's the message?

Styxoid: If you all abandon Team Loud Phoenix Storm and join the King, you will be given your humanity back!

Eddy: (guns Styxoid down) Like that will ever happen.

Gabriel: Who does King Mithos think he is, making false promises? I can't believe I used to make those during my time as Hawk Moth. Don't you agree, guys? (sees the L-Ementals quiet) Guys?

Light Lily: (in thought) Poo poo.

Lightning Lisa: It's possible Mithos isn't lying about this. Perhaps he really does have a way to turn us back to human.

May: I knew we should've turned you guys human when we first met you all!

Me: May now is not the time for that.

Fire Lori: Nice try but we are NOT GONNA revert back!

She fired waves of fire and blew many of them apart!

Stone Luna: We are not that gullible and we would never betray our friends like that!

Nico: Well said!

Jared: Good call guys!

Lightning Lisa: We may have been turned into this but we like being like this!

Me: Nice try dirtbags.

Jimbo: Were you guys really serious about staying like this forever?

Kearney: Maybe we can have JD give you guys the ability to switch forms at will. Like all of our Gene Slammer friends.

Dolph: And maybe we should have Double D run some DNA tests on you guys while we're making our battle plan. Just in case your powers are messing with your minds like what happened with the Terrific Trio. (to the Terrific Trio) No offense.

2D Man: None taken, Dolph.

Me: That's not a bad idea Kearney. I was planning on getting that out of the way later on but after seeing what happened with the Hidiacs and Styxoids, I figured time is of the essence. Oh um everyone you may want to cover your eyes, the L-ementals lost their clothes when they transformed into this.

Nico: Oh right!

I put on my blind man glasses.

Me: Fashion squad get ready.

Varie: You got it.

Everyone covered their eyes.

Me: Here we go. (Snaps fingers)

The L-ementals got their human skin and hair back but they were butt-naked! But their eyes were different colors. Fire Lori's were red, Liquid Leni's were ocean blue, Stone Luna's were brown, Ice Luan's were sky blue, Steel Lynn's were grey, Air Lincoln's were white, Shadow Lucy's were black, Crystal Laney's were Rainbow, Dirt Lana's were tan, Plant Lola's were green, Lightning Lisa's were yellow and Light Lily's were neon yellow.

Fire Lori: WHOA!

They saw themselves in their birthday suits and covered themselves.

Fire Lori: (SCREAMS)

Liquid Leni: We're totes naked!

Varie the fashion team gave them awesome new clothes.

Guts Man: Wait. Why were you guys covering your eyes at seeing Air Lincoln and Light Lily naked? Light Lily is only a baby. And you guys have seen Lincoln in his underwear before.

Maria: Not to mention there's not much to see when looking at a naked male.

Me: Uh hello? Nicole?

Nicole: Any peaks at anyone male or female I would smash the living shit out of them.

Guts Man: Oh. (Gulps)

Nicole: You know how much I hate perverts with a vengeance. It's not just men that stalk women you know but's also vice-versa. Females can stalk men too. And that is another reason why I would smash women too.

Me: See?

Maria: Oh I get it.

Fat Tony: How do you guys feel?

Louie: Any pain?

Legs: If so, the mascots can give you guys messages.

Fire Lori: No we're fine.

Liquid Leni: But these clothes are totes amazing! And they match our hair.

They saw that their hair was now different colors too.

Fire Lori's hair was red with orange and yellow highlights, Liquid

Leni's was blue and aqua blue, Stone Luna's was brown with light tan highlights, Ice Luan's was sky blue, Steel Lynn's was dark grey, Cloud Lincoln's was white like usual but with blue highlights, Shadow Lucy's was pitch black like usual, Crystal Laney's was rainbow color, Dirt Lana's was brown, Plant Lola's was green with pink highlights, Lightning Lisa's was yellow but with purple highlights in it and Light Lily's hair was neon yellow.

Me: Oh and Lightning Lisa you'll need these.

I gave Lightning Lisa an extra pair of her glasses.

Lightning Lisa: Ah much appreciated. But our hair looks amazing.

Fire Lori: It literally does. Who would have thought I would look hot with red and fire hair.

Lori: You literally look amazing in any color Fire me.

Me: Now lets run a DNA test.

Lloyd: That was amazing that you can do all that J.D.

Suu: He is amazing huh?

Stewie: While we're making battle plans, is it okay if me, Double D, Tony, and Lisa do some DNA tests on you guys to make sure nothing's wrong now?

Fire Lori: Sure.

Edd popped a capsule and out came a portable genetics lab.

Bulma: Awesome! A portable genetics research lab.

Stewie: Genius.

Me: Very convenient.

The tests got underway and they saw that Lisa's accident from her weather control machine had the elemental forces of nature fuse with their atomic DNA Structure. Fire Lori had fire merge with her

DNA structure and it was the same with the others and more.

Me: Wow! The elemental forces combined with their atomic DNA Structure.

Bulma: Yeah so mysterious.

Princess Bubblegum: This is truly an amazing and incredible medical mystery.

Me: Like with Danny Phantom when he had the energy from the portal of the Ghost Zone merging with him.

Nico: Yeah.

Bulma: Well we have great news. They don't have any signs of genetic instability or disintegration.

Me: Thank goodness.

Magma: Just be glad you guys got the ability to switch forms in time. Otherwise, you would've ended up like how me and my team used to be.

Krusty: How many days did it take for you three to go crazy?

Magma: Not long. About less than a month.

Freon: Yeah but thanks to Lily and J.D. we were given the same powers and ability.

2-D Man: Yeah that was crazy.

Me: It sure was.

Muscle Man: You know who else likes to be crazy? MY MOM!

We laughed at his joke.

Lloyd: I don't get it.

Suu: Me neither.

Me: We don't either but that is funny.

Terrence: I got an idea. When it's time to put the hurt on Mithos, let's do an entrance based on the Simpsons.

Homer: WOOHOO! I like it!

Bart: Yeah!

Nico: Except Marge won't be in it.

Maggie Simpson: Yeah she doesn't deserve to be in it after everything she did.

Lola: Yeah.

Plant Lola: What did Marge do?

Me: Oh right you don't know about this. But it's a really sore subject.

Crystal Laney: Let me guess, she went nuts somehow?

Laney: You got that right.

Lily: Yeah she has no brain.

Light Lily: Poo poo!

She soiled her diaper.

Lily: Oop it's time for you to get changed little me.

Lily changed her diaper.

Lily: There you go.

Wiggum: (to the L-Ementals) I'm glad you guys decided to stick with us. Otherwise, there probably would've been a bad fight that could've ended in Luna putting Fire Lori out.

Stone Luna: Yeah you said it dude.

Luna Loud: Yeah no kidding.

Me: But thank goodness we didn't. Everyone, it's time to bring down that monster Mithos for good.

Suu: Lets do it!

We flew off to Mithos castle.

---

Mithos was seething and fuming in rage.

Then he saw a light appear and then the title for THE SIMPSONS APPEARED.

Chorus: THE SIMPSONS!

The theme and intro for the Simpsons began and Springfield appeared and Jimbo, Dolph and Kearney sawed the head off of the statue of Jebediah Springfield and the head landed on Ralph Wiggum and there was a billboard that said Mr. Burns can go to hell. At the school, Bart was writing on the chalkboard "Mr. Burns Can Go Suck My Ass" many times and the bell rang and Bart left and he rode his skateboard and it landed on Barney's belly and he was under a pile of leaves and he belched and Willie shook his fist. At the Springfield Nuclear Power Plant, Homer was picking up a radioactive isotope and Lenny and Carl were putting up another number on the days without accidents sign and the steam whistle tooted and they fell down and Homer left and had the isotope in his back. Later at the store, Maggie was getting groceries and the clerk put them in her cart and she saw Maggie's archnemesis Gerald Samson in another cart and instead of shaking her fist at him she did a nice thing to him by making him feel loved and it was cute. In the music class at the school, the kids were playing the Simpsons Theme and Lisa was playing on her saxophone and the teacher hated it and kicked her out. Homer was driving home and he felt the isotope and threw it out the window and it landed on Otto and he ate it. Bart skateboarded down the sidewalk and he avoided a swipe from a knife by Sideshow Bob, dodged passed Helen Lovejoy, Apu and his 8 kids, Moe, Comic Book Guy, Disco Stew, The Crazy Cat Lady, Rich Texan as he shot his guns into the air and Chief Wiggum and Maggie drove Marge's old car over a manhole cover as Hans

Moleman was popping out. She turned left and then right and then honked the horn twice and it woke grandpa Simpson and his dentures fell out. We saw everyone in Springfield over the last 33+ Years and Homer arrived home first and Bart jumped off of his car and Homer got out and dodged Lisa and then Maggie hit Homer with her car and sent him crashing through the garage door. They went onto the couch and then it showed a montage of all 703 episodes from 1989 to 2021 and there were A LOT OF THEM! The number 703 came up in a mosaic picture and then it shattered and Homer strangled Bart. Homer and Bart were in sharp tuxedos for the occasion.

Homer: WHY YOU LITTLE!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The strangling was then blown to bits in a massive fiery explosion and a phoenix cry was heard and we appeared.

Mithos: Very amusing and entertaining Team Loud Phoenix Storm. I'm impressed you all decided to give me a good show before I kill you all.

Me: Actually we came here to kill you.

Fire Lori: You can take your fucking offer and literally shove it up your ass!

Mithos: (to the L-Ementals) You fools. Had you taken up my offer, you would've been back to our normal lives without any problems!

Shred Naught: I've got news for you, pal! Normal lives are overrated!

Me: And so are you!

I then transformed into my Super Angel-Ebonwu-Phoenix-Harmony 500,000,000,000 form!

Mithos: So the mighty J.D. wants to beat me!?

Me: (Divine Echoing Elemental Voice) **Beat you? No I want to kill you.**

Mithos: What did you say!?

Me: **You heard me. But I'm guessing me in this power is not enough for you. How about I take it to the next level?**

Nico: Whoa man! Has J.D. found a power beyond this form?

Eli: I think he has.

Mithos: There's no way you are a match for an angel.

Me: **Your cockiness and arrogance will be your undoing. Now watch.**

(GOKU SUPER SAIYAN 3 THEME PLAYS)

I then started to power up to an incredible level and my energy levels were skyrocketing as I was yelling and screaming like a madman!

Nico had his magic spell power scanner ready and it was already at 493 Centillion and RISING FAST!

Eli: WHOA!

Goku: It's incredible!

Vegeta: IT'S UNREAL!

Nico: WHOA!

My power was already at 634 Decicentillion or 634 to the 333rd Power and still rising!

Lightning and the elements were swirling around me fast and powerfully as the skies darkened with storm clouds and lightning was striking all over the place and the ground was shaking incredibly violently with incredible force and fury!

Nico: WHOA! He's now at 712 Sexagintacentillion!

Piccolo: It's unreal! How is he generating that much power!?

Jared: Do it dad!

My power level was continuing to skyrocket at an incredible level and my hair was growing longer and longer and it was down to my lower back!

Nico: WHOA! 923 Octingentillion! UNREAL AND PHENOMENAL!

In the headquarters of Mr. Mind and his team they screamed in excruciating pain as I was transforming and the incredible force of my power was too much for them to feel. Mr. Mind's little head felt like it was going to explode! Everyone all over the universe felt my power and the evil villains all over that we haven't faced yet screamed in excruciating pain and exploded! Then in one massive scream and a blinding flash of light, I was ascended and transformed! Mithos then looked at me with incredible shock and horror as I was now forever changed!

(IMPERATRIX MUNDI PLAYS AT 1:40 to 2:10)

I had a powerful rainbow aura with intense rainbow fire and lightning and elements swirling around me and my hair was now rainbow color and it was now longer and went down to my lower legs and my wings were now surging with rainbow fire, lightning and elements! My eyes were now rainbow color with the aurora borealis swirling in them! My power level was now BEYOND INFINITY! I WAS NOW A SUPER ANGEL-EBONWU-PHOENIX-HARMONY 500,000,000,000,000,000 HARMONIOUS PHOENIX ELEMENT!

Me: (Divine Deeper Echoing Elemental Voice) **Sorry that took so much longer than I thought. But this is now my new and ultimate more powerful form.**

Nico: WHOA! NOW NO EVIL FORCE CAN MATCH HIM! HIS POWER LEVEL IS BEYOND INFINITY!

His scanner then exploded from the sheer force of my power!

Eli: WHOA! His power is incredible!

Lana: Amazing!

Me: Now lets dance.

Mithos: We'll see. But I also have other friends of yours to play with.

Figures came out and we saw that they were DARKSEID'S MINIONS - GRANNY GOODNESS, DESAAD, KALIBAK and STEPPENWOLF!

---

Granny Goodness

**Granny Goodness** is a villainess from the DC comics and media. She is a member of the extraterrestrial pantheon of gods known as the New Gods and a loyal follower of Darkseid.

Origin

Granny Goodness did not begin as one of the higher-level residents of Apokolips, but was instead one of the "Lowlies"-the brutally oppressed peasant class. She was removed from her parents and trained to be one of Darkseid's "Hounds" (his elite soldiers). One part of their training was to train their dog; Goodness named hers Mercy. Through combat and training, the two bonded. As the final step of her initiation into life as a Hound, she was told to kill her beloved pet. Instead, she killed her trainer for issuing this order.

When Darkseid asked why, she answered that "to have done otherwise would have robbed my lord of a most valuable asset", telling him that Mercy would obey her first, but him foremost. Testing this, Darkseid ordered Mercy to kill Goodness. Mercy attacked Goodness, forcing Goodness to kill her pet. Darkseid was impressed, telling Goodness that she had graduated with honors. "You have trained Mercy so well in my name that perhaps you'll do as well training others whose blind obedience I will one day require".

Darkseid had Goodness run the training facility for his elite soldiers, where she used brainwashing and torture, in a brutal parody of child care, to turn the innocent into fanatical warriors willing to kill or die for Darkseid's glory. Since the war between Apokolips and New Genesis first moved to Earth, Granny Goodness has often run

Earthly orphanages, looking for potential warriors for Darkseid.

Granny runs the "orphanage" on Apokolips and is the chief of the Female Furies. She also raised Scott Free, the son of Highfather of New Genesis who had been traded for Darkseid's son as part of a peace treaty. Scott Free (AKA Mister Miracle) became the first child to successfully escape one of her Orphanages.

Granny Goodness is arguably one of the most infamous faces of Darkseid's Elite. One of his most loyal subjects, Granny came from the peasant class of Apokolips, until she was taken from her parents and chosen to become one of Darkseid's hounds. She proved her worth when she showed Darkseid her ability to train others to follow his orders willingly, leading to him making her a trainer for fighters.

Goodness not only trains others to fight for Darkseid's glory but is the chief leader of the Female Furies, her personal project of female warriors serving Darkseid.

She witnesses Steppenwolf's death at the hands of the Justice League, but says nothing about it unlike Darkseid and Desaad. Instead, she walks away with the pair as they ready the Apokoliptian Armada to invade Earth for the Anti-Life Equation.

# Desaad

**Desaad** is a slick torturer working for Darkseid and a villain in the *Superman* series.

In *The Super Powers Team: Galactic Guardians* and in *Justice League*, he was voiced by the late René Auberjonois.

Desaad was once an innocent New God from New Genesis until he was corrupted by Darkseid. Darkseid lied to Desaad that the boy's bird was killed by his cat. Angered, Desaad was tricked into killing the cat to avenge his pet bird. After avenging his bird, Desaad went to Apokolips to become Darkseid's sadistic torturer and majordomo. He helped Darkseid kill Drax and take control of Apokolips. Later, Desaad worked with Bruno Mannheim and the Intergang to meet Darkseid's crimes on Earth.

The most sadistic and cruel member of Darkseid's Elite has to be Desaad. The official tormentor and torturer of Darkseid's Elite, DeSaad is a natural coward who revels in the pain and torment of others. Serving Darkseid out of fear, DeSaad never going against his master unless someone else does, so he can have some sense of deniability.

DeSaad has been known to train the New Gods of Apokolips. He nearly lost his life to the Source Wall and serves Darkseid in many of his plots, including the Final Crisis, where he possessed Mary Marvel. DeSaad is immortal, super strong, telepathic, and a master creator of weapons and torture devices.

*Smallville*

Desaad appeared in the Tenth and final season of *Smallville* as a loyal servant of Darkseid, owning a series of clubs that held fetish parties. Dessad is mysterious and extremely deceptive and secretive, and urges or encourages people to indulge partying and drinking while at his night-club.

*Zack Snyder's Justice League*

DeSaad appears in the 2021 film, *Zack Snyder's Justice League*, where he is portrayed by Peter Guinness. He was originally intended to appear in the theaterical cut where he would be introduced as one of the Apokoliptian Priests, but he ended up being cut from the film.

Kalibak

**Kalibak** is anatagonist from the *DC Comics* universe and one of Darkseid's sons making him Darkseid's second-in-command in the hellish world known as Apokolips and a dangerous opponent to any who would oppose his father's plans for conquest.

Kalibak is the son of Darkseid, the ruler of the planet Apokolips, and the sorceress Suli, whom Darkseid secretly married against the wishes of his mother, Queen Heggra.

After the birth of Kalibak, Heggra had the torturer Desaad poison Suli, and forced Darkseid to marry Tigra, who bore him a son, Orion. Kalibak was trained in Apokolip's special powers force, while Orion was raised on the peaceful world of New Genesis. Orion and Kalibak fought each other since childhood, under circumstances yet to be revealed.

Kalibak has always resented Orion feeling his half-brother was always the favoured son. As an adult, Kalibak became known as "Kalibak the Cruel" and the "Scourge of Apokolips" for his savagery in battle and the horrors of his "Torment Chambers".

The second most powerful member of Darkseid's forces has to be his firstborn son to his wife Suli, Kalibak. A brutish, powerful warrior, Kalibak is a loyal subject of his father Darkseid, often seen as his father's second in command. Desperate to obtain love and affection he knows he'll never get, Kalibak hides his sensitive, emotional side by becoming a powerful warrior.

Often clashing with his half-brother Orion, Kalibak leads his father's forces into battle once the peace treaty between Apokolips and New Genesis falls. Kalibak is often favored above Darkseid's other Elites, often being resurrected more frequently after his failures than the others.

In *Death of the New Gods*, Kalibak is killed, but briefly comes back as a human in *Final Crisis* . His soul is later transferred into the body of a half-human half-tiger creature. He engages Captain Marvel's butler Tawny in battle and is mortally wounded.

### *Injustice 2*

In the *Injustice* universe, Kalibak was killed by Superman, prompting Darkseid to arrive on Earth.

## Steppenwolf

**Steppenwolf** is a fictional character and a supervillain from *DC* comics. He is the uncle of Darkseid and the supreme military commander of the Apokoliptian military. He rides a hover-bike when he leads his troops and also leads the Parademons. Steppenwolf is also skilled in axes and swords. After Darkseid's first wave was diminished, Steppenwolf led his troops to attack Earth. He was however defeated and plummeted to the ocean. Years after his defeat, he returns to his nephew's side.

He appears as the main antagonist in the 2017 DCEU film, *Justice League*, and in the 2021 film, *Zack Snyder's Justice League* .

Steppenwolf (German for "wolf of the steppe", meaning coyote) is one of the New Gods, and a member of his nephew's Darkseid Elite. He leads the army known as the Parademons.

The most powerful of all of Darkseid's Elite has to be his uncle, Steppenwolf. Steppenwolf is the military general and leader of Darkseid's forces, often credited with helping start the war between Apokolips and New Genesis by following Darkseid's order to eliminate Highfather's wife, which Highfather retaliated by ending

Steppenwolf.

## Original Timeline

Steppenwolf is one of the earliest survivors of Doomsday, the monster who once killed Superman. 245,000 years ago, Steppenwolf takes an Apokolips shuttle with Darkseid, Master Mayhem and a small crew to the planet of Bylan 5. The planet holds delicate natural materials Apokolips needs for weaponry, material which would be destroyed in the event of an invasion. The forcible marriage of Darkseid to the planet's princess comes to an end when Doomsday attacks. Master Mayhem is swiftly torn apart. Darkseid ignores Steppenwolf's orders to use Omega Beams and engages the creature in hand-to-hand combat. Steppenwolf sees the destruction wrought has doomed the planet and all who live on it. He teleports Darkseid out of harm's way, agreeing with Darkseid not to mention this to anyone. Doomsday escapes by stowing away on the Apokolips shuttle.

## The New 52

In the continuity of Earth-2 following *Flashpoint*, Steppenwolf leads a massive invasion of the planet by Darkseid's Parademons. Ultimately, Earth's heroes manage to successfully repel the invaders, but the Superman, Batman and Wonder Woman of that world are all killed in battle. Five years later Steppenwolf is apparently hiding on Earth-2, and there is a $300 million reward for him. He is eventually killed by that world's version of Bizarro, whom Steppenwolf had employed as a soldier and indoctrinated into fighting for Apokolips.

## DC Extended Universe

In the *DC Extended Universe*, he is portrayed and voiced by actor Ciaran Hinds who also portrayed Mephisto in the *Ghost Rider* films. Hinds played both the theatrical version and the version in the director's cut.

Steppenwolf appeared in a brief scene from the Ultimate Edition of *Batman v Superman: Dawn of Justice*, before Lex Luthor while aboard General Zod's ship. After Doomsday and Superman die killing each other, S.W.A.T. officers enter the ship to arrest Luthor. He is seen talking to a hologram of Steppenwolf, depicted as a Minotaur-like alien with large arms and four fingers on both hands. He is holding three mysterious cubes, later confirmed as the artifacts known as the Mother Boxes, and then disappears after seeing the officers, who arrest Luthor. Steppenwolf's voice was never heard.

He appears in the 2017 movie *Justice League* as the main antagonist, seeking to get the Mother Boxes; one in Themyscira (Wonder Woman's home), one in Atlantis (Aquaman's home) and one that is part of the character Cyborg. To help him, he leads the Parademon army trying to break free from his nephew's control.

Me: **Darkseid's minions!**

Comic Book Guy: Are you crazy?! Bringing back the minions of Darkseid?! What, are you going to bring back Darkseid himself next?!

Mithos: (laughs) I'll let some other fool be stupid enough to bring Darkseid back. For now, his minions will do.

Desaad: (to us) Look at it this way. You will have had the privelage of being saved from life by us, the servants of the great Darkseid. Because even in death, you will still become Darkseid's children and-

Iron Boy: I'm sorry. This world is closed today. Better pack up and get the Hell outta town. Now!

Me: **Now it's time for you to die Mithos.**

Mithos: We'll see about that!

He transformed into YGGDRASIL!

Yggdrasil: (Divine Voice) **Lets see how you face a true angel.**

Me: **If this is all the power you got, I'm not impressed.**

I then teleported with incredible speed and punched him in the face with incredibly devastating force and sent him flying and then I teleported and kicked him in the back and sent him flying and then I punched him with incredible fury in rapid succession and lightning, fire, wind, water, crystal and the elements exploded out of my punches upon impact and the heavens shook from the incredible fury of my power.

I kicked him and a massive blast of lightning exploded out and I sent him crashing through the floor of his castle.

Then Roman Goodwin, Carly Atlas, Devack, Misty Tredwell, Greiger, Rex Goodwin, Number 7, Calamitous, Absorbing Man and Manta Bayarsh appeared.

Me: **Roman Goodwin, Carly Atlas, Devack, Misty Tredwell, Greiger, Rex Goodwin, Number 7, Calamitous, Absorbing Man and Manta Bayarsh.**

Devack: Whoa! J.D. is that really you?

Me: **Who were you expecting? Tiny Tim or Archangel Michael?**

Rex Goodwin: Wow! you look incredible!

Me: **New transformation. Most powerful one ever.**

Roman Goodwin: So, this is another world Eli has visited?

William: It sure is.

Carly: (sees Darkseid's minions) Tell me that's not who I think those are!

Maria: Yep. Darkseid's minions and followers.

Devack: At least Darkseid wasn't brought back too.

Misty Tredwell: (to me) Please tell me you can beat those 4 again!

Me: **Misty you know I can do anything.**

May: (laughs) Relax! This time, we've got different deaths planned for them.

Steam Smythe: Just as long as they get killed in the end.

Greiger: J.D. you look incredible!

Manta Bayarsh: Wow! Your power is amazing!

Misty Tredwell: Wow! And the longer rainbow hair looks amazing on you.

Me: **It sure does.**

Nico: You should see what his power level is. It's not Beyond Infinity. It's impossible to measure now.

Lincoln: Yeah it's incredibly intense!

Then a giant candy appeared and it opened and revealed a slime creature. It was really Peropero!

Pallapalla: Peropero!

Peropero: Great to see you again Palla.

Natilee: Looks like we have another one of the Dark Moon's Remless for one of our archenemies.

Suu: I'll face her.

?: Good choice.

A figure came out and it was VILEVINE from episode 24 of Lightspeed Rescue!

Vilevile: That's right. Really good memory on you.

Me: **Never missed an episode.**

Ben: Your name actually sounds similar to Wildvine.

Vilevine: (laughs) It does, doesn't it? Mistress Vypra actually gave me abilities similar to that alien. Especially since I don't think my poisonous spores will affect you guys.

Me: **No they won't. Especially with how powerful we are now.**

Lloyd: Yeah and we're gonna make sure that Mithos here pays for his crimes.

Salem: Definitely and in full times ∞.

Francesco Portinari: What happened to us back all those years ago was horrible.

Beatrice Portinari: Yeah it was awful.

Carly Atlas: Yeah it sure was. What happened back during the Crusades was absolutely terrible. What were we fighting over back then?

Galaxy Man: Beliefs in religion over the holy city of Jerusalem in Israel. The Muslims and the Christians were fighting from 718 A.D. to 1492 A.D. The Muslims believed that Jesus Christ was a prophet and not the son of God whereas the Christians believed that Jesus Christ WAS the son of God and the Messiah.

Astro Man: Yeah. For 774 years it was one brutal fight after another. Countless people died.

Carly Atlas: That was terrible!

Rarity: Indeed darling. But it was so funny about everything he did and he did so much that was funny.

Boris: I know that saying too. But yeah we all are glad that we reunited her with her sister.

Rainbow Dash: I'm amazed that Team Rocket somehow got ahold of Galarian Pokemon DNA somehow. That is amazing.

Scootaloo: Yeah it sure is. I wonder how many kinds of Pokemon DNA they have.

Magma Gloom: Boy that's a really good question. And with over 890+ Species of Pokemon out there there's no telling how many Pokemon Gene-Slammers there are out there.

Storm Rainbow: I wonder why they were turning so many people into Pokemon like that.

Flash Magnus: Boy that's a really good question. But if I were to guess, I would say to turn people into slaves for their armies to rule the world.

Air Lincoln: That theory is VERY sound.

Greiger: Team Rocket did say that their goal was to get enough Pokemon to conquer the world. So that theory does sound plausible.

Cody (RDU): (Australian Accent) It sure does mate.

Penny: It sure does.

Bernard: Yeah and what they were doing is crimes against nature.

Bianca (Rescuers): (Hungarian Accent) Yeah and it was terrible.

Jake (Rescuers): (Australian Accent) You said it mate. They did terrible things against humans and nature. Nasty blokes.

Princess Luna: Yeah. A haystack as big as the entire planet.

Snowdrop: But there are so many Pokemon kinds out there and billions of people.

Gari: There sure are. It's gonna be an amazing hunt.

Blackout: Yeah it sure is. But if Kayla's sister Hayley can be turned into a Galarian Moltres, then maybe there might be a Galarian Zapdos and Articuno gene-slammer out there too.

Shadow Lucy: Definitely likely. But we just got to know where to look.

Fireheart Flame: I have a feeling that we'll find a Galarian Zapdos Gene-Slammer in Japan and the Galarian Articuno Gene-Slammer in the city of Prague in the Czech Republic.

Rex: What makes you think that?

Fireheart Flame: Just calling it a hunch.

Yugi Moto: But it will be great to meet them.

Jaden Yuki: It sure will. And J.D. is gonna need all the help he can get.

Yusei Fudo: Yeah and there are so many girls for him to find out there.

Pinkie Pie: Yeah but thank goodness that they didn't take that offer.

Maud Pie: (Monotonously) And they weren't that gullible either.

Little Cheese: No they weren't Aunt Maud.

Somnambula: (Egyptian Accent) They were too smart to fall for such a ploy by an evil villain. And thank goodness that they know the superhero business too.

Sprocket: Yeah thank goodness for that.

Steel Lynn: And it's good we didn't take that dumb offer.

Big Guy: What Mithos is doing is absolutely unforgivable.

Rusty: Sure-a-shootin.

---

Professor Calamitous was next.

Calamitous: (to Lisa) So, is there anything wrong with the L-Ementals' DNA?

Lisa Loud: Negative. No abnomalities in their DNA structure whatsoever. All perfectly healthy and fully genetically integrated with their elemental powers. No genetic disintegration whatsoever.

Applejack: That's good. But that still is complicated to me.

Apple Bloom: Yeah no kidding. (Groans) My head hurts from learning all that stuff about genetics.

Frozen Fright: Yeah genetics is far too complex even for me. I read that there's a protein in the genetic code that has a name that's over 189,000 letters long. It's EXTREMELY hard to pronounce but it has a name that is THAT LONG.

Calamitous: You must mean the Titin Protein.

Frozen Fright: That's the very one.

Thunderbird Apple: Yeah I saw how long it was and it was preposterously long.

Rockhoof: (Scottish Accent) Aye. I didn't know a word like that was possible.

Flashwing: You are not kidding on that. That is crazy.

Stone Luna: No kidding dudes. That's crazy.

Calamitous: It sure is and it takes over 3 and a half hours to say it.

Light Lily babbled in Woody Woodpecker's arms.

Woody Woodpecker: You said it Lily. It's amazing that she has so many forms like that.

Winny: It sure is.

Knothead: Yeah and she is funny too.

Splinter: You got that right.

Manta Bayarsh: Boy no kidding. And I see that you have Eddy and Mac's big brothers with you guys.

Tyrone McGee: Yeah it's cool.

Manta Bayarsh: You guys must've been big time jerks before.

Terrance: Yeah we were. I hated Mac because I thought he was responsible for killing my dad in a car crash. But in the end, all I was thinking was only stupid things.

Tyrone McGee: I may have been a jerk before but I still love my brother eddy.

Manta Bayarsh: That's a relief. Lets do it!

Absorbing Man: It sure is. I see that all the Flock is here. I heard that you all were separated when Max and the Girls came to our Earth.

Max Ride: We sure were and it was awful.

Battle 11: Lightspeed Rescue Rangers, Megaforce Rangers, Butterfly Rose, Ice Luan, Nico, He-Man and the Masters of the Universe, She-Ra and the Princesses of Power, Total Drama Crew, Lana, Lola, Laney, Lucy, Lily and Lisa VS Vilevine

---

Vilevine was next.

Nico: This is gonna be so fun!

Vilevine: (Groans) Yeah it will. Man this safe is REALLY heavy.

Nico: Let me get that for you.

Vilevine: Oh thanks.

Nico teleported and he opened it and in it were a lot of swords!

Nico: Whoa! These swords look awesome!

Vilevine: They sure are. They are called the Defenders of Eternia, Defenders of Etheria and The Destroyers of Billy McLean and The Total Drama Sore Losers.

The Defenders of Eternia - They are 6'0" massive, double-edged swords with the symbol of Eternia etched onto the blades, different colored gems and silver angel wings for the crossguards, long black handles, and large silver pommels with gold gems surrounding them and whoever wields these swords will gain a massive power and energy increase, but these swords must be wielded by those who've defended Eternia and King Grayskull's legacy, and since He-Man and The Masters of The Universe defended Eternia from Skeletor, and since He-Man is an actual blood descendant of King Grayskull, it's perfect for them.

Defenders of Etheria - 6'0" massive, double-edged swords with the symbol of Etheria etched on the blades, different colored gems and gold angel wings for the crossguards, long black handles, and large gold sphere pommels with blue gems around them and whoever wields these swords will gain a massive power and energy increase, but the swords must be wielded by those who have defended Etheria from evil.

The Destroyers of Billy McLean and The Total Drama Sore Losers - 6'0" massive, double-edged swords with a kanji etched on them that said, "Death to Billy McLean and The Total Drama Sore Losers".

ビリー・マクリーンの死とドラマの痛い敗者

They also had gems and angel wings for the crossguards that match their favorite colors and powers, long black handles, and large different colored sphere pommels and surrounding different colored gems that matched their powers and the swords can only be wielded by those who've been through Hell because of Billy McLean and The Total Drama Sore Losers, and those wielders will gain a massive power and energy increase.

Nico: WHOA! I know just the people for all these.

Nico teleported and gave the swords to He-Man and the Masters and She-Ra and the Princesses and the Total Drama crew and they all got a massive power increase!

Sam (Total Drama): WHOA! That was awesome!

Lightning: Yeah it was!

---

Peropero was next.

Peropero: This is gonna be fun! Lets have a party! HERE HAVE SOME CANDY BALLS!

Her face turned red and she fired a massive shower of candy blasts.

Dirt Lana: Take this!

She fired waves of dirt and sand and the candy multiplied fast like mad!

Topaz Flare: How about this!

Topaz fired waves of fire and melted the candy together and then they dodged it and the candy hit the wall and got stuck to it like glue.

Suu: Not the kind of candy I would eat but that was fun.

Peropero: Glad you think so.

She turned into her true form and Peropero looked like a smoking hot Playboy Bunny Girl.

Topaz Flare: WHOA! (STEAM WHISTLE)

He had hearts swirl around him and he was entranced by her beauty.

Peropero: Like what you see big boy?

Topaz Flare: You bet I do!

Desaad: (to Batman) Even with how Knudson killed me the first time, my powers are still very powerful. They can even kill your Justice League friends in an instant.

Batman: (chuckles) You know, in the beginning, I wouldn't have admitted that my teammtes are my friends. I'm glad I can do so right now.

Desaad: At least they will join you in the afterlife.

Breach: They're not going to the afterlife. You are. (Desaad sees her) I wonder if I should send you into the cold vacuum of space or directly into the Warp.

Desaad roared and went at them and Breach opened a portal and sent him into the cold vacuum of space where he froze in an instant and shattered into a million pieces. Killing him instantly.

Granny Goodness: (to Supergirl) Your cousin will die alone. And so will you!

Kingdom Hearts Kairi: (lands in front of Supergirl) Who says she's alone?

She stabbed Granny Goodness in her black heart with her keyblade.

Kingdom Hearts Kairi: You give all grandparents everywhere a REALLY bad name.

She ripped out her beating heart and killed her.

Mithos then got up out of the rubble and he was in REALLY BAD SHAPE!

Me: **Prepare to die Mythos.**

Lloyd: You have plagued this world for far too long!

Troy: It's over for you, Mithos!

Megaforce Rangers: Legendary Ranger Mode: Secret 5 Force!

THE END

---

Another awesome fanfic done.

Tales of Symphonia was a great game series. Like I said, I never played it but it was great from what I heard about it. The first part of the chapter was something I made up where we went into one of my favorite volcanoes in Tanzania. Also the second part was made as a tribute to the great AngryGrandpa. He was a YouTuber that was funny. NicoChan11 loved to watch him. This was a great chapter nonetheless and to whoever is sending me these awesome ideas for the treasures for the 11th usual battle, you come up with great ideas. Éclair would like to be next and whoever else you have in mind is fine with me. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Nflemingful, Etstheclarencefan and ninjakingofhearts all gave me the ideas for this chapter. Thanks guys. The next girl is gonna be Doppel the Shapeshifter and we're gonna go save her from the Japanese Mafia, the Yakuza and the next chapter is for another game that I never played called Skies of Arcadia and it's gonna be interesting. We're gonna go after Lord Galcian and we're going to make that evil tyrant pay for his crimes. It will be interesting to see the world of the Sega Dreamcast Game.

See you all tomorrow.

# Sky War of Arcadia

In Tokyo, Japan me and Georgina were flying over the city to search for the next Girl In Distress or G.I.D. as I call it.

Me: Tokyo is always so cool to see.

Georgina: It sure is. Hard to imagine that over 37 million people live here

Me: Yeah it's amazing.

Georgina: I think we should consider that girls could've also been gene slammed into normal Pokemon.

Georgina concentrated and groaned as her muscles expanded.

Me: That is a strong possibility. But I think we're gonna be covering Legendary Pokemon first and that is always fun.

Georgina turned into STONEBITER!

Me: Yeah!

We went onto the wharf and we saw that it was quiet.

Me: It's quiet. Too quiet.

Stonebiter: Yeah I don't like it.

Then we heard something.

We went to a warehouse window and looked in and we saw a girl and a Galarian Zapdos tied up.

Me: Whoa it's a Galarian Zapdos and that girl with them is a doppelgänger, a shapeshifter.

Stonebiter: That is so cool.

Me: And they were captured by the Yakuza. Lets get them.

We busted in and kicked and pulverized the Yakuza dirtbags into pulp and cut the girl and the Galarian Zapdos free.

Doppel: Whew! Thank you guys. Wow! You're the famous J.D. Knudson, leader of Team Loud Phoenix Storm.

Me: That's right.

Galarian Zapdos: (Japanese Accent) Wow it's an honor to meet you.

Doppel: I'm Doppel and yes I'm a Doppelgänger.

Galarian Zapdos: I'm Ryuga Tatsumaki.

Me: Whoa! I've heard about you. You are the world famous martial arts master that disappeared a while back.

Galarian Zapdos: That's right. I was getting ready for another tournament and then I was turned into this by Team Rocket's scientists.

Me: Team Rocket is all dead now. Except for Jessie, James and Meowth who are now with us in the Redemption Squad. They got fired before we killed Team Rocket.

Doppel: At least they will never terrorize the world again.

Me: Yeah thank goodness for that.

Stonebiter: I'm gonna revert back now.

Me: Okay and Ryuga how would you like the ability to transform into your Galarian Zapdos form at will and use its powers?

Ryuga: I would like that.

Me: Awesome.

I put on my blind man glasses.

Me: Here we go. (Snaps fingers)

Ryuga was in pain and she went back to human but she now how golden orange hair and she had red eyes and was back to human but naked. Georgina reverted back.

Georgina was human again. But naked.

Georgina: (covers herself) Looks like we're both naked, Ryuga.

Ryuga: (Covers herself) Yeah we sure are.

Doppel then had clothes appear on her. She was wearing a white tank top and she had black shorts.

Doppel: I got this.

She pulled two towels out and put them on Ryuga and Georgina.

Georgina: Thanks Doppel.

Doppel: You're welcome. And those Yakuza Jerks will suffer badly.

Me: Yep.

The Japanese police came and arrested the Yakuza and we went back to the World Tree Estate.

---

Back at the World Tree Estate, everyone was reading books and texting on their phones and surfing the internet. We came in.

Georgina: That was fun.

Me: It sure is awesome.

Doppel: Whoa! This is amazing that you all get to live up here.

Me: It sure is cool huh?

Miia: Doppel!

Doppel: Miia!

They hugged and were happy to see each other.

Miia: It's awesome having you with us.

Doppel: I know and it's great.

Nico: Wow she's a doppelgänger.

Me: Yep.

Then the alarm went off.

Me: Uh oh.

---

We later were called in to a very gruesome and disgusting crime scene and we saw a criminal that was LITERALLY ripped to shreds and the carnage was horrible.

Hornet Man: J.D., have you been taking down petty criminals without telling us?

Me: No this was not my doing. Besides this criminal was not just taken down. He was shredded to pieces.

Nico: Yeah this was not his nature. He slaps the cuffs on them.

Eli: Something really went to town on this guy and it is horrible.

Ets: Is it a werewolf?

Me: I don't think so. There would be claw marks all over him and he would have chunks ripped out of him and splattered all over the place.

Nunnally: He's right about that.

Girl Jordan then saw something on the wall and she recognized the name and she gasped in horror! Then her horror turned into incredible rage and fury!

Me: G.J. what's up?

We saw the initials C.K. and it was easily the work of the most fucked up serial killer in all of the Marvel Comics Universe and the very monster that ruined Girl Jordan's life, Cletus Kasady A.K.A. CARNAGE!

Me: (Gasp) Kasady!

Girl Jordan then growled in rage and she clenched her fist so tight that blood came out from her knuckles.

Girl Jordan: THAT MONSTER!

Twilight Sparkle: Who is Kasady?

Me: You would not like this guy Twilight. He is a homicidal maniac that wants nothing more than to destroy everything and he is COMPLETELY fucked up to the core six ways to Sunday. What he did would make all serial killers everywhere and even the devil himself cringe with total fear. He's worse than all the serial killers put together.

I went over his history.

---

**Cletus Kasady**, also known as **Carnage** and later **Dark Carnage**, is a major antagonist from *Marvel Comics*, serving as a major antagonist of the *Spider-Man* franchise and the central antagonist of the *Venom* comic book series, as well as the titular main antagonist of the *Absolute Carnage* storyline. He is a deranged serial killer who bonded with a symbiote, turning him into a vicious supervillain.

Background

Even when he was a toddler, Clestus Kasady was already a deeply disturbed person with a dark past; born at the Ravencroft Institute for the Criminally Insane, he died a few minutes afterward, before he was revived by the primordial entity Knull to be the one free him from the Klyntar. As a child, he killed his grandmother by pushing her down a flight of stairs, tried to murder his mother by throwing a hair dryer into the bathtub, and tortured and killed the family dog Fifi with a drill. When his father caught his wife trying to kill Kasady in a mix of self-defense and rage for what their son had done to her beloved pet, he beat her to the brink of death and received no defense from Kasady during his trial.

Kasady was then sent to the St. Estes Home for Boys, where his antisocial behavior made him the target of abuse from both the other orphans and the staff. Brutal years he endured at St. Estes only further shaping the killer inside the young man, subsequently giving him him his philosophy where life was essentially meaningless and futile, that "laws are only words", and that the spreading of chaos through random, unpatterned bloodshed was "the ultimate freedom". Kasady eventually gained his revenge by murdering the disciplinarian administrator, pushing a girl in front of a moving bus after she laughed at him when he asked her out on a date, and eventually burning down the orphanage.

## Becoming Carnage

Eventually, Kasady was captured and convicted of eleven murders; he bragged about a dozen additional killings while in custody, which the police presumably could not find sufficient evidence for. Now imprisoned for eleven consecutive life sentences, Cletus Kasady shared a cell with Eddie Brock, who had lost his Venom symbiote thanks to the toxic touch of the supervillain Styx. Learning of Brock's grudge against Spider-Man, Kasady tried to convert him to his nihilistic philosophy, mocking Eddie over his claims to have once been the supervillain Venom. Repeatedly rebuked, Kasady decided to murder his cellmate, but before he could the Venom symbiote entered the cell and rebonded to Eddie. Venom broke free, leaving the terrified and jealous Kasady behind.

Sensing his desire for the power Eddie possessed, a scrap of the symbiote left behind, none other than Venom symbiote's offspring, dripped onto Cletus' hand and bonded with him, transforming him into the monstrous Carnage. A security guard who witnessed his transformation was subsequently killed with his body somehow "pulled through the bars of his cell" before escape, and commit around a dozen of murders in far more extreme methods.

As Carnage, Kasady proved stronger than Spider-Man and Venom combined, and his symbiote was not only less susceptible to sonics than its progenitor, but infinitely more difficult to remove, having bonded to his bloodstream. In his first appearance, Carnage forced Spider-Man and Venom to call a temporary truce to defeat him.

### *Maximum Carnage*

Following his defeat, Carnage was sent to The Vault, a prison for supervillains, and later to the Ravencroft Institute; a facility for criminally insane superhumans. Hoping to find a cure for Kasady's madness, a doctor drew blood from him, unknowingly allowing him to transform back into Carnage. After bursting out of his restrains, Carnage freed fellow inmate Shriek from her confinement and escapes from Ravencroft with her. Carnage and Shriek then go on a killing spree and recruit Doppelganger, Demogoblin and Carrion into an army of psychopathic supervillains bent on taking over New York. Despite declaring himself the "father" of the group, the other members in fact hated Carnage and only stayed in devotion to Shriek.

As the death toll increases, Spider-Man, Venom, Captain America, Black Cat, Nightwatch, Cloak and Dagger, Iron Fist, Deathlok, Morbius, and Firestar all join forces to defeat Carnage and his gang, although they are polarized by Venom's desire to stop Carnage at all costs and Spider-Man's refusal to use violent methods, leading to Spider-Man abandoning Venom to Carnage's mercy. To make matters worse, Carnage uses Shriek's psychic channel powers to turn the populace of New York bloodthirsty and violent, allowing them to continue their killing spree without hindrance.

Eventually, Carnage turns on his "family", causing Shriek to become distracted from using her psychic power in the ensuing battle. Taking advantage of this, the heroes use a device acquired from Stark Industries to project feelings of love and hope into the villains, overwhelming them. While the others are captured, Carnage fakes his death by covering one of his victims in a mock Symbiote costume and flees. Once the heroes have dispersed, Carnage ambushes Venom, although, due to being left frantic and disoriented from the previous fight, he is relentlessly beaten and then tackled into an electrical generator. After being knocked senseless, he is arrested soon afterwards.

## Later life

Despite supposedly being irremovable, the Carnage symbiote left Cletus twice of its own volition, once to bond to Spider-Man's clone Ben Reilly, and the second time to bond to the Silver Surfer, but both times returned to its original host. Fed up with Carnage, Venom once devoured the symbiote, leaving Cletus powerless for a time, though the serial killer somehow managed to obtain an exact duplicate of it in the Negative Zone that has since merged with the remnants of the original.

When Cletus realized the Carnage symbiote was about to give birth, he passed the offspring on to a police officer named Patrick Mulligan, exhausted from trying to suppress the process and intending to kill them both later. This backfired when the offspring Toxin, teamed up with Spider-Man and Black Cat to defeat him and Venom. While imprisoned on the Raft, Carnage participated in a breakout but was apprehended by the Sentry, flown into orbit, and torn in half.

Presumed dead, Cletus was actually cocooned by the symbiote, but missed out on the Civil War, Skrull Invasion, and Dark Reign. His body was eventually recovered by Hall Industries, which extracted the symbiote from him and used it to engineer unique prosthetics. Equipped with a new pair of legs, Cletus was eventually reunited with the symbiote and stronger than ever, but was repelled by Spider-Man and Iron Man with help from the symbiote's new offspring, Scorn.

Traveling to Doverton Colorado, Kasady took over the town by creating copies of the symbiote, even parasitizing the Avengers, but was defeated by the Life Foundation symbiotes, Scorn, and Agent Venom. Imprisoned, he was freed by servants of Marquis Radu, a tyrant in the Microverse who intended to use the Carnage symbiote to create an unstoppable army. Pursued by Agent Venom and the Scarlet Spider, Carnage betrayed Radu's forces but was captured and his symbiote cloned and fused to copies of the Venom symbiote. Intrigued by this, Carnage attempted to assimilate the Venom symbiote to become even more powerful, but was stabbed through the head by the Scarlet Spider's stingers and lobotomized.

Comatose and under the control of the symbiote, Cletus was eventually broken free by Klaw and the increasingly psychotic Wizard, who wanted to turn him into his own version of Agent Venom. Unable to do so due to Cletus being brain-dead, the Wizard has Klaw subdue the symbiote and transfers it into his old friend Karl Malus, blowing up his base with Kasady still in it. The Wizard's control over Malus proved tenuous at best, and during a fight with the Superior Spider-Man he lost control, allowing the symbiote to take over and go on a rampage, destroying Klaw's corporeal form in the process.

The resulting shockwave blasted the symbiote off Malus and onto the Wizard, who the symbiote promptly took control of and resumed its rampage. Superior Spider-Man learns Kasady survived the explosion, albeit badly injured, and has his body recovered to exploit the symbiote's preference for him. The symbiote eluded Spider-Man's attempts to capture it and rebonded to Kasady, curing him of his coma, but the reunion was short lived before Klaw directed a bolt of lightning towards Carnage, separating Kasady and the symbiote once more. Spider-Man takes the symbiote into custody while Kasady is incarcerated again and revealed to have made a full recovery from his lobotomy.

Cletus undergoes psychotherapy and is integrated into the mainstream prison population, while without a host, the symbiote begins to die and escapes containment, seeking to reunite with him. Upon learning of the symbiote's escape, Kasady's psychologist, Dr. Jenner, hires a thug to shank him and then smothers him to death, offering himself to the symbiote as its next host. The symbiote refuses and resuscitates Kasady, rebonding to him, and the reunited Carnage returns the favour by smothering Jenner.

Carnage decides that his ambitions of conquest and transcendence have caused him nothing but grief and decides to get back to basics with another randomized killing spree. This attracts the attention of psychotic anti-hero Deadpool, who inadvertently comes to believe that it is his destiny to hunt Carnage down. Tracking him down, much to his confusion and outrage, Deadpool gains an upper hand over Carnage until Shriek arrives. Carnage and Shriek escape, but Deadpool tracks them down and tricks Carnage into badly injuring

Shriek. Broken from almost killing Shriek, Carnage allowed himself to be arrested and placed in an unlocked cell, swearing revenge on Deadpool.

## AXIS

Carnage would later be one of the villains recruited by Magneto to confront Red Onslaught, the former having convinced him to help out by promising that he'll cause more chaos by becoming a savior. As a result of the morality-altering magic used by Doctor Doom and Scarlet Witch during the fight, Carnage was filled with the urge to become a hero and returns to New York to "save" people, mostly oblivious to how his actions are causing more harm than good. At the same time, a new Sin-Eater begins murdering journalists, which leads to Carnage saving attention-seeking reporter Alice Gleason from him, and abducting her so that she may teach him how to become a great hero. Carnage later defeats and kills the Sin-Eater with the overwhelming force of his old sins, and Alice turns on him by convincing the police that he'd been attacking her. Carnage concludes that Alice is trying to teach him that to be a true hero he must be alone and escapes.

Carnage would then team up with Spider-Man, Steve Rogers, Magneto and the other morally-inverted villains to form the "Astonishing Avengers" to stop the threat of the Avengers, X-Men and Apocalypse. To stop the X-Men from destroying all humans within radius with their gene bomb, Carnage sacrifices himself to contain the blast-Spider-Man describing this act as the worst man he ever knew doing the most noble thing he'd ever seen. Following the inversion of all the heroes and villains, the Astonishing Avengers would take the fall for the Avengers and X-Men's actions, this being confirmed through a video released to the public, in which Carnage served as the group's spokesperson.

## Post AXIS

Carnage somehow managed to cheat death again and decided to track down and kill a friend he had made while his morality was reversed; Sam Alexander, the teenage superhero Nova, as he wanted to erase all history of his good deeds, including anyone who remembered him being a hero. After first proving that he had reverted to his old ways by murdering a random bystander, Carnage took Nova's mother hostage at the local diner she works at in order to lure him out, and escapes after being wounded by the Nova Force.

He then attacks Sam at his school, only to find that Nova is flying around in the area (in reality, Sam's mother wearing his helmet), thus making him drop the idea that Sam is Nova and chase after his mother. He soon looses track of the false Nova and starts attacking people to lure him out, which he succeeds in doing. Nova manages to stun Carnage by setting off various car alarms, and, realizing the Symbiote's weakness to high frequencies, he throws him into an Anthrax concert nearby, sending Carnage fleeing for the road. The fight soon ends as Carnage is ran over by a truck and Nova restrains him, dropping him off at Ryker's Island.

Red Goblin

Later, following HYDRA's takeover of America, Norman Osborn steals the Carnage Symbiote from and abandoned S.H.I.E.L.D. storehouse and decides to use it for himself. While initially overpowered by the Symbiote's desire for violence and destruction, Norman manages to convince it to be used for something more than "boring" mindless slaughter. Norman then uses the Symbiote to begin a crusade as the terrifying Red Goblin, combining his tech and powers with the Symbiote's own abilities, thus granting the both of them all of their strengths with none of their weaknesses.

He uses his new form to easily beat Spider-Man and his allies, assimilate his grandson Normie into a miniature Red Goblin, and target Spider-Man's friends and loved ones when the latter abandons his promise to give up heroics, even killing Flash Thompson/Agent Anti-Venom. After donning the Venom Symbiote once again to fight his archenemy, Spider-Man convinces Norman to abandon the Carnage Symbiote to prove he doesn't need it to finish him, and subsequently blows the Symbiote up with an exploding gas tank. The resulting feedback seemingly destroys the remains Norman's mind, leaving him with the belief that Spider-Man is really Norman Osborn and he is Cletus Kassidy (although it is implied that he could be faking his mental state). In the aftermath, it is also shown that a sliver of the Carnage Symbiote is still attached to

Normie.

Poison-X

In the Venomverse sequel Crossover, Cletus becomes Poison Carnage, feigning loyalty to the Poisons and doing battle with Spider-Man and Venom once more. The fight ends with Carnage being jettisoned out into the vacuum of space.

Carnage Reborn

In the latest Venom series, Cletus Kasady, after becoming Poison Carnage, crash-lands onto Earth, losing his symbiote after it burns in the atmosphere trying to protect him, dying shortly afterwards; he is soon found and revived by the Church of the New Darkness, a cult that worships the symbiote god Knull, bonding to an offshoot of the primordial Grendel symbiote in the process. After killing a corrupted Scorn and consuming her codex, the reborn Cletus assumes leadership of the cult and decides to harvest as many codices from former and current symbiote hosts as he can in order to free Knull from his prison on planet Klyntar.

---

When I was finished, everyone that hadn't heard it was horrified that he can be so screwed up in the head and how he wants nothing more than the see the entire planet burn.

Nico: Yeah and also Girl Jordan has a terrible vendetta against him.

Laney: It's true.

Me: Lets find him.

We went and looked for him and in an abandoned power plant we found red webbing all over and then out came CLETUS KASADY!

Me: Cletus Kasady, A.K.A. CARNAGE!

Amazing Kasady: I'm not Cletus Kasady. Not anymore. I'm my true self now. I'm Carnage.

Me: You're gonna be dead by the time we're through with you.

Spiderman: That's right Kasady. Your reign of evil is over.

Amazing Carnage: Something's very different about you, Spider Man.

Spiderman: I know. I've been losing weight.

Amazing Carnage: Oh, that's not it at all. I can see it in your eyes. You've killed people, haven't you? Just like me!

Nico: (to Girl Jordan) Girl Jordan, if you lose it, you're suspended from the team for 2 days.

Goku: I'd listen to Nico if I were you.

Me: Guys let her do this. He's the monster that tore her life apart remember?

Nico: Oh right. I remember that. She has a huge vendetta with him.

Girl Jordan then had water and dragons made of pure water swirl around her!

Girl Jordan: Kasady you destroyed my life! And I will never forgive you for everything you've done to me! You destroyed my life and now I will make sure you suffer for it!

Amazing Carnage: What are you gonna do about it little girl?

Girl Jordan: I'm going to kill you!

Suddenly Girl Jordan had a massive blast of light explode out of her and then a massive vortex of water exploded out of her and went high into the sky and her power and energy levels were skyrocketing at a powerful rate! When the vortex faded, Girl Jordan emerged forever changed!

(IMPERATRIX MUNDI PLAYS AT 1:45 to 2:10)

She looked like she was now 21 years old and she had a dragon on a water wave emblazoned in the middle of her forehead and she had dragon earrings and she had a dragon of water on her shirt with water on the bottom of her shirt and she had a blue skirt with water waves and dragons blue leggings and she had blue combat boots and she had a sleeveless trench coat with water waves and a dragon on it and on the back was the kanji for GIRL JORDAN, EMISSARY OF LER AND AMBASSADOR OF THE DRAGON OF WATER AND WHIRLPOOL OF JUSTICE.

ガール・ジョーダン、水と正義の渦のドラゴンのラーとアンバサダーの首長。

She also had wings made of pure water! She was now a SUPER ANGEL 10,000,000,000 MAELSTROM MEGATSUNAMI DRAGON!

Me: WHOA! Girl Jordan you look incredible!

Nico: WHOA! Wow!

Lincoln: Girl Jordan you look awesome!

Eli: Yeah G.J. You look awesome!

Nunnally: Wow!

Me: How do you feel?

Girl Jordan: (Divine Echoing Water Voice) **I feel amazing guys. Now I'm going to get revenge on this monster for ruining my life!**

David and Nina were shocked at what happened to her. She has become a powerful warrior and a skilled fighter.

Nina: Wow! My daughter is so powerful.

David: That's our baby girl.

Me: Tear this bastard apart!

Girl Jordan: **With pleasure!**

Girl Jordan went at Kasady and punched him in the face with devastating force and she kicked him in the stomach many times and punched him in the face and broke his nose and then leg swept him and kicked him in the back and into the air and then smashed her leg into him with a deadly axe kick and she smashed him into the ground with incredible force. Kasady got up and he had blood dripping from his nose and mouth and bones were sticking out of his arms and legs.

Girl Jordan: **You make me sick Kasady. All you know is how to destroy and kill! You don't give a flying fuck about anyone or anything! All you know is how to terrorize people with fear!**

Kasady got up.

Amazing Kasady: That's right! And I will do so again and again! For I am…

He then had his Symbiote emerge and he turned into CARNAGE!

Amazing Carnage: CARNAGE!

Girl Jordan: **You have gone too far and now you have to deal with me!**

Girl Jordan flared up her aura with incredible force and it was neon blue and had dragons made of pure water swirling around it and then she flew at Carnage at full force and smashed into his stomach head on and punched him in his face with devastating force and kicked him in the face and knocked him down and then she kneed him in his stomach with incredible and devastating force! He belched up a huge amount of blood and he got up and punched and kicked at her and she dodged all his strikes and Carnage formed his hands into axes and swords and scythes and she dodged his strikes too and she dodged his tentacles and grabbed them and pulled him in and kneed him in the face and she brutally punched him in the face and kicked him square in the crotch with devastating force. Then she teleported as he sent more of his tentacles and she kicked him in the back with incredible force and smashed him into the floor. Then she grabbed him by his neck and started choking him. Girl Jordan was so enraged with him for tearing her life apart that she was gonna make sure that he suffered big time. She then head butt him repeatedly and brutally massacred him all over the place with indiscriminate fury and she was not gonna stop until she made sure that he suffered for all the pain and death he caused not only to her but to the thousands of lives he destroyed. He killed 23 people and he destroyed families all over. She then threw him into the wall and fired a powerful water dragon and smashed him into the wall with incredible devastating force and then a blast of fire burned him all over as it exploded out.

Spiderman then went up to him.

Amazing Carnage: Go on, Webhead. Kill me. Embrace your true killer inside!

Armada Starscream: Oh, you'd like that, wouldn't you? To die a martyr.

Spiderman: No. I got a better idea on how to deal with you.

Me: So do I. And that's spending an eternity in our newest prison. But first.

I fired a beam of light and it hit him and pulled the Carnage Symbiote out of him and he screamed in excruciating pain and I pulled it out of him and put it in a jar that said

DO NOT OPEN UNDER ANY CONDITION!

I then held out a syringe and it was full of a green liquid and I injected it into him and he was paralyzed from the neck down!

Kasady: (Weakly) What have you done to me!? I can't feel my arms and legs!

Me: I injected you with a poison that destroys your entire spinal column from the neck down. You are completely paralyzed and crippled permanently.

Cybertron Jetfire: (Australian Accent) Paralyzed from the neck down. Why haven't we thought about that before?

Me: We had to remove the Symbiote first and then inject him with the poison.

Cybertron Jetfire: That makes sense.

Girl Jordan had avenged herself and then she fell to the ground and her eyes welled up with tears and then she broke down crying and Lincoln went up to her and comforted her as she was crying hard.

* * *

Back at the World Tree Estate, Lincoln was comforting a totally sad and crying Girl Jordan and the rest of us were giving her some space so she can cry.

Nico: Poor G.J.

Me: Yeah it's awful she went through all that.

Tso Lan: By the way, Nico, it's your turn to lead us today.

Nico: I know. But I haven't thought of a good mission yet.

Lincoln was still comforting a crying Girl Jordan who was REALLY crying her heart out.

Nico: Poor G.J. She hasn't stopped crying since yesterday.

Me: Poor thing. Nico don't suspend her from the team.

Nico: I'm not. After everything that happened to her, her reasons are totally justified. But man. Poor Jordan.

Éclair: Her entire life was destroyed because of that monster.

Doppel: That monster was one of the most screwed up people I've ever seen.

Me: Kasady has always been fucked up in the head and he always got a good thrill out of killing innocent people all for fun. He was a total Nihilistic Sadomasochistic Destroyer. And he loved seeing people suffer and wanted nothing more than to see the entire world burn.

Ruby Rose: He is worse than Tyrian Callows.

Twilight Sparkle: Yeah no kidding.

Nicole was playing a game that I've never played before called Skies of Arcadia and it was amazing.

---

Arcadia is the world in which the game Skies of Arcadia takes place. The world is splintered into airborne landmasses and its people utilize flying ships to travel the skies.

The sky is separated into three "layers": Upper, Central, and Lower Sky, though most ships are only capable of traveling in Central Sky due to heavy atmospheric pressures and wind. Underneath Lower Sky is the Great Cloud Sea, an impassable sea of cloud and wind which has lead to myths of a "land of the dead" below. In reality, the world below, referred to as Deep Sky and accessible via the Vortex, is an extremely dark and inhospitable place, full of mud and marked by torrential rain and thunderstorms. Raja are the only known living beings underneath, and Soltis is hidden below.

Arcadia is orbited by six moons of different colors: red, green, blue, purple, yellow, and silver. These moons influence Arcadia and its various cultures heavily. Thousands of years prior to the events of the game, the Old World was destroyed by the Rains of Destruction after already suffering heavily from the rampage of the Gigas; it is unknown if this is what caused the world to become a collection of scattered islands or if the world was always such.

Vyse and Aika are members of the Blue Rogues, a faction of Robin Hood-minded air pirates gathered together to resist the militant and tyrannical Valuan Empire. Led by Empress Teodora, the empire seeks the Moon Crystals to reawaken the Gigas and take over the world. Teodora directs the Valuan Armada, a fleet of warships led by admirals Galcian and Ramirez, to find them. Upon the Silver Civilization learning of this plan, they send Fina to find the Moon Crystals first. She is captured by the Armada, but saved by Vyse and Aika, who, with mutual enemies, agree to help her mission.

Hitching a ride with an old fisherman, Drachma, and his ship, the trio recover the Red Moon Crystal from a temple in the desert nation of Nasr and the Green Moon Crystal high above Ixa'taka, a continent of lush forests, while foiling Valuan operations. When Drachma's ship is damaged in a Valuan attack, Vyse is stranded on the small Crescent Island, where he uncovers letters and a map left behind by another pirate seeking treasure. Vyse is found by a fellow Blue Rogue, Gilder, who takes him aboard to search for his friends. Aika and Fina end up in the care of another Blue Rogue, Clara, who takes them to Nasr to help search for Vyse. Aika and Fina find out about the same treasure Vyse learned of, and the three reunite, but are captured by Ramirez and brought to the Valuans' prison fortress. By enlisting the Valuan prince Enrique, who has lost patience with his government's tyranny, and stealing a powerful Valuan warship, the Delphinus, the Blue Rogues escape. Vyse brings everyone back to Crescent Island, where he establishes a base of operations for his crew.

The party recovers the Blue Moon Crystal from the eastern Oriental land of Yafutoma and the Purple Moon Crystal from the southern glacial content of Glacia. After obtaining the Yellow Moon Crystal from the Valuan continent, they retrieve Fina's captured ship, which she needs to bring the Moon Crystals to the Silver Civilization in an immense shrine that orbits Arcadia. Ramirez's fleet assaults the Blue Rogues and he steals their Moon Crystals. Vyse, Aika, Fina, and Gilder travel to the Great Silver Shrine in orbit to confer with the elders; they are followed by Galcian and Ramirez, who assassinate the leader of the Silvite elders and from his body extract the final Moon Crystal.

Galcian and Ramirez use the Moon Crystals to raise the lost Silver continent of Soltis and break the seal on the Silver Gigas. They use the Rains of Destruction to annihilate the Valuan capital, killing Empress Teodora and seizing control of the Valuan Armada in a bid to dominate the world. Vyse rallies a fleet of Blue Rogues, Yafutoman warships, and ships from other regions of the world to battle the Valuan Armada. The Delphinus crew disables the Hydra, Galcian's capital ship, and boards the ship and defeat Galcian, with assistance from Galcian's subordinate Belleza, who turns on him and kills them both.

Ramirez, who has retreated into Soltis, is enraged at Galcian's death, and prepares to use the Rains of Destruction to wipe out the Blue Rogues. He is stopped by the Silvites, who sacrifice their lives to take down the protective shield around Soltis. The party enters Soltis and battle Ramirez, who merges with the Silver Gigas, Zelos, allowing it to awaken. Returning to the Delphinus, Vyse and his crew do battle with Zelos and manage to defeat it. The party rushes to the outer deck, where a chunk of Zelos, merged with Ramirez and controlling him, slams onto the Delphinus's deck. They battle, resulting in Ramirez's death and the defeat of the Valuan Armada. Enrique, the prince of Valua, marries a princess of Yafutoma and becomes emperor of Valua. With a promise of benevolent rule, he and his wife oversee the reconstruction of the Valuan capital. Vyse and Aika inaugurate Fina as a Blue Rogue, and the three sail into the sunset.

---

Nico: Hey I know that game and it gave me an idea for the next mission. We're gonna go to the world of Arcadia.

Me: Awesome! Never played Skies of Arcadia before but it looks amazing.

Nicole: It sure is dad.

Roman, Devack, Carly, Misty, Calamitous, Manta Bayarsh, Kalin, Number 7, Absorbing Man, and Greiger then appeared.

Rex Goodwin: Can me, Roman, Devack, Carly, Misty, Calamitous, Manta Bayarsh, Number 7, Absorbing Man, and Greiger come with you all?

Nico: You all sure can. It's my turn to lead this time.

Misty saw Girl Jordan crying hard.

Misty Tredwell: We heard about what happened to Jordan.

Greiger: Yeah that was awful. She nearly lost everything because of Kasady.

Nico: I know. His heart is filled with so much hatred towards all of life on Earth and he is an absolute monster.

Doppel: Yeah Kasady should have been killed.

Me: We killed him 3 times and banished him to the Warp, put another one in a DISK and now just recently we put a 4th one in the Miranda Prison.

Laney: Yeah it was crazy.

Crystal Laney: Boy he is really dangerous.

Laney: You have no idea Crystal me. He was born a monster and he hurt so many lives.

Eli: Yeah.

Nico: I don't know what happened because I wasn't here at the time but can you tell me what happened that lead up to this?

Me: Right you weren't with us back then but here goes. It was after Girl Jordan was blessed by the Water Dragon of Ler, the God of the Sea in Irish Myth.

Laney: I remember that. That was something.

I went over the events of chapters 234 and 309 and it was something.

When I was finished everyone was shocked.

Nico: WHOA MAN! I've heard about that kid Nathan Puwalsky. He was a monster.

Me: Yeah he was. But Girl Jordan socked it to him and got him hanged for his crimes and we buried him in an unmarked grave.

Laney: Yeah good riddance.

Misty Tredwell: Wow that was intense.

Carly Atlas: Yeah it sure was.

Me: But here's how Kasady ruined her life.

I went over the events of chapter 310 and everyone was shocked!

Nico: Whoa man! So that's how you guys killed Kasady the first time and met the great Stan Lee.

Me: Yep. It was awesome meeting Stan Lee the first time. But we got justice by killing Kasady too. Also when we went to Berk, remember that Girl Jordan got retribution on Kasady when he was turned into a Heartless?

Nico: Yeah I sure do!

Me: Yep. Ever since that day, Girl Jordan has harbored an intensely burning vendetta on all versions of Cletus Kasady, A.K.A. Carnage, the most fucked up monster on the entire planet.

Doppel: Whoa that's crazy!

Kalin: Yeah it sure is. I can't believe that Kasady is that insane and evil.

Rex Goodwin: He makes even the Devil himself look like a joke.

Nico: No kidding. And he also makes all the most evil serial killers look evil.

Girl Jordan was still crying hard.

Lincoln: Girl Jordan you got to stop crying. You're only going to feel worse.

Girl Jordan: (Crying Hard) I can't Lincoln! It hurts so much!

Lincoln: I know. I know.

Nico: Lets get moving guys.

We went to the world of Arcadia.

## ARCADIA

We arrived in the world of Arcadia.

Koichi: This must be the place.

Nicole: Yep. Welcome to Arcadia.

Nico: This is gonna be so cool!

Laney: It sure is.

Air Lincoln: I can't wait to soar through the skies and take down some of the bad guys here.

Nico: Well you will get your chance. But first we got to find Vyse and his team.

Nicole: Yep and I know where to find them. Follow me.

We walked with Nicole and Girl Jordan was still crying hard.

Lincoln: Jordan you got to stop crying. You're going to feel worse.

Girl Jordan: (Crying Hard) I can't Lincoln! It hurts so much and I hate that monster for ruining me.

Eli: Girl Jordan if it makes you feel any better, I'll tell you what happened to me that caused a massive burning vendetta to me.

Girl Jordan: (Sniffles) Okay.

Eli: Remember Sephiroth?

Girl Jordan: Yeah.

Eli: Like you I harbor an intense burning vendetta against that monster for killing Aerith, the woman that I love like my own mother. He killed so many people that it's unbelievable. My hatred towards that monster was so intense and so powerful that it nearly destroyed me. I would get these terrible piercing glowing red eyes and my teeth would turn into fangs and I would get so angry at everyone that comes near me that I would threaten to kill them if they did. It was nearly to the point of beyond reasoning. J.D. and the Loud Kids would become horrified about that when that happens to me.

Girl Jordan: Wow. That's terrible.

Eli: Yeah it is. My hatred towards Sephiroth for everything he did was so intense that it nearly consumed me. I wanted nothing more than to send that asshole to the darkness of the 9 Levels of Hell for his crimes. It was horrible.

Girl Jordan: Jeez. Did J.D. stop you?

Eli: He did. But I was so distraught from it that I couldn't speak to anyone for days.

Girl Jordan: That's bad.

Lincoln: It sure is. I didn't know that happened to you Eli.

Eli: Yeah. But G.J. don't make the same mistakes as I did.

Girl Jordan: I'll try not to. But it's gonna be tough.

Eli: I know you can do it.

We got to a city and at a garage we saw Vyse and his team.

Devack: Excuse me. Are you Vyse?

Vyse: That's right. I'm Vyse, Leader of the Blue Rogues. (Sees us) Whoa! Team Loud Phoenix Storm! It's such an honor to meet you all.

Nico: Same to you Vyse. We heard so much about you from Nicole here.

Doppel: It's awesome how you all take down sky pirates and all that.

Aika: It's so awesome meeting you all. I'm Aika.

Fina: My name is Fina and it's a pleasure.

Drachma: I'm Drachma and it's an honor.

Girder (SOA): Name's Girder. Pleasure to meet you all.

Enrique: And I'm Enrique. Pleasure to make your acquaintance.

Lana: Same to all of you.

Yang: Drachma what happened to your arm and eye?

Drachma: I lost it in an air battle with Rhaknom and I was after him for years to get revenge.

Luca: Jeez!

Me: Like with Captain Ahab and Moby Dick, the Albino Sperm Whale who bit off his leg.

Nico: That's nuts.

Drachma: It is like that story huh.

Nico: Yeah it sure is.

Thomas Norstein: Nico, I just want to say that you and J.D have done a good job at leading the team so far.

Nico: Thank you.

Me: That's greatly appreciated.

Thomas Norstein: But I think the next time anyone steps out of line, you should discipline them. Like spanking them, for example. I know it might be hard but it's the only way everyone else will listen to you and J.D.'s authority.

Nico: That's a good idea. But only when one of them acts out of line.

Me: Spanking is something we don't like to do.

Nico: Yeah we have a no spanking policy.

Me: And we're not gonna use shock collars. Mr. Lynn Sr. and Ms. Rita have their kids well kept in line and we're helping them out.

Eli: Yep.

Doppel: That sure is amazing.

Blast Off: Do you guys got ships like Aerrow and his fellow Storm Hawks do?

Vyse: We sure do.

We were lead to the Blue Rogues ship and we saw that it was an awesome air ship that looked like a dolphin and it was called the Delphinus.

Me: WHOA!

Nico: Wow! What a ship!

Troy Burrows: That is so cool!

Eli: That ship is so cool!

Twilight Sparkle: Wow!

Rainbow Dash: Awesome ship!

Carly Atlas: Tell me you guys got a fridge!

Vyse: We sure do and it's crammed with food for us in case.

Me: Awesome!

Nico: This is gonna be so cool.

Lola: Yeah it is!

Me: By the way do you guys have any enemies for us?

Vyse: Yes we do and we're gonna go after one of them right now.

Me: Sweet!

Nico: Lets get him!

Vyse: We're going after Galcian.

Me: Okay.

We got in the ship and we were off.

Later we were having lunch.

Girl Jordan: I want some ice cream.

Nico: No, Girl Jordan. We'll have some after we kill Galcian

Girl Jordan takes a chair to the fridge, much to my dismay

Nico: You- Hey. You get back here right now, missy.

Girl Jordan stands on the chair and reaches for the freezer

Nico: No. Don't you- Get down from that chair, or you're in big trouble.

Girl Jordan opens the freezer and extracts a carton of ice cream

Nico: You put that ice cream back right now. I mean it.

Girl Jordan closes the freezer, comes back down with the ice cream, and takes a seat

Nico: I'm not kidding around. I'm not gonna say it again.

Girl Jordan removes the lid from the carton and is about to eat one scoop

Nico: If you put that ice cream in your mouth, you're gonna be in big trouble, young lady.

Girl Jordan slowly takes a bite of the ice cream. Then Nico zip toward her and slaps her on the behind repeatedly.

Girl Jordan: (wails in agony) I WANT MY MOMMY! I WANT MY MOMMY!

Maria: Girl Jordan, that's enough! I know what Kasady did to you was bad but you can't lose yourself over it!

Nico: (to everyone else) And let that be a lesson to the rest of you. Me and J.D. are the leaders of this time unless stated otherwise, so you guys do what we say with no questions asked! We're not gonna tolerate anymore disobedience! (looks at Nico) Not even from each other.

Me: Nico that's enough!

POW!

I knocked Nico down.

Nico: OW!

Me: Sorry man but have you lost your fucking mind! I told you no Spanking!

Eli: Yeah what is wrong with you!?

Nico: I was doing my job.

Me: I know but Spanking is going overboard! Leave that to Count Spankulot. Also Girl Jordan just wanted some ice cream is that so wrong?

Nico: Well no.

Maria: Yeah.

Lynn: Nico, first, I would like to say that your message is clear to us. From now on, we'll follow you and JD's oders without question.

Nico: Glad to hear it.

Me: Much appreciate it. But Nico NO MORE SPANKING! GOT IT!?

Nico: I'm sorry man!

Me: Good. Don't let me catch you doing it again. (Extends Razor Sharp Wolverine claws from knuckles) Or else your tail comes off.

Nico: (Gulp)

Lynn: And second, let me show you guys a new trick I learned!

Nico: What is it?

Lynn went over to an orange and picked it up.

Lynn: Watch. Lava is hot, Ice is cold, turn this object into gold.

The orange glowed and then to our shock it turned into solid gold!

We gasped!

Me: WHOA!

I went and looked at it and felt that it was real!

Me: This orange has been turned into 24K Solid Gold!

Lola tested it with the mouth test and it was indeed real!

Lola: IT'S REAL!

Me: WHOA!

Misty Tredwell: Lynn, aren't you worried that this ability of yours might backfire on you? That's happened a lot with most people who create gold.

Lynn: I found out that it only works when I say that phrase.

Me: How did this happen to you?

Lynn: I had a dream where I met this wizard and I found out that I can do it. It's like it was a power given to me.

Nico: Whoa!

Laney: Yeah that is cool!

Me: You have what's called the Midas Touch.

Lynn: You mean like that Greek Legend about that king that had the power to turn everything he touched into gold?

Me: Yeah that's it.

Nico: That's amazing.

Me: It sure is.

Vyse: You guys sure you can help us kill Galican?

Brimstone: Of course! We've taken down lots of powerful baddies before. Heck, some of us have even taken them down solo.

Nico: Brimstone's right. Like me, for example. Two villains that I managed to kill by myself are Phobos and Dark Danny.

Girl Jordan: (bitter at Nico) Careful, Nico. You might dislocate your shoulder patting yourself on the back!

Me: Girl Jordan! That was totally uncalled for!

Girl Jordan: Sorry but he hurt me!

Me: I know he did. This day has been very rough for you and I'm sorry.

Lincoln: Yeah G.J.

Girl Jordan then welled up with tears and then she hugged Lincoln and cried again.

Lincoln: Oh there there.

Vyse: What did you mean by that J.D.?

Me: Long ugly story. Her life was torn apart by an old enemy of ours.

Vyse: Oh.

Fina: That's bad.

Me: Yeah.

Cloud Man: As someone who uses clouds a lot, I have to say that I like the view from up here.

Nico: It sure is pretty.

Girl Jordan had a block of ice on her from being spanked too hard and steam was coming out of the ice.

Me: Nico your spanks are powerful. That's why we don't allow spanking ever. You're a Saiyan and your strength when you spank someone is like getting hit by a comet in your butt going at 30,000 miles per hour.

Nico: Ooh I never thought about that. Sorry.

Me: It's all right. Vyse before we go after Galican what can you tell us about him?

Vysa: Well he is the worst ever known.

He told us all about his history.

---

Lord Galcian is the leader of Valuan Empire's Imperial Armada and the main antagonist of Skies of Arcadia. He sought to rule the world with iron fist, ready to destroy whole cities to achieve his goal.

Biography

During Valua-Nasr War Galcian was an ambitious officer who rose to the rank of the First Admiral of Armada. Though he had no respect for his superior Lord Mendosa, he was interested in his protege Ramirez, warning him not to give trust as easily as he did. Galcian then promoted to the lord after the death of Mendosa, about ten years before the actions of "Skies of Arcadia". At this rate, he convinced Empress Teodora to use ancient Gigas to conquer the world.

Lord Galcian was planing to rule Arcadia himself, manipulating the over-aggressive and mentally unstable Empress Teodora I. His ultimate goal was to revive the ancient continent Soltis of the Silver Civilization and use their Gigas - Zelos to unleash legendary Rains of Destruction which destroyed whole Old World on Valua to make them an example of his power.

He appeared several times chatting with the Admirals, Empress and also promoting his right-hand Ramirez to the Admiral. Galcian also tried to kill Vyse several times like when he was rescuing Fina from Valua or escaping Dangral Island, but while the first time they were rescued by captain Drachma, the second time it was Admiral Gregorio who protected them at cost of his life, being killed by Galcian, who ordered to sent his body to Valua with care, showing respect for him.

When admiral Belleza questioned his methods, Galcian sent her to Valua with a diplomatic mission, truly sending her to death, as later he got Soltis revived and unleashed the Rains of Destructions upon Valua, destroying the whole empire. It is only seen that Prince Enrique and Belleza survived as Belleza was ordered to imprison prince Enrique to the Grand Fortress by Admiral Alfonso and Empress Teodora and could maneuver the Rains.

Galcian's fleet then set for other countries to annouce his rule, only to be battled against Air Pirates Fleet. After Galcian's air fortress Hydra was damaged, Galcian battled Vyse himself, only to be defeated and retreat, though Vyse thought he was too arrogant to escape. However, survived Belleza lend her Lynx in battle and committed suicide by striking Galcian's shuttle, killing both of them to pay for Valua people death.

---

When he was done we were shocked and horrified!

Me: WHOA MAN!

Nico: This guy is REALLY BAD NEWS!

Eli: Yeah he is a monster!

Me: Yeah he is.

Girl Jordan was hurting from it.

Lola: (to everyone else) C'mon, guys. Nico's only trying to be the best leader he can be.

Girl Jordan: He spanked me very hard! How am i supposed to forget that?!

Dan Kuso: We know Nico's trying to be a good leader. But he went a little overboard spanking Girl Jordan!

Thomas Norstein: You think Nico enjoyed spanking Girl Jordan? Well, he didn't. All he was doing was trying to make sure none of you guys disobeyed his orders.

Shun: It's like how parents discipline their kids whenever they do something bad. (to Dan with a smirk) Besides, I know some instances when your mom spanked you when you were young.

Dan blushed in embarassment at this.

Me: Guys don't make things worse. Girl Jordan you got to let this bitterness towards Nico go. It's not healthy.

Eli: Yeah he was just doing his job. And being mad at him is not gonna help. Remember all the stuff he went through because of the Digimon Emperor and all that?

Nico: Yeah and I was made second in command for a reason.

Me: That's right. Nico is only doing his job. He was made enforcer for a reason.

Nico: (to the Trinity of Violence) Thanks for sticking by my side, guys.

Lori: Anytime.

Lynn: Yeah it was great.

Me: Yep.

Nico: (to Girl Jordan and Lincoln) No hard feelings, right? I just don't want people disobeying me and J.D.'s orders anymore.

Girl Jordan: I understand. And Nico?

POW!

Girl Jordan punched him in his eye and gave him a nasty black eye.

Girl Jordan: Now we're even.

Nico: (Birds chirping around his head) (Stupidly) Thank you.

FWOMP!

We were flying over the mountains.

Greiger: We're gonna need our ships for this, won't we?

Nico: Yep. Lets get them ready.

Me: Here we go!

Then a huge portal opened behind us and out came the U.S.S. Valorous Phoenix and the ship beamed us aboard and we got into the ships.

Lola: (to Lori and Lynn) Ironic, isn't it? We were the ones who got mad at Nico for his contengencies. And now, here we are standing by his side.

Lori: Yeah it sure is.

Lynn: And I like it.

Nico: Here we go. Lets get those monsters.

Our ships took off and we were ready for action.

Lord Galcian saw something coming over the horizon and it was our massive ship!

Lord Galcian: What is that ship?

It was getting closer and closer and closer.

Lord Galcian: Deploy all troops and destroy that ship.

Megaforce Rangers: Legendary Ranger Mode: Hyperjet Squad

The Megaforce Rangers turned into the Jetman Rangers.

Vyse: So awesome!

Eli: Yeah!

More ships came.

Kairi Yano: (to Manta Bayarsh) Can't you use your body swapping ability on the minions?

Manta Bayarsh: I could if I could find something to swap them with!

Me: And I have an idea.

I snapped my fingers and made it rain frogs and Manta Bayarsh switched the bodies of the minions with the frogs.

Android 21: Let me out there. I'll help take down those morons as well!

Nico: Go get them!

Android 21 flew at them and blasted them all over.

Eli: Taste this you freaks!

Eli fired Force Lightning and electrocuted them all over and Rey did the same and blasted them apart.

Calamitous: We need to head to where Galcian is.

Aerrow: Vyse, I just want to say that you and your team are an awesome version of us.

Vyse: I appreciate the compliment.

Nico: Awesome.

Gemini Man: If we take out Galcian, the rest of his minions will follow.

Nico: Good thinking.

Me: Lets get them guys!

Nico: Yeah! All fighters follow me!

We flew to the castle and we landed and then went to the throne room.

In his throne room, Galcian was watching the battle. Suddenly…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive rainbow fire explosion blasted a hole through his door and the symbols of the Nazca Lines flew in and swirled around and popped and we landed and we were facing Galcian!

Absorbing Man: (absorbs the ground) Knock knock. Can we come to play?!

Nico: Galcian it's time for you to die.

Lord Galcian: We'll see about that.

Nico fired an energy beam and it hit him in the knee and blew his leg off.

He screamed in pain as he lost his leg.

Nico: Lets get him guys!

We went at him and punched and kicked and blasted and slashed him all over the place and smashed him all over the place and brutally pulverized him into pulp.

Lystone and Najarin blasted and smashed him all over the place with incredible fury.

Earthworm Jim: EAT DIRT TYRANT OF THE AIR! (BLASTS GALCIAN ALL OVER) HAHAHAHAHAHAHAHAHAHAHAHAHAHAHA!

The blasts all hit Galcian and smashed him down.

Nico: Take that!

Slobber Trap: (pours some gasoline on the ground) Hey, Lola. What happens when fire meets gasoline?

Lola: It burns.

She lit it on fire.

Nico: Run!

We ran fast and then the castle and Galcian exploded in a massive explosion of fire.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The ships outside all then exploded and they were destroyed!

Nico: That did it!

Vyse: That's the end of Galcian.

Eli: Yep. Serves that bastard right.

Nico: Yep.

Number 7: Excellent strategy using a combination of gasoline and

fire.

Lola: Thanks.

Slobber Trap: That was clever.

Nico: It sure was. Great job everyone.

Morton Koopa: (to Girl Jordan and Nico) So, you two are okay now, right? Just wanted to ask since we have some time before heading back.

Girl Jordan: Yeah we're all right.

Nico: Yeah that's right.

Lugnut: (to Nico) If anything, my liege, I think you are an excellent leader, temporary or not.

Nico: (blushes) Aw, thanks!

Roman: (chuckles) Looks like Lugnut is showing the same loyalty to you that he shows his version of Megatron.

Nico: Awesome. Lets head home for our usual battles.

Me: Good idea.

We went back to the World Tree Estate and we were getting ready for the Usual Battles.

Dai Gui the Demon Sorcerer of Earth, Shendu the Demon Sorcerer of Fire, Tchang Zu the Demon Sorcerer of Thunder, Hsi Wu the Demon Sorcerer of the Sky, Xiao Fung the Demon Sorcerer of Wind, Po Kong the Demon Sorcerer of the Mountain, Bane, Juggernaut, Abomination and Killer Croc then appeared.

Me: Dai Gui, Shendu, Tchang Zu, Hsi Wu, Xiao Fung, Po Kong, Bane, Juggernaut, Abomination and Killer Croc.

Dai Gui: So, what did we miss?

Nico: Nothing much. Just kicking ass like always.

Shendu: With your ships, right?

May: Of course.

Tchang Zu: Glad to hear it.

Xiao Fung: You guys must've killed a lot of minions.

William: To be fair, that number's probably in the millions.

Po Kong: (to Aerrow and Vyse) You two should team up more often.

Aerrow: That's a great idea.

Vyse: Yeah it sure is!

Dai Gui: We also have two new recruits ready to have some fun.

Me: Who are they?

We saw two figures come and they were THE CAJUN FOX AND THE SON OF THE CHICKEN FROM OUTER SPACE!

---

Cajun Fox

**Cajun Fox** is a nasty and crafty, smooth-talking fox with a very fine Cajun accent who is a villain in *Courage the Cowardly Dog* .

He was voiced by Paul Schoeffler who also voiced Katz and Le Quack in the same show.

History

He appeared in the episode "Cajun Granny Stew" where he kidnapped Muriel, and tried to turn her into stew. He basically appears as a talking fox, and has shades to cover his comical, unrealistically large eyes.

He also considers himself rather lucky.

He is defeated by Courage and next appears in "Ball of Revenge" where he tried to kill Courage with the help of the other antagonists in a game of dodge ball. He then tries to kill the injured dog with a meat cleaver. Courage later uses his "special talent" (that is, screaming) and he creates a hole in the ground, in which, the Fox, and the other antagonists fall through to their presumed deaths. Except for Eustace, who is the lone survivor.

Space Chicken's Son

**Space Chicken's Son** is a three headed alien chicken from outer space and the son of the previous Chicken from Outer Space. He/they are the primary antagonist(s) of the episode *Son of the Chicken from Outer Space.*

Their mother ordered them to kill Courage because he accidentally killed their father. When they failed to do so, the chickens began to cry because their mother wasn't going to allow them to return home until they had killed Courage. Courage felt bad and wanted to help them, so he devised a plan to make it appear as if they had succeeded in destroying him. The chickens took several photos of Courage's staged demise as proof that they had completed their mission, and then happily went to their planet show their mother the photos and she believed everything.

---

Francesca: The Cajun Fox and the Son of The Chicken From Outer Space!

Courage: AAAAAAAAAAAAAAAAAHHHHHHHHHHHHHH!

Cajun Fox: (Cajun Accent) Ooowee! I can't wait to have fun with you all.

Nico: That chicken has 3 heads!

Me: I've heard of 2 heads being better than one but never 3.

Doppel: I'll face the three-headed chicken.

Pepperdance: And I'll face the Cajun Fox, Cajun Girl VS Cajun Fox.

?: Good matchup.

A figure came out and it was CRUEL SENTURICON from episode 17 of Time Force!

---

Cruel Senturicon was created in the result of the chemical accident. Like all the other mutants, Cruel Senturicon was captured by Time Force. In the seventeenth episode, he was released by Ransik. Centuricon attacked Silver Hills with an army of cyclobots and fought the rangers. Cruel Senturicon used his anchor arms in battle. The Rangers quickly defeated all the cyclobots and then fought the mutant, who the removed his DNA patch and enlarged himself. The Rangers formed the Time Force Megazord in mode blue and started the battle. In his giant form Senturicon was more powerful and used his ability to become invisible and attacked the Megazord from different sides, using his super speed and his mace. Despite all of this, the Rangers used Mode Red and defeated the mutant.

---

Wes Collins: Cruel Senturicon!

Cruel Senturicon: Been a while rangers.

Me: I remember you! You were sent to destroy Silver Hills with an army of Cyclobots.

Cruel Senturicon: That's right J.D. Good memory on you.

Me: Never missed an episode.

Cruel Senturicon: I didn't actually spend a lot of time fighting you Rangers.

Nico: I know, right? You had a lot of potential. I mean, for crying out loud, you're like a combination of Robocop and Rogercop!

Cruel Senturicon: (Laughs) I do look like it huh?

Me: You got that right.

Eli: Yeah.

Bluto then appeared.

Sea: Back for a rematch aren't you Bluto?

Bluto: You bet I am.

Me: Lets get ready for a show. Vyse you and all your friends are in for a great show.

Vyse: Awesome!

---

1. Cornelia Hale, Twilight Sparkle, Thunder Sparkle, Star Swirl, Magic Skylanders, Stone Luna, Sailor Sun, Luan, Eddy, Tso Lan the Demon Sorcerer of The Moon and Juandissimo Magnifico VS Dai Gui the Demon Sorcerer of Earth

---

Dai Gui the Demon Sorcerer of Earth was first.

Dai Gui: (to Cornelia) So, Lynn can turn things into gold now?

Twilight Sparkle: A wizard came to her in a dream and she got the power to turn things into gold through a phrase.

Thunder Sparkle: Yeah it's really cool!

Star Swirl: She has what's called the Midas Touch.

Spyro: That is so amazing and gold is a metal made from the earth.

Stone Luna: It's so cool dudes.

Shendu: (to Kendra) Lynn should be very careful with her new power. King Midas also had the ability to turn things into gold. But that became a curse when he couldn't eat or drink anything because that turned into gold as well.

Kendra: I read all about that. Being cursed like that is what I call a fate worse than death. But Lynn can only turn things into gold by saying a phrase.

Sunset Shimmer: Yeah the power is only activated when she says a phrase. Which I think is amazing!

Phoenix Shimmer: It sure is. Lynn's new gold power is amazing!

Gusty: Yeah it sure is. We can have some of the fake gold jewelry, scrap metal, everything that's junk be turned into gold so we can melt them into gold bars and put them in the vault.

Sunburn: And we have tons of the stuff.

Sailor Mars: Yeah and we don't know what to do with it all. But now we do.

Rainbow Dash: But the difference with the Zapdos we know from the Kanto region and the Zapdos from Galar is that the Kanto Zapdos is a lightning Pokemon and the Galar Zapdos is a Fighting Type.

Scootaloo: Yeah and I think both Zapdos are awesome.

Magma Gloom: They sure are and that's a big difference between them both.

Apple Bloom: Yeah she sure would. She can turn into anyone and anything.

Frozen Fright: Yeah sure is amazing. J.D. and Georgina found a great one.

Mage Meadowbrook: Yeah she sure is.

Stealth Elf: You said it.

Steel Lynn: It's awesome and she has great gifts.

Sailor Moon: Yeah she does.

Sam Manson: She is gifted in lots of things.

Bane: Si. Lets do it!

He pumped himself with Venom and Steel Lynn formed into a Battering Ram and Laney picked him up and Bane charged and then…

SMASH!

Laney smashed him with Steel Lynn and they fired waves of leaves and plants and light and smashed him down.

Laney: ALL RIGHT!

Fluttershy: That was fun.

## 7. Cameron, Starlight Glimmer, Cozy Glow, Trixie, Starburst Aurora, Clover the Clever, Undead Skylanders, Sailor Saturn, Lucy Loud, Brittney, Ice Luan, Android 21 and Suzumebachi VS Juggernaut

Juggernaut was next.

Juggernaut: (to Cameron) Never did like that Carnage punk. He was too crazy even for me!

Cameron: He was completely crazy from the very beginning. What he did was completely unforgivable.

Starlight Glimmer: Yeah he wanted nothing more than to see the entire planet burn.

Cozy Glow: And the worst thing is that he ruined so many lives.

Trixie: What a heartless fiend. He needed to be stopped.

Starburst Aurora: Yeah he is pure evil. We should have just killed him instead of sending him to prison as a quadriplegic.

Clover the Clever: That would have been satisfying. Especially after everything he did to Girl Jordan.

Hex: Yeah what a monster and a fiend.

Sailor Saturn: He was killing since he was born.

Lucy Loud: He was pure evil from the very beginning.

Brittney: Yeah he sure was. He is Earth's version of Tyrian Callows: Psychotic Incarnate.

Ripster: Yeah that should be used more often like that. What Kasady did was unforgivable.

Pinkie Pie: He is the worst party pooper ever.

Maud Pie: (Monotonously) Yeah he was the worst.

Featherweight: No kidding. He was awful.

Little Cheese: He was horrible and a true monster.

Somnambula: (Egyptian Accent) People like him are monsters of ultimate evil.

Keiko: They sure are. But the Blue Rogues don't nearly have as many enemies like the Storm Hawks did.

Princess Luna: Yeah their enemy numbers were worse because of all the Cyclonians and all that.

Snowdrop: They had millions of enemies where as Vyse and his team have thousands.

Gari: That is a ton of enemies. Some of us weren't with everyone when everyone was facing some of those enemies when all that happened but that is amazing.

Nico teleported and opened it and inside it were a bunch of swords.

Nico: Whoa look at these swords.

Cruel Senturicon: Yeah they are neat. They are called the Sword of the Phoenix, The 9 Swords of Friendship, Forgiveness, Honesty, Kindness, Laughter, Loyalty, Generosity, Courage, and Humility abd the Swords of True Love and Unity.

The Sword of the Phoenix - It's a 6'0" massive, double-edged sword with a phoenix etched on the blade, and the phoenix will have living flame effects, a large fiery gem with phoenix wings for the crossguard, long black handle, and a large red sphere pommel with fire gems surrounding it and whoever wields it will gain a massive power and energy increase, but that person has to have the blood of a phoenix inside her.

The Swords of Friendship, Forgiveness, Honesty, Kindness, Laughter, Loyalty, Generosity, Courage, and Humility - They are nine 6'0" massive, double-edged swords with their elements reflecting on their blades, and they're represented by their cutie marks, Twilight Sparkle: Magic, for Sunset Shimmer: Fire, Applejack: Earth, Fluttershy: Nature with animals, Pinkie Pie: Balloons, Rainbow Dash: Rainbow Lightning, Rarity: Diamonds, Starlight Glimmer: Stars and Nebulae, and Trixie Lulamoon: Magic, and their blades will also have something etched on them, it'll be them and Lincoln sharing a romantic kiss together, since they're part of his harem, their blades will have large gems with angel wings for the crossguards, matching the color of their hair and their individual

Element of Harmony, long black handles, and large sphere pommels with gems around it, also matching the colors of their hair and Element of Harmony. These blades can only be wielded by those who represent these elements, and they'll gain a massive power and energy increase. And due to them being with Lincoln, once these powerful blades are in their hands, a light will shine on Lincoln's wider and muscular back, and a tattoo will then on his back appear with the cutie marks of Twilight Sparkle, Sunset Shimmer, Applejack, Fluttershy, Pinkie Pie, Rainbow Dash, Rarity, Starlight Glimmer, and Trixie Lulamoon will then appear on his back, and the symbols of the other girls will appear, and they'll be arranged to look like a Celtic Cross, and on top, will appear the Earth surrounded by a ring of mermaids, the Planet Earth will symbolize Earth Chan, and the ring of mermaids will symbolize his wife, Lilly The Mermaid and Ariel's sisters, that's a symbol of the love he has for the girls in his harem, and as time goes on and more girls join his harem, their marks will also be added.

The Swords of True Love and Unity - They are twelve 6'0" massive, double-edged swords with their elemental powers reflecting in the blades, and for Thunder Sparkle, Phoenix Shimmer, Storm Rainbow, Thunderbird Apple, Lightning Fritter, Emerald Shine, Topaz Flare, Little Cheese, Mirage Daffodil, Butterfly Rose, and Starburst Aurora, they'll have their moms, Twilight Sparkle, Sunset Shimmer, Applejack, Fluttershy, Pinkie Pie, Rarity, and Starlight Glimmer, and their dad, Lincoln sharing a romantic kiss, etched onto the blades, for Fireheart Flame, it'll have Sunburst and Starlight Glimmer sharing a romantic kiss, the large gems with angel wings for the crossguards will be in the same colors of their mothers and their dads, Lincoln and Sunburst, long black handles, and the large sphere pommels with rings of gems will also have the same colors of their mothers and their dads but these blades can only be wielded by the children of The Mane 9, Lincoln Loud, and Sunburst, and once in their hands, they'll gain a massive power and energy increase, and another surprise will also happen to Lincoln, eight large planets that look like the planet Earth accompanied by stars will then appear orbiting around the powerful tree-trunk of the world estate, and the eight large planets will have the colors that represent Twilight Sparkle, Rainbow Dash, Sunset Shimmer, Starlight Glimmer, Fluttershy, Pinkie Pie, Rarity, and Applejack, since he has children with them.

Nico: Cool! These are perfect.

Nico gave the swords to Éclair, Twilight and the girls and their children.

Éclair: Whoa! This is amazing!

Twilight Sparkle: Yeah it sure is!

When they got the swords we saw that there were 8 planets in orbit around the tree trunk and they were amazing!

Nico: WHOA! That is incredible!

Éclair: Yeah it is.

Nico: Yep. Lets get him!

Time Force Rangers: TIME FOR TIME FORCE!

Eric Myers: QUANTUM POWER!

They transformed.

Wes: **"Time Force Red!"**

Jenn: **"Time Force Pink!"**

Lucas: **"Time Force Blue!"**

Katie: **"Time Force Yellow!"**

Trip: **"Time Force Green!"**

Eric: **"Quantum Ranger!"**

All: **"Power Rangers Time Force!"**

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were

ready!

Megaforce Rangers: LEGENDARY RANGER MODE! TIME FORCE!

The Megaforce Rangers turned into the Time Force Rangers too!

Nico: Lets get him!

Wes Collins: Lets hit him with the Vortex Blaster!

They summoned the Vortex Weapons and they formed the Vortex Cannon. The Megaforce Rangers did the same.

Nico: Fire!

The group fired waves of elements and energy blasts and they hit Cruel Senturicon and he fell to the ground and exploded!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was reverted to the size of an action figure and Lana picked him up and put him in a pod.

Nico: Cruel Senturicon you have failed this world!

Lola: Yeah he has!

Éclair: Yep.

Troy Burrows: Rangers that's a Super Mega Win.

## 12. Sea the Sea Serpent VS Bluto

---

Bluto was next

Bluto: You better not come between me and Olive.

Sea: I'm not doing that. Now lets see how you like me now.

Bluto: WHY!

He charged at her and Sea punched him in the face and punched him all over the place and then she grabbed him with her tail and smashed him all over the place with incredible fury and smashed him left and right and smashed him into the ground with incredible force. She spanked him with her tail and as she was thrashing him, Sea was playing Go Fish with me.

Sea: Got any Queens?

Me: Aw man.

I gave her my three Queens.

Sea had a set.

Sea was pulverizing him all over with incredible fury.

Me: You're good at card games and fighting.

Sea: I'm quite a multitasker.

Me: You sure are.

Sea: Yeah. Got a can of spinach on you?

I gave her a can of the stuff and she squeezed it and ate it.

BLAM! BOING!

Her muscles got huge and Bluto was then smashed and pulverized brutally all over the place and he was sent skidding and he crashed into a coconut palm tree and the coconut milk poured out onto him and sea smashed him all over and she punched him and sent him flying and he crashed through the roof of the hospital and he came out on a gurney in a full body cast.

Me: YEAH!

Sea: Take that!

## 13. Pepperdance VS The Cajun Fox

---

The Cajun Fox was next.

Cajun Fox: (to Pepperdance) Glad to know that at least one person appreciates Cajun Cooking. And I just hope I get paid for my job at the Moon Prison.

Pepperdance: I live on the stuff. I even make my own hot sauces.

Cajun Fox: Ooowee! You are a true Cajun Queen! After we're done here I'll make us all some dinner.

Pepperdance: Always love good Cajun food.

Cajun Fox: You are my kind of archenemy. Lets do it!

He threw peppers at her and then she caught them and ate them and then she bursted into flames and fired waves of fire at him and smashed him down.

---

## 14. Doppel, Plant Lola and Mirage Daffodil, VS The Son of The Chicken From Outer Space.

---

The Son of the Chicken From Outer Space was next.

Doppel: This is gonna be interesting. A chicken with 3 heads and 3 personalities. One smart, one stupid and one in between. Like the Three Stooges.

The dumb head laughed stupidly and took a picture with his camera and the intermediate head slapped him on his head.

The Genius head told him to focus on the battle and they went at her and Doppel turned into a sea serpent dragon and roared and fired waves of fire from her mouth and the blast hit the chicken and smashed him down.

---

We got the battles done.

Lyse: I want to thank you guys for helping out today.

Bane: Think nothing of it, Lyse.

Juggernaut: The important thing is that Galcian won't be bothering anyone anymore.

Nico: You got that right.

Abomination: (to Nico) Now, don't you have something to say to Girl Jordan?

Nico: Right. (to Girl Jordan) Look, Girl Jordan. When I spanked you earlier, it wasn't personal. It was the only way to make people understand not to undermine me and J.D.'s authority. And I'm really sorry if I hurt you in anyway because of that.

Hsi Wu: (cries tears of joy) I promised myself I wouldn't cry.

Killer Croc: (to Girl Jordan) That apology was really heartfelt. Now you really have to forgive him.

Girl Jordan: Oh Nico! Of course I forgive you!

She hugged him.

Me: Aww.

Applejack: So heartfelt.

Me: This was a crazy adventure though.

Lyse: (To the viewers) This was fun and I hope you all had a great time on this one.

Nico: I know I did.

Popeye: Me too. (Singing) I'm strong to the finich cause I eats me spinach, I'm Popeye the Sailor Man! (TOOT TOOT!)

THE END!

---

Another awesome fanfic done.

This was an interesting one for me. Skies of Arcadia is one of the games that I never played but it looked really cool. Also it was awesome going into a couple of games that I never played before. The opening scene after the part where we rescued Doppel was based on another game I never played before called The Amazing Spiderman 2 for Playstation 4. Carnage from that game was a dangerous and disturbed monster. The part where Nico spanks Girl Jordan like that is based on the part of the Family Guy episode Mother Tucker and that was funny and stupid. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Etstheclarencefan, Darkhai, vinjedi1995, Nflemingful, Drako1234658 and ninjakingofhearts all gave me the ideas for this. Thanks guys. The next girl is gonna be another one I made up and it will be Ariana the Banshee and she is gonna be in the City of Prague and being held captive by the evil Milos Duncek who was disgraced and Ariana will have a Galarian Articuno Gene-Slammer with her too. The chapter is also gonna be for the anime and manga Record of Lodoss War and we're gonna go after Ashram and we're gonna make that evil monster pay for his crimes and make sure he suffers.

See you all tomorrow.

# War of Lodoss

In the city of Prague the capital city of the Czech Republic, me and Hayley Schmidt were flying over the city in search of another girl and another gene-slammer.

Me: The City of Prague has never looked better.

Hayley: It sure is beautiful.

We landed.

Hayley: I hope we'll find another Gene Slammer here.

Hayley concentrated and groaned as her shirt got tight.

Me: I sense one here in Prague.

She turned into her Galarian Moltres form!

Me: YEAH!

We went to a castle in the city and it was beautiful and creepy.

Me: Wow. What a castle.

Hayley: It sure is amazing.

Me: Prague has so much history behind it and it's full of amazing things. It has history dating back to the 9th Century.

We arrived in the castle and it was creepy and scary.

Me: Wow. This is one creepy castle.

We walked on into the castle and it was scary and creepy.

Hayley: Looks like no one has been in here for years.

Me: Yeah.

We walked around the castle and looked around and then we found a dungeon and in one of the rooms we saw the next girl and with her was a Galarian Articuno. We saw that the girl is a Banshee, the Celtic Woman of the Fairies in Celtic Myth.

Me: Whoa she's a Banshee from Celtic Myth.

Hayley: And with her is a Galarian Articuno.

Hayley tried to open the door and it was locked.

Me: I got this.

I grabbed the door and ripped it right off its hinges and the girl and the Galarian Articuno saw us.

Ariana: Wow! J.D. Knudson, leader of Team Loud Phoenix Storm.

Galarian Articuno: We're saved!

Me and Hayley freed them from their shackles.

Me: There you go. How long have you girls been in here?

Galarian Articuno: About 18 hours.

Ariana: But you saved us. My name is Ariana.

Galarian Articuno: And I'm Denise Hope.

Me: Pleasure to meet you both. And Denise are you related to Carolyn Hope?

Galarian Articuno: Yes I am. She is my big sister. I'm 9 years old.

Me: That cursed Team Rocket. They have no respect for little girls!

Hayley: No they don't.

Me: I'm gonna give you the power to change at will Denise.

Ariana: Awesome!

Galarian Articuno: That's so cool!

Me: It's gonna hurt though. Here we go. (Snaps fingers)

I put on my Blind Man glasses and the Galarian Articuno reverted back and she had lavender purple hair and lavender eyes and she was naked and Hayley reverted back too.

Hayley was human again. But naked.

Hayley: (covers herself) You're not the only one with a sister for a Gene Slammer, Denise.

Denise: (Covers herself) Where is Carolyn?

They both were naked.

Me: She's back at the World Tree Estate. She is also a Dialga Gene-Slammer.

I gave them both new clothes.

Hayley: Thanks J.D.

They put on the clothes.

Ariana: Lots of crazy things happened to you all haven't they?

Me: Yeah they sure have.

Denise: It will be great to see Carolyn again.

Me: Lets head home. By the way Denise, what were you doing when you got slammed?

Denise: I was at school when I got hit by a dart and then I didn't feel so good so I went to the nurses office and the next thing I knew I was in excruciating pain and then I turned into a Galarian Articuno.

Me: Geez!

We went back to the World Tree Estate.

---

Back at the World Tree Estate, everyone was doing meditative Yoga under Somnambula's guidance.

Somnambula: (Egyptian Accent) Focus on my voice and feel yourself unlock your potential.

They were in a meditative state.

Somnambula: Imagine everything that troubles you as one big cloud. Now let it float away. You are relaxed. Free to do anything you wish.

When the meditation was done we came in.

Me: Whoa we arrived in the middle of a Yoga session.

Carolyn gasped.

Carolyn Hope: Denise!

Denise: Carolyn!

They went and hugged for the first time in a while.

Nico: Is she Carolyn's daughter?

Me: No she's her little sister. We found her as a Galarian Articuno Gene-Slammer.

Nico: Wow!

Miia: Ariana!

Ariana: Miia!

They hugged.

Miia: It's awesome having you here with us.

Ariana: It sure is.

Nico: She's a Banshee from Celtic Myth.

Spiderman then came in.

Spiderman: Guys I have something I would like to do. I want to reveal who I am to everyone.

We gasped.

Me: Peter are you sure you want to do that?

Spiderman: I sure do. Everyone has to know who I really am.

Me: Well if this is what you want then we won't stop you.

We got to work and went to gather everyone in Central Park in New York City.

---

## NEW YORK CITY, NEW YORK

---

We were in Central Park in New York City.

Kalus: Are you sure you want to do this, Pete? We can always schedule it for another day.

Spiderman: I'm sure. Sooner or later, people are gonna catch on that Peter Parker and Spider Man aren't together in the same place.

Me: You're right and the truth is bound to come out sooner or later. But at least you are gonna tell everyone and not have villains reveal that for you.

Spiderman: That's true.

M.J.: You can do this Tiger.

Me: We have your back.

All the people of N.Y.C. came.

Me: Here we go.

Liam: (Southern Accent) Howdy, everybody. Now, I'm sure you've wondered for years who Spiderman really is.

Spiderman: Well, here's your reward for your patience!

With that, Spiderman grabbed his mask and removed it.

He showed his face and everyone saw that he was also PETER PARKER!

Man: Peter Parker!?

Woman: Peter Parker is Spiderman also!?

Me: Yeah and there's a strange story behind it. Also you all know, Spiderman has been protecting you all from a lot of really dangerous villains and he is a hero that everyone looks up to. But Peter wasn't always like that. Peter got his spider powers when he was bitten by a radioactive spider that came from a Neogenics lab that he was getting a story for and it mutated him and turned him into the hero that you all know, Spiderman.

Nico: What's also ironic is that his former boss J. Jonah Jameson never realized that Spiderman was working for him too.

Eli: Yeah. Spiderman was always being relentlessly pursued by Jameson. He didn't realize that he was right under his nose the whole time.

Ets: It's true.

Swindle: Jameson has always called Spiderman a menace all these years. But all Spiderman wants is to protect innocent people like you guys.

Me: Spiderman is not the menace that Jameson wants you all to believe. He is absolutely a 110% bullshiter and he despised all heroes with a vengeance because of the death of his wife when no one came. And he was always taking away the rightful credit of heroes and giving them to the villains.

Nico: Yeah that's rough.

Vince: Spiderman has done so much good for you all in not just this city but all over the multiverse too.

Eli: It's true.

Man: But aren't Spiderman's enemies gonna come after him and his family now?

Me: No. Not ever again. You might think that is gonna happen in the future. But many of Spiderman's enemies are now in the Redemption Squad and in our frenemies in the Masters of Evil.

They came foreward.

Doc Ock: As you all know we are some of Spiderman's major enemies. I'm Dr. Otto Octavius and I go by Dr. Octopus.

Kraven: (Russian Accent) I'm Sergei Kravenov, but I go by Kraven the hunter.

Vulture: I'm Adrien Toomes, but you know me as Vulture.

Shocker: I'm Herman Schultz, but you know me as Shocker.

Hydro Man: I'm Morris Bench, but you all know me as Hydro Man.

Morbius: I'm Michael Morbius and I am called the Living Vampire.

Eddie Brock: I'm Eddie Brock. But you know us as Venom.

Venom: Hello.

Donna Diego: I'm Donna Diego, former member of the Life Foundation, but you know us as Scream.

Scream: Greetings.

Carl Mach: My name is Carl Mach, and we are known as Phage.

Phage: Hey there.

Ramon Hernandez: My name is Ramon Hernandez and you know us as Lasher.

Lasher: Greetings.

Leslie: I'm Leslie Gesneria Tennyson and we are often called Agony.

Agony: Hey there.

Patrick Milligan: I'm Patrick Milligan, but you know us as Toxin.

Toxin: Hello there.

Rhino: (Russian Accent) I'm Aleksei Sytsevich, but you know me as Rhino.

Sandman: I'm Flint Marko but you know me as Sandman.

Scorpion: I'm Mac Gargen but you know me as Scorpion.

Dr. Curt Connors: I'm Dr. Curtis Connors and I used to be known as The Lizard.

Electro: I'm Max Dillon but you know me as Electro.

Harry Osborn: I'm Harry Osborn and my father, Norman was the Green Goblin. I took up his mantle because I thought that Spiderman killed my father in cold blood. But I saw the truth from J.D.

Mysterio: I'm Quinton Beck but you know me as Mysterio.

Me: So you see folk, lots of Spiderman's enemies have joined the Redemption Squad and our Frenemies in the Masters of Evil. But Spiderman had Five major deadly enemies that were mean and pure evil and those guys we dealt with and they were Carlton Drake the Founder of the Life Foundation A.K.A. Riot, Norman Osborn A.K.A. the Green Goblin, Homicidal Maniac and Nihilistic Destroyer Cletus Kasady A.K.A. Carnage, Roderick Kingsley A.K.A. Hobgoblin and lastly Wilson Fisk A.K.A. Kingpin.

Nico: All those guys are either dead or in prison.

Me: And we helped Spiderman make sure that they would never torment anyone ever again and prevented Spiderman's family from being attacked by them. Spiderman has also been helping the Avengers as well as all of S.H.I.E.L.D. and he has done so much for everyone and protected all of New York. Not only that but he has also made amazing friends.

M.J.: Peter Parker is also gonna be my future husband because I have been a huge supporter for him.

Luke Cage: The kid has some amazing talents.

White Tiger: And he is a true hero because everything he has done is from his heart.

Black Cat: And he has many friends and heroes to back him up.

Squirrel Girl: With so many allies and friends to help him out.

Nova: And be there for him in times of need.

Nick Fury: And he has done so much for all of us and the world.

Squirrel Girl: And is a true friend who saved lots of people and many people from themselves.

Spider Gwen: And has been a big help all over the Multiverse.

Me: That's right.

Reporter: Aren't you worried that your enemies might take advantage of this to target your loved ones?

Sunstreaker: (scoffs) What enemies?

Spiderman: Sunstreaker is right. The Sinister Six is either in the Masters of Evil or the Redemption Squad. And the rest of my enemies have been dealt with. In my opinion, there's no one left to target my friends and family.

Me: That's right. Like we said, we already dealt with the 5 worst of the worst.

Spiderman: Yep.

Applejack: Peter has done so much for y'all over the years. And he has a heart as strong as any hero we know.

Me: So what do you say?

Then someone clapped and applauded and then it slowly grew into a full-fledge roar of applause and then cheering!

Spiderman has finally got the respect he deserves. Instead of Jameson ruining it for him, Spiderman now was made an official hero and had his name cleared.

Me: Well Peter looks like you are no longer a menace.

Spiderman: Thanks to you guys. You all are true friends.

Later in the Venus Prison, as J. Jonah Jameson was having his lunch in the cafeteria, one of the guards came and he had a paper.

Guard: Hey Jameson, check this out.

He gave him a Daily Bugle newspaper and the top story said "Peter Parker is Spiderman and Goes From Menace to True Hero! J. Jonah Jameson to blame for tarnishing heroes and ruining their reputations."

Jameson: I could care less about that.

Guard: Come on Jameson you should at least feel proud of him. The guy used to work for you and he did get you some great stories.

Jameson: That's true but I still hate heroes.

Guard: Oh come on man you got to let what happened to you in the past go. What happened to your wife was totally unforgivable and I'm sorry that happened but some things you just got to let go.

Jameson was left to think about it.

---

Back at the World Tree Estate, I was reading the paper.

Me: Wow what a story.

I put the paper in the recycling bin.

Me: That was great journalism.

Babs Seed: By the way, J.D., it's your turn to lead today.

Me: Yep and I know just the mission for us. Lincoln reading his manga gave me an idea. We're gonna go to the world of Record of Lodoss War and we're gonna meet Parn and help him take down one of his enemies.

Nico: Awesome idea! This is gonna be good.

Eli: I've heard of that manga. That was awful that all that happened to Parn and his family.

Ets: No kidding.

Nico: Yeah it sure was awful

Laney: No kidding.

Juggernaut, Dai Gui, Shendu, Hsi Wu, Tchang Zu, Po Kong, Xiao Fung, Bane, Abomination, and Killer Croc then appeared.

Juggernaut: Can me, Dai Gui, Shendu, Hsi Wu, Tchang Zu, Po Kong, Xiao Fung, Bane, Abomination, and Killer Croc go with you guys this time?

Me: You all sure can and it's my turn to lead this time.

Killer Croc: Awesome and I heard you guys revealed to everyone who Spiderman really was.

Me: Yep and everyone really was amazed and we proved that blockhead Jameson wrong.

Bane: (Spanish Accent) Si, I never liked Señor Jameson. He was always persecution heroes and making us villains look like heroes.

Me: Yeah what a crybaby.

Eli: Yeah no kidding.

Éclair: He has no right to call heroes villains.

Nunnally: Makes him no better than Trask.

Twilight Sparkle: Who is Trask?

Me: A dangerous bigot of mutants, Dr. Bolivar Trask and he hates all mutants with a vengeance.

I went over his history.

---

Dr. **Bolivar Trask** is the creator of the Sentinels and by default an enemy of mutant-kind, putting him into conflict with the X-Men and Charles Xavier - however unlike his creations Trask was not an inherently evil man and ultimately sacrificed himself to stop his mad creations. Bolivar Trask is also the founder and president of his namesake corporation known as Trask Industries.

When his own son Larry developed mutant powers, Trask set out to learn everything he could about mutation. He hired a team of scientists to develop a device that would inhibit his son's powers. He finally came to the conclusion that mutants would inevitably use their superhuman abilities to supplant Homo sapiens. Another team of scientists developed and built the Sentinels in a secret laboratory. Trask wrote several articles on the "mutant question," but when he made an appearance on television, Professor Xavier realized that such propaganda must be rebutted. During the resulting debate, Trask demonstrated his robots, which unexpectedly left for their lab and took Trask with them.

Back at the lab, Master Mold, the prototype Sentinel, confronted Trask. It had come to the conclusion that Sentinels were superior to both races: thus, robots could and should supplant humans and mutants. Taking orders from a mere human ran counter to this new imperative, so Trask would thenceforth serve the Sentinels and help build more of them.

Meanwhile, the Sentinels had also taken prisoner an X-Man, the Beast. Master Mold ordered Trask to use a psycho-probe to read the Beast's mind and learn their plans. Trask learned, however, that the X-Men were protecting humanity and that his theory was wrong. This revelation, coupled with Master Mold's betrayal and the threat to humanity, told Trask what he must do: destroy the laboratory and the Sentinels. He died in the resulting explosion.

Unfortunately, Trask's propaganda, as well as several new and improved Sentinels, persists to this day.

Human Council

The Purifiers, under the orders of Bastion, and using Technarch technology later resurrected Trask. After his resurrection, he learns that he has inspired humanity to genocidal anti-mutant efforts, he takes the opportunity to end of the assault on X-Factor, before committing suicide.

---

When I was finished everyone was shocked.

Sunset Shimmer: Geez! Who does he think he is?

Fluttershy: He is a monster.

Me: Yeah and he thought he was saving all of the Human Race by getting people to hate mutants but he was just making things worse.

Nico: Geez! Yeah I remember that. That was crazy.

Me: Lets head out.

We were off to the world of Record of Lodoss War.

---

We arrived in the world of Record of Lodoss War.

Aria Blaze: We're in the right place, are we?

Me: Yes this is it.

Nico: Wow sure looks like a really amazing place.

Me: It sure does. But this whole place is wartorn and really horrible.

We went to find Parn. We saw Parn sharpening his sword.

Shendu: (to Parn) Excuse me. Is your name Parn?

Parn: That's correct. (See's Shendu) (Gasp) Shendu! You will not take my land!

Me: Wait Parn he's with us.

Parn: Team Loud Phoenix Storm!? It's an honor to meet you all. I love all your adventures.

Nico: We're glad.

Laney: We get that all the time when we meet new people.

Krankenstein: (to Parn) Monster having good day today. Are you having good day?

Parn: I sure am.

Me: We heard all about your father getting dishonored like that. We're sorry that happened to you.

Parn: It's all right and I am determined to avenge his honor.

Me: And we can help you by killing the monster that ruined him.

Parn: Thank you all.

Me: You're welcome.

Fu: Who is the monster that did it?

Parn: His name is Ashram.

Me: What can you tell us about him?

Parn: It's not pretty.

He went over his history and it was terrible.

---

**Ashram** (アシュラム), nown as the "Black Knight", is the secondary antagonist in The Record of Lodoss War. He is a highly skilled warrior and the former retainer and right-hand aide of Emperor Beld. He served Beld during the War of Heroes, and was sent in the front to deal with any possible resistance.

After the death of Emperor Beld, Ashram assumed ultimate leadership of the forces of Marmo. The dark elf Pirotess has deep affections for him.

Ashram is cold, ruthless, and extremely efficient in battle, often easily slaying his opponents, and has been shown to have a very wide skill gap with Parn. He is a strong-willed man who does not give up easily, as shown by his pursuit of Shooting Star and continuing to stand and fight while Wagnard was trying to kill him. Ashram is also very professional and serious about his job as Captain, as when a dark elf and a human were having a brawl in his army, he quickly intervened and scolded both of them.

Despite his ice cold exterior, Ashram is not heartless. He has a hidden soft spot for Pirotess, which became clear when he saved her and was clearly distressed by her death, hugging her close. This left an impression on Parn, who did not expect Ashram to have such emotions or feelings for anyone. Ashram is arguably one of the more complex villains in the series.

Background and Story

Ashram was born into a noble household in Alania. He was the heir of a noble family that extended from the royal Kadamos family five generations back. His father was a captain of the Alanian knights with a bright future ahead of him. In time, he could could have been promoted to deputy commander, and one day to commander-in-chief of the entire knighthood. Ashram himself may have become ensquired to his father one day, and eventually become a knight as

well.

However, in Ashram's eighth year, his life was torn apart. His father learned of colleague's dishonesty and injustice, he reported it. However, the other man was a favored vassal of the royal family. The royal family destroyed the prosecution's evidence, threatened the witnesses, and produced unfavorable testimony against Ashram's father. When the trial was over his father had been made out to be the guilty party, and in disgrace, he was convicted. He was sentenced to exile and transported to the dark island of Marmo. The burden of guilt, and the punishment, was extended to Ashram and his mother.

Ashram and his parents were shipped off to Marmo, and en route, Ashram met a boy about his age named Owen. A thief, Owen had been apprenticed to a master thief. In helping his master escape, Owen allowed himself to be caught by a knight. Unfortunately, it turned out that his master had been the one that reported Owen as a thief. As punishment, Owen was sent to Marmo as well, while his master got off. This boy became Ashram's closest friend.

Ashram's family feel apart after their arrival on Marmo. Within a year of their arrival, his father was assassinated by the Thieves' Guild. After his father's death, his mother, accustomed to a luxurious lifestyle, attached herself to a rich and powerful man and left Ashram to his own devices. If such a skilled swordsman and noble soul fell to the dark island, what hope would there be for any form of righteousness? Ashram made a vow in order to survive; he would become wicked enough to swallow the whole island. With the death of his father, Ashram and Owen-whose own parents had succumbed to the darkness of Marmo-joined together to destroy the Thieves' Guild in vengeance. This was the beginning of a long-running feud between Ashram and the guild.

Other lost children of Marmo were drawn to Ashram and Owen, and a gang of miscreants was formed. These children had no rules, and no one to control them. They spread chaos throughout the city, slaughtering beggars, mutilating prostitutes so they could no longer work, and murdering anyone they saw fit. Ashram's conflict with the Thieves' Guild was carried over to his followers. When Ashram was sixteen, he found his mother and her new lover, and he murdered them both. They made enemies with not only the Guild, but the Marmo council as well. However, they had the full support of the Falaris church. Ashram was making good on his promise.

He had greater ambitions though. As he grew older, he began to think of a better future for his people. For now, he would let the children have their fun, but in time, they would tire of the senseless violence and crave something more. When this time came, he would create his own kingdom on the dark island and bring the council under his control. Then, he would assemble an armada to attack his homeland of Alania.

When he was nineteen, he was approached by a member of the Thieves' Guild, Amber Eyes, with a message from the council. In the forests, the red-haired mercenary, one of the Six Heroes, Beld, was calling himself the Emperor of Marmo. He had united the barbarian tribes and the dark elves under him, and they soon would threaten the city of Persei. The council feared losing their power, and so they commissioned Ashram and his gang to put an end to Beld. In return, Ashram would become a member of the council. Though he had no desire to be their pawn, he saw this as an opportunity to move forward with his plans. He would take his place on the council, then destroy that ruling body from the inside out. In a few years, he would be king of Marmo.

To lure Beld to Persei, Ashram's gang kidnapped his lover. The girl had been provided to Beld in a form of political marriage, as she was the sister of the barbarian chief. Whether or not he loved her didn't matter; if harm befell her, then the barbarian tribe could break its ties with Beld. Either the love of the woman, his pride, or the risk of losing allies, Beld would be compelled to rescue her. The following day, notices were put up around Dark Town beckoning Beld to come at the appointed time to rescue his woman and discuss an alliance.

So, Ashram, his gang, and mercenaries hired by the council to support him, waited for Beld. Ashram doubted he would come alone, as was demanded by the notices. He expected Beld to lead an army behind him and take the city at this opportunity. He was surprised, however, when Beld did indeed come alone. This meant that Ashram would have duel Beld on his own, even though Beld wielded the terrifying demon sword.

Ashram met Beld, and offered an alliance, but as he suspected, Beld wanted nothing to do with an alliance with the council. He would be nothing short of emperor. With his denial to make peace with the council, Ashram's only option was to slay him. And thus, the two dueled. Ashram found himself far outmatched-though he did manage to land one scratch on Beld. Finally, Beld struck him with the flat of his blade, knocking Ashram unconscious for a moment. When he came to, Ashram was shocked to find that he was still alive. Beld walked on to retrieve his woman, leaving Ashram. However, Owen stopped Beld. The council's mercenaries were assembled around Owen, ready to fire on Beld, and Ashram.

Owen had betrayed Ashram. He wanted no part in Ashram's dreams, and he had been working with the Thieves' Guild for many years. All the thieves that the gang had murdered were the rivals of Amber Eyes, who, using Owen, had been climbing his way to the top of the guild. Now, all his rivals were dead and Amber Eyes could take his place as the head of the Thieves' Guild, with Owen having a senior position in the guild.

Owen ordered the archers to fire on Beld and Ashram, giving Ashram no time to escape. He expected death, but instead no arrows fell upon them, even though the archers were firing in almost a frenzy. Something was protecting him. It had to be magic. When Ashram realized it, a dark elf revealed himself. He was Astar, an ally of Beld's. Beld ordered Ashram to take up his sword and fight, but this time, against the men he thought were on his side.

They continued on to rescue the girl, but Owen saw Astar, and used that excuse to cut the girl's throat. Ashram would have killed Owen were he stood, but Beld stopped him, and only warned Owen of the wrath he had invoked from the barbarian tribes. He had, after all, failed to meet the terms of the meeting; he didn't come alone. Owen escaped, never to be seen by Ashram again. Beld collected his dead lover, and returned to the forest. Ashram's plans of becoming king were ruined, and now he made a new vow; that one day, he would surpass Beld. He truly believed that Beld could rule the wretched island of Marmo, and he followed the emperor.

Over the course of the next ten years, Ashram remained loyal at Beld's side, though they both knew he had the ambitions to succeed him. He could not surpass Beld yet, however. Together, with their army behind them, they took over Marmo. Ashram served Beld as a general, and a knight in the newly established knighthood of Marmo. At Beld's left hand was the wizard Wagnard. Once a student at the Academy of Sages, Wagnard was expelled for studying black magic-necromancy. For his transgression, he also had a geas placed on him by the headmaster Larkas that disallowed him to practice magic without undergoing severe pain. Wagnard's will, however, was stronger than the geas and he still managed to use his magic while suffering intense pain. He was also a devout worshipper of Kardis.

Beld had ambitions to unite Lodoss under him as well, once Marmo was stable. He needed no encouragement, but Karla, the Grey Witch, came to him to offer her support. Without warning, the Marmo invaded Kanon and took Shinning Hill. The king of Kanon was deposed, and assassins were sent to Alania to kill King Kadamos VI. Next in Beld's path was his old friend, King Fahn of Valis. After Kanon fell, Ashram was sent into Alania to advance Marmo's claims, which included the fall of the fortress Myce. Unbeknownst to Ashram at that time, he had made a life long nemesis in the future Free Knight, Parn. Parn and his companions had been staying at the fortress the night Ashram's legion attacked. Though Ashram would never remember, his image had been burned into Parn's mind.

Soon, the forces of Valis and Marmo clashed. Ashram soon met Parn in battle, and out classed Parn-though Parn showed the potential to become a greater swordsman. However, their duel was interrupted as Beld and Fahn found each other. The two kings, and former allies, crossed swords in a duel to the death. Though Fahn put up a valiant effort, he was old and weak. The demon sword Beld wielded had provided him youth, keep his skills sharp. Beld struck down Fahn, and it seemed, for a moment, that the Marmo would be able to take Valis, and perhaps, all of Lodoss.

However, another king stepped forward. Kashue, the young king of Flaim, and a former mercenary, challenged Beld. From out of nowhere, despite the fact that the battle seemed to have stalled around them, an arrow struck Beld in the arm. Taking advantage of this distraction, Kashue slew Beld in an act of cowardice. This would breed hatred in Ashram for years to come.

After Beld's death, Ashram took his place, though only in the eyes of his people. The council gained political power again. Ashram took the demon sword Soul Crusher as his own and began to arduous task of taming it. His goal to succeed Beld was still within him, and in one aspect, he did succeed Beld. Whereas Beld was swayed by the will of Soul Crusher, Ashram bent the sword to his will.

The war, however, remained stagnant. There were disputes on the borders of the land Marmo had claimed, but the territory neither expanded, or retracted. For five years, this was how life continued. Underground, the Kanon Free Army was forming. The Marmo were making ties with the current regent of Alania, but there was little progress. However, the Marmo commoners were coming to Kanon to make new lives for themselves. Temples to Falaris were established in Kanon, and dark elves had cleared Kanon's forest of common elves and taken up residence there.

Ashram learned of the Scepter of Domination. The ancient relic of Kastuul promised its wielder absolute control over all people and all living things. If Ashram could acquire this relic, he could unite Lodoss under his rule and succeed where Beld had failed. The scepter was guarded by an ancient dragon, but Ashram couldn't find out which one. Narse was ruled out, as it was known that he guarded the Ferroniere of Knowledge. Ashram began to prepare.

Five years after the end of the War of Heroes, Ashram set out on his search for the Scepter with several companions. Astar, the dark elf who had served Beld; Garbela, a Falaris priest; Groder, a wizard and student of Wagnard; and mercenaries Smetty and Gilram. First, they went to the White Dragon Mountains to find Bramd, the ice dragon. While he hibernated, Ashram slew him only to find that his curse to protect a relic of Kastuul had been lifted. The high priestess of Marfa, Neese, had sold his treasure, the Mirror of Truth, to fund the upkeep of the Marfa temple.

Ashram's journey continued to the west coast of Lodoss where he would next hunt Abram and Shooting Star. He stopped on his way through Flaim where he found the Myrii priest, Hobb. He convinced Hobb to follow him, and continued on to Raiden. There, he enlisted the aid of a pirate crew to take him to Blue Dragon Island.

Ashram then traveled to Raiden. In the islands to the north, the water dragon, Abram, resided. They slew him, and found his treasure to be the Soul-Crystal Ball, which had the power to bring back the dead. Groder took the ball and kept it for his master, Wagnard (the ball was stolen before it reached Marmo and later stored in Flaim). The only dragon left was the most powerful, Shooting Star. Kashue had also come to slay Shooting Star, but for other reasons. Due to the influx of refugees from the fallen monarchy of Alania, Flaim was suffering from over population. People had tried to settle on Shooting Star's hunting ground and found themselves his prey. The rich land was needed for farming and the only way to get it, was to slay the dragon. At Fire Dragon Mountain, Ashram met Kashue. Because their ambitions to slay Shooting Star were the same, they made a brief pact. They would kill the dragon together, and then duel for the scepter. Meanwhile, nearly all of Ashram's party was killed (excluding Groder). As agreed, Ashram and Kashue fought Shooting Star and succeeded in killing him. They dueled, and both were wounded. Ashram was more seriously wounded and while they paused from their battle, Ashram noticed how easily he could reach the scepter and he lunged for it. However, the knight, Parn, swooped in to knock it out of his hands. The scepter fell into the lava pit that had just claimed Shooting Star, lost forever. Ashram stumbled to the edge of the precipice and thought he had lost it all. He threw himself into the pit, but before he hit the lava, and unknown to everyone else, Groder teleported him out of danger.

The next ten years, Ashram lived in secret on Marmo. He was widely believed to be dead, but he spent the time coming to terms with his shame. Groder, who had become enthralled with the black knight, remained loyally at his side, urging him to return to his place of power. In this time, a dark elven woman came to join him; Pirotess, the younger sister of Astar, first came to find Ashram to kill him to avenge her brother who was lost under his command. When she found him, Groder explained what happened to her brother. Intially, Astar and Groder were sent to spy on Ashram, but in time, the grew to admire him and support him. With Groder's assurances that Astar did not die in vain, Pirotess changed her mind about

Ashram, and in time, became his most trusted comrade, among other things…

At the beginning of the War of the Destroyer's Resurrection, Ashram resurfaced with Pirotess and Groder by his side. Kanon had been under Marmo's control for the last fifteen years, since the War of Heroes, and in this time, Prince Reona of Kanon had formed the Free Army. The ruling council of Marmo decided to remove the man they appointed to rule over Kanon Rabido, due to his excess greed and personal ambition. They decided to replace the mad dictator and sent Ashram and Pirotess to deal with them.

Ashram ordered Rabido to step down, but despite that, Rabido sent his forces to crush the Free Army. Rabido also ordered for all the villagers of Shinning Hill killed and the city burned if the Free Army won. Aware of this, Ashram personally freed the villagers and sends them out of harm's way. Rabido was killed in battle. In the now deserted city of Shinning hill, Ashram and Pirotess meet Parn and Deedlit again. He and Parn fight shortly, and Ashram spares him out of respect. He and Pirotess then returned to Marmo with their mission completed.

With the threat of Kardis' Resurrection and the invasion of Marmo, Ashram and his people set sail to find a new world they could settle without prejudice.

---

When he was finished we were horrified.

Popeye: Well blow me down! He's a monster from the depths of Davy Jones Locker.

Popeye Jr.: You aren't kidding.

Me: Yeah he's a monster. He must be stopped and destroyed.

Bane: Do you have any friends that can help us?

Parn: As a matter of fact I do. They are Deedlit, Etoh and Slayn.

Nico: What can you tell us about them?

He told us about them.

---

Deedlit

A female High Elf skilled in both swordplay and elemental sorcery, Deedlit grew up in the Forest of No Return, her people's isolated abode. From a very early age on, however, she became interested in the outside world and - despite the disapproval of her family and peers - set out to learn more about it. After meeting Parn, she develops a romantic interest in his rash, impulsive nature, his sense of honor, and his dedication, and has faithfully stayed by his side in the war against Marmo.

Etoh

Parn's best friend and a priest of Falis, the Supreme God. Upon King Fahn's death, he later becomes the king of Valis and the husband of Princess Fianna.

Slayn

Parn's older friend and sometimes advisor, a wise and powerful magician. He marries the priestess Laylia and is the father of Little Neese.

Eli: Wow!

Eris the Elf: It will be awesome to meet a fellow Elf.

Nico: Awesome.

Broccoli Guy: Why don't we meet your friends now? Before that Ashram dude makes his move.

Parn: Follow me.

We followed him and we got to an elf village and we saw Deedlit, Etoh and Slayn.

Me: That must be them.

Deedlit: Wow! Team Loud Phoenix Storm!

Me: You must be Deedlit, Etoh and Slayn.

Slayn: That's us and it's an honor to meet you all.

Etoh: We love all your adventures and it's awesome you're here.

Eris the Elf: You must be Deedlit. It's a pleasure to meet a fellow Elf.

Deedlit: Same here.

Tchang Zu: Did Ashram hurt you three too?

Etoh: Not as bad as Parn's father.

Me: Well we're not going to let that monster get away with everything he did.

Lincoln: Yeah he messed with the wrong avengers.

Nico: You got that right.

Eli: We're gonna make that monster pay for it. Big time.

Chill Bill: Do you guys have any useful battle skills?

Parn: I'm a knight and skilled with a sword. I used to not have good skills before.

Deedlit: I'm an elemental mage and I'm a good marksman in archery.

Etoh: I'm a priest but I'm also a great archer.

Slayn: I'm a magician.

Me: All very good qualities.

Eli: Yep.

Hsi Wu: I'll fly in the air and see if I can locate Ashram's hideout.

Parn: He lives in a castle in the Forbidden Lands. Over there.

We looked and we saw a really dark castle witih terrifying storm clouds over it with lightning striking all over the place.

Me: Whoa that is a terrifying castle. Looks like a true fortress from Hell.

Laney: Scary.

Crystal Laney: Not my kind of place to visit.

Sonata Dusk: Man, that castle is spooky.

Muscle Man: You know who else loves spooky castles? My Mom!

We laughed at Muscle Man's Joke and it was funny.

Ariana: That was funny.

Parn: I don't get it.

Me: We don't either but his jokes are so funny.

Xiao Fung: We should do an entrance based on me, my fellow Demon Sorcerers, and super strength.

Me: Good idea.

Bai Tza: Let me and Tso Lan help out with that my siblings.

Po Kong: That is gonna be fun!

Tso Lan: It most will be fun dear sister.

Me: Lets get it on!

Eli: Time to make that monster pay.

Me: Get ready Ashram. (Eyes glow red) Your final hour has come.

We flew off to the castle.

We arrived at the Castle and it was really scary and horrifying.

Me: Wow.

Komba: Ashram is just behind this wall.

Harpus: He's in for a surprise!

Me: Yes he is. Let get him.

We teleported in.

Ashram was sitting on his throne and looking over the land we were in.

Ashram: Soon those fools will know who they are dealing with.

But then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM

A massive fiery exploion blasted through the floor and then the symbols of the 8 Trigrams appeared and they spun around for the 8 Demon Sorcerers: Earth, Wind, Water,

Wind, Sky, Moon, Thunder and Fire. Then it went at Ashram and smashed into him with incredible force and smashed and bashed him all over the place with incredible fury and smashed him down and then we ALL appeared in front of him.

Me: Ashram, it's time for you to die.

Ashram: Team Loud Phoenix Storm, what an unpleasant surprise.

Me: We aim to please.

Girl Jordan: Your reign of terror is over.

Parn: You will pay for all the pain you caused and for dishonoring my father!

Abomination: What we did to your floor is what we'll do to you!

Me: And that's smeer your blood and guts all over the place.

Eli: But first this!

Eli fired a blast of Force Lightning and electrocuted Ashram all over with billions of volts of electricity and he was screaming in pain all over the place with incredible pain.

Lincoln: And this!

Lincoln fired a blast of super lightning and REALLY ELECTROCUTED HIM ALL OVER!

Slugslinger: This is almost too easy!

Ashram: GUARDS!

He called for his soldiers.

Me: You were saying?

Slugslinger: Me and my big mouth.

Muscle Man: You know who eats guys like you for breakfast? My mom!

Guard: (to Muscle Man) I bet your mom lives in a filthy sewer!

We gasped!

Me: Uh oh!

Po Kong: That wasn't a smart move.

OH HE DID NOT JUST GO THERE!

Mordecai: He should not have said that!

Guard 1: Yeah your mother must be a dumb bitch that abandoned you at birth!

Guard 2: Stop it! That's not funny!

Guard 1: I bet your mom is a pathetic a prostitute looking for cash when she got you.

Guard 3: Seriously, man. That's enough!

Troy: Let's kick things up a notch!

Me: Lincoln, Lori, Lola, Laney, Lynn, Lana, You'll need these.

I gave them the other six KyuRanger keys.

Megaforce Rangers, Lincoln, Lori, Lola, Laney, Lynn and Lana: Legendary Ranger Mode: Space Squad Nine!

The Megaforce Rangers and the 6 Loud Kids turned into the Kyurangers!

Me: YEAH!

We fired energy blasts and more and blew the guards apart all over.

Killer Croc just ate Ashram's left hand.

Maria: Oh, c'mon! Why can't you just eat him whole?

Killer Croc: (burps) Because I like referencing Peter Pan. Besides, I want to save some for you guys!

Me: Thanks but no thanks, I don't eat people. But Venom does.

Venom grabbed Ashram.

Venom: Eyes, Lungs, Pancreas, So many snacks so little time.

He licked him with his big tongue.

Ravage: You're running out of minions, Ashram!

Ashram: Oh I think not.

Then we got a rather scary surprise as we saw a woman come out and it was STAR LORD'S MOM, MEREDITH QUILL!

We gasped!

Me: It can't be!

Star Lord took off his helmet and he was shocked!

Star Lord: Mom? But you died of cancer!

Me: Wait!

We saw ugly purple blotches on her.

Me: This is the Aparoid's handiwork!

Rocket Raccoon: Look, Mrs Quill. I don't wanna have to hurt you.

Me: She's a mindless drone. Hold on.

I fired a blast of lightning and destroyed the Aparoids on her and Varie looked her over and she was better and cured.

Varie: She'll be all right.

Star Lord came to her.

Star Lord: Mom?

Meridith: (Groans weakly) What?

She saw Star Lord.

Star Lord: Mom it's me. It's Peter.

Meridith: Peter? Is that really you?

Star Lord: Yeah mom.

Meridith: My baby boy. You've become a man. You've grown so much.

Star Lord: I have so much to tell you mom. (Tears stream down his face) But I'm so happy to have you back.

Meridith: Me too son. Me too.

Me: Lets tear this bastard apart!

We fired energy and elemental blasts at him all over.

Terrorsaur: I think we're starting to weaken him!

Me: He is getting there. Keep attacking and blasting him all over.

Trap Jaw: We heard that one of his guards insulted Muscle Man's mom.

Beast Man: I don't think we have to guess what happened after that.

Me: Yeah but we have good news. Peter Quill has his mom back.

Tri-klops: Wow! That's great.

Evil-Lyn: I heard she was dead for a while.

Me: Since 1988 and when Peter went into Space. So much has happened since then.

Then we heard tsk tsk tsk tsk tsk noises.

Me: Who is doing that?

We saw a mother figure come out and she had glowing red eyes and it was THE GHOST OF MOTHER STANLEY!

Shaggy: ZOINKS! IT'S THE GHOST OF MOTHER STANLEY!

Qin: Not this strict mother bitch again!

Twilight Sparkle: What was she known for?

Qin: The Ghost of Mother Stanley was really the bad son Josh Stanley who was a total rule-hating kid. He wanted to do everything his way and the good son Jack Stanley was always loyal to his mom. The mother operated a hotel called the Good Sons Hotel and Josh owned a hotel called the Castaway Hotel where there were no rules in it. It was a success and when Josh made enough money, he was gonna buy the hotel from Jack and when he refused, he wanted to scare all the guests away so that he would be force to sell. But the gang busted him and he got sent to prison for 35 years.

Twilight Sparkle: Geez!

Applejack: What a no good rotten apple he was.

Me: You got that right. Prison will hopefully straighten him out. But he will be there now for the rest of his natural life because he now is in there for life without parole.

Fluttershy: Goodness.

Me: Yep.

Ariana: I'll face this mother.

?: Lets see how you all like me.

A figure came out and it was VACUUM CLEANER ORG from episode 10 of Wild Force!

---

**Vacuum Cleaner Org** is (as his name applies) a vacuum cleaner-themed Org and one of the primary antagonists of the seven-part Zen-Aku story arc episode, he gets fought in the episode "Curse of the Wolf", the first episode of the Zen-Aku story arc.

Vacuum Cleaner Org is one of the ancient Orgs that tried to take over Earth 3,000 years ago. He took the form of a vacuum cleaner and first attacks a middle aged woman in an office with his vacuum power. He was about to suck her up until Toxica and Jindrax arrived and gave the Org a mission to destroy the Wild Force Rangers. Just as the three came out of the office, the Rangers came into battle so

Toxica sent the Org after them and he has a strong sucking power. Vacuum Cleaner Org had the upper hand until Taylor throws an object at the Org's vacuum, clogging it up completely. He was defenseless, but he equipped himself with a blade called the Suction Spear on his vacuum hand to get an aid in combat with which he manages to overpower the Rangers and even used an axe and a scepter as well. Cole equipped the Lion Blaster and managed to land clean hits on him, weakening him enough for the Rangers to destroy him with the Jungle Sword. Toxica revived him as a giant and the Rangers call the Wildzords to form the Wild Force Megazord and attach the Soul Bird to the Megazord. They battled with Vacuum Cleaner Org, who had the upper hand with his sucking powers, Alyssa called the Elephant Wildzord and it came to the rescue, so the Rangers formed the Wild Force Megazord Sword and Shield Mode and destroyed Vacuum Cleaner Org for good with the Pachyderm Crusher.

---

Alyssa: Vacuum Cleaner Org!

Vacuum Cleaner Org: Been a long time rangers.

Me: I Remember you! You were sent to attack the people and then destroy the rangers!

Vacuum Cleaner Org: That's right. Really good memory.

Me: Thanks and I never missed an episode. Plus your fight was the precursor for the battles with Zen-Aku when he was awakened after 3,000 years.

Vacuum Cleaner Org: That's right J.D. Wow your memory is incredible.

Me: That was the battles that beat the living crap out of the rangers.

Nico: I'll never forget those. They were brutal.

Lana: Yeah they sure were.

William: You would be a great help around houses.

Vacuum Org: (laughs) Well, I am themed after a vacuum, after all.

Me: When we finish here we'll give you a human form to help you be a great housekeeper.

Vacuum Org: I would like that.

Nico: Cool.

Me: Lets get it on.

Battle 1: Mallow, Fluttershy, Mirage Daffodil, Mage Meadowbrook, Life Skylanders, Plant Lola KND Sector V, Babs Seed and Trixie VS Evilseed

---

Evilseed was first.

Evilseed: (to Mallow) Poor Parn. It must've been tough for his father to be dishonored like that.

Mallow: Yeah it sure was and he was looked down upon by his village.

Fluttershy: It was horrible that he went through all that.

Mirage Daffodil: Yeah it sure was. He did not deserve to be treated like that.

Mage Meadowbrook: Yeah what a bunch of fools.

Stealth Elf: They have no right to treat Parn like that.

Plant Lola: Bunch of morons!

Numbuh 1: You said it.

Numbuh 2: Yeah those guys are freaks.

Numbuh 3: What they did was terrible!

Numbuh 4: Yeah what a bunch of worthless bloaks!

Numbuh 5: You said it.

Babs Seed: What a bunch of imbeciles.

Trixie: The Great and Powerful Trixie agrees with you.

Evilseed: I agree with all of you too. Lets do it!

He formed a plant hydra and went at them and the group fired waves of leaves, energy and magic and smashed Evilseed and his hydra down.

Mallow: All right!

Fluttershy: That was fun.

Battle 2: Optimus Prime, Twilight Sparkle, Thunder Sparkle, Star Swirl, Magic Skylanders, Light Lily, Teen Titans, Aria Blaze, and Juniper Montage VS Evil-Lyn

Evil-Lyn was next.

Evil Lyn: (to Optimus) Ashram was very similar to Skeletor. (laughs) Especially the fact that they're both dead!

Optimus Prime: That is very coincidental and similar.

Twilight Sparkle: Yeah it sure does feel like it.

Thunder Sparkle: Yes it does.

Shanan and Nicole did some research and found out that Sh'Lainn comes from a clan of Banshee's that came to Earth from another planet almost 2554 years ago in 527 B.C. and Ariana is a Banshee from Celtic MYth. I think it's really amazing that we have 2 Banshee's here.

Lok: Yeah after everything that Jameson did to him he has more than earned the respect he needs.

Pinkie Pie: What Jameson did makes him a big time party pooper!

Maud Pie: (Monotonously) He is as rotten to the core as sulfur when it smells like rotten eggs.

Little Cheese: Yeah that guy is a REAL stick in the mud! Stinky mud to be presise.

Sprocket: Yeah what a senile old man! He has no love for heroes at all.

Also the next chapter is gonna be an awesome adrenaline rush as we participate in an epic and action packed race through the game of F-Zero and we're going after the evil Black Shadow and Blood Falcon and make those monsters pay for their crimes and end their existences for good. We're going to help Captain Falcon take them down forever.

See you all tomorrow.

# Captain Falcon VS Black Shadow

Over in England, me and Denise Hope were flying over the countryside and we arrived at a small town in the middle of Southeast Central England and it was a really small town.

Denise: Thanks for letting me come along, J.D.

Denise concentrated and groaned as her mouth turned into a beak.

Me: Not a problem Denise.

She turned into her Galarian Articuno form!

Me: YEAH!

We landed in the town of Midwich and it was a creepy town.

Me: Midwich, where have I heard that name before?

Denise G. Articuno: Sounds familiar.

Me: Wait a second. Could it be? (Gasp) This is the town from the 1960 movie Village of The Damned!

Denise G. Articuno: Whoa man! That movie was scary!

Me: Yeah it sure was.

We then heard fighting noises and we went and saw a girl and she was half human, half octopus.

Me: Whoa she's a Scylla from Greek Myth.

Denise G. Articuno: What's a Scylla?

Me: Half human, Half Octopus. They're like merfolk except they are half octopus instead of half fish.

Denise G. Articuno: Wow! And she's fighting the people of the town.

Me: They are being controlled by the children of the damned.

Denise G. Articuno: You mean those kids with the white hair?

Me: Yep and they have piercing glowing red eyes that can drive people to kill like some kind of crazy mind control power. They were made by aliens from another planet.

Denise G. Articuno: Lets get them.

Me: Normally it would be against our code but these kids are a problem.

We went and faced the kids. They were THE CHILDREN!

---

**The Children** are the central antagonists of the *Village of the Damned*, as well as *Children of The Damned* and the 1957 science fiction novel *The Midwich Cuckcoos* by the late John Wyndham. This group of human-like alien youths were all albino and had powerful psychic abilities which manifested as glowing eyes when angered or provoked: unlike most horror villains, the children only attacked when they felt threatened but they were very easily provoked and believed in violent punishment for any who harmed them (this was especially prevalient in the remakes - where they tortured and killed in very gruesome ways). Despite appearing as human children, the Children are actually not of this world and were the result of a mysterious mass pregnancy. The children possesses strong psychic energies as well as a common emotionless personality. They exert a powerful mind control which makes them extremely dangerous.

*The Midwich Cuckoos*

In the British village of Midwich, Winshire, people start falling into unconsciousness en masse. Suspecting gas poisoning, the army is notified. They discover that a caged canary becomes unconscious upon entering Midwich, but regains consciousness when removed from the village. Aerial photography also shows an unidentifiable silvery object on the ground in the center of Midwich.

After one day the mysterious effect vanishes, along with the unidentified object, and the villagers wake up with no apparent ill effects. Some months later, however, every woman of the child-bearing age of Midwich is pregnant: even those who are single or not otherwise in relationships with men. With all indications that the pregnancies were caused by foreign origin during the period of unconsciousness that has become to be referred to as "The Dayout".

When the 31 boys and 30 girls are born they appear normal except for their golden eyes, pale and silver-like skins. These children have none of the genetic traits of their parents. As they grow up, it becomes apparent that they are (at least in some aspects) not fully human: they possess telepathic abilities and can control others' actions. The Children possess two distinct group minds: one for the boys and another for the girls. Their physical development is accelerated compared with that of normal humans; upon reaching the age of nine, they appear to be sixteen-year-olds.

The Military Intelligence department learn that the same phenomenon has occurred in four other parts of the world, including an Inuit settlement in the Canadian Arctic, a small township in Australia's Northern Territory, a Mongolian village and the town of Gizhinsk in eastern Russia northeast of Okhotsk. The Inuit killed the newborn Children, sensing their children are not their own, and the Mongolians killed the children and their mothers. The Australian babies had all died within a few weeks (suggesting that something may have gone wrong with the growth process). The Russian town was recently "accidentally" destroyed by the Soviet government, using an atomic weapon from a range of 50-60 miles.

The Children of Midwich are aware of the threat against them, and the Children protect themselves as much as possible using a form of mind control. One young man who accidentally hits a Child in the hip while driving a car is made to drive into a wall and kill himself. A bull which chased the Children is forced into a pond to drown. The villagers form a mob and try to burn down the Midwich Grange, where the Children are taught and live, but the Children make the villagers attack and kill each other. The Children also use their powers to prevent any planes from flying over the village. During an interview with a Military Intelligence officer, the Children explain that to solve the problem they must be destroyed. They explain that it is impossible to kill them unless the entire village is bombed out of existence, which results in massive civilian deaths. The Children present a suggestion (and an ultimatum): they want to migrate to a secure location, where they can live unharmed. They demand a plane from the government.

An educated elderly Midwich resident named Gordon Zellaby believes the Children must be killed as soon as possible. As he is terminally ill and has only a few weeks left to live due to a heart condition, he feels an obligation to do something. He has acted as a teacher and mentor of the Children and they regard him with as much affection as they can have for any human, permitting him to approach them closer than they allow other humans to. One evening, he, in effect abusing and betraying their trusts, hides a bomb in his projection equipment, while showing the Children a movie about the Greek islands as a potential haven for The Children. Zellaby sets the timer on the bomb, killing himself and all of the Children.

1960 Movie

The inhabitants of the British village of Midwich suddenly fall unconscious, as does anyone entering the village. The military arrives and establishes a cordon around Midwich, but not even wearing protection gears save them from fainting, as soldiers who wore masks also passed out feeling cold sensation. The pilot of a military reconnaissance plane is contacted and asked to investigate. But when he flies below 5,000 feet, he too loses consciousness and the plane crashes. A five-mile exclusion zone around the village is established for all aircraft. After approximately four hours, the villagers regain consciousness, and all are seemingly okay.

2 months later, women and girls of child-bearing age in Midwich village are discovered to be pregnant, sparking many wild accusations of both infidelity and extramarital sex. The accusations are quickly silenced as the unusual nature of the pregnancies is exposed: these fetuses are actually larger and more mature than what normal fetuses should be at their current month of gestation.

Eventually, all pregnant women of Midwich give birth on the same day. Their children, when born, possess unusual appearance, including eyes with unwavering stare, odd scalp hair construction and colors (platinum blonde), and abnormally narrow fingernails. As the children grow and develop (once again) at an unusually rapid rate, it becomes clear they also have a powerful telepathic bond with one another. They can communicate with each other over great distances, and as one learns something, so do the others. At the age of 3, the children are precocious, physically and mentally the equivalent of children four times their age. Their behavior has become even more unusual and striking. They dress impeccably, always walk as a group, speaking in an adult manner, and behave maturely. But they show no conscience or love, and demonstrate a coldness or even hostility to others, causing the villagers to fear and be repulsed by them. The children begin to exhibit the power to read minds and to force people to do things against their will: there have been a number of villagers' deaths since the children were born, many of which are considered unusual, and some citizens began to believe the children are responsible. This is confirmed when the children are seen killing a man by making him crash his car into a wall, and again when they force his suspicious brother to shoot himself.

Professor Gordon Zellaby, whose wife Anthea gave birth to David Zellaby who is one of the children, attends a meeting with British Intelligence to discuss the children. There he learns Midwich was not the only place affected; follow-up investigations have revealed that similar incidents occurred in other areas of the world. Zellaby is at first eager to work with them, trying to teach them while hoping to learn more about them. The children are placed in a separate building where they will learn and live. But the children, even in isolation and confinement, continue to exert their will, and Zellaby learns the Soviet government has used an atomic cannon to destroy the sole remaining alternate village containing their own spawn of mutant children. Zellaby ultimately compares the children's resistance to reasoning with a brick wall and uses this motif as self-protection against their mind reading after the children's inhuman nature becomes clear to him. He takes a hidden time-bomb to a session with the children and tries to block their awareness of the bomb by visualizing a brick wall. David scans his mind, showing an emotion (astonishment) for the first time. The children try to break down Zellaby's mental wall and discover the truth a moment before the bomb detonates, consuming the building in flames and killing them all.

*Children of the Damned*

This is a sequel to the 1960 Movie and interprets the children as being more pure forms of human beings rather than evil and alien. Six children are identified by a team of UNESCO researchers investigating child development. The children possess extraordinary powers of intellect. They are born without a father and are also capable of telepathy.

The children, from various countries - China, India, Nigeria, the USSR, the United States and the UK - are brought to London for a collective study into their advanced intelligence. However, the children escape from their embassies and gather at an abandoned church in Southwark, London. They intermittently take mental control of a woman to help them survive in the derelict church. Meanwhile, the military debates whether or not to destroy them. The children have demonstrated the capacity for telekinesis and ability to construct a complex machine which uses sonic waves as a defensive weapon, which kills several government officials and soldiers. But the military realizes that they only fight back when attacked. After psychologist Tom Lewellin makes a plea asking the group return to their respective embassies, the children appear to obey but kill several more of embassy and military officials before returning to the church. Lewellin urges the government to give the children leeway, but Lewellin's team of scientists observe the difference between an ordinary human blood cell and the cells of one of the children, discovering the children to be non-human. The government deems that the children have potentials to become a threat to the human race.

When authorities try to take control of the children by force, children are forced to protect themselves. As the situation escalates into a final showdown between the military and the children, one of the Lewellin's scientists arrives, correcting himself that the judgment of the children being alien was incorrect and that the children's cells are in fact human, advanced by a million years. Meanwhile, the children also imply they have arrived at the decision their presence is incompatible with that of basic humans, and therefore they intend to lower their defences and sacrifice themselves. The military commander recognizes a mistake has been made, and aborts the attack command. But the order comes too late: the command is triggered accidentally by a screwdriver - one of the simplest of basic man's machines. The church is destroyed, and the children are killed.

## 1995 Movie

Instead of Britain, this remake takes place in the United States of America. The coastal town of Midwich in California's Marin County is being invaded by an unseen force, causing a blackout for six hours, which leaves ten women mysteriously pregnant.

9 months later, the babies from the ten women are born simultaneously on one night, though one is stillborn. At first, they all appear to be normal, but it does not take the parents long to notice that they are anything but: the children are shown to all have pale skin, pale white hair, very advanced IQ, and cobalt-colored eyes but devoid of emotion or conscience. The children soon pair off as a male and a female, except for one of the boys, David McGowan, whose intended partner was the stillborn baby of the later tragically suicidal Melanie Roberts (whom was speculated or rumored by the townspeople to be a virgin). As a result, he exhibits normal human emotions while still resembling the other children and partially retaining their psychic powers. Their leader is Mara Chaffee, the daughter of local physician Dr. Alan Chaffee and local real estate agent Barbara Chaffee, but also the one truly responsible for her mother's psychically induced suicide when she and David were infants.

The children display psychic abilities that can result in violent consequences whenever they experience wrath or provocation. Government epidemiology expert and National Science Foundation representative Dr. Susan Verner, is forced to show the children the preserved stillborn baby she secretly kept to perform an autopsy, which is unveiled as an alien. She then is made to eviscerate herself. An angry mob gathers to kill the children, but the mob leader whose beloved priest husband unsuccessfully tried to gun down the

Children on his own, is set on fire upon herself instead and burns to death while the state police sent there are instead hypnotized into shooting each other in a chaotic gun battle. Just like in 1960 movie, it is revealed that there are other colonies of children in foreign countries, but they had been quickly eliminated due to their inhuman nature. The children eventually move to the local barn as their classroom and for their perceived 'survival'.

In order to rid the town of the children, Doctor Alan Chaffee devises a plan: to detonate a briefcase of explosives inside the Children's classroom. By thinking of a brick wall, he is able to create a mental barrier and keep the presence of the bomb a secret from the children. Jill begs him to spare David because he is not like the others, and Alan agrees. He attempts to do this by asking David to leave the classroom to get his notebook from his car. As Alan and the Children exchange a heated discussion about isolation (the children desire to establish their own community away from humanity) against co-existence (Alan argues that they need to master this to ultimately survive and continue to go on living), the children begin to suspect that Alan is hiding something, and they use their mind control to repeatedly batter down Alan's mental wall. Then Jill shows up, and the children stop her and attempt to use mind control on her. David, grown tired of the Children, rushes to Jill's defense and knocks Mara over. The children turn on David, but Jill rushes him from the building. As soon as the children discover Alan thinking of the time bomb, it detonates, killing everyone inside, along with Alan.

Jill and David survive the massacre; she says that they will both move to a place where nobody knows them. David looks off into the distance as they drive away.

---

Me: Children of Midwich. You got five seconds to leave these people alone or we'll make you.

Mara Chaffee: (British Accent) (Monotonous) You can't stop us, you know. Don't try.

Their eyes glowed a vicious neon red.

Me: I don't even have to lift a finger.

My eyes glowed blood red and I looked at the children with a powerful psychic glare and then the Children's necks snapped and I killed them with just one look.

Kyure: WHOA! That was incredible!

Me: Yep it sure was. Ever heard of that old saying "If Looks Could Kill you Would be Dead?"

Kyure: I sure know that saying. Hey wait a second. You're J.D. Knudson, leader of Team Loud Phoenix Storm! It's such an honor.

Me: Same here.

Denise G. Articuno: Pleasure to meet you. I'm Denise Hope and I'm also a Galarian Articuno.

Kyure: Pleasure to meet you and yes I am a Scylla.

Me: Pleasure to meet you Kyure.

Denise G. Articuno: I'm gonna revert back now.

Me: Okay.

I put on my blind man glasses and she reverted back.

Denise was human again. But naked.

Denise: (covers herself) Are you okay now, Kyure?

Kyure: I sure am. Thanks to you guys.

I gave Denise new clothes.

Denise: Thanks J.D.

Me: You're welcome.

She went and put them on.

Kyure: What were those kids doing to all those people?

Me: Those kids were not from Earth. They were made by aliens and they had glowing red eyes that can control people and kill people too.

Kyure: Wait a minute. You mean like the kids in the movie Village of the Damned?

Me: Yep the very same one.

Kyure: That's crazy! I know that movie and it was freaky.

Me: It sure was.

Denise: Yeah. I have an idea. Lets take the children back to the Estate with us for analysis. We can find out where they came from that way.

Me: That's a smart idea Denise.

Kyure picked up the bodies of the children of the damned with her tentacles and we put them in body bags and we went back to the World Tree Estate.

---

Back at the World Tree Estate, everyone was watching TV and having drinks and snacks. They were watching Operation Dessert Storm.

Eli: I love watching Operation Dessert Storm.

Nunnally: Me too.

We came in through a bigger elevator.

Denise: Whew! That was fun.

Kyure: Wow! So this is where you all live.

Me: Yep.

Miia: Kyure!

Kyure: Miia!

They hugged.

Miia: It's awesome having you with us.

Kyure: I am so excited to be with you all too.

Nico: Whoa she's a Scylla from Greek Myth.

Eli: I hope she's not like Ursula.

Me: Don't worry bro, she's not like that monster. Ursula was a monster.

Kyure: Yeah I've heard about Ursula and she was evil as all get out.

Nicole: That's a relief. Who are in the body bags?

Me: We took down the evil Children from the movie Village of The Damned.

Nico: Whoa! That movie was freaky.

Laney: It sure was. And it was hard to imagine that they were made by a huge mass pregnancy.

Lola: Scary and creepy.

Nico: Yeah.

Me: We brought their bodies here for an autopsy to find out what makes them tick and where they came from and how they got here.

Nico: Good thinking.

Nicole: Lets get them to the lab.

We did so.

Later in Jellyfish Fields, Lily, SpongeBob and Patrick were having fun Jellyfishing.

*[A jellyfish swims peacefully and SpongeBob tries to catch it. Lily tries to catch it but she misses Patrick chases a jellyfish, and SpongeBob twirls around. Patrick chases a bunch of jellyfish, and crashes into SpongeBob.*

Lily: You guys okay?

SpongeBob: Yeah we're okay.

They laughed.

*[While they were laughing, something makes an earthquake as the jellyfish swim away in fear]*

Lily: Whoa what's that!?

**SpongeBob:** Whoa! Do you think we caused an earthquake by hitting the ground too hard?

**Patrick:** Maybe. Or maybe it's those guys. *[points to sea whelks that are moving towards them]*

Lily: Are those Sea Whelks?

**SpongeBob:** Oh, I've never seen those guys around before… *[SpongeBob and Patrick get run over by the whelks]*

They were covered in purple slime.

Lily: Gross!

**Patrick:** Ewwww! We're all covered in slime!

**SpongeBob:** Not to worry! I am a sponge after all! *[absorbs the slime]* Hold still, Patrick! *[cleans the slime off of Patrick]* Now for you Lily. *[cleans the slime off Lily]*

Lily: Thank's SpongeBob.

**Patrick:** SpongeBob, you're leaking.

**SpongeBob:** Patrick, Lily, do you mind? I've gotta wring myself out.

**Patrick:** Say no more. *[turns around]*

Lily: Sure thing. [Turns around]

**SpongeBob:** *[squeezes himself]* Ah! Oh! We've got to warn Bikini Bottom about those creatures!

Lily: They were sea whelks.

**Bikini Bottomites:** *[scream]* Whelks!

Lily: Lets get over there!

They ran fast.

Lily pulled out her Neptune Crusaders phone to call us.

Me: (Answers) Hello?

Lily: J.D. it's Lily! We have big trouble here in Bikini Bottom! It's being attacked by huge sea whelks!

Me: WHAT!? We're on our way!

Lily hung up.

*[a whelk chases three fish and spits slime on them, and eats them]*

**SpongeBob:** Oh, what do we do?

**Patrick:** What are those things?

**Johnny:** *[on TV]* Sea Whelks! A pernicious form of sea snail, have invaded Bikini Bottom, and are on the attack, devouring innocent citizens and covering the city with purple slime! *[a whelk eats Johnny]* Luckily, the Bikini Bottom news room is perfectly safe. This is Bikini Bottom News signing off. *["Please Stand By" screen appears]*

Lily: (Sarcastically) Thank you for answering that Captain Obvious.

**SpongeBob:** Whelks? Heh, I'm not afraid of some goofy old sea snails!

We arrived.

Me: Man those snails are huge!

Varie: Sea whelks shouldn't be that big, they should be half the size of Gary.

**Gary:** Meow.

**SpongeBob:** *[shrieks]* Oh, hey, Gary!

**Gary:** Meow. *[slithers away]*

**SpongeBob:** Gary can be a little bit creepy.

Lily: I don't think he's creepy at all.

Laney: Me neither.

**Patrick:** Well, I'm not afraid of them! Watch this! *[taps on whelk]*

**Whelk:** *[turns around]*

**Patrick:** *[raspberries the whelk for about 14 seconds, and stops]* Wait, hold on a second. *[gets a glass of water, drinks it, clears throat, and continues blowing raspberries]*

**Whelk:** RRAWWWWWR!

Me: UH OH!

**SpongeBob:** Patrick, what happened?

**Patrick:** Can't talk, running!

Me: LETS GET OUTTA HERE!

*[We all got scared and run away. We ran to the Krusty Krab]*

We opened the door and went in.

**SpongeBob:** Mr. Krabs! *[bursts through the door along with Patrick]* Mr. Krabs! Ravenous sea whelks are terrorizing Bikini Bottom! They kinda look like Gary, but not really, and they spit purple slime! And they're eating everyone! They tried to eat me, Lily and Patrick, but we ran and we got away!

**Mr. Krabs:** Ravenous? *[holds up a plate of Krabby Patties]* That means hungry!

Me: Mr. Krabs they don't want to eat Krabby Patties, they want to eat us!

Lily: Yeah and they have been eating people all over the city left and right!

Heidi: And sea whelks are usually never that big!

Laney: They're going to kill us!

We heard a roar

*[a siren sounds and a platform comes out of the Krusty Krab, with SpongeBob, Patrick, and Squidward on it]*

**Patrick:** *[taps on SpongeBob]* Spon… Spo… Spo… !

**SpongeBob:** Patrick, use your words. *[gets frightened and tugs on Squidward]* Squid… Squi… Squi… Squi… !

**Squidward:** Oh man, that's one big mama!

Me: That must be the mother!

*[a larger sea whelk arrives and roars]*

**Mr. Krabs:** Welcome to The Krusty Krab! *[the whelk growls]*

Me: Mr. Krabs get inside quick!

*[the whelk swallows Mr. Krabs]*

Mr. Krabs: Hey! I'm not on the menu!

**SpongeBob:** Squidward, it swallowed Mr. Krabs!

**Squidward:** What are we gonna do!? *[the whelk swallows Squidward and he screams]*

**Patrick:** SpongeBob, what are we going to do?

Me: RUN!

*[We all run out of the Krusty Krab, which is also swallowed by the whelk. We ran over to Sandy's treedome]*

**SpongeBob and Patrick:** Sandy! Let us in, let us in, let us in! Let us in, Sandy! Let us in, Sandy! *[the whelks start toward them and bite and they scream]*

**Sandy:** *[looks through her door]* Who is it?

Me: It's us Sandy!

**SpongeBob and Patrick:** Sandy! Please, let us in!

**Sandy:** How can I be sure you're not whelks in disguise?

Laney: Whelks are not shapeshifters Sandy.

**SpongeBob:** We're not whelks!

**Patrick:** We promise!

**Sandy:** *[sighs]* You're in. *[lets us in and activates a lever that covers her treedome in metal]*

Me: That was a close one.

Sandy: I think I have the answer! Now, do ya want the regular answer, or the action-packed answer?!

**SpongeBob:** Uh, action-packed, please?

**Sandy:** Yes! *[jumps in the air]* I need a sample of their slime! If I can analyze it, I may be deduce the cause of their aggressive behavior! And maybe we can stop them!

**SpongeBob and Patrick:** Hmmmmm.

Me: That's gonna be tough.

Eli: But we can do it!

**Sandy:** *[gasps]* Oh, no!

Me: They're melting through the metal!

Vince: Their breath is like fire!

*[the whelks melt the metal wall and break through the flooding treedome. Sandy removes SpongeBob's helmet, puts it on, and pulls a string, draining the water inside]*

**Sandy:** Come on, guys! Follow me! *[SpongeBob, Patrick, and Sandy climb up the tree]*

**SpongeBob:** Well, I guess this is end, Patrick!

**Patrick:** You guys go, I'll hold them off. *[sadly]* And if I failed, at least my sacrifice will delay the "Inanimable."

Me: You mean Inevitable, Patrick.

**SpongeBob:** I can't let you do that, Patrick! I'll be the one to delay my life!

**Patrick:** Okay, you go!

**Sandy:** No, I'll go! The whelks don't seem to be after land… critters! *[a whelk eats Sandy and burps. We all then scream and get swallowed by the whelk]*

SPLASH SPLASH SPLASH SPLASH!

Me: YUCK!

**SpongeBob:** Patrick, look at that!

**Both:** The Krusty Krab!

Me: And the Neptune Crusader HQ!

We went in.

**SpongeBob:** The gang's all here!

**Squidward:** Thank goodness you're all here!

Nico: Those whelks are dangerous creatures.

Twilight Sparkle: No kidding.

We were covered in slime.

**Sandy:** *[takes a sample of the slime]* Hey, SpongeBob! Lend me your corneas for a second! You too, Patrick!

**SpongeBob and Patrick:** Oh, okay. *[removes corneas]*

Me: Yikes that's gotta hurt.

**Sandy:** *[looks through microscope]* Well, golly! No wonder they're all grumpy! Them whelks are full of germs! They're sicker than a bull with the squirrel pox!

Me: Let me see.

I looked and saw that she was right. They were sicker than a cow with rabies.

Me: She's right. These whelks are really sick. These germs act like rabies and it made them huge monsters.

**SpongeBob:** Oh, I know just what to do! After all, I've had the suds! I just have to absorb the whelks' snot, and they'll return to normal!

Lily: Go for it SpongeBob!

SpongeBob: *[absorbs the slime and cleans off mama whelk]*

**Mama Whelk:** Meow.

**SpongeBob:** Now, let's get the rest of you cleaned! *[swallows the* *whelks and swishes them around in his mouth a little, and spits them out]*

**Whelks:** Meow. Meow. Meow.

They were so cute.

**SpongeBob:** Aww, cute. Ahhh… Ahhh… Ahhhh… Chhoooooo! *[sneezes out Patrick, Sandy, Squidward, Mr. Krabs, and The Krusty Krab. The customers and us all cheer and SpongeBob sniffles]* Excuse me! *[laughs]*

**Squidward:** Gesundheit.

Me: Bless you SpongeBob.

Eli: You did it!

Me: Yeah!

**Mr. Krabs:** You did it, boy!

We went over to them and I saw that they were really cute.

Me: Oh they are so cute.

I picked one up and it was adorable.

**Squidward:** *[picks up a whelk]* So, these things went crazy just because they had the sniffles? *[the whelk sneezes slime on Squidward and everyone laughs]*

YUCK!

**Patrick:** It's in his eye! *[SpongeBob sneezes again]*

**Squidward:** Oh, that's hilarious.

Me: But we're really covered in slime. Lets get everyone back and fix the city before we head to the Monstropolis Prison to talk with Mr. Waternoose.

Nico: Right.

I snapped my fingers and everything was back to normal.

---

In the Monstropolis Prison, we were there to talk to Mr. Waternoose the former President and CEO of Monsters Inc.

Mr. Waternoose: I really appreciate that you all came to visit me after over a year. (sees some of us covered in slime): Why are you all covered in slime?

Powerpinch: We had to deal with a lot of Whelks.

Mr. Waternoose: Whelks?

Manaphy: The less you know, the better!

Me: They are a type of sea snail and they were really sick and were eating everyone in their path.

Nico: Yeah it was really gross. Sandy said they were sicker than a bull with the Squirrel Pox.

Eli: It was awful.

Kyure: But thanks to SpongeBob he cured them.

Lily: And it was a mother whelk and her babies that were sick.

Mr. Waternoose: That is crazy. Thank goodness you all are okay.

Me: Thanks Mr. Waternoose.

Nico: But yeah that was nuts.

Twilight Sparkle: Sir, I really understand why you did what you had to do. You were just trying to save Monsters Inc from going bankrupt. I actually was in your position.

Waternoose: Really?

Twilight Sparkle: (sighs) When I opened my school of friendship for the first time, I put a lot of effort to make it work. But then, Chancellor Neighsay showed up and tried to shut it down because there were non ponies enrolled in it. I would've done anything to save said school.

Jean Grey: I actually heard about that from Princess Celestia. I don't care if he's learned his lesson. If he tries one more stunt, he's gonna get it.

Me: Jean there's no need for that. After what happened with Cozy Glow he realized that friendship can affect anyone no matter what creature it is or where they are from. Princess Celestia said that Chancellor Neighsay was amazed that 6 creatures of different species can be friends and learn so much by working together.

Yona: Yona agree with J.D.

Smolder: We learned so much from Professor Sparkle and her friends.

Sandbar: We sure did and the lessons and field trips are amazing.

Ocellus: They sure are and we learn so much from them.

Silverstream: I think they all are amazing.

Gallus: Boy I'll say.

Mr. Waternoose: Wow that is amazing.

Me: It sure is.

Cozy Glow: And I completely regret doing what I did to everyone and everycreature and everypony. I was so consumed with grief that I snapped.

Mr. Waternoose: What happened?

Sulley: It's a really ugly story sir.

Me: Cozy Glow lost her mother due to a terminal illness and she snapped and she did terrible things.

Mr. Waternoose: Oh man! I'm sorry you went through so much.

Cozy Glow: It's all right. But I have my mom back and I'm starting to heal.

Mr. Waternoose: That's good.

Offroad: Bottom line, sir? We still don't blame you for what you did. We would've done the same thing.

Nico: (sighs) Besides, I recently did some bad things too.

Mr. Waternoose: Like what Nico?

Me: That is another ugly story. We went through a terrible ordeal that lasted from January 23rd to February 11th. We call that ordeal the 20 Days of Darkness.

I went over everything that happened during those days and it was terrible.

Mr. Waternoose: My goodness that's terrible! I'm sorry you went through all that.

Eli: It's all right sir.

Me: But the important thing is we all are all right.

Maria: Also, we're actually planning to have you released from here.

Waternoose: Really?!

G1 Sideswipe: But after we do a simulator mission based on what happened in Monsters Inc during the energy crisis. I figured it would be fitting.

Me: That will be VERY fitting for us.

Nico: Yeah that was funny.

Eli: It sure was. Boo was so cute in that movie.

Lana: She sure was.

We later went home and took a really good shower.

---

Later we were watching TV.

Nurzak: Nico, I do believe that it's your turn to lead us today.

Sabator: (to the others) Unless you guys have a problem with that.

Nico: Now Sabator.

Me: I don't have a problem with that.

Nico: And it will be awesome like always.

The doorbell rang.

Nico: I'll get it.

Nico went to the elevator and Bobbie Fletcher came in.

Nico: Bobbie Fletcher.

Bobbie: Hey guys. I have a race for you all.

Nico: Ooh! I love a good race.

Bobbie: And you will love where it's gonna take place. It's gonna be in the world of F-Zero.

Eli: Whoa! Captain Falcon's world.

Bobbie: Yep and it's not only gonna be a race but also a battle race too.

Lola: WOW!

Lana: This is gonna be awesome!

Me: It sure is.

Bobbie: Awesome! See you all there.

Nico: You know we will be there.

Grizzly, Evil Seed, Evil-Lyn, Tri-Klops, Beast Man, Trap Jaw, Firepower, U-Foes, Wrecking Crew and the Dark Turtles then appeared.

Grizzly: Can me, Evil Seed, Evil-Lyn, Tri-Klops, Beast Man, Trap Jaw, Firepower, U-Foes, Wrecking Crew and the Dark Turtles come with you guys too?

Nico: You all sure can. First we're gonna have a race. We're going to the world of Captain Falcon to race.

Vector: Awesome!

Wrecker: This is gonna be awesome!

Nico: It sure is.

Maria: I'll call all the Masters of Evil so they can participate too.

Nico: Good idea.

Kyure: This is gonna be so much fun.

Me: We always have fun in any kind of race.

Nico: Yep. Lets head out.

We were off to the world of F-Zero from 1990.

## WORLD OF F-ZERO 1990

We arrived in the Nintendo World of F-Zero from the year 1990 and it was an amazing Race World.

Nicole: Here we are guys. Welcome to the world of F-Zero.

Volcana: (to Captain Falcon) It must be good for you to be home,

huh?

Captain Falcon: It sure is. I can't wait for you all to meet my friends.

Nico: This is gonna be so awesome to meet everyone you know.

Eli: It sure will be.

Kyure: I can't wait to burn some rubber against whoever we're going to face.

Me: Me too.

We arrived at a garage and we saw all of Captain Falcon's friends.

Tri-Klops: Hi there. You all must be Captain Falcon's friends.

Rick Wheeler: We sure are.

Jody Summer: Wow! Team Loud Phoenix Storm it's such an honor to meet you all.

Lisa Brilliant: We love all your adventures.

Jack Levin: They are amazing.

Zoda: Captain it's great you're back.

Captain Falcon: Great to be back everyone.

Nicole: We came to join one of your races and help you guys take down Black Shadow and Blood Falcon.

Rick Wheeler: Awesome!

Nico: I heard that they were not part of the Super Smash Bros. Roster.

Captain Falcon: No they weren't. Darn.

Me: That's all right. We went to many of the awesome worlds of Nintendo and they were great.

Eli: I wasn't here for some of those missions but we went to the worlds of Kirby, Metroid, Donkey Kong, Street Fighter, Mega Man, Mario, Star Fox, Banjo-Kazooie, Legends of Zelda, Splatoon, Kid Icarus and now this one for Captain Falcon.

Me: Video gaming has evolved a lot over the course of 40 years. The only worlds we haven't covered yet are Fire Emblem, Duck Hunt, Ice Climbers, Pikmin, Punch Out, Final Fantasy, Bayonetta, Dragon Quest, Animal Crossing, Tekken, EarthBound, Game & Watch, Xenoblade Chronicles, Castlevania, Metal Gear, Fatal Fury and Yoshi.

Nico: Yeah.

Eli: Lot of games we haven't covered.

Nicole: And that's just in the Nintendo Universe. We've been to 1 game in the Xbox universe.

Me: And several in the PlayStation universe too.

Nicole: Yep.

Nico: That's so cool. Anyway lets get ready for an awesome race.

Turbo Man: I don't think I'll need a car. I can just use my own super speed.

Flash: Same with me.

Sonic: And me too.

Lisa Brilliant: You guys are awesome. (Sees Lincoln) Whoa are you Lincoln Loud?

Lincoln: Yeah that's me.

Jody Summer: Whoa! I heard you just joined the Super Smash Bros. Roster!

Lincoln: I sure did.

Twilight Sparkle: What does she mean by that?

Me: That was one of the biggest surprises we've ever had Twilight. After we got back from the 2nd Total Drama World Tour, we got the biggest shock of our lives when we saw that Lincoln was gonna be placed into the world of Super Smash Bros. It was 3 years ago.

I went over everything that happened in chapter 659 and when I was finished everyone that hadn't heard about it was shocked and floored!

Tri-Klops: Wow! That's amazing!

Twilight Sparkle: WHOA!

Rainbow Dash: Lincoln is now in the world of Super Smash Bros. Ultimate!? That is AWESOME!

Sunset Shimmer: WHOA! That is amazing!

Fluttershy: It sure is.

Nico: We are still reeling from all that. That was amazing.

Jody Summer: That is so cool! Which villains did you take down from the Super Smash Bros. Worlds?

Nicole: Lets see. We took down Ridley, Mother Brain, Dark Samus, Ganondorf, Andross, King K. Roll, M. Bison, Dr. Wily, Witch Gruntilda Winkybunyan, D.J. Octavio, Pandora, Sephiroth and that's it so far.

Janeen Aran: It was amazing!

Captain Falcon: Yeah it was.

Trap Jaw: We're gonna have to build cars for all of us.

Me: No need for that. I already thought ahead.

I opened a portal and then all of our cars then appeared.

Nico: AWESOME!

Trap Jaw: Right I forgot we have all our own cars.

Eli: This is gonna be so cool.

Kyure: It sure will be awesome!

Denise: I don't know how to drive.

Carolyn Hope: You'll be riding with me in my car Denise.

Denise: Cool!

Nico: Awesome!

Wrecker: Wait. Do me, Thunderball, Piledriver, and Bulldozer have to share one car?

Thunderball: Maybe we'll have 4 separate cars for us instead.

Piledriver: I'm fine with either option.

Bulldozer: Me too.

Me: You get your own car. It's a 4 person racer.

Wrecker: Awesome!

Meta Knight: How long do we have before the race?

Captain Falcon: 45 minutes.

Nico: Then lets get moving. First what can you tell us about Black Shadow and Blood Falcon?

Captain Falcon: Right they are my most dangerous enemies.

He went over their history.

---

Black Shadow

Black Shadow is the main antagonist of the F-Zero series. He is the arch-nemesis of Captain Falcon and the tyrannical ruler of the Dark Million Organization.

In the Japanese version, he is voiced by Norio Wakamoto, who also played Cell from Dragon Ball Z, M. Bison from Street Fighter, Alexander Anderson from Hellsing, and Charles zi Britannia from Code Geass. In the English version, he is voiced by Eric Stuart in F-Zero: GP Legend and Jack Merluzzi in F-Zero: GX.

In F-Zero GX, Black Shadow appears at the very beginning of the game being chased by Deathborn, the latter grabs him by the neck and he begs for one more chance to win the F-Zero Grand Prix to which Deathborn agrees but warns he will be punished if he ends up failing again.

Black Shadow realized that he needed to eliminate Captain Falcon in order to assure his success in the Grand Prix, so he attacked the City of Lightning and waited for Captain Falcon to confront him; he then used his dark powers to bind Falcon, Blood Falcon arrived and forced the Captain into the Blue Falcon, on which he had placed an explosive set to detonate if the machine slowed passed a certain speed. Later in the Grand Prix, he was surprised to discover that Falcon was still alive, but he swears to defeat him and win the competition; however, he was defeated, leading to an angry Deathborn to appear from a dimensional portal and dispatch him for his incompetence.

Blood Falcon

Blood Falcon is a major antagonist in the F-Zero series, making his debut in F-Zero X. He is a clone of Captain Falcon who was created by Black Shadow, who instructed him to commit crimes. His age is four biologically, but is stated to be 37 physically. He drives the F-Zero Machine known as Blood Hawk.

Blood Falcon is voiced by Eric Kelso in F-Zero GX and by Banjō Ginga in F-Zero: GP Legend.

Blood Falcon was created from DNA that was stolen from Captain Falcon after the latter accidentally crashed his Blue Falcon and fell into a coma until he was hospitalized. The Blood Falcon was raised by the Black Shadow. Though human, he questioned his true nature. Despite this, the Blood Falcon accepted crime to be his destiny and started serving the Black Shadow.

Blood Falcon states that he is the only one who can be the true Captain Falcon, but in the anime, the Blood Falcon is not the only clone of Captain Falcon, being one of many Blood Falcons.

Blood Falcon is eventually defeated because his master had taken a large chunk of the Blood Hawk's grip away as a trade off for boost, giving the Blood Falcon a low-traction, fast car which ultimately led to his defeat.

---

When he was done we were shocked!

Me: Whoa man! So we have an evil monster out to destroy the entire universe and an evil clone of you.

Captain Falcon: Yep.

Nico: Geez! Now we have to destroy them.

Me: Yep.

Eli: This is gonna be awesome.

Cynder: Let's make sure there's plenty of gas in our cars.

Lisa Loud: We don't need gasoline in our vehicles Cynder. Our cars are powerful a powerful stellar energy cosmic ray generator.

Me: It's a really complex generator. But it is amazing.

Nico: Lets get in and get ready for the race.

We took our cars to the start line.

We got ready for the race.

At the Starting Line we were ready to have fun and burn rubber.

Me: This is gonna be so awesome.

Marinette: I can't wait to have fun.

Nico: Me too.

We got in our cars and Billy Natson then came.

Billy Natson: And welcome to another most fantabulous race today folks. Hello I'm Billy Natson and we have another amazing show for you all today as we do an amazing race through the world of the famous Captain Falcon. This course has been immortalized for many future video games to come ever since 1990. WOW! We have our racers and you all know them and you love them we have Team Loud Phoenix Storm and their amazing frenemies the Masters of Evil. You ready for another awesome Race, J.D.?

Me: You bet I am Billy. And it's so awesome to race in a video game!

Nico: GO RACE!

Billy Natson: Love that racing spirit everyone!

Krysta: All right folks lets get it on! ON YOUR MARKS…

She held up the Green Flag and we revved our engines.

Krysta: GET SET…

She waved the green flag and we gunned it!

Krysta: REV UP AND GOOOOOOOOOO!

We were off!

Billy Natson: AND THEY'RE OFF!

We were blazing down the track at over 300 miles per hour.

We were really driving fast and going through turns and even loops and they were awesome!

Dark Leo: Doing good so far.

Dark Donny: The car's keeping it together so far.

Dark Raph: You know it's only a few days before we find out if Grandfather is back, right?

Dark Mike: I'm sure he'll be easy to fight.

But then, a car behind them hit their car. When they looked behind them, they saw the Blood Hawk driven by Blood Falcon.

Blood Falcon: Sorry, Team Loud Phoenix Storm. But I regret to inform you that you won't live to fight anyone ever again!

Me: So that's Blood Falcon's car the Blood Hawk!

Blood Falcon: And my car will be the last thing you see!

Me: I think not you turd! MEGAVOLT MISSILE FIRE!

I fired a Megavolt Missile and it hit the Blood Hawk and electrocuted it all over.

Nico: Take this one! PIRANHA MISSILES FIRE!

Nico pressed 2 buttons and fired two Piranha Missiles and they hit the Blood Hawk's tires and shredded them to pieces.

Me: And watch this one. Shifting to aerial mode.

I pressed a button and my car grew wings and flew above the Blood Hawk and I fired a shredder missile and it drilled a hole into the top of his car.

Me: SHARK MISSILE FIRE!

I fired a Shark Missile and it grabbed onto Blood Falcon's seat and I yanked him out of the car and it went crashing into the wall and exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMM

Me: BINGO! (To Blood Falcon) consider yourself out of the race!

Blood Falcon: CURSE YOU TO FUCKING HELL!

Flywheels: From here, the race should be easy.

?: Don't be so sure fools!

We saw a black car pull up and in it was BLACK SHADOW and he was driving his BLACK BULL!

Captain Falcon: Black Shadow!

Firepower: We'll destroy your car easily too!

Black Shadow: Try me fools!

He fired laser blasts from his car and we dodged them.

Me: Suck on some oil slick!

I poured oil onto the track in front of him.

Me: Now to burn you up! MATCHHEAD MISSILE FIRE!

I fired a Matchhead Missile and it lit on fire and lit the oil on fire and the flames went for the Black Bull and it hit him and Black Shadow Ejected as his car exploded!

KRABBBBBBOOOOOOOOOOOOOOOOOMMMMMMMMMM!

Me: BINGO!

Nico: That was clever J.D.!

Kyure: Yeah it was!

Me: Thanks guys!

Charmcaster: We'll have those cars rebuilt under our care.

Me: Good idea.

Announcer: And here comes the winner of the race! It's ELI AND NUNNALLY!

EVERYONE CHEERED WILDLY FOR HIM!

Announcer: FOLLOWED BY J.D. KNUDSON!

Eli and Nunnally both won first place!

We cheered for them!

Me: WAY TO GO BRO!

We got to the Winners Circle and Eli and Nunnally were given an awesome trophy. They were given a trophy made of gold and jewels and it had a jeweled racetrack with a falcon on it.

Beast Man: Sorry you didn't win first place, J.D.

Me: That's all right. Besides it's all for fun and we always have a lot of fun in all these races.

Éclair: We sure do!

Kyure: This was awesome being in a race!

Muscle Man: You know who else likes having fun in races? MY MOM!

We laughed at his joke!

Kyure: I don't get it.

Me: We don't either but it's funny.

Nico: Yep but this race was so fun.

Eli: It's all so fun.

Me: Congratulations to you both bro.

Eli: Thanks bro.

Vector: We're not done yet.

Vapor: Vector's right. Black Shadow and Blood Falcon got away.

X Ray: They probably went back to their hideout.

Ironclad: Wherever that is.

Nico: Luckily before they got away I managed to slip a tracer onto them.

Me: Smart thinking buddy!

Eli: Yeah!

Lisa pulled out her radar and it showed that their hideout was locked 20 kliks southwest of the track.

Lisa Loud: He's approximately 20 kliks southwest.

Nico: Great.

Diamond Tiara: First, let's put the trophy somewhere safe.

Me: Be right back.

I teleported back to the World Tree Estate and put the trophy in our trophy case.

Me: Perfect.

I then teleported back.

Me: Okay.

Nico: Wow that was fast.

Me: I put the trophy in our trophy case.

Eli: Thanks bro.

Nico: Lets go!

We flew out to the hideout and we arrived and we were in front of an abandoned factory.

Me: An abandoned vehicle factory. Just his style.

Evil Seed: (to Captain Falcon) Feel free to drive your car into the hole our entrance makes.

Captain Falcon: Great idea.

Nico: Lets do it.

In his hideout, Black Shadow and Blood Falcon were enraged.

Black Shadow: That meddling Team Loud Phoenix Storm! They ruined everything!

Blood Falcon: We'll make sure they suffer for this!

But then…

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the wall of the hideout and Beast Man, Trap Jaw, Evil-Lyn, Clawful, Count Marzo, Whiplash, Tri-Klops, Mer Man and Evilseed flew in and Skeletor's evil insane laugh was heard and then Grizzly bears, Missiles and elemental energy and construction vehicles swirled around them and a phoenix cry was heard as we appeared.

Nico: Hello fools.

Freon: Hold on. We promised your worst enemy that he can make an entrance too.

Maria: We may want to duck. (Ducks down)

We ducked and then Captain Falcon's car flew through the explosion smoke and then landed in front of us.

Me: YEAH!

Captain Falcon got out.

Black Shadow: HOW DID YOU FIND US!?

Nico: None of your business. We're going to kill you!

Me: You will pay for your crimes.

Bowser: And it will really hurt.

Blood Falcon (to Bowser): Me and Black Shadow should've been in the Smash Tournaments and in the Subspace Army. But you were picked instead!

Bowser: (smirks) Hey, it's not my fault I'm more awesome then you two.

Evil Lyn: Not to mention Bowser's driven a car and fought Mario on land.

Me: And Bowser came out 5 years before you all became an official series.

Nicole: That's right. Bowser became official in 1985 where as you all came out in 1990.

Nico: That's right. And there's one thing that Bowser has that you both will NEVER have.

Black Shadow: What's that?

Nico: Honor!

Me: Being in the Super Smash Bros. Tournaments is all about honor, respect and comradery and you 2 have none of those qualities!

Eli: Now it's time for you to die dirtface!

Troy: If you thought the race was over, think again!

Megaforce Rangers: Legendary Ranger Mode: Turbo!

The Megaforce Rangers turned into the Turbo Rangers!

Nico: Lets turn these two into roadkill!

Laney: YEAH!

We powered up and went at them and punched and kicked and pulverized them into pulp.

Ratso: Smile. My fist is gonna take your picture!

POW!

Ratso punched Black Shadow and a camera took a picture of him punching him in his face and Eli fired blast of Force Lightning and electrocuted both Black Shadow and Blood Falcon.

Captain Falcon: FALCON PUNCH!

KRABLAM!

He punched Blood Falcon with incredible force!

KROW!

Captain Falcon: FALCON KICK!

He kicked Black Shadow in the face with devastating force and knocked out some of his teeth!

Wamma and Raimusa blasted and smashed them both into pulp.

Me: Watch this one!

I formed a suit of metal armor on me and then *missile launchers begin to open up from every conceivable location: arms, legs, body, hairline, hidden in the cronmage and tail and under the skin. When the sequence is complete, pull back slowly to show me studded with dozens of small missiles, as well as a large one ready to fire from each hand. This is the bad guy-fighting equivalent of being loaded for bear.*

Nico: WHOA! Now that's what I call FULLY loaded.

Me: Yep. Taste these hot peppers.

Now the missiles begin to fire, roaring toward Black Shadow and Blood Falcon and trailing smoke down the floor. Massive fiery explosions blasted parts of the factory all over the place. One building after another is reduced to dust and flames as they hit and I fired salvo upon salvo and fills the factory and city with exhaust fumes and intense flames from the explosions!. Finally, the view is lost under a single monstrous explosion, which takes several seconds to clear. When it subsides, the entire area has been totally obliterated and reduced to piles of intense burning rubble and fire and the whole factory was destroyed and a in a flaming heap and the missiles also had hit Black Shadow and Blood Falcon and they were really mangled up from all the explosions and missiles.

Eli: WHOA! That was brutal!

Nunnally: Yeah!

May: Don't worry. Your cars will be taken care of. After all, they'll be in more worthy hands.

Me: In OUR HANDS!

Black Shadow: YOU WILL NEVER TOUCH OUR CARS!

Nico: They are ours now!

Vypra: That's right bub!

Dark Spicer: Yeah!

Earthworm Jim: EAT DIRT DESTROYER RACERS! (BLASTS BLOOD FALCON AND BLACK SHADOW ALL OVER) HAHAHAHAHAHAHAHAHAHAHAHA!

Ed Cowart: EAT DIRT MALEVOLENT RACERS! (BLASTS BLOOD FALCON AND BLACK SHADOW ALL OVER) HAHAHAHAHAHAHAHAHAHAHAHAHA!

Popeye: Time to teach this palooka what for.

(POPEYE SPINACH THEME PLAYS)

POP!

He popped open his can of spinach and ate it and swallowed.

GULP! BLAM! BOING!

HE FLEXED HIS MUSCLES AND AN ATOMIC EXPLOSION WENT OFF IN HIS BICEPS!

Popeye then pulverized and smashed Blood Falcon and Bkacj Shadow into pulp with incredible speed and fury!

Me: My turn!

I popped open a can of spinach and ate it.

Me: (GULPS) YUCK!

BLAM! BOING!

I flexed my muscles and a volcano erupted an a massive phoenix flew out of it and screeched!

I flew at the 2 villains and viciously pulverized them into pulp like how Popeye viciously massacred Bluto!

Ets: Take this you fiends! TECHNO STYLE NINJA ART: RACING GEAR BOMBS!

He fired a wave of gears and they hit Black Shadow and Blood Falcon and exploded on contact.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM
KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMMMMM

Pinchpinch: Time to show these jerkfaces what for! Powerpinch, TERRORIZE!

He transformed!

They fired elemental energies and they formed into the cars of NASCAR which all attacked the opponents.

Captain Falcon, Eli, Nunnally and Firepower: FALCON RACE SMASHER!

They fired a massive blast of fire and it formed into a powerful falcon of fire and the blasts all smashed Black Shadow and Blood Falcon down.

Nico: Now it's time to final you.

Maria: How about we turn you two into roadkill like we promised?!

Me: Lets do it!

We got into our cars and Eli held Black Shadow and Blood Falcon in place with the Force and we revved our engines.

Nico: Get ready guys!

Me: You're terminated fuckers.

We put the pedal to the metal and gunned it and then…

SMASH!

We smashed them over and splattered Black Shadow and Blood Falcon's blood and guts everywhere!

YUCK!

Me: That takes care of them!

Nico: Good riddance. Great job everyone!

Eli: That was fun!

Lola: Yeah it was!

Nico: Lets go celebrate Eli and Nunnally's victory at the Krusty Krab.

Me: Good idea.

Black Shadow and Blood Falcon's spirits appeared.

Me: First is this. (Holds hand out) You are never gonna be good for the Super Smash Brothers world. HAKAI!

I banished them to the Warp forever.

We went to the Krusty Krab.

---

We were having really good Krabby Patties.

Me: Mmm! (Eating) Delicious!

Laney: (Eating) Very delicious.

Then Golden Glider, Captain Cold, Toyman, Gorilla Grodd, Riddler, Black Manta, Shade, Atomic Skull, Tala and Gentleman Ghost appeared.

Me: Golden Glider, Captain Cold, Toyman, Gorilla Grodd, Riddler, Black Manta, Shade, Atomic Skull, Tala and Gentleman Ghost.

Golden Glider: So, how was the race?

Maria: It was awesome!

Captain Cold: Glad to hear it. We heard you guys raced in Mute City.

William: We sure did. You guys should've been there.

Toyman: Well, either way, we're glad you guys had fun.

Grodd: Especially since you guys took down two of Captain Falcon's most dangerous enemies.

Riddler: Riddle me this: Who won the race?

Me: Eli and Nunnally did.

Grodd: Congratulations to you two.

Eli: Thanks. First ever race we won. It was great!

Nunnally: It sure was.

Lola: We're proud of them.

?: (Alien Voice) Good for you.

A figure came out and it was the GLOWING ALIEN!

Shaggy: ZOINKS! It's the Alien of the Camp!

Qin: Oh man! Not this glowing freak!

Twilight Sparkle: What was this one known for?

Qin: This alien was really Tessie, she was responsible for stealing over a billion dollars in radioactive metals and she was using the alien disguise to scare the authorities away while she stole all that metal.

Rainbow Dash: Man that's crazy!

Me: Yep and she got 75 years in federal prison for her crimes. She died in prison of cancer caused by Radiation Poisoning.

Fluttershy: Goodness.

Me: Yeah good riddance.

?: That's a horrible way to die for her.

A figure came out and it was Amphibitor back for round 2.

Me: Amphibitor. Back for round 2.

Amphibitor: Yep. Way to go on the race to Eli and Nunnally.

Eli: Thank you.

Amphibidor: Glad that I'm fighting you Rangers in a less hot environment this time.

Shane Clarke: And underwater too.

Me: In the Krusty Krab as well.

Eli: A great restaurant too.

Nico: Awesome. Lets get the show on the road.

---

Battle 1: Flash, Twilight Sparkle, Luster Dawn, Thunder Sparkle, Star Swirl, Magic Skylanders, Ice Luan, Natsumi, Naruto, Sasuke, Sakura, Ino, Shikamaru, Choji, Neji, Tenten, Lee, Hinata, Kiba, Shino, Rin, Fu, Lync Volan and Nurzak VS Golden Glider

---

Golden Glider was first.

Golden Glider: (to Flash) Did you guys really have to deal with whelks this morning?

Flash: We sure did and they were terrible snails.

Twilight Sparkle: Yeah they sure were and it turns out they were sick as all get out.

Luster Dawn: They were snails that were giant and they were eating people left and right.

Thunder Sparkle: It was a mother snail and her babies and they were REALLY sick.

Star Swirl: Yeah Sandy said they were sicker than a bull with the Squirrel Pox.

Golden Glider: EW! Thank goodness they all got cured.

Spyro: Yeah the poor things were out of their minds from the sickness they had.

Ice Luan: They were Sickeninglyl Ill. (Laughs) Get it? But seriously they were really sick.

Natsumi: And they were covering everything with gross purple slime.

Naruto: Yeah it was REALLY disgusting.

Sasuke: They were eating everyone because of the sickness they had.

Sakura H.: I may not be a veterinarian or an expert on snails but they were really bad.

Ino: Yeah they sure were. Those germs were REALLY driving them crazy.

Shikamaru: Yeah it was weird but it was really a drag.

Choji: And I don't even like escargot. I may like to eat but escargot is not one of my favorite foods.

Golden Glider: I don't blame you Choji. I don't like Escargot either. No offense to Marinette and her friends, Pepe Le Pew and Bronze

Kneecap.

Neji: I don't understand how Whelks could get sick like that and eat everyone in their path.

Tenten: Yeah Heidi has been teaching us all about fish and sea whelks usually eat worms, mussels and crustaceans, but never fish.

Rock Lee: It's really crazy how a small cold like that can make creatures like sea whelks turn into monsters like that.

Hinata: The poor things were really sick.

Kiba: Yeah and the giant Whelk mother swallowed the entire Neptune Crusaders HQ whole.

Shino: It was weird.

Fu: Yeah it sure was. But thank goodness we found out what was causing the whelks to be sick and SpongeBob cleaned them up.

Rin: Yeah it was genius.

Golden Glider: Yes it was. Lets do it!

Golden Glider went at them and the group fired waves of elements, magic and ice and smashed her down.

Flash: That was fast!

Twilight Sparkle: Yeah it was!

---

Battle 2: Qin Chen, Sunset Shimmer, Pepperdance, Cayenne, Phoenix Shimmer, Gusty the Great, Fire Skylanders, Fire Lori, Gaara, Temari, Kankuro, Pakura, Maki, Matsuri, Sari, Karura, Volcana and Torch Man VS Captain Cold

---

Captain Cold was next.

Captain Cold: (to Qin) I can imagine those whelks were a handful.

Qin: They sure were. They were sick as hell and they were eating everyone left and right and covering everyone with disgusting purple slime.

Sunset Shimmer: It was really gross. After seeing all that, I'm never gonna look at snails the same way again.

Pepperdance: You're not kidding and I don't like Escargot.

Cayenne: Me neither. I don't even like to eat snails.

Phoenix Shimmer: But these Whelks were one sick group. They were out of their minds from the sickness they got that they were lost to zero conscious reasoning.

Gusty: Yeah. Sandy found out the cause of the disease and she said that they were sicker than a bull with the Squirrel Pox.

Captain Cold: I've never heard of the Squirrel Pox. But that disease that affected those whelks must've been crazy.

Sunburn: It sure was. It was one bad disease if it could turn those sweet snails into monsters like that.

Fire Lori: The poor snails were insane because they were sick.

Gaara: They had no idea what they were doing because they were so sick.

Kankuro: Yeah poor little things.

Temari: They were just that sick.

Pakura: Awful all that happened to them.

Maki: No kidding sensei.

Karura: Yeah those snails were awful.

Matsuri: They sure were. The poor things.

Sari: Yeah I felt sorry for them.

Captain Cold: Me too. Lets do it!

Captain Cold fired a blast of ice and they dodged it and the group fired waves of fire, wind, sand and energy and smashed him down.

Qin: YEAH!

Sunset Shimmer: That was amazing!

---

Battle 3: Carter Grayson, Fluttershy, Tree Hugger, Tornado Bolt, Mirage Daffodil, Mage Meadowbrook, Fu, Shibuki, Life Skylanders, Plant Lola, Pharaoh Man and Turbo Man VS Toyman

---

Toyman was next.

Toyman: (to Carter) Sorry that J.D. didn't win the race.

Carter Grayson: That's all right. Besides he loves having fun with all these races.

Fluttershy: They are really fun. Eli and Nunnally were overdue to win their first race.

Tree Hugger: They had a really far out win dudes.

Tornado Bolt: They sure did and it was awesome blowing up Blood Falcon and Black Shadow's cars.

Mirage Daffodil: That was so fun.

Mage Meadowbrook: Yeah it sure was.

Stealth Elf: It was amazing and fun.

Fu: It sure was. Those jerks had it coming.

Shibuki: For being dirty cheaters.

Toyman: You said it. Lets do it!

He fired a toy blaster and they dodged it and fired waves of leaves and energy and smashed him down.

Carter: ALL RIGHT!

Fluttershy: That was fun.

Battle 4: Donkey Kong, Applejack, Apple Bloom, Frozen Fright, Thunderbird Apple, Rockhoof, Earth Skylanders, Kurotsuchi, Roshi, Han, Gari, Akatsuchi, Onoki, Stone Luna, Meta Knight and King Dedede VS Gorilla Grodd

Gorilla Grodd was next.

Grodd: (to Donkey Kong) You must be happy that Blood Falcon and Black Shadow didn't make the Smash tournaments.

Donkey Kong: You better believe we are. Blood Falcon and Black Shadow don't deserve to be part of the tournaments after everything they did.

Applejack: Yeah thank goodness. But what REALLY amazed us was that Lincoln and his sisters are all now part of the Super Smash Bros. Universe.

Apple Bloom: Yeah that was amazing! I wonder how Lincoln was put into the game?

Frozen Fright: Yeah Shigeru Miyamoto made an awesome decision. News about it spread all over the world like wildfire.

Thunderbird Apple: Yeah it was amazing. Everyone in the entire team was flabbergasted at what they found out when they saw the trailer for it.

Rockhoof: (Scottish Accent) Aye. It was amazing that the wee lad is now part of the roster.

Flashwing: No kidding. That is so cool.

Grodd: You aren't kidding. I heard that Dark likes playing Super Smash Bros. and he told us all about Lincoln being in the game and he thought he was going crazy when he saw him and all his sisters.

Kurotsuchi: No kidding on that. When Lincoln saw that he was in the Super Smash Bros. Universe he completely flipped his lid! He released a yell so loud that the entire city heard it.

Akatsuchi: Even everyone in the Justice League Watchtower heard it.

Onoki: That must've been one powerful yell but that is amazing.

Roshi: You are not kidding about that. They is absolutely amazing.

Han: Yeah it sure is.

Gari: It's amazing though.

Stone Luna: You said it dudes.

Grodd: I agree. Lets do it!

Donkey Kong: HERE COMES DONKEY KONG!

Grodd fired waves of energy and they dodged it and fired waves of coconuts, apples, earth, lava, steam and rock and smashed him down.

Donkey Kong: (HOWLS AND POUNDS HIS CHEST)

Applejack: YEEHAW! That was great!

---

Battle 5: Tecna, Pinkie Pie, Maud Pie, Marble Pie, Featherweight, Little Cheese, Somnambula, Tech Skylanders, Steel Lynn, Konan, Ajisai, Chompy Mage and Cynder VS Riddler

Riddler was next.

Riddler: (to Tecna) Riddle me this: Did J.D. and Denise really meet the Children of the Damned?

Tecna: (British Accent) They sure did and the 1960 movie Village of The Damned was another great movie from J.D's dads past.

Pinkie Pie: That movie was really freaky! It was scary how those kids had the white hair and those evil glowing eyes.

Maud Pie: (Monotonously) It sure was scary. Their eyes glowed as red as lava.

Marble Pie: Yeah it sure was. It was awful. But J.D. used their own mind control eyes against them.

Featherweight: That was a clever tactic. It was cool.

Little Cheese: It sure was. But those eyes from all those kids was awful and that white hair was terrifying.

Somnambula: (Egyptian Accent) Yes it sure was. And those children were all born on the same day.

Riddler: Yeah I know that movie and it was creepy. And there was a remake of that movie made by John Carpenter in 1995 and a sequel to the original back in 1964 called Children of The Damned.

Sprocket: That's amazing.

Konan: But it was scary for J.D. and Denise to meet monsters like them.

Ajisai: Yeah but we have the bodies of the children at the World Tree Estate for an autopsy.

Steel Lynn: Thank goodness.

Riddler: Smart thinking. Lets do it!

He fired question mark blasts and they dodged it and fired waves of energy, gears and paper and smashed him down.

Tecna: Good show!

Pinkie Pie: BEST USUAL BATTLE EVER!

Battle 6: Black Widow, Princess Luna, Snowdrop, Children of The Night, Lightning Fritter, Dark Skylanders, Shadow Lucy, Jugo, Miyuki Murakami, Sasame, Hokuto, Mizura, Natsuhi, Flywheels and Stranglehold VS Shade

Shade was next.

Shade: (to Black Widow) What do you plan to do with the bodies of those evil kids?

Black Widow: First we got to perform an autopsy on them to see how they became what they were and how they were able to control people like that and second when we find out what they are how they got here and how many people got pregnant with them all at once, we're going to make the planet they came from suffer.

Princess Luna: What those children did to all those people in Mmidwich was absolutely despicable.

Snowdrop: Yeah those children were totally devoid of emotion like that and they were making people kill each other left and right.

Gari: Which was absolutely horrible. And J.D.'s dad watched the movie Village of The Damned back when he was 12. That is amazing.

Lightning Fritter: It sure was. But that movie was scary. It's hard to imagine that they were smart and totally devoid of emotion but have those terrifying glowing red eyes that make people go crazy.

Blackout: It's like some kind of hypnotic power.

Shade: That is creepy. Lincoln and Linka both have white hair. Does he have that kind of power?

Shadow Lucy: No they don't. They got their white hair from Pop-pop.

Jugo: It's amazing that those children were that dangerous.

Miyuki: Yeah that is really creepy and scary. It's amazing that they can do all that.

Sasame: It sure is. But thank goodness that J.D. was able to make sure then never terrorized anyone again.

Hokuto: No kidding. But wherever those children came from was awful.

Mizura: You aren't kidding about that. That was crazy.

Natsuhi: Yeah you aren't kidding.

Shade: I agree. Lets do it.

He fired waves of darkness and they dodged it and fired waves of lightning, darkness and stars and energy and smashed him down.

Black Widow: The Spider wins.

Princess Luna: A victory of the night.

---

Battle 7: Maggie, Princess Celestia, Light Skylanders, Butterfly Rose, Light Lily, Mabui, Yugito Nii, Killer Bee, Omoi, Samui, Karui, Charmcaster and Rose the Huntsgirl VS Atomic Skull

---

Atomic Skull was next.

Atomic Skull: (to Maggie) I feel bad for Mr. Waternoose. All he wanted was to keep Monsters Inc from falling apart.

Maggie: I feel bad for him too. And the energy crisis was tearing it apart.

Princess Celestia: The reason was because the tank capacity that held the energy was too small. So Sulley came up with the idea for double the capacity.

Butterfly Rose: And Sulley is doing a tremendously great job because of it now.

Spotlight: He sure is and now the monsters are making people laugh instead of scare.

Atomic Skull: That's great and they do say that laughter is the best medicine.

Light Lily nodded.

Mabui: Everyone loves a good laugh every now and then.

Yugito: They sure do. And it's great that they are using laughter instead of scaring people.

Killer Bee: Laughter is fun fool, Ya fool!

Omoi: I love a good laugh.

Karui: Me too. It's fun and awesome.

Samui: All forms of laughter are really cool.

Atomic Skull: They sure are and we always love a good laugh. Lets do it.

Atomic Skull fired a blast of atomic fire and they dodged it and fired waves of black fire, light, blue fire, lightning and energy and smashed him down.

Maggie: That was great!

Princess Celestia: It was fun!

---

## Battle 8: Harry Potter, Rarity, Sweetie Belle, Thunder Terror, Emerald Topaz, Mistmane, Water Skylanders, Liquid Leni, Haku, Isaribi, Suigetsu, Yagura, Utakata, Hotaru, Mei Terumi, Diamond Tiara and Discord VS Tala

---

Tala was next.

Tala: (to Harry) I don't think you guys are looking forward to fighting Mr. Waternoose in that upcoming simulator mission.

Harry Potter: (British Accent) I don't think we are looking forward to it either. But it was really Randall that was the main bad guy.

Rarity: Oh it will be all right darling as long as we show him the cause of the energy crisis.

Sweetie Belle: Waternoose was so overtaken by the energy crisis that he never realized that the cause was right under his nose the whole time.

Thunder Terror: The energy crisis was not caused by gathering enough scream. It was because of the tank size that was holding all the energy. It was all too small.

Emerald Topaz: They were only operating at half of the capacity of the tank size that they are using now.

Mistmane: I have a feeling that we're gonna have to show Waternoose in that simulator adventure what the true cause of the energy crisis is.

Gill Grunt: Yeah he has to know what the cause is.

Tala: I have a feeling he will accept it.

Liquid Leni: And that version of Randall will totes be in for it.

Haku: He has no honor and only cares about surpassing Sulley.

Isaribi: Is he really that desperate to surpass Sulley at being the best scarer?

Suigetsu: I have a feeling he is. The guy always had a superiority complex.

Yagura: Yeah and that kind of behavior shows that something is wrong with his head.

Mei Terumi: You got that right.

Utakata: What he was doing was absolutely inhumane.

Hotaru: You got that right master.

Diamond Tiara: He needs to be brought down a peg.

Discord: I can definitely most agree on that.

Tala: I agree too. Lets do it!

Tala fired a wave of magic and they dodged it and fired waves of magic, water, jewels, soap, lava, ice and lightning and smashed Tala down.

Harry Potter: Good battle!

Rarity: Rapture darling that was grand!

---

---

The Gentleman Ghost was next.

Gentleman Ghost: (to Yugi) Who did J.D. rescue thia time?

Yugi: Her name is Kyure and she is a Scylla.

Eli: She is a creature from Greek Myth that is half human and half octopus. Like what Ursula was.

Rainbow Dash: But thank goodness that Kyure is not like Ursula. She was a monster and we made sure she paid for her crimes in full.

Scootaloo: Yeah she was a beast.

Magma Gloom: Ursula had no love for anyone other than herself. She was helping merfolk but she was cursing them to be in her garden all just to get her hands on the power of King Triton.

Storm Rainbow: Yeah and she got what she deserved.

Flash Magnus: Ursula was the underwater devil and she was evil incarnate.

Whirlwind: Not nearly as bad as Chernabog but right up there.

Gentleman Ghost: Thank goodness you all destroyed her and Super Hakaied her.

Air Lincoln: Yeah she deserved to be destroyed. All villains have to meet their end somehow.

Konohamaru: You got that right Lincoln.

Moegi: Ursula was a devil in Scylla form and she deserved it.

Udon: Yeah you said it.

Kushina: Ursula was a monster and she brought all that on herself.

Tayuya: Yeah what an 8 armed fuckfaced freak!

Karin: Yeah she can burn in the fires of the Warp forever.

Ryuzetsu: She deserved it.

Amaru: Just like Shinno and the Land of Sky did.

Fuka: You got that right.

Gentleman Ghost: Most agreeable. Lets get it on chaps.

He went at them and the group fired waves of energy, lightning, wind, lava, rainbows and ice and smashed him down.

Yugi: Oh yeah!

Eli: Awesome!

Rainbow Dash: That was AWESOME!

---

Battle 10: Yusuke Urameshi, Starlight Glimmer, Cozy Glow, Clover the Clever, Starburst Aurora, Undead Skylanders, Dirt Lana, Kujaku, Yakumo, Kotohime, Kin Tsuchi, Kimimaro, Ratso and Chow VS Black Manta

---

Black Manta was next.

Black Manta: (to Yusuke) Kyure and Aquaman would hit it off.

Yusuke: I don't think so about that. Kyure is more into J.D. But she would be a perfect for joining the Neptune Crusaders.

Starlight Glimmer: That's what I was thinking. It's perfect for her.

Cozy Glow: She is also very good at multitasking and her extra arms are perfect for that.

Clover the Clever: They sure are. It's awesome.

Starburst Aurora: She can do so much all at once with her octopus tentacles.

Hex: It's really amazing.

Dirt Lana: It sure is.

Black Manta: Boy you aren't kidding about that. Octopuses and squids are loaded with all that.

Kujaku: They sure are and it's amazing that Kyure can do all that.

Yakumo: It sure is amazing.

Kotohime: I think so too. She can even dribble 8 basketballs all at the same time.

Kin Tsuchi: That may be showing off but that's amazing.

Kimimaro: It sure is.

Black Manta: You said it. Lets do it!

Black Manta went at them.

Yusuke: SPIRIT GUN!

He fired an energy blast from his finger and the group fired waves of magic, bones, dirt and energy and smashed him down.

Yusuke: ALL RIGHT!

Starlight Glimmer: AWESOME!

---

Amphibidor: Man this safe is heavy!

Nico: Let me get that for you.

Nico teleported and opened it and in it was a bunch of swords.

Nico: Wow these swords look cool and an awesome new Keyblade.

Amphibidor: They are called The Swords of The Crystal Beasts, The Defenders of Megakat City and the Web-Slinging Hero of New York.

Once Peter Parker gets this, he'll also be able to have a Keyblade fight with Vanitas, whenever it's his turn to fight.

Nico: These are perfect for Spiderman, Jesse and Cholan and the Swat Kats.

Nico teleported and gave the swords and Keyblade to them.

Spiderman: WHOA! This is awesome!

He also got a matching Sleeveless trench coat for his suit.

Nico: WHOA! Awesome look! Lets get him!

Ninja Storm Rangers: NINJA/THUNDER/SAMURAI STORM! RANGER FORM! HA!

They transformed.

Shane: **"Power of Air! Red!"**

Tori: **"Power of Water! Blue!"**

Dustin: **"Power of Earth! Yellow!"**

Hunter: **"Crimson Thunder!"**

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready!

The Megaforce Rangers turned into the Ninja Storm Rangers too.

Nico: Time for action!

Lola: Lets get him!

Rangers: THUNDERSTORM CANNON!

They formed the Thunderstorm Cannon.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Amphibitor was dead again.

Nico: YEAH! Amphibitor you have failed this world again!

Jesse: Yeah he has!

Cholan: That was amazing!

Lana: Yeah it was!

Troy Burrows: Rangers that's a Super Mega Win.

---

## Battle 12: Kyure the Scylla, Fireheart Flame and Lightning Lisa VS The Alien (Strange Encounters of the Scooby Kind)

---

The Alien was next.

Kyure: This creature may be radioactive but he will be cured of it.

Fireheart Flame: You got that right.

Lightning Lisa: Time to bring this beast down!

They fired blasts of water, fire and lightning and smashed him down.

---

We regrouped and everyone cheered.

Shade: Considering the fact that you guys haven't raced that much in 2020, it's nice that you're starting to do so again.

Maria: I know, right?

Atomic Skull: It's okay that J.D. didn't win the race.

Tala: What matters is having fun.

William: That's absolutely correct.

Me: Thanks guys. And it always is really fun.

Gentleman Ghost: Plus, Black Shadow and Blood Falcon won't hurt anyone ever again

Black Manta: Although their cars are free for us to use.

Me: You got that right. It was awesome racing in Captain Falcon's world.

Nico: It sure was.

Captain Falcon: Glad you all had fun. (To the viewers) There will be many more races later on. I hope you all liked this adventure like I have.

Nico: We all did.

We went back to the estate and then we watched TV and went to sleep.

Meanwhile in Landmark City, the awesome Alpha Teens On Machines or A.T.O.M. for short is getting ready for an awesome adventure with us.

Axel Manning: This is gonna be awesome to have Team Loud Phoenix Storm with us and having them help us. And we're going to make that monster Quan die for his crimes.

Lioness: I'm really looking forward to this.

King: Me too! It's gonna be great.

Shark: This is gonna be great!

Janus: Yeah it is!

A.T.O.M.: LETS DO IT!

They zoomed off!

TO BE CONTINUED!

---

Another awesome fanfic done.

This was a great chapter and F-Zone was a great game made by Nintendo 31 years ago. Captain Falcon was so cool! The first part of this chapter where we rescued Kyure was based on the old movie Village of The Damned, an old movie from 1960 that my dad watched back in his past. The second part was for the SpongeBob episode Whelk Attack and that was a REALLY FREAKY episode about Sea Whelks that were sick as all get out. That episode aired on October 2nd, 2010 and it was funny! The 3rd part is a precurser of the upcoming Monsters Inc part of the KH3 Saga. They all were fun. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Nflemingful, Etstheclarencefan, Drako1234658 and ninjakingofhearts gave me the ideas for this. Thanks next girl is gonna be Hydra the Hydra and she will be in Copenhegan, Denmark and fighting the dragon monster Reptilicus from 1961 and she will have a Xerneas Gene-Slammer with her. Next up as you already have guessed from the ending is an awesome adventure with the awesome Alpha Team On Machines or A.T.O.M. and we're going to make sure that Quan and his evil terrorist organization pay for their crimes. He is gonna rue the day they messed with all of us and Lynn is gonna transform after learning a massive lesson.

See you all tomorrow.

# Unfinished Business With Snake's Tail

Over in Copenhagen, me and Ryuga the Galarian Zapdos Gene-Slammer and Xerneas were flying over the city.

Ryuga Tasumaki: This place looks familiar.

Ryuga concentrated and groaned as feathers appeared on her body.

Me: This is Copenhagen, Denmark.

Ryuga turned into her Galarian Zapdos Form!

Me: All right!

Then we heard a rather familiar roar to me!

Me: Oh man! I know that Roar all too well!

We saw a dragon creature and it was REPTILICUS!

---

Reptilicus is the titular main antagonist in the 1961 Danish-American giant monster film of the same name. It is a giant dragon-like creature with the ability to regenerate from a single body-part.

Its vocal sound effects were provided by the late Georg Jensen.

Biography

Svend Viltorft and other miners dug up Reptilicus' tail when they were drilling in Lapland. It is flown to the Denmark's Aquarium in Copenhagen, where it is put in a cold room for study. Due to careless mishandling, the door is left open and the section begins to thaw. Instead of expecting the tail to decompose, the scientists to find that it is beginning to regenerate.

The creature is dubbed "Reptilicus" and its regenerating ability is compared to other animals like earthworms and starfish. Once fully regenerated, it goes on a rampage across the Danish countryside. It then moves into the sea where it attacks numerous ships before arriving on the beach of Copenhagen and onto the panic-stricken streets. It destroys many landmarks including the Langebro Bridge.

After a lengthy rampage, Reptilicus is presumably killed when a poisonous sedative developed by ingenious scientists is shot into its mouth. However, Reptilicus' foot, previously blown off earlier during a battle with the Navy, begins twitching at the bottom of sea, leaving the film open-ended, as the foot could possibly regenerate.

---

We gasped in shock!

Me: It's Reptilicus!

Ryuga G. Zapdos: That dragon monster from the 1961 movie!?

Me: Yeah! And one of my favorite monsters. It's a movie also from my dad's past.

Ryuga G. Zapdos: Wow!

We saw it spit green slime and some of it landed on my arm and I was in pain as it burned excruciatingly bad! Smoke was coming out of my arm.

Ryuga G. Zapdos: Geez that is some strong acid slime!

I held my arm in pain!

Me: (Screams!) Yeah it is!

Xerneas: We'll have to get that arm of yours looked at later!

I fired waves of lightning and fire and it burned Reptilicus all over and then we saw a girl with snake hair and a dragon tail and she had another Xerneas with her!

Me: Whoa! That girl is a hydra. (Groans in pain)

Xerneas: That is a strong burn but she has another Xerneas with her.

Me: It sure is.

We fired blasts of lightning, fire and energy and obliterated Reptilicus into nothing.

Xerneas: That did it!

Hydra: Whew! Thanks guys. Wow you're the famous J.D. Knudson, leader of Team Loud Phoenix Storm!

Me: That's right.

Xerneas 2: (Indian Accent) It's an honor to meet you all. I'm Bhavna Radhakrishnan and as you can see I'm also a Xerneas now.

Me: Pleasure to meet you. (Groans) I'd shake your hand Hydra but I got a nasty burn on my arm.

Xerneas: He got badly burned by the acid slime.

Hydra: That is some really strong stuff.

Me: I can still use my powers. Bhavna would you like to have the power to change into a Xerneas at will?

Xerneas 2: I would like that J.D.

Me: Okay. Here we go. Xenia can you reach into my pocket and pull out my blind man glasses. I'd do it but my arm hurts.

Xerneas: Sure thing.

She did so and put them on me and I snapped my fingers and Bhavna reverted back. Ryuga did the same.

Ryuga was human again. But naked. Bhavna was naked too.

Ryuga: (covers herself) Bhavna, I hope you don't get any ideas on making out with J.D. while you're naked. He's already taken.

Bhavna: (Covers herself) I'm not.

Xerneas: Good but it's awesome meeting a fellow Xerneas.

Bhavna: Same here.

Me: Please don't say stuff like that.

Ryuga: Sorry.

Hydra: We need to get that arm of yours looked at J.D.

Me: I know. Reptilicus has REALLY strong acid slime.

Hydra: You're lucky he didn't burn that whole arm off. Even though you can regenerate limbs.

Me: Yeah lets head back to the World Tree Estate.

Hydra gave the girls towels and we went back to the World Tree Estate.

* * *

Later at the World Tree Estate, everyone was watching TV and on the world news they saw that we faced Reptilicus and defeated him.

Nico: WHOA! That was Reptilicus!

Varie: I remember facing that monster! That was amazing!

Eli: That is one scary dragon.

Éclair: It sure is.

We came in.

Nico: Whoa she's a Hydra.

Me: Yeah and we found a Xerneas Gene-Slammer.

Bhavna: That's me. It's an honor to meet you all. I'm Bhavna Radhakrishnan.

Nico: Same here.

Apu: It's an honor to meet a fellow citizen of India.

Bhavna: Same here Apu.

Nico: J.D. are you all right?

Xerneas: He got badly burned by Reptilicus' acid slime.

I showed the burn and it was a REALLY bad burn that burned a huge chunk of my arm off.

Nico: OH GEEZ!

Varie: Lets get that healed up.

Varie got out the first aid kit and got to healing me. It was a nasty burn. She put on burn cream and cleaned it and put on a cast on my arm.

Varie: You're gonna be all right J.D.

---

Later Ben and Lynn were talking and Lynn had the Mask of The Beast in her hands.

Lynn: Ben, I need you to use Alien X to conceal the Mask of the Beast from everyone else while I'm wearing it.

Ben: Can you tell me why you need to wear it?

Lynn: Tomorrow, we're gonna find out if Grandfather really is back. And when that happens, there's going to be a big war. You should know what happened when it was coming close to the war against Cyclonis.

Ben: (sighs) Alright. But if you get caught, I'm not bailing you out.

Lynn: Okay.

Ben turned into ALIEN X!

Lynn put the mask on and Ben made it invisible completely.

Lynn was smiling now.

We were now watching TV and we were watching Nature Shows and they were awesome. We were watching my favorite show Planet Earth. Bhavna had a blue and lavender sari dress and it was beautiful.

Lynn: (smiles) Hey, Wind Man! Are you having a good day today?

Wind Man: I am. Thanks for asking.

Maria: Alright, Lynn. What are you trying to pull?

Me: You're very happy about something this morning Lynn. Is there an upcoming sports game that you are excited about?

Lynn: You bet I am excited about it!

Me: Well good. We'll be rooting for you.

Lynn went to get a protein shake and some raw eggs.

Eli: Lynn's hiding something.

Me: I know but she sure looks happy. Usually she is all aggressive and all that.

Steel Lynn: Yeah.

Hydra: I like this change in her.

Steel Lynn: How's your arm J.D.?

Me: Still stings but I'm all right.

Bhavna: That acid slime is really strong stuff.

Éclair: You are not kidding about that Bhavna but I love your clothes. They look as amazing as mine.

Bhavna: Thank you Éclair.

Me: It sure looks nice.

Bhavna: Thanks.

In the kitchen, Lynn was eating raw eggs and protein shakes.

Lynn: Hey, Billy. How's your morning?

Billy: Pretty good! Hope you're having a good morning too!

May: I'm warning you, Lynn. If you're trying to get back at us for something we did, you're gonna be suspended from the team for 2 days.

Lynn: Don't worry. There will be none of that.

Billy: That's good. Want some booger sandwiches Lynn?

SLAP!

Mandy slapped Billy hard and knocked out one of his teeth.

Mandy: Shut up Billy.

Me: (Offscreen) She's just excited for an upcoming sports game later on. We're gonna be rooting for her.

May: Oh.

Lynn: Good.

Nico: (to me and Eli) I don't know why you two are worried about how Lynn's acting. She's finally taken my advice at being calm. If you ask me, this is an improvement.

Drag Strip: (to me) You should follow Lynn's example. Especially considering that you put a little girl at risk when the war against Cyclonis was approaching.

Me: Don't worry I learned my lesson from that Drag Strip. But I'm not stressed out about that anymore now that Cyclonis is gone and banished to the Warp forever.

Drag Strip: Right sorry got a little worried there.

Me: No worries. But yeah that happened because there were dark orbs inside us. But I'm actually a little worried because Lynn would never act like this. Usually she takes a lot of pride in her sports and all that.

Grim: (Jamaican Accent) Billy! Did you take the Mask of the Beast from me without my permission?

Hound: Grim, I'm sure Billy didn't steal anything from you this time. I'm sure it'll turn up somewhere

Me: Yeah I'm sure it will turn up.

Laney: Hmm. Could that be it.

Me: Anyway we'll find it later. Right now it's my turn to lead and I have just the mission planned for us today.

Nico: Let me guess, we're gonna help out Ace Manning and his team.

Me: Bingo.

Laxus: (to me) Considering you know about Axel Manning and his pals more then we do, having you lead today is the best option.

Me: It is my turn anyway Laxus.

Nico: He's right.

Eli: This is gonna be awesome and we're gonna get to know more about Axel Manning and his friends.

Me: You guys will love them. Nico knows Max Steel and I know Axel and his team of A.T.O.M.

Varie: A.T.O.M.?

Me: It means **A** lpha **T** eens **O** n **M** achines.

Nico: Whoa! I've heard about them. They busted some of the most dangerous enemies all over the world.

Me: Yep. And it was awesome. I should know because I was a member of the team before I moved to Michigan.

Nico: Wow!

Grodd, Golden Glider, Captain Cold, Toyman, Riddler, Black Manta, Shade, Atomic Skull, Tala and Gentleman Ghost then appeared.

Grodd: Can me, Golden Glider, Captain Cold, Toyman, Riddler, Black Manta, Shade, Atomic Skull, Tala and Gentleman Ghost go with you all?

Me: You all sure can. And you all are gonna love meeting my friend Axel and his team A.T.O.M.

Toyman: I heard they helped you all when you were gonna depart for Cybertron.

Me: Yep they sure did and we owe them big time for that.

Eli: This is gonna be amazing.

Kameo: I can't wait to see what they are like.

Marcus Damon: Me too.

Me: Lets head out to Landmark City everyone. It's located in North Central California.

Eli: Awesome!

Stella Zhau: It will be cool to see my home state again.

Hydra: Can't wait to see it.

Me: Lets head out everyone.

We were off to California.

LANDMARK CITY, CALIFORNIA

---

We arrived in Landmark City.

Catzi: Here we are in Landmark City.

Me: Yep and it's as awesome as I remember it.

Rarity: It sure looks amazing.

Nico: This is gonna be so cool seeing Axel and his team.

Me: You guys will love them. Before I moved to Michigan, I helped them out from time to time.

Nico: Who was the most dangerous enemy you helped them take down J.D.?

Me: That is an easy one. That was Alexander Paine.

Nico: Oh man! I've heard of him. He was a rogue covert ops spy and he also killed Axel's father.

Me: Yep and me and Axel killed Paine years ago.

Eli: Whoa! What can you tell us about him?

Me: He was a monster with an incredible vendetta.

I went over his history.

---

Alexander Paine is an malign crime boss who seeks to take over Landmark City and serves as the main antagonist of the first season of A.T.O.M.. Everything he touches cause them pain, and blackout. he also has a blaster pack he uses as a weapon, he is also a martial artist.

He is voiced by Clancy Brown, who is very known for the voice of Lex Luthor.

He is a former covert ops spy for the government, and worked closely with Axel Manning's father, Sebastian Manning. Paine, in reality, was a double agent who sought world domination. When Sebastian discovered this, he confronted Paine, who was equipped with a bomb. As the two fought, the bomb went off. Paine's body was scarred and Sebastian Manning was labeled dead as a result. Paine was given life imprisonment for the murder of Sebastian Manning.

He served ten years at Talon Penitentiary, Landmark City's triple-maximum security prison, before Spydah helped break him out. He ran into Sebastian Manning's son, Axel, who sought revenge for his father and wanted Paine back in jail. Due to a freak accident that Axel caused, Paine's nervous system was permanently damaged. Because of this, he is in constant pain, but has the ability to transfer his intense pain to whomever he touches. Controlling a group of convicts from Talon, including Spydah and Flesh, Paine seeks to cause chaos and disorder in Landmark City, giving him an opportunity to take it over.

Paine is also an accomplished martial artist. He and Axel fought many times during the first season. After the Alpha Teens destroyed his base, Paine wanted to get rid of Axel once and for all. In what seemed like what was going to be their final battle, Paine revealed to Axel that he did not detonate the bomb that presumably killed his father. Paine was eventually defeated and sent back to jail.

* * *

When I was finished everyone gasped in shock and horror!

Nico: WHOA MAN!

Laney: That guy was a monster!

Lola: Yeah!

Me: He sure was a monster. Me and Axel killed him by blasting half of his entire body into oblivion and we through the rest of his body into the ocean and fed him to the sharks.

Nico: Good riddance.

We arrived at the headquarters of A.T.O.M.

I knocked on the door and a slot opened and eyes were looking through it.

Shark: (from behind the door) What's the password?

Atomic Skull: How should I know? This is our first time meeting you guys in person.

Me: I got this. Atomic Hulk Smasher.

Shark: Welcome back J.D.!

He opened the door and we went in.

Axel Manning: Hey J.D.!

Me: Hey Axel!

We hugged.

Me: It's awesome seeing you guys again.

Lioness: We missed having you J.D.

Me: I know and I missed you all too. Things have changed a lot.

King: Boy no kidding.

Me: We owe you guys big time for helping us when we were going to Cybertron.

Shark: You're welcome.

Lois Griffin: We can't thank you guys enough for holding off Meltdown.

Axel Manning: No problem. Sorry we couldn't kill him though.

Animated Optimus: Don't worry. You'll have another chance at helping us deal with him soon enough.

Animated Prowl: But to prepare for that, I suggest making your vehicles acid proof.

Axel Manning: Point taken. But J.D. you look awesome. Man you went from that kid who helped us kill Paine to the leader of the most powerful force the entire universe has ever seen.

Me: Lots of things have happened to us over the last 5 years.

Lionette: They sure have.

Nico: No kidding.

King: Looks like you guys came here to help us kill Quan and his organization.

Me: Looks like we have some unfinished business with him.

Nico: Quan?

Me: You would not like this guy. He is the leader of a dangerous terrorist organization called Snake's Tail and they are out to destroy the world.

I went over his history.

---

Quan is the supreme master Jo-lan and the head of a secret criminal organization called Snake's Tail. In addition, he is the defacto leader of the Jo-lan warrior community in Hong Kong. He is also Dragon's sensei and master. Despite the fact that Jo-lan's teachings teach goodness and justice, set out to use his power to his advantage. For example, he is trying to take possession of the ancient Scroll of Jo-lan, which "in the wrong hands can summon ancient evil into the world." Although Quan was shown in only two episodes (and then almost at the very end), we learn that he was the sponsor of the Chrysalis project, it was he who was to blame for the Explosion and he was also holding Sebastian Manning captive. In other words, Kwan is the main antagonist of the whole story.

When I was finished everyone was horrified!

Nico: WHOA MAN! These guys are bad news.

Me: Yeah they are. And Quan and I have some unfinished business.

Nico: I can tell you have a huge grudge against him.

Me: Yep. He escaped from me before I could finish him off. I'm not going to let that happen again.

Axel Manning: Good. Let me show you all around.

Eli: Sure.

We went and saw all of their vehicles and they were amazing.

Golden Glider: These vehicles really are cool.

Muscle Man: You know likes cool rides like these? My Mom!

We laughed at his joke.

Me: (Laughs)

Nico: Good one!

Axel Manning: I don't get it.

Me: We don't either but his jokes are funny. Also this takes me back. These vehicles were awesome.

Eli: Boy they sure look amazing.

Axel Manning: Yeah those were good times.

Carly Atlas: Well, we've got time before Quan makes his move. How about showing us around the place?

Axel Manning: That's a good idea.

Me: It'll be fun to reminisce on the fun things we did here before I retired from A.T.O.M.

Lionette: It sure will be.

Shark: Things were very quiet without you J.D.

Me: I know and I missed you guys a lot. But fate had a lot of plans for me ever since I moved to Michigan.

Axel Manning: Yeah I know.

Captain Cold: You guys remind me of Nico and Max's relationship.

Nico: That is very coincidental.

Me: Yeah like I said it is very much like with Nico and Max.

Axel Manning: That is very interesting.

Me: Very coincidental.

Axel Manning: You know the worst part? Quan was the one who caused the events with Paine and everything else. And he's one of the bad guys we haven't dealt with.

Chaor: I bet he's been very comfortable hiding out from you guys.

Axel Manning: Yeah I bet he is.

Me: Well he is not gonna get very far. After me and Axel beat him the first time, I secretly slipped a tiny nanoscopic tracer inside him that will lead us to his lair and I promised that when I assembled my own team that we would recruit A.T.O.M. and bring down Quan and Snake's Tail once and for all.

Nico: Wow! That's a big promise.

Eli: Yep and it is one big mission.

Ets: Dealing with these guys is gonna be a big problem though.

Axel Manning: Yeah it sure is. By the way J.D. I heard you have been getting a bunch of really amazing girlfriends.

Me: More than than man. They are all my future wives. They are beautiful and awesome.

Hydra: We sure are.

Misty Tredwell: J.D. is the most incredible and most giving man ever.

Nico: You got that right.

Hawk: Maybe tomorrow, since Quan's gonna die today, we can show you around Landmark City.

Lori: (sighs) Actually, we're literally going to be VERY busy tomorrow.

King: What are you talking about?

Me: We have a tremendous war coming up and it's gonna be big. We're gonna go up against the granddaddy of all Adult Evil Villains: Grandfather.

Nico: Yeah and he is horrible bad news.

Axel Manning: Whoa man!

Me: I'll tell you all about him later.

Lioness: (notices something odd about Lynn) Guys, is Lynn feeling okay?

Nico: Why do you ask?

Lioness: Well, I'm noticed that her smile seems a little… forced.

Riddler: You know what? That's a riddle I've been wondering about myself.

Me: Yeah we've been wondering that ourselves too. Lynn is there something wrong?

Eli: Yeah I sense that you are trying to hide something.

I then saw something wavy on Lynn's face.

Me: Hmm.

I fired a beam of magic and revealed it and it was THE MASK OF THE BEAST!

Me: The Mask of the Beast!

RD Carol: (shocked) Lynn? You placed the Mask of the Beast on your own face?!

Me: Lynn why the hell would you do that!?

Lynn: (crying) I'M SORRY! BUT I HAVE NO CHOICE! THE WAR WITH GRANDFATHER IS TOMORROW! THIS IS THE ONLY WAY I CAN STAY CALM!

Me: Oh Lynn.

Lightning comforted her and Steel Lynn.

Lightning: Lynn it's gonna be all right.

Steel Lynn: You don't need a stupid mask to remain calm.

Me: Yeah Lynn you are good and calm already on your own. You are always calm when it comes to sports and that shows that you are better than your evil self that you faced.

Twilight Sparkle: That's right Lynn. And you have lots of amazing friends that will always be there for you.

Paula: Yeah Lynn. When I got struck by lightning you were there for me.

Nico: And you have gotten us all out of incredibly bad scrapes in the past.

Lola: And you are the strongest girl we know next to me and Lori and you are an important part of the team.

Me: Yeah Lynn and no mask can tell you otherwise. You should never be made into someone you are not.

Lightning: That's right Lynn.

Grim: Lynn, I'm only mad at the fact that you took that mask without me and Eli's permission. What were you thinking mon?!

Shade: C'mon, Grim. She had good intentions in doing so!

Lioness: (to me) Look, J.D. I know that you're a good person based on all our adventures together. But is this how the rest of your team treat each other? Because I doubt Superman, Batman, and Wonder Woman would approve!

Me: Lioness this was not my doing. Lynn was just paranoid about the upcoming war tomorrow and she was afraid that she might lose her temper.

Nico: Yeah it's happened to us many times before.

Me: Yeah and it wasn't pretty.

Lioness: Oh sorry.

Me: No worries.

Arixam: (to the ATOM team) Look, guys. All of us wanted Lynn to keep her anger under control sometimes. But we didn't know she would do something like this! Nor did we tell her to!

Me: It's because of fear Arixam. Fear has a nasty way of making people do crazy stuff.

Nico: He's right about that.

Axel Manning: Yeah he's right. Fear does mess people up.

Laney: Take it from us. We went through all kinds of crazy stuff like this before big wars.

Hawk: That's crazy.

Toyman: Look, Lynn. You don't need this kind of mask to keep yourself calm. Sometimes, you just have to be yourself.

Me: That's right Lynn. Here's something that I learned from Nelson Mandela: "Live life as though nobody is watching, and express yourself as though everyone is listening."

Lisa Simpson: That is a very inspirational line.

Laney: It sure is.

Laney Penn: That line is really philosophical.

Nico: It sure is.

King: Lynn, I know you were only trying to keep your anger in check. But this Mask is like a drug. And drugs are very bad.

Dusk: That's a very good comparison.

Me: I agree. You don't need a mask to keep your anger in check. Anger is a poisonous emotion that we express when you least expect it.

Autumn Blaze: That's right Lynn. When my people got mad the first time we burned down our entire village and we had to get rid of our emotions by going into the Stream Of Silence. And we turned ourselves into something we were not because of it. Me, J.D., Fluttershy and Applejack reminded everyone that emotions make us who we are and we got our true selves back because of it.

Me: That's right Lynn. This mask to you is like a glorified crutch. You don't need it just to keep your anger in check.

Static Shock: Yeah Richie got shot accidentally by Jimmy, I blamed myself for what happened and I was angry at Jimmy for it and Nick for messing with him and myself for not telling someone sooner. But I realized that being angry is a good thing but it's what we do with that anger that's important.

Me: I remember that Virgil. But yeah he's right.

Lynn: (Sniffled) You're right.

Shark: Hope you guys don't mind that I ordered pizza before we go after Quan.

Tala: Oh, I don't mind at all.

Me: Yeah we're hungry.

But when she opened the box, the Noid jumped out and started jumping around while laughing! We saw THE DOMINO'S PIZZA NOID!

---

The Noid is the villainous mascot of Domino's Pizza. He is a humanoid claymation creature in a red jumpsuit with an "N" insignia on the chest and rabbit-like ears.

The Noid vehemently hated pizza, and makes it his life's mission to ruin pizzas, often in different ways (i.e. making them cold, smashing them, rendering them otherwise inedible, etc.). However, he is never able to successfully do this to Domino's pizzas.

The commercials were very successful, and the character became something of a cultural icon; he starred in two video games, Avoid the Noid on the Commodore 64, and Yo! Noid on the Nintendo Entertainment System. Yo! Noid was even featured on PlayChoice-10 arcade machines. The Noid also made a cameo in Michael Jackson's 1988 film Moonwalker, where he appears in a group of stop-motion characters chasing Michael, and in two episodes of The Simpsons.

A more recent appearance was in an early episode of Family Guy, where the Noid destroys Mayor Adam West's pizza, but he is then subsequently killed.

In Yo! Noid (an adaptation of another, Japanese-exclusive video game by Capcom, Kamen no Ninja Hanamaru), the Noid becomes a protagonist and is set to defend New York City from the evil Mr. Green, who is a green-wearing duplicate of the Noid.

On July 30, 1989, a mentally ill man named Kenneth Lamar Noid believed that the Noid was a personal attack on him, and kidnapped two Domino's employees, demanding $100,000, a copy of The Widow's Son, and forcing them to make him a pizza and a salad. After Kenneth was arrested, the police chief jokingly stated that he was "para-Noid". It was rumored that this incident was why the Noid was discontinued by Domino's, but the company rejects the rumors as the reason.

In the 2000s, the Noid has seen some returns such as The Noid's Super Pizza Shootout, a tribute to Avoid the Noid. Through 2016 and 2017, the Noid appears in some commercials and advertisements.

His latest appearance was in a 2021 commercial where he tries to sabotage an AI delivery truck.

---

Me: WHOA! It's the Noid of Domino's Pizza!

Varie: Who is he?

Me: He's the Villain Mascot of Domino's Pizza. He HATES all kinds of pizza.

Leo: WHAT!?

Raph: HE HATES ALL PIZZA!?

Mikey: ANYONE WHO HATES PIZZA IS OUR ENEMY!

Donny: YEAH!

Leo: This guy is our new archenemy.

Tayuya grabbed the Noid and slammed him against the wall and then against the floor, knocking him out.

Tayuya: We're throwing this guy into the river. (to Leo) Leo, you, Donnie, Raph, and Mikey can still keep Magpie, Harpy, Orca, and Roulette as your respective archenemies.

Leo: Thanks Tayuya. But as a whole since me and my brothers love pizza we all can face him in one battle.

Me: 4 on one battle. Good call. If the Three Stooges, Pinkie Pie and a group can have the Empty Head Society as their archenemies then all 4 of the Teenage Mutant Turtles can have the Noid as their archenemy and also fight Magpie, Harpy, Orca and Roulette separately when the time comes. Besides we ALL like pizza.

Axel Manning: You bet we do.

Me: And the Noid is a perfect addition to the Masters of Evil.

Nico: Why does he hate pizza so much?

Me: Not really sure. I think he never had one.

Lily: Like when Squidward said he hates Krabby Patties.

Nico: Yeah.

Me: I don't know how anyone can not like Pizza. It's like someone saying they don't like spinach or donuts. No offense Popeye and Homer.

Homer: None taken.

Popeye: Yeah I know that feeling.

Me: But I got something.

I fired a wave of pink energy and formed a pizza tree.

Axel Manning: WHOA!

Nico: Lets eat!

We got to eating.

Gentleman Ghost: Might I suggest an entrance based on the Legion of Doom when we confront Quan?

Me: Good idea. I'll call in all the members of the Legion in the

Masters of Evil to help us out with that one.

Nico: Thank goodness Lex Luthor, Brainiac and Scarecrow are not involved.

Me: Yeah thank goodness. (To Lynn) Lynn are you okay?

Lynn: (Sniffles) Yeah I'm fine. Thanks for the pep talk.

Me: You're welcome Lynn. Before we go after Quan we're gonna show you all our power through our usual battles.

Axel Manning: AWESOME!

Maria: I'll call them in.

Maria did so and Chillyfish, Fireor, Spankulot, Whirlin, Metal Sonic, Marionette Shadow, Hydrax, New Wave and White Lightning then appeared.

Me: Chillyfish, Fireor, Spankulot, Whirlin, Metal Sonic, Marionette Shadow, Hydrax, New Wave and White Lightning

Count Spankulot: (Transylvanian Accent) Is your arm all better, J.D.?

Me: Yes, it is. Thanks for your concern, Count.

New Wave: And just in time to meet your old friends.

Fireor: We actually have another new recruit for you guys.

William: Really?

Marionette Shadow: He's actually one of my old bosses.

Hawk: (sees someone near us) Hey, who's that guy in the General Outfit walking towards us?

We saw that it was GENERAL SCHWARZ!

General Schwarz is a major antagonist-turned-supporting character in Ressha Sentai ToQger. He is a member of the Evil Army Shadow Line, who serves as its military leader.

He was voiced by Haruhiko Jo, who also voiced Scar and Hector Barbossa in the Japanese dub of Lion King and Pirates of the Caribbean movies respectively.

Unlike the other leading members of the Shadow Line, Schwarz is obsessed with creating the Shadow Ressha forces to take over the Rainbow Line. Schwarz's ideals were shared by his former friend Zaram before he left the Shadow Line. Most of the time, Schwarz is helped by Miss Gritta who secretly loved him. Though Schwarz learned of Glitta's feelings for him, he tells her that he will return her feelings when the time comes. Soon after, using Hammer Shadow, Schwarz secretly a large amount of darkness for his personal ambition before seeing Zaram become ToQ 6gou. Soon after, his secret activities known to his leader, Schwarz is attacked by Emperor Z as a warning to not act behind his back again.

Later, when Glitta attempts to talk him into leaving the Shadow Line with her after revealing what her mother wants to do during the wedding, Schwarz deliberately sells her out to Emperor Z so he can declare an all-out attack after Glitta devours him. But it resulted in his defeat by the ToQgers as he watched Emperor Z consume Glitta from the inside before being knocked by the villain into the river to drown. But Schwarz survived and repaired his Kurainer to begin his plan to kill the emperor by tricking the ToQgers in believing he is on their side to steal the Drill Ressha he gave Akira.

However, when Schwarz goes head-to-head with Emperor Z, he demands Miss Glitta be released from Z's grasp, only to be killed by the traitorous Emperor, admitting that he (Schwarz) cannot defeat the Emperor, but vice versa (Z cannot defeat Schwarz), before disappearing into darkness and dying for good.

Heisei Rider vs. Showa Rider: Kamen Rider Taisen feat. Super Sentai

General Schwarz went to Badan City to propose an alliance between the Shadow Line and Badan, having an interest in the

Rider War that was going on. He then sent a Kuliner to intercept Den-O, but the Den-Liner was able to evade it.

* * *

Me: General Schwarz.

General Schwarz: The famous J.D. Knudson. Honor to meet you.

Me: It's an honor to meet you too. I take it you heard about Emperor Z joining our Frenemies in the Masters of Evil.

General Schwarz: Indeed I have and thank goodness that you helped him change his ways and become an honorable fighter for them.

I flared up my rainbow fire aura.

Me: Turns out my ultimate power was the rainbow sparkle he liked as well as Right's Rainbow ToQger Ranger form.

?: Don't start without me too.

A figure came out and it was a Digimon that Nico and the Digidestined hadn't seen in ages: OGREMON!

* * *

**Orgemon** (known as **Orgemon** in the Japanese version) is a minor character and minor antagonist in *Digimon Adventures 01* and a major antagonist in the 2020 *Digimon Adventure* reboot. He is also a minor antagonist in *Digimon Savers Ultimate Power! Active Burst Mode!* and *Digimon Fusion (season 3)* .

He started out as a minion of Devimon, and the rival of Leomon. Ogremon is a Champion Level Digimon that resembles an ogre. He is known for having his mouth open all the time, and carries a large bone as a bludgeon weapon.

He was voiced by Hisao Egawa, who voiced Machinedramon in the Japanese version and Beau Billingslea who returned to reprise his role in *Digimon Adventure tri.* in the English version.

Ogremon was the only Digimon who willingly came to serve Devimon, under the promise to kill Leomon once Devimon no longer needed him. When the DigiDestines were sperated, Ogremon attacked Joe, and Gomamon. When Gomamon managed to digivole into Ikkakumon, they were able escape Ogremon. But prior to the final battle, Devimon grabbed Ogremon by the throat and transformed him into a mass of Black Gears that he assimilated, along with all the other Black Gears on File Island, into his body so he could have the power to destroy the DigiDestined.

## Ogremon's Redemption

Upon Devimon's destruction at the hands of Angemon, Ogremon survived and escaped. He was eventually forced to battle the forces of the Dark Masters. He fought a small army of Woodmon and got injured due to a meteor that landed near them. As it turned out, Ogremon was never actually evil, he only wanted to fight Leomon and no one else. After getting injured by the meteor containing MetalEtemon, Ogremon allied with the two DigiDestined Mimi and Joe after their split with the other DigiDestined. After Leomon's death, Ogremon decided to help the kids in any way he could for his rival's sake. Following the defeat of the Dark Masters and Apocalymon, Ogremon left to be on his own once more to await the day that he and Leomon could resume their rivalry.

## *Digimon Adventure* (PSP)

While his role is generally the same as in the anime, Ogremon is also a recurring computer-controlled party member. His most notable battle is when he and Saberleomon aids Joe in a battle against MetalEtemon.

## *Digimon Adventures 02*

Ogremon would later be referenced in the first episode of Digimon Adventure 02, when T.K. and Kari commented that their teacher looked like him. He also appeared as a cameo in the epilogue of the final episode, where Joe was teaching his son how to treat Digimon by using Ogremon as an example (referencing his treating of Ogremon for his injury in Digimon Adventure 01).

Ogremon reappeared three years later after MaloMyotismon's defeat and is infected. He attacks Primary Village while once again faces his rival Leomon.

*Digimon Savers*

Ogremon is a minion towards Argomon. He along with his army of Goblimon, were eventually defeated by Agumon.

*Digimon Fusion*

Ogremon ran a ramen noodle restaurant along with Fugamon. They both kidnapped a human and took him to their restaurant to help them make the best ramen noodles in town. Ogremon and Fugamon then challenged Gumdramon, Shoutmon, and Damemon to a fight. Ogremon and Fugamon then were defeated by the combined efforts of Gumdramon, Shoutmon, and Damemon, and both of the ogres were captured by Tagiru.

Digimon Adventure:

Ogremon first appears riding on a Coredramon. Unlike the original Digimon Adventure, this Ogremon has several Soundbirdmon that serve him and use them to brainwash innocent Digimon, and also serves Devimon.

While Taichi, Sora, Agumon, and Biyomon meet Mimi and her Digimon partner, Palmon, Ogremon arrives with a Drimogemon to attack them. Agumon digivolved to Greymon to fight Ogremon, while Palmon digivolved to Togemon to defeat Drimogemon. During the fight, Greymon broke one of Ogremon's horns, leaving him to retreat.

After the Digidestined and their Digimon partners defeat several Tankmon, Gorillamon, Solarmon, and DarkTyrannomon, Ogremon returns for revenge for a showdown against Taichi and Greymon. Just as Greymon was about to destroy Ogremon, it was abruptly interrupted by an arriving MetalTyrannomon. It stomped on Ogremon, losing his other horn. After showing the Digidestined the way to the Holy Digimon, he sacrifices himself to be destroyed by MetalTyrannomon.

*Digimon World 4*

Several Ogremon appear as enemies in Death Valley.

---

Nico: Ogremon!

Ogremon: Been a long time Nico. And Digidestined you're looking well.

Tai: Thanks you too.

Nico: Ogremon helped the Digidestined out when the Dark Masters were terrorizing the Digital World.

Me: I remember hearing about that. That was intense.

?: Boy it sure was.

A figure came out and it was DYSOTRON from episode 8 of Dino Thunder!

---

Dysotron attacked Reefside and was first seen when the Dino Thunder Rangers spied him blasting the city after cresting a hill. They then summoned the Thundersaurus Megazord but Dysotron used his power to transport the Rangers into the Arctic. Luckily, they outsmarted him and stunned him with a spin of cold air before attacking him with their Ptera Rang, returning them to the city. The Rangers then used their Tricera Fist and Tyranno Tail to knock him back and prevent him from from sending them somewhere else. They then shot him with a massive fireball and then powered up the Tyranno Drill to to destroy Dysotron. He tried to teleport but this apparently failed and Dysotron was destroyed for good.

---

Trent Fernandez: Dysotron!

Dysotron: Been a while rangers.

Me: I remember you! You attacked the city for some unknown reason.

Dysotron: That's right and Mesogog sent me to destroy the city for him.

Me: I see. And I never missed an episode.

General Schwarz: (to the ToQgers) Believe it or not, it really is good to see you all again.

Right: You too, Schwarz.

General Schwarz: Although that fool Baron Nero will pay for his treachery.

Me: He sure will and you and Emperor Z will get your shot at him in the future when we take down Mr. Mind and his group. Whatever they are planning it's not good.

Eli: Yeah and we have to stop them soon.

Me: And we will.

Connor McKnight: (to Dysotron) Too bad we didn't get to see what that dice of yours does.

Dysotron: Trust me. You'll see what it does in our battle.

Me: It will be interesting. Lets head to Axel's training room for our fun.

Nico: Good idea.

Bluto then appeared.

Bluto: I'll show you this time.

Sea: We'll Sea about that! (Laughs) That was a good one!

We went to the training room and we got the battles underway.

---

---

Count Spankulot was first.

Count Spankulot: (to Lucy) Grim needs to keep a close eye on his things.

Lucy H.: He sure does. He needs to put his truck under a powerful magical lock.

Starlight Glimmer: Yeah his trunk is loaded with all kinds of dangerous stuff that can really hurt people.

Starburst Aurora: You aren't kidding mom. That stuff is potent and dangerous.

Hex: I don't know what the heck Lynn was thinking when she wanted to wear the Mask of the Beast like that.

Jack Skellington: I guess she didn't want to lose her temper anymore like the rest of the Trinity of Violence did from time to time.

Sally: Yeah that is probably right.

Grim: I think Lynn may have gotten it from Eli when he wasn't looking.

Brittney: Yeah and I don't blame Lynn. But she shouldn't be someone she's not Also I have a special guest joining us for this battle. (Claps her hands)

Out of a puff of black smoke and magic came the mistress of the night herself: ELVIRA!

Elvira: Hello everyone!

Count Spankulot: Wow! Elvira the Mistress of the Night! OOH!

Elvira: I'm honored to be part of the battle and Brittney thank you for inviting me.

Brittney: Anytime Elvira. It's always a pleasure to have the awesome Mistress of the Night with us.

Sabella: (Transylvanian Accent) It's fangtastic to have you here.

Winny: (HOWLS) I love it.

Elsa Frankenstein: Me too.

Phantasma: Same here.

Tanis: It sure is amazing

Lightning Lisa: Indeed it is.

Count Spankulot: Indeed it is! Lets do it!

Count Spankulot fired handprints and they dodged them and fired waves of magic, darkness and lightning and smashed him down.

Lucy H.: A Stellar Victory!

Starlight Glimmer: YEAH!

Maria: That's really clever and I bet that Alien X had something to do with it.

Rarity: Indeed and that is amazing that Celestialsapiens have that much power.

Sweetie Belle: It sure is. The power they have is incredible.

Emerald Topaz: Shanan said that their power is omnipotent and they are the very beings that created the universe.

Gill Grunt: Yeah that is amazing.

Princess Platinum: It sure is something and I think it's absolutely amazing.

Commander Hurricane: That is something.

Chancellor Puddinghead: It sure is. I can't believe that they have that much power.

Smart Cookie: It sure is amazing.

Private Pansy: Yeah I think so too. It's incredible.

Clover the Clever: It sure is. Wow!

Liquid Leni: It's totes cool.

New Wave: It sure is. Let get it on!

She fired waves of water and the group dodged it and fired waves of water, jewels, energy and blue fire and smashed her down.

Maria: TAKE THAT!

Rarity: Rapture darling that was grand!

---

# Marionette Shadow

---

Marionette Shadow was next.

Marionette Shadow: (to Style Queen) I agree that Lynn should control her anger. But I didn't think she'd go so far as to forcing herself to be calm with that mask!

Audrey Bourgeois: Yeah I agree with you and Lynn should not be someone she's not all because of a mask.

Pinkie Pie: Yeah and we like Lynn just the way she is.

Little Cheese: Lynn is a great sports star and she has a lot of amazing skills the way she is.

Sprocket: You got that right. She has amazing talents in all the sports.

Princess Celestia: She sure does. I think she is amazing at all sports.

Princess Luna: I think so too sister. She has won amazing trophies and has amazing talent.

Princess Cadance: But that evil self of hers is a sore loser.

Princess Amore: Her heart is as black as night. She has no love in her heart for anyone other than herself.

Flurry Heart: Yeah what a monster. Thank goodness our Lynn didn't turn out like that.

Cloud Star: Yeah that is a good thing.

Lilly Crystal: Yeah. Thank goodness.

Apple Bloom: That version of Lynn was a monster.

Stone Luna: Not cool dudes.

Marionette Shadow: I agree. Lets do it!

He fired waves of shadow energy and they dodged it and fired waves of energy, magic, rock, gears and elements and smashed him down.

Style Queen: That was amazing!

Pinkie Pie: BEST USUAL BATTLE EVER!

---

Battle 4: Ink Rose, Princess Luna, Snowdrop, Children of The Night, Dark Skylanders, Lightning Fritter, Goths of Darkness, Shadow Lucy, Konan and Carly Atlas VS General Schwarz

---

General Schwarz was next.

Schwarz: (to Ink Rose) I just got here. So, you're going to have to explain to me what happened with Lynn.

Ink Rose: Lots of things happened. She put a cursed mask on and pretended to be someone she's not in order for her to not lose her temper.

Princess Luna: It was the same cursed mask that Billy used on Mandy to teach her a lesson.

Snowdrop: Yeah it's a crazy mask that turns people into a hideous beast if they get angry.

Gari: Yeah. Mandy had to learn the hard way that her actions have consequences.

Blackout: It was crazy. She had it coming back then. Even Billy and Grim enjoyed it.

Brittney: They sure did and it was funny.

Lucy Loud: It sure was.

Shadow Lucy: I thought it was great.

General Schwarz: It sure was funny. Lets do it!

He fired waves of darkness and they dodged it and fired waves of darkness, fire and paper and smashed him down.

Phoenix Shimmer: J.D. said that he has a lot of unfinished business with him and he's gonna make sure he dies.

Sunburn: Big time. He terrorized the world for the last time.

Dirt Lana: Yeah and it's not gonna be pretty.

Frozen Fright: This is gonna be fun. Quan will rue the day he messed with us.

Thunder Terror: Yeah and his end will be brutal.

Magma Gloom: I hope he enjoys a trip to the Warp after everything he did.

Toxic Horror: Yeah he has to be stopped.

Louie PoisonSea: Yeah he must pay.

Fireor: I agree with you. Lets do it!

He fired a wave of fire and they dodged it and fired powerful blasts of fire and energy and smashed him down.

Wheeler: ALL RIGHT!

Sunset Shimmer: That was so fun!

---

Linka (CP): (Russian Accent) It was. And it was an honor to meet them too.

Rainbow Dash: J.D.'s old friends are awesome and they do amazing things.

Storm Rainbow: They sure do mom and they are just as awesome as you and me.

Whirlwind: They took down many bad guys and even Alexander Paine.

Apple Bloom: It was a lot of amazing adventures.

Sweetie Belle: They were awesome. But that Alexander Paine guy was a monster.

Scootaloo: Yeah he sure was. I'm glad that J.D. killed him.

Diamond Tiara: He gives all secret agents everywhere a really bad name.

Silver Spoon: Yeah you got that right.

Plant Lola: I'm glad he's dead.

He fired waves of wind and they dodged it and fired waves of wind and lightning and energy and smashed him down.

Linka (CP): Take that!

Rainbow Dash: That was AWESOME!

---

Chillyfish was next.

Chillyfish: (to Gi) Who did J.D. rescue this time?

Gi: Her name is Hydra and she of course is a Hydra from Greek Myth.

Twilight Sparkle, J.D., Ryuga and Xerneas found her and Bhavna, a Xerneas Gene-Slammer fighting the monster Reptilicus from 1961.

Thunder Sparkle: Yeah that monster was dangerous. They Danish Military was hitting it with everything they had and not even bullets or missiles were powerful enough to take him down.

Spyro: But J.D. got seriously burned by that acid slime that the creature spit out.

Light Lily: Burn hurt.

Chillyfish: Geez! That must've really hurt!

Star Swirl: It sure did and it REALLY was painful to him.

Rockhoof: (Scottish Accent) Yeah it was. Poor lad.

Mage Meadowbrook: But thank goodness me and Varie helped him out.

Mistmane: He has a nasty 4th degree burn on his right arm.

Somnambula: (Egyptian Accent) That acid slime Reptilicus used was strong stuff.

Flash Magnus: Yeah I never saw the movie but that acidic slime is some really potent stuff.

Gusty: It sure was.

Clover: You are not kidding on that.

Chillyfish: Yeah you are not kidding. I watched the movie with Dark a while back and it was amazing. Lets do it!

---

Metal Sonic was next.

Metal Sonic: (to Vinyl Scratch) Do you agree that Hydra would get along with Hydranoid? Nod your head for yes and shake your head for no.

Vinyl Scratch nodded for yes and gave sign language.

Fluttershy: She said that she would get along great like the ocean waves to lasers of a rave show.

Metal Sonic: That's a great comparison and really cool. Have you been taking sign language courses Fluttershy?

Fluttershy: Oh yes I have. They are amazing and very helpful.

Mirage Daffodil: But yeah I think Hydra would definitely get along great with Hydranoid.

Stealth Elf: I think so too.

Ariel: Hydra is amazing and she has a lot of talent. She would also get along great with Mike's girlfriend Celia Mae.

Andrina: You got that right sis. She is amazing.

Peisinoe: I think so too.

Air Lincoln: I agree.

Metal Sonic: I agree too. Lets do it!

He turned into a buzzsaw and they dodged him as he went at him and Vinyl Scratch fired waves of rave music and lasers and the group fired waves of leaves, water and energy and wind and smashed him down.

---

Hydrax was next.

Hydrax: (to Ino) Did J.D. really meet a Xerneas Gene Slammer?

Ino: He sure did and she's from India.

Applejack: Yeah and she is a really amazing healer like Xenia is. She and Xenia would get along well.

Apple Bloom: Yeah I think so too.

Thunderbird Apple: She was on a shopping trip in Calcutta when she got slammed and it was not pretty.

Flashwing: Yeah it was terrible for her. I can't even imagine what an Yveltal Gene-Slammer will be like.

Ice Luan: Yeah that will be something to meet one like that.

Megan Williams: You said it. It sure will be scary.

Firefly: But it would be amazing to see.

Galaxy Swirls: Yeah it would.

Hydrax: That would be something and I have a feeling we're gonna meet one too. Lets do it!

Hydrax fired waves of energy and they dodged it and fired waves of flowers, earth, ice, apples and magic and smashed her down.

Ino: TAKE THAT!

Applejack: YEEHAW! That was great!

---

Frosta: It's highly possible. But I'm not matchmaker.

Princess Celestia: I think they would be a great couple. But love works in mysterious ways.

Topaz Flare: It sure does.

Spotlight: Bhavna and J.D. would be perfect.

Crystal Laney: I think so too but I am no matchmaker either.

Beast Boy: Yeah me neither.

Tara: Same here but that would be cool.

Geoforce: It sure would be sis.

White Lightning: I agree. Lets do it!

Battle 11: Dino Thunder Rangers, Megaforce Rangers, Fireheart Flame, Clyde, Neptune Crusaders, Steel Lynn, Nico, Lana, Lincoln, Lola, Laney, Lily, Lisa and Lucy VS Dysotron

Dysotron was next.

Dysotron: (Groaning) Why must Mistress Vypra give us heavy loads of treasure?

Nico: Boy I don't know. Let me get that for you all.

Nico teleported and opened the safes and in it was a bunch of swords.

Nico: Whoa! These swords look cool.

Dysotron: Whew! Yeah they are called the Sword of Chronos and the Swords of Neptune.

The Sword of Chronos - a 6'0" massive, double-edged sword with a clock etched on the platinum silver blade, a large clock with platinum silver angel wings for the crossguard, a long black handle, and a large clock with surrounding gems for the pommel and the wielder of this blade has to be one who'd gotten time powers from Chronos through a Divine Blessing, and the wielder will gain a massive power and energy increase, and since Clyde McBride had gotten those time powers from Chronos, it's perfect, and it'll go great with the playing cards weapon he'd gotten from Luxord.

The Swords of Neptune - they're 6'0" massive double-edged swords with many sea creatures etched on the 6'0" massive double-edged ocean blue blades, ocean blue gems and ocean blue angel wings for the crossguards, long ocean blue handles with fish scale design, and large ocean blue sphere pommels, and only The Neptune Crusaders can wield these swords, and once they're in their hands, they'll gain a massive power and energy increase.

Nico: These are perfect for Clyde and the Neptune Crusaders.

Nico teleported and gave the swords to them.

Varie: Cool!

Clyde: Wow! Thanks Nico.

They got a massive energy and power increase!

Nico: WHOA! Lets get him!

Dysotron: First I never got to show you what my dice can do. Pick a number.

Nico: Uh… 6!

He rolled the dice and it landed on number 3.

Dysotron: Too bad.

But then…

CLANG CLANG CLANG!

Nico got hit on the head with 3 anvils! OUCH!

Laney: OOH! THAT'S GONNA LEAVE A MARK!

Lola: Yikes!

Nico: (Stupid Talk) Anyone catch the number of that dump truck? (Shakes his head) OW! Man that was a doozy. Your dice does cartoon comedy shenanigans.

She beat him up all over the place with incredible force and then she grabbed him by his legs with her tail and smashed him down all over the place and she was playing solitaire.

Sea: Oh wow I won again.

Sea then threw him into the wall and then Bluto pulled out a bunch of red hot Branding Irons. He threw them and Sea grabbed them all with her tail and throw them back at Bluto and he ran and they hit him and burned him on his butt and he screamed in pain and landed in a tub full of ice cold water and steam came out of his butt. He got up and there was a message on his but that said "This Ass is Property of Sea the Sea Serpent, One of the Many Future Wives of J.D Knudson of T.L.P.S."

We laughed hysterically at that.

Sea: (LAUGHS) OH THAT IS SO FUNNY! That shows that his ass belongs to me every we have our battles.

Bluto was gonna be feeling that in the morning.

---

We got the battles done.

Popeye: He sure got burned there. (Laughs)

Fubuki: Now that the usual battles are done, let's go pay Quan a visit.

Me: You read my mind Fubuki.

Nico: This is gonna be a battle of some unfinished business.

Lana: YEAH!

Black Manta: That idiot doesn't know what he's in for.

Me: And that is a date with death. Get ready Quan, (EYES GLOW RED) we're coming for you.

Nico: Where's his hideout though?

Me: According to this it's located in the San Gabriel Mountains.

Eli: All the way down in southern California.

Nico: Lets get over there.

Me: You don't have to tell me twice. Lets get him!

We were off to the San Gabriel Mountains.

We arrived at the San Gabriel Mountains and they were pretty mountains.

Me: Here we are guys. Scans show that Quan's hideout is right in that cave.

Then a figure jumped out and it was ROGER MARCEL A.K.A. SPYDAH!

---

**Roger Marcel** aka **Spydah** is a minion of Paine who broke out of jail with him. He can create insect-themed machines which he treats as his pets. He wears a helmet equipped with six mini-cameras with night vision and infra-red capabilities. His eight detachable mechanical arms provide him with strength, dexterity, and climbing ability. He is also Paine's tech expert building or retooling machine's for Paine's plans.

Spydah helped to break Paine out of prison and is very loyal to him. He has fought all the members of the Alpha Teens but usually fights Lioness. In most of these confrontations he was usually beaten. At the end of season 1 he was defeated by Lioness, King, Shark and Hawk and then arrested with Paine after they failed to destroy Axel and the team's base. He has since appeared in Season two, teamed up with Magness and D-Zel.

Spydah wants Paine to respect him, however, he has been a victim of Paine's insults and pain touch powers more often than not. He also thinks little of Flesh, who he considers is big and stupid, even before his accident.

Spydah's design and concept are possibly inspired by MARVEL's "Doctor Octopus".

---

Axel Manning: Spydah! Why am I not surprised that you'd be here?

Spydah: (laughs) Did you really think you'd seen the last of me? (to Me) Well, if it isn't my old pal, J.D. Knudson!

Me: Spydah. I had a feeling you would show up. Looks like I'm gonna have to kill you too.

Nico: Look, Spydah. We're in a hurry. We don't have time to be messing around with you!

Spydah: That's tough! I'm getting revenge on A.T.O.M. and Knudson and no one's going to stop me!

?: No one? How about us?

Next thing Spydah knew, a figure jumped in and knocked Spydah down with a sword.

We saw a bunch of elemental tornadoes appear and they thrashed Spydah all over and it was THE NINJAGO MASTERS OF SPINJITSU!

Me: WHOA! KAI!

Kai: Nice to finally meet you in person J.D.

Me: It's awesome to meet you in person too Kai.

Kai: You guys go. We'll hold Spydah off!

Me: Thanks Kai. We owe you guys one.

We flew off and went into the cave. Deep in the cave we saw the temple of Snake's Tail and A.T.O.M.

Quan: Well, if it isn't the A.T.O.M. team.

Axel Manning: You may have gotten away from us before, Quan. But now, your time is up!

Hawk: It's funny. We thought J.D. would be helping us take Paine down. But taking you down will be just as fun.

Quan: Wait. J.D. Knudson is here too?!

Lioness: (telepathically to us) Guys, could you get in here? Hawk just told Quan about J.D. being here.

Meltdown: So what do you say? Are you in? Or out?

Spydah: I'm in.

Back with us we regrouped and powered down.

TO BE CONTINUED…

Another fanfiction done.

A.T.O.M. was a great show and it was so awesome and action packed and it had an awesome story behind it. It aired from August 27, 2005 - April 3, 2007 and it was so cool! I never saw the show before until I saw it on YouTube and it was great. The first part of this chapter was for the 1961 movie Reptilicus and that was a wicked cool movie from back 60 years ago. Carl Ottosen did a great job in that movie all those years ago. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Nflemingful, Etstheclarencefan, Drako1234658 and ninjakingofhearts all gave me the ideas for this. Thanks guys. The next girl is gonna be Shinotcha the Korobokkuru from Japanese Folklore and we're gonna meet her in the world of The Giant Behemoth from 1959 and we're also going to meet an Yveltal Gene-Slammer. Also tomorrow is a very special chapter and this is why. 20 years ago on July 20th, 2001 the show Codename: Kids Next Door became an official cartoon on that date and became an awesome iconic cartoon on Cartoon Network and was popular ever since. This chapter is to commemorate the 20th Anniversary of when Codename Kids Next Door first aired and we're gonna go into battle against the Kids Next Door's most evil and most dangerous enemy of all: GRANDFATHER! We're going into war against the ultimate adult villain and we're going to make sure that monster pays for his crimes. # 20th Anniversary War With Grandfather

HAPPY 20TH ANNIVERSARY TO CODENAME: KIDS NEXT DOOR ON CARTOON NETWORK

---

In England, me and Bhavna were flying over London and we saw that the city was in chaos as people were running for their lives.

Me: Whoa looks like we got here just in time!

Bhavna: (Indian Accent) How long do we have until the War starts?

Bhavna concentrated and groaned as her buttons popped off her shirt.

Me: We have about 5 hours.

Bhavna turned into XERNEAS!

Me: YEAH!

But then we saw a huge PALEOSAURUS and it was running amuck in London.

---

The **Giant Behemoth** is the titular main antagonist of the 1959 American-British science-fiction monster film *The Giant Behemoth* .

Its vocal sound effects were provided by the late Sydney Wiles.

History

The Giant Behemoth was first mentioned by the old fisherman Thomas Trevethan in his final word "behemoth". He and thousands of dead fish are found washed ashore on a Britain beach. Meanwhile, two scientists named Steve Karnes and James Bickford collect enough samples which lead them to assume radiation was the cause of death, and the "behemoth" is theorized to be some kind of large marine animal that had also been infected by radiation as well.

The next victims of the creature are a man, his son, and their dog. A photo of a huge footprint found at the scene is analyzed by Dr. Sampson, identifying the creature as a *Paleosaurus*, an aquatic dinosaur that could emit an electric pulse, similar to an eel. Karnes suggests that the Behemoth transmits the radiation through its electric pulses, explaining the burn marks found on the fisherman and the other victims.

The radiation is also discovered to be slowly killing the Behemoth. Dr. Samson says that the dying creature might be trying to leave the ocean to head upstream, seeking out shallow waters to where it was born. However, death by radiation poisoning may not come soon enough to prevent the creature from reaching London on the way, where it will likely cause havoc throughout the city.

Karnes and Bickford try to persuade authorities to close the River Thames, but the military believes by tracking the dangerous beast with radar tracking systems will be enough to prevent it from reaching the city. However, the Behemoth is invisible to radar, allowing it to easily swim past their trap. Dr. Sampson and other scientists spot the Behemoth from a Royal Navy helicopter, but even their radar could not track the beast. The Behemoth destroys the helicopter using radioactive emanations, before surfacing in the Thames while capsizing a Woolwich Ferry.

Rising from the Thames, the creature begins its attack on the city, flattening several cars and knocking over buildings onto fleeing citizens. Karnes and Bickford advise the military not to use bombs against the Behemoth, as blowing up the creature would just spread the radiation further and result in more fatalities. Instead, they propose an idea to create a dose made of radium to accelerate the radiation sickness that is already killing the Behemoth. As they prepare the radium dose, the Behemoth finishes its rampage by destroying electric towers and plummeting through London Bridge back into the Thames.

As the Behemoth continues to swim upstream the Thames, Karnes and Bickford set their plan into action using a mini-sub carrying a torpedo filled with radium in pursuit of the monster. During an initial pass, the Behemoth bites the mini-sub, but Karnes convinces the submarine captain to have another one go. The sub manages to fire the torpedo into the monster's mouth, causing it to roar in pain as the radium accelerates the radiation level. Steam rising from the water indicates the monster's demise. However, although the Behemoth is gone for good, Karnes and Bickford hear on the radio about dead fish washing up on the eastern shores of the United States, implying that the Behemoth may not be the last of its kind.

Me: WHOA That's a Paleosaurus.

Bhavna Xerneas: What's a dinosaur doing here.

But then my geiger counter was clicking like mad!

Me: Whoa Bhavna stay back!

Bhavna Xerneas: Why what's wrong?

Me: We can't get near that dinosaur. It's the Radioactive Paleosaurus from the 1959 movie The Giant Behemoth! My Geiger Counter is picking up Gamma Radiation Levels that are off the scale!

Bhavna Xerneas: It's intensely radioactive!?

Then we saw a massive spike in electromagnetic radiation and it hit a bunch of people and turned them into fried corpses!

Me and Bhavna gasped in horror!

Me: HOLY SHIT!

Bhavna Xerneas: That was terrible!

Me: We can't even get near it because of its intense radioactivity. It's like we're fighting a thermonuclear explosion.

Bhavna Xerneas: Wait what's that?

We saw a small fairy and an Yveltal.

Me: Whoa! That fairy is a Korobokkuru from Japanese Folklore.

Bhavna Xerneas: And an Yveltal is with it.

Me: Yeah. Lets get rid of that dinosaur and I know just how to do it. We're gonna send it into the sun.

Me and Bhavna fired a wave of energy and it carried the Paleosaurus all the way into the Sun and it was completely obliterated in an instant!

Me: That did it!

Yveltal: (Thai Accent) That was great!

Shinotcha: That was amazing! Thank you so much. Hey wow! You're J.D. Knudson, leader of Team Loud Phoenix Storm!

Me: That's right.

Shinotcha: I'm Shinotcha and yes I'm a Korobokkuru.

Yveltal: And I'm Chaem Choi Saengkaew and as you can see I'm also an Yveltal.

Me: Pleasure to meet you both.

Bhavna: I'm Bhavna Radhakrishnan. Pleasure to meet you.

Yveltal: Same here.

Me: What were you doing before you became an Yveltal?

Yveltal: I was sitting at home when I was hit by a dart and then I took a nap and next thing I knew I woke up as an Yveltal.

Me: Geez. I have the power to change you back and you can use all of Yveltal's powers.

Yveltal: I would like that.

Me: Okay.

I put on my blind man glasses.

Me: Here we go. (Snaps fingers)

The Yveltal reverted back to human and she was a girl that had red hair with black highlights and blue eyes and blue sclera and she was naked. Bhavna reverted back too.

Bhavna was human again. But naked.

Bhavna: (covers herself) Chaem, we chose a perfect time to recruit you.

I gave them both towels.

Chaem: (Covers herself) Why is that?

Me: In a couple of hours we're gonna go into battle with the most dangerous and most deadliest adversary we're gonna face: Grandfather, he's the ultimate leader of the Adult Villains of the Kids Next Door and we're gonna need all the help we can get if we're going to stop him for good and make sure he never returns.

Shinotcha: I've heard about Grandfather and how dangerous he is. He is an evil the likes of which no one should ever have to face.

Me: You got that right. Lets get back to the World Tree Estate and rendezvous with everyone for this.

Bhavna: Right.

We went back home.

---

Back at the World Tree Estate, everyone was getting ready for what could very well be the biggest battle ever. We came back.

Me: We're back.

Nico: Glad you could make it. Where's the next girl?

Shinotcha: I'm down here.

Nico saw Shinotcha.

Nico: Wow she's a Korobokkuru from Japanese folklore.

Me: Yep.

Chaem: It's a pleasure to meet you. I'm Chaem and I'm an Yveltal Gene-Slammer.

Nico: Pleasure to meet you Chaem. Anyway we better prepare for battle.

Me: Right.

Lori: I hope no one literally has plans for today.

Cloud Man: Well, I was planning to go patrolling from the clouds. Why?

Lori: Because war is literally upon us.

Nico: Yeah. Grandfather is coming and we have to make sure he pays for his crimes. Flash and Quicksilver are evacuating everyone in the nursing home that Grandfather is at so I can detonate the explosives.

Me: Good. Better to be safe than sorry.

Chaem: Yeah.

Sea: They should be finished any second now.

Then they got back just as she finished saying that.

Flash: We're back. All the staff and people except for Grandfather are out of the nursing home.

Quicksilver: It didn't take that long.

I pulled out a key and put it in a lock and it opened a compartment that showed a detonation panel with a red button.

Me: Care to do the honors Nico?

Nico: You bet.

The LupinRangers came in.

Tree Hugger: (sees the Lupinranger come in) Thanks for coming, guys.

Touma: No problem. Now, what's so important that the three of us had to close Bistrot Jurer early?

Me: We're going into war against Grandfather and we need all the help we can get. Nico was just about to set off the explosives in the nursing home that Grandfather is at.

Eli: Everyone but him is out of there. Now lets see if these explosives will do him in.

Sea: What kinds of explosives did Nico put in?

Nico: 200 pounds of nitroglycerin, 10 pounds of C4, 400 pounds of ammonium nitrate and all kinds of explosives.

Me: This is gonna be big.

Varie: As long as it's not Behrut Explosion big.

Me: You may detonate when ready buddy.

Breakdown: You know if this works, the war will be avoided, right?

Nico: Yep I know. Okay you shitsucking old fuckpot codger, you fuck around with us and we'll see who shits on the sidewalk.

Nico pressed the red button.

BEEP!

Then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blew the whole Nursing Home Complex apart in a huge mushroom cloud of fire and smoke and all that was left of it was a massive flaming crater of fire.

Me: BINGO!

Nico: YEAH!

Miia: That did it!

Nico: There. Now we can rest easy.

Anakin: I don't think so! I'm sensing a huge evil signal from the rubble.

Obi-Wan: I feel it too! It's evil and massive!

Me: He's still alive!

Then we saw a terrifying figure arose from the fire of the rubble and it was GRANDFATHER! HE WAS BACK!

Me: OH SHIT ON MY ASS AND FUCK ME SIDEWAYS!?

Miia: Is that Grandfather!?

Numbuh 1: That's him and he is ultimate evil.

Numbuh 0: This is really bad.

He flew off!

Nico: Lets prepare for battle everyone!

Mirage: I think there's 3 more Masters of Evil members that we need to recruit.

Nico: And we better recruit them and fast. I'm leader of this mission since it's my turn. Brittney, you, Eli and Lana will take three groups and go and recruit Mortal Kombat's Scorpion, Leapfrog and Felix Faust.

Brittney: We're on it sir!

Nico: I could get used to this. Rendezvous back here when you all recruited them.

Brittney: Right! Goths, lets move!

Eli: Laney, Raiden you come with me.

Lana: Naruto summon Gamabunta, and Nico you better go with us too.

Nico: I'm on it. But first. SHADOW CLONE!

Nico made a Shadow Clone.

Nico: Keep an eye on everything till we get back.

Nico 2: Right!

They were off.

---

Eli, Laney and Raiden went and found SCORPION OF MORTAL KOMBAT!

---

**Hanzo Hasashi**, better known as **Scorpion**, is an undead ninja warrior and one of the main protagonists and the mascot of the *Mortal Kombat* franchise. Even though he has a neutral alignment, he has done some villainous acts. In *Mortal Kombat: Armageddon*, he allied with the Forces of Darkness to come closer to his enemy, Quan Chi due to having a grudge against the Elder Gods for "restoring" the Shirai Ryu members as undead monsters and not fully humans. He is also the archenemy of Quan Chi.

He is currently voiced by Ron Yuan. Prior to that, he was voiced by Patrick Seitz, who has been doing the role since *Mortal Kombat vs. DC Universe*, and by one of the co-creators of the series, Ed Boon himself, since the very first *Mortal Kombat* game.

Scorpion was born has Hanzo Hasashi to the Shirai Ryu Ninja clan. He was among the best warriors in the clan. As a result, he earned the name Scorpion do to his impressive abilities.

### *Mortal Kombat Mythologies: Sub-Zero*

All changed however when he was given a mission by the evil Quan Chi to steal the Map of Elements from the Order of Light's Temple. While he was there, he was killed by Sub-Zero, a member of their rivals, the Lin Kuei. As a result, his entire family and clan were slaughtered by Quan Chi as a payment to Sub-Zero. Because of the fact he died, his soul was sent to the Netherrealm, While in there, he fought Sub-Zero again but was once again defeated. Scorpion vowed revenge on Sub-Zero due to his family's demise and his defeat.

### *Mortal Kombat* (1992)

Two years later, he was finally able to leave the Netherrealm and return to Earthrealm. He went there to participate in Shang Tsung's tournament to defeat Sub-Zero and avenge his family as well as his clan due to Quan Chi's deception. He was not able to make it to Sub-Zero at first, but after Liu Kang defeated Goro, he got his opportunity to kill Sub-Zero while he was unguarded. He did exactly that, finally getting revenge in his mind, so he was sent back to the Netherrealm.

### *Mortal Kombat II*

Due to being in the Netherrealm, he was able to find out about a tournament hosted by Shao Kahn, the ruler of the Outworld. He was angered when he found out that Sub-Zero somehow returned back to life, unaware that it was actually his younger brother. So in order to finish what he started, Scorpion entered Shao Khan's tournament. However, during one of Sub-Zero's battles, he witnessed him sparing his opponent's life, which caused Scorpion to have some doubts about this person. He would eventually find out that this Sub-Zero was not his murderer, but in fact, his younger brother having taken up his older brother's mantle. To atone for slaying Sub-Zero's older brother, he decided to dedicate himself to protecting the new Sub-Zero.

### *Ultimate Mortal Kombat 3*

When Shao Khan invaded Earthrealm and tried to conquer Netherrealm but failed, Scorpion was accidentally set free. He initially didn't pledge allegiance to anyone, but when Shao Kahn noticed Scorpion's expertise in fighting, he decided to recruit him to his army. The alliance didn't last very long, however, as Scorpion discovered that when he learned Sub-Zero was one of Earth's chosen warriors and therefore one of Shao Kahn's targets. Due to this, Scorpion turned on Shao Khan and helped Earthrealm defeat him. They succeed and because of that, Scorpion returns back to the Netherrealm.

### *Mortal Kombat 4*

At some point, Quan Chi was somehow able to convince that the new Sub-Zero was in some way responsible for his wife and child's death. After he was tricked into believing this, he swore revenge on Sub-Zero. However, just before Scorpion was about to kill Sub-Zero, Quan Chi appeared and told him that he was actually responsible for his family's death to get Scorpion to break his promise of protecting Sub-Zero. Quan Chi then attempted to banish Scorpion to the Netherrealm, but Scorpion, thinking quickly, tackled Quan Chi and banished both of them to the Netherrealm.

### *Mortal Kombat: Deadly Alliance*

During the many years that Scorpion and Quan Chi were in the Netherrealm, Quan Chi would be tortured by Scorpion. Quan Chi seemed to have very little chance of escaping because his powers were slowly weakening while Scorpions was getting stronger (the reason for this is they were in a different part of the realm). To escape, Quan Chi struck a deal with Drahmin and Moloch. The two fought off Scorpion, which gave Quan Chi enough time to escape the Netherrealm through a portal, Scorpion following him. Scorpion continued to chase Quan Chi until he found his way to Shang Tsung's Palace. While he was at the palace, he was ambushed by Drahmin and Moloch, who had just escaped the Netherrealm. Scorpion tried to fight them off, but they overpowered him and threw him into the Soulnado, believing it would eliminate the ninja once and for all.

## *Mortal Kombat: Deception*

However, Scorpion was able to escape into the void and meet the Elder Gods. There, he also witnessed Raiden's sacrifice and Onaga beginning his conquest. The Elder Gods were aware of his presence as well as the incredible skills and abilities he possessed, so the made him the champion of the Elder Gods. His first mission was to destroy Onaga before he conquered all the realms. Scorpion is next seen in Konquest mode before Onaga goes to retrieve the Amulet from Quan Chi. Scorpion fights Shujinko in the name of the Elder Gods, but Shujinko won the battle. In his ending, it is said that Scorpion tracked Onaga through the realms to fight him, but it's unknown if he fought him, as it is known that Shujinko defeated Naga.

## *Mortal Kombat: Armageddon*

Later on, Scorpion's alliance with the Elder Gods had fallen apart. This was due to the fact that they promised to resurrect the Shirai Ryu clan along with his wife and son, which although they did, they were brought back as Hellspawn. Scorpion was angry at what he thought of as their betrayal, and vowed revenge on the Elder Gods by removing the two things critical to their plans to prevent Armageddon, the Edenian brothers Taven and Daegon.

When Armageddon is summoned, Scorpion joins the Forces of Darkness. Scorpion is one of the consistent that makes it the highest, but he is also one of the many killed seen with his back pierced by Sub-Zero's Kori Blade, ending this version of Scorpion permanently.

## *Mortal Kombat vs. DC Universe*

Scorpion first appears in Liu Kang's chapter, attempting to kill Sub-Zero. Liu Kang saves Sub-Zero's life by shoving him out of the path of Scorpion's Kunai and deflecting it, which allows Sub-Zero to escape. Scorpion enraged that Sub-Zero got away again, challenges Liu Kang to a battle. Scorpion loses that battle and is badly injured in the process, reeling in pain. Scorpion is then suddenly surrounded, which confuses him causing Scorpion to vanish with The Flash appearing in his place.

Scorpion then reappears in the bat cave right in front of the dark knight. Scorpion believed he was Sub-Zero in disguise, so he challenged Batman, but due to his weekend state he was easily defeated and batman took him away for studying. Batman brought the unconscious Scorpion along in his investigation in Gotham City, but he was able to escape in the confusion of the Joker and Liu Kang's arrival.

He would later reunite with Quan Chi and also pull Sub-Zero into the Netherrealm. He challenged Sub-Zero to mortal combat believing he was his family's murderer with Quan Chi goading him. As Scorpion and Sub-Zero fought, the merging of the realms spread into the Netherrealm itself, allowing Quan Chi to escape. Scorpion then sent Sub-Zero back to Raiden and then was ordered to find Kitana.

Scorpion would later return to Gotham, where he was confronted by the Joker. Scorpion didn't have the patience to deal with him at first, and he tried walking away but became enraged when he was struck from behind by The Joker, so Scorpion fought him. Scorpion was easily able to defeat the Joker. Scorpion decided to spare his life and teleported to Themyscira, where he encountered Wonder Woman. He told Wonder Woman of his mission to find the princess, but when Diana thought he was referring to her and offered her help, he refused her offer before challenging and defeating her in battle.

Scorpion would travel to Metropolis where he encountered Superman. Like with Wonder Woman, Scorpion refused Superman's help, and Scorpion replied with a fire covered kick. The kick shocked Superman, who realized that his powers were coming from sorcery. Due to Superman's weakness to magic, Scorpion was able to defeat him and pushed him to a car where he encountered Kitana. He quickly realized she was infected with the Kombat Rage, so he battled her, Scorpion was able to subdue Kitana but unable to hold her off for much longer, so he called out to Quan Chi.

Quan Chi later appeared along with Baraka and Shang Tsung. Quan Chi used his magic to place Kitana under his control. Quan Chi then spotted Shazam approaching and ordered the three to deal with him in the Netherrealm while he went to Raiden. The three sprang their trap, but they were defeated by Captain Marvel so they retreated. They followed after Quan Chi and Scorpion witnessed Quan Chi use the last of his magic to restore Kitana to sanity, pleading with Raiden to work with them to save the world.

Raiden agreed, and so both Forces of Light and Darkness united, with Scorpion and Sub-Zero teaming up to face Lex Luthor and Catwoman in the Wu Shi Academy. Luthor defeated both of them while under the Kombat Rage's influence. Scorpion then joined up with the United Forces of Light and Darkness on their journey to the merged Apokolips/Outworld and due to Dark Kahn's influence, he came under the effects of the Rage and faced the Flash in the final battle with the DC Universe.

Scorpion was knocked out as a result, but he revived in time to witness the realms be restored after Dark Kahn's destruction.

Alternate Timeline

Scorpion's backstory is similar to his original version. He was once a member of the Shirai Ryu, a clan of ninjas known for bringing Ninjitsu and other secret martial arts to Japan from China. He also had a wife and child. However, his entire clan and his wife and child were killed by Quan Chi who disguised himself as Sub-Zero, a ninja for the Lin Kuei rival clan, to frame him. Scorpion would die but was revived by Quan Chi to be his servant.

Under Quan Chi's command, Scorpion entered Shang Tsung's tournament to what he believed get revenge for the death of his family by killing Sub-Zero who he believed to be their killer. When Scorpion arrived, he immediately demanded that Shang Tsung let him fight Sub-Zero. However, he is challenged by Kung Lao. Scorpion is able to defeat Kung Lao and again demands to fight Sub-Zero, but Shang refuses, saying he would demand nothing, Shang Tsung then assigns Scorpion his next opponent, Nightwolf. Nightwolf tries to talk Scorpion down his path of revenge and that his aggression is misplaced, but Scorpion ignored him and beat Nightwolf in a fight. Scorpion, more sternly this time, again demanded to fade Sub-Zero. Scorpion's previous victories had impressed Shang Tsung enough, so he told Scorpion that he will have his fight against Sub-Zero soon enough.

Since Raiden had been having visions, he saw the future where

Scorpion kills Sub-Zero and the latter is reborn as Noob Saibot, Raiden pleaded with Scorpion not to kill Sub-Zero. Scorpion refuses at first, but then Raiden promised Scorpion he would request that the Elder Gods bring back the Shirai Ryu clan. Scorpion thinks about the offer for a bit and nods his head saying yes.

Later Scorpion was by Lin Kuei assassins, Sektor and Cyrax who both mocked his family's death, but Scorpion kept his calm nature and stated that his clan would walk the earth again. Upon hearing this, an angered Cyrax shoved Scorpion, and Shang Tsung saw this as a challenge and declared that Scorpion would fight Cyrax and Sektor.

Eventually, Scorpion was able to defeat them, but right after he was confronted by his enemy Sub-Zero who disrespected his family and clan's death. Scorpion was enraged to hear this, so he took both of them to the Netherrealm. While there the two would fight in Mortal Kombat, Scorpion emerged victoriously but do to his deal decided to spare his life until Quan Chi appeared and urged Scorpion to kill Sub-Zero which Scorpion refused to do. Quan Chi, knowing Scorpion needed to be provoked, conjured up fake images of his family and clan being mercilessly slaughtered by Sub-Zero. Sub-Zero begged for Mercy saying it was not him, but Scorpion but didn't believe him, so Scorpion ripped the mask from his head, revealing a skull engulfed in flames.

Back in the throne room of Shang Tsung, Scorpion reappeared and Shang Tsung smiles in anticipation. Wordlessly, Scorpion held up a scorched skull with the spinal cord attached. Scorpion had killed Sub-Zero, breaking his deal with Raiden. His head hung low, Scorpion dropped the skull onto the floor shattering it and then he burst out a loud scream, then he burst into flames and disappeared. Near the first tournament's end, Scorpion fought alongside Quan Chi to best Liu Kang, the last Earthrealm warrior in the tournament, but even his and Quan Chi's combined power and effort were not enough to stop Liu Kang.

During Shao Khan's Mortal Kombat tournament, Scorpion was once again summoned by Quan Chi to fight Sub-Zero. While there, Scorpion quickly realized this was not the same Sub-Zero when the new Sub-Zero proclaimed he would fight in his fallen brother's honor. Scorpion proclaimed he had no honor and the two fought. Eventually Sub-Zero gained the upper hand, but just before he was going to finish Scorpion off some Lin Kuei cyborgs captured him giving Scorpion the opportunity to flee.

During Shao Khan's invasion, Scorpion was confronted by Raiden where he expressed his disappointment that he was still working for Quan Chi. Raiden requested to speak with Quan Chi, but Scorpion refused. Raiden angrily then accused Scorpion of not saving his family, which caused Scorpion to become enraged. The two of them then battle, but Scorpion lost and was teleported away as Quan Chi appeared.

*Mortal Kombat 11*

Due to Kronika's timequake, past Scorpion gets brought into the present. Hoping Kronika can resurrect his family, Scorpion sides with her. He first confronts Liu Kang and Kung Lao within the Dragon Grotto under Wu Shi Academy, which ends up activating the Grotto's traps. Scorpion is defeated with Kung Lao finding out that stopping the traps is impossible. Scorpion disappears to escape the poison gas, and later returns alongside the past version of Jade to fight them. He is later defeated again and knowing he has lost, Scorpion escapes.

Meanwhile, a time-displaced Sektor and Cyrax start kidnapping the new Lin Kuei clansmen into a cybernetic army. Hanzo is alerted to the cybernetic army's return, and he immediately heads over there to assist Sub-Zero in stopping the army before they will attack the new Shirai-Ryu, as Sektor did in the past. He and Sub-Zero eventually infiltrate the cave, defeat Frost and Noob Saibot, free Cyrax from the enslavement protocol, and kill Sektor.

Due to the destruction of many of Earthrealm's bases, Hanzo welcomes his surviving allies to the Shirai-Ryu Fire Garden as the only base left. Hanzo and the other heroes learn about the Elder God's demise and that Kronika is Shinnok's and Cetrion's mom. Hanzo realizes Kronika is indirectly responsible for his family's death due to being Shinnok's mother and Quan Chi working for Shinnok, and so, Scorpion decides to join in the fight against Kronika. He and Sub-Zero go to Kharon's house while scouting Kronika's remaining army, led by Cetrion in the Netherrealm. Hanzo then tells Sub-Zero to return to Earthrealm while the former plans to convince Kharon to join forces against Kronika.

Scorpion also arrives after Hanzo defeats D'Vorah, who was torturing Kharon for refusing to assist Kronika. Scorpion still believes Kronika can revive his clan to their former glory, viewing the present Hanzo's Shirai Ryu as tainted and imperfect. So the two Scorpions fight, Hanzo ends up winning, but doesn't kill his past self knowing he is only doing what he is to restore their wife and son. So in order to convince his past self, Hanzo tells Scorpion that Kronika is planning to resurrect Shinnok, the man responsible for their family's death. But due to being distracted, Hanzo is ambushed by D'Vorah, who poisons him with her venomous pincers, Scorpion, convinced by Hanzo's words, slices off her pincers and forces her to retreat. Hanzo tells his past self that the Shirai Ryu are defined by their heart, not blood, before dying in Scorpion's arms.

Scorpion realizes his present self is right to join the Earthrealm heroes against Kronika, but unfortunately, he ends up being erased when Kronika reverts time back to the beginning.

Scorpion attacks him with a vicious insect concealed in his palm, but Johnny eventually lures it into a tree trunk, killing it on impact. Scorpion then warps himself to another location, but Johnny just manages to jump into the portal and teleports him. The battle continues in a red-illuminated chamber filled with shipwrecks, old weapons and human bones, with Scorpion revealing his true head as a mere skull before breathing fire at his opponent. Johnny grabs a razor-edged shield lying nearby to protect himself and then hurls a spear into Scorpion's arm. Eli: (Kung Fu Bow) It's an honor to meet you Scorpion.

Mortal Kombat Scorpion: (to Raiden) Raiden, please tell me the truth. Was Sub Zero really the one who killed my family and my clan?

Raiden: No Scorpion. It was really Quan Chi that did it.

Laney: That's right.

Mortal Kombat Scorpion: Is that true?

Eli: Search your feelings. You know it to be true.

Mortal Kombat Scorpion then exploded in a massive pillar of fire and he roared in incredible fury!

Mortal Kombat Scorpion: I WILL TEAR THAT MOTHERFUCKERS HEAD OFF FOR THIS AND MOUNT IT ON A PIKE!

Eli: Save seconds for us.

Mortal Kombat Scorpion: But I know that you didn't come all this way to reveal the truth to me.

Raiden: Not just that. There's a huge war coming. Grandfather has returned.

Mortal Kombat Scorpion gasped!

Mortal Kombat Scorpion: Did you say Grandfather? He's back!?

Eli: Yeah he is and we need your help to destroy him for good.

Laney: Yeah.

Mortal Kombat Scorpion: Count me in.

The Goths of Darkness went to a castle and there they found FELIX FAUST!

**Felix Faust** is a powerful sorcerer native to the DC Comics universe and a man who has sold his soul to demons multiple times in his quest for power. He is a recurring enemy of the Justice League and heroes that seek to balance magic such as Doctor Fate, Zatanna and Wonder Woman.

Felix Faust has a talent for enslaving others to his will via dark magic and transforming them into thralls. This particular trait plays a major role in the early quests for heroes loyal to Wonder Woman in *DC Universe Online*, where they battle the minions of Felix Faust to save Zatanna from his evil spells.

Past

Felix Faust's origins are for the most part unknown. However, the first recorded whereabouts of Felix Faust is from 5,000 BC, at which time he appeared in the legendary African empire of Kor. The king of Kor was Nommo, the prime wizard of his time and the guardian of the mystic power called the Flame of Life. The evil sorcerer battled Nommo, attempting to use the Flame's power to his own corrupt ends. Nommo then called the Flame of Life into himself, defeating the sorcerer by banishing him to another dimension.

In the mid-1920s, a madman and aspiring magician named Dekan Drache stumbled upon the dimension and managed to open a portal to it. Released, the sorcerer destroyed Drache's soul and entered his body. However, though alive on Earth once more, the sorcerer found his powers drastically reduced.

Obsessed with restoring his mystic might, the sorcerer read the story of how the man called Faust had sold his soul to the devil for supernatural powers, and decided to do the same. Inspired by the story's main character, the sorcerer now called himself Felix Faust and began a never-ending quest for mystical knowledge.

Felix Faust first appeared in the comic, Justice League of America, vol. 1, #10 (March 1962), when he tried to gain some of his lost magical abilities by contacting the Demons Three, three fictional demons in the DC Universe. These three demons were brothers who ruled the galaxy a billion years ago before being banished by beings known as the Timeless Ones. The Demons Three have tried to return time and again, summoned by Felix Faust and others, their attempts always foiled by the Justice League. Felix Faust tried to summon the power of the Demons Three by possessing three artifacts: the Green Bell of Uthool, the Silver Wheel of Nyorlath, and the Red Jar of Calythos, that had been created by the Demons, and which the Timeless Ones could not destroy or move from Earth. Pre-Crisis they claimed a spell using the artifacts would free them in 100 years, but in that time the caster of the spell would be able to command them.

In order to accomplish this task, he takes control of the JLA with the Demon's help, who find and defeat the artifact's guardians and bring them to Faust who begins the spell, but Aquaman is able to break the spell by distracting him using his control of fish. The Sorcerer is then taken to prison, and the JLA soon after find out about the Demons escape and re-imprison them. Pre-Crisis he was a member of the Crime Champions, a trio of Earth-1 criminals who teamed up with a trio of Earth-2 villains to commit crimes, then escaped to the other world using a vibratory device accidentally discovered by the Fiddler.

Felix Faust robbed a million dollars from a sunken ship and escaped Aquaman, the Martian Manhunter and the Atom. Later the Earth-2 Crime Champions impersonated the Earth-1 Crime Champions using the Wizard's magic, in an attempt to trap the JLA. The Fiddler impersonated Felix Faust. They robbed Casino Town (evidently based on Las Vegas), and 'Felix Faust' contacted the JLA. The Fiddler was oddly enough able to cast spells like Faust, and battled Aquaman, the Martian Manhunter, and the Atom. The real Felix Faust, while robbing a fair on Earth-2 was confronted by Green Arrow, the Manhunter, and the Atom, but despite casting a spell that made them spin in midair he was knocked out by the Atom. When the Crime Champions were fully defeated, Doctor Fate, Batman, and the Earth-1 Flash defeated Faust.

Over the years, Faust's hunger for magical power proved very costly to him. He has bargained his soul for knowledge away on many occasions, only to buy it back later when his acquisitions failed to help him meet his goals; every time, he'd end up worse than before. Eventually, he found it difficult to find any mystics willing to purchase his tarnished soul. Finally, he tried to trick the demon Neron into giving him power by offering the pure soul of an innocent girl he murdered in lieu of his own. Unfortunately for him, Neron saw through the ruse and punished Faust by setting the girl's vengeful spirit upon him. For a time, Faust's damned soul languished in a hellish plane for magicians who had abused or ignored the laws of magic.

### *52*

During the event known as 52, a voice from within the helm of Doctor Fate speaks to Ralph Dibny and promises to fulfill his desires if he makes certain sacrifices. Dibny journeys with the helm through the afterlives of several cultures, where he is cautioned about the use of magic and sees Felix Faust. He is told about their deals by the voice. The Spectre promises to resurrect his late wife Sue in exchange for Dibny's taking vengeance on her murderer, Jean Loring, but Dibny is unable to do so.

At Nanda Parbat, Rama Kushna tells Dibny, "The end is already written." In Doctor Fate's tower, Dibny begins the spell to resurrect Sue, puts on the helmet of Fate, and shoots it, revealing Felix Faust, who was posing as Nabu. Faust planned to trade Dibny's soul to Neron in exchange for his own freedom.

Ralph reveals that he was aware of Faust's identity for some time, and that the binding spell surrounding the tower is designed to imprison Faust, not to counter any negative effects of the spell. Neron appears and kills Dibny, only to realize too late that the binding spell responds only to Dibny's commands: through his death Ralph has trapped Faust and Neron in the tower.

### *One Year Later*

One year after Infinite Crisis, with Neron having already escaped, Faust escapes from the Tower of Fate with the help of Black Adam through the aid of a revived Isis, and contacted Red Tornado's soul which was still adrift after fighting Alexander Luthor alongside Donna Troy, the Green Lantern Corps, and their allies. Working with Dr. Impossible, Professor Ivo, and Solomon Grundy, Faust posed as Deadman and offered the android his heart's desire: a human body. The Tornado accepted, and Faust bound his soul into his new body. Faust and his allies then stole the Red Tornado's original android body for their own purposes.

After lending his concealment spells to Cheetah, Faust joined with Talia al Ghul in order to corrupt yet another hero: Black Alice. Faust offered Alice power, wealth, a place in the Secret Society of Super Villains, and the resurrection of her mother, but Alice refused, sent Faust out of town, and tapped into his powers so she could perform the resurrection herself. After this, Faust seemed to rejoin the Society.

On the cover of the comic Justice League of America (vol. 2) #13, it shows Felix Faust as a member of the latest incarnation of the Injustice League.

### *Post-Final Crisis*

As a member of Cheetah's Secret Society of Super Villains, Felix Faust played a part in the creation of Genocide when he used his magic to animate the collected soil samples.

### Further Appearances

Felix Faust has been shown retaining his control over Isis even after he used her powers to free himself from Fate Towers by creating a doorway. Forced to keep Isis under a powerful sedation spell at all times, he's implied to regularly sexually abuse the young goddess. Still unable to communicate, Isis manages to signal her husband Black Adam to her aid via a trail of Isis flowers. Once Black Adam discovers Isis he forces Faust to free his wife, who in retaliation castrates Faust with her bare hands before leaving, sparing his life.

### *The New 52*

In The New 52 (a reboot of the DC Comics universe), Felix Faust is sporting a more macabre, emaciated appearance. He captures Doctor Mist after the hero attempts to infiltrate his cult, leading to the Justice League Dark being sent in to rescue him. After Faust is knocked out by Black Orchid, the heroes find a map leading to the Books of Magic in his possession.

During the Forever Evil storyline, Felix Faust is among the villains recruited by the Crime Syndicate to join the Secret Society of Super Villains. In the pages of Forever Evil: Blight, Felix Faust and Nick Necro are seen torturing Mindwarp for Ultraman, eventually killing him, in an attempt to create rechargeable specimens, having previously done so with Sargon the Sorcerer.

When John Constantine's group arrives in the Nanda Parbat temple, they eventually come across the project that Nick Necro and Felix Faust has been working on. They see Black Orchid, Cassandra Craft, Shade, the Changing Man, Enchantress, Blackbriar Thorn, Blue Devil, Papa Midnite, Sargon the Sorcerer, and Zatanna being held for the use in the Crime Syndicate's weapons program to use against the entity that destroyed their world. Constantine realizes that Nightmare Nurse is not herself, actually Necro in disguise. The two fight and Constantine is able to stop Necro in order to try and free Zatanna. Before he is able to, his is captured by Felix Faust. Constantine senses his team getting closer and hopes they will help him, not realizing that they have been captured too in order to be used for the project.

*DC Rebirth*

Felix Faust appears as one of the supervillains refusing to be hired by Henry Bendix in order to kill Midnighter and Apollo.

---

Brittney: Felix Faust, it's a pleasure to meet you.

Felix Faust: The famous Goths of Darkness of Team Loud Phoenix Storm. It's an honor to have you all here.

Shadow Lucy: We're glad we could come.

Felix Faust: (to Yumi) Before you say anything, I want to say that it was I who teleported Octavious' Sinister Six group to the Island Paul was banished to so they could kill him the first time.

Brittney: That explains why they vanished after that battle. We owe you for that. But we didn't come here to reminisce on past battles. We got a really bad situation here. Grandfather has returned and he's going to try and finish what he started in the past and destroy everything.

Shadow Lucy: And if we don't stop him we have no future.

Felix Faust: I see. I've heard about Grandfather. I will help you all.

Brittney: Great.

Lastly, Nico, Lana, Naruto and Gamabunta were in a swamp to find Vincent Patilio A.K.A. Leap-Frog!

---

**Leap-Frog** is a supervillain alias used by two different minor characters in *Marvel Comics* . While wearing the Leap-Frog suit, the wearer receives enhanced durability and strength and the ability to leap great distances. They are both enemies of Daredevil.

Vincent Patilio

Tired of his lack of success as an inventor, Vincent Patilio designed himself a frog-like costume incorporating his latest invention: electrically powered leaping coils. Calling himself Leap Frog, Patilio was defeated in both attempts at a criminal career by the hero Daredevil. After being defeated by Iron Man, Patilio was sent to jail.

Patilio served his time in prison and then returned to his wife Rose and young son Eugene. Rose's salary kept the family financially solvent until she died of cancer. Barely making enough money to support himself and his son, Patilio fell into despair. At this time, his son Eugene donned a version of his costume to attempt to create a heroic career as Frog-Man. Patilio was proud of his son for capturing the villain Speed Demon, but his pride turned to disapproval as Eugene continued to serve as a superhero. Patilio forbade his son to adventure as Frog-Man.

When the villainess White Rabbit reappeared, Patilio went undercover to join her gang on behalf of the police, which brought him into conflict with his son, who, as Frog-Man, tried to take down the White Rabbit. Patilio ultimately defeated the White Rabbit with the help of his son.

Presumably, Patilio remains retired from adventuring.

---

They found him and were standing before LEAP-FROG!

Leap-Frog: So Team Loud Phoenix Storm has come.

Nico: Vincent Patilio A.K.A. Leap-Frog. Pleasure to meet you.

Leap-Frog: Same here.

Lana: Glad we found you.

Leap Frog: (to Nico) Is it true? That Peter Parker is Spider Man?

Nico: Every single word of it.

Lana: It's true.

Gamabunta: I am amazed about that. But I'm afraid we didn't come here to just confirm that for you.

Leap Frog: What did you come here for?

Lana: Grandfather has returned and he's going to destroy the planet if we don't stop him!

Leap Frog gasped.

Leap Frog: Oh man! I'll gladly help you all.

Naruto: That was easy.

Leap Frog: (to Spidey) So, Peter Parker, huh? (smiles) If it's all the same to you, I'll stick to Spder Man.

Spiderman: Thanks Vincent.

Me: Company, ATTENTION!

Then we stood in attention Nico stepped out and he was wearing a General Hat.

Nico came and faced us.

Nico: All right listen up! This is for all you new people. I only have one rule: Everyone fights and no one quits. You don't do your job, I'll send you all back here for the rest of the mission. Do you get me!?

Everyone: WE GET YOU SIR!

Nico: Welcome to the Roughnecks.

Me: NICO'S ROUGHNECKS!

Everyone: (SPARTAN GRUNT)

Nico: At ease everyone. Now as you all know, we are on the precipice of war yet again. We have a new enemy and his name is Grandfather. He is one of the most ruthless enemies of the Kids Next Door. He tried to enslave the world.

Nico went over his history.

---

Grandfather is the main antagonist of Cartoon Network's 3rd animated feature film, Codename: Kids Next Door Operation: Z.E.R.O.. He is by far the most powerful and evil villain, as well as the overarching antagonist of the Codename: Kids Next Door series.

He is an extremely powerful and tyrannical being who once ruled the world before he was overthrown by his elder son, Monty Uno. Many years later, he was revived by his younger son and successor, Father, and began transforming the people of the world into Senior

Citi-zombies. Grandfather is very tall and lanky, and significantly taller than a normal person. He had a bald head and a large beard with long, scraggly strands of hair. He is also the grandfather of Nigel Uno (Numbuh 1), and Number Zero/Monty Uno's father and arch-nemesis.

He was voiced by Neil Ross, who also voiced Norman Osborn/ Green Goblin in Spider-Man: The Animated Series, the Cyclops in The SpongeBob SquarePants Movie, and Colonel Volgin in Metal Gear Solid 3: Snake Eater.

During the Victorian Era, Grandfather (back then known as Pappy) ruled the world with an iron fist and forced all children to work in his tapioca factories. One day, his son, Monty Uno, discovered the Book of KND, led an uprising of children and defeated his evil father by erasing memories and powers.

During the dawn of the 21st century, Grandfather's other son, Benedict Uno, used the Recommissioning Module on Grandfather, then a decrepit old man, to restore his former self, and expected to work together with him to destroy the Kids Next Door and rule the world alongside him. However, Grandfather shunned his son and ordered him to leave, calling him a failure and claiming that he liked his other son more.

He then revealed his plan: To turn all of the kids in the world into Senior Citi-zombies, as well as everyone who was ever a kid. The villains cheered, until they realized that they all used to be children and that this amounted to every person in the world. They tried to flee, but in vain. Once Grandfather turned all of them into his zombie minions, he ordered them to invade the Kids Next Door's treehouses throughout the world, turn them into zombies as well, and turn their treehouses into tapioca factories. Soon, every nearly KND operative (and presumably every person) on the planet was transformed, save for Numbuh 1, who would commission his father by the name of Numbuh 0 again.

After establishing his rule over the world, Grandfather turned his efforts to finding and destroying the Book of KND, as it could provide children with hope; the only thing that could defeat him. Grandfather arrived near its location just in time to be confronted by his son

Monty, who was carrying the book in his back pocket. Monty wrestled with Grandfather until he found the Book of KND. Monty was able to resist Grandfather's power, but soon began to succumb to it.

Monty was able to fight off Grandfather long enough for Sector V to launch the KND Moonbase at him, and seemingly destroyed him. However, Grandfather survived relatively unscathed and emerged from the wreckage, only to find out that he was standing in a Decommissioning Chamber from the Moonbase. Grandfather and Numbuh 0 were both decommissioned once again, and turned back into their harmless, and clueless adult selves. This causes all of the Senior Citi-Zombies to turn back into their regular selves too.

---

When he was finished everyone that hadn't heard it was horrified.

Nico: Horrifying isn't it? Now Grandfather has returned and we have to stop him no matter what. Failure is not an option and we have to stop Grandfather at all costs or the entire planet as we know it will cease to exist. Grandfather picked the wrong time to return. Scans show that he went to the ruins of the Delightful Children's Mansion in Virginia. TEAM LOUD PHOENIX STORM, TONIGHT WE DINE IN ADULT HELL!

Everyone: (300 SPARTAN GRUNTS!)

We cheered.

Nico: All right we leave in one hour. Use this time to get ready and J.D. send out an emergency message to everyone on Earth and let them know.

Me: Yes sir General Nico.

Nico: General Nico. I like that. Dismissed!

I went to the broadcast room and got on the emergency frequency.

Me: Attention all citizens of Earth. This is a Code ΩΞΓΣ emergency message from everyone on Team Loud Phoenix Storm. The ultimate evil villain of the Kids Next Door, Grandfather has returned and he is back to destroy the entire planet. In less than an hour we're gonna go into war against this evil monster and make sure he never succeeds in exterminating the entire human race. He tried to do this once before and now he has returned to try and do so again. Grandfather is the ultimate personification of pure evil incarnate and we are gonna head out to stop him. Grandfather will pay for everything he did in the past and we're not going to let him take away our planet, our future and our free will. This is our world and monsters like him are never gonna be welcome here! Team Loud Phoenix Storm will not allow it and the world will be saved from him!

Everyone cheered wildly for me!

We were getting ready.

Mortal Kombat Scorpion: (to Sub Zero) I know now that it wasn't you who killed my clan and family.

Me: It was Quan Chi. And he will pay for his crimes.

Sub Zero: I knew it was him.

Eli: Me too.

Laney: We'll make that monster pay later on.

Felix Faust: (to Ash) I'm guessing you're grateful to me for indirectly causing Paul's first death.

Ash: You better believe I am.

Pikachu: Pika!

Dawn: That monster had it coming.

Lynn: You bet he did.

?: Don't forget me.

A figure came out and it was KERBERO GANGAN from episode 34 of LupinRanger VS PatRanger!

Touma: Kerbero Gangan!

Me: I remember you! You have quite a vast knowledge of guns and like collecting them. Also you stole a powerful gun from a museum and that was the Lupin Magnum!

Kerbero Gangan: That's right. Looks like you all need my help.

Me: We need all the help we can get.

Nico: All right everyone. Lets head on out. Scans show that he is at the ruins of where the Delightful Mansion used to be. Lets roll!

We were off!

---

## SECTOR V - VIRGINIA

---

We arrived in Sector V in Virginia and we saw that Grandfather had turned the ruins of the Delightful Mansion into a malevolent fortress. Grandfather's evil fortress looked like a true fortress from the fire of Hell. We were hiding on the rocks and the landscape was also turned into a volcanic landscape with lava cascades and more.

Nico: Whoa so that's his new fortress.

Me: It looks like a true fortress from Hell.

Numbuh 1: It sure looks terrifying.

Nico: It sure does. Hard to imagine he's that evil. He would make even the Devil himself whimper in fear.

Me: Yeah.

We saw that he had tons of Senior Citi-Zombies all around the fortress. But they were all thugs that we all took down in the past.

Me: I know all those guys. Those Senior Citi-Zombies are all thugs that we took down in the past.

Nico: Whoa.

Laney: They sure look awful.

Turbo then came.

Nico: Thanks for getting my message, Turbo.

Turbo: No problem. You guys save your energy. I'll deal with these guys before getting you to where you need to go!

Nico: Awesome.

Turbo: Time to burn rubber!

ZZZOOOOOOOOOOOOOOOMMMMMMMM!

He zoomed fast and smashed through countless Senior Citi-Zombies.

Nico: Now's our chance! CHARGE!

We ran fast and roared at the top of our lungs through the blockade of Senior Citi-Zombies!

Nico: PORCUPINE!

We formed shields and spears and ran and skewered many Senior Citi-Zombies like in the movie 300 and in our adventures as the Brave 12 with the Spartans.

Samurai Jack: This brings back memories.

Me: It sure does Jack.

We then busted in through the door of the fortress. Turbo came to us.

Maria: Thanks, Turbo. You sure you don't want to stick around?

Turbo: Sorry. Got to head back to my home. Just in case Grandfather's goons try to attack it.

Nico: Okay and thanks for the help Turbo. We owe you one.

Turbo: Anytime. (To the viewers) See you all on August 26th.

ZOOOOOOOOOOOOMMMMMM!

He zoomed off home.

Nico: Lets go and stay alert.

Me: Yes sir.

We went into the fortress and it was a terrifying fortress. It looked like a castle that the Devil Himself would like.

Nico: Wow this castle is terrifying.

Me: The decoration in this place is terrible.

?: That's a matter of opinion sonny.

We saw GRANDFATHER!

Nico: I had a feeling you were gonna make a big entrance.

Grandfather: I didn't appreciate that explosion you gave me!

Nico: Well, before I finish the job, how did you even regain your powers?

Grandfather: It was thanks to this my friend.

He showed that he had a DARK ORB IMBEDDED IN HIS CHEST!

Eli: He has a Dark Orb on him!

Me: He must've been hiding it the entire time!

Grandfather: That is right! And I have many friends for you all to play with for my amusement! (Snaps fingers)

Out came a massive number of Patrick Mini-Clones!

Me: Mini-Patrick's!?

Evil Patrick 1: It's not just that. We are the Starfish that were slain from the very universe where the Tormented one was killed.

We gasped.

Nico: You're the insane Patrick's from that comic book BIkini Bottom Horror!

Eli: You're the Patrick's that lost their marbles!

SpongeBob: I can't believe that you would become like this Patrick!

Patrick: YEAH! This is NOT LIKE ME!

Mr. Krabs: You would never resort to murder like this lad!

Evil Patrick 2: It's because you did this to us Krabs!

Evil Patrick 3: You stole a piece of us and used it to feed Bikini Bottom me!

Evil Patrick 4: And you will pay for it!

Evil Patrick 5: As you know, our nervous systems aren't centralized.

Evil Patrick 6: They are spread throughout our limbs.

Evil Patrick 7: So when I ate an undercooked patty…

Evil Patrick 8: The memory cells fused with my own.

Evil Patrick 9: Endowing me with my copies endless nightmares.

Evil Patrick 10: His anguish…

Evil Patrick 11: And his lust for revenge.

Mr. Krabs: That version of me paid for his crimes. I would never resort to cannibalism like that!

Patrick: That's right! You may be me, but I would NEVER become like you!

Squidward: Patrick May be a moron but he and SpongeBob are good friends and I respect that now!

Sandy: Me too!

Grandfather: It's not just them you have to deal with!

We then saw DARK VERSIONS OF ALL THE ADULT VILLAINS! AND EVEN ANOTHER FATHER AND ANOTHER DELIGHTFUL CHILDREN FROM ANOTHER UNIVERSE!

We gasped in shock and horror!

Numbuh 1: It's all the Adult Villains that we faced!

Nico: This is gonna be big guys!

Grandfather appeared to Nico.

Grandfather: And now, to make you my slave. Forever! (about to touch Nico)

Nico: Well, might as well end you before the battle even starts.

Grandfather grabbed Nico by the chest. At the same time, Nico grabbed him by the face.

Nico: HAKAI!

Nico destroyed the Dark Orb and stripped him of his power! He was like what he was before when he first tried to destroy the Kids Next Door!

Nico: Nice try Grandfather! But I'm immune to your power!

I fired an energy blast and sent him crashing into the wall!

Nico: You will pay for your crimes! Your crimes are beyond forgivness and everything that you have done is unpardonable. Your crimes cannot go unpunished! In the name of Team Loud Phoenix Storm…

Dark Spicer: Here's your warning…

Eli: IT'S BUTTKICKING TIME!

Maxxor: In the name of the Tribal Alliance…

Tommy Oliver: IT'S MORPHIN TIME!

Bloom: MAGIC…

Will Vandom: GUARDIANS…

Tyler Bowman: IT'S TIME TO KICK SOME BUTT!

Nico: CHARGE!

We all charged at them and roared at the top of our lungs.

THE BATTLE THAT WILL DECIDE THE FATE OF THE EARTH HAS BEGUN!

Evil Toiletnator was being faced.

---

**The Toiletnator** (real name: **Lou Pottingsworth III** ) is a recurring joke character from *Codename: Kids Next Door* . He is obviously a toilet-themed supervillain, a motif that has unclear justifications even compared to the show's other villains. He is seen as a non-threat by KND operatives everywhere and shunned by other villains to the point that they take deliberate measures to keep him away from their villainous meetings.

Despite all of this, he is incredibly enthusiastic and jubilant about being a villain and completely oblivious to the fact that no one wants him. His "powers" include several toilet-related abilities such as shooting toilet paper from his arms. He is Numbuh 4's arch-nemesis.

He was voiced by Dee Bradley Baker.

In the episode "Operation: F.L.U.S.H.", Toiletnator decides to prove himself worthy to the other villains by defeating the KND in their treehouse. However, because the members of Sector V were away at the time, the other villains had already taken over the treehouse without resistance and as a result the empowered Toiletnator defeats his own allies, mistaking them for the kids, who arrive right afterwards just when his sudden burst of competence wears off.

In the comic story "Operation: H.I.S.T.O.R.I.E.", Toiletnator's origin is revealed: he'd once been Lou Pottingsworth III, an executive for Evil Adult Industries, before he was assigned by Father himself to become part of the company's operation to mass-produce their new vegetable: "asparigross". But when the Kids Next Door attacked the factory building site, Lou hid in a porti-potty and was trapped in there for several days when it was knocked under a large mass of rubble, forced to eat nothing but urinal cakes. There, he was visited by "The Almighty Protector of Potty" (some form of toilet god), who'd chosen him to be its knight (the only reason being that he'd been the only one to use the bathroom in a while) and bestowed him with toilet-based powers, which he used to punish kids who wrote on the bathroom walls, misused toilet paper, and forgot to flush. The comic also revealed that the Toiletnator is actually Numbuh 4's uncle and Mr. Beetles long lost twin brother.

---

Layla just punched Evil Toiletnator in the face, knocking him down.

Layla: A clone of the original and yet, still an imcompetent villain. (to Toiletnator) No offernse.

Toiletnator: None taken.

Evil Toiletnator got up and fired toilet paper and Layla fired waves of water and drenched the toilet paper and it hit him and made him all wet!

Layla then kicked him in the face and sent him flying and then he impaled himself on a spear and his heart was on the tip of the spear and he died in an instant with his blood dripping onto the floor.

YUCK!

Toiletnator: You give me a bad name.

Eli fired Force Lightning blasts at the Evil Patrick's.

Eli: Maybe a powerful electroshock Lobotomy will give you a wakeup call you brainless morons!

Baron Mordo fired Mystic Bolts and obliterated many Evil Patrick's.

Evil Stickybeard was next.

---

**Stickybeard**, formerly known as **Stickyfuzz**, is a recurring antagonist in the Cartoon Network series *Codename: Kids Next Door* . He was once a cabin boy of Licorice pirates. He is the rival of Numbuh 5 (Abigail Lincoln).

He was voiced by Mark Hamill.

Stickybeard is a candy-loving pirate who sails around the suburbs where the members of Sector V live in his ship the *Sweet Revenge* (which is a reference to the Queen Anne's Revenge). Along with his crew of Candy Pirates, Stickybeard hoards candy in the same manner that traditional pirates horde gold, primarily by stealing it from various children. Stickybeard's name references the notorious real-life pirate Blackbeard, as well as the fact that his beard has several pieces of candy stuck to it. The candy of Stickybeard and his crew is very prominent to the point that parts of the ship itself is made of candy, and they use weapons made of candy, such as candy cane swords and gumball cannons.

Stickybeard frequently targets the Kids Next Door due to their large stash of candy, and is most closely associated with Numbuh 5, also a lover of candy, who he respects as a rival; he even offered her the position of First Mate and heir aboard his ship in Operation P.I.R.A.T.E., which she turned down. He has aided members of the KND on multiple occasions, including saving them from the great white asparagus monster and escorting them home in *Operation A.F.L.O.A.T.* and teaming up with Numbuh 5 in *Operation L.I.C.O.R.I.C.E.* to save Heinrich Von Marzipan (his former cabin boy) from evil pirates made out of licorice under the command of Black John Licorice, who Stickybeard was worked for as a cabin boy on their ship in his youth. He was also on Numbuh 4's bowling team in *Operation M.I.S.S.I.O.N.* . He especially eats candy in a rush, as seen in *Operation Q.U.I.E.T.* .

In *Operation V.I.D.E.O.G.A.M.E.*, Stickybeard is the boss of Operation *S.H.I.P.S.H.A.P.E.*, fought by Numbuh 5. In *Operation A.W.A.R.D.S.*, Stickybeard was nominated for best villain at the Villains' Choice Awards, along with Gramma Stuffum, Mr. Boss, and Father. In Operation *G.I.R.L.F.R.I.E.N.D.*, he tried to steal the Sweater of Sweetness, but was foiled by Numbuh 1. He last appeared in *Operation I.N.T.E.R.V.I.E.W.S.*, where he stole Yipper Card 87 from the Nerd Zombies, which resulted in the Nerd Zombies chasing Stickybeard and his Candy Pirates away.

In real-life, Stickybeard would likely be arrested for breaking and entering, robbery, property destruction, and possibly involuntary manslaughter if anyone was in the houses destroyed by his ship.

---

Knightbrace: (to Evil Stickybeard) I never thought I'd say this to any version of you. But your candy isn't really healthy!

Evil Stickybeard: WHY YOU STUPID BILGERAT! I'LL KEELHAUL YOU FOR THAT!

Numbuh 5 kicked him in the face and Zarya fired a wave of fire and it burned him to ashes.

Zarya Moonwolf: I like our Stickybeard better.

Stickybeard: Thanks lassie.

The Evil Knightbrace was next.

---

**Mr. Jelly**, better known as **Knightbrace**, is a recurring antagonist of *Codename: Kids Next Door* . He is an oral health-themed villain who attacks children at night and forcibly performs painful and unnecessary dental and orthodontic procedures on them. He is one of the most frequently recurring villains of the series alongside Toiletnator, Count Spankulot, and Stickybeard.

He was voiced by Tom Kenny who also voiced the Common Cold and Chester in the same series.

Knightbrace's true identity is Mr. Jelly. Mr. Jelly had dreamed of being a dentist all his life, but used extreme methods and was kicked out of dental school for trying to put braces on babies. He was then forced to work in his family's candy store, thus damaging kid's teeth rather than cleaning them. This ultimately drove him over the edge. He thus became Knightbrace and sought out to repair the damage he'd done.

*Codename: Kids Next Door*

Knightbrace first appeared in "Operation: T.E.E.T.H.". Sector V first became aware of Knightbrace when he was encountered by Numbuh 3 while she was walking home one night after a trip to Mr. Jelly's candy store; the entire team went back to the candy store with her because her teeth got whitened to an extreme level. On the way back, Knightbrace launched a sneak attack on Numbuh 4 and nobody noticed until they reached the Sector V Treehouse, whereupon they found Numbuh 4 tied up with giant braces that stuck out very far and within minutes both Numbuh 2 and Numbuh 5 were also attacked and tied together with floss. The KND initially assumed him to be Dr. Sigmund Teef, a dentist who had offered them free checkups (and been rudely refused) earlier that day. When the villain is unmasked by Numbuh 1, he and his team are shocked to learn his true identity to be Mr. Jelly. Dr. Teef, who had been awakened by the noisy fighting, then walks into the room, at which point Knightbrace's past is revealed. Dr. Teef saves the KND from Knightbrace by giving him taffy, his "delicious weakness". Apparently, even Knightbrace has an occasional sweet tooth, despite his hatred of cavity-inducing foods.

In "Operation: F.L.U.S.H.", Toiletnator believes Knightbrace to be Numbuh 4, who he considers to be his arch-nemesis, when he attacks his fellow villains at the Sector V Treehouse and violently disposes of him. When he does this to Knightbrace, a view of the treehouse shaking violently is shown on screen with a rumbling sound affect.

In "Operation: M.U.N.C.H.I.E.S", he buying toothpastes. He bought the Rainbow Monkey's Munchies cereal. When Father furiously asked if he could share the cereal, Knightbrace isn't planning to eat the munchies but rather destroying them believing it is bad for their teeth. However, Sector V and the adults teamed up to beaten up Knightbrace and used him to give them milk.

In "Operation: A.W.A.R.D.S.", Knightbrace is the host of the Villain's Choice Awards. As his clothes are stolen by Numbuh 4 during the episode, he is forced to appear onstage in his underwear. He was to read the winner of Best Villain award, but was caught up in the fighting before it could be revealed.

In "Operation: I.N.T.E.R.V.I.E.W.S.", Knightbrace is believed to have been tie-ified by a Queen Neck Tie along with Potty Mouth while at the tieland common shopping mall. It's unknown what happened to him after this, mostly he either got eaten alive or more likely he was tie-ified and it is not confirmed if he and Potty Mouth will return back to their normal selves.

Stickybeard: (to Evil Knightbrace) Call my candy unhealthy, will ye?

Stickybeard punched and smashed him all over and Rita blasted Evil Knightbrace with massive blasts of lightning and incinerated him into ashes.

Rita: Take that you bad dentist!

Katie was facing her so-called father, CHESTER!

**Chester** is a recurring villain in *Codename: Kids Next Door*, who first appears in "Operation: C.A.M.P.", where he was an evil camp counselor who brainwashed children and made them produce wholesale lanyards and wallets for him to sell. In subsequent episodes, his character was built upon from this, making him into a man who forms a variety of elaborate money-making schemes which all involve harming children.

Unlike other villains on the show, who generally stand for "adult supremacy" and mainly target the Kids Next Door and other rebellious youngsters, Chester is motivated simply by monetary greed and harms completely innocent children, making him one of the more vile villains in the series. By far his worst atrocity of all was in "Operation: F.A.S.T.-F.O.O.D.", in which he ran a hamburger restaurant where he intended to lure children, kill them and feed them as burgers to anthropomorphic sharks. Fortunately, Chester was stopped before he could take any victims by Numbuh 3, who had been sent to buy the team's lunch.

He was voiced by Tom Kenny, who also voiced Dirty Bubble in *SpongeBob SquarePants* .

History

He first appeared in "Operation: C.A.M.P.", in which he is the councilor of "Camp Lemmeouttaheah", where kids are brainwashed into making wallets and lanyards for Chester to sell. With the help from their new teammate Bradley and his parents, the KND defeated Chester and set the campers free.

In "Operation: F.A.S.T.-F.O.O.D.", Chester enacts what is undoubtedly his most despicable plan ever (and possibly the most gruesome operation of any villain in the entire series, and obviously crossed the Moral Event Horizon): opening a fast food restaurant called Burger Frenzy, where kids visiting the restaurant are captured and used as the meat on burgers which are then sold to sharks. This horrific plan was stopped by Numbuh 3 during her birthday "mission" of picking up lunch.

In "Operation: U.T.O.P.I.A.", Chester creates the "Happy Headband", which traps the victim in a virtual reality in which they experience a personal paradise. However, the device can be adjusted to turn the dream "sour". He intended to sell it to parents as a product designed to keep children under control. The Happy Headband was tested on Numbuh 1, who eventually escapes using the jet boots he is wearing in real life. He then puts the Happy Headband on Chester. In Chester's fantasy, he has defeated Numbuh 1 and finds himself in a room surrounded by a cheering crowd of his fellow villains. Mr. Boss then awards Chester a check for "a buhmillion dollars" for his victory. At the end of the episode Numbuh 4 turned the dial to Sour at which point Chester realized that he was wearing his own headband.

In "Operation: S.A.F.A.R.I.", Chester disguises himself as " **Dr. Phineas Sharp** ", a doctor who gives vaccination shots for "Moosebumps". he used Nurse Jumbo, a needle hating elephant who quit working for Chester after receiving repeated vaccinations by mistake due to Chesters poor aim and Numbuh 1's quick foot work. However, the shots he gives actually *cause* Moosebumps, which literally turns the victim into a moose. Chester intends to saw off the antlers of his victims and use them to make "Chester's Marvelous Moosicles". Though at the end of the episode it's revealed the entire episode was the paranoid ramblings of Numbuh 1 who was trying, and failing, to explain to his mother why he shouldn't get his moosebumps shot, in the final shot of the episode it's revealed that Chester is the secretary for the real doctor.

Katie: You were never my father Chester!

Chester: I made you and I own you!

Katie: You NEVER WILL own me!

She fired a massive blast of poison ivy leaves and they cut him all over and he was itching like mad!

Lola and Firefly fired waves of fire and incinerated him into nothing but ashes.

Evil Mr. Boss was next.

---

**Mr. Boss** is a fat, greedy villain and a major antagonist from the show *Codename: Kids Next Door* . He is Father's right hand. He is Numbuh 3's arch-nemesis and Numbuh 86's father.

He was voiced by Jeff Bennett.

Despite the fact that he has not fought with any weapons or technology, Mr. Boss is the #2 greatest enemy of the Kids Next Door, and unsurprisingly, it is Father and the Delightful Children From Down the Lane who top the list. He always has a cigar in his mouth. He is the leader of the Villains who are adults, and has no control over the children villains (either Father has control at least over few of them or they work alone).

As second-in-command of the adult villains, he is also the minor leader of all the common-appearing villains. His three most supportive henchmen are Crazy Old Cat Lady and Mr. Wink and Mr. Fibb. Later, it is revealed in Operation: D.A.D.D.Y. that Numbuh 86 (Fanny Fulbright) is actually his daughter, and that Mr. Boss loves his children, and still cares about them a lot even if they're in the Kids Next Door, including one of his sons Numbuh 85.

His biggest plan before was to transport all girls, then the boys to planet Pluto, but was stopped by Numbuhs 3 and 4. Numbuh 1 calls him Sector V's most biggest enemy, but he was fought only four times. He is a "boss" because Numbuh 3's mother and Numbuh 4's father work for him as boss.

---

Zarya: (to Evil Mr. Boss) Hopefully, your family won't mind if I kill you. TIME TO HOWL! (HOWLS)

She fired a blast of blue wolf energy and it formed into a Wolf and it hit Evil Mr. Boss and obliterated him in an instant.

Numbuh 86: (Scottish Accent) You were never going to be the real version of my father!

Zarya: You said it!

The Evil Common Cold was next.

---

The **Common Cold** is a recurring antagonist of *Codename: Kids Next Door* . He is an eternally ill villain who wishes to spread his cold to everyone else in the world and uses a machine to fire mucus from his nose at his enemies. He is Numbuh 2's arch-nemesis and Anna Worthington's uncle.

He was voiced by Tom Kenny who also voiced Knightbrace and Chester in the same series.

History

The Common Cold first appears in *Operation: T.O.M.M.Y.*, in which Numbuh Two's brother, Tommy, aids the Common Cold out of jealousy for the KND, building a machine for him that transforms him into the "Flu Bug". Numbuh Two's mother used chicken soup to counter the machine and defeat the villain.

The Common Cold never got a starring role in an episode again, but made several minor appearances.

---

Robin socked an Evil Common Cold all over the place with his staff.

Robin: You will never make the world sick on my watch!

Evil Common Cold: Try and stop me! (Sneezes)

Kraven the Hunter then grabbed the Evil Common Cold's head and ripped it clean off of his shoulders.

Kraven: (Russian Accent) That's it for that bad cold.

The Evil Count Spankulot was next.

---

**Count Spankulot** is a recurring antagonist of *Codename: Kids Next Door* . He is a vampire who exists to spank naughty children who have violated rules. He appears to his victims in a terrifying way and announces their crimes and his name before he proceeds to punish them. Count Spankulot speaks with a deep Romanian accent.

He was voiced by Daran Norris.

Count Spankulot makes his first major appearance in *Operation: S.P.A.N.K.* and his story is revealed that he was sent to prison after mistakenly spanking an innocent child named Carlos, and after being released, resolves to now use his powers to help children rather than punish them. When he sees the Kids Next Door fighting Mr. Wink and Mr. Fibb, he forcibly joins Sector V, who make no complaints about this so as not to invoke his wrath.

After several missions, in which Count Spankulot proves to be more harm than good, the team decides that they must find a way to get rid of him. On a mission one night, they take Count Spankulot to a house that they claim belongs to Wink and Fibb and tell him to go inside and spank them. He does so, only to realize that the house actually belongs to the Judge who had sentenced him to prison after the previous incident, and that he has been spanking him and his wife.

At the trial, the furious judge sentences Spankulot to an absurdly long prison term, and the KND apologise to him for this unfortunate "accident". Kuki, not understanding that they are supposed to be lying, then reveals the true nature of the event to Spankulot while also revealing they were responsible for the incident with Carlos, so he begins furiously spanking them on the spot before the authorities come to restrain and take him to prison offscreen.

In *Operation: L.O.C.K.D.O.W.N.*, Count Spankulot carries out his revenge on the KND by using his hypnotic powers to lure Nigel to the prison he was incarcerated in, then turning him into a spank-happy vampire like himself, and later, having him do the same to the other Sector V operatives, as well as Kuki's Big Bottom Rainbow Monkey Doll, while the treehouse is on complete lockdown during the night. It is explained here that Count Spankulot can turn other people into vampires by spanking the victim with his bare hands, which is why he, along with every other Spank-Happy Vampire, normally wears gloves, creating the Spank-Happy Vampire Army. The only way a victim can cure himself/herself of the Spank-Happy spell is to spank back the vampire that spanked him/her, or spank the original Spank-Happy Vampire (Count Spankulot himself), which is how the members of Sector V return to normal at the end of the episode.

In *Operation: S.P.A.N.K.E.N.S.T.I.N.E.*, before he could administer a spanking to Mushi Sanban for "murdering" Kuki's Posh Party Rainbow Monkey Doll in *Operation: C.L.U.E.S.*, Mushi used an evil machine on him to revive the Rainbow Monkey Doll as an undead monster. He is later seen at the Sanban's dinner party, reminiscing on the old days with Lydia Gilligan.

---

Evil Count Spankulot: (Transylvanian Accent) Those who hurt other people are bad and must be punished.

Lucy Heartfilia: (to Evil Count Spankulot) This is one butt you're not spanking!

Evil Count Spankulot: PREPARE TO FEEL THE STINGY WRATH OF COUNT SPANKULOT! (EVIL LAUGHTER)

But then!

SHEEEN!

He was stabbed all the way through his black heart by Blade.

Blade: Some motherfuckers are always trying to iceskate uphill.

Evil Count Spankulot then disintegrated into ashes in an instant.

Jared was facing Father.

---

**Benedict Uno**, also known as **Father,** is the main antagonist of the 2002 animated action series *Codename: Kids Next Door* .

He is one of the most powerful villains in the show, and one of the most malicious, being one of the few to actually attempt to kill members of the KND. He is the adoptive father and the boss of The Delightful Children From Down The Lane. He's also Nigel Uno/ Numbuh One's uncle and arch-nemesis.

He is voiced by Maurice LaMarche and Jeff Bennett as Benedict while in *Cartoon Network: Punch Time Explosion* he was voice by Nolan North who also did the Penguin in *Batman: Arkham Series* .

Father was the brother of Monty Uno (Numbuh Zero) and son of Grandfather. Unlike his brother, Ben was too afraid to rise up against his father, and ran away. He later grew resentful of his brother overthrowing their tyrannical parent.

At some unknown point, he gained his powers and became the villain known as Father. He secretly kidnapped Sector Z and turned them into The Delightful Children From Down The Lane, adopting them as his own children, resulting in the Kids Next Door losing all contact with Sector Z, until the events of Operation: Z.E.R.O. when Numbuh One's father Monty (Numbuh Zero) discovered the truth and temporarily recommissioned them.

In a crossover with Villainous, it's revealed that he buys his technology from the Black Hat Organization, however, it's uncertain if this info is canon.

---

Jared: I will never allow you to destroy all the children in the world and exterminate the entire human race you genocidal monster! You give all loving fathers everywhere a REALLY bad name!

Father: WHY YOU UGLY MONSTROSITY!

Jared: You would rather see people suffer than help kids all over! You would rather make sure that humanity has no future! You don't give a flying fuck about anyone and that's why everyone hates you! You only want nothing more than to see the whole planet burn! And that's why you are nothing but a shitbrained fuckfignewton!

THEN FATHER WENT COMPLETELY BALLISTIC AND INSANE! HIS FIRE AURA EXPLODED OUT WITH INCREDIBLE FURY AND THE FORCE OF A MASSIVE NUCLEAR EXPLOSION!

Father: (ROARS IN MASSIVELY EXPLOSIVE FURY!) YOU MOTHERFUCKING BIG JERK! HOW DARE YOU TALK TO ME THIS WAY!? I HATE YOU MORE THAN ALL OF LIFE ITSELF!

Jared's aura flared up with incredible power!

Jared: Thanks for the power boost you fucking little baby!

He roared with incredible fury and fired a massive blast of fire and Jared fired a massive blast of fire and the blasts collided and exploded with incredible power!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Jared then was enveloped in a sudden flash of light and then he had a powerful vortex of fire explode out of him and his power was rising exponentially! When the fire vortex faded, Jared emerged forever changed!

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

He had a sleeveless trench coat made entirely of pure fire and he had a cronmage made of pure fire and he had a phoenix with a sword and an axe in its talons emblazoned in the middle of his forehead and he had red eyes and the sclera were glowing neon orange and he had flaming angel wings and fire pants and his sword was now a blade of pure fire! He had kanji in pure fire on the back of his coat that said "Jared Nathaniel Knudson, Supreme Master of Fire and Ultimate Warrior of Justice, Friendship and Love."

ジャレッド・ナサニエル・ナドソン、火の最高のマスターであり、正義、友情、愛の究極の戦士。

He was now a SUPER ANGEL 25,000,000,000 PHOENIX FIRE FURY!

Jared: (Divine Echoing Fiery Voice) **You will pay for all your crimes against our planet Father. You will never be allowed to get away with all the pain and suffering you caused to so many people.**

Father: (ENRAGED SCREAMING)

He fired waves of fire at Jared and Jared fired massive waves of fire too and the blasts collided and exploded with incredible power as massive explosions were burning the entire area around them and everything was being set on fire.

Jared teleported and then kicked him in the back of the head and unsheathed his sword and slashed him in half and he was cleaved in half right down the middle and was dead!

Evil Robin Food was next.

---

**Robin Food** is a parody of medieval folk hero, Robin Hood.

He's something of a moron, as Lydia Gilligan points out Robin is supposed to COOK food, not steal it.

He and his band of Hungry Men "rob from the young and give to the old"; they attack elementry schools during lunchtime and steal kids' lunches, which they then give to the old people at Sure Would

Forest Senior Center, who hate the kid food he brings them due to the fact it's bad for them, though he's too delusional to realize this.

In *Operation: L.U.N.C.H.*, they raid Gallagher Elementary School`s Cafeteria during Nigel's "romantic lunch" with his possessive girlfriend Lizzie, who prevents him from intervening.

When they steal Lizzie's lunch, she takes the L.O.C.K.A.H.S.O.C.K.A.H. and storms the Sure Would Forest Senior Center to retrieve her lunch. Just before Lizzie forces Robin Food to surrender, he calls her selfish and claims he's giving it to the seniors because they're starving to death. Lizzie is touched by Robin Food's kindness. The Senior Citizen Squad form their robot and prepare to attack. Robin Food and Lizzie both think they're going to attack Lizzie until the Squad reveals they are going to attack Robin Food, to the pair's shock. The Squad and the other seniors reveal that Robin Food and his Hungry Men are really their retirement home's cafeteria staff who are supposed to make them lunch themselves and that they only raid elementry school cafeterias and steal food from children because they're too lazy to do their jobs. The seniors also reveal that they do not want to eat children's food as they give seniors complications, such as preventing them from using the bathroom and causing problems for their bridgework.

Lizzie gets her lunch back as the SCS proceeds to beat up Robin Food and his Hungry Men.

In *Operation A.W.A.R.D.S.*, Robin Food is the host of the Villain's Choice Awards and Dinner Show. He was also seen next to the Dodgeball Wizard in *Operation: Z.E.R.O.* during the Candy Pirates attack on Kids Next Door Moonbase, and was later seen at the Convention Center.

He made one last appearance in *Operation: I.N.T.E.R.V.I.E.W.S.* where he tried to steal Gramma Stuffum's Tusk Pie, which then grew tentacles and attacked him and his Hungry Men, which reporter Nick commented, "It looks like Robin Food picked the wrong pie to pilfer."

---

Evil Robin Food: You will not get the best of me. For I am… (singing) Robin Food! Robin Fo- (Mr Touch punches him, knocking him down)

Mr. Go: You sing too much!

Laney then slashed The Evil Robin Food's head off and killed him and blood splattered all over the place.

Laney: I like our Robin Food's singing better.

Evil Mr. Fizz was next.

---

**Mr. Angelo Fizz** is a minor antagonist from *Codename: Kids Next Door* . He is Numbuh 2's arch-nemesis.

He was voiced by Jeff Bennett, who also provided the voices of Major Man and Professor Dick Hardly in *The PowerPuff Girls* .

Mr. Fizz is the Hispanic head of the Soda Control Board. He raised the legal soda drinking age to 13 meaning children were banned from consuming it. He enforces this law strongly and dedicates himself to remove the underground soda bars and their suppliers, one of whom being Numbuh 2 of the Kids Next Door. Despite his occupation, Fizz himself is seemingly addicted to soda which possibly provides him an incentive to prevent children from drinking soda. He utilizes many soda based weaponry most notably his combat suit consisting of mostly soda barrels and bottles. He is tall and thin and dons purple shades and white suit with grey suit attire adorned by a red tie and big white shoes. His more notable characteristics are his chin and mustache.

*Codename: Kids Next Door*

Mr. Fizz debuted in Operation: P.O.P. He catches Numbuh 2 illegally selling soda to an illegal underground soda bar. After his men destroy the bar, he takes Numbuh 2 into questioning. Despite capturing Numbuh 2's fellow operatives, Numbuh 2 refuses to divulge any information. After the children begin ranting angrily, he storms out for a drink. Once getting a drink he looks through the observation window to find the KND escaping. He sends the guards after them but to no avail. Whilst attempting to escape from the Soda Control Board, the heroes discover a factory in which children are getting stuffed into bottles. While they are in shock, Mr. Fizz appears and reveals his plan to keep control over the children. The Kids Next Door rant angrily at Fizz causing him to go beserk. He bellows "soda" and encases himself in his soda based combat suit. He unleashes rivers of soda onto the children. Whilst Fizz battling on the conveyor belt, Numbuh 2 switches the belt on and off, shaking him rapidly. After the belt is stopped Fizz swears vengance however, before he can enact his revenge, the carbonation in his soda bubbles over leading his suit to explode. Afterwards, while the children are enjoying the soda, Fizz, under the watchful eye of Numbuh 2, searches for Numbuh 5 in all the bottles.

Mr. Fizz returns in Operation S.I.X in another attempt to defeat Numbuh 2. He has his spy, Lt. Seltzer, infiltrate an underground soda bar where Numbuh 2 and Numbuh 3 are recieving a mission. Once Fizz is informed by Seltzer of 2's plans, he sends guards to capture the heroes. However they are subdued by Robobradley while 2 and 3 escape. Once they are on the road, Fizz himself pursues them in a Soda Control Board Carbonator. He almost captures them until Robobradley breaks into the carbonator and releases his smell onto Fizz and his minions. However as Mr. Fizz has anosmia (an ability to perceive odours) he is not affected. Fizz catches the skunk but is distracted by an oncoming Carbonater manned by Lt. Seltzer and his men. They crash causing a large soda explosion. This does not stop Fizz as he and his men immediately continue pursuing the heroes in soda related cars. They surround them and Fizz is almost catching up to the truck, however Numbuh 2 initiates the turbo boost created a large distance between them. Whilst Numbuh 2 attempts to deploy the PowerPack emergency brake, Fizz kicks him off the truck and laughs while he hangs on to Robobradley. Numbuh 3 drives the truck into a hippopotamus ranch and Mr. Fizz gloats about he will defeat Numbuh 2 on top of his contraband. Numbuh 3 abandons the wheel to save Robobradley and the truck bounces of a hippopotamus sending Fizz flying. He then finds the heroes at the Yipper Youth Club Playtime Pizza Palace and gloats that he finally caught Numbuh 2 redhanded with millions of barrels of soda. However they discover that the contents of the truck was The Delightful Children From Down The Lane's birthday cake. As they escape, Numbuh 2 realises the roadblock was to stop him from delivering the cake. He optimistically acknowledges that at least they were not caught with any soda, but Numbuh 3 returns with one giving Fizz a devious look on his face.

Fizz also makes other cameo appearances in other episodes.

*Operation S.O.D.A*

Mr. Fizz was the main antagonist of the gameboy advance's *Operation S.O.D.A* . The plot of the game is that the anti-child senate passed the Soda Control Act prohibiting children under the age of 13 from drinking soda. The Kids Next Door are outraged and decide to rebel against the act by providing soda to children secretly (which in real life could never be passed legally as it violates the right for young children to drink soda, which the U.S. constitution forbids laws that violate the rights of others). The game consists of mission where the player goes up against members of the Soda Control Board in order to deliver soda or to disrupt Fizz's plans. Mr. Fizz himself his the final boss of the game. After the battle, the volcano erupts and washes away Fizz's soda.

---

Gwen Tennyson: (to Evil Fizz) You don't know who you're dealing with!

Gwen concentrated and groaned as her teeth sank into her gums.

She turned into her shark form!

Gwen T.: Your Soda Control law has been repealed!

She then bit him in half and splattered his blood guts and severed head all over and then she burped.

Gwen T.: Oops. Excuse me.

Mr. Fizz: Great job though Gwen.

Gwen T.: Thank you.

Evil Cheese Shogun Roquefort was next.

---

**Cheese Shogun Roquefort** is the ruler of the "Cheese Empire" made up of stereotypical Japanese warriors made out of cheese, who appears in "Operation: T.H.E.-S.H.O.G.U.N.".

He was voiced by Kevin Michael Richardson.

Biography

He stole all the cheese from a new cheese-themed restaurant, taking great offense at the idea of cheese being eaten and considering it more valuable than gold. He kidnapped Numbuh 2 and Numbuh 4, who attended the opening of the restaurant, and forced them to work in his Cheese Mines. After escaping, Numbuh 4 freed the workers and led them to an exit while Numbuh 2 battled the Shogun in his throne room. Roquefort was eventually defeated by knocking himself out.

In real-life, he would most certainly be the target of a military operation, due to his use of military-grade weaponry for his soldiers, as well as kidnapping and enslaving innocents.

He was not seen again until "Operation: I.N.T.E.R.V.I.E.W.S.", where he is among the numerous characters competing for the The Delightful Children From Down The Lane's birthday cake. He and his ninjas give up when they learn that the cake is not a cheesecake.

The **Cheese Ninjas** are the Shogun's loyal henchmen, and are in charge of capturing prisoners to work in the cheese mines. They have cheese wheels for heads and wear light-yellow outfits. Their main weapons are shurikens made of American cheese slices. The voices of the various cheese ninjas were provided by Brian Tochi, Kevin Michael Richardson and Daran Norris.

---

Raven: You are a rotten sack of cheese!

Evil Roquefort: I'll make this quick!

Raven blasted him with darkness blasted and Roquefort slashed him in half and killed him.

Roquefort: Take that!

Evil Potty Mouth was next.

Evil Potty Mouth: You may have a worse mouth than mine you bitch but you are not a true potty mouth like me you fuckhead girl!

Tayuya: We'll see about that you shitmouthed fuckup! I've heard better comebacks from a fucking turkey sandwich that was left in the sewers and eaten by fucking alligators!

She fired a wave of sound and it hit Evil Potty Mouth and shattered him into a million pieces.

Evil Dodgeball Wizard was next.

---

The **Dodgeball Wizard** is a minor antagonist in *Codename: Kids Next Door* .

He was voiced by Dave Wittenberg.

Biography

The Dodgeball Wizard is an eccentric adult wizard who wants to prove adults can play dodgeball as well as any kid. To this end, he traveled around the world, defeating any child of great dodgeball skill. When he was about to defeat the previous greatest known child player the boy told of another, "the one called Beatles" who was the greatest player ever.

He captured Numbuh 4's mother, father, and baby brother Joey in order to "persuade" Wally to battle him thinking him the greatest player, but he knocked Numbuh Four out in seconds. However, Joey, the real greatest player, snuck out of his bonds and defeated the Wizard before the villain could even react.

He said that he has spent 64 years trying to prove that adults are better at dodgeball than kids. Given the fact that he would have to be an adult in the first place to even start this quest, he was to be around 82 years old.

Being a wizard, the Dodgeball Wizard uses a lot of magic, mostly conjuring up dodgeballs of any size and telekinetically throwing them at his opponents. He can also fly.

He was later seen next to Robin Food in Operation: Z.E.R.O. during the Candy Pirates attack on Kids Next Door Moonbase.

---

Dan Kuso: (to Evil Dodgeball Wizard) Time to use your own Dodgeballs against you!

Dan picked up a dodgeball and threw it at the Evil Dodgeball Wizard. It went faster than a bullet fired from a gun and it smashed into the Dodgeball Wizard's face and knocked his head clear off his shoulders! Killing him!

Dodgeball Wizard: Nice job Dan!

Dan: Thanks. That was awesome!

Evil Gramma Stuffum was next.

---

**Gramma Stuffum** is a recurring antagonist of *Codename: Kids Next Door* . She is a fat old lady obsessed with force-feeding her disgusting food to children to fatten them up, believing that a child that is too fat to move can't get into trouble. She speaks with a German accent.

She was voiced by Grey Delisle, who also voiced Asajj Ventress in *Star Wars: Clone Wars* .

History

She first appeared in *Operation: N.O.-P.O.W.U.H.*, in which she was interviewed by The Delightful Children From Down The Lane, who wanted to find a villain to bring havoc upon the KND. They convinced her to do so by saying their foes were famished. Gramma Stuffum then attacks Sector V Treehouse with her food army while their power is out. She is able to fatten Numbuh 1, Numbuh 3, Numbuh 4 and Numbuh 5 into a state of helplessness, but Numbuh 2, who has an enormous appetite and is more tolerant of her disgusting dishes, proves much more difficult to subdue. When he is finally full and about to give up, the Hamsters return and eat the rest of her food. Numbuh 2 then fires Gramma Stuffum back to the Delightful Mansion From Down The Lane, where she decides to feed the Delightful Children.

She appeared again in *Operation: F.O.O.D.F.I.T.E.*, She is apparently revealed to be a cafeteria chef at Gallagher Elementary. During lunch period, the members of Sector V have an extended battle with her and her food, which is implied to be a regular occurrence during lunchtime. Gramma Stuffum then summons the monstrous Slamwich, which overwhelms the children until the super-powered hamster Joaquin appears and eats it. During the battle sequences are lyrically altered versions of the GWAR songs "The Private Pain of Techno Destructo" and "Gor-Gor". GWAR provided the music for this episode under the name "RAWG". After her defeat, she tells them to prepare for lunch the next day and Numbuh 4 throws a chicken leg at her, hitting her in the head as he tells her to get a real cookbook.

---

Luster Dawn: (to Evil Gramma Stuffum) You know what? I'm eating your food minions anyway!

She ate them all and she belched in Evil Gramma Stuffum's minions and they melted into mush!

Gramma Stuffum: Time for me to stuff you till you explode!

She sent all her food and force fed her evil self with all her food and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

EEEEEEEEEEEWWWWWW!

She exploded into a massive mess and splattered vomit, blood, guts and organs everywhere!

Luster Dawn: YUCK!

Gramma Stuffum: That was a good lunch!

Evil Big Brother was next.

---

**Big Brother** is a giant teenage villain based on the common archetype of the abusive older brother.

History

He first appears in *Operation: M.I.N.I.-G.O.L.F.* where he is defeated by Numbuh 2. In *Operation: M.O.V.I.E.*, he apprehends Numbuh 4 when his disguise is blown. In *Operation: Z.E.R.O.*, his giant pants are on display in the KND museum.

Big Brother does not incorporate himself with the Teen Ninjas probably due to his size, and rather assembles with other adult villains if not working alone.

Evil Big Brother: GIVE ME BACK MY STUFF YOU PUNKS!

Nico kicked Big Brother in the face and sent him back and then he bumped into Genie as a Hillbilly,

Genie: (As a hillbilly) How 'bout a packet of Nutty Buddies? (Genie pushes Big Brother back with his stomach)

BOING!

He sent Evil Big Brother flying and he landed in the fireplace and he was on fire!

Nico: NUOVA STAR!

The 4-Star Ball on his bracelet lit up and he fired a fireball and blew Evil Big Brother apart.

Nico: Take that!

The Delightful Children From Down The Lane were next.

---

The **Delightful Children From Down The Lane** are five children bent on the destruction of the Kids Next Door Organization and the supremacy of adults over children. They speak in synchronization and stand together in group formation. They are the secondary antagonists throughout the *Kids Next Door* series.

Although the Delightful Children are in service of Father, they are seen acting independently from him just as often as not. The Delightful Children rarely partake in direct physical combat, usually sending other villains to do their work and controlling large combat machines. They make more appearances in the series than any other villains, and more than any character other than the five members of Sector V.

It is revealed in "Operation: Z.E.R.O", that the Delightful Children are none other than the operatives of the legendary "lost sector" of the

KND, Sector Z. They were captured by Father and placed in his first prototype Delightfulization Chamber, which had much stronger effects than intended and completely destroyed the children's individual identities, creating the hive mind that is the DCFDTL and destroying the unstable machine.

Shortly after this is revealed, the Delightful Children are re-commissioned by Re-commissioning Module, restoring them to their former selves as KND operatives. However, the effects of delightfulization were so powerful that any reversion is temporary, and the re-commissioning module's effects wear off during the final battle on the moon base. Sector Z's final words to Numbuh 1 as the delightfulization takes hold again are "Tell The Kids Next Door That we miss them!'.

The Delightful Children celebrate their birthday five times a year, as they are technically five people. Each time, they prepare a delicious cake which they intend to eat it without sharing with any other kids and force their "guests" to watch as they do so. Sector V personally attempts to stop them from eating their cake at all costs whenever they celebrate their birthday, which occurs six times throughout the series and composes a recurring storyline, throughout which this simplistic scenario is repeated with several variations and exaggerated to absurd lengths.

In "Operation: C.A.K.E.D.F.I.V.E'.", Father creates a moon-sized ice cream cake for his children and attempts to remove all other ice cream, planning to have all the children in the world watch as they eat the last ice cream in existence. In each of these episodes, the cake is stolen, destroyed or in some way rendered inedible for the Delightful Children, save for " *Operation: S.I.X.* ", where Numbuh 2 is tricked into personally delivering their cake to them. This leads to Numbuh 362 giving the mission to Sector W in "Operation: I.N.T.E.R.V.I.E.W.S.".

In "Operation: F.O.U.N.T.A.I.N.", it was revealed that the Delightful Children were responsible for making Numbuh 1 bald, which was done in such a way that his hair would never grow back. This occurred shortly before he joined the KND, and is never shown and only briefly mentioned, leaving the circumstances of the incident up to the imagination of the viewer.

Their first appearance was in "Operation: C.A.K.E.D.", the very first episode of the series after No P in the Ool and the first installment in the aforementioned "C.A.K.E.D." series. Their connection to Father was first revealed in "Operation: G.R.O.W.-U.P.", also the latter's first appearance, in which he gives them use of the "Really Really Incredibly Destructive Machine" and the Age-Changing Cigar from "Operation: C.A.B.L.E.T.V.". Using these items, the Delightful Children successfully destroy Sector V's treehouse and turn Numbuh 1 into an adult.

The DCFDTL are obsessed with behaving properly and wish to become adults as soon as possible. In "Operation: E.L.E.C.T.I.O.N.S.", they make a deal with Chad to let the students of his middle school enslave the students of Gallagher Elementary in exchange for being "promoted" to middle school level, thereby becoming "that much closer to glorious adulthood." In *Operation: F.O.U.N.T.A.I.N.", they attempt to destroy the Fountain of Youth in order to prevent anyone from remaining a kid.*

When startled, the Delightful Children become disoriented and briefly cease their synchronization with each other. In "Operation: U.N.D.E.R.C.O.V.E.R.", Lenny, the boy with the helmet, is apparently revealed to be an undercover KND operative and leaves the DCFDTL to assist the team during their attack on the coffee rig, during which time he functions independently and acts like a normal kid.

However, this is revealed to be a ruse, and Lenny returns to the Delightful Children towards the end of the episode. Even after this is revealed, Lenny alone is responsible for the error that causes the Delightful Children's defeat. In "Operation: I.T.", the Delightful Children betray Father in order to stop his plan to spread broccoli throughout the world to force feed to children, which even they are against, because they are still children, and even they hate broccoli.

The last we see of the Delightful Children is in "Operation: I.N.T.E.R.V.I.E.W.S.", in which they are on a scavenger hunt to retrieve their cake. When Numbuh 1 returns to the amusement park with Father's pipe, the children begin to battle him for it, and end up on a log-river ride. They get him into a hold and are about to end him once and for all, when Nigel grabs onto a sign, as the Delightful

Children fall into a broken part of the ride, and into a deep hole to their apparent deaths.

Nicole: You sophisticated little brats have tormented the Kids Next Door for the Last time.

DCFDTL: (In Unison) We'll see about that.

Nicole: And another thing, we are always one step ahead of you.

Nicole fired a massive energy blast and it obliterated the DCFDTL in an instant.

The Evil Teen Ninjas were next.

---

The **Teen Ninjas** are an antagonistic faction in *Codename: Kids Next Door* . They are a faction of teenagers equipped with Battle Ready Armor who serve The Delightful Children From Down The Lane and Father. The two most notable members are Cree Lincoln and Chad Dickson, both former KND operatives, who frequently lead them in their battles.

Biography

In "Operation S.L.U.M.B.E.R", a group of teens attempted to make off with the Code Module for Father being led by Cree; Chad was keeping Numbuhs 86, 3, and 12, and 4-30-teen busy and away from the Moon Base by disguising himself as Numbuh 86's mother and making her throw a slumber party. It might have worked if not for Numbuh 4's uninvited presence. The teens manage to succeed with their plan on stealing the Code Module since Numbuh 12 was almost 13 and decided to join the teens early. Due to the teens success Father was able to create the animalization forcefield to turn all KND operatives into animals until Tommy takes his booger out of the Code Module to be immune and puts The Delightful Children's and Fathers boogers into The Code Module to turn them into animals which Father surrenders to and turns the KND back to normal although that makes Father a KND operative as he becomes supreme leader in "Operation I.T."

In "Operation T.R.E.A.T.Y", it is revealed that their leader is a boy named The Steve. Like most teenagers, Teen Ninjas members are fond of torturing children in general, but most of their proper operations consists of attacks on the Kids Next Door organization.

In real-life, the Teen Ninjas would be seen as a group of thugs and gang members who commit assault and battery against children.

Muscle Man: You know else loves taking down bad adults? My Mom!

Muscle Man punched the Evil Teen Ninjas all over with incredible power and smashed their heads in and killed them all over the place.

Numbuh 362 was facing an evil version of her own brother.

She kicked him in the face and slashed his head off!

Edzilla: Ed smash bad adults!

HE BRUTALLY SMASHED THE PROPER PATROL, EVIL NUMBUH 12, EVIL NUMBUH 274 AND THE EVIL VERSION OF RAMON 4 INTO NOTHING!

Evil Mr. Fibb: Shall we teach this unpleasant brat a lesson Mr. Wink?

Evil Mr. Wink: Indeed we shall Mr. Fibb.

Nicole fired energy blasts and obliterated them.

Hulk: HULK SMASH!

Star Girl: You all give adults, teens and kids a really bad name.

Nico then blasted Evil Madame Margaret into oblivion.

Nico: You and your misogynistic ways will never be welcome here.

We then regrouped and faced Grandfather.

Nico: You are next Grandfather.

Grandfather: I didn't want to use this. But you've forced my hand. Bring out the Tortured One!

We felt a rumbling and then we saw a GINORMOUS STARFISH APPEAR AND IT ROARED LIKE 2014'S GODZILLA! IT WAS THE TORTURED ONE!

---

**Patrick Star**, or more specifically, his clone **the Tortured One**, is the main antagonist of the SpongeBob fan webcomic *The Bikini Bottom Horror* .

He is a more competent yet murderous version of his cartoon counterpart, being able to become a monstrous beast that can grab people and dissolve them into fluids that he then dines on. He is also able to clone into multiple Patricks due to his ability to regenerate his body from severed limbs and vice versa.

The story starts with SpongeBob asking Patrick if he wants to go jellyfishing with him, only for Patrick to ask him if he knows how starfish feed. He then proceeds to eat SpongeBob as he explains, apologizing to SpongeBob after he injects him with enzymes and seemingly kills him. Sandy, after learning this, leaps out to avenge him by slicing Patrick in half. However, this just results in the two halves regenerating to become two Patricks, both of which attempt to eat her.

Sandy manages to make it to the Krusty Krab, where she explains to

Mr. Krabs that SpongeBob has been eaten by Patrick and that they need to board up the restaurant before they are too. However, a Patrick sticks a large tendril into the building, smashing a hole through the boards, and grabs Sandy with it, dragging her through the hole. Then the Patrick prepares to kill Krabs, who shifts into his giant crab form to try to kill him. After tearing the Patrick's head off, though, the sea star tells him about how he knows about Krabs cutting off one of his arms and using it to generate a clone, which he tormented for years as he used it to make Krabby Patty meat.

As the Patrick finishes his backstory, a group of Patricks grab Krabs's legs and tear them off. Later, Sandy and Squidward enter the Krusty Krab and see Mr. Krabs overturned, with his legs and claws lying around him in pools of blood. He explains how a Patrick forced him to eat a raw Krabby Patty before a small starfish bursts out of his chest, killing him once and for all. A lone Patrick emerges ande Squidward tries to put him to sleep with a song. This Patrick covers his ears and rips them off before turning into his monster form, breaking Squidward's clarinet and knocking him down onto the floor.

This Patrick then turns back into his normal form, now scarred by the bullets fired at him by Sandy and the spaces where his ears used to be. A group of Patricks then surround the two, preparing to kill them both. However, Squidward turns into his monster/Kraken form, killing all of the clones around them. Sandy then decides to shoot the one that killed Krabs, only for Plankton to appear and tell her not to shoot, explaining that she'll want to see where the clone is going. They follow it underneath the Krusty Krab, where a machine hangs from the ceiling.

Plankton explains that the machine is what the tortured clone was hooked up to, injecting it with growth hormones and allowing Krabs to take pieces of the clone's body and turn them into patty meat. Sandy is so disgusted by the revelation that she winds up puking in her suit. Plankton then shows her something even more disturbing: a cult of Patrick clones. The small Patrick clone tugs on a Patrick's robe and says that he has returned. The Patrick responds by telling him that he is too small and unready to rejoin with the Tortured One, and that he must feed some more before returning again. Then a much larger Patrick enters the area, saying that he is ready to rejoin and that the souls that he once fed would now be fed to him.

The other cultists shout " **Rejoice** " as he leaps into and falls toward the bottom of the pit. Then a Patrick throws Sandy over the edge of the balcony she's standing on, revealing that Plankton had tricked her into going there so that he would be spared by them. After he leaves, a Patrick absorbs her gun and then holds her above the pit, where she sees a large, outer-space-like vortex, which opens up and reveals SpongeBob's face, who tells her to join him and become a part of something beautiful. Beneath the vortex, it is shown that there is actually a large pool of acid, which some grinning Patricks are being dissolved by.

She seemingly considers joining him before wriggling out of the Patrick's grasp and tossing him into the pit, causing him to dissolve in the acid at the bottom. The other cultists are grabbed by dozens of clawed hands that suddenly break through out of the ground, tearing them apart as they happily watch Sandy get grabbed by the hands, which attempt to tear her apart as well. However, she manages to get free by unzipping her suit and escaping with just her helmet. However, more hands grow from the walls of the tunnel she runs through as a crack forms and begins growing in the earth above. When Squidward flies up to get an aerial view of the crack, he sees that there are actually five of them, all forming the shape of a star. At the center of the cracks is the Krusty Krab, which is destroyed as a huge starfish arm breaks through the ground and lands on Larry.

Larry is then torn apart and killed by the tiny appendages of the colossal starfish, which then eats him and stands up above the wreckage of the Krusty Krab, revealing itself to be the tortured clone that Krabs had been using as his source for Krabby Patty meat for years, now also combined with many Patricks. It uses another arm to break through the roof of a building where some survivors hide out, eating Bubble Bass and a few other unfortunate fish. It then attempts to eat a mother and her child, but Squidward grabs the arm with a rope and yanks it out before it's able to grab them, saying to it that its fight is with him.

They engage in a battle, with Squidward tossing the Tortured One down onto the ocean floor, ordering it to stay down. It responds by lifting itself up and causing Squidward to fly into his house, destroying it in the process. In response, Squidward lifts up SpongeBob's pineapple and tosses it straight into the mouth of the Tortured One, causing it to bleed and begin choking as Squidward flies up to finish it off. Meanwhile, a Patrick that had learned about the secret formula's true amount of secrecy and became heartbroken over the realization, finds Gary, who nuzzles against the clone's leg. The clone responds with a promise to redeem himself for his wrongdoing and make things right.

Squidward tries to shove the pineapple further down the Tortured One's throat, only for the pineapple to break into multiple pieces and cause Squidward to nearly be pushed into the TO's stomach. When Squidward looks into it, he sees what look like the ghosts of Larry and SpongeBob that try to convince him to give up and let go. The latter also holds a clarinet that he tells Squidward to play so he can let go and join them. As he holds it out, both the ghosts suddenly begin disintegrating and melting away. Suddenly, Squidward sees the vision of a large audience of rotting and disintegrating sea-dwellers eaten by the monster, including Bubble Bass and Squilliam Fancyson, all telling him to let go and play them a final song to bring him peace. Before Squidward can make a decision, though, Sandy shows up to break him out of his trance and hit the Tortured One with a rocket launcher.

Plankton and Karen then show up in a giant mech, the former wishing to redeem himself for what he did to Sandy. He cuts off one of the Tortured One's limbs and burns its wound to keep the limb from regenerating. However, the small Patrick appears behind him to grab him with its stomach and eat him, killing him after his head explodes. Sandy kills the clone, but the Tortured One's limb begins to grow into a new monster and Karen, without Plankton, is unable to go over to burn it completely. So Sandy and Squidward push her over and allow her to self-destruct atop the limb. It attempts to grab hold of Squidward before Karen blows up, but Sandy shoots off the tentacle that it grabs onto and they quickly fly away before they get caught in the explosion.

Chapter 16 reveals that a Patrick had gone over to Squidward's house to attempt to consume him, but it was foiled after Squidward stuck his clarinet into one of its eyes. Outside, he saw the destruction that the Patricks were causing, including the clothes and the dissolved body of SpongeBob, which Squidward lamented over and which triggered his apology for not being a better friend. After the flashback, the Patricks attempt to kill Squidward by eating their way to his brain, but stop when Good Patrick shows up and berates the Tortured One for his supposed ignorance, explaining how nobody besides Mr. Krabs knew that Krabby Patties were made out of starfish meat, which causes Squidward to jaw-drop in shock and horror. Good Patrick then asks the Tortured One why everyone should be punished for something they never knew about, to which it responds by saying that they never asked and tries to kill the good Patrick by smashing it.

Squidward finally blasts off the Patricks attached to him with ink and prepares to take down the Tortured One once and for all, only to see SpongeBob holding on to the arm that attempted to squish Good Patrick. After SpongeBob reveals that he was able to come back to life because of his ability to regenerate via a single cell, he fuses with all of the cells covering all the Patricks and becomes Porifera. After devouring all of the Patricks (except for Good Patrick), he prepares to go to battle with the Tortured One, explaining how what it did was far more monstrous than what was done to it before finally delivering the first punch, officially starting the battle between the two. They both manage to tear pieces of each other apart. As a result, the Tortured One releases its stomach in an attempt to consume him, causing Porifera's skin to melt as he comes into contact with it.

After Barnacle Boy sacrifices himself to make Mt. Bikini Bottom erupt, Sandy (now Mermaid Squirrel) and Squidward attempt to push the Tortured One into the resulting crack in the earth. Sandy tries to save SpongeBob, but Squidward says that it's too late, with most of his skin having been melted off of his body. Inside of the Tortured One's mindscape, SpongeBob (not appearing as Porifera) sees the TO, being hoisted by a machine similar to the one in the Krusty Krab. He explains to SpongeBob his plans to consume everything in the ocean indiscriminately, not caring whether or not anyone he eats had anything to do with his torment. He then grabs

SpongeBob with multiple hooks and stretches him out, intending to torment and eventually kill SpongeBob.

However, Gary, finding his way into the mindscape, slithers up his body and bites him, while in the real world, his stomach to pops open. When Squidward realizes he can save SpongeBob/Porifera, he goes up to him and manages to snap him out of his trance. Porifera, now mostly a large skeleton, lifts up the Tortured One and throws it into the magma-filled crevice, finally killing it once and for all. Porifera nearly goes down with it as the ground where he stands collapses, but Patrick, Sandy, and Squidward manage to grab a small chunk of him before he falls in, which turns into SpongeBob in his normal form and hugs the group.

Eli: Lets do it! EARTH STYLE NINJA ART: TYRANNOSAURUS REX!

Eli fired a wave of earth by punching the ground and it formed into the meanest dinosaur that ever lived from 68 million years ago: Tyrannosaurus Rex!

---

Tyrannosaurus is a genus of coelurosaurian theropod dinosaur. The species Tyrannosaurus rex, often called T. rex or colloquially T-Rex, is one of the most well-represented of the large theropods. Tyrannosaurus lived throughout what is now western North America, on what was then an island continent known as Laramidia. Tyrannosaurus had a much wider range than other tyrannosaurids. Fossils are found in a variety of rock formations dating to the Maastrichtian age of the upper Cretaceous period, 68 to 66 million years ago. It was the last known member of the tyrannosaurids, and among the last non-avian dinosaurs to exist before the Cretaceous-Paleogene extinction event.

Like other tyrannosaurids, Tyrannosaurus was a bipedal carnivore with a massive skull balanced by a long, heavy tail. Relative to its large and powerful hind limbs, Tyrannosaurus forelimbs were short but unusually powerful for their size and had two clawed digits. The most complete specimen measures up to 12.3 meters (40 feet) in length though T. rex could grow to lengths of over 12.3 m (40 ft), up to 3.66 m (12 ft) tall at the hips, and according to most modern estimates 8.4 metric tons (9.3 short tons) to 14 metric tons (15.4 short tons) in weight. Although other theropods rivaled or exceeded Tyrannosaurus rex in size, it is still among the largest known land predators and is estimated to have exerted the strongest bite force among all terrestrial animals. By far the largest carnivore in its environment, Tyrannosaurus rex was most likely an apex predator, preying upon hadrosaurs, armored herbivores like ceratopsians and ankylosaurs, and possibly sauropods. Some experts have suggested the dinosaur was primarily a scavenger. The question of whether Tyrannosaurus was an apex predator or a pure scavenger was among the longest debates in paleontology. Most paleontologists today accept that Tyrannosaurus was both an active predator and a scavenger.

Hunter: (German Accent) INFERNO STYLE NINJA ART: SPINOSAURUS!

Hunter fired a wave of black fire and it formed into the largest and meanest carnivorous dinosaur that ever lived from 112 million years ago in Egypt: Spinosaurus!

---

Spinosaurus (meaning "spine lizard") is a genus of spinosaurid dinosaur that lived in what now is North Africa during the upper Albian to upper Turonian stages of the Cretaceous period, about 112 to 93.5 million years ago. This genus was known first from Egyptian remains discovered in 1912 and described by German paleontologist Ernst Stromer in 1915. The original remains were destroyed in World War II, but additional material has come to light in the early 21st century. It is unclear whether one or two species are represented in the fossils reported in the scientific literature. The best known species is S. aegyptiacus from Egypt, although a potential second species, S. maroccanus, has been recovered from Morocco. The contemporary spinosaurid genus Sigilmassasaurus has also been synonymized by some authors with S. aegyptiacus, though other researchers propose it to be a distinct taxon. Another possible junior synonym is Oxalaia from the Alcântara Formation in Brazil.

Spinosaurus was among the largest of all known carnivorous dinosaurs, nearly as large as or even larger than other theropods such as Tyrannosaurus, Giganotosaurus and Carcharodontosaurus. Estimates published in 2005, 2007, and 2008 suggested that it was between 12.6 to 18 meters (41 to 59 ft) in length and 7 to 20.9 metric tons (7.7 to 23.0 short tons) in weight. New estimates published in 2014 and 2018, based on a more complete specimen, supported the earlier research, finding that Spinosaurus could reach lengths of 15 to 16 meters (49 to 52 ft). The latest estimates suggest a weight of 6.4 to 7.5 metric tons (7.1 to 8.3 short tons). The skull of Spinosaurus was long, low and narrow, similar to that of a modern crocodilian, and bore straight conical teeth with no serrations. It would have had large, robust forelimbs bearing three-fingered hands, with an enlarged claw on the first digit. The distinctive neural spines of Spinosaurus, which were long extensions of the vertebrae (or backbones), grew to at least 1.65 meters (5.4 ft) long and were likely to have had skin connecting them, forming a sail-like structure, although some authors[who?] have suggested that the spines were covered in fat and formed a hump. Spinosaurus's hip bones were reduced, and the legs were very short in proportion to the body. Its long and narrow tail was deepened by tall, thin neural spines and elongated chevrons, forming a flexible fin or paddle-like structure.

Axel Adell: (Swedish Accent) ICE STYLE NINJA ART: WOOLLY MAMMOTH!

Axel fired a wave of ice and it formed into the famous and widely known ancestral elephants from 800,000 years ago: The Woolly Mammoth.

---

The woolly mammoth (Mammuthus primigenius) is an extinct species of mammoth that lived during the Pleistocene until its extinction in the Holocene epoch. It was one of the last in a line of mammoth species, beginning with Mammuthus subplanifrons in the early Pliocene. The woolly mammoth began to diverge from the steppe mammoth about 800,000 years ago in East Asia. Its closest extant relative is the Asian elephant. The appearance and behaviour of this species are among the best studied of any prehistoric animal because of the discovery of frozen carcasses in Siberia and Alaska, as well as skeletons, teeth, stomach contents, dung, and depiction from life in prehistoric cave paintings. Mammoth remains had long been known in Asia before they became known to Europeans in the 17th century. The origin of these remains was long a matter of debate, and often explained as being remains of legendary creatures. The mammoth was identified as an extinct species of elephant by Georges Cuvier in 1796.

The woolly mammoth was roughly the same size as modern African elephants. Males reached shoulder heights between 2.7 and 3.4 m (8.9 and 11.2 ft) and weighed up to 6 metric tons (6.6 short tons). Females reached 2.6-2.9 m (8.5-9.5 ft) in shoulder heights and weighed up to 4 metric tons (4.4 short tons). A newborn calf weighed about 90 kg (200 lb). The woolly mammoth was well adapted to the cold environment during the last ice age. It was covered in fur, with an outer covering of long guard hairs and a shorter undercoat. The colour of the coat varied from dark to light. The ears and tail were short to minimise frostbite and heat loss. It had long, curved tusks and four molars, which were replaced six times during the lifetime of an individual. Its behaviour was similar to that of modern elephants, and it used its tusks and trunk for manipulating objects, fighting, and foraging. The diet of the woolly mammoth was mainly grasses and sedges. Individuals could probably reach the age of 60. Its habitat was the mammoth steppe, which stretched across northern Eurasia and North America.

The woolly mammoth coexisted with early humans, who used its bones and tusks for making art, tools, and dwellings, and the species was also hunted for food. It disappeared from its mainland range at the end of the Pleistocene 10,000 years ago. Isolated populations survived on St. Paul Island until 5,600 years ago and on Wrangel Island until 4,000 years ago. After its extinction, humans continued using its ivory as a raw material, a tradition that continues today. With a genome project for the mammoth completed in 2015, it has been proposed the species could be revived through various means, but none of the methods proposed are yet feasible.

Dana: ICE STYLE NINJA ART: SABER-TOOTH CAT!

Dana fired a wave of ice and it formed into the ancestral cats of 42 million years ago: The Saber-Toothed Cats!

---

A saber-toothed cat (alternatively spelled sabre-toothed cat) is any member of various extinct groups of predatory mammals that are characterized by long, curved saber-shaped canine teeth which protruded from the mouth even when closed. The saber-toothed cats have been found almost worldwide from the Eocene epoch to the end of the Pleistocene epoch 42 million years ago (mya) - 11,000 years ago (kya). The first saber-toothed cat fossil in Canada was found in Medicine Hat, Alberta.

One of the best-known genera is Smilodon, species of which, especially S. fatalis, are popularly, but incorrectly, referred to as "saber-toothed tigers". However, usage of the word cat is in some cases a misnomer, as many species referred to as saber-toothed "cats" are not closely related to modern cats (Felidae). Instead, many are members are classified into different families of Feliformia, such as Barbourofelidae and Nimravidae; the oxyaenid "creodont" genera Machaeroides and Apataelurus; and two extinct lineages of metatherian mammals, the thylacosmilids of Sparassodonta, and deltatheroideans, which are more closely related to marsupials. In this regard, saber-toothed cats can be viewed as examples of convergent evolution. This convergence is remarkable due not only to the development of elongated canines, but also a suite of other characteristics, such as a wide gape and bulky forelimbs, which is so consistent that it has been termed the "saber-tooth suite."

Of the feliform lineages, the family Nimravidae is the oldest, entering the landscape around 42 mya and becoming extinct by 7.2 mya. Barbourofelidae entered around 16.9 mya and were extinct by 9 mya. These two would have shared some habitats.

Lana: ICE STYLE NINJA ART: WOOLLY RHINOCEROS!

Lana fired a wave of ice and it formed into the Ice Age ancestors of modern day Rhinoceroses from 3.6 Million years ago: The Woolly Rhinoceros!

---

The woolly rhinoceros (Coelodonta antiquitatis) is an extinct species of rhinoceros that was common throughout Europe and northern Asia during the Pleistocene epoch and survived until the end of the last glacial period. The woolly rhinoceros was a member of the Pleistocene megafauna.

The woolly rhinoceros was covered with thick and long hair, which allowed it to survive in the extremely cold, harsh mammoth steppe. It also had a massive hump reaching from its shoulder. It fed mainly on herbaceous plants that grew in the steppe.

Mummified carcasses preserved in permafrost and many bone remains of woolly rhinoceroses have been found. Images of woolly rhinoceroses are found among cave paintings in Europe and Asia.

Killer Frost: ICE STYLE NINJA ART: IRISH ELK!

Killer Frost fired a wave of ice and it formed into the largest deer ever known that lived 2.5 million years ago: The Irish Elk.

---

The Irish elk (Megaloceros giganteus) also called the giant deer or Irish deer, is an extinct species of deer in the genus Megaloceros and is one of the largest deer that ever lived. Its range extended across Eurasia during the Pleistocene, from Ireland to Lake Baikal in Siberia. The most recent remains of the species have been carbon dated to about 7,700 years ago in Siberia.

Although abundant skeletal remains have been found in bogs in

Ireland, the animal was not exclusive to Ireland nor closely related to either of the living species currently called elk: Alces alces (the European elk, known in North America as the moose) or Cervus canadensis (the North American elk or wapiti). For this reason, the name "giant deer" is used in some publications, instead of "Irish elk". Although one study suggested that the Irish elk was closely related to the red deer (Cervus elaphus), most other phylogenetic analyses support that their closest living relatives are fallow deer (Dama dama).

Maggie: ICE STYLE NINJA ART: SHORT-FACED BEAR!

Maggie fired a wave of ice and it formed into the Ice Age bear from 1.8 million years ago: The Short-Faced Bear.

---

The short-faced bear (Arctodus sp.) is an extinct bear genus that inhabited North America during the Pleistocene epoch from about 1.8 Mya until 11,000 years ago. It was the most common early North American bear and was most abundant in California. There are two recognized species: the lesser short-faced bear (Arctodus pristinus) and the giant short-faced bear (Arctodus simus), with the latter considered to be one of the largest known terrestrial mammalian carnivores that has ever existed. It has been hypothesized that their extinction coincides with the Younger Dryas period of global cooling commencing around 10,900 BC.

Khalyaka: (India Accent) EARTH STYLE NINJA ART: TARBOSAURUS BABAAR!

Khalyaka fired a wave of earth and it formed into the terrible theropod of 70 million years ago: Tarbosaurus!

---

Tarbosaurus (meaning "alarming lizard") is a genus of tyrannosaurid theropod dinosaur that flourished in Asia about 70 million years ago, at the end of the Late Cretaceous Period, considered to contain a single known species, Tarbosaurus bataar. Fossils have been recovered in Mongolia, with more fragmentary remains found further afield in parts of China.

Although many species have been named, modern paleontologists recognize only one, T. bataar, as valid. Some experts see this species as an Asian representative of the North American genus Tyrannosaurus; this would make the genus Tarbosaurus redundant. Tarbosaurus and Tyrannosaurus, if not synonymous, are considered to be at least closely related genera. Alioramus, also from Mongolia, has previously been thought by some authorities to be the closest relative of Tarbosaurus, though this has since been disproven with the discovery of Qianzhousaurus and the description of the Alioramini.

Like most known tyrannosaurids, Tarbosaurus was a large bipedal predator, weighing up to 5 metric tons (5.5 short tons) and equipped with about sixty large teeth. It had a unique locking mechanism in its lower jaw and the smallest forelimbs relative to body size of all tyrannosaurids, renowned for their disproportionately tiny, two-fingered forelimbs.

Tarbosaurus lived in a humid floodplain criss-crossed by river channels. In this environment, it was an apex predator, probably preying on other large dinosaurs like the hadrosaur Saurolophus or the sauropod Nemegtosaurus. Tarbosaurus is represented by dozens of fossil specimens, including several complete skulls and skeletons. These remains have allowed scientific studies focusing on its phylogeny, skull mechanics, and brain structure.

Lynn: EARTH STYLE NINJA ART: APATOSAURUS!

Lynn fired a wave of Earth and it formed into the famous sauropod from 158 million years ago: Apatosaurus!

---

Apatosaurus is a genus of herbivorous sauropod dinosaur that lived in North America during the Late Jurassic period. Othniel Charles Marsh described and named the first-known species, A. ajax, in 1877, and a second species, A. louisae, was discovered and named by William H. Holland in 1916. Apatosaurus lived about 152 to 151 million years ago (mya), during the late Kimmeridgian to early Tithonian age, and are now known from fossils in the Morrison Formation of modern-day Colorado, Oklahoma, New Mexico, Wyoming, and Utah in the United States. Apatosaurus had an average length of 21-22.8 m (69-75 ft), and an average mass of 16.4-22.4 t (16.1-22.0 long tons; 18.1-24.7 short tons). A few specimens indicate a maximum length of 11-30% greater than average and a mass of 32.7-72.6 t (32.2-71.5 long tons; 36.0-80.0 short tons).

The cervical vertebrae of Apatosaurus are less elongated and more heavily constructed than those of Diplodocus, a diplodocid like Apatosaurus, and the bones of the leg are much stockier despite being longer, implying that Apatosaurus was a more robust animal. The tail was held above the ground during normal locomotion. Apatosaurus had a single claw on each forelimb and three on each hindlimb. The Apatosaurus skull, long thought to be similar to Camarasaurus, is much more similar to that of Diplodocus. Apatosaurus was a generalized browser that likely held its head elevated. To lighten its vertebrae, Apatosaurus had air sacs that made the bones internally full of holes. Like that of other diplodocids, its tail may have been used as a whip to create loud noises.

The skull of Apatosaurus was confused with that of Camarasaurus and Brachiosaurus until 1909, when the holotype of A. louisae was found, and a complete skull just a few meters away from the front of the neck. Henry Fairfield Osborn disagreed with this association, and went on to mount a skeleton of Apatosaurus with a Camarasaurus skull cast. Apatosaurus skeletons were mounted with speculative skull casts until 1970, when McIntosh showed that more robust skulls assigned to Diplodocus were more likely from Apatosaurus.

Apatosaurus is a genus in the family Diplodocidae. It is one of the more basal genera, with only Amphicoelias and possibly a new, unnamed genus more primitive. While the subfamily Apatosaurinae was named in 1929, the group was not used validly until an extensive 2015 study. Only Brontosaurus is also in the subfamily, with the other genera being considered synonyms or reclassified as diplodocines. Brontosaurus has long been considered a junior synonym of Apatosaurus; its type species was reclassified as A. excelsus in 1903. A 2015 study concluded that Brontosaurus is a valid genus of sauropod distinct from Apatosaurus, but not all paleontologists agree with this division. As it existed in North America during the late Jurassic, Apatosaurus would have lived alongside dinosaurs such as Allosaurus, Camarasaurus, Diplodocus, and Stegosaurus.

Laney: FOREST STYLE NINJA ART: DIPLODOCUS!

Laney fired a wave of trees and leaves and it formed into the famous sauropod from 154 million years ago: Diplodocus!

---

Diplodocus is a genus of diplodocid sauropod dinosaurs whose fossils were first discovered in 1877 by S. W. Williston. The generic name, coined by Othniel Charles Marsh in 1878, is a neo-Latin term derived from Greek διπλός (diplos) "double" and δοκός (dokos) "beam", in reference to the double-beamed chevron bones located in the underside of the tail, which were then considered unique.

This genus of dinosaurs lived in what is now mid-western North America at the end of the Jurassic period. It is one of the more common dinosaur fossils found in the middle to upper Morrison Formation, between about 154 and 152 million years ago, during the late Kimmeridgian age. The Morrison Formation records an environment and time dominated by gigantic sauropod dinosaurs, such as Apatosaurus, Barosaurus, Brachiosaurus, Brontosaurus, and Camarasaurus. Its great size may have been a deterrent to the predators Allosaurus and Ceratosaurus: their remains have been found in the same strata, which suggests that they coexisted with Diplodocus.

Diplodocus is among the most easily identifiable dinosaurs, with its typical sauropod shape, long neck and tail, and four sturdy legs. For many years, it was the longest dinosaur known.

May: ICE STYLE NINJA ART: LEAELLYNASAURA!

May fired a wave of ice and it formed into the Australian dinosaur from 118 million years ago: Leaellynasaura!

---

Leaellynasaura is a genus of small herbivorous ornithischian dinosaurs from the Albian stage of the Early Cretaceous (dated to between 118 and 110 million years ago), first discovered in Dinosaur Cove, Australia. The only known species is Leaellynasaura amicagraphica. It was described in 1989, and named after Leaellyn Rich, the daughter of the Australian palaeontologist couple Tom Rich and Patricia Vickers-Rich who discovered it. The specific name, amicagraphica, translates to "friend writing" and honours both the Friends of the Museum of Victoria and the National Geographic Society for their support of Australian paleontology.

Lori: WIND STYLE NINJA ART: ALLOSAURUS!

Lori fired a wave of wind and it formed into the vicious theropod from 155 million years ago: Allosaurus!

---

Allosaurus is a genus of carnivorous theropod dinosaur that lived 155 to 145 million years ago during the late Jurassic period (Kimmeridgian to late Tithonian). The name "Allosaurus" means "different lizard" alluding to its unique concave vertebrae (at the time of its discovery). It is derived from the Greek ἄλλος (allos) ("different, other") and σαῦρος (sauros) ("lizard / generic reptile"). The first fossil remains that could definitively be ascribed to this genus were described in 1877 by paleontologist Othniel Charles Marsh. As one of the first well-known theropod dinosaurs, it has long attracted attention outside of paleontological circles.

Allosaurus was a large bipedal predator. Its skull was large and equipped with dozens of sharp, serrated teeth. It averaged 9.5 meters (31 ft) in length, though fragmentary remains suggest it could have reached over 12 m (39 ft). Relative to the large and powerful hindlimbs, its three-fingered forelimbs were small, and the body was balanced by a long and heavily muscled tail. It is classified as an allosaurid, a type of carnosaurian theropod dinosaur. The genus has a complicated taxonomy, and includes three valid species, the best known of which is A. fragilis. The bulk of Allosaurus remains have come from North America's Morrison Formation, with material also known from Portugal. It was known for over half of the 20th century as Antrodemus, but a study of the copious remains from the Cleveland-Lloyd Dinosaur Quarry brought the name "Allosaurus" back to prominence and established it as one of the best-known dinosaurs.

As the most abundant large predator in the Morrison Formation, Allosaurus was at the top of the food chain, probably preying on contemporaneous large herbivorous dinosaurs, and perhaps other predators. Potential prey included ornithopods, stegosaurids, and sauropods. Some paleontologists interpret Allosaurus as having had cooperative social behavior, and hunting in packs, while others believe individuals may have been aggressive toward each other, and that congregations of this genus are the result of lone individuals feeding on the same carcasses.

Leni: WATER STYLE NINJA ART: OMEISAURUS!

Leni fired a wave of water and it formed into one of the largest dinosaurs from 173 million years ago: Omeisaurus!

---

Omeisaurus (meaning "Omei lizard") is a genus of sauropod dinosaur from the Middle Jurassic Period (Bathonian-Callovian stage) of what is now China. Its name comes from Mount Emei, where it was discovered in the lower Shaximiao Formation of Sichuan Province.

Like other sauropods, Omeisaurus was herbivorous and large. It measured 20.2 metres (66 ft) long, and weighed 9.8 tonnes.

Luna: WATER STYLE NINJA ART: SUCHOMIMUS!

Luna fired a wave of water and it formed into the ferocious spinosaurid dinosaur from 125 million years ago: Suchomimus!

Suchomimus (meaning "crocodile mimic") is a genus of spinosaurid dinosaur that lived between 125 and 112 million years ago in what is now Niger, during the Aptian to early Albian stages of the Early Cretaceous period. The animal was named and described by palaeontologist Paul Sereno and colleagues in 1998, based on a partial skeleton from the Erlhaz Formation. Suchomimus's long and shallow skull, similar to that of a crocodile, earns it its generic name, while the specific name Suchomimus tenerensis alludes to the locality of its first remains, the Ténéré Desert.

Suchomimus was 9.5 to 11 metres (31 to 36 feet) long and weighed between 2.5 to 5.2 tonnes (2.8 to 5.7 short tons), although the holotype specimen may not have been fully grown. Suchomimus's narrow skull was perched on a short neck, and its forelimbs were powerfully built, bearing a giant claw on each thumb. Along the midline of the animal's back ran a low dorsal sail, built from the long neural spines of its vertebrae. Like other spinosaurids, it likely had a diet of fish and small prey animals.

Some palaeontologists consider the animal to be an African species of the European spinosaurid Baryonyx, B. tenerensis. Suchomimus might also be a junior synonym of the contemporaneous spinosaurid Cristatusaurus lapparenti, although the latter taxon is based on much more fragmentary remains. Suchomimus lived in a fluvial environment of vast floodplains alongside many other dinosaurs, in addition to pterosaurs, crocodylomorphs, fish, turtles, and bivalves.

Stella: SCORCH STYLE NINJA ART: OURANOSAURUS!

Stella fired a wave of fire and it formed into the Iguanodont from 100 million years ago: Ouranosaurus.

---

Ouranosaurus is a genus of herbivorous iguanodont dinosaur that lived during the Aptian stage of the Early Cretaceous of modern-day Niger. Ouranosaurus measured about 7 to 8.3 metres (23 to 27 ft) long. Two rather complete fossils were found in the Elrhaz Formation, Gadoufaoua deposits, Agadez, Niger, in 1965 and 1970. The animal was named in 1976 by French paleontologist Philippe Taquet; the type species being Ouranosaurus nigeriensis. The name is a combination of the Arabic word for "courage" and the country of discovery, although ourane is also the Tuareg name for the desert monitor.

Becca Chang: WATER STYLE NINJA ART: TITANOBOA!

Becca fired a wave of water that formed into the Colombian giant snake from 60 million years ago: Titanoboa!

---

Titanoboa (/tiˌtɑːnoʊˈboʊə/) is an extinct genus of very large snakes that lived in what is now La Guajira in northeastern Colombia. They could grow up to 12.8 m (42 ft) long and reach a weight of 1,135 kg (2,500 lb).

Fossils of Titanoboa have been found in the Cerrejón Formation, and date to around 58 to 60 million years ago. The giant snake lived during the Middle to Late Paleocene epoch, a 10-million-year period immediately following the Cretaceous-Paleogene extinction event.

The only known species is Titanoboa cerrejonensis, the largest snake ever discovered, which supplanted the previous record holder, Gigantophis.

Syd: WATER STYLE NINJA ART: OPHTHALMOSAURUS!

Syd fired a wave of water and it formed into the Ichthyosaur from 165 million years ago: Ophthalmosaurus!

---

Ophthalmosaurus (meaning "eye lizard" in Greek) is an ichthyosaur of the Middle Jurassic period (165-160 million years ago), named for its extremely large eyes. It had a graceful 6 m (19.5 ft) long dolphin-shaped body, and its almost toothless jaw was well adapted for catching squid. Major fossil finds of this genus have been recorded in Europe and North and South America.

Girl Jordan: WATER STYLE NINJA ART: ELASMOSAURUS!

Girl Jordan fired a wave of water and it formed into the huge long-necked plesiosaurus from 80.5 million years ago: Elasmosaurus!

---

Elasmosaurus is a genus of plesiosaur that lived in North America during the Campanian stage of the Late Cretaceous period, about 80.5 million years ago. The first specimen was discovered in 1867 near Fort Wallace, Kansas, US, and was sent to the American paleontologist Edward Drinker Cope, who named it E. platyurus in 1868. The generic name means "thin-plate reptile", and the specific name means "flat-tailed". Cope originally reconstructed the skeleton of Elasmosaurus with the skull at the end of the tail, an error which was made light of by the paleontologist Othniel Charles Marsh, and became part of their "Bone Wars" rivalry. Only one incomplete Elasmosaurus skeleton is definitely known, consisting of a fragmentary skull, the spine, and the pectoral and pelvic girdles, and a single species is recognized today; other species are now considered invalid or have been moved to other genera.

Measuring 10.3 meters (34 ft) long, Elasmosaurus would have had a streamlined body with paddle-like limbs, a short tail, a small head, and an extremely long neck. The neck alone was around 7.1 meters (23 ft) long. Along with its relative Albertonectes, it was one of the longest-necked animals to have lived, with the largest number of neck vertebrae known, 72. The skull would have been slender and triangular, with large, fang-like teeth at the front, and smaller teeth towards the back. It had six teeth in each premaxilla of the upper jaw, and may have had 14 teeth in the maxilla and 19 in the dentary of the lower jaw. Most of the neck vertebrae were compressed sideways, and bore a longitudinal crest or keel along the sides.

The family Elasmosauridae was based on the genus Elasmosaurus, the first recognized member of this group of long-necked plesiosaurs. Elasmosaurids were well adapted for aquatic life, and used their flippers for swimming. Contrary to earlier depictions, their necks were not very flexible, and could not be held high above the water surface. It is unknown what their long necks were used for, but they may have had a function in feeding. Elasmosaurids probably ate small fish and marine invertebrates, seizing them with their long teeth, and may have used gastroliths (stomach stones) to help digest their food. Elasmosaurus is known from the Pierre Shale formation, which represents marine deposits from the Western Interior Seaway.

SpongeBob: WATER STYLE NINJA ART: LIOPLEURODON!

SpongeBob fired a wave of water and it formed into the ferocious marine reptile from 166 million years ago: Liopleurodon!

---

Liopleurodon (/ˌlaɪoʊˈplʊərədɒn/; meaning 'smooth-sided teeth') is a genus of large, carnivorous marine reptile belonging to the Pliosauroidea, a clade of short-necked plesiosaurs. The two species of Liopleurodon lived from the Callovian Stage of the Middle Jurassic to the Kimmeridgian stage of the Late Jurassic Period (c. 166 to 155 mya). It was the apex predator of the Middle to Late Jurassic seas that covered Europe. The largest species, L. ferox, is estimated to have grown up to 6.4 metres (21 ft) in length.

The name "Liopleurodon" (meaning "smooth-sided tooth") derives from Ancient Greek words: λεῖος leios, "smooth"; πλευρά pleurá, "side" or "rib"; and ὀδόν odṓn, "tooth".

Salar: (Arabic Accent) FIRESTORM STYLE NINJA ART: GALLIMIMUS!

Salar fired a massive wave of fire and it formed into a herd of the ostrich-like egg-eaters from 70 million years ago: Gallimimus!

---

Gallimimus (/ˌɡælɪˈmaɪməs/ GAL-i-MY-məs) is a genus of theropod dinosaur that lived in what is now Mongolia during the Late Cretaceous period, about seventy million years ago (mya). Several fossils in various stages of growth were discovered by Polish-Mongolian expeditions in the Gobi Desert of Mongolia during the 1960s; a large skeleton discovered in this region was made the holotype specimen of the new genus and species Gallimimus bullatus in 1972. The generic name means "chicken mimic", referring to the similarities between its neck vertebrae and those of the Galliformes. The specific name is derived from bulla, a gold capsule worn by Roman youth, in reference to a bulbous structure at the base of the skull of Gallimimus. At the time it was named, the fossils of Gallimimus represented the most complete and best preserved ornithomimid ("ostrich dinosaur") material yet discovered, and the genus remains one of the best known members of the group.

Gallimimus is the largest known ornithomimid; adults were about 6 metres (20 ft) long, 1.9 metres (6 ft 3 in) tall at the hip and weighed about 440 kilograms (970 lb). As evidenced by its relative Ornithomimus, it would have had feathers. The head was small and light with large eyes that faced to the sides. The snout was long compared to other ornithomimids, although it was broader and more rounded at the tip than in other species. Gallimimus was toothless with a keratinous (horny) beak, and had a delicate lower jaw. Many of the vertebrae had openings that indicate they were pneumatic (air-filled). The neck was proportionally long in relation to the trunk. The hands were proportionally the shortest of any ornithomimosaur and each had three digits with curved claws. The forelimbs were weak while the hindlimbs were proportionally long. The family Ornithomimidae is part of the group Ornithomimosauria.

Anserimimus, also from Mongolia, is thought to have been the closest relative of Gallimimus.

As an ornithomimid, Gallimimus would have been a fleet (or cursorial) animal, using its speed to escape predators; its speed has been estimated at 42-56 km/h (29-34 mph). It may have had good vision and intelligence comparable to ratite birds. Gallimimus may have lived in groups, based on the discovery of several specimens preserved in a bone bed. Various theories have been proposed regarding the diet of Gallimimus and other ornithomimids. The highly mobile neck may have helped locate small prey on the ground, but it may also have been an opportunistic omnivore. It has also been suggested that it used small columnar structures in its beak for filter-feeding in water, though these structures may instead have been ridges used for feeding on tough plant material, indicative of a herbivorous diet. Gallimimus is the most commonly found ornithomimosaur in the Nemegt Formation, where it lived alongside its relatives Anserimimus and Deinocheirus. Gallimimus was featured in the movie Jurassic Park, in a scene that was important to the history of special effects, and in shaping the common conception of dinosaurs as bird-like animals.

Andropov: (Russian Accent) ICE STYLE NINJA ART: ELASMOTHERIUM!

Andropov fired a wave of ice and it formed into the ancestral big-horned rhinoceros of the Ice Age from 2.6 million years ago: Elasmotherium!

---

Elasmotherium is an extinct genus of large rhinoceros endemic to Eurasia during the Late Pliocene through the Pleistocene, existing from 2.6 Ma to at least as late as 39,000 years ago in the Late Pleistocene. A more recent date of 26,000 BP is considered less reliable. It was the last surviving member of Elasmotheriinae, a distinctive group of rhinoceroses that had separated from the ancestry of living rhinoceroses by at least 35 million years ago according to fossils and estimated around 47.4 million years ago based on molecular clock.

Four species are recognised, which were largely confined to the Pontic-Caspian steppe, the Caucasus and Central Asia. The best known, E. sibiricum, known as the Siberian unicorn, was the size of a mammoth and is thought to have borne a large, thick horn on its forehead. Like all rhinoceroses, elasmotheres were herbivorous. Unlike any other rhinos and any other ungulates aside from some notoungulates, its high-crowned molars were ever-growing. Its legs were longer than those of other rhinos and were adapted for galloping, giving it a horse-like gait.

Golova: (Russian Accent) ICE STYLE NINJA ART: CAVE LION!

Golova fired a wave of ice and it formed into the Ice Age lions of 500,000 years ago: Cave Lions!

---

Panthera spelaea, also known as the "Eurasian cave lion", "European cave lion", or "steppe lion", is an extinct Panthera species that evolved in Europe probably after the third Cromerian interglacial stage, less than 600,000 years ago. Phylogenetic analysis of fossil bone samples revealed that it was highly distinct and genetically isolated from the modern lion (Panthera leo) occurring in Africa and Asia. Analysis of morphological differences and mitochondrial data support the taxonomic recognition of Panthera spelaea as a distinct species that diverged from the lion about 1.9 million years ago. Nuclear genomic evidence suggests a more recent split approximately 500,000 years ago, with no subsequent interbreeding with the ancestors of the modern lion. The oldest known bone fragments were excavated in Yakutia and radiocarbon dated at least 62,400 years old. It became extinct about 13,000 years ago.

Maverick fired a wave of ice and it formed into the arctic theropod from 69 million years ago: Nanuqsaurus!

Nanuqsaurus (meaning "polar bear lizard") is a genus of carnivorous tyrannosaurid theropod known from the Late Cretaceous (early Late Maastrichtian stage) Prince Creek Formation of the North Slope of Alaska, USA. It contains a single species, Nanuqsaurus hoglundi, known only from a partial skull.

Matthias: (German Accent) FOREST STYLE NINJA ART: LEPTICTIDIUM!

Matthias fired a wave of wood and leaves and it formed into a swarm of the ancestor of the Elephant Shrew that lived 50 million years ago: Leptictidium!

Leptictidium (a Latinized diminutive of the name of its close relative Leptictis, which means "graceful weasel" in Ancient Greek) is an extinct genus of small mammals that were likely bipedal. Comprising eight species, they resembled today's elephant shrews. They are especially interesting for their combination of characteristics typical of primitive eutherians with highly specialized adaptations, such as powerful hind legs and a long tail which aided in locomotion. They were omnivorous, their diet a combination of insects, lizards and small mammals. One of the first branches to split from basal eutherians, they appeared in the Lower Eocene, a time of warm temperatures and high humidity, roughly fifty million years ago. Although they were widespread throughout Europe, they became extinct around thirty-five million years ago with no descendants, probably because they were adapted to live in forest ecosystems and were unable to adapt to the open plains of the Oligocene.

Kanaloa: (Hawaiian Accent) BEACH STYLE NINJA ART: EUSTREPTOSPONDYLUS!

Kanaloa fired a wave of sand and water and it formed into the theropod dinosaur from 163 million years ago: Eustreptospondylus!

Eustreptospondylus (/juːˌstrɛptoʊspɒn'daɪləs/ yoo-STREPT-o-spon-DY-ləs; meaning "true Streptospondylus") is a genus of megalosaurid theropod dinosaur, from the Oxfordian stage of the Late Jurassic period (some time between 163 and 154 million years ago) in southern England, at a time when Europe was a series of scattered islands (due to tectonic movement at the time which raised the sea-bed and flooded the lowland).

Fiona: WIND STYLE NINJA ART: ORNITHOCHEIRUS!

Fiona fired a wave of wind and it formed into the ostrich-like dinosaur from 92.5 million years ago: Ornithocheirus!

Ornithocheirus (from Ancient Greek "ὄρνις", meaning bird, and "χεῖρ", meaning hand) is a pterosaur genus known from fragmentary fossil remains uncovered from sediments in the UK and possibly Morocco.

Several species have been referred to the genus, most of which are now considered as dubious species, or members of different genera, and the genus is now often considered to include only the type species, Ornithocheirus simus. Species have been referred to Ornithocheirus from the mid-Cretaceous period of both Europe and South America, but O. simus is known only from the UK, though a specimen referred to O. cf. simus is also known from Morocco.

Because O. simus was originally named based on poorly preserved fossil material, the genus Ornithocheirus has suffered enduring problems of zoological nomenclature.

Fossil remains of Ornithocheirus have been recovered mainly from the Cambridge Greensand of England, dating to the beginning of the Albian stage of the early Cretaceous period, about 110 million years ago. Additional fossils from the Santana Formation of Brazil are sometimes classified as species of Ornithocheirus, but have also been placed in their own genera, most notably Tropeognathus.

Becky: PHOENIX STYLE NINJA ART: COELOPHYSIS!

Becky fired a wave of fire and it formed into one of the first ever dinosaurs from 216 million years ago: Coelophysis!

Coelophysis (/sɛˈlɒfɪsɪs/ seh-LOF-ih-sis traditionally; /ˌsɛloʊˈfaɪsɪs/ SEL-o-FY-sis or /ˌsiːloʊˈfaɪsɪs/ SEE-lo-FY-sis are heard more commonly in recent decades) is an extinct genus of coelophysid theropod dinosaur that lived approximately 216 to 196 million years ago during the latter part of the Triassic Period in what is now the southwestern United States and also in South Africa and Zimbabwe.

Coelophysis was a small, slenderly-built, ground-dwelling, bipedal carnivore, that could grow up to 3 m (9.8 ft) long. Coelophysis is one of the earliest known dinosaur genera. Scattered material representing similar animals has been found worldwide in some Late Triassic and Early Jurassic formations.

The type species C. bauri, originally given to the genus Coelurus by Edward Drinker Cope in 1887, was described by the latter in 1889. The names Longosaurus and Rioarribasaurus are synonymous with Coelophysis. Another dinosaur genus, Megapnosaurus, has also been considered to be a synonym. This primitive theropod is notable for being one of the most specimen-rich dinosaur genera.

Jackie: EXPLOSION STYLE NINJA ART: INOSTANCEVIA!

Jackie fired a wave of explosions and they formed into the carnivorous Permian therapsid from 265 million years ago: Inostancevia!

Inostrancevia is an extinct genus of carnivorous therapsids, containing the largest members of the family Gorgonopsidae, predators characterized by long, saber-tooth-like canines. The various species inhabited northern Russia during the Upper Tatarian (Vyatskian), a Russian regional stage equivalent to the Wuchiapingian stage of the Late Permian period, dating from approximately 265 to 252.3 million years ago. It is known from several skulls and two almost-complete skeletons.

Mandee: FOREST STYLE NINJA ART: MUTTABURRASAURUS!

Mandee fired a wave of wood and leaves and it formed into the Iguanodont from 105 million years ago: Muttaburrasaurus!

---

Muttaburrasaurus was a genus of herbivorous ornithopod dinosaur, which lived in what is now northeastern Australia sometime between 105 and 103 million years ago during the early Cretaceous Period. It has been recovered in some analyses as a member of the iguanodontian family Rhabdodontidae. After Kunbarrasaurus, it is Australia's most completely known dinosaur from skeletal remains. It was named after Muttaburra, the site in Queensland, Australia, where it was found.

Paige: PHOENIX STYLE NINJA ART: CRYOLOPHOSAURUS!

Paige fired a wave of fire and it formed into the Antarctic dinosaur from 193 million years ago: Cryolophosaurus!

---

Cryolophosaurus (/ˌkraɪoʊˌloʊfoʊ'sɔːrəs/ or /kraɪˌɒloʊfoʊ'sɔːrəs/; "CRY-oh-loaf-oh-SAWR-us") is a genus of large theropods known from only a single species Cryolophosaurus ellioti, known from the early Jurassic period of Antarctica. It was about 6.5 metres (21.3 ft) long and 465 kilograms (1,025 lb) in weight, making it one of the largest theropods of its time. Individuals of this species may have grown even larger, because the only known specimen probably represents a sub-adult. Cryolophosaurus is known from a skull, a femur and other material, the skull and femur of which have caused its classification to vary greatly. The femur possesses many primitive characteristics that have classified Cryolophosaurus as a dilophosaurid or a neotheropod outside of Dilophosauridae and Averostra, whereas the skull has many advanced features, leading the genus to be considered a tetanuran, an abelisaurid, a ceratosaur and even an allosaurid. Since its original description, the consensus is that Cryolophosaurus is either a primitive member of the Tetanurae or a close relative of that group.

Cryolophosaurus possessed a distinctive "pompadour" crest that spanned the head from side to side. Based on evidence from related species and studies of bone texture, it is thought that this bizarre crest was used for intra-species recognition. The brain of Cryolophosaurus was also more primitive than those of other theropods.

Cryolophosaurus was first excavated from Antarctica's Early Jurassic, Sinemurian to Pliensbachian aged Hanson Formation, formerly the upper Falla Formation, by paleontologist Dr. William Hammer in 1991. It was the first carnivorous dinosaur to be discovered in Antarctica and the first non-avian dinosaur from the continent to be officially named. The sediments in which its fossils were found have been dated at ~194 to 188 million years ago, representing the Early Jurassic Period.

Lateefa: (Arabic Accent) DESERT STYLE NINJA ART: VELOCIRAPTORS!

Lateefa fired a wave of sand and it formed into the deadly carnivorous dinosaurs from 78 million years ago: Velociraptor!

---

Velociraptor (/vɪˈlɒsɪræptər/; meaning "swift seizer" in Latin) is a genus of dromaeosaurid theropod dinosaur that lived approximately 75 to 71 million years ago during the latter part of the Cretaceous

Period. Two species are currently recognized, although others have been assigned in the past. The type species is V. mongoliensis; fossils of this species have been discovered in Mongolia. A second species, V. osmolskae, was named in 2008 for skull material from Inner Mongolia, China.

Smaller than other dromaeosaurids like Deinonychus and Achillobator, Velociraptor nevertheless shared many of the same anatomical features. It was a bipedal, feathered carnivore with a long tail and an enlarged sickle-shaped claw on each hindfoot, which is thought to have been used to tackle and disembowel prey. Velociraptor can be distinguished from other dromaeosaurids by its long and low skull, with an upturned snout.

Velociraptor (commonly shortened to "raptor") is one of the dinosaur genera most familiar to the general public due to its prominent role in the Jurassic Park motion picture series. In real life, however, Velociraptor was roughly the size of a turkey, considerably smaller than the approximately 2 m (6 1⁄2 ft) tall and 80 kg (180 lb) reptiles seen in the films (which were based on members of the related genus Deinonychus). Today, Velociraptor is well known to paleontologists, with over a dozen described fossil skeletons, the most of any dromaeosaurid. One particularly famous specimen preserves a Velociraptor locked in combat with a Protoceratops.

Nataša: (Czech Accent) EARTH STYLE NINJA ART: UTAHRAPTOR!

Nataša fired a wave of earth and it formed into the state dinosaurs of Utah from 139 million years ago: Utahraptor!

---

Utahraptor (meaning Utah's predator) is a genus of large dromaeosaurid dinosaur that lived in North America during the Early Cretaceous period. It was a heavy-built, ground-dwelling, bipedal carnivore. It contains a single species, Utahraptor ostrommaysi, which is the largest-known member of the family Dromaeosauridae.

In 2018, it was proposed that Utahraptor be the Utah state dinosaur, an act that was approved by the Senate. Initially Utahraptor would have replaced another dinosaur, Allosaurus, as the state's official fossil, but it was decided that Utahraptor would be another symbol of the state.

Suwailim: (Egyptian Accent) DESERT STYLE NINJA ART: PROTOCERATOPS!

Suwailim fired a wave of sand and it formed into the Ceratopsian from 75 million years ago: Protoceratops.

---

Protoceratops (/ˌproʊtoʊ'sɛrətɒps/; from Greek proto-/πρωτο- "first", cerat-/κερατ- "horn" and -ops/-ωψ "face", meaning "first horned face") is a genus of sheep-sized (1.8 m long) herbivorous ceratopsian dinosaur, from the Upper Cretaceous Period (Campanian stage) of what is now Mongolia. It was a member of the Protoceratopsidae, a group of early horned dinosaurs. Unlike later ceratopsians, however, it was a much smaller creature that lacked well-developed horns and retained some basal traits not seen in later genera.

Protoceratops had a large neck frill which was likely used as a display site to impress other members of the species. Other hypotheses about its function include protection of the neck and anchoring of jaw muscles, but the fragility of the frill and the poor leverage offered by possible attachment sites here makes these ideas implausible. Described by Walter W. Granger and W.K. Gregory in 1923, Protoceratops was initially believed to be an ancestor of the North American ceratopsians. Researchers currently distinguish two species of Protoceratops (P. andrewsi and P. hellenikorhinus), based in part by their respective sizes.

In the 1920s, Roy Chapman Andrews discovered fossilized eggs in Mongolia that were interpreted as belonging to this dinosaur, but which turned out to be those of Oviraptor. However, it wouldn't be until 2011 that a genuine Protoceratops nest was discovered, with the remains of the neonates inside suggesting parental care in this dinosaur.

Woya: WIND STYLE NINJA ART: PTERANODON!

Woya fired a wave of wind and it formed into the famous pterosaur from 86 million years ago: Pteranodon!

---

Pteranodon (/tɪˈrænədɒn/; from Greek πτερόν (pteron, "wing") and ἀνόδων (anodon, "toothless")) is a genus of pterosaur that included some of the largest known flying reptiles, with wingspans over 7 meters (23 feet). They lived during the late Cretaceous geological period of North America in present-day Kansas, Alabama, Nebraska, Wyoming, and South Dakota. More fossil specimens of Pteranodon have been found than any other pterosaur, with about 1,200 specimens known to science, many of them well preserved with nearly complete skulls and articulated skeletons. It was an important part of the animal community in the Western Interior Seaway.

Pteranodon was a pterosaur, meaning that it is not a dinosaur. By definition, all dinosaurs belong to one of the two groups within Dinosauria, i.e. Saurischia or Ornithischia. As such, this excludes pterosaurs. Nonetheless, Pteranodon is frequently featured in dinosaur media and are strongly associated with dinosaurs by the general public. While not dinosaurs, pterosaurs such as Pteranodon form a clade closely related to dinosaurs as both fall within the clade Avemetatarsalia.

Argentavis magnificens was among the largest flying birds ever to exist, quite possibly surpassed in wingspan only by Pelagornis sandersi, which was described in 2014. A. magnificens, sometimes called the Giant Teratorn, is an extinct species known from three sites in the Epecuén and Andalhualá Formations in central and northwestern Argentina dating to the Late Miocene (Huayquerian), where a good sample of fossils has been obtained.

Edwayl: WATER STYLE NINJA ART: BASILOSAURUS!

Edwayl fired a wave of water and it formed into the one of the first whales of the Eocene epoch from 41.3 million years ago: Basilosaurus!

---

Basilosaurus (meaning "king lizard") is a genus of large, predatory, prehistoric archaeocete whale from the late Eocene, approximately 41.3 to 33.9 million years ago (mya). First described in 1834, it was the first archaeocete and prehistoric whale known to science. The first fossils were discovered along the Gulf Coast of the United States, along with a few fossils in the eastern U.S., attributed to the type species B. cetoides. They were originally thought to be of a giant reptile, hence the suffix "-saurus", Ancient Greek for "lizard". The animal was later found to be an early marine mammal, which prompted attempts at renaming the creature, which failed as zoological nomenclature dictates using the original name given. Fossils were later found of the second species, B. isis, in 1904 in North Africa, more specifically the countries of Egypt, Jordan, Tunisia and Morocco. Basilosaurus has a possible record in Seymour Island in Antarctica.

Basilosaurus is considered to have been common in the Tethys sea. It was one of the largest, if not the largest, animals of the Paleogene. It was the top predator of its environment, preying on sharks, large fish and other marine mammals, namely the dolphin-like Dorudon, which seems to have been their predominant food source.

Basilosaurus was at one point a wastebasket taxon, before the genus slowly started getting reevaluated, with many species of different Eocene cetacean being assigned to the genus in the past, however they are invalid or have been reclassified under a new or different genus, leaving only 2 confirmed species. Basilosaurus may have been one of the first fully aquatic cetaceans (sometimes referred to as the pelagiceti). Basilosaurus, unlike modern cetaceans, had various types of teeth-such as canines and molars-in its mouth (heterodonty), and it probably was able to chew its food in contrast to modern cetaceans which swallow their food whole.

Rusty: DESERT STYLE NINJA ART: PARACERATHERIUM!

Rusty fired a wave of sand and it formed into the one of the ancestral rhinoceroses from 34 million years ago: Paraceratherium!

---

Paraceratherium is an extinct genus of hornless rhinoceros. It is one of the largest terrestrial mammals that has existed and lived from the early to late Oligocene epoch (34-23 million years ago). Its remains have been found across Eurasia between China and the Balkans. It is classified as a member of the hyracodont subfamily Indricotheriinae. Paraceratherium means "near the hornless beast", in reference to Aceratherium, the genus in which the type species A. bugtiense was originally placed.

The exact size of Paraceratherium is unknown because of the incompleteness of the fossils. The shoulder height was about 4.8 metres (15.7 feet), and the length about 7.4 metres (24.3 feet). Its weight is estimated to have been about 15 to 20 tonnes (33,000 to 44,000 lb). The long neck supported a skull that was about 1.3 metres (4.3 ft) long. It had large, tusk-like incisors and a nasal incision that suggests it had a prehensile upper lip or proboscis (trunk). The legs were long and pillar-like. The lifestyle of Paraceratherium may have been similar to that of modern large mammals such as the elephants and extant rhinoceroses. Because of its size, it would have had few predators and a slow rate of reproduction. It was a browser, eating mainly leaves, soft plants, and shrubs. It lived in habitats ranging from arid deserts with a few scattered trees to subtropical forests. The reasons for the animal's extinction are unknown, but various factors have been proposed.

The taxonomy of the genus and the species within has a long and complicated history. Other genera of Oligocene indricotheres, such as Baluchitherium, Indricotherium, and Pristinotherium, have been named, but no complete specimens exist, making comparison and classification difficult. Most modern scientists consider these genera to be junior synonyms of Paraceratherium, and it is thought to contain at least three discernible species; P. bugtiense, P. transouralicum, and P. huangheense. The most completely-known species is P. transouralicum, so most reconstructions of the genus are based on it. Differences between P. bugtiense and P. transouralicum may be due to sexual dimorphism, which would make them the same species.

---

Entelodon (meaning "complete teeth", from Ancient Greek ἐντελής entelēs "complete" and ὀδών odōn "tooth", referring to its "complete" eutherian dentition), is an extinct genus of entelodont artiodactyl endemic to Eurasia. Fossils of species are found in Paleogene strata ranging in age from the Houldjinian (37.2-33.9 mya) until the Rupelian epoch of the early Oligocene (33.9-28.4 mya).

Liam: (Southern Accent) PLAIN STYLE NINJA ART: HYAENODON!

Liam fired a wave of sand and leaves and it formed into the ancestors of the hyena from 42 million years ago: Hyaenodon!

---

Hyaenodon ("hyena-tooth") is the type genus of the Hyaenodontidae, a family of extinct carnivorous fossil mammals from Eurasia, North America, and Africa, with species existing temporally from the Eocene until the middle Miocene, existing for about 26.1 million years.

The various species of Hyaenodon competed with each other and with other hyaenodont genera (including Sinopa, Dissopsalis, and Hyainailurus), and played important roles as predators in ecological communities as late as the Miocene in Africa and Asia and preyed on a variety of prey species such as primitive horses like Mesohippus and early camels. Species of Hyaenodon have been shown to have successfully preyed on other large carnivores of their time, including a nimravid ("false sabertooth cat"), according to analysis of tooth puncture marks on a fossil Dinictis skull found in North Dakota.

Mollie: LIGHTNING STYLE NINJA ART: GIGANOTOSAURUS!

Mollie fired a wave of lightning and it formed into the ferocious theropod from 98 million years ago: Giganotosaurus!

---

Giganotosaurus (/ˌdʒaɪɡəˌnoʊtə'sɔːrəs/ JY-gə-NOH-tə-SOR-əs) is a genus of theropod dinosaur that lived in what is now Argentina, during the early Cenomanian age of the Late Cretaceous period, approximately 98 to 97 million years ago. The holotype specimen was discovered in the Candeleros Formation of Patagonia in 1993, and is almost 70% complete. The animal was named Giganotosaurus carolinii in 1995; the genus name translates as "giant southern lizard" and the specific name honors the discoverer, Rubén D. Carolini. A dentary bone, a tooth and some tracks, discovered before the holotype, were later assigned to this animal. The genus attracted much interest and became part of a scientific debate about the maximum sizes of theropod dinosaurs.

Giganotosaurus was one of the largest known terrestrial carnivores, but the exact size has been hard to determine due to the incompleteness of the remains found so far. Estimates for the most complete specimen range from a length of 12 to 13 m (39 to 43 ft), a skull 1.53 to 1.80 m (5.0 to 5.9 ft) in length, and a weight of 4.2 to 13.8 t (4.6 to 15.2 short tons). The dentary bone that belonged to a supposedly larger individual has been used to extrapolate a length of 13.2 m (43 ft). Some researchers have found the animal to be larger than Tyrannosaurus, which has historically been considered the largest theropod, while others have found them to be roughly equal in size, and the largest size estimates for Giganotosaurus exaggerated. The skull was low, with rugose (rough and wrinkled) nasal bones and a ridge-like crest on the lacrimal bone in front of the eye. The front of the lower jaw was flattened, and had a downwards projecting process (or "chin") at the tip. The teeth were compressed sideways and had serrations. The neck was strong and the pectoral girdle proportionally small.

Part of the family Carcharodontosauridae, Giganotosaurus is one of the most completely known members of the group, which includes other very large theropods, such as the closely related Mapusaurus and Carcharodontosaurus. Giganotosaurus is thought to have been homeothermic (a type of "warm-bloodedness"), with a metabolism between that of a mammal and a reptile, which would have enabled fast growth. It may have been relatively fast moving, with a calculated maximal running speed of 14 m/s (50 km/h; 31 mph). It would have been capable of closing its jaws quickly, capturing and bringing down prey by delivering powerful bites. The "chin" may have helped in resisting stress when a bite was delivered against prey. Giganotosaurus is thought to have been the apex predator of its ecosystem, and it may have fed on juvenile sauropod dinosaurs.

Luan: JUNGLE STYLE NINJA ART: GIGANTOPITHECUS!

Luan fired a wave of leaves and grass and it formed into one of the first apes from 2 million to 300,000 years ago: Gigantopithecus!

---

Gigantopithecus is an extinct genus of ape from the Early to Middle Pleistocene of southern China, represented by one species, G. blacki. Potential identifications have also been made in Thailand, Vietnam, and Indonesia. The first remains of Gigantopithecus, two third molar teeth, were identified in a drugstore by anthropologist Ralph von Koenigswald in 1935, who subsequently described the ape. In 1956, the first mandible and over 1,000 teeth were found in Liucheng, and numerous more remains have since been found in at least 16 sites. Only teeth and 4 mandibles are known currently, and other skeletal elements were likely consumed by porcupines before they could fossilise. Gigantopithecus was once argued to be a hominin, a member of the human line, but it is now thought to be closely allied with orangutans, classified in the subfamily Ponginae.

Gigantopithecus has traditionally been restored as a massive, gorilla-like ape, potentially 200-300 kg (440-660 lb) when alive, but the paucity of remains make total size estimates highly speculative. The species may have been sexually dimorphic, with males much bigger than females. The incisors are reduced and the canines appear to have functioned like cheek teeth (premolars and molars). The premolars are high-crowned, and the fourth premolar is very molar-like. The molars are the largest of any known ape, and have a relatively flat surface. Gigantopithecus had the thickest enamel by absolute measure of any ape, up to 6 mm (a quarter of an inch) in some areas, though was only fairly thick when tooth size is taken into account.

Gigantopithecus appears to have been a generalist herbivore of C3 forest plants, with the jaw adapted to grinding, crushing, and cutting through tough, fibrous plants; and the thick enamel functioning to resist foods with abrasive particles such as stems, roots, and tubers with dirt. Some teeth bear traces of fig family fruits. It primarily lived in subtropical to tropical forest, and went extinct about 300,000 years ago likely due to climate change and the retreat of preferred habitat, and potentially archaic human activity by Homo erectus. Gigantopithecus has become popular in cryptozoology circles as the identity of the Tibetan yeti or the American bigfoot, humanlike monsters in local folklore.

Fletcher: (Scottish Accent) ICE STYLE NINJA ART: DIRE WOLVES!

Fletcher fired a wave of ice and it formed into a pack of the first wolves from 125,000 to 9,500 years ago: the Dire Wolves!

---

The dire wolf (Canis dirus, "fearsome dog") is an extinct species of the genus Canis. It is one of the most famous prehistoric carnivores in North America, along with its extinct competitor, the sabre-toothed cat Smilodon fatalis. The dire wolf lived in the Americas during the Late Pleistocene and Early Holocene epochs (125,000-9,500 years ago). The species was named in 1858, four years after the first specimen had been found. Two subspecies are recognized: Canis dirus guildayi and Canis dirus dirus. The dire wolf probably evolved from Armbruster's wolf (Canis armbrusteri) in North America. The largest collection of its fossils has been obtained from the Rancho La Brea Tar Pits in Los Angeles.

Dire wolf remains have been found across a broad range of habitats including the plains, grasslands, and some forested mountain areas of North America, and in the arid savannah of South America. The sites range in elevation from sea level to 2,255 meters (7,400 ft). Dire wolf fossils have rarely been found north of 42°N latitude; there have been only five unconfirmed reports above this latitude. This range restriction is thought to be due to temperature, prey, or habitat limitations imposed by proximity to the Laurentide and Cordilleran ice sheets that existed at the time.

The dire wolf was about the same size as the largest modern gray wolves (Canis lupus): the Yukon wolf and the northwestern wolf. C. d. guildayi weighed on average 60 kilograms (132 lb) and C. d. dirus was on average 68 kg (150 lb). Its skull and dentition matched those of C. lupus, but its teeth were larger with greater shearing ability, and its bite force at the canine tooth was the strongest of any known Canis species. These characteristics are thought to be adaptations for preying on Late Pleistocene megaherbivores, and in North America its prey are known to have included horses, ground sloths, mastodons, bison, and camels. As with other large Canis hypercarnivores today, the dire wolf is thought to have been a pack hunter. Its extinction occurred during the Quaternary extinction event along with most of the American megafauna of the time, including a number of other carnivores, that occurred soon after the appearance of humans in the New World. Its reliance on megaherbivores has been proposed as the cause of its extinction, along with climate change and competition with other species, but the cause remains controversial. Dire wolves lived as recently as 9,500 years ago, according to dated remains.

Alex T.: (Greek Accent) FIRESTORM STYLE NINJA ART: ARGENTINOSAURUS!

Alex fired a wave of fire and it formed into the largest dinosaur that ever lived from 96.2 million years ago: Argentinosaurus!

---

Argentinosaurus is a genus of giant sauropod dinosaur that lived during the Late Cretaceous period in what is now Argentina. Although it is only known from fragmentary remains, Argentinosaurus is one of the largest-known land animals of all time, if not the largest, with length estimates ranging from 30 to 39.7 metres (98 to 130 ft) and weight estimates from 50 to 100 tonnes (55 to 110 short tons). It was a member of Titanosauria, the dominant group of sauropods during the Cretaceous.

The first Argentinosaurus bone was discovered in 1987 by a farmer on his farm near the city of Plaza Huincul. A scientific excavation of the site led by the Argentine palaeontologist José Bonaparte was conducted in 1989, yielding several back vertebrae and parts of a sacrum-fused vertebrae between the back and tail vertebrae. Additional specimens include a complete femur (thigh bone) and the shaft of another. Argentinosaurus was named by Bonaparte and the Argentine palaeontologist Rodolfo Coria in 1993; it contains a single species, A. huinculensis. The generic name Argentinosaurus means "Argentine lizard", and the specific name huinculensis refers to its place of discovery, Plaza Huincul.

The fragmentary nature of Argentinosaurus remains makes their interpretation difficult. Arguments revolve around the position of the recovered vertebrae within the vertebral column and the presence of accessory articulations between the vertebrae that would have strengthened the spine. A computer model of the skeleton and muscles estimated this dinosaur had a maximum speed of 7 km/h (5 mph) with a pace, a gait where the fore and hind limb of the same side of the body move simultaneously. The fossils of Argentinosaurus were recovered from the Huincul Formation, which was deposited in the middle Cenomanian to early Turonian ages (around 96 to 92 million years ago) and contains a diverse dinosaur fauna including the giant theropod Mapusaurus.

Tshibangu: (Congolese Accent) JUNGLE STYLE NINJA ART: GIANT GROUND SLOTH!

Tshibangu fired a wave of leaves and grass and it formed into the ancestor of the sloth from 5 million years ago: Megatherium or Giant Ground Sloth!

---

Megatherium (/mɛɡəˈθɪəriəm/ meg-ə-THEER-ee-əm from the Greek mega [μέγας], meaning "great", and therion [θηρίον], "beast") is an extinct genus of ground sloths endemic to South America that lived from the Early Pliocene through the end of the Pleistocene. It is best known for the elephant-sized type species M. americanum, sometimes called the giant ground sloth, or the megathere, native to the Pampas through southern Bolivia during the Pleistocene. Various other smaller species belonging to the subgenus Pseudomegatherium are known from the Andes. Megatherium is part of the sloth family Megatheriidae, which also includes the similarly elephantine Eremotherium, which was native to tropical South America and southern North America. Only a few other land mammals equaled or exceeded M. americanum in size, such as large proboscideans (e.g., elephants) and the giant rhinoceros Paraceratherium. Megatherium was first discovered in 1788 on the bank of the Luján River in Argentina. The holotype specimen was then shipped to Spain the following year wherein it caught the attention of the esteemed paleontologist Georges Cuvier, who was the first to determine, by means of comparative anatomy, that Megatherium was a sloth. Megatherium became extinct around 12,000 years ago during the Quaternary extinction event, which also claimed most other large mammals in the New World. The extinction coincides with the settlement of the Americas, and a kill site where a M. americanum was slaughtered and butchered is known, suggesting that hunting could have caused its extinction.

Lang Yan: (Chinese Accent) BAMBOO STYLE NINJA ART: DWARF PANDA!

Lang punched the ground and a bunch of bamboo grew in seconds and they formed into the ancestor of the Giant Panda from 2 million years ago - the Dwarf Panda!

---

Ailuropoda microta is the earliest known ancestor of the giant panda. It measured 1 m (3 ft) in length; the modern giant panda grows to a size in excess of 1.5 m (5 ft). Wear patterns on its teeth suggest it lived on a diet of bamboo, the primary food of the giant panda. The first discovered skull of the animal in a south China limestone cave is estimated to be 2 million years old. The skull found is about half the size of a modern-day giant panda, but is anatomically very similar. This research suggests that the giant panda has evolved for more than 3 million years as a completely separate lineage from that of other bears.

Guanlong (冠龍) is a genus of extinct proceratosaurid tyrannosauroid from the Late Jurassic of China. The taxon was first described in 2006 by Xu Xing et al., who found it to represent a new taxon related to Tyrannosaurus. The name is derived from Chinese, translating as "crown dragon". Two individuals are currently known, a partially complete adult and a nearly complete juvenile. These specimens come from the Oxfordian stage of the Chinese Shishugou Formation.

Brock: EARTH STYLE NINJA ART: DOEDICURUS!

Brock fired a wave of earth and it formed into the ancestral armadillo from 2 million to 7,000 years ago: DOEDICURUS!

---

Doedicurus, or Dædicurus, is an extinct genus of glyptodont from South America containing one species, D. clavicaudatus. Glyptodonts are a member of the family Chlamyphoridae, which also includes some modern armadillo species, and they are classified in the order Xenarthra alongside sloths and anteaters. Being a glyptodont, it was a rotund animal with heavy armor and a carapace. Averaging at an approximate 1,400 kg (3,100 lb), it was one of the largest glyptodonts to have ever lived. Though glyptodonts were quadrupeds, large ones like Doedicurus may have been able to stand on two legs like other xenarthrans. It notably sported a spiked tail club, which may have weighed 40 or 65 kg (88 or 143 lb) in life, and it may have swung this in defense against predators or in fights with other Doedicurus at speeds of perhaps 11 m/s (40 km/h; 25 mph).

Doedicurus was likely a grazer, but its teeth and mouth, like those of other glyptodonts, seem unable to have chewed grass effectively, which may indicate a slow metabolism. Doedicurus existed during the Pleistocene. Before this, South America had been isolated from the rest of the world, but the formation of the Isthmus of Panama allowed North American fauna to invade South America in the Great American Interchange, including big cats, bears, elephants, camels, and horses. Doedicurus seems to have inhabited the relatively cold and humid Chaco-Pampean plains of northeastern Patagonia. It may have been the latest-surviving glyptodont, with remains suggested to date to 8,000-7,000 years ago during the middle Holocene, though these dates have been questioned. It may have gone extinct due to some combination of human hunting and climate change.

Nora: (Spanish Accent) JUNGLE STYLE NINJA ART: CARNOTAURUS!

Nora fired a wave of grass and leaves and it formed into the ferocious theropod from 72 million years ago: Carnotaurus!

---

Carnotaurus /ˌkɑːrnoʊˈtɔːrəs/ is a genus of large theropod dinosaur that lived in South America during the Late Cretaceous period, between about 72 and 69.9 million years ago. The only species is Carnotaurus sastrei. Known from a single well-preserved skeleton, it is one of the best-understood theropods from the Southern Hemisphere. The skeleton, found in 1984, was uncovered in the Chubut Province of Argentina from rocks of the La Colonia Formation. Carnotaurus is a derived member of the Abelisauridae, a group of large theropods that occupied the large predatorial niche in the southern landmasses of Gondwana during the late Cretaceous. The phylogenetic relations of Carnotaurus are uncertain; it might have been closer to either Majungasaurus or Aucasaurus.

Carnotaurus was a lightly built, bipedal predator, measuring 7.5 to 9 m (24.6 to 29.5 ft) in length and weighing at least 1.35 metric tons (1.33 long tons; 1.49 short tons). As a theropod, Carnotaurus was highly specialized and distinctive. It had thick horns above the eyes, a feature unseen in all other carnivorous dinosaurs, and a very deep skull sitting on a muscular neck. Carnotaurus was further characterized by small, vestigial forelimbs and long, slender hindlimbs. The skeleton is preserved with extensive skin impressions, showing a mosaic of small, non-overlapping scales approximately 5 mm in diameter. The mosaic was interrupted by large bumps that lined the sides of the animal, and there are no hints of feathers.

The distinctive horns and the muscular neck may have been used in fighting conspecifics. According to separate studies, rivaling individuals may have combated each other with quick head blows, by slow pushes with the upper sides of their skulls, or by ramming each other head-on, using their horns as shock absorbers. The feeding habits of Carnotaurus remain unclear: some studies suggest the animal was able to hunt down very large prey such as sauropods, while other studies find it preyed mainly on relatively small animals. Carnotaurus was well adapted for running and was possibly one of the fastest large theropods.

Timmy Turner: EARTH STYLE NINJA ART: DIMETRODON!

Timmy fired a wave of earth and it formed into the Permian reptilian mammal from 295 million years ago: Dimetrodon!

---

Dimetrodon (/daɪˈmiːtrədɒn/ (About this soundlisten) or /daɪ ˈmɛtrədɒn/, meaning "two measures of teeth") is an extinct genus of non-mammalian synapsid that lived during the Cisuralian (Early Permian), around 295-272 million years ago (Ma). It is a member of the family Sphenacodontidae. The most prominent feature of Dimetrodon is the large neural spine sail on its back formed by elongated spines extending from the vertebrae. It walked on four legs and had a tall, curved skull with large teeth of different sizes set along the jaws. Most fossils have been found in the southwestern United States, the majority coming from a geological deposit called the Red Beds of Texas and Oklahoma. More recently, fossils have been found in Germany. Over a dozen species have been named since the genus was first erected in 1878.

Dimetrodon is often mistaken for a dinosaur or as a contemporary of dinosaurs in popular culture, but it became extinct some 40 million years before the first appearance of dinosaurs. Reptile-like in appearance and physiology, Dimetrodon is nevertheless more closely related to mammals than to modern reptiles, though it is not a direct ancestor of mammals. Dimetrodon is assigned to the "non-mammalian synapsids", a group traditionally called "mammal-like reptiles". This groups Dimetrodon together with mammals in a clade (evolutionary group) called Synapsida, while placing dinosaurs, reptiles and birds in a separate clade, Sauropsida. Single openings in the skull behind each eye, known as temporal fenestrae, and other skull features distinguish Dimetrodon and mammals from most of the earliest sauropsids.

Dimetrodon was probably one of the apex predators of the Cisuralian ecosystems, feeding on fish and tetrapods, including reptiles and amphibians. Smaller Dimetrodon species may have had different ecological roles. The sail of Dimetrodon may have been used to stabilize its spine or to heat and cool its body as a form of thermoregulation. Some recent studies[citation needed] argue that the sail would have been ineffective at removing heat from the body due to large species being discovered with small sails and small species being discovered with large sails, essentially ruling out heat regulation as its main purpose. The sail was most likely used in courtship display with methods such as threatening rivals or showing off to potential mates.

Nantan: WIND STYLE NINJA ART: AUSTRALOPITHECUS AFARENSIS!

Nantan fired a wave of wind and it formed into one of our human ancestors on our evolutionary chain from 3 million years ago: Australopithecus Afarensis!

---

Australopithecus afarensis is an extinct species of australopithecine which lived from about 3.9-2.9 million years ago (mya) in the Pliocene of East Africa. The first fossils were discovered in the 1930s, but major fossil finds would not be discovered until the 1970s. In the 1972-1977 expedition in Hadar, Ethiopia, the International Afar Research Expedition led by anthropologists Maurice Taieb, Donald Johanson, and Yves Coppens unearthed several hundreds of hominin specimens, the most significant being the exceedingly well-preserved skeleton AL 288-1 ("Lucy") and the site AL 333 ("the First Family"). Beginning in 1974, Mary Leakey led an expedition into Laetoli, Tanzania, and recovered notably fossil trackways. In 1978, the species was first described, but this was followed by arguments for splitting the wealth of specimens into different species given the wide range of variation which had been attributed to sexual dimorphism (normal differences between males and females). A. afarensis probably descended from A. anamensis and possibly gave rise to Homo, though the latter hypothesis is not without dissent.

A. afarensis had a tall face, a delicate brow ridge, and prognathism (the jaw jutted outwards). The jawbone was quite robust, similar to that of gorillas. The living size of A. afarensis is debated, with arguments for and against marked size differences between males and females. Lucy measured perhaps 105 cm (3 ft 5 in) in height and 25-37 kg (55-82 lb), but she was rather small for her species. In contrast, a presumed male was estimated at 165 cm (5 ft 5 in) and 45 kg (99 lb). A perceived difference in male and female size may simply be sampling bias. The leg bones as well as the Laetoli fossil trackways suggest A. afarensis was a competent biped, though somewhat less efficient at walking than humans. The arm and shoulder bones have some similar aspects to those of orangutans and gorillas, which has variously been interpreted as either evidence of partial tree-dwelling (arboreality), or basal traits inherited from the human-chimp last common ancestor with no adaptive functionality.

A. afarensis was probably a generalist omnivore of both C3 forest plants and C4 CAM savanna plants-and perhaps creatures which ate such plants-and was able to exploit a variety of different food sources. Similarly, A. afarensis appears to have inhabited a wide range of habitats with no real preference, inhabiting open grasslands or woodlands, shrublands, and lake- or riverside forests. Potential evidence of stone tool use would indicate meat was also a dietary component. Marked sexual dimorphism in primates typically corresponds to a polygynous society and low dimorphism monogamy, but the group dynamics of early hominins is difficult to predict with accuracy. Early hominins may have fallen prey to the large carnivores of the time, such as big cats and hyenas.

Ronnie Anne: JUNGLE STYLE NINJA ART: BRACHIOSAURUS!

Ronnie Anne fired a wave of leaves and grass and it formed into the famous sauropod from 154 million years ago: Brachiosaurus!

---

Brachiosaurus (/ˌbrækiəˈsɔːrəs/) is a genus of sauropod dinosaur that lived in North America during the Late Jurassic, about 154-153 million years ago. It was first described by American paleontologist Elmer S. Riggs in 1903 from fossils found in the Colorado River valley in western Colorado, United States. Riggs named the dinosaur Brachiosaurus altithorax; the generic name is Greek for "arm lizard", in reference to its proportionately long arms, and the specific name means "deep chest". Brachiosaurus is estimated to have been between 18 and 21 meters (59 and 69 ft) long; weight estimates range from 28.3 to 58 metric tons (31.2 and 64 short tons). It had a disproportionately long neck, small skull, and large overall size, all of which are typical for sauropods. Atypically, Brachiosaurus had longer forelimbs than hindlimbs, which resulted in a steeply inclined trunk, and a proportionally shorter tail.

Brachiosaurus is the namesake genus of the family Brachiosauridae, which includes a handful of other similar sauropods. Most popular depictions of Brachiosaurus are in fact based on Giraffatitan, a genus of brachiosaurid dinosaur from the

Tendaguru Formation of Tanzania. Giraffatitan was originally described by German paleontologist Werner Janensch in 1914 as a species of Brachiosaurus, B. brancai, but moved to its own genus in 2009. Three other species of Brachiosaurus have been named based on fossils found in Africa and Europe; two are no longer considered valid, and a third has become a separate genus, Lusotitan.

The type specimen of B. altithorax is still the most complete specimen, and only a few other specimens are thought to belong to the genus, making it one of the rarer sauropods of the Morrison Formation. It is regarded as a high browser, possibly cropping or nipping vegetation as high as 9 meters (30 ft) off the ground. Unlike other sauropods, it was unsuited for rearing on its hindlimbs. It has been used as an example of a dinosaur that was most likely ectothermic because of its large size and the corresponding need for sufficient forage, but more recent research suggests it was warm-blooded. Among the most iconic and initially thought to be one of the largest dinosaurs, Brachiosaurus has appeared in popular culture, notably in the 1993 film Jurassic Park.

Ryan fired a wave of ice and it formed into one of the first giant penguins and ancestor of the Emperor Penguin from 45 million years ago: Anthropornis!

---

Anthropornis is a genus of giant penguin that lived 45-33 million years ago, during the Late Eocene and the earliest part of the Oligocene.[1] It reached 1.8 m (5 ft 11 in) in height and 90 kg (200 lb) in weight. Fossils of it have been found in the La Meseta Formation on Seymour Island off the coast of Antarctica and in New Zealand. By comparison, the largest modern penguin species, the emperor penguin, is just 1.2 m (3 ft 11 in) tall.

The type species, Anthropornis nordenskjoldi, had a bent joint in the wing, probably a carryover from flying ancestors.

Eloá: (Brazilian Accent) JUNGLE STYLE NINJA ART: GASTORNIS!

Eloá fired a wave of leaves and grass and it formed into the terror bird of 56 million years ago: Gastornis!

---

Gastornis is an extinct genus of large flightless birds that lived during the late Paleocene and Eocene epochs of the Cenozoic era. The genus is currently thought to contain three or four distinct species, known from incomplete fossil remains, found in western-central Europe (England, Belgium, France and Germany). More complete specimens are known from a fourth, North American species, which had previously been classified in the distinct genus Diatryma. Many scientists now consider Diatryma to be so similar to the other species of Gastornis that it should also be included in that genus. A fifth species, also previously classified in its own genus, is known from China.

Gastornis species were very large birds, and have traditionally been considered to be predators of small mammals. However, several lines of evidence, including the lack of hooked claws in known Gastornis footprints and studies of their beak structure have caused scientists to reinterpret these birds as herbivores that probably fed on tough plant material and seeds.

Haiku: DARK STYLE NINJA ART: TITANIS TERROR BIRD!

Haiku fired a wave of darkness and it formed into the ferocious giant terror bird of 5 million years ago: Titanis!

Titanis is an extinct genus of giant flightless terror birds that inhabited North America during the early Pliocene to early Pleistocene epochs. The generic name, Titanis, refers to the titans, Ancient Greek gods that preceded the Twelve Olympians, in allusion to the bird's size. The specific name, T. walleri, honors the holotype's collector, Benjamin I. Waller, an avocational underwater archaeologist. Titanis was thought to be carnivorous and most likely preyed on the many small mammals of the time period. This giant flightless bird was one of the most efficient predators of its time in North America.

caronycteris is an extinct genus of microchiropteran (echolocating) bat that lived in the early Eocene, approximately 52.2 million years ago, making it the earliest known definitive bat. Four exceptionally preserved specimens, among the best preserved bat fossils, are known from the Green River Formation of North America. There is only one thoroughly described species of bat in the genus, I. index, although fragmentary material from France has also been tentatively placed within Icaronycteris as the second species I. menui. I. sigei is based on well-preserved fragments of dentaries and lower teeth found in Western India.

Lola: FIRESTORM STYLE NINJA ART: BAJADASAURUS!

Lola fired a wave of fire and it formed into the newly discovered dinosaurs from 140 million years ago: Bajadasaurus!

Bajadasaurus is a genus of sauropod dinosaur from the Early Cretaceous epoch (late Berriasian to Valanginian stages) of northern Patagonia, Argentina. It was first described in 2019 based on a single specimen found in 2010 that includes a largely complete skull and parts of the neck. The only species is Bajadasaurus pronuspinax. The genus is classified as a member of the Dicraeosauridae, a group of comparatively small and short-necked sauropods that lived from the Early or Middle Jurassic to the end of the Early Cretaceous.

Bajadasaurus sported bifurcated, extremely elongated neural spines extending from the neck vertebrae. Similar elongated spines are known from the closely related and more completely known Amargasaurus. Various possible functions have been proposed for these spines in Amargasaurus, with the 2019 description of Bajadasaurus suggesting that they could have served as passive defense against predators in both genera. The skull was gracile and equipped with around 44 teeth that were pencil-shaped and restricted to the front of the jaws. The eye openings of Bajadasaurus were exposed in top view of the skull, possibly allowing the animal to look forwards while feeding. Bajadasaurus was discovered in sedimentary rocks of the Bajada Colorada Formation, and its environment resembled a braided river system. It shared its environment with other dinosaurs including the sauropod Leinkupal and different theropods.

Lily: OCEAN STYLE NINJA ART: MOSASAURUS!

Lily fired a wave of water and it formed into the marine reptile from 87 million years ago: Mosasaurus!

---

Mosasaurus (/ˌmoʊzəˈsɔːrəs/; "lizard of the Meuse River") is the type genus of the mosasaurs, an extinct group of aquatic squamate reptiles. The genus lived from about 82 to 66 million years ago during the Campanian and Maastrichtian stages of the Late Cretaceous. The earliest fossils known to science were found as skulls in a chalk quarry near the Dutch city of Maastricht in the late

1700s, which were initially thought to have been the bones of crocodiles or whales. One particular skull discovered at around 1780, and which was seized during the French Revolutionary Wars for its scientific value and transported to Paris, was famously nicknamed the "great animal of Maastricht". In 1808, naturalist Georges Cuvier concluded that it belonged to a giant marine lizard with similarities to monitor lizards but otherwise unlike any animal known today. This concept was revolutionary at the time and helped support the then-developing ideas of extinction. However, Cuvier did not designate a scientific name for the new animal; this task was completed by William Daniel Conybeare in 1822 when he named it Mosasaurus in reference to its origin in fossil deposits near the Meuse River. The relationships between Mosasaurus and modern reptiles are controversial and scientists continue to debate whether its closest living relatives are monitor lizards or snakes.

Traditional interpretations have estimated the maximum length of Mosasaurus to be up to 17.6 meters (58 ft), making it one of the largest mosasaur genera. Its skull, which was either broad or slender depending on the species, was equipped with robust jaws capable of swinging back and forth and strong muscles capable of powerful bites using dozens of large teeth designed for cutting prey. Its tail was long and ended in a paddle-like fluke that bent downwards. Mosasaurus was a predator that had excellent vision to compensate for its poor sense of smell, and a high metabolic rate that suggests it was warm-blooded, an adaptation found in other mosasaurs but no other squamates. The classification of Mosasaurus was historically problematic due to an unclear diagnosis of the type specimen. As a result, over fifty different species have been attributed to the genus in the past. A rediagnosis of the type specimen in 2017 helped resolve the taxonomy issue and confirmed at least five species to be within the genus and another five species still nominally classified within Mosasaurus are planned to be reassessed in a future study. Each species was variable with unique anatomical features differentiating them from the robustly-built M. hoffmannii to the slender and serpentine M. lemonnieri.

Fossil evidence suggests that Mosasaurus inhabited much of the Atlantic Ocean and the seaways adjacent to it. Continents that have recovered Mosasaurus fossils include North America, South America, Europe, Africa, Western Asia, and Antarctica. This distribution encompassed a wide range of oceanic climates including tropical, subtropical, temperate, and subpolar climates. Mosasaurus was a common large predator in these oceans and a dominant genus positioned at the top of the food chain. Scientists believe that its diet would have included virtually anything; it likely preyed on bony fish, sharks, cephalopods, birds, and other marine reptiles including sea turtles and other mosasaurs. It likely preferred to hunt in open water near the surface. From an ecological standpoint, Mosasaurus probably had a profound impact in the structuring of marine ecosystems; its arrival in some locations such as the Western Interior Seaway in North America has been marked with a complete turnover of faunal assemblages and diversity. Mosasaurus faced competition with other large predatory mosasaurs such as Prognathodon and Tylosaurus-which are known to feed on similar prey-though they were able to coexist in the same ecosystems through niche partitioning. There were conflicts among them, as an attack on Mosasaurus by Tylosaurus has been documented. Several discovered fossils illustrated deliberate attacks on Mosasaurus individuals by another of the same species. Infighting likely took place in the form of snout grappling, similarly seen in modern crocodiles today.

Rainbow Dash fired a wave of wind and it formed into the one of the ancestral eagles from 1.8 million to 700,000 years ago: The Haast's Eagle!

---

The Haast's eagle (Hieraaetus moorei, synonym Harpagornis moorei) is an extinct species of eagle that once lived in the South Island of New Zealand, commonly accepted to be the pouakai of Maori legend. The species was the largest eagle known to have existed, with an estimated weight of 15 kilograms (33 lb) nearly double that of the Harpy eagle at 9 kilograms (20 lb). Its massive size is explained as an evolutionary response to the size of its prey, the flightless moa, the largest of which could weigh 230 kg (510 lb). Haast's eagle became extinct around 1400, after the moa were hunted to extinction by the first Māori.

Shrek: WATER STYLE NINJA ART: DEINOSUCHUS!

Shrek fired a wave of water and it formed into one of the first crocodiles from 82 million years ago: Deinosuchus!

---

Deinosuchus (/ˌdaɪnə'sjuːkəs/) is an extinct genus of crocodilian related to the modern alligator that lived 82 to 73 million years ago (Ma), during the late Cretaceous period. The name translates as "terrible crocodile" and is derived from the Greek deinos (δεινός), "terrible", and soukhos (σοῦχος), "crocodile". The first remains were discovered in North Carolina (United States) in the 1850s; the genus was named and described in 1909. Additional fragments were discovered in the 1940s and were later incorporated into an influential, though inaccurate, skull reconstruction at the American Museum of Natural History. Knowledge of Deinosuchus remains incomplete, but better cranial material found in recent years has expanded scientific understanding of this massive predator.

Although Deinosuchus was far larger than any modern crocodile or alligator, with the largest adults measuring 12 meters (39 ft) in total length, its overall appearance was fairly similar to its smaller relatives. It had large, robust teeth built for crushing, and its back was covered with thick hemispherical osteoderms. One study indicated Deinosuchus may have lived for up to 50 years, growing at a rate similar to that of modern crocodilians, but maintaining this growth over a much longer time.

Deinosuchus fossils have been described from 10 U.S. states, including Texas, Montana, and many along the East Coast. Fossils have also been found in northern Mexico. It lived on both sides of the Western Interior Seaway, and was an opportunistic apex predator in the coastal regions of eastern North America. Deinosuchus reached its largest size in its western habitat, but the eastern populations were far more abundant. Opinion remains divided as to whether these two populations represent separate species. Deinosuchus was probably capable of killing and eating large dinosaurs. It may have also fed upon sea turtles, fish, and other aquatic and terrestrial prey.

---

Gorgosaurus (/ˌɡɔːrɡəˈsɔːrəs/ GOR-gə-SOR-əs; meaning "dreadful lizard") is a genus of tyrannosaurid theropod dinosaur that lived in western North America during the Late Cretaceous Period (Campanian), between about 76.6 and 75.1 million years ago. Fossil remains have been found in the Canadian province of Alberta and possibly the U.S. state of Montana. Paleontologists recognize only the type species, G. libratus, although other species have been erroneously referred to the genus.

Like most known tyrannosaurids, Gorgosaurus was a bipedal predator weighing more than two metric tons as an adult; dozens of large, sharp teeth lined its jaws, while its two-fingered forelimbs were comparatively small. Gorgosaurus was most closely related to Albertosaurus, and more distantly related to the larger Tyrannosaurus. Gorgosaurus and Albertosaurus are extremely similar, distinguished mainly by subtle differences in the teeth and skull bones. Some experts consider G. libratus to be a species of Albertosaurus; this would make Gorgosaurus a junior synonym of that genus.

Gorgosaurus lived in a lush floodplain environment along the edge of an inland sea. It was an apex predator, preying upon abundant ceratopsids and hadrosaurs. In some areas, Gorgosaurus coexisted with another tyrannosaurid, Daspletosaurus. Although these animals were roughly the same size, there is some evidence of niche differentiation between the two. Gorgosaurus is the best-represented tyrannosaurid in the fossil record, known from dozens of specimens. These plentiful remains have allowed scientists to investigate its ontogeny, life history and other aspects of its biology.

Gorgonops (from Greek Γοργὠν 'Gorgon' and ὤψ 'eye, face', literally "Gorgon eye" or "Gorgon face") is an extinct genus of therapsid which lived about 260-254 million years ago, during the Late Permian. It was a typical representative of the suborder Gorgonopsia, the dominant predators of their day, which in the largest forms grew to over three metres long.

Lynn Jr.: EARTH STYLE NINJA ART: LYCAENOPS!

Lynn Jr. fired a wave of earth and it formed into the Permian Therapsid from 270.6 million years ago: Lycaenops!

Lycaenops ("wolf-face") is a genus of carnivorous therapsids. It lived during the late mid-Permian to the early Late Permian, about 270.6-251 mya, in what is now South Africa.

Warren: EARTH STYLE NINJA ART: SCUTOSAURUS!

Warren fired a wave of earth and it formed into the parareptile from 265 million years ago: Scutosaurus!

Scutosaurus ("Shield lizard") was a genus of parareptiles. It was an armor-covered pareiasaur that lived around 265-254 million years ago in Russia, in the later Permian period. Its genus name refers to large plates of armor scattered across its body. It was a large anapsid reptile that, unlike most reptiles, held its legs underneath its body to support its great weight. Fossils have been found in the Sokolki Assemblage Zone of the Malokinelskaya Formation in European Russia, close to the Ural Mountains.

Bart: EARTH STYLE NINJA ART: DINOGORGON!

Bart fired a wave of earth and it formed into the Gorgonopsid from 259 million years ago: Dinogorgon!

---

Dinogorgon is a genus of gorgonopsid from the Late Permian of South Africa and Tanzania. The generic name Dinogorgon is derived from Greek, meaning "terrible gorgon", while its species name rubidgei is taken from the surname of renowned Karoo paleontologist, Professor Bruce Rubidge, who has contributed to much of the research conducted on therapsids of the Karoo Basin. The type species of the genus is D. rubidgei.

Dinogorgon is part of the gorgonopsian subfamily Rubidgeinae, a derived group of large-bodied gorgonopsians restricted to the Late Permian (Lopingian). The Rubidgeinae subfamily first appeared in the Tropidostoma Assemblage Zone, and reached their highest diversity in the Cistecephalus and Daptocephalus assemblage zones of the Beaufort Group in South Africa.

Homer: EARTH STYLE NINJA ART: EDAPHOSAURUS!

Homer fired a wave of earth and it formed into Dimetrodon-like synapsid from 303.4 million years ago: Edaphosaurus!

---

Edaphosaurus (/ˌɛdəfoʊˈsɔːrəs/, meaning "pavement lizard" for dense clusters of teeth) is a genus of extinct edaphosaurid synapsids that lived in what is now North America and Europe around 303.4 to 272.5 million years ago, during the late Carboniferous to early Permian periods. American paleontologist Edward Drinker Cope first described Edaphosaurus in 1882, naming it for the "dental pavement" on both the upper and lower jaws, from the Greek edaphos ἐδαφος ("ground"; also "pavement") and σαῦρος (sauros) ("lizard").

Edaphosaurus is important as one of the earliest-known, large, plant-eating (herbivorous), amniote tetrapods (four-legged land-living vertebrates). In addition to the large tooth plates in its jaws, the most characteristic feature of Edaphosaurus is a sail on its back. A number of other synapsids from the same time period also have tall dorsal sails, most famously the large apex predator Dimetrodon. However, the sail on Edaphosaurus is different in shape and morphology. The first fossils of Edaphosaurus came from the Texas Red Beds in North America, with later finds in New Mexico, Oklahoma, West Virginia, and Ohio. Fragmentary fossils attributed to Edaphosaurus have also been found in eastern Germany in Central Europe.

Tabby: FOREST STYLE NINJA ART: DILOPHOSAURUS!

Tabby fired a wave of leaves and water and it formed into the theropod from 193 million years ago: Dilophosaurus!

---

Dilophosaurus (/daɪˌloʊfəˈsɔːrəs, -foʊ-/ dy-LOHF-o-SOR-əs) is a genus of theropod dinosaurs that lived in what is now North America during the Early Jurassic, about 193 million years ago. Three skeletons were discovered in northern Arizona in 1940, and the two best preserved were collected in 1942. The most complete specimen became the holotype of a new species in the genus Megalosaurus, named M. wetherilli by Samuel P. Welles in 1954. Welles found a larger skeleton belonging to the same species in 1964. Realizing it bore crests on its skull, he assigned the species to the new genus Dilophosaurus in 1970, as Dilophosaurus wetherilli. The genus name means "two-crested lizard", and the species name honors John Wetherill, a Navajo councilor. Further specimens have since been found, including an infant.

Footprints have also been attributed to the animal, including resting traces. Another species, Dilophosaurus sinensis from China, was named in 1993, but was later found to belong to the genus Sinosaurus. It was designated as the state dinosaur of Connecticut based on tracks found there.

At about 7 m (23 ft) in length, with a weight of about 400 kg (880 lb), Dilophosaurus was one of the earliest large predatory dinosaurs and the largest known land-animal in North America at the time. It was slender and lightly built, and the skull was proportionally large, but delicate. The snout was narrow, and the upper jaw had a gap or kink below the nostril. It had a pair of longitudinal, plate-shaped crests on its skull, similar to a cassowary with two crests. The mandible was slender and delicate at the front, but deep at the back. The teeth were long, curved, thin, and compressed sideways. Those in the lower jaw were much smaller than those of the upper jaw. Most of the teeth had serrations at their front and back edges. The neck was long, and its vertebrae were hollow, and very light. The arms were powerful, with a long and slender upper arm bone. The hands had four fingers; the first was short but strong and bore a large claw, the two following fingers were longer and slenderer with smaller claws; the fourth was vestigial. The thigh bone was massive, the feet were stout, and the toes bore large claws.

Dilophosaurus is a member of the family Dilophosauridae along with Dracovenator, a group placed between the Coelophysidae and later theropods. Dilophosaurus would have been active and bipedal, and may have hunted large animals; it could also have fed on smaller animals and fish. Due to the limited range of movement and shortness of the fore limbs, the mouth may instead have made first contact with prey. The function of the crests is unknown; they were too weak for battle, but may have been used in visual display, such as species recognition and sexual selection. It may have grown rapidly, attaining a growth rate of 30 to 35 kg (66 to 77 lb) per year early in life. The holotype specimen had multiple paleopathologies, including healed injuries and signs of a developmental anomaly. Dilophosaurus is known from the Kayenta Formation, and lived alongside dinosaurs such as Megapnosaurus and Sarahsaurus.

Dilophosaurus was featured in the novel Jurassic Park and its movie adaptation, wherein it was given the fictional abilities to spit venom and expand a neck frill, as well as being smaller than the real animal.

Kipo: HORIZON STYLE NINJA ART: AMERICAN LION!

Kipo fired a wave of red and purple energy and it formed into the Ice Age lions from 340,000 to 11,000 years ago: The American Lions!

---

The American lion (Panthera atrox), also known as the "North American lion", or "American cave lion", is an extinct pantherine cat that lived in North America during the Pleistocene epoch and the early Holocene epoch, about 340,000 to 11,000 years ago. Its fossils have been excavated from Alaska to Mexico. Genetic analysis has shown that the American lion and the Late Pleistocene Eurasian cave lion (Panthera spelaea) are sister lineages. It was about 25% larger than the modern lion, making it one of the largest known felids.

Nelson: EARTH STYLE NINJA ART: CAMARASAURUS!

Nelson fired a wave of earth and it formed into the sauropod from 155 million years ago: Camerasaurus!

---

Camarasaurus (/ˌkæmərəˈsɔːrəs/ KAM-ər-ə-SAWR-əs) was a genus of quadrupedal, herbivorous dinosaurs. It was the most common of the giant sauropods to be found in North America. Its fossil remains have been found in the Morrison Formation of Colorado and Utah, dating to the Late Jurassic epoch (Kimmeridgian to Tithonian stages), between 155 and 145 million years ago.

Camarasaurus presented a distinctive cranial profile of a blunt snout and an arched skull that was remarkably square. It likely travelled in herds, or at least in family groups.

The name means "chambered lizard", referring to the hollow chambers in its vertebrae (Greek καμαρα (kamara) meaning "vaulted chamber", or anything with an arched cover, and σαυρος (sauros) meaning "lizard").

Naruto: WIND STYLE NINJA ART: QUETZALCOATLUS!

Naruto fired a wave of wind and it formed into the largest flying reptile that ever lived from 68 million years ago: Quetzalcoatlus!

Quetzalcoatlus /kɛtsəlkoʊˈætləs/ is a pterosaur known from the Late Cretaceous of North America (Maastrichtian stage) and one of the biggest known flying animals of all time. It is a member of the family Azhdarchidae, a family of advanced toothless pterosaurs with unusually long, stiffened necks. Its name comes from the Aztec feathered serpent god, Quetzalcoatl. The type and only species is Q. northropi.

Hinata: ICE STYLE NINJA ART: PACHYRHINOSAURUS!

Hinata fired a wave of ice and it formed into the ceratopsian from 73.5 million years ago: Pachyrhinosaurus!

Pachyrhinosaurus (meaning in Greek "thick-nosed lizard", from Παχυ (pachy), thick; ρινὀ (rinó), nose; and σαυρος (sauros), lizard) is an extinct genus of centrosaurine ceratopsid dinosaur from the Late Cretaceous period of North America. The first examples were discovered by Charles M. Sternberg in Alberta, Canada, in 1946, and named in 1950. Over a dozen partial skulls and a large assortment of other fossils from various species have been found in Alberta and Alaska. A great number were not available for study until the 1980s, resulting in a relatively recent increase of interest in Pachyrhinosaurus.

Three species have been identified. P. lakustai, from the Wapiti Formation, the bonebed horizon of which is roughly equivalent age to the upper Bearpaw and lower Horseshoe Canyon Formations, is known to have existed from about 73.5-72.5 million years ago. P. canadensis is younger, known from the lower Horseshoe Canyon Formation, about 71.5-71 Ma ago and the St. Mary River Formation.

Fossils of the youngest species, P. perotorum, have been recovered from the Prince Creek Formation of Alaska, and date to 70-69 Ma ago. The presence of three known species makes this genus the most speciose among the centrosaurines.

Kiba: EARTH STYLE NINJA ART: POSTOSUCHUS!

Kiba fired a wave of earth and it formed into the rauisuchid from 221 million years ago: Postosuchus!

---

Postosuchus, meaning "Crocodile from Post", is an extinct genus of rauisuchid reptiles comprising two species, P. kirkpatricki and P. alisonae, that lived in what is now North America during the Late Triassic. Postosuchus is a member of the clade Pseudosuchia, the lineage of archosaurs that includes modern crocodilians (the other main group of archosaurs is Avemetatarsalia, the lineage that includes non-avian dinosaurs and their descendants, birds). Its name refers to Post Quarry, a place in Texas where many fossils of the type species, P. kirkpatricki, were found. It was one of the apex predators of its area during the Triassic, larger than the small dinosaur predators of its time (such as Coelophysis). It was a hunter which probably preyed on large large bulky herbivores like dicynodonts and many other creatures smaller than itself (such as early dinosaurs).

The skeleton of Postosuchus is large and robust with a deep skull and a long tail. The total body length is about 4 to 5 metres (13 to 16 ft). The extreme shortness of the forelimbs relative to the hind limbs, the very small hands, and measurements of the vertebrae suggest that Postosuchus may have been committed to bipedal locomotion.

Rock Lee: EARTH STYLE NINJA ART: MOSCHOPS!

Rock Lee fired a wave of earth and it formed into the therapsid from 265 million years ago: Moschops!

---

Moschops (Greek for "calf face") is an extinct genus of therapsids that lived in the Guadalupian epoch, around 265-260 million years ago. They were heavily built plant eaters, and they may have lived partly in water, as hippopotamuses do. They had short, thick heads and might have competed by head-butting each other. Their elbow joints allowed them to walk with a more mammal-like gait rather than crawling. Their remains were found in the Karoo region of South Africa, belonging to the Tapinocephalus Assemblage Zone. Therapsids, such as Moschops, are synapsids, the dominant land animals in the Permian period, which ended 252 million years ago.

Tenten: EARTH STYLE NINJA ART: ANKYLOSAURUS!

Tenten fired a wave of earth and it formed into the armored dinosaur from 68 million years ago: Ankylosaurus!

---

Ankylosaurus is a genus of armored dinosaur. Its fossils have been found in geological formations dating to the very end of the Cretaceous Period, about 68-66 million years ago, in western North America, making it among the last of the non-avian dinosaurs. It was named by Barnum Brown in 1908; the only species in the genus is A. magniventris. The genus name means "fused lizard", and the specific name means "great belly". A handful of specimens have been excavated to date, but a complete skeleton has not been discovered. Though other members of Ankylosauria are represented by more extensive fossil material, Ankylosaurus is often considered the archetypal member of its group, despite having some unusual features.

Possibly the largest-known ankylosaurid, Ankylosaurus is estimated to have been between 6 and 8 meters (20 and 26 ft) long and to have weighed between 4.8 and 8 metric tons (5.3 and 8.8 short tons). It was quadrupedal, with a broad, robust body. It had a wide, low skull, with two horns pointing backward from the back of the head, and two horns below these that pointed backward and down. Unlike other ankylosaurs, its nostrils faced sideways rather than towards the front. The front part of the jaws was covered in a beak, with rows of small, leaf-shaped teeth farther behind it. It was covered in armor plates, or osteoderms, with bony half-rings covering the neck, and had a large club on the end of its tail. Bones in the skull and other parts of the body were fused, increasing their strength, and this feature is the source of the genus name.

Ankylosaurus is a member of the family Ankylosauridae, and its closest relatives appear to be Anodontosaurus and Euoplocephalus. Ankylosaurus is thought to have been a slow-moving animal, able to make quick movements when necessary. Its broad muzzle indicates it was a non-selective browser. Sinuses and nasal chambers in the snout may have been for heat and water balance or may have played a role in vocalization. The tail club is thought to have been used in defense against predators or in intraspecific combat. Ankylosaurus has been found in the Hell Creek, Lance, Scollard, Frenchman, and Ferris formations, but appears to have been rare in its environment. Although it lived alongside a nodosaurid ankylosaur, their ranges and ecological niches do not appear to have overlapped, and Ankylosaurus may have inhabited upland areas. Ankylosaurus also lived alongside dinosaurs such as Tyrannosaurus, Triceratops, and Edmontosaurus.

Ino: FIRE STYLE NINJA ART: MASSOSPONDYLUS!

Ino fired a wave of fire and it formed into the sauropodomorph dinosaur from 200 million years ago: Massospondylus!

---

Massospondylus (/ˌmæsoʊˈspɒndɪləs/ mas-oh-SPON-di-ləs; from Greek, μάσσων (massōn, "longer") and σπόνδυλος (spondylos, "vertebra")) is a genus of sauropodomorph dinosaur from the Early Jurassic Period (Hettangian to Pliensbachian ages, ca. 200-183 million years ago). It was described by Sir Richard Owen in 1854 from remains discovered in South Africa, and is thus one of the first dinosaurs to have been named. Fossils have since been found at other locations in South Africa, Lesotho, and Zimbabwe. Material from Arizona's Kayenta Formation, India, and Argentina has been assigned to this genus at various times, but the Arizonan and Argentinian material are now assigned to other genera.

The type species is M. carinatus; seven other species have been named during the past 150 years, but only M. kaalae among these is still considered valid. Early sauropodomorphs systematics have undergone numerous revisions during the last several years, and many scientists disagree where exactly Massospondylus lies on the dinosaur evolutionary tree. The family name Massospondylidae was once coined for the genus, but because knowledge of early sauropodomorph relationships is in a state of flux, it is unclear which other dinosaurs-if any-belong in a natural grouping of massospondylids; several 2007 papers support the family's validity.

Although Massospondylus was long depicted as quadrupedal, a 2007 study found it to be bipedal. It was probably a plant eater (herbivore), although it is speculated that the early sauropodomorphs may have been omnivorous. This animal, which was 4-6 metres (13-20 ft) long, had a long neck and tail, with a small head and slender body. On each of its forefeet, it bore a sharp thumb claw that was used in defense or feeding. Recent studies indicate that Massospondylus grew steadily throughout its lifespan, possessed air sacs similar to those of birds, and may have cared for its young.

Haku: ICE STYLE NINJA ART: AMERICAN MASTODON!

Haku fired a wave of ice and it formed into the ancestral elephant of the Great Ice Age from 5.3 million to 10,000 years ago: The American Mastodon!

---

A mastodon (Greek: μαστός "breast" and ὀδούς, "tooth") is any proboscidean belonging to the extinct genus Mammut (family Mammutidae) that inhabited North and Central America during the late Miocene or late Pliocene up to their extinction at the end of the Pleistocene 10,000 to 11,000 years ago. Mastodons lived in herds and were predominantly forest-dwelling animals that lived on a mixed diet obtained by browsing and grazing, somewhat similar to their distant relatives, modern elephants, but probably with greater emphasis on browsing.

M. americanum, the American mastodon, and M. pacificus, the Pacific mastodon, are the youngest and best-known species of the genus. Mastodons disappeared from North America as part of a mass extinction of most of the Pleistocene megafauna, widely believed to have been caused by overexploitation by Clovis hunters.

Sasuke: LIGHTNING STYLE NINJA ART: COMPSOGNATHUS!

Sasuke fired a wave of lightning and it formed into the fast carnivore from 150.8 million years ago: Compsognathus!

---

Compsognathus (/kɒmp'sɒgnəθəs/; Greek kompsos/κομψός; "elegant", "refined" or "dainty", and gnathos/γνάθος; "jaw") is a genus of small, bipedal, carnivorous theropod dinosaur. Members of its single species Compsognathus longipes could grow to around the size of a turkey. They lived about 150 million years ago, during the Tithonian age of the late Jurassic period, in what is now Europe. Paleontologists have found two well-preserved fossils, one in Germany in the 1850s and the second in France more than a century later. Today, C. longipes is the only recognized species, although the larger specimen discovered in France in the 1970s was once thought to belong to a separate species and named C. corallestris.

Many presentations still describe Compsognathus as "chicken-sized" dinosaurs because of the size of the German specimen, which is now believed to be a juvenile. Compsognathus longipes is one of the few dinosaur species whose diet is known with certainty: the remains of small, agile lizards are preserved in the bellies of both specimens. Teeth discovered in Portugal may be further fossil remains of the genus.

Although not recognized as such at the time of its discovery, Compsognathus is the first theropod dinosaur known from a reasonably complete fossil skeleton. Until the 1990s, it was the smallest-known non-avialan dinosaur, with the preceding centuries incorrectly labelling them as the closest relative of Archaeopteryx.

Fu: ARTHROPOD STYLE NINJA ART: BRONTOSCORPIO!

Fu fired a wave of energy and it formed into the Silurian early scorpions from over 423 million years ago: Brontoscorpio!

---

Brontoscorpio anglicus is a species of fossil scorpion. Its remains were discovered in Upper Silurian-aged sandstone from Trimpley, Worcestershire, and the species was described on the basis of an incomplete single free finger of a pedipalp, almost 10 centimetres (3.9 in) long. The complete animal is estimated to have been at least 90 centimetres (35 in) long.

The remains were found in terrestrial sediments, but it is believed, that due to its size, Brontoscorpio had to enter the water to molt. Possibly it lived a semi or fully aquatic life.

Shino fired a wave of energy and it formed into the Carboniferous Trilobite from 345 million years ago: Arthropleura!

Arthropleura (Greek for jointed ribs) is a genus of extinct millipede arthropods that lived in what is now northeastern North America and Scotland around 345 to 295 million years ago, from the Viséan stage of the lower Carboniferous Period to the Asselian stage of the lower Permian Period. The larger species of the genus are the largest known land invertebrates of all time, and would have had few, if any, predators.

Zabuza: WATER STYLE NINJA ART: SARCOSUCHUS!

Zabuza fired a wave of water and it formed into the largest crocodilian dinosaur ever known from 133 million years ago: Sarcosuchus!

---

Sarcosuchus (/ˌsɑːrkoʊˈsuːkəs/; meaning "flesh crocodile") is an extinct genus of crocodyliform and distant relative of living crocodylians that lived during the Early Cretaceous, from the late Hauterivian to the early Albian, 133 to 112 million years ago of what is now Africa and South America. It was one of the largest crocodile-line reptiles, reaching an average estimate of 9 m (30 ft) and 3.5 metric tons (3.9 short tons), but estimated to grow up to 9.5 m (31 ft) in body length and weigh up to 4.3 metric tons (4.7 short tons). It is known from two species, S. imperator from the early Albian Elrhaz Formation of Niger and S. hartti from the Late Hauterivian of northeastern Brazil, other material is known from Morocco and Tunisia and possibly Libya and Mali.

The first remains were discovered during several expeditions led by the French paleontologist Albert-Félix de Lapparent, spanning from 1946 to 1959, in the Sahara. These remains were fragments of the skull, vertebrae, teeth, and scutes. In 1964, an almost complete skull was found in Niger by the French CEA, but it was not until 1997 and 2000 that most of its anatomy became known to science, when an expedition led by the American paleontologist Paul Sereno discovered six new specimens, including one with about half the skeleton intact and most of the spine.

Kabuto: WATER STYLE NINJA ART: PARASAUROLOPHUS!

Kabuto fired a wave of water and it formed into a herd of beautiful hadrosaurs from 76.5 million years ago: Parasaurolophus!

---

Parasaurolophus (/ˌpærəsɔːˈrɒləfəs, -ˌsɔːrəˈloʊfəs/; meaning "near crested lizard" in reference to Saurolophus) is a genus of herbivorous ornithopod dinosaur that lived in what is now North America and possibly Asia during the Late Cretaceous Period, about 76.5-73 million years ago. It was an herbivore that walked both as a biped and as a quadruped. Three species are universally recognized: P. walkeri (the type species), P. tubicen, and the short-crested P. cyrtocristatus. Additionally, a fourth species, P. jiayensis, has been proposed, although it is more commonly placed in the separate genus Charonosaurus. Remains are known from Alberta (Canada), New Mexico and Utah (United States), and possibly Heilongjiang, (China). The genus was first described in 1922 by William Parks from a skull and partial skeleton found in Alberta.

Parasaurolophus was a hadrosaurid, part of a diverse family of Cretaceous dinosaurs known for their range of bizarre head adornments. This genus is known for its large, elaborate cranial crest, which at its largest forms a long curved tube projecting upwards and back from the skull. Charonosaurus from China, which may have been its closest relative, had a similar skull and potentially a similar crest. Visual recognition of both species and sex, acoustic resonance, and thermoregulation have been proposed as functional explanations for the crest. It is one of the rarer hadrosaurids, known from only a handful of good specimens.

Finn: WATER STYLE NINJA ART: LAMBEOSAURUS!

Finn fired a wave of water and it formed into a heard of hadrosaurs from 76 million years ago: Lambeosaurus!

Lambeosaurus (/ˌlæmbioʊˈsɔːrəs/ LAM-bee-o-SAWR-əs; meaning "Lambe's lizard") is a genus of hadrosaurid dinosaur that lived about 75 million years ago, in the Late Cretaceous period (Campanian stage) of North America. This bipedal/quadrupedal, herbivorous dinosaur is known for its distinctive hollow cranial crest, which in the best-known species resembled a hatchet. Several possible species have been named, from Canada, the United States, and Mexico, but only the two Canadian species are currently recognized as valid.

Material relevant to the genus was first named by Lawrence Lambe in 1902. Over twenty years later, the modern name was coined in 1923 by William Parks, in honour of Lambe, based on better preserved specimens. The genus has a complicated taxonomic history, in part because small-bodied crested hadrosaurids now recognized as juveniles were once thought to belong to their own genera and species. Currently, the various skulls assigned to the type species L. lambei are interpreted as showing age differences and sexual dimorphism. Lambeosaurus was closely related to the better known Corythosaurus, which is found in slightly older rocks, as well as the less well-known genera Hypacrosaurus and Olorotitan. All had unusual crests, which are now generally assumed to have served social functions like noisemaking and recognition.

Jake the Dog: WATER STYLE NINJA ART: TSINTAOSAURUS!

Jake fired a wave of water and it formed into a herd of hadrosaurs from 70 million years ago: Tsintaosaurus!

---

Tsintaosaurus (/tʃɪŋdaʊˈsɔːrəs/; meaning "Qingdao lizard", after the old transliteration "Tsingtao") is a genus of hadrosaurid dinosaur from China. It was about 8.3 metres (27 ft) long and weighed 2.5 tonnes. The type species is Tsintaosaurus spinorhinus, first described by Chinese paleontologist C. C. Young in 1958.

A hadrosaur, Tsintaosaurus had a characteristic 'duck bill' snout and a battery of powerful teeth which it used to chew vegetation. It usually walked on all fours, but could rear up on its hind legs to scout for predators and flee when it spotted one. Like other hadrosaurs, Tsintaosaurus probably lived in herds.

Flame Princess: FIRE STYLE NINJA ART: CARCHARODONTOSAURUS!

Flame Princess fired a wave of fire and it formed into theropod from 100 million years ago: Carcharodontosaurus!

---

Carcharodontosaurus /ˌkɑːrkəroʊˌdɒntoʊˈsɔːrəs/ is a genus of carnivorous carcharodontosaurid dinosaurs that existed during the Cenomanian stage of the mid-Cretaceous Period in Northern Africa. It is currently known to include two species: C. saharicus and C. iguidensis, which are among the larger theropods, nearly as large as or even larger than Tyrannosaurus, Giganotosaurus, and Spinosaurus.

The genus Carcharodontosaurus is named after the shark genus Carcharodon, itself composed of the Greek karchar[os] (κάρχαρος, meaning "jagged" or "sharp") and odōn (ὀδών, "teeth"), and the suffix -saurus ("lizard").

Mario: (Italian Accent) WATER STYLE NINJA ART: CORYTHOSAURUS!

Mario fired a wave of water and it formed into the hadrosaur from 77 million years ago: Corythosaurus!

Corythosaurus /ˌkɒrɪθoʊˈsɔːrəs/ is a genus of hadrosaurid "duck-billed" dinosaur from the Upper Cretaceous Period, about 77-75.7 million years ago. It lived in what is now North America. Its name means "helmet lizard", derived from Greek κόρυς. It was named and described in 1914 by Barnum Brown. Corythosaurus is now thought to be a lambeosaurine, related to Nipponosaurus, Velafrons, Hypacrosaurus, and Olorotitan. Corythosaurus has an estimated length of 9 metres (30 ft), and has a skull, including the crest, that is 70.8 centimetres (27.9 in; 2.32 ft) tall.

Corythosaurus is known from many complete specimens, including the nearly complete holotype found by Brown in 1911. The holotype skeleton is only missing the last section of the tail, and part of the forelimbs, but was preserved with impressions of polygonal scales. Corythosaurus is known from many skulls with tall crests. The crests resemble the crests of the cassowary and a Corinthian helmet. The most likely function of the crest is thought to be vocalization. As in a trombone, sound waves would travel through many chambers in the crest, and then get amplified when Corythosaurus exhaled. A Corythosaurus specimen has been preserved with its last meal in its chest cavity. Inside the cavity were remains of conifer needles, seeds, twigs, and fruits: Corythosaurus probably fed on all of these.

The two species of Corythosaurus are both present in slightly different levels of the Dinosaur Park Formation. Both still co-existed with theropods and other ornithischians, like Daspletosaurus, Brachylophosaurus, Parasaurolophus, Scolosaurus, and Chasmosaurus.

Meganeura is a genus of extinct insects from the Carboniferous period (approximately 300 million years ago), which resembled and are related to the present-day dragonflies. With wingspans ranging from 65 cm (25.6 in) to over 70 cm (28 in), M. monyi is one of the largest-known flying insect species. Meganeura were predatory, with their diet mainly consisting of other insects.

Wing venation of Meganeura monyi, redrawn after Brongniart (1893, Pl. XLI)

Fossils were discovered in the French Stephanian Coal Measures of Commentry in 1880. In 1885, French paleontologist Charles Brongniart described and named the fossil "Meganeura" (large-nerved), which refers to the network of veins on the insect's wings. Another fine fossil specimen was found in 1979 at Bolsover in Derbyshire. The holotype is housed in the National Museum of Natural History, in Paris.

Mei Terumi: OCEAN STYLE NINJA ART: MEGALODON!

Mei fired a wave of water and it formed into the largest and most meanest shark ever to swim the ocean and the ancestor of the Great White Shark from 23 million years ago.

---

Megalodon (Carcharocles megalodon), meaning "big tooth", is an extinct species of shark that lived approximately 23 to 3.6 million years ago (mya), during the Early Miocene to the Pliocene. It was formerly thought to be a member of the family Lamnidae and a close relative of the great white shark (Carcharodon carcharias). However, it is now classified into the extinct family Otodontidae, which diverged from the great white shark during the Early Cretaceous. Its genus placement is still debated, authors placing it in either Carcharocles, Megaselachus, Otodus, or Procarcharodon. This is because transitional fossils have been found showing that Megalodon is the final chronospecies of a lineage of giant sharks originally of the genus Otodus which evolved during the Paleocene.

While regarded as one of the largest and most powerful predators to have ever lived, megalodon is known from fragmentary remains, and its appearance and maximum size are uncertain. Scientists differ on whether it would have more closely resembled a stockier version of the great white shark, the basking shark (Cetorhinus maximus) or the sand tiger shark (Carcharias taurus). Most estimates of megalodon's size extrapolate from teeth; with maximum length estimates up to 18 meters (59 ft) and average length estimates of 10.5 meters (34 ft). Estimates suggest their large jaws could exert a bite force of up to 110,000 to 180,000 newtons (25,000 to 40,000 lbf). Their teeth were thick and robust, built for grabbing prey and breaking bone.

Megalodon probably had a major impact on the structure of marine communities. The fossil record indicates that it had a cosmopolitan distribution. It probably targeted large prey, such as whales, seals and sea turtles. Juveniles inhabited warm coastal waters and fed on fish and small whales. Unlike the great white, which attacks prey from the soft underside, megalodon probably used its strong jaws to break through the chest cavity and puncture the heart and lungs of its prey.

The animal faced competition from whale-eating cetaceans, such as Livyatan and other macroraptorial sperm whales and possibly smaller ancestral killer whales. As the shark preferred warmer waters, it is thought that oceanic cooling associated with the onset of the ice ages, coupled with the lowering of sea levels and resulting loss of suitable nursery areas, may have also contributed to its decline. A reduction in the diversity of baleen whales and a shift in their distribution toward polar regions may have reduced megalodon's primary food source. A 2019 study reviewed newer evidence suggesting that competition from the modern great white shark may have also contributed to the extinction of megalodon, coupled with range fragmentation resulting in a gradual, asynchronous extinction as a result of cooling oceans around 3.6-4 million years ago, far earlier than previously assumed. The extinction of the shark appeared to affect other animals; for example, the size of baleen whales increased significantly after the shark had disappeared.

Carol: EARTH STYLE NINJA ART: STEGOSAURUS!

Carol fired a wave of Earth and it formed into the awesome dinosaur from 155 million years ago: Stegosaurus!

Stegosaurus (/ˌstɛgəˈsɔːrəs/), from Greek stegos (στέγος), which means roof, and sauros (σαῦρος), which means lizard, is a genus of herbivorous thyreophoran dinosaur. Fossils of this genus date to the Late Jurassic period, where they are found in Kimmeridgian to early Tithonian aged strata, between 155 and 150 million years ago, in the western United States and Portugal. Of the species that have been classified in the upper Morrison Formation of the western US, only three are universally recognized; S. stenops, S. ungulatus and S. sulcatus. The remains of over 80 individual animals of this genus have been found. Stegosaurus would have lived alongside dinosaurs such as Apatosaurus, Diplodocus, Brachiosaurus, Allosaurus, and Ceratosaurus; the latter two may have preyed on it.

These were large, heavily built, herbivorous quadrupeds with rounded backs, short fore limbs, long hind limbs, and tails held high in the air. Due to their distinctive combination of broad, upright plates and tail tipped with spikes, Stegosaurus is one of the most recognizable kinds of dinosaurs. The function of this array of plates and spikes has been the subject of much speculation among scientists. Today, it is generally agreed that their spiked tails were most likely used for defense against predators, while their plates may have been used primarily for display, and secondarily for thermoregulatory functions. Stegosaurus had a relatively low brain-to-body mass ratio. It had a short neck and a small head, meaning it most likely ate low-lying bushes and shrubs. One species, Stegosaurus ungulatus, is the largest known of all the stegosaurians (bigger than related dinosaurs such as Kentrosaurus and Huayangosaurus).

Stegosaurus remains were first identified during the "Bone Wars" by Othniel Charles Marsh at Dinosaur Ridge National Landmark. The first known skeletons were fragmentary and the bones were scattered, and it would be many years before the true appearance of these animals, including their posture and plate arrangement, became well understood. Despite its popularity in books and film, mounted skeletons of Stegosaurus did not become a staple of major natural history museums until the mid-20th century, and many museums have had to assemble composite displays from several different specimens due to a lack of complete skeletons. Stegosaurus is one of the better-known dinosaurs, and has been featured in film, postal stamps, and many other types of media.

Beast Boy: EARTH STYLE NINJA ART: TRICERATOPS!

Beast Boy fired a wave of earth and it formed into the fierce dinosaur from 68 million years ago: Triceratops!

---

Triceratops is a genus of herbivorous ceratopsid dinosaur that first appeared during the late Maastrichtian stage of the late Cretaceous period, about 68 million years ago (mya) in what is now North America. It is one of the last known non-avian dinosaur genera, and became extinct in the Cretaceous-Paleogene extinction event 66 million years ago. The name Triceratops, which literally means "three-horned face", is derived from the Ancient Greek words τρί- (tri-) meaning "three", κέρας (kéras) meaning "horn", and ὤψ (ōps) meaning "face".

Triceratops has been documented by numerous remains collected since the genus was first described in 1889 by Othniel Charles Marsh. Specimens representing life stages from hatchling to adult have been found. As the archetypal ceratopsid, Triceratops is one of the most popular dinosaurs, and has been featured in film, postal stamps, and many other types of media.

Bearing a large bony frill and three horns on the skull, and its large four-legged body possessing similarities with the modern rhinoceros, Triceratops is one of the most recognizable of all dinosaurs and the best-known ceratopsid. It was also one of the largest, up to 9 meters (29.5 ft) long and 12 metric tons (13 short tons) in weight. It shared the landscape with and was probably preyed upon by Tyrannosaurus, though it is less certain that the two did battle in the fanciful manner often depicted in museum displays and popular images. The functions of the frills and three distinctive facial horns on its head have long inspired debate. Traditionally, these have been viewed as defensive weapons against predators. More recent interpretations find it probable that these features were primarily used in species identification, courtship and dominance display, much like the antlers and horns of modern ungulates.

Triceratops was traditionally placed within the "short-frilled" ceratopsids but modern cladistic studies show it to be a member of the Chasmosaurinae which usually have long frills. Two species, T. horridus and T. prorsus, are considered valid today, from the seventeen species that have ever been named. Research published in 2010 concluded that the contemporaneous Torosaurus, a ceratopsid long regarded as a separate genus, represents Triceratops in its mature form. This view was immediately disputed with examination of more fossil evidence needed to settle the debate.

Linka: EARTH STYLE NINJA ART: TOROSAURUS!

Linka fired a wave of earth and it formed into the ceratopsian from 68 million years ago: Torosaurus!

---

Torosaurus ("perforated lizard", in reference to the large openings in its frill) is a genus of herbivorous ceratopsid dinosaur that lived during the late Maastrichtian stage of the Cretaceous period, between 68 and 66 million years ago, though it is possible that the species range might extend to as far as 69 million years ago. Fossils have been discovered across the Western Interior of North America, from Saskatchewan to southern Texas.

Torosaurus possessed one of the largest skulls of any known land animal. The frilled skull reached up to 2.77 metres (9.1 ft) in length. From head to tail, Torosaurus is thought to have measured about 8 to 9 m (26 to 30 ft) long and weighed four to six tonnes. Torosaurus is distinguished from the contemporary Triceratops by an elongate frill with large openings (fenestrae), long squamosal bones of the frill with a trough on their upper surface, and the presence of five or more pairs of hornlets (epoccipitals) on the back of the frill. Torosaurus also lacked the long nose horn seen in Triceratops prorsus, and instead resembled the earlier and more basal Triceratops horridus in having a short nose horn. Three species have been named, Torosaurus latus, T. gladius and T. utahensis. T. gladius is no longer considered a valid species, however.

In 2010, the validity of Torosaurus was disputed. A study of fossil bone histology combined with an investigation of frill shape concluded that Torosaurus probably represented the mature form of Triceratops, with the bones of typical Triceratops specimens still immature and showing signs of a first development of distinct Torosaurus frill holes. During maturation, the skull frill would have been greatly lengthened and holes would have appeared in it. In 2011, 2012 and 2013 however, studies of external features of known specimens have claimed that morphological differences between the two genera preclude their synonymy. The main problems are a lack of good transitional forms, the apparent existence of authentic Torosaurus subadults, different skull proportions independent of maturation and the assertion that hole formation at an adult stage is not part of a normal ceratopsian maturation sequence.

Paula: EARTH STYLE NINJA ART: NASUTOCERATOPS!

Paula fired a wave of earth and it formed into the ceratopsian from 75.9 million years ago: Nasutoceratops!

---

Nasutoceratops is an extinct genus of ceratopsian dinosaur. It is a basal centrosaurine which lived during the Late Cretaceous Period (late Campanian, about 76.0-75.5 Ma). Fossils have been found in southern Utah, United States. Nasutoceratops was a large, ground-dwelling, quadrupedal herbivore with a short snout and unique rounded horns above its eyes that have been likened to those of modern cattle. Extending almost to the tip of its snout, these horns are the longest of all the members of the centrosaurine subfamily. The presence of pneumatic elements in the nasal bones of Nasutoceratops are a unique trait and are unknown in any other ceratopsid. Nasutoceratops, Diabloceratops, and Machairoceratops are the only three centrosaurine dinosaurs from the American southwest.

Hulk: EARTH STYLE NINJA ART: STYRACOSAURUS!

Hulk fired a wave of earth and it formed into the ceratopsian from 75.5 million years ago: Styracosaurus!

---

Styracosaurus (/stɪˌrækəˈsɔːrəs/ sti-RAK-ə-SOR-əs; meaning "spiked lizard" from the Ancient Greek styrax/στύραξ "spike at the butt-end of a spear-shaft" and sauros/σαῦρος "lizard") is a genus of herbivorous ceratopsian dinosaur from the Cretaceous Period (Campanian stage), about 75.5 to 75 million years ago. It had four to six long parietal spikes extending from its neck frill, a smaller jugal horn on each of its cheeks, and a single horn protruding from its nose, which may have been up to 60 centimetres (2 feet) long and 15 centimetres (6 inches) wide. The function or functions of the horns and frills have been debated for many years.

Styracosaurus was a relatively large dinosaur, reaching lengths of 5.5 metres (18 feet) and weighing nearly 3 tonnes. It stood about 1.8 meters (5.9 feet) tall. Styracosaurus possessed four short legs and a bulky body. Its tail was rather short. The skull had a beak and shearing cheek teeth arranged in continuous dental batteries, suggesting that the animal sliced up plants. Like other ceratopsians, this dinosaur may have been a herd animal, travelling in large groups, as suggested by bonebeds.

Named by Lawrence Lambe in 1913, Styracosaurus is a member of the Centrosaurinae. One species, S. albertensis, is currently assigned to Styracosaurus. Another species, S. ovatus, named in 1930 by Charles Gilmore was reassigned to a new genus, Rubeosaurus, by Andrew McDonald and Jack Horner in 2010.

She-Hulk: EARTH STYLE NINJA ART: PACHYCEPHALOSAURUS!

She-Hulk fired a wave of earth and it formed into the ramming dinosaur from 70 million years ago: Pachycephalosaurus!

Pachycephalosaurus (/ˌpækɪˌsɛfələˈsɔːrəs/; meaning "thick-headed lizard," from Greek pachys-/παχύς- "thick", kephale/κεφαλή "head" and sauros/σαῦρος "lizard") is a genus of pachycephalosaurid dinosaurs. The type species, P. wyomingensis, is the only known species. It lived during the Late Cretaceous Period (Maastrichtian stage) of what is now North America. Remains have been excavated in Montana, South Dakota, Wyoming and Alberta. It was a herbivorous creature which is primarily known from a single skull and a few extremely thick skull roofs, though more complete fossils have been found in recent years. Pachycephalosaurus was one of the last non-avian dinosaurs before the Cretaceous-Paleogene extinction event. Another dinosaur, Tylosteus of western North America, has been synonymized with Pachycephalosaurus, as have the genera Stygimoloch and Dracorex in recent studies.

Like other pachycephalosaurids, Pachycephalosaurus was a bipedal herbivore with an extremely thick skull roof. It possessed long hindlimbs and small forelimbs. Pachycephalosaurus is the largest-known pachycephalosaur. The thick skull domes of Pachycephalosaurus and related genera gave rise to the hypothesis that pachycephalosaurs used their skulls in intra-species combat. This hypothesis has been disputed in recent years.

Rarity: CRYSTAL STYLE NINJA ART: PLATEOSAURUS!

Rarity fired a wave of crystal and it formed into the protosauropod from 214 million years ago: Plateosaurus!

---

Plateosaurus (probably meaning "broad lizard", often mistranslated as "flat lizard") is a genus of plateosaurid dinosaur that lived during the Late Triassic period, around 214 to 204 million years ago, in what is now Central and Northern Europe and Greenland, North America. Plateosaurus is a basal (early) sauropodomorph dinosaur, a so-called "prosauropod". As of 2011, two species are recognised: the type species P. engelhardti from the late Norian and Rhaetian, and the slightly earlier P. gracilis from the lower Norian. However, others have been assigned in the past, and there is no broad consensus on the species taxonomy of plateosaurid dinosaurs. Similarly, there are a plethora of synonyms (invalid duplicate names) at the genus level.

Discovered in 1834 by Johann Friedrich Engelhardt and described three years later by Hermann von Meyer, Plateosaurus was the fifth named dinosaur genus that is still considered valid. Although it had been described before Richard Owen formally named Dinosauria in 1842, it was not one of the three genera used by Owen to define the group, because at the time, it was poorly known and difficult to identify as a dinosaur. It is now among the dinosaurs best known to science: over 100 skeletons have been found, some of them nearly complete. The abundance of its fossils in Swabia, Germany, has led to the nickname Schwäbischer Lindwurm (Swabian lindworm).

Plateosaurus was a bipedal herbivore with a small skull on a long, flexible neck, sharp but plump plant-crushing teeth, powerful hind limbs, short but muscular arms and grasping hands with large claws on three fingers, possibly used for defence and feeding. Unusually for a dinosaur, Plateosaurus showed strong developmental plasticity: instead of having a fairly uniform adult size, fully grown individuals were between 4.8 and 10 metres (16 and 33 ft) long and weighed between 600 and 4,000 kilograms (1,300 and 8,800 lb). Commonly, the animals lived for at least 12 to 20 years, but the maximum life span is not known.

Despite the great quantity and excellent quality of the fossil material, Plateosaurus was for a long time one of the most misunderstood dinosaurs. Some researchers proposed theories that were later shown to conflict with geological and palaeontological evidence, but have become the paradigm of public opinion. Since 1980 the taxonomy (relationships), taphonomy (how the animals became embedded and fossilised), biomechanics (how their skeletons worked), and palaeobiology (life circumstances) of Plateosaurus have been re-studied in detail, altering the interpretation of the animal's biology, posture and behaviour.

Kentrosaurus (/ˌkɛntroʊˈsɔːrəs/ KEN-tro-SAWR-əs) is a genus of stegosaurian dinosaur from the Late Jurassic of Tanzania. The type species is K. aethiopicus, named and described by German palaeontologist Edwin Hennig in 1915. Often thought to be a "primitive" member of the Stegosauria, several recent cladistic analyses find it as more derived than many other stegosaurs, and a close relative of Stegosaurus from the North American Morrison Formation within the Stegosauridae.

Fossils of K. aethiopicus have been found only in the Tendaguru Formation, dated to the late Kimmeridgian and early Tithonian ages, about 152 million years ago. Hundreds of bones were unearthed by German expeditions to German East Africa between 1909 and 1912. Although no complete skeletons are known, the remains provided a nearly complete picture of the build of the animal.

Kentrosaurus generally measured around 4.5 metres (15 ft) in length as an adult, and weighed about one tonne (1.1 tons). It walked on all fours with straight hindlimbs. It had a small, elongated head with a beak used to bite off plant material that would be digested in a large gut. It had a, probably double, row of small plates running down its neck and back. These plates gradually merged into spikes on the hip and tail. The longest spikes were on the tail end and were used to actively defend the animal. There also was a long spike on each shoulder. The thigh bones come in two different types, suggesting that one sex was larger and more stout than the other.

James (Pokemon): EARTH STYLE NINJA ART: LYSTROSAURUS!

James fired a wave of earth and it formed into the Dicynodont from 255 million years ago: Lystrosaurus!

---

Lystrosaurus (/ˌlɪstroʊˈsɔːrəs/; 'shovel lizard'; proper Greek is λίστρον lístron 'tool for leveling or smoothing, shovel, spade, hoe') was a herbivorous genus of dicynodont therapsids from the late Permian and Early Triassic epochs (around 250 million years ago). It lived in what is now Antarctica, India, China, Mongolia, European Russia and South Africa. Four to six species are currently recognized, although from the 1930s to 1970s the number of species was thought to be much higher. They ranged in size from that of a small dog to 2.5 meters long.

Being a dicynodont, Lystrosaurus had only two teeth (a pair of tusk-like canines), and is thought to have had a horny beak that was used for biting off pieces of vegetation. Lystrosaurus was a heavily built, herbivorous animal, approximately the size of a pig. The structure of its shoulders and hip joints suggests that Lystrosaurus moved with a semi-sprawling gait. The forelimbs were even more robust than the hindlimbs, and the animal is thought to have been a powerful digger that nested in burrows.

Lystrosaurus survived the Permian-Triassic extinction, 252 million years ago. In the Early Triassic, they were by far the most common terrestrial vertebrates, accounting for as many as 95% of the total individuals in some fossil beds. Researchers have offered various hypotheses for why Lystrosaurus survived the extinction event and prospered in the early Triassic.

Kitten: EARTH STYLE NINJA ART: MACRAUCHENIA!

Kitten fired a wave of earth and it formed into the ancestor of the llama from 7 million years ago: Macrauchenia!

---

Macrauchenia ("long llama", based on the now superseded Latin term for llamas, Auchenia, from Greek "big neck") was a large, long-necked and long-limbed, three-toed native South American mammal in the order Litopterna. The genus gives its name to its family, the Macraucheniidae or "robust litopterns". Like other litopterns, it is not closely related to any living mammal, being most closely related to the group containing horses, rhinos and tapirs (the Perissodactyla), from which litopterns diverged approximately 66 million years ago. The oldest fossils in the genus date to the late Miocene, around seven million years ago, and M. patachonica disappears from the fossil record during the late Pleistocene, around 20,000-10,000 years ago. M. patachonica is one of the last and best known member of the family and is known primarily from the Luján Formation in Argentina, but is known from localities across southern South America. Another genus of macraucheniid Xenorhinotherium was present in northeast Brazil and Venezuela during the Late Pleistocene. The type specimen was discovered by Charles Darwin during the voyage of the Beagle. In life, Macrauchenia may have resembled a humpless camel, though the two taxa are not closely related. It fed on plants in a variety of environments across what is now South America. Among the species described, M. patachonica and M. ullomensis are considered valid; M. boliviensis is considered a nomen dubium; and M. antiqua (or M. antiquus) has been moved to the genus Promacrauchenia.

Tuddrussel: EARTH STYLE NINJA ART: ALBERTOSAURUS!

Tuddrussel fired a wave of earth and it formed into the theropod from 71 million years ago: Albertosaurus!

Albertosaurus (/ælˌbɜːrtə'sɔːrəs/; meaning "Alberta lizard") is a genus of tyrannosaurid theropod dinosaurs that lived in western North America during the Late Cretaceous Period, about 70 million years ago. The type species, A. sarcophagus, was apparently restricted in range to the modern-day Canadian province of Alberta, after which the genus is named, although an indeterminate species ("cf. Albertosaurus sp.") has been discovered in the Corral de Enmedio and Packard Formations in Mexico. Scientists disagree on the content of the genus, with some recognizing Gorgosaurus libratus as a second species.

As a tyrannosaurid, Albertosaurus was a bipedal predator with tiny, two-fingered hands and a massive head that had dozens of large, sharp teeth. It may have been at the top of the food chain in its local ecosystem. While Albertosaurus was large for a theropod, it was much smaller than its larger and more famous relative Tyrannosaurus rex, growing 9 to 10 m (30 to 33 ft) and possibly weighing 2.5 tonnes (2.8 short tons) or less.

Since the first discovery in 1884, fossils of more than 30 individuals have been recovered, providing scientists with a more detailed knowledge of Albertosaurus anatomy than is available for most other tyrannosaurids. The discovery of 26 individuals at one site provides evidence of pack behaviour and allows studies of ontogeny and population biology, which are impossible with lesser-known dinosaurs.

Larry 3000: EARTH STYLE NINJA ART: EDMONTOSAURUS!

Larry fired a wave of earth and it formed into the Iguanodont from 73 million years ago: Edmontosaurus!

---

Edmontosaurus (/ɛdˌmɒntə'sɔːrəs/ ed-MON-tə-SAWR-əs) (meaning "lizard from Edmonton") is a genus of hadrosaurid (duck-billed) dinosaur. It contains two known species: Edmontosaurus regalis and Edmontosaurus annectens. Fossils of E. regalis have been found in rocks of western North America that date from the late Campanian stage of the Cretaceous Period 73 million years ago, while those of E. annectens were found in the same geographic region but in rocks dated to the end of the Maastrichtian stage of the Cretaceous, 66 million years ago. Edmontosaurus was one of the last non-avian dinosaurs, and lived alongside dinosaurs like Triceratops, Tyrannosaurus, Albertosaurus and Pachycephalosaurus shortly before the Cretaceous-Paleogene extinction event.

Edmontosaurus included some of the largest hadrosaurid species, measuring up to 12 metres (39 ft) long and weighing around 4.0 metric tons (4.4 short tons). Evidence does exist in the form of two fossilized specimens housed at the Museum of the Rockies for an even greater maximum size of 15 m (49 ft) and weighing 9.07 metric tons (10.00 short tons) for Edmontosaurus annectens. Several well-preserved specimens are known that include not only bones, but in some cases extensive skin impressions and possible gut contents. It is classified as a genus of saurolophine (or hadrosaurine) hadrosaurid, a member of the group of hadrosaurids which lacked large, hollow crests, instead having smaller solid crests or fleshy combs.

The first fossils named Edmontosaurus were discovered in southern Alberta (named after Edmonton, the capital city), in the Horseshoe Canyon Formation (formerly called the lower Edmonton Formation). The type species, E. regalis, was named by Lawrence Lambe in 1917, although several other species that are now classified in Edmontosaurus were named earlier. The best known of these is E. annectens, named by Othniel Charles Marsh in 1892; originally as a species of Claosaurus, known for many years as a species of Trachodon, and later as Anatosaurus annectens. Anatosaurus and Anatotitan are now generally regarded as synonyms of Edmontosaurus.

Edmontosaurus was widely distributed across western North America. The distribution of Edmontosaurus fossils suggests that it preferred coasts and coastal plains. It was a herbivore that could move on both two legs and four. Because it is known from several bone beds, Edmontosaurus is thought to have lived in groups, and may have been migratory as well. The wealth of fossils has allowed researchers to study its paleobiology in detail, including its brain, how it may have fed, and its injuries and pathologies, such as evidence for tyrannosaur attacks on a few edmontosaur specimens.

Skipper: EARTH STYLE NINJA ART: DICYNODON!

Skipper fired a wave of earth and it formed into the dicynodont therapsid from 253.8 to 251 million years ago: Dicynodon!

Dicynodon ("two dog-teeth") is a genus of dicynodont therapsid that flourished during the Upper Permian period. Like all dicynodonts, it was herbivorous. This animal was toothless, except for prominent tusks, hence the name. It probably cropped vegetation with a horny beak, much like a tortoise, while the tusks may have been used for digging up roots and tubers.

Many species of Dicynodon have been named, and the genus is considered a wastebasket taxon. A 2011 study of the genus found most of the species to represent a paraphyletic grouping, with the only valid members of Dicynodon being D. lacerticeps and D. huenei. A 2019 study named a new species D. angielczyki, but simultaneously transferred D. huenei to the genus Daptocephalus.

Placerias (meaning 'broad body') is an extinct genus of dicynodonts that lived during the late Carnian age of the Triassic Period (221-216 million years ago). Placerias belongs to a group of dicynodonts called Kannemeyeriiformes, which was the last known group of dicynodonts before dicynodonts became extinct at the end of the Triassic.

Rico fired a wave of earth and it formed into the Dicynodont from 242 million years ago: Dinodontosaurus!

Dinodontosaurus (meaning "terrible-toothed lizard") is a genus of dicynodont therapsid. It was one of the largest herbivores of the Triassic (about 2.4 metres (7.9 ft) long and weighing a few hundred pounds) and had a beak corneum. It lived in the Middle Triassic but disappeared in the Upper Triassic.

Private: EARTH STYLE NINJA ART: DIICTODON!

Private fired a wave of earth and it formed into the dicynodont from 259.8 million years ago: Diictodon!

Diictodon was a genus of pylaecephalid dicynodont. These mammal-like synapsids lived during the Late Permian period, approximately 255 million years ago. Fossils have been found in the Cistecephalus Assemblage Zone of the Madumabisa Mudstone of the Luangwa Basin in Zambia and the Tropidostoma Assemblage Zone of the Teekloof Formation, Tapinocephalus Assemblage Zone of the Abrahamskraal Formation, Dicynodon Assemblage Zone of the Balfour Formation, Cistecephalus Assemblage Zone of the Middleton or Balfour Formation of South Africa and the Guodikeng Formation of China. Roughly half of all Permian vertebrate specimens found in South Africa are those of Diictodon. This small herbivorous animal was one of the most successful synapsids in the Permian period.

Tails: EARTH STYLE NINJA ART: SAUROSUCHUS!

Ischigualastia is an extinct genus of dicynodonts (a group of synapsids), that lived during the Carnian age of the Late Triassic Period. The genus was found in and named after the Ischigualasto Formation (Cancha de Bochas Member) of the Ischigualasto-Villa Unión Basin in northwestern Argentina. ---

Eoraptor (/ˈiːoʊˌræptər/) was one of the earliest-known dinosaurs, living approximately 231 to 228 million years ago, during the Late Triassic in Western Gondwana, in the region that is now northwestern Argentina. It was a small, lightly-built, basal saurischian dinosaur. It is known from several well-preserved skeletons. When first described in 1993, it was considered to be the

earliest or one of the earliest known dinosaurs. Eoraptor has heterodont dentition, which suggests that it was omnivorous and that the feeding strategy had evolved early on in dinosaurs.

Liberty: EARTH STYLE NINJA ART: TORVOSAURUS!

Liberty fired a wave of earth and it formed into the theropod dinosaur from 158 million years ago: Torvosaurus!

---

Torvosaurus (/ˌtɔːrvoʊˈsɔːrəs/) is a genus of carnivorous megalosauroid theropod dinosaur that lived approximately 153 to 148 million years ago during the Late Jurassic Period (Kimmeridgian to Tithonian) in what is now Colorado and Portugal. It contains two currently recognized species, Torvosaurus tanneri and Torvosaurus gurneyi.

In 1979 the type species Torvosaurus tanneri was named: it was a large, heavily built, bipedal carnivore, that could grow to a length of about 10 m (33 ft). T. tanneri was among the largest carnivores of its time, together with Epanterias and Saurophaganax (which could be both synonyms of Allosaurus). Specimens referred to Torvosaurus gurneyi were initially claimed to be up to twelve metres long, but later shown to be smaller. Based on bone morphology Torvosaurus is thought to have had short but very powerful arms.

Lyra: EARTH STYLE NINJA ART: THRINAXODON!

Lyra fired a wave of earth and it formed into the cynodont from 251 million years ago: Thrinaxodon!

---

Thrinaxodon is an extinct genus of cynodonts, most commonly regarded by its species T. liorhinus which lived in what are now South Africa and Antarctica during the Early Triassic. Thrinaxodon lived just after the Permian-Triassic mass extinction event, its

survival during the extinction may have been due to its burrowing habits.

Similar to other synapsids, Thrinaxodon adopted a semi-sprawling posture, an intermediary form between the sprawling position of pelycosaurs (not unlike current Crocodylia) and the more upright posture present in current mammals. Thrinaxodon is prevalent in the fossil record in part because it was one of the few carnivores of its time, and was of a larger size than similar cynodont carnivores.

Lee fired a wave of earth and it formed into the ceratopsian from 76.5 million years ago: Chasmosaurus!

---

Chasmosaurus (/ˌkæzmoʊˈsɔːrəs/ KAZ-mo-SAWR-əs) is a genus of ceratopsid dinosaur from the Upper Cretaceous Period of North America. Its name means 'opening lizard', referring to the large openings (fenestrae) in its frill (Greek chasma meaning 'opening' or 'hollow' or 'gulf' and sauros meaning 'lizard'). With a length of 4.3-4.8 metres (14.1-15.7 ft) and a weight of 1.5-2 tonnes (1.7-2.2 short tons), Chasmosaurus was a ceratopsian of average size. Like all ceratopsians, it was purely herbivorous. It was initially to be called Protorosaurus, but this name had been previously published for another animal. All specimens of Chasmosaurus were collected from the Dinosaur Park Formation of the Dinosaur Provincial Park of Alberta, Canada. C. russelli comes from the lower beds of the formation while C. belli comes from middle and upper beds.

Po: WATER STYLE NINJA ART: PROTEROSUCHUS!

Po fired a wave of water and it formed into the Permian reptile from 252 million years ago: Proterosuchus!

---

Proterosuchus is an extinct genus of archosauriform reptiles that lived during the Early Triassic. It contains three valid species: the type species P. fergusi and the referred species P. alexanderi and P. goweri. All three species lived in what is now South Africa. The genus was named in 1903 by the South African paleontologist Robert Broom. The well-known genus Chasmatosaurus is a junior synonym of Proterosuchus.

Proterosuchus was a mid-sized quadrupedal reptile with a sprawling stance that could reach a length of up to 3.5 meters (11 ft). It had a large head and distinctively hooked snout. It was a predator, which may have hunted prey such as Lystrosaurus. The lifestyle of Proterosuchus remains debated; it may have been terrestrial or it may have been a semiaquatic ambush predator similar to modern crocodiles.

Proterosuchus is one of the earliest members of the clade Archosauriformes, which also includes crocodilians, pterosaurs, and dinosaurs, including birds. It lived in the aftermath of the Permian-Triassic extinction event, the largest known mass extinction in Earth's history.

Fluttershy: EARTH STYLE NINJA ART: EUCHAMBERSIA!

Fluttershy fired a wave of earth and it formed into the therapsid from 256 million years ago: Euchambersia!

---

Euchambersia is a genus of therocephalian therapsid that lived during the Late Permian, approximately 255 million years ago, in what is now South Africa. The genus contains a single species, Euchambersia mirabilis, named by paleontologist Robert Broom in 1931 from a skull missing the lower jaws; a second skull, belonging to an immature individual, was later described. It is a member of the family Akidnognathidae, which historically has also been referred by as the synonymous Euchambersiidae (named after Euchambersia).

Euchambersia was a small and short-snouted therocephalian,

possessing large canines as is typical of the group. However, it is notable among therocephalians for possessing ridges on its canines and a large indentation in the side of the skull. Under the erroneous assumption that the canines are grooved instead of ridged, it has been proposed that these structures supported a venom delivery mechanism. More recently, the internal structure of the skull of Euchambersia has been used as stronger evidence in favour of the hypothesis that it was venomous; other possibilities, such as the indentation supporting some sort of sensory organ, still remain plausible.

Jimmy Neutron: WIND STYLE NINJA ART: RHAMPHORHYNCHUS!

Jimmy fired a wave of wind and it formed into the flying reptiles from 150.8 million years ago: Rhamphorhynchus!

---

Rhamphorhynchus (/ˌræmfəˈrɪŋkəs/, "beak snout") is a genus of long-tailed pterosaurs in the Jurassic period. Less specialized than contemporary, short-tailed pterodactyloid pterosaurs such as Pterodactylus, it had a long tail, stiffened with ligaments, which ended in a characteristic soft-tissue tail vane. The jaws of Rhamphorhynchus housed needle-like teeth, which were angled forward, with a curved, sharp, beak-like tip lacking teeth, indicating a diet mainly of fish; indeed, fish and cephalopod remains are frequently found in Rhamphorhynchus abdominal contents, as well as in their coprolites.

Although fragmentary fossil remains possibly belonging to Rhamphorhynchus have been found in England, Tanzania, and Spain, the best preserved specimens come from the Solnhofen limestone of Bavaria, Germany. Many of these fossils preserve not only the bones but impressions of soft tissues, such as wing membranes. Scattered teeth believed to belong to Rhamphorhynchus have been found in Portugal as well.

Kick Buttowski: EARTH STYLE NINJA ART: SEYMOURIA!

Kick fired a wave of earth and it formed into the Permian seymouriamorph from 275 million years ago: Seymouria!

---

Seymouria is an extinct genus of seymouriamorph from the Early Permian of North America and Europe. Although they were amphibians (in a biological sense), Seymouria were well-adapted to life on land, with many reptilian features-so many, in fact, that Seymouria was first thought to be a primitive reptile. It is primarily known from two species, Seymouria baylorensis and Seymouria sanjuanensis. The type species, S. baylorensis, is more robust and specialized, though its fossils have only been found in Texas. On the other hand, Seymouria sanjuanensis is more abundant and widespread. This smaller species is known from multiple well-preserved fossils, including a block of six skeletons found in the Cutler Formation of New Mexico, and a pair of fully grown skeletons from the Tambach Formation of Germany, which were fossilized lying next to each other.

For the first half of the 20th century, Seymouria was considered one of the oldest and most "primitive" known reptiles. Paleontologists noted how the general body shape resembled that of early reptiles such as captorhinids, and that certain adaptations of the limbs, hip, and skull were also similar to that of early reptiles, rather than any species of modern or extinct amphibians known at the time. The strongly-built limbs and backbone also supported the idea that Seymouria was primarily terrestrial, spending very little time in the water.[9] However, in the 1950s, fossilized tadpoles were discovered in Discosauriscus, which was a close relative of Seymouria in the group Seymouriamorpha. This shows that seymouriamorphs (including Seymouria) had a larval stage which lived in the water, therefore making Seymouria not a true reptile, but rather an amphibian which was closely related to reptiles. Though no longer considered the most primitive reptile, Seymouria is still an important transitional fossil documenting the acquisition of reptile-like skeletal features prior to the evolution of the amniotic egg, which characterizes amniotes (reptiles, mammals, and birds).

Kendall Perkins: WATER STYLE NINJA ART: HYNERPETON!

Kendall fired a wave of water and it formed into the Devonian creature from 365 million years ago: Hynerpeton!

---

Hynerpeton (/haɪˈnɜːrpətɒn/; from Hyner, Pennsylvania and Ancient Greek ἑρπετόν herpetón, "creeping animal," meaning "creeping animal from Hyner") is an extinct genus of early four-limbed vertebrate that lived in the rivers and ponds of Pennsylvania during the Late Devonian period, around 365 to 363 million years ago. The only known species of Hynerpeton is H. bassetti, named after the describer's grandfather, city planner Edward Bassett. Hynerpeton is known for being the first Devonian four-limbed vertebrate discovered in the United States, as well as possibly being one of the first to have lost internal (fish-like) gills.

This genus is known from few remains discovered at the Red Hill fossil site in Hyner, Pennsylvania. The most notable fossil is a large endochondral shoulder girdle consisting of the cleithrum, scapula, and coracoid (but not the interclavicle and clavicles), all connected into one shoulder bone. The inner surface of this shoulder bone possesses an array of depressions believed to have been attachment points for a unique set of powerful muscles around the chest. This may have given Hynerpeton improved mobility and weight-bearing abilities compared to other Devonian limbed vertebrates such as Ichthyostega and Acanthostega. The cleithrum (upper blade of the shoulder) is fused to the scapulocoracoid (lower plate of the shoulder, in front of the shoulder socket), unlike in most tetrapods, but the shoulder girdle is independent of the skull, unlike in most fish.

Early four-limbed vertebrates are sometimes referred to as tetrapods (using a trait-based definition of the term), although animals like Hynerpeton, Ichthyostega, and Acanthostega are placed outside the crown group Tetrapoda by the vast majority of paleontologists. From a cladistic (relations-based) point of view, a more accurate term would be "stem-tetrapod" or "stegocephalian", indicating that they were part of the lineage of animals that would lead to true tetrapods

such as modern amphibians (Lissamphibia), reptiles, mammals, and birds.

Hynerpeton hails from the Red Hill fossil site, which, during the Late Devonian, was a warm floodplain inhabited by a diverse ecosystem of aquatic fish and terrestrial invertebrates. Hynerpeton was one of several genera of four-limbed vertebrates known from the site, although it was the first to be discovered. It has been theorized that animals like Hynerpeton were able to use their amphibious lifestyle to find shallow pools where they could spawn, isolated from predatory fish which inhabited the deeper rivers.

Juandissimo fired a wave of water and it formed into the Devonian Sarcopterygian from 375 million years ago: Tiktaalik!

---

Tiktaalik (/tɪkˈtɑːlɪk/; Inuktitut ᑎᒃᑖᓕᒃ [tiktaːlik]) is a monospecific genus of extinct sarcopterygian (lobe-finned fish) from the Late Devonian Period, about 375 Mya (million years ago), having many features akin to those of tetrapods (four-legged animals).

Unearthed in Arctic Canada, Tiktaalik is technically a fish, complete with scales and gills - but it has the flattened head of a crocodile and unusual fins. Its fins have thin ray bones for paddling like most fish, but they also have sturdy interior bones that would have allowed Tiktaalik to prop itself up in shallow water and use its limbs for support as most four-legged animals do. Those fins and a suite of other characteristics set Tiktaalik apart as something special; it has a combination of features that show the evolutionary transition between swimming fish and their descendants, the four-legged vertebrates - a clade which includes amphibians, reptiles, birds and mammals.

It and similar animals may possibly be the common ancestors of the broad swath of all vertebrate terrestrial fauna: amphibians, reptiles, birds, and mammals.

The first well-preserved Tiktaalik fossils were found in 2004 on Ellesmere Island in Nunavut, Canada.

Hybodus ("humped tooth") is an extinct genus of Chondrichthyans. First appearing towards the end of the Permian period, and disappearing during the Late Cretaceous, during the Triassic, Jurassic, and Cretaceous periods the hybodonts were especially successful and could be found in shallow seas across the world. For reasons that are not fully understood, the hybodonts became extinct near the end of the Late Cretaceous period.

Patrick: OCEAN STYLE NINJA ART: LIVYATAN!

Patrick fired a wave of water and it formed into the first ancestral sperm whale from 9 million years ago: Livyatan!

Livyatan is an extinct genus of sperm whale containing one species: L. melvillei. The genus name was inspired by the biblical sea monster Leviathan, and the species name by Herman Melville, the author of the famous book Moby-Dick about a white bull sperm whale. It is mainly known from the Pisco Formation of Peru during the Tortonian stage of the Miocene epoch, about 9.9-8.9 million years ago (mya); however, isolated teeth from other locations such as Chile, Argentina, South Africa, and Australia implies that either it or a close relative survived into the Pliocene, around 5 mya, and was present throughout the Southern Hemisphere. It was a member of a group of hyper-predatory macroraptorial sperm whales (or "raptorial sperm whales") and was likely an apex predator, preying on whales, seals, and so forth. Characteristic of raptorial sperm whales, Livyatan had functional, enamel-coated teeth on the upper

and lower jaws, as well as several adaptations for hunting large prey.

Livyatan's total length has been estimated to be about 13.5-17.5 m (44-57 ft), similar to the modern sperm whale (Physeter macrocephalus), making it one of the largest predators to have ever existed. The teeth of Livyatan measured 36.2 cm (1.2 ft), and are the largest biting teeth of any known animal, excluding tusks. It is distinguished from the other raptorial sperm whales by the basin on the skull, and how it spans the entire length of the snout. The spermaceti organ, contained in that basin, is thought to have been used in echolocation and communication, or for ramming prey and other sperm whales. The whale may have interacted with the large extinct shark megalodon (Carcharocles megalodon), competing with it for a similar food source. Its extinction was likely caused by a cooling event at the end of the Miocene which resulted in a drop in food populations. The formation where the whale has been found has also preserved a large assemblage of marine life, such as sharks and marine mammals.

Ornitholestes (meaning "bird robber") is a small theropod dinosaur of the late Jurassic (Brushy Basin Member of the Morrison Formation, middle Kimmeridgian age, about 154 million years ago) of Western Laurasia (the area that was to become North America).

To date, Ornitholestes is known only from a single partial skeleton with a badly crushed skull found at the Bone Cabin Quarry near Medicine Bow, Wyoming, in 1900. It was described by Henry Fairfield Osborn in 1903. An incomplete hand was later attributed to Ornitholestes, although it now appears to belong to Tanycolagreus. The type (and only known) species is O. hermanni. The specific name honors the American Museum of Natural History preparator Adam Hermann.

---

Nanosaurus ("small or dwarf lizard") is the name given to a genus of neornithischian dinosaur that lived about 155 to 148 million years ago, during the Late Jurassic-age. Its fossils are known from the Morrison Formation of the south-western United States. The type and only species, Nanosaurus agilis, was described and named by Othniel Charles Marsh in 1877. The taxon has a complicated taxonomic history, largely the work of Marsh and Peter M. Galton, involving the genera Laosaurus, Hallopus, Drinker, Othnielia, and Othnielosaurus, the latter three now being considered to be synonyms of Nanosaurus. It had historically been classified as a hypsilophodont or fabrosaur, types of generalized small bipedal herbivore, but more recent research has abandoned these groupings as paraphyletic and Nanosaurus is today considered a basal member of Neornithischia.

Dakotaraptor is a potentially chimaeric genus of large dromaeosaurid theropod dinosaur that lived in North America during the Late Cretaceous period. The remains have been found in the Maastrichtian stage of the Hell Creek Formation, dated to the very end of the Mesozoic era, making Dakotaraptor one of the last surviving dromaeosaurids. The remains of D. steini were discovered in a multi-species bonebed. Elements of the holotype and referred specimens were later found to belong to trionychid turtles, and further analysis of potential non-dromaeosaurid affinities of the holotype and referred material have not yet been conducted. Phylogenetic analyses of D. steini place it in a variety of positions in

the Dromaeosauridae.

Goku: EARTH STYLE NINJA ART: DEINONYCHUS!

Goku fired a wave of earth and it formed into the deadly pack-hunting theropods from 115 million years ago: Deinonychus!

---

Deinonychus (/daɪ'nɒnɪkəs/ dy-NON-i-kəs; from Greek: δεινὀς deinós, 'terrible' and ὄνυξ ónux, genitive ὄνυχος ónuchos 'claw') is a genus of dromaeosaurid theropod dinosaur with one described species, Deinonychus antirrhopus. This species, which could grow up to 3.4 meters (11 ft) long, lived during the early Cretaceous Period, about 115-108 million years ago (from the mid-Aptian to early Albian stages). Fossils have been recovered from the U.S. states of Montana, Utah, Wyoming, and Oklahoma, in rocks of the Cloverly Formation, Cedar Mountain Formation and Antlers Formation, though teeth that may belong to Deinonychus have been found much farther east in Maryland.

Paleontologist John Ostrom's study of Deinonychus in the late 1960s revolutionized the way scientists thought about dinosaurs, leading to the "dinosaur renaissance" and igniting the debate on

whether dinosaurs were warm-blooded or cold-blooded. Before this, the popular conception of dinosaurs had been one of plodding, reptilian giants. Ostrom noted the small body, sleek, horizontal posture, ratite-like spine, and especially the enlarged raptorial claws on the feet, which suggested an active, agile predator.

"Terrible claw" refers to the unusually large, sickle-shaped talon on the second toe of each hind foot. The fossil YPM 5205 preserves a large, strongly curved ungual. In life, archosaurs have a horny sheath over this bone, which extends the length. Ostrom looked at crocodile and bird claws and reconstructed the claw for YPM 5205 as over 120 millimetres (4.7 in) long. The species name antirrhopus means "counter balance", which refers to Ostrom's idea about the function of the tail. As in other dromaeosaurids, the tail vertebrae have a series of ossified tendons and super-elongated bone processes. These features seemed to make the tail into a stiff counterbalance, but a fossil of the very closely related Velociraptor mongoliensis (IGM 100/986) has an articulated tail skeleton that is curved laterally in a long S-shape. This suggests that, in life, the tail could bend to the sides with a high degree of flexibility. In both the Cloverly and Antlers formations, Deinonychus remains have been found closely associated with those of the ornithopod Tenontosaurus. Teeth discovered associated with Tenontosaurus specimens imply they were hunted, or at least scavenged upon, by Deinonychus.

Daspletosaurus (/dæsˌpliːtəˈsɔːrəs/ das-PLEET-o-SAWR-əs; meaning "frightful lizard") is a genus of tyrannosaurid dinosaur that lived in western North America between about 77 and 74 million years ago, during the Late Cretaceous Period. The genus Daspletosaurus contains two species. Fossils of the earlier type species, D. torosus, have been found in Alberta, while fossils of the

later second species, D. horneri, have been found only in Montana. A possible third species, also from Alberta, awaits formal identification. Daspletosaurus is closely related to the much larger and more recent tyrannosaurid Tyrannosaurus rex. Like most tyrannosaurids, Daspletosaurus was a multi-tonne bipedal predator equipped with dozens of large, sharp teeth. Daspletosaurus had the small forelimbs typical of tyrannosaurids, although they were proportionately longer than in other genera.

As an apex predator, Daspletosaurus was at the top of the food chain, probably preying on large dinosaurs like the ceratopsid Centrosaurus and the hadrosaur Hypacrosaurus. In some areas, Daspletosaurus coexisted with another tyrannosaurid, Gorgosaurus, though there is some evidence of niche differentiation between the two. While Daspletosaurus fossils are rarer than other tyrannosaurids', the available specimens allow some analysis of the biology of these animals, including social behavior, diet and life history.

---

Sinoceratops /ˌsaɪnoʊˈsɛrətɒps/ is an extinct genus of ceratopsian dinosaur that lived approximately 73 million years ago during the latter part of the Cretaceous Period in what is now Shandong province in China. It was named in 2010 by Xu Xing et al. for three skulls from Zhucheng, China. The name of its type species Sinoceratops zhuchengensis means "Chinese horned face from Zhucheng", after the location of its discovery.

Sinoceratops was a medium-sized, averagely-built, ground-dwelling, quadrupedal herbivore. It could grow up to an estimated 6 m (19.7 ft) length and 2 metres (6.6 ft) height, and weigh up to 2 tonnes (2.0 long tons; 2.2 short tons). It was the first ceratopsid dinosaur discovered in China, and the only ceratopsid known from Asia. All other centrosaurines, and all chasmosaurines, are known from fossils discovered in North America, except for possibly Turanoceratops. Sinoceratops is also significant because it is one of the largest known centrosaurines, and is much larger than any other known basal members of this group.

Sinoceratops was discovered in the Xingezhuang Formation, which was deposited during the late Cretaceous. It lived alongside leptoceratopsids, saurolophines, and tyrannosaurines. The most common creature in the formation was Shantungosaurus, to which most of the material has been assigned. The animals living alongside Sinoceratops and Shantungosaurus were Zhuchengceratops, Zhuchengtitan, and Zhuchengtyrannus.

Me: **WOLF FIRE STYLE NINJA ART: AMPHICOELIAS!**

I fired a blast of blue fire and it formed into one of the largest sauropod dinosaurs ever discovered from 150 million years ago: Amphicoelias!

---

Amphicoelias (/ˌæmfɪˈsiːliəs/, meaning "biconcave", from the Greek ἀμφί, amphi: "on both sides", and κοῖλος, koilos: "hollow, concave") is a genus of herbivorous sauropod dinosaur that lived approximately 150 million years ago during the Tithonian (Late Jurassic Period) of what is now Colorado, United States. An herbivore, Amphicoelias was moderately sized at about 25 m (82 ft)

long-roughly the same length as Diplodocus, to which it was related. Its hindlimbs were very long and thin, and its forelimbs were proportionally longer than in relatives.

The namesake fossil of the type species Amphicoelias altus, American Museum of Natural History 5764, is uncertain in included material. When described by Edward Drinker Cope shortly after its discovery in 1877, Amphicoelias was noted to include many back vertebrae, a single pubis, and a femur. However, after purchase and cataloging of the material by the AMNH, Henry Fairfield Osborn and Charles Mook described that the specimen had only two vertebrae, a pubis, femur, tooth, scapula, coracoid, ulna and a second femur. The additional material, not mentioned by Cope, was found close in proximity to the holotype and was similar to Diplodocus, a relative of Amphicoelias. Their assignment was questioned by subsequent authors Emanuel Tschopp et al. in an analysis of Diplodocidae.

During the description of Amphicoelias altus in 1877, Cope additionally named A. latus, for a femur and tail vertebrae. Following its description, Osborn and Mook in 1921 reidentified the material as a specimen of Camarasaurus, an assignment followed by other authors who reviewed the material. A year later 1878, Cope named the third species of Amphicoelias, A. fragillimus for a gigantic dorsal vertebra that was subsequently lost. Measuring approximately 2.7 m (8.9 ft) if reconstructed based on Diplodocus, early estimates for the length of the animal in life were between 40 and 60 m (130 and 200 ft) long. Due to the incomplete nature, such lengths-the longest of any known dinosaur and sauropod-were largely ignored. In 2018, Kenneth Carpenter renamed Amphicoelias fragillimus as the new genus Maraapunisaurus, and reclassified it from Diplodocidae to Rebbachisauridae.

Sonic: WIND STYLE NINJA ART: EUDIMORPHODON!

Sonic fired a wave of wind and it formed into the flying reptile from Italy that lived 210 million years ago: Eudimorphodon!

---

Eudimorphodon was a pterosaur that was discovered in 1973 by Mario Pandolfi in the town of Cene, Italy and described the same year by Rocco Zambelli. The nearly complete skeleton was retrieved from shale deposited during the Late Triassic (mid to late Norian stage), making Eudimorphodon one of the oldest pterosaurs known. It had a wingspan of about 100 centimetres (3.3 ft) and at the end of its long bony tail may have been a diamond-shaped flap like in the later Rhamphorhynchus. If so, the flap may have helped it steer while maneuvering in the air. Eudimorphodon is known from several skeletons, including juvenile specimens.

Aylene C: FIRE STYLE NINJA ART: HEILONGJIANGOSAURUS!

Aylene fired a wave of fire and it formed into the stegosaur from 76 million years ago: Heilongjiangosaurus!

---

Heilongjiangosaurus" (meaning "Heilongjiang lizard") is the informal name given to an as-yet undescribed genus of duckbilled dinosaur from the Late Cretaceous. It possibly was a lambeosaurine, and may in fact be the same animal as Charonosaurus. The fossils were found in Maastrichtian-age rocks in Heilongjiang, China. As a nomen nudum, it is unclear what material it was intended to be based on, but might be connected to the nomen nudum "Mandschurosaurus" jiainensis, informally named in a 1983 publication.

The "type species" is "H. jiayinensis", and it was coined in 2001 in a faunal list by Li and Jin.

Cera: EARTH STYLE NINJA ART: OJOCERATOPS!

Cera fired a wave of earth and it formed into the ceratopsian from 68 million years ago: Ojoceratops!

---

Ojoceratops ( meaning "Ojo Alamo horned face") is a genus of

ceratopsian dinosaur which lived in what is now New Mexico, United States. Ojoceratops fossils have been recovered from strata of the Ojo Alamo Formation (Naashoibito Member), dating to the late Cretaceous period (probably Maastrichtian age, 68 million years ago). The type species is Ojoceratops fowleri. It is very similar to its close relative Triceratops, though it is from an earlier time period and has a more squared-off frill. Nick Longrich, in 2011, noted that the squared-off frill is also found in some true Triceratops specimens and that Ojoceratops is probably a junior synonym of Triceratops, while Holtz (2010) noted that it is probably ancestral to Triceratops and possibly synonymous with the contemporary Eotriceratops.

Ducky: EARTH STYLE NINJA ART: GRYPOSAURUS!

Ducky fired a wave of earth and it formed into the hadrosaur from 80 million years ago: Gryposaurus!

---

Gryposaurus (meaning "hooked-nosed (Greek grypos) lizard"; sometimes incorrectly translated as "griffin (Latin gryphus) lizard") was a genus of duckbilled dinosaur that lived about 80 to 75 million years ago, in the Late Cretaceous (late Santonian to late Campanian stages) of North America. Named species of Gryposaurus are known from the Dinosaur Park Formation in Alberta, Canada, and two formations in the United States: the Lower Two Medicine Formation in Montana and the Kaiparowits Formation of Utah. A possible additional species may extend the temporal range of the genus to 66 million years ago.

Gryposaurus is similar to Kritosaurus, and for many years the two were thought to be synonyms. It is known from numerous skulls, some skeletons, and even some skin impressions that show it to have had pyramidal scales projecting along the midline of the back. It is most easily distinguished from other duckbills by its narrow arching nasal hump, sometimes described as similar to a "Roman nose," and which may have been used for species or sexual identification, and/or combat with individuals of the same species. A large bipedal/quadrupedal herbivore around 9 meters (30 feet) long,

it may have preferred river settings.

Petrie: WIND STYLE NINJA ART: TROPEOGNATHUS!

Petrie fired a wave of wind and it formed into the flying reptile from 112 million years ago: Tropeognathus!

---

Tropeognathus (meaning "keel jaw") is a genus of large pterosaurs from the late Early Cretaceous of South America. This genus is considered to be a member of the Ornithocheiridae, a diverse group of pterosaurs known for their keel-tipped snouts and large size. Tropeognathus is regarded as the largest pterosaur found in the Southern Hemisphere, only rivaled by the huge azhdarchids. The type and only species is Tropeognathus mesembrinus. Fossil remains of Tropeognathus have been recovered from the Romualdo Formation, which is a Lagerstätte located in the Santana Group of the Araripe Basin in northeastern Brazil.

Spike: (Through translator) EARTH STYLE NINJA ART: DRAVIDOSAURUS!

Spike fired a wave of earth and it formed into the Dravidanidu dinosaur from 90 million years ago: Dravidosaurus!

---

Dravidosaurus (meaning "Dravidanadu lizard", Dravidanadu being a region in the southern part of India where the remains were discovered) is a controversial genus of prehistoric reptile. It was first described as the last surviving stegosaurian, the group of "plated" dinosaurs. With an estimated length of three metres (10 ft), it would have also been the smallest member of the group. More recent studies, however, have shown that the bones actually belonged to a plesiosaurian marine reptile, and that none of the remains are demonstrably dinosaurian in origin.

Dravidosaurus lived in the Late Cretaceous period (Coniacian stage) of what is now India. It is only known from disassociated remains that were originally described as comprising a partial skull, a tooth, a sacrum, an ilium, an ischium, a dermal plate, and a spike. The badly weathered remains were discovered in marine deposits near Ariyalur in the state of Tamil Nadu in South India. They were in 1979 named by P.M. Yadagiri and Krishnan Ayyasami as the type species Dravidosaurus blanfordi, the specific name honouring William Thomas Blanford. The holotype partial skull is catalogued as GSI SR Pal 1, while other specimens are catalogued GSI SR Pal 2-7.

In 1991, Sankar Chatterjee visited the site and claimed, without presenting concrete morphological evidence, that Dravidosaurus was based on plesiosaurian pelvic and hindlimb elements, the species being a nomen dubium. However, this claim was rejected by Galton and Upchurch (2004), who noted that the skull, tooth and plate of Dravidosaurus are certainly not plesiosaurian as illustrated. Galton and Ayyasami (2017) reaffirmed the stegosaurian classification of Dravidosaurus, claiming the remains do not look like plesiosaurian pelvic and hindlimb elements. They announced that stegosaurian remains from the Dravidosaurus type locality are under study by one of the original describers of Dravidosaurus.

Zhuchengtyrannus (meaning "Zhucheng tyrant") is a genus of tyrannosaurid theropod dinosaur known from the Late Cretaceous period of Shandong Province, China. It belongs to the tyrannosaurinae subfamily, and contains a single species, Zhuchengtyrannus magnus.

Emerald Sustrai: CRYSTAL STYLE NINJA ART: KRONOSAURUS!

Emerald fired a wave of emerald crystal and it formed into the marine reptile from Australia that lived 120 million years ago: Kronosaurus!

---

Kronosaurus (/ˌkrɒnoʊˈsɔːrəs/ KRON-o-SAWR-əs; meaning "lizard of Kronos") is an extinct genus of short-necked pliosaur. With an estimated length of 9 to 10.9 meters (30 to 36 ft), it was among the largest pliosaurs, and is named after the leader of the Greek Titans, Kronos. It lived in the Early Cretaceous period (Aptian to Late Albian). Fossil material has been recovered from the Toolebuc Formation (middle to late Albian) and Wallumbilla Formations (Aptian) of Queensland and New South Wales in Australia, and from the upper Paja Formation (late Aptian) in Boyacá, Colombia, and assigned to two species.

We cheered wildly in an awesome victory!

Numbuh 1: (smiles at his team) Thanks, you guys. Without you guys, Grandfather wouldn't have been destroyed forever.

Numbuh 2: No problem, Numbuh One. After all, we're a team and that's not gonna change.

Numbuh 3: (sees tears in Numbuh Four's eyes) Aw, are you crying, Wally?

Numbuh 4: (in denial) No! I'm just sweating through my eyes!

Numbuh 5: (smiles warmly) You guys remember the first time we met?

Numbuh 1: We were only rookies when we met and we were in training for the organization.

Nico: That was something. Also you all did a great job.

Me: Yeah I agree.

Laney: But this was some battle. We've killed all the evil adult villains.

Lincoln: Good riddance.

Lola: Yeah. But the Adult Villains of this world are still present. Some of them.

Lana: Yeah they sure are.

Nico: But we'll face them all when the time comes. And Squidward you were amazing.

Manaphy: (to Squidward) Forget calling you Stupid Squidward. We should call you Super Squidward in that form!

Squidward: Super Squidward. I like it!

Me: That was great Squidward.

Patrick: I hope I don't use the Tortured One as my Super Patrick Form.

Me: That would be scary.

Maria: (to Squidward) Now that the battle's over, can you revert back to normal?

Squidward then reverted back but he was naked.

Me: Nice one Squidward. But you're naked.

Squidward: Oops. (Covers himself) Sorry.

We laughed.

Kerbero Gangan: (to Gaz) When we have our battle, you should bring a gun.

Kairi Yano: Trust me. She's nuts for guns. Including Lupin Magnum.

Gaz: I plan to.

Nico: This was a big victory for all of us.

Me: It sure was.

Numbuh 362: (to Numbuh 1) Nigel, I think you and your team are the ones who deserve the credit for helping to take Grandfather down today. If there's anything I can give you as a reward, just name it!

Numbuh 1: I think I can arrange one thing.

Later at the World Tree Estate we were amazed that Numbuh 1 made one of the most amazing Utopia Parks in all of the world. It was a massive kids paradise and it was a beautiful park that was 100 times larger than the one he saw in Chester's Illusion.

Me: WHOA! What a Utopia Park!

Nico: WOW! This is amazing!

Eli: It's an absolute paradise!

Numbuh 1: (to Numbuh 362) Actually, there is one more reward you can give me. (takes out a box) I know we're still kids but I think now is a good time to ask this question.

He got down on one knee and we gasped and were amazed to see Numbuh 1 propose to her!

Numbuh 1: Rachel T. McKenzie, you have been a huge help to all of us just as much as we have been a huge help to you. Will you marry me?

Numbuh 362 had tears come down her face.

Numbuh 362: Oh Nigel yes I well marry you!

Numbuh 1 & 362 hugged and kissed and he put the ring on her finger and we cheered wildly for them!

Me: Congratulations Nigel!

Numbuh 0: That is my boy!

Eli: Way to go Numbuh 1!

Numbuh 2: Yeah!

Nico: AWESOME!

Rainbow Dash: That was so awesome!

Umika: I call this a Happy Ending!

Touma: Umika, there are still other villains like Grandfather out there. Including Mr. Mind, Goche, and the rest of their group.

Tsukasa: And we're going to start a serious of adventures involving the worlds Sora has been to.

Sakuya: But this is still a happy ending for us and the KND!

Noel: (chuckles) Oh la la! Some things never change.

Me: You said it.

Nico: But this was so awesome! You all did a great job and I'm proud of all of you!

Me: Thanks Nico. So did you.

Then I yawned.

Me: (Yawns) Man am I bushed.

Nico: Me too. I think we all deserve a good night sleep after all this.

Eli: I agree.

Numbuh 1: I agree too. (To the viewers) Grandfather is gone forever and so is my evil Uncle. The cursed bloodline of the Uno Family has been purified and cleansed and we now free from evil and now the evil of my family is gone. This is now gonna be a series of new amazing adventures for the KND. Because we're not just the Kids Next Door. WE. ARE. TEAM LOUD PHOENIX STORM'S KIDS NEXT DOOR!

Nico: Well said Nigel. Well said.

After a devastating battle that shook the foundation of the planet to the core, we more than earned a good nights rest. Even though it was 6:00 PM we earned a REALLY long rest after everything that happened. One of the most dangerous and most evil villains of the Kids Next Door will never terrorize the world again.

Over in the Gotham Sector of Gotham Royal York, me, Vypra and Chaem were flying over the city.

Me: The Gotham Sector.

Chaem: (Thai Accent) Why do I get the feeling that we're about to meet an old villains of yours?

Chaem concentrated and groaned as her shoes got tight.

Me: I have that same feeling too Chaem.

Vypra: This must be the reason why you invited me to come along.

Me: Yeah.

Chaem turned into YVELTAL!

Me: YEAH!

We flew down into Gotham and we saw MARY DAHL A.K.A. BABY DOLL!

---

Mary Louise Dahl, known better by her alias Baby Doll is the main antagonist in Batman: The Animated Series episode Baby-Doll. She is a former TV star became an insane criminal who suffers from hypoplasia, a medical condition that prevents her from physically aging. Although popular with many fans, she has yet to make any major appearances in any of the mainstream comics or other DC media.

Baby Doll

Marion Louise "Mary" Dahl, was a TV actress who was born with systemic hypoplasia, a rare condition which kept her from ever growing, meaning that she spent all of her life looking like a toddler. She became famous for a brief period when she played the title character in the fictitious TV sitcom "Love That Baby" (when she was 20, though she still looked like she was 5). She and the show were wildly popular, but as the series got older, the ratings dwindled. In the final season, the producers of the show decided to add a new character; Baby Doll's cousin who was called Spunky. Baby Doll was angry at Spunky because she thought that he was stealing her spotlight, especially on one occasion on her birthday episode, where she got her face pushed into her birthday cake by Spunky. Furious, she left the show in order to turn herself into a proper dramatic actress. Her first role other than Baby Doll was in Macbeth.

Unfortunately, the reviews for the play and her acting were terrible, ruining Mary's chances of becoming a popular celebrity. When her career went down the tubes, she tried to get Baby Doll back on the air because it had been canceled when she left, but the networks turned her down. After that, Mary tried to get any job that came her way but was always shunned and never got the role. Without any jobs coming her way, Mary went through a rough, depressing period of her life where she realized that the only time when she had been truly happy was when she was in the show as Baby-Doll, when she used to have a "family" in the show and was adored by millions of viewers. Keeping her persona as Baby Doll permanently, Baby went around with her 2 hired thugs as well as her personal caretaker Mariam, and kidnapped all of the original cast of Love That Baby, bringing them together so that she could get revenge on Spunky and her fellow cast members.

She tied all of the actors up in the Baby Doll sets and bought along a birthday cake. After pushing Spunky's head into the cake, she then got a stick of TNT, put it on the cake like a candle and lit it, planning to blow up the cast members. Spunky ruined her plan by grabbing the TNT with his mouth and throwing it to the other end of the studio, throwing it far enough away that it exploded without hurting anybody. Batman crashed into the room and revealed that the actor who played Spunky wasn't the actor but was actually Robin in disguise. After Batman and Robin had realized what Baby Doll was doing, they had gone to the actor, told him what was going to happen and the man had let Robin take his identity. When Robin had been captured, he had sent a radio signal to Batman who had traced it and found out where Baby Doll was.

While Robin released the captives, Batman chased Baby into a nearby fair, and then into a Fun House. Inside the Fun House, Baby came across a hall of mirrors. Within one of the distorted mirrors, Baby saw herself as an adult, how she believed she should look. Knowing this to be fake, just as her character, Baby Doll shot and broke all of the mirrors before breaking down mentally and running out of bullets. When the Batman walked up to her, she went peacefully, uttering her infamous catchphrase "I didn't mean to".

## Love is a Croc

The next time we see her in a substantial role, it has been a few years. She's now the manager/concierge of a hotel but a rude guest checking in with his wife made fun of her medical condition, the history of her character and being a criminal. Feeling like an outcast, she sees a news report about Killer Croc and identifies with him because he too is an outcast due to a medical condition. She helps him escape from prison and the two form a criminal duo: Baby Doll as the brain, and Croc as the brawn. Baby later found out that Killer Croc was cheating on her.

Enraged, she later plans to kill both Croc and herself so that they could be "together forever" in their next robbery. While it seems that they're doomed, Batman and Batgirl come crashing in to stop them. Croc, originally at a disadvantage, gained the upper hand and started a fight with her and Batman. During the fight, Croc was knocked out when a blast of hot water shot out of a pipe he had torn from the wall as a weapon, leaving him unconscious. Baby felt sorry for Croc and yet again goes peacefully when Batman came up to her.

Me: It's Mary Dahl A.K.A. Baby Doll!

Vypra: I've heard about her! She was a former comedy show actress.

Me: And she born with a very rare condition called Systemic Hypoplasia and it kept her from aging and she is a 35-year-old woman trapped inside the body of a little kid no older than 4 years old. I did some further research and found out that her disease only affects 1 in 75,000,000 of the entire population and only 15 known cases have been documented Worldwide.

Chaem Yveltal: WHOA! That has to be the rarest disease ever known! I didn't know a disease like that even existed.

Vypra: No kidding! And she went mad because she wanted to get her show back? I loved her show "Love That Baby." Dark showed it to me and it was awesome.

Me: Robin didn't like it but I do. It was funny.

We went down to see her and we saw that she was fighting an Ice Queen and a Zygarde!

Me: WHOA! That girl is an Ice Queen from Danish Fairy Tales and she has a Zygarde with her.

Chaem Yveltal: That's amazing. Lets go help them!

We went down and faced her.

Me: Mary remember me?

Baby Doll: J.D. Knudson and you bet I do. (Adult Woman Voice) You come to make sure I die?

Me: No just the opposite.

Vypra: I'm going to recruit you into the Masters Of Evil. You don't deserve to be going through all this.

Chaem Yveltal: I agree.

Yumika: Wow you're J.D. Knudson, leader of Team Loud Phoenix Storm! It's such an honor. I'm Yumika the Ice Queen.

Me: Pleasure to meet you Yumika.

Zygarde: (Brazilian Accent) And it's an honor to meet you too. I'm Laniya Silvos.

Me: Pleasure to meet you too.

Chaem Yveltal: My name is Chaem and I'm also an Yveltal.

Zygarde: Pleasure.

Me: Mary, I loved your show and it was funny.

Vypra: I like it too. It was great.

Chaem Yveltal: It sure was funny.

Me: Laniya I'm gonna give you the power to change at will and you can access all of Zygarde's powers as well.

Zygarde: Awesome!

Chaem Yveltal: I'll revert back as well.

Me: Okay.

I put on my blind man glasses and I snapped my fingers and Laniya reverted back and she had light green hair and green eyes and had white rings around her eyes.

Chaem reverted back.

Chaem was human again. But naked. Same with

Chaem: (covers herself) Mary, I'm afraid we're gonna have to ask you to cover your eyes. You are a kid, after all.

Me: Chaem, Mary is a grown woman trapped in a 4-year-old kid's body.

Chaem: Oh sorry. But I can't even begin to imagine what you are going through.

I gave them towels.

Me: Mary, you went through a lot of pain and all that. What happened to you was terrible and when we faced you the first time we were too rough on you. We had no idea you were going through so much pain and all that. But believe me Mary, you can have a lot of good friends with Vypra and everyone.

Laniya: That's right Mary.

Yumika: The Masters of Evil are good frenemies to Team Loud Phoenix Storm and they can give you a better life instead of a life of crime.

Baby Doll: Well if you think they can.

Me: We KNOW they can.

Baby Doll: I'll do it.

Me: Great!

Vypra took Baby Doll back to M.O.E. HQ and we went back to the World Tree Estate.

---

Back at the World Tree Estate, everyone was watching TV and reading books and playing card games.

We came in.

Yumika: Whoa! So this is where you all live?

Me: Yep. Pretty cool huh?

Laniya: It sure is.

Nico: Whoa! The girl is an Ice Queen.

Yumika: That's right and it's an honor to meet you all.

Miia: Yumika!

Yumika: Miia!

They hugged.

Miia: It's awesome having you here with us.

Yumika: Same here.

---

Later we were at Lynn's Table for an awesome party.

Me and Everyone: CHEERS!

We clinked our glasses.

Me: To the victory in the War with Grandfather and the Engagement of Nigel and Rachel!

Weather Vane: Congrats on finally getting engaged, Nigel!

Nigel: Thank you and thank you all so much for making this happen.

Me: The War with Grandfather really was a huge battle but many of the villains that the Kids Next Door have faced are dealt with.

Nico: Yep. I heard you guys got Baby Doll into the Masters of Evil.

Me: We sure did and she was one of the villains we busted before you joined us Nico.

Nico: How did you do it?

I went over the events of chapter 421 and it was awesome.

Nico: WHOA! That is something.

Twilight Sparkle: It sure is. And she is a woman trapped in a girls body? How sad.

Sunset Shimmer: Yeah that is rough.

Yumika: It sure is. Poor girl went through a nightmare.

Poromon: Now, who wants to have beer to celebrate this occasion?! (brings out beer)

Princess Jasmine: Poromon, what makes you think that's an appropriate drink for a party?!

Me: Yeah Poromon besides this is a party for our Victory in the War and the Engagement of Nigel and Rachel.

Poromon: Oh you're right. I'll have some punch.

Nico: That's better.

Yumika: That must've happened to you all with beer and stuff.

Me: Yep. Don't ask. Also me and Nico have something awesome to tell you all.

Nico: Me and J.D. were thinking of a bet.

Cybertron Ransack: Is it one where you bet on who does the most stunts without landing in the hospital?

Me: Well no. Our bet is this. If we can do a great job in leading the team perfectly Nico and all of us get a huge all-you-can-eat Chicken Wing Buffet and I get a huge spicy buffet.

Eli: And if you both fail?

Me: Then we both eat buckets of chum.

Nico: (Gulp)

Bluestreak: You guys want to have chum if you don't lead perfectly in during these missions?! Do you want Plankton to have the last laugh?!

Me: Plankton is dead and Super Hakaied so he was never born at all.

Mr. Krabs: Good riddance. What a malignerant microbe freak.

Me: Yeah.

Sunset Shimmer: But thank goodness he will never steal the Krabby Patty Secret Formula again.

Lily: We still have that nudist Krabs still running around that is causing problems though.

Me: Yeah he needs to show some decency.

We got back to the party. We had burgers, pizza, lasagna and more.

---

Back at the World Tree Estate, we were having breakfast the following morning and we were having pancakes.

Me: Mmm! Good pancakes Matt.

Matt (Digimon): Thanks J.D.

Lori came down and she looked like a mess.

Arpeggio: (British Accent) My God. Lori, are you okay? You look like you've had a bad dream.

Lori: (Groans) That was literally one of the worst nights ever.

Natilee: She had a terrible dream that Bobby and her family hated her and left her. She was then left in cardboard box in the middle of a disgusting alley in a cold rainstorm.

We gasped in shock!

Me: That's awful!

Bobby: Oh babe.

Lori then went to Bobby and cried hard.

Bobby: Oh Babe its gonna be all right.

Lori: (Crying hard) OH BOO BOO BEAR IT WAS TERRIBLE! PLEASE DON'T HATE ME! I LOVE YOU!

Bobby: Babe it's okay I could never hate you like that. You are too much to me. I love you too much to hate you like that.

Lori: (Sniffles) Really?

Bobby: Yeah Babe. I love you more than anything. I would never do that to you or to Ronnie Anne. You mean so much to me.

Roxanne: Yeah mommy. We literally would never do that to you.

Lydia: Yeah you are literally too important to us.

Lori: (Sniffles) Thanks guys.

Crumplezone: (to Me) Since this is the start of our final battles against Xehanort, you can lead this time.

Me: It is my turn anyway.

Lori: That's not all that happened to me.

Lori held out her hand and in a flash of light with a tornado appeared a KEYBLADE! But it looked like a combination with an angel for the key handle and it had one of Xaldin's spears for the blade part and the lock part looked like a hurricane! We gasped in shock!

Me: WHOA! You have a Keyblade now!

Nico: Awesome!

Eli: Never saw a Keyblade like that one.

Yumika: That one is amazing.

Lori: I don't even know how to use it. I literally know how to use Xaldin's spears but never something like this!

Aqua: We can teach you Lori. You guys have powerful Keyblade Masters with you and we can teach you.

Tsuki: That's right Lori.

Me: Yep. Lets get ready everyone.

Hydrax, Chillyfish, Fireor, Spankulot, Whirlin, Metal Sonic, Marionette Shadow, General Schwarz, New Wave and White Lightning then appeared.

Hydrax: Can me, Chillyfish, Fireor, Spankulot, Whirlin, Metal Sonic, Marionette Shadow, General Schwarz, New Wave and White Lightning go with you guys?

Me: You all sure can and it's my turn to lead. First up on this adventure is the world of The Hunchback of Notre Dame. We're going to see Quasimodo and Esmeralda again.

Eli: Awesome! It will be great to kill Frollo too.

Me: I know. That blasphemous heretical murderer has incurred the Wrath of God from us when we killed him the first time. Now he will pay for his crimes in full again. Lets go.

We went to the Simulator.

---

We went into the Simulator and got ready. First we were watch the first part till we get to the Festival Of Fools and that was the funniest part.

The Simulator Activated.

Me: Here we go.

*(As the Walt Disney Pictures logo fades off the screen, the chorus heard in the background mixes with the bells of Notre Dame cathedral ringing. A long zoom in through the city until we reach the Clopin singing to a group of children watching his puppet show.)*

( *The Bells of Notre Dame* )

**Clopin:** MORNING IN PARIS, THE CITY AWAKES

TO THE BELLS OF NOTRE DAME

THE FISHERMAN FISHES, THE BAKERMAN BAKES

TO THE BELLS OF NOTRE DAME

TO THE BIG BELLS AS LOUD AS THE THUNDER

TO THE LITTLE BELLS SOFT AS A PSALM

AND SOME SAY THE SOUL OF THE CITY'S THE TOLL OF THE BELLS

THE BELLS OF NOTRE DAME

Listen, they're beautiful, no? So many colors of sounds, so many changing moods. Because, you know, they don't ring all by themselves.

**Puppet:** They don't?

**Clopin:** No, silly boy. Up there, high, high in the dark bell tower, lives the mysterious bell ringer. Who is this creature?

**Puppet:** Who?

**Clopin:** What is he?

**Puppet:** What?

**Clopin:** How did he come to be there?

**Puppet:** How?

**Clopin:** Hush.

**Puppet:** Ohhh…

**Clopin: Clopin** will tell you. It is a tale, a tale of a man and a monster.

PARIS - 1482 A.D.

*(A wipe to a dark night. A band of gypsies quietly proceeding down the* Seine, hoping to avoid detection. A baby in the woman's arms begins to cry.)

**Clopin:** DARK WAS THE NIGHT WHEN OUR TALE WAS BEGUN

ON THE DOCKS NEAR NOTRE DAME

**Gypsy 1:** Shut it up, will you?

**Gypsy 2:** We'll be spotted.

**Gypsy Mother:** Hush, little one.

**Clopin:** FOUR FRIGHTENED GYPSIES SLID SILENTLY UNDER

THE DOCKS NEAR NOTRE DAME

**Boatman:** Four guilders for safe passage into Paris.

**Clopin:** A TRAP HAD BEEN LAID FOR THE GYPSIES

AND THEY GAZED UP IN FEAR AND ALARM

AT A FIGURE WHOSE CLUTCHES

WERE IRON AS MUCH AS THE BELLS

The Figure came out and it was the ULTIMATE EVIL AND BLASPHEMOUS ENEMY WHO IS A MONSTER IN ALL FORMS OF THE WORD AND ONE OF THE ENEMIES THAT I ABSOLUTELY DESPISE ABOVE ALL OTHERS WITH A VENGEANCE: JUDGE CLAUDE FROLLO!

---

**Judge Claude Frollo** (also simply known as **Frollo** ) is the main antagonist of Disney's thirty-fourth full-length animated feature film *The Hunchback of Notre Dame*, being based on the 1831 French novel of the same name by the late Victor Hugo.

He is a religious fanatic who uses his position as the Minister of Justice in the city of Paris to enrich himself and persecute those he considers inferior, especially the city's Gypsies. He is the ex-foster father of Quasimodo as well as his arch-nemesis and the murderer of his mother. This version of Frollo is noticeably more evil than his literary version.

He was voiced by the late Tony Jay (who passed away one decade after the film was released), who also played Shere Khan in *The Jungle Book 2* and *TaleSpin*, Monsieur D'Arque in *Beauty and the Beast*, Megabyte in *ReBoot*, Mr. Toplofty in *An American Tail: The Treasure of Manhattan Island*, Galactus in the 1994 *Fantastic Four* TV series, the Transcendent One in the videogame *Planescape Torment*, and Lickboot in *Tom and Jerry: The Movie* . In *Kingdom Hearts 3D: Dream Drop Distance*, he was voiced by Shouzou Sasaki in the Japanese version, and by Corey Burton in the English dubbed version. In the musical, he was portrayed by Norbert Lamla. In the Korean Dub, he was voiced by Byung-Kwan Kim and the musical part was dubbed by Sung-hoon Lee. These two Korean voice actors also got together as Scar.

Not much is known about his past nor earlier life, though Frollo resides in Paris, France, where he initially serves as a court judge. A deeply religious man, Frollo abuses his position to inflict great suffering upon the Romani population (or gypsies as he addresses them), believing them to "live outside the natural order" and engage in "heathen" behavior, as well as "inflame the people's lowest instincts". For this reason, many Romani citizens (if not all of them) held a great fear of the tyrannical judge who always singled them out whenever crime took place (regardless of whether they're guilty or not).

One winter's night, a group of Romani travelers attempt to enter Paris in secret, only to be stopped by Frollo and his soldiers. When one of the travelers (a woman carrying a bundle) attempts to flee, Frollo, thinking her to be hiding stolen goods, chases her through the streets of Paris. The woman arrives at Notre Dame and tries to gain sanctuary in the church, but Frollo catches up to her. As he wrestles the bundle from her, he kicks her in the abdomen, causing her to fall head-first on the front steps of the church and die instantly.

Frollo eventually finds out the bundle actually carries the woman's hideously deformed baby son, whom he attempts to throw down a well, believing him to be an "unholy demon" due to his deformities and that doing so would "send it back to Hell where it belongs". However, he is stopped by the Archdeacon of Notre Dame, who berates him for murdering an innocent woman on consecrated ground. Though Frollo defends his actions regarding the death of the woman and his attempt to drown the child, the Archdeacon tells him that even though he could hide his crimes from the public and lie to himself about his justifications, he could never hide his crimes from the eyes of the Virgin Mary (Notre Dame being French for "Our Lady.") As the Archdeacon goes to give the dead woman a proper burial, he tells Frollo to adopt the baby and raise him as his own son in order to atone for his actions.

Fearing damnation, Frollo begrudgingly accepts and names the baby Quasimodo ("half-formed"). He keeps him out of the people's attention in the cathedral towers, as he believes that the child may have some future use for him as he intends to make his goals a reality. As Quasimodo grows up, Frollo regularly visited him and put his corrupted beliefs in the latter's mind as well persuading him to never venture outside to avoid the hatred of the world, which he describes as cruel and unforgiving for deformed people. It is also shown that he lied to Quasimodo about the fate of his mother, telling him she never loved him and abandoned him which caused him to take him in. The abuse continued for 20 years with Frollo going out of his way to shame him for being deformed. In spite of this, Quasimodo desires to venture outside the cathedral one day, hoping that people will accept him as one of their own in spite of his deformities.

20 Years Later

20 years later, Quasimodo has become the bellringer of the cathedral, and Frollo has risen to become Minister of Justice, and has almost complete control over Paris' affairs while King Louis XI is away at war. When doing his usual lesson with Quasimodo, Frollo is infuriated to learn that Quasimodo is interested in attending the annual Festival of Fools. He refuses to let Quasimodo attend, as it goes against his edict that Quasimodo never leave the bell tower under any circumstances. He also admits that even though he is

required to attend the festival due to his status as a public official, he doesn't enjoy it at all and in fact utterly loathes the concept of the Festival of Fools, describing it as "the dregs of humankind all mixed together in a shallow, drunken stupor." He convinces Quasimodo to forsake his desire to attend the festival to avoid the harrowing judgments that the rest of Paris supposedly has for people who are deformed.

At the Palace of Justice, Frollo had his previous Captain of the Guards tortured by Pierrat Torturue, believing him to be a 'disappointment'. He then recruits a renowned soldier and war hero Phoebus to serve as his new captain of the guards and join him in his campaign against the Romani populace. Frollo also stated that the Romani people have a hideout known as the Court of Miracles, which he has been searching for 20 years to no avail. Though Phoebus is skeptical about the Romani being an actual threat and appalled by the way Frollo punishes his men for failure, he agrees to help Frollo.

While attending the festival, Frollo discovers a Romani dancer named Esmeralda, who both attracts and disgusts him with her beauty. Shortly afterwards, Quasimodo is revealed to have changed his mind about attending the festival and has secretly joined the festivities, but his cover is ultimately blown when he is nominated to become King of Fools (an award given to the person with the "ugliest face in Paris") and the others figure out that he is the hidden bell-ringer. Frollo is clearly infuriated that Quasimodo has disobeyed him, and is even more so when he is ultimately crowned King of Fools.

In the midst of the cheers for Quasimodo, the Brutish Captain and Oafish Guard throws a tomato at Quasimodo, causing several more soldiers to incite the rest of the crowd to start throwing food at him as well. Several others tie him down, and the crowd continues throwing food at him, cruelly laughing at him and mocking him. Quasimodo begs Frollo for help, but a displeased Frollo allows the torment to continue to punish him for his disobedience, even refusing to allow Phoebus to put a stop to the torment.

Esmeralda then comes to Quasimodo's aid by cutting him loose, despite Frollo forbidding her. She berates the judge for tormenting the innocents he is supposed to protect. Frollo fails in silencing her and vows that she will pay for defying him. Esmeralda defies him once again when she proclaims that Frollo is the *real* King of Fools and throws Quasimodo's crown at his feet.

Frollo orders Esmeralda to be arrested, but she is able to evade his guards at the Festival with magic tricks, which Frollo describes as "witchcraft." Frollo is left humiliated by his and his guards' inability to capture her. He then glares angrily at Quasimodo, who apologizes for disobeying him and vowing not to do so again, before returning to Notre Dame.

Esmeralda is only able to escape Frollo's wrath by sneaking into Notre Dame, where she is beyond Frollo's reach due to the divine right of sanctuary. However, Phoebus is able to follow her in, but she stands up to him and fights him to a draw, earning his respect. Frollo barges into the cathedral and demands that Phoebus take her into custody, but Phoebus claims sanctuary for Esmeralda on her behalf. Frollo demands that Esmeralda be "dragged outside", but the Archdeacon arrives to defend her and reminds Frollo to respect the sanctity of the church. An angered Frollo then orders his guards to leave, but he himself hides behind a pillar.

## Hunting Esmeralda

While the Archdeacon peacefully escorts Phoebus out of the cathedral, Frollo comes up behind Esmeralda and grabs her, threatening her by saying that 'gypsies' don't do well inside stone walls. He then proceeds to sniff her hair inappropriately and gropes her neck. Esmeralda is utterly disgusted and shoves Frollo away. He then accuses Esmeralda of "clouding [his] mind with unholy thoughts." As he leaves the cathedral, Frollo taunts Esmeralda that he's placing her under house arrest and he would have her arrested the second if she steps outside of the church. He then posts guards at every entrance, effectively trapping Esmeralda inside Notre Dame.

## Frollo Continues his Plans

That night at the Palace of Justice, Frollo is disturbed by his attraction and lust for Esmeralda. Despite this, he is against God, shifting the blame of his crimes on others (including God and the Devil) and coming to the conclusion that Esmeralda must have put a spell on him to damn his soul, and that his desires for her were not his fault at all. He resolves to either have Esmeralda for himself or kill her if she refuses (which he expresses in the song "Hellfire"). Unbeknownst to Frollo, Quasimodo has helped Esmeralda escape the cathedral in gratitude for her rescue of him during the Festival of Fools, as well as feelings of love towards her.

Upon learning that Esmeralda has escaped, Frollo furiously declares that he will hunt her down even if he has to burn down all of Paris. The next day, he leads his men in a ruthless manhunt for Esmeralda, raiding portions of the city and capturing more Romani citizens. Frollo offers bribes of silver to the captured Romani in exchange for the location of Esmeralda, but they refuse out of complete disgust, and Frollo has them imprisoned, much to Phoebus' disgust.

Frollo later arrives at the home of a miller and his family and accuses them of harbouring Romani travelers in his home when he discovers a gypsy talisman on the miller's property. The miller protests for his family's innocence in the whole affair and begs mercy from Frollo, who refuses to listen and places the miller and his family under house arrest. He then orders Phoebus to burn down the mill with the family still inside, simply to make examples of the "traitors." Appalled that Frollo wanted to murder an entire family of innocent people, Phoebus furiously defies the order, inciting an annoyed Frollo to set the mill ablaze himself. Horrified, Phoebus goes into the burning building and lets the family escape to safety, only to be knocked out by the Brutish Guard.

Frollo then orders Phoebus to be executed for his insubordination, but before Phoebus can be killed, a disguised Esmeralda (having witnessed the event) throws a rock at Frollo's horse, causing the horse to throw Frollo off. This distracts Frollo's men long enough for Phoebus to steal the horse and ride away, prompting an angry Frollo to order his guards to kill Phoebus. Eventually, one of the guards managed to pierce Phoebus in the back near his heart with an arrow, sending him to fall into a river, much to Esmeralda's shock. Leaving Phoebus for dead, Frollo appoints the Brutish Guard as his new Captain of the Guards and resumes the search for Esmeralda. Unbeknownst to Frollo and his men, Esmeralda was able to rescue Phoebus and secretly brings him back to Notre Dame where she and Quasimodo help nurse him back to health.

As night falls, Frollo's hunt has left Paris burning and in ruins, with Esmeralda still nowhere to be found and the deaths of hundreds, if not thousands of people. Frollo is at a loss to explain how Esmeralda could have possibly escaped Notre Dame when he had it completely surrounded. He then deduces to the accurate conclusion that the only way she could have escaped without alerting his guards would be if Quasimodo helped her.

With that in mind, Frollo paid an unannounced visit to Quasimodo, and though at first, Frollo appears to be visiting him as he normally does. However, he furiously reveals that he is aware that Quasimodo helped Esmeralda escape. Though Quasimodo protests that he was only repaying the girl for her genuine kindness to him, Frollo angrily rages at him, claiming that her kindness was "cunning" and that Romani people are not capable of love. However, Frollo calms down and concedes that Quasimodo could never stand a chance against Esmeralda's "heathen treachery" and promised to free him from her "evil spell" by claiming that he had discovered the Court of Miracles, and at dawn, he will attack it with a thousand men.

Using a gypsy necklace that Esmeralda gave to him earlier that details the location of the Court, Quasimodo and a recovered Phoebus tracked down the Court in the old catacombs underneath the city's graveyard, where they warned Esmeralda and the Romani citizens of the judge's impending attack and that they need to leave the city immediately to avoid Frollo's wrath. Unfortunately, Frollo and his soldiers followed them in secret and laid siege to the Court, arresting all the Romani people (including Phoebus and Esmeralda). Frollo then admitted that he deliberately lied to Quasimodo and that the supposed attack was nothing more than a ruse to mislead Quasimodo into leading him to the Court, mocking Quasimodo of 'finally being of use' to him. Having succeeded in his goals in capturing Esmeralda and tracking down the Court of Miracles, Frollo declares to the Romani people that he will personally oversee their public execution at the town square; he even plans to do the same to Phoebus in order to 'remedy his revival from the dead'. As the guards take the Romani people into custody, Quasimodo begs Frollo to spare them, but his pleas fall silent as Frollo has him chained up back in the bell tower to prevent him from leaving again.

## Final Battle

Having succeeded in rounding up the entire Romani population, Frollo gets them all (including Phoebus and Esmeralda) locked up in cages as he intends to execute them all (with the help from his executioner Henriet Cousin) in the town square. Both the Archdeacon and the townspeople angrily protested at this and demanded the Romani to be released, but Frollo gets his soldiers to hold them off. As Frollo finishes his preparations in tying up Esmeralda (as his first victim) at the stake, he offers her a final ultimatum: he will pardon her and allow her to walk away alive, but only if she becomes his mistress. Esmeralda angrily refuses by defiantly spitting in the judge's face, and Frollo begins the process of condemning her and setting the stake on fire, much to the citizens' horror and outrage. Though it would've seemed that Frollo is about to get away with his actions as he smiles wickedly while watching the flames surround Esmeralda, an outraged Quasimodo frees himself from his chains and swings into the courtyard to rescue Esmeralda from the burning stake. Quasimodo then swings back to the cathedral, loudly declaring sanctuary for Esmeralda before hiding her in a chamber for safety, much to the delight of the Romani people and the citizens (including Phoebus and the Archdeacon).

Enraged that Quasimodo has interfered yet again, Frollo finally loses what remains of his sanity and orders his men to attack the cathedral by force, telling them to grab a wooden beam (which Quasimodo previously threw to crush Frollo's carriage) and use it to break down the door. In the chaos, Phoebus is able to free himself and rallies the citizens of Paris to free the Romani people and fight back against Frollo and his soldiers. As such, Phoebus, the Romani people and the citizens engage into a fully-fledged battle against Frollo's soldiers while Quasimodo and his gargoyle friends take charge of the defense of Notre Dame itself and are able to prevent quite a few soldiers from entering the church. Eventually, Quasimodo and the gargoyles resort to pouring hot vats of molten copper down into the courtyard to stop the soldiers' advance. The molten copper completely surrounds Notre Dame and is successful in warding off Frollo's soldiers, but Frollo is able to cut a small entrance into the door with his sword, large enough for him to get in.

As Frollo heads towards the staircase to the bell tower, the arriving Archdeacon (being aware of what happened) confronts him for going insane with power and attacking the church. Declaring this to be the last straw, the Archdeacon furiously states that he won't tolerate Frollo's actions anymore, implying that he will report Frollo to King Louis XI and have him arrested and/or executed for his crimes. However, Frollo furiously shoves the Archdeacon out of the way and locks him out of the tower, telling that he himself and Quasimodo have "unfinished business to attend to", and that the Archdeacon will not interfere this time.

Though Quasimodo is initially celebrating the victory against Frollo and his soldiers, Esmeralda has fallen unconscious because of smoke inhalation, and Quasimodo's attempts to revive her are not successful. Frollo finds Quasimodo sobbing over Esmeralda, believing her to be dead. Frollo appears to assert his guilt, vindicating his actions by stating he was simply doing his duty and says that it's time to end Quasimodo's suffering forever. However, Quasimodo notices Frollo's shadow raising a dagger, clearly intending to kill him. With that in mind, Quasimodo overpowers Frollo by pushing him into the floor and throws the dagger away, filled with rage against Frollo for what he has done.

A shocked Frollo begs Quasimodo to listen to him, but Quasimodo has been finally fed up of Frollo's lies, going on an emotional tirade about how all his life Frollo had told him that the world was a dark, cruel place, and that he now sees that the only reason why the world is like that is because of intolerant and wicked people who are just like Frollo. Following Quasimodo's tirade, Esmerelda finally recuperates, much to Quasimodo's complete relief. Enraged that Esmeralda was still alive, Frollo draws his sword, but Quasimodo picks Esmeralda up and quickly darts onto the church's balcony and out of sight.

## Death

Frollo searches for both Quasimodo and Esmeralda, and he finally finds them trying to climb down the wall. He tries to cut off the gargoyle structure that Quasimodo was hanging on, but Quasimodo leaps to another one out of Frollo's reach. Quasimodo keeps evading Frollo and manages to get Esmeralda climb back onto the balcony.

Blinded by rage, Frollo finally confesses that he murdered Quasimodo's mother when she tried to protect him as a baby, which left Quasimodo and Esmeralda shocked. As such, Frollo proclaims his intention to kill Quasimodo like he should have done 20 years ago. He blinds Quasimodo with his cloak and attempts to throw him into the molten copper below, but Quasimodo manages to hold on to the balcony, accidentally pulling Frollo along with him.

Instead of letting his foster father fall, Quasimodo holds him and the cape tightly while Frollo maintains his hold on the cape, with his own grip on the balcony weakening. As Esmeralda attempts to pull Quasimodo to safety, Frollo is able to climb onto part of the wall onto another gargoyle structure. With his eyes and mouth glowing in a more menacing tone, Frollo steadies himself and cackles evilly at their situation. With an evil grin, the demented judge raises his sword to kill them both, proclaiming that God shall smite the wicked and plunge them into the fiery pit of Hell.

Ironically, at that very moment, the gargoyle starts to crack, causing Frollo to lose his balance and hang on to the gargoyle for dear life. Much to Frollo's fearful horror, the gargoyle comes to life and furiously roars thunderously at him, serving as a divination of God that finally declares Frollo as the *true* wicked for his heinous crimes against the population of Paris and as well finally had enough of Frollo. As such, the angry gargoyle willfully breaks away from the cathedral completely, sending itself and a screaming Frollo plunging into the molten copper a long way below, where Frollo gets incinerated to his death and receives his eternal comeuppance. Esmeralda loses her grip of Quasimodo, but Phoebus (who found a way to enter Notre Dame) saves him by catching him from another floor below, much to Esmeralda's relief.

With Frollo finally dead, Quasimodo reunites with Esmeralda and Phoebus before giving his blessing to their relationship. Quasimodo then ventures outside Notre Dame, where everyone (including the Romani citizens) happily praised him as a hero for putting an end to Frollo's tyranny, fulfilling his lifelong dream of being accepted into society in spite of his deformities.

## Musical

Frollo appears in both the German and North American musical adpatations of the film. In the German musical, Frollo is revealed to have been a priest in his youth (referencing his role as an Archdeacon in the original novel) and decided that Paris needed to be safe so he became a judge. He hated Gypsies and believed that they were the sole problem with Paris. He took care of Quasimodo as an act of contrition for killing Quasimodo's mother. He hoped that Quasimodo would think like him and his emotional abuse was something that he was unaware of. Frollo became consumed with lust for Esmeralda which drove him insane. He thought the cure was either to possess her or to destroy her.

His fate is changed between the versions of the play are changed. In the German version of the play, he is thrown off of the cathedral to his death by Quasimodo, rather than falling off of the crumbling gargoyle fixture. In the English version of the play, when Esmeralda awakens, Frollo draws his sword and prepares to kill both of them, but then stops, drops the sword, and leaves. This was most likely included in this version of the play to give Frollo a chance at redemption, though whether or not he took that chance is unknown.

In the North American musical, which follows much more closely the original novel, Frollo and his younger brother, Jehan, were raised in Notre Dame after they are orphaned. While Frollo studied to become a priest, Jehan constantly found himself in trouble and was eventually expelled from the church. Years later after becoming the Archdeacon, Frollo learned from a dying Jehan that the latter fathered a deformed child and needed to be looked after, the child being Quasimodo. As penance for the sins of his brother and seeing it as a test of faith, Frollo vows to raise the child to be devout as him. Years later, Frollo sees Esmeralda dance at the Festival of Fools and how she defends her actions in assisting Quasimodo. He offers for her to stay at Notre Dame and learn from him the ways of the church, and indicates his attraction to her which disgusts her. He obsesses over Esmeralda and receives permission from the king to use military power to find her and make her his own.

As in the movie, Frollo offers her his ultimatum to her at the stake before she is rescued by Quasimodo. However, Esmeralda later dies from smoke inhalation and Quasimodo is overcome by grief and blames Frollo for her demise. In his anger over his former master's actions, Quasimodo throws Frollo over the edge of the cathedral to his death.

---

**Gypsy:** Judge Claude Frollo.

I growled as I saw Frollo and my eyes turned red with pure hate at him and I clenched my fists tight and blood poured through my knuckles.

Me: I will always HATE that blasphemous heretic!

**Clopin:** THE BELLS OF NOTRE DAME

JUDGE CLAUDE FROLLO LONGED TO PURGE THE WORLD OF VICE AND SIN

AND HE SAW CORRUPTION EVERYWHERE EXCEPT WITHIN.

**Frollo:** Bring these gypsy vermin to the Palace of Justice.

**Guard:** *(To mother)* You there. What are you hiding?

**Frollo:** Stolen goods, no doubt. Take them from her.

**Clopin:** She ran.

*(As the gypsy mother tries to escape with her baby, Judge Frollo gives chase on horseback. She reaches the doors of Notre Dame and pounds on them.)*

**Gypsy Mother:** Sanctuary. Please give us sanctuary. (her last words)

*(Frollo finally catches up to her on the steps of the cathedral. He rips the still covered bundle from her arms, and kicks her in the face, sending her crashing to the cement steps with a broken neck, where she is knocked unconscious. The baby begins to cry.)*

**Frollo:** A baby?

*(Frollo uncovers the baby's head, seeing the deformed infant.)*

**Frollo:** (shocked) A monster.

*(He looks around, searching for a way to dispose of the creature. He sees a well, and rides over to it. He is about to drop the baby down the well when a voice (a lightning flash between Clopin and the Archdeacon) shouts out.)*

**Archdeacon:** Stop.

**Clopin:** Cried the archdeacon.

**Frollo:** This is an unholy demon. I'm sending it back to hell, where it belongs.

**Archdeacon:** SEE THERE THE INNOCENT BLOOD YOU HAVE SPILT

ON THE STEPS OF NOTRE DAME.

**Frollo:** I am guiltless-she ran, I pursued.

**Archdeacon:** NOW YOU WOULD ADD THIS CHILD'S BLOOD TO YOUR GUILT

ON THE STEPS OF NOTRE DAME.

**Frollo:** My conscience is clear.

**Archdeacon:** YOU CAN LIE TO YOURSELF AND YOUR MINIONS

YOU CAN CLAIM THAT YOU HAVEN'T A QUALM

BUT YOU NEVER CAN RUN FROM,

NOR HIDE WHAT YOU'VE DONE

FROM THE EYES

THE VERY EYES OF NOTRE DAME

**Clopin:** AND FOR ONE TIME IN HIS LIFE OF POWER AND CONTROL

FROLLO FELT A TWINGE OF FEAR FOR HIS IMMORTAL SOUL

**Frollo:** What must I do?

**Archdeacon:** Care for the child, raise it as your own.

**Frollo:** What? I'm to be saddled with this misshapen- *(He pauses as a thought creeps across his face.)* Very well. Let him live with you in your church.

**Archdeacon:** Live here? But where?

**Frollo:** Anywhere. JUST SO HE'S KEPT LOCKED AWAY WHERE NO ONE ELSE CAN SEE.

The bell tower, perhaps. And who knows-our Lord works in mysterious ways.

EVEN THIS FOUL CREATURE MAY YET PROVE ONE DAY TO BE OF USE TO ME.

**Clopin:** And Frollo gave the child a cruel name. A name that means half-formed: Quasimodo.

NOW HERE IS A RIDDLE TO GUESS IF YOU CAN

SING THE BELLS OF NOTRE DAME.

WHO IS THE MONSTER AND WHO IS THE MAN?

SING THE BELLS, BELLS, BELLS, BELLS,

BELLS OF NOTRE DAME

*(We have wiped from watching Clopin's puppet show to the actual bells ringing in the tower, and the back of this mysterious Quasimodo ringing them. As we end on a beautiful shot of the bells ringing, and the word "Dame" is sung with the cymbal crash, the title "* THE HUNCHBACK OF NOTRE DAME *" appears on screen. We fly down to an exterior with the frozen forms of Victor and Hugo, with a bird's nest in his mouth, on the balcony. As Quasimodo comes out, the bird awakens.)*

**Quasimodo:** Good morning.

*(The bird squeaks its approval.)*

**Quasimodo:** Will today be the day? Are you ready to fly?

*(The bird squeaks its disapproval.)*

**Quasimodo:** You sure? Good day to try. Why, if I picked a day to fly, oh, this would be it. The Festival of Fools. It will be fun-the jugglers, and music, and dancing…

*(The bird, who had been resting in Quasi's hand, has begun to flap its wings. Quasi slowly removes his hands until the bird is hovering in place. He chuckles and shows his hands to the bird, who finally realizes that it is flying. It squeaks an approval, then a question, as a flock of birds fly by.)*

**Quasimodo:** Go on. Nobody wants to be cooped up here forever.

*(The bird flies off to join the flock. As soon as it's gone, Hugo, and later, Victor, come to life. Hugo spits out the nest.)*

**Hugo:** Oh, man. I thought he'd never leave. I'll be spittin' feathers for a week.

**Victor:** Well, that's what you get for sleeping with your mouth open.

We laughed.

**Hugo:** *(chuckles sarcastically)* Heh, heh, heh… go scare a nun.

**Hey, Quasi!** What's goin' on out there? A fight? A flogging?

**Victor:** A festival.

**Hugo:** You mean the Feast of Fools?

**Quasimodo:** Uh-huh.

**Hugo:** All right, all right. Pour the wine and cut the cheese.

*(Hugo makes farting noises in his armpit.)*

We laughed at his joke.

**Victor:** It is a treat to watch the colorful pageantry of the simple peasantfolk.

**Hugo:** Boy, nothin' like balcony seats for watching the ol' F.O.F.

**Quasimodo:** *(depressed)* Yeah, watching.

*(Quasi turns and departs, obviously unhappy.)*

**Hugo:** Hey, look-a mime.

*(Hugo hocks up a phlegm in his throat, and is about to spit, when Victor covers his mouth. Hugo is forced to swallow his prize. They proceed inside to Quasimodo. Laverne catches up to them.)*

**Hugo:** Hey, hey, what gives?

**Victor:** Aren't you going to watch the festival with us?

**Hugo:** I don't get it.

**Victor:** Perhaps he's sick.

**Laverne:** Impossible. If 20 years of listening to you two hasn't made him sick by now, nothing will.

**Victor:** But watching the Festival of Fools has always been the highlight of the year for Quasimodo.

**Laverne:** What good is watching the party if you never get to go near it? (Birds have begun to roost on Laverne. She waves them away.) Get away from me, go on, you bunch of buzzards. He's not made of stone, like us.

(Laverne goes to Quasi, who is at his table with a model of the city and small toys painted like townspeople.)

**Laverne:** Quasi, what's wrong? You wanna tell ol' Laverne all about it?

**Quasimodo:** I… I just don't feel like watching the festival, that's all.

**Laverne:** Well, did you ever think about going there instead?

**Quasimodo:** Sure, but I'd never fit in down there. I'm not normal.

**Laverne:** Oh, Quasi, Quasi, Quasi. (She pauses as the birds have returned to perch on her again. - To birds:) Do you mind? I would like to have a moment with the boy if it's all right with you.

**Hugo:** (To Quasi:) Hey, quit beating around the bell tower. Whadda we gotta do? Paint you a fresco?

**Victor:** As your friends and guardians, we insist you attend the festival.

**Quasimodo:** Me?

*(Enter Hugo, with a figurine of a Pope, from Quasi's tabletop scene.)*

**Hugo:** No, the Pope. Of course, you.

*(Victor shoves the Pope figurine in Quasi's mouth.)*

**Victor:** It would be a veritable pope-pourri of educational experience.

*(Hugo pulls the figurine out of Quasi's mouth.)*

**Hugo:** Wine, women and song.

**Victor:** You can learn to identify various regional cheeses.

**Hugo:** Bobbing for snails!

**Victor:** And the indigenous folk music.

**Hugo:** Playing Dunk the monk.

**Laverne:** Quasi, take it from an old spectator. Life's not a spectator sport. If watchin's all you're gonna do, then you're gonna watch your life go by without you.

**Hugo:** Yeah, you're human, with the flesh, and the hair, and the navel lint. We're just part of the architecture, right Victor?

**Victor:** Yet, if you chip us, will we not flake? If you moisten us, do we not grow moist?

**Laverne:** Quasi, just grab a fresh tunic and a clean pair of hose and-

**Quasimodo:** Thanks for the encouragement, but you're all forgetting one thing.

**Gargoyles:** What?

**Quasimodo:** My master, Frollo.

**Gargoyles:** (disappointedly) Oh, yeah, right (etc.)

We growled.

**Victor:** Well, when he says you're forbidden from ever leaving the bell tower, does he mean "ever ever?"

**Quasimodo:** Never ever. And he hates the Feast of Fools. He'd be furious if I asked to go.

Me: What a clod! Frollo has no right to keep him in there.

**Hugo:** Who says you gotta ask?

**Quasimodo:** Oh, no.

**Hugo:** Ya' sneak out…

**Laverne:** It's just one afternoon…

**Quasimodo:** I couldn't-

**Hugo:**… and ya' sneak back in.

**Laverne:** He'll never know you were gone.

**Quasimodo:** I mean, if I got caught-

**Victor:** Better to beg forgiveness than to ask permission.

**Quasimodo:** He might see me.

**Hugo:** You could wear a disguise. Just this once. What Frollo doesn't know can't hurt you.

**Victor:** Ignorance is bliss.

**Hugo:** (aside) Look who's talking…

**Laverne:** Nobody wants to stay cooped up here forever.

*(Quasi thinks for a moment, then a smile creeps across his face.)*

**Quasimodo:** You're right. I'll go. (The gargoyles cheer.) I'll get cleaned up. (Another cheer) I'll stroll down those stairs. (Yet another cheer) I'll march through the doors and-

*(Quasi and the 'goyles have been advancing on the door leading downstairs. As Quasi nears it, Frollo appears in the doorway suddenly, cutting Quasi short and returning the 'goyles to stone.)*

**Frollo:** (interrupting) Good morning, Quasimodo.

**Quasimodo:** Ah-um, good morning, master.

**Frollo:** Dear boy, whomever are you talking to?

**Quasimodo:** My friends.

**Frollo:** I see. (He taps Hugo on the head.) And what are your friends made of, Quasimodo?

**Quasimodo:** Stone.

**Frollo:** Can stone talk?

**Quasimodo:** No, it can't.

**Frollo:** That's right. You're a smart lad. Now, lunch.

*(Upon hearing the word, Quasi goes off and retrieves a table setting- a silver chalice and plate for Frollo and a wooden cup and plate for himself.)*

**Frollo:** Shall we review your alphabet today?

**Quasimodo:** Yes, master. I would like that very much.

**Frollo:** Very well. A?

**Quasimodo:** Abomination.

**Frollo:** B?

**Quasimodo:** Blasphemy.

Me: For Frollo.

**Frollo:** C?

**Quasimodo:** C-c-c-contrition.

**Frollo:** D?

**Quasimodo:** Damnation.

**Frollo:** E?

**Quasimodo:** Eternal damnation!

Me: For Frollo.

**Frollo:** Good. F?

**Quasimodo:** Festival.

*(Frollo spits out his drink at the incorrect response.)*

**Frollo:** Excuse me.

**Quasimodo:** Forgiveness.

**Frollo:** You said festival.

**Quasimodo:** (getting upset) No.

**Frollo:** You are thinking about going to the festival.

**Quasimodo:** It's just that you go every year.

**Frollo:** I am a public official. I must go. But I don't enjoy a moment. Thieves and cutpurses, the dregs of humankind, all mixed together in a shallow, drunken stupor.

**Quasimodo:** I didn't mean to upset you, master.

**Frollo:** (lying) Quasimodo, can't you understand? When your heartless mother abandoned you as a child, anyone else would have drowned you. And this my thanks for taking you in and raising you as my son?

Me: That is a big fat lie!

**Quasimodo:** I'm sorry, sir.

**Frollo:** Oh, my dear Quasimodo, you don't know what it's like out there. I do, I do.

Me: Bullshit.

*(Out There)*

THE WORLD IS CRUEL

THE WORLD IS WICKED

IT'S I ALONE WHOM YOU CAN TRUST IN THIS WHOLE CITY

I AM YOUR ONLY FRIEND

I WHO KEEP YOU, TEACH YOU, FEED YOU, DRESS YOU

I WHO LOOK UPON YOU WITHOUT FEAR

HOW CAN I PROTECT YOU, BOY

UNLESS YOU ALWAYS STAY IN HERE

AWAY IN HERE?

Remember what I've taught you, Quasimodo:

YOU ARE DEFORMED

**Quasimodo:** I AM DEFORMED

**Frollo:** AND YOU ARE UGLY

**Quasimodo:** AND I AM UGLY

**Frollo:** AND THESE ARE CRIMES FOR WHICH THE WORLD SHOWS LITTLE PITY

YOU DO NOT COMPREHEND

**Quasimodo:** YOU ARE MY ONE DEFENDER

**Frollo:** OUT THERE, THEY'LL REVILE YOU AS A MONSTER

**Quasimodo:** I AM A MONSTER

**Frollo:** OUT THERE, THEY WILL HATE WITH SCORN AND JEER

**Quasimodo:** ONLY A MONSTER

**Frollo:** WHY INVITE THEIR CALUMNY AND CONSTERNATION?

**Quasimodo:** I'M FAITHFUL

**Frollo:** GRATEFUL TO ME

**Quasimodo:** I'M GRATEFUL

**Frollo:** DO AS I SAY. OBEY, AND STAY IN HERE.

**Quasimodo:** I'LL STAY IN HERE.

*(Frollo goes to depart.)*

**Quasimodo:** You are good to me, master. I'm sorry.

**Frollo:** You are forgiven. But remember, Quasimodo: this is your sanctuary.

**Quasimodo:** My sanctuary.

*(Exit Frollo.)*

Me: He has no idea what he's talking about.

Nico: No he doesn't.

**Quasimodo:** SAFE BEHIND THESE WINDOWS AND THESE PARAPETS OF STONE

GAZING AT THE PEOPLE DOWN BELOW ME

ALL MY LIFE I MEMORIZE THEIR FACES

KNOWING THEM AS THEY WILL NEVER KNOW ME

ALL MY LIFE I WONDER HOW IT FEELS TO PASS A DAY

NOT ABOVE THEM…

BUT PART OF THEM…

AND OUT THERE, LIVING IN THE SUN

GIVE ME ONE DAY OUT THERE

ALL I ASK IS ONE, TO HOLD FOREVER

OUT THERE, WHERE THEY ALL LIVE UNAWARE

WHAT I'D GIVE… WHAT I'D DARE

JUST TO LIVE ONE DAY OUT THERE

JUST ONE DAY AND THEN I SWEAR

I'LL BE CONTENT, WITH MY SHARE

WON'T RESENT, WON'T DESPAIR,

OLD AND BENT, I WON'T CARE.

I'LL HAVE SPENT ONE DAY OUT THERE

*(Dissolve down to street level, where, in the midst of all the activity,* walks Phoebus, and his horse, Achilles. Phoebus is consulting a

map.)

**Phoebus:** Huh? Uh-uh, you leave town for a couple of decades and they change everything.

*(He looks and sees a pair of guards walking by.)*

**Phoebus:** (respectfully) Excuse me, gentlemen, I'm looking for the Palace of Justice. Would you- (they pay no mind to him)-hmmm, I guess not.

*(Meanwhile, in a corner, Esmeralda and Djali are dancing for change. A woman and her child walk by, but the woman steers her child away.)*

**Woman:** Stay away, child-they're gypsies. They'll steal us blind.

*(Phoebus, entranced by Esmeralda's dancing, drops a few coins into the hat on the ground. Soon, a boy on top of the wall whistles. Everything comes to a halt, and all scramble for cover. As Djali grabs the hat, coins fly everywhere. He runs, and Esmeralda runs out to grab the money. As she's gathering the change, the guards arrive.)*

**Guard 1:** All right, gypsy, where'd you get the money?

**Esmeralda:** For your information, I earned it.

**Guard 1:** Gypsies don't earn money.

**Guard 2:** You steal it?

**Esmeralda:** You'd know a lot about stealing.

**Guard 1:** Troublemaker.

**Guard 2:** Maybe a day in the stocks will cool you down.

*(She fights them, and eventually escapes. As the guards begin to chase, Phoebus blocks them with Achilles, and they fall to the ground. Guard 1 is in the right spot, and…)*

**Phoebus:** Achilles, sit.

*(Achilles does as he is told, and sits on top of Guard 1.)*

**Phoebus:** Oh, dear, I'm sorry. Naughty horse, naughty. He's just impossible. Really, I can't take him anywhere.

**Guard 1:** Get this thing off me.

**Guard 2:** *(approaching Phoebus)* I'll teach you a lesson, peasant.

*(He whips out a small dagger, to which Phoebus pulls out his shining sword.)*

**Phoebus:** You were saying, lieutenant?

*(Guard 2 realizes who it is.)*

**Guard 2:** (respectfully) Oh, Captain. At your service, sir.

*(Phoebus sheathes his sword, then bends down to Guard 1.)*

**Phoebus:** I know you have a lot on your mind right now, but the Palace of Justice?

*(Cut to the guards making a path for Captain Phoebus. As he walks, he sees some coins on the ground. He picks them up and drops them in the hat of an old man sitting on the street. After he passes, the "old man" pulls his hood down to reveal Djali sitting on Esmeralda's head. She looks at him curiously. Phoebus is trying to move through the crowd, but Achilles is refusing to come along.)*

**Phoebus:** Come on, boy. Achilles, heel.

*(We zoom into the Palace of Justice, and end up in the dungeon, where a guard in the next room is whipping a prisoner, as Frollo listens. Phoebus enters)*

**Frollo:** Guard.

**Guard:** (respectfully) Sir?

**Frollo:** Ease up. Wait between lashes. Otherwise, the older sting will dull him to the new.

**Guard:** (respectfully) Yes, sir.

*(Frollo turns to Phoebus.)*

**Frollo:** Ah, so this is the gallant Captain Phoebus, home from the wars.

**Phoebus:** (respectfully) Reporting for duty, as ordered, sir.

**Frollo:** Your service record precedes you, Phoebus. I expect nothing but the best from a war hero of your calibre.

**Phoebus:** (respectfully) And you shall have it, sir. I guarantee it.

**Frollo:** Yes. You know, my last captain of the guard was, um, a bit of a disappointment to me.

*(A whip crack and a scream disrupts Frollo. Phoebus appears startled at the crack.)*

**Frollo:** Well, no matter. I'm sure you'll whip my men into shape.

**Phoebus:** (politely) Uh, thank you, sir, uh, very, uh, trem-uh, a tremendous honor, sir.

**Frollo:** You've come to Paris in her darkest hour, Captain. It will take a firm hand to save the weak-minded from being so easily misled.

**Phoebus:** (curious) Misled, sir?

**Frollo:** Look, Captain-gypsies. The gypsies live outside the normal order. Their heathen ways inflame the peoples' lowest instincts, and they must be stopped.

**Phoebus:** *(a bit surprised)* I was summoned from the wars to capture fortune tellers and palm readers?

**Frollo:** Oh, the real war, Captain, is what you see before you. For twenty years, I have been taking care of the gypsies, one by one.

*(On each of the last three words, Frollo crushes one of three ants on a tile. He flips the tile over, revealing scores of ants scurrying around underneath.)*

**Frollo:** And yet, for all of my success, they have thrived. I believe they have a safe haven, within the walls of this very city. A nest, if you will. They call it the Court of Miracles.

**Phoebus:** What are we going to do about it, sir?

*(Frollo slams the tile back down upside down, and turns it, crushing the remainder of the ants.)*

**Phoebus:** You make your point quite vividly, sir.

**Frollo:** You know, I like you captain. Shall we?

*(He begins to depart when the crowd begins to cheer audibly below.)*

**Frollo:** Oh, duty calls. Have you ever attended a peasant festival, Captain?

**Phoebus:** (respectfully) Not recently, sir.

**Frollo:** Then this should be quite an education for you. Come along.

Me: Okay now we head in. Lets meet up with Quasimodo first.

Nico: Right.

We went in and we were back in Notre Dame yet again.

Blitzwing: Here we are in Notre Dame again.

Me: Yep in 1502 A.D. Just as beautiful and fun as I remember it.

Nico: (to Kairi) You want me to shoot you with Porcupongo's quills so you become badass again? That helped the last time.

Kairi: No I'm fine and I don't want to go through all that again.

Me: It's best that you don't. That was crazy. Lets go find Quasimodo.

We went to the church and Notre Dame Cathedral was as beautiful as ever.

Joan of Arc: Notre Dame Cathedral. It's beautiful.

Marinette: It sure is Joan.

Me: And here in the 1920's you were canonized as a Saint after almost 500 years.

We went up to the Bell Tower and we saw Quasimodo.

Quasimodo: Hey guys!

Me: Long time no see Quasimodo!

We hugged.

Quasimodo: You guys have sure been busy these last couple of years.

Me: I know. We sure have.

Eli: Good to see you again Quasimodo.

Quasimodo: Same to you Eli. You're looking great.

Eli: Thanks.

Nunnally: We came to help you out Quasimodo.

Quasimodo: Thanks guys.

*(We descend to ground level, and see Quasimodo climbing down the side of the cathedral. He wanders into the crowd, as an oncoming group of people begin to sing,* Topsy Turvy *.)*

**People:** COME ONE! COME ALL!

COOP THE HENS AND PEN THE MULES!

COME ONE! COME ALL!

EVERYTHING IS TOPSY TURVY AT THE FEAST OF FOOLS!

*(Quasimodo is working his way through the crowd, but he can't escape Clopin, who seems to be singing to Quasimodo.* )

**Crowd:** TOPSY TURVY!

**Clopin:** EVERYTHING IS UPSY-DAISY!

(There are White Balloons with clown faces on them and confetti in them with a needle poking on each balloon for them to pop with confetti coming out the balloons when they pop.)

**Crowd:** TOPSY TURVY!

**Clopin:** EVERYONE IS ACTING CRAZY

DROSS IS GOLD AND WEEDS ARE A BOUQUET

THAT'S THE WAY ON TOPSY TURVY DAY!

We walked through the chorus.

*(Quasimodo, having joined a chorus line of dancers, is shoved away, through a curtain and comes crashing into the dressing tent of Esmeralda.)*

Me: WHOA! OOF!

**Esmeralda:** Hey! Are you all right?

**Quasimodo:** I didn't mean to… I'm sorry.

Me: Esmeralda. Its been a long time.

Esmeralda: J.D., guys. Wow! Great to see you all again.

Me: It has been a while.

We hugged.

**Esmeralda:** You're not hurt, are you?

Me: We're okay. But it's great to see you again.

Esmeralda: Same here. Here, here, let's see.

**Quasimodo:** No, no, no!

*(Esmeralda tries to pull the hood away from Quasi's face, and he is unsuccessful at stopping her. Djali, upon seeing Quasi's face, sneers. Esmeralda, however, doesn't flinch.)*

**Esmeralda:** There. See, no harm done. Just try to be a little more careful.

Me: We will.

**Quasimodo:** I-I-I will.

*(He starts to leave.)*

**Esmeralda:** By the way, great mask.

Me: That's not his mask and you'll see in a minute.

*(As Quasi exits, we return to the celebration outside.)*

COME ONE! COME ALL!

SEE THE FINEST GIRL IN FRANCE

MAKE AN ENTRANCE TO ENTRANCE

DANCE LA ESMERALDA… DANCE!

*(On the last word, Clopin disappears in a puff of smoke, and Esmeralda* appears in his place. She proceeds to perform a sultry dance.)

**Frollo:** *(To Phoebus)* Look at that disgusting display.

**Phoebus:** *(enthusiastically)* Yes, sir.

We were watching from the crowd on the opposite side of Frollo and Phoebus.

Me: Awesome dancing.

*(She continues to dance. She pulls out a handkerchief and wraps it around Frollo's head playfully, using it to pull him closer. She moves in to kiss him, but jumps away at the last moment. Frollo yanks the handkerchief off his head.)*

**Clopin:** (respectfully) And now, ladies and gentlemen, the piece de resistance.

HERE IT IS, THE MOMENT YOU'VE BEEN WAITING FOR!

HERE IT IS, YOU KNOW EXACTLY WHAT'S IN STORE!

NOW'S THE TIME WE LAUGH UNTIL OUR SIDES GET SORE!

NOW'S THE TIME WE CROWN THE KING OF FOOLS!

You all remember last year's king?

( *Last year's king, carried on the shoulders of the crowd, belches loudly)*

We laughed.

**Clopin:** SO MAKE A FACE THAT'S HORRIBLE AND FRIGHTENING

MAKE A FACE AS GRUESOME AS A GARGOYLE'S WING

*(Hugo is watching from far above)*

**Hugo:** (aggravated) Hey.

HE RESENTS THAT!

**Clopin:** FOR THE FACE THAT'S UGLIEST WILL BE THE KING OF FOOLS! WHY?

**Crowd:** TOPSY TURVY!

**Clopin:** UGLY FOLKS, FORGET YOUR SHYNESS!

**Crowd:** TOPSY TURVY!

**Clopin:** YOU COULD SOON BE CALLED YOUR HIGHNESS!

**Crowd:** PUT YOUR FOULEST FEATURES ON DISPLAY

BE THE KING OF TOPSY TURVY DAY!

*(Clopin has been pulling contestants onto the stage. Esmeralda pulls Quasimodo to the stage. Esmeralda works her way down the line, ripping off masks and revealing the ugly faces underneath. The festivities continue until Esmeralda reaches Quasi. She tries to pull Quasi's mask off, but soon realizes that it's not a mask.)*

WE TOLD YA!

**Man 1:** That's no mask.

**Woman 1:** It's his face.

**Woman 2:** He's hideous.

**Man 2:** It's the bell ringer from Notre Dame.

*(Quasi, realizing that people are grossed-out by him, is devastated. Frollo realizes that the only man left standing on stage is Quasimodo. Clopin, trying to keep things festive, jumps in.)*

**Clopin:** Ladies and gentlemen, don't panic. We asked for the ugliest face in Paris, and here he is. Quasimodo, the hunchback of Notre Dame.

*(Upon hearing Clopin, the crowd once again grows festive, and Clopin crowns Quasimodo the King of Fools.* )

**Crowd:** ONCE A YEAR, WE THROW A PARTY HERE IN TOWN

**Clopin:** HAIL TO THE KING!

**Crowd:** ONCE A YEAR, WE TURN ALL PARIS UPSIDE DOWN

**Clopin:** OH WHAT A KING!

**Crowd:** ONCE A YEAR THE UGLIEST WILL WEAR A CROWN

**Clopin:** GIRLS, GIVE A KISS

**Crowd:** ONCE A YEAR ON TOPSY TURVY DAY

**Clopin:** WE'VE NEVER HAD A KING LIKE THIS

**All:** AND IT'S THE DAY WE DO THE THINGS THAT WE DEPLORE

ONCE A YEAR WE LOVE TO DROP IN

FOR THE CHANCE TO POP SOME POPINJAY

AND PICK A KING WHO'LL PUT THE TOP

IN TOPSY… TURVY… DAY (TOPSY TURVY)

(MAD AND CRAZY, UPSY-DAISY TOPSY TURVY DAY!)

*(From above, the Gargoyles whoop and cheer, while down on the ground, the crowd chants "Quas-i-mod-o!" To the side, Guards 1 and 2 are watching.)*

**Guard 2:** You think he's ugly now? Watch this.

He throws a tomato at Quasimodo, but Eli used the Force and have the tomato hit Frollo instead.

SPLAT!

Me: Nice one.

Eli took everyone's vegetables with the force and throw them at Frollo.

Light Lily threw her diaper at Frollo

SPLAT!

Light Lily blew a raspberry at Frollo.

Count Spankulot: (to the crowd) (Transylvanian Accent) You all have been very bad for throwing food at an innocent person. Now, you will all be punished! Prepare to feel the stingy paddlesome wrath of COUNT SPANKULOT!

Maria: (to Quasimodo with a smirk) Sit back, relax, and watch the Spankiing begin!

Quasimodo: Thank you guys! I owe you all one.

Frollo looked at us with incredible fury and I looked at Frollo with glowing red eyes FULL OF HATE!

Count Spankulot spanked everyone that threw fruit and laughed malevolently!

WHAP WHAP WHAP WHAP WHAP WHAP WHAP WHAP WHAP WHAP WHAP WHAP!

Me: Ouch!

Numbuh 4: Thank goodness that's not us.

Esmeralda went over to Quasimodo.

Me: It'll be all right Quasimodo.

Frollo: (getting mad) You, gypsy girl. Get down at once.

Esmeralda: (respectfully) Yes, your honor. Just as soon as I free this poor creature.

Frollo: (getting mad) I forbid it.

She didn't listen to him and helped him up.

Frollo: (pointing to Esmeralda) How dare you defy me?

Esmeralda: You mistreat this poor boy the same way you mistreat my people. You speak of justice, yet you are cruel to those most in need of your help.

Frollo: (still getting mad) Silence!

Esmeralda: (angry, raising her arm and fist) Justice!

Frollo then saw my face and recognized me.

Frollo: You!

Me: Yes me.

Frollo: You will pay for helping a gypsy.

Me: All you are is nothing but a blasphemous heretic Frollo! You don't give a flying fuck about the safety of Humankind as well as not see that the people you all kill are innocent people who have done no harm! You're evil and all you do is nothing but destroy!

Eli: That's right! You are a monster! And you will pay for everything you've done!

Frollo: Mark my words, gypsy and J.D.. You will pay for this insolence and you will pay for everything you did to me J.D.

Me: You're the one who will pay! God will not tolerate you any longer.

Esmeralda: Then it appears we've crowned the wrong fool. The only fool I see is you.

Me: And we will kill you in the name of God!

Frollo: Captain Phoebus, arrest her.

I fired an energy beam and it hit Frollo in his arm and burned it bad!

Me: Consider that your only warning shot!

Frollo: KILL THOSE FIENDS!

(Phoebus motions for his guards to move in and arrest Esmeralda and kill us. They surround the stage.)

Esmeralda: Now, let's see. (Counting the guards) One, two, three, four, five, six, seven, eight, nine, ten of you, and one of me. What's a poor girl to do? (She begins to cry, then disappears in an explosion of smoke.)

BOOM!

I fired a blast of energy and blew the guards heads off and splattered their blood all over.

Frollo: Witchcraft.

(From another location)

Esmeralda: Oh, boys! Over here!

(She leads the guards on a wild chase. At one point, she knocks a large cage containing an old prisoner to the ground. It goes rolling away, until it comes to a stop and the lock breaks open. He steps out.)

Old Prisoner: I'm free, I'm free! (He walks into the wrong direction, but trips, then falls into the stockade, which closes and locks.) Dang it.

We blasted the guards all over left and right.

(Meanwhile, Esmeralda continues to evade the guards. At one point, she and Djali jump on top of the crowd, which carries them away to safety. Two guards attempt the same move, and the crowd quickly moves away. She grabs a helmet from one of the guards, and throws it like a frisbee. It hits three guards and knocks them out, before almost chopping Phoebus' head off.)

Phoebus: What a woman!

(Two guards on horseback are chasing Esmeralda. As she leaps over Frollo's stand, someone throws the guards a staff. Each holding onto an end, the horizontal staff slices through Frollo's stand, sending him diving for cover. Esmeralda ascends to the top of a stand, then promptly disappears.)

I looked at Frollo and flipped the bird at him and then I made the throat slash gesture.

Me: You are a blasphemous monster Frollo!

Frollo: This city is overrun with gypsies! For decades I've worked to purge the city of those wretched gypsies, and now the streets teem with even more disgusting vermin like you that threaten law and order.

Me: The only piece of disgusting vermin around here is you! You are a TRUE menace to law and order!

I fired an energy blast and it hit Frollo's carriage and blew it apart.

I walked up to Frollo and glared at him ferociously.

Me: I am still going to kill you Frollo. I will never forgive you for everything you've done.

Frollo: Come and get me then.

Me: You'll know when that happens. Until then, I'll be watching you like a hawk.

We went back to the church.

Skull Man: I should've just shown Frollo why I'm called Skull Man. It would've given him something to obsess about.

Me: Yeah. But Frollo will be forever damned and burning in the fires of oblivion by the time we're done with him. Frollo has done so many terrible things.

Dissolve forward in time to Phoebus and the guards searching for Esmeralda. She is disguised, again with Djali as the old man. She sneaks into the church. Phoebus sees her and recognizes who it is. He follows her in alone. As he comes up behind her, she turns and grabs his sword.) Esmeralda: You! (She forces him to the floor, holding him there with the tip of his sword at his chin.)

Phoebus: Easy, easy-I just shaved this morning. Esmeralda: Oh, really? You missed a spot.

Me: Esmeralda easy. He's not here to fight.

Phoebus: J.D.! It's great to see you again.

Me: Same here Phoebus. Been a while.

Phoebus: It sure has been a while.

Esmeralda was ready to fight him.

Phoebus: All right, all right. Just calm down. Just give me a chance to apologize.

Esmeralda: For what? (As she lets down her guard for a split second, Phoebus grabs the sword from her hands and turns it on her.)

Phoebus: That, for example.

Esmeralda: You sneaky son of a-

Phoebus: Ah, ah, ah! Watch it-you're in a church. (She has picked up a staff with candles on top)

Esmeralda: Are you always this charming, or am I just lucky? (She swings the staff at Phoebus, who blocks it with his sword. They fight.)

Phoebus: (Between Esmeralda's swings) Candlelight… privacy…

music. Can't think of a better place for hand-to-hand combat! You fight almost as well as a man!

Esmeralda: Funny. I was going to say the same thing about you.

Phoebus: That's hitting a little below the belt, don't you think?

Esmeralda: No. This is. (She swings one end of the staff at Phoebus' crotch. He blocks it with his sword. She quickly hits him in the face with the other end of the staff. He shakes it off.)

Phoebus: Touche!

Me: En Garde!

(Djali butts him in the chest.)

Phoebus: I didn't know you had a kid.

Esmeralda: Well, he doesn't take kindly to soldiers. (The fighting has subsided.)

Phoebus: Eh, I noticed. Permit me. I'm Phoebus. It means "sun god." And you are?

Esmeralda: Is this an interrogation?

Phoebus: It's called an introduction.

Esmeralda: You're not arresting me?

Phoebus: Not as long as you're in here. I can't.

Esmeralda: You're not at all like the other soldiers.

Phoebus: Thank you.

Esmeralda: So, if you're not going to arrest me, what do you want?

Phoebus: I'd settle for your name.

Esmeralda: Esmeralda.

Phoebus: It's beautiful. Much better than Phoebus, anyway.

(As they gaze into each other's eyes, neither notices Frollo and guards approaching.)

Frollo: Good work, Captain! Now, arrest her. (Phoebus still has his back to Frollo.)

Phoebus: (Whispering to Esmeralda) Claim sanctuary. (She looks at him oddly.)

Me: (Whispering) Play along.

Phoebus: Say it!

Esmeralda: You tricked me!

Frollo: I'm waiting, Captain.

Phoebus: I'm sorry, sir. She claims sanctuary. There's nothing I can do.

Frollo: Then drag her outside and-

(The archdeacon has entered)

Archdeacon: Frollo! You will not touch her! (To Esmeralda, whom he as approached) Don't worry. Minister Frollo learned years ago to respect the sanctity of the church.

(Frollo and the guards turn to leave. Frollo ducks around a pillar and doubles back. As the remainder of the people have passed, Frollo jumps out, grabs Esmeralda's arm and twists it behind her. He whispers into her ear.)

Frollo: You think you've outwitted me, but I am a patient man, and gypsies don't do well inside stone walls.

(He pauses, then breathes deeply, smelling Esmeralda's hair.)

Esmeralda: What are you doing?

Frollo: I was just imagining a rope around that beautiful neck.

(Frollo caresses her neck, but she pulls away.)

I unsheathed my sword and I had the blade at his neck.

Me: You get away from her right now you goddamn heretic. You even so much as touch her the way you did and I will make sure that every single drop of your tainted sinful blood stains this whole floor from your slashed throat!

Nico: You tell him J.D.!

Laney: Yeah!

Eli: J.D. has always had a really strong hatred for Frollo because of all the terrible crimes he did to Esmeralda and all of Paris.

Nico: We know all about that. Yeah I hate Frollo as much as J.D. does.

Varie: So do I.

I then slowly start to cut his throat.

Me: This cut won't kill you. Just remind you that you cross us again and it will be your last day alive.

General Schwarz decided to join in with threatening Frollo by pointing his General Black Iron Sword at his neck

Frollo: Why don't you all just kill me and get it over with?!

General Schwarz: (laughs) Beause that would be no fun!

Me: I want to see you suffer first. After everything you did you deserve a slow and extremely excruciatingly painful death. So many people have suffered all because of you all because of your murderous and blasphemous laws when you took God's laws into your own hands. You are nothing more than a blasphemor, a heretic and a traitor!

Frollo: What do you mean?!

Me: You betrayed God and that shows that you are just as bad as the Devil himself!

Everyone: YEAH!

Esmeralda: That's right!

Frollo then got away.

Frollo: You will pay for this humiliation!

He ran.

Eli: He's getting away!

Me: Let him go. He'll get what's coming to him soon. Right now we have to help Esmeralda.

We went to her.

Esmeralda: Thank you all for standing up for me like that.

Me: Anything for a friend.

Eli: But thank goodness you're all right.

Nunnally: Yeah what Frollo is doing is awful.

Yumika: Yeah it sure is.

Esmeralda: You guys have sure grown in numbers since the last time I saw you all.

Me: We've been very busy.

Nico: Yeah we sure have.

Esmeralda: One thing, Djali-if Frollo thinks he can keep us here, he's wrong.

Archdeacon: Don't act rashly, child. You created quite a stir at the festival. It would be unwise to arouse Frollo's anger further.

Esmeralda: You saw what he did out there, letting the crowd torture that those monsters ruined that boy's moment. I thought if just one person could stand up to him, then… (she sighs.) What do they have against people who are different, anyway?

Eli: That's what I wanna know too.

Me: He hates people like you with a vengeance Esmeralda. He tooks God's laws into his own hands to hunt down all of you and kill you.

Esmeralda: He's a true monster.

Eli: Sounds racist to me.

Me: Yeah. It does sound like that.

Laney: Pure evil.

Archdeacon: You can't right all the wrongs in this world by yourself.

Esmeralda: No one out there's going to help, that's for sure.

Me: No but we all can.

Eli: That's right!

Me: Lets go see Quasimodo.

We went up to the Bell Tower and we found Quasimodo.

Me: Hey Quasimodo. Are you all right?

Quasimodo: Yeah thanks guys. Thanks for saving me back there.

Me: We made sure some of those guys ran home crying with their tails in between their legs.

Waspinator: (to Quasimodo) Waspinator know how Quasimodo feel. Back in War days, Waspinator always treated like joke.

Animated Bumblebee: That's another difference between you and your counterpart on my world. Wasp was never treated as comedy relief. Not even before he became Waspinator.

Waspinator: That is interesting. Waspinator feel counterpart Waspinator's pain.

Quasimodo: Wow. That is crazy. I heard all the commotion downstairs. What happened?

Me: Nasty story. I threatened Frollo's life.

Quasimodo: Why?

Me: Well it's a bad story Quasimodo. I HATE Frollo for everything he is and more. He's a blasphemous heretic that has taken God's laws into his own hands and is killing innocent people.

Eli: Specifically Gypsies and all that.

Nico: Yeah I can't stand that guy.

Eli: We all hate that monster for what he is.

Esmeralda: He has done so much harm to all my people.

Nico: He needs to be destroyed.

Chillyfish: Sorry if you were expecting Badass Kairi, Quasimodo. But Kairi insists that she doesn't have to go into that mode.

Quasimodo: That's all right guys. Kairi looked cool like that but I like Kairi just the way she is.

Kairi: Thanks Quasimodo.

Quasimodo saw Kairi and Sora's wedding rings.

Quasimodo: You guys finally got married!

Sora: We sure did.

Quasimodo: Congratulations to you both.

Kairi: Thank you.

Beast Wars Blackarchnia: Quasimodo, there's another good reason why Frollo is a scumbag. And it was something to do with your mother.

Quasimodo: What about her.

Me: (Sighs) I'm afraid this will change your views about Frollo. Your mother did not abandon you. Frollo killed your mother in cold blood.

I told him everything he did and it was terrible!

Quasimodo was shocked.

Esmeralda: Oh no.

Eli: THAT MONSTER!

Popeye: Why that moiderous fiend! (Tweets pipe)

Sea: Yeah that's why we're going to kill him.

Me: Frollo is beyond a shadow of a doubt the worst ever sinner ever known. He has broken every single commandment ever known in the good book and that makes him just as bad as the devil himself.

Whirlin: (to Quasimodo) You can let it all out, Quadimodo.

Quasimodo then broke down crying and Esmeralda comforted him. Everything Frollo taught him about religion was true but everything that Frollo told him about his mother and Gypsies was all a big fat lie.

Laney: Poor Quasimodo.

Hinata: Frollo is a monster.

Hunter: (German Accent) Ja und he gives all people everywhere a really bad name.

Nico: He sure does. That's why J.D. and I hate him so much with a vengeance because all he knows is how to torture, destroy and kill innocent people that have done no harm to anyone.

Me: Yeah everything he did and does make my blood boil.

Totally Spies Alice: Esmeralda, have you seen any other weird stuff happening lately?

Esmeralda: Weird like how?

Me: Like guys in black coats walking around and causing trouble.

Esmeralda: Hmm. Now that you mention it I did see a strange man walking around with a black coat on. He had long silver hair and these creepy orange and yellow eyes.

We gasped.

Me: Oh no! That's Ansem the Seeker of Darkness!

Esmeralda: Who is that?

Me: We have a really bad history with him.

I went over his history.

---

Ansem, Seeker of Darkness (also known as Xehanort's Heartless) is a major antagonist from the Kingdom Hearts franchise, appearing as the main antagonist in the first game and Riku's story in Kingdom Hearts: Chain of Memories, one of the secondary antagonists of Kingdom Hearts 3D: Dream Drop Distance and Kingdom Hearts III. He is one of the incarnations of Master Xehanort.

He was voiced in Japanese by Akio Ōtsuka and in English by Billy Zane (who also played Cal Hockley in Titanic) in Kingdom Hearts and Richard Epcar from Kingdom Hearts II onwards.

Kingdom Hearts

Ansem first appears to Sora prior to the Destiny Islands' destruction. Though he does not properly introduce himself at the time, Ansem makes a cryptic message to Sora regarding the fate of the Islands. During the Islands' destruction, Ansem appears to Riku and opens a

Corridor of Darkness, sending the boy to Hollow Bastion.

Later, once Maleficent has almost completed gathering the princesses, Ansem possessed Riku's body. He acquires a Keyblade forged from the hearts of the princesses sans Kairi's and uses it to corrupt Maleficent, turning her into a dragon, but she is slain by Sora and company.

Sora then travels to the Final Keyhole, where Ansem awaits. Ansem explains that Kairi's heart is really within Sora and reveals his true identity before attempting to use his Keyblade to draw out Kairi's heart. Sora duels with Ansem, emerging triumphant, and prepares to seal the incomplete Keyhole. As Kairi is still comatose, Sora is forced to use Ansem's Keyblade to save her at the cost of the Keyhole's completion and his own transformation into a Heartless, and subsequently, the births of the Nobodies Roxas and Namine.

Ansem, having expelled Riku's heart and remodeled the boy's body, reappears and declares that Kairi's part is done. He tries to kill her, Donald, and Goofy, but Riku's heart stalls Ansem to buy the heroes time to escape. Ansem retreats to the End of the World, with a restored Sora in pursuit.

In a final battle, Ansem declares darkness is the source of all power, believing that Sora is still ignorant of the truth. Sora, though, retorts that Kingdom Hearts is light and destroys Ansem's physical form with the Door to Darkness.

Kingdom Hearts Chain of Memories, Kingdom Hearts 358/2 Days, and Kingdom Hearts II

Despite his physical form's death, a fragment of Ansem remains in Riku's body and tries to tempt Riku into falling back into the darkness when the youth emerges in Castle Oblivion's basement. However, seeing that Riku has accepted darkness and not him, Ansem becomes frustrated with Riku and is defeated in battle. However, Ansem points how that he'll take Riku's body when the time comes. Eventually, while fighting Roxas six months later to help the resting Sora, Riku is forced to tap into Ansem's powers and adopts his form in the process.

While Riku helps him from the shadows, Sora learns "Ansem"'s true identity as the Heartless of the real Ansem's apprentice, Xehanort. It was only while aiding Sora in the Castle that Never Was that Riku was purged of "Ansem"'s influence and returned to normal.

Kingdom Hearts 3D: Dream Drop Distance

Due to Young Xehanort's travels through time, "Ansem" is among the versions of Xehanort summoned and made a member of the True Organization XIII. "Ansem" taunts Riku throughout his journey through the Sleeping Worlds until Riku defeats him and escapes into the real world to thwart the real Organization XIII, Likewise he was forced to retreat with the rest of the Real Organization when Lea, Donald and Goofy stall them to prevent Sora from becoming their thirteenth member.

Kingdom Hearts III

Ansem first appears in Twilight Town alongside Xemnas, with the two taunting Sora and encouraging him to free Roxas before summoning several Heartless and Nobodies as a distraction. After this, they watch Sora in the town, where Xigbar berates them for directly guiding Sora.

Later, Ansem visits the Dark World to confront Ansem the Wise about Subject X, a girl Terra-Xehanort had admired as an apprentice. Though Aqua tries to stop him, Xehanort's Heartless corrupts her with darkness before leaving with DiZ turning her into a cold and ruthless Anti-Aqua. Ansem takes DiZ to the Old Mansion and taunts him with the knowledge of the children used in the experiments, but Olette rescues DiZ with the help of Hayner, Pence the former two who distract him from noticing Olette taking Diz away, and Vexen who commands a group of Dusks to attack Ansem. With Hayner going as far as to attack the dark being, here he also finds out the Vexen has defected from the Organization when he figures out that Vexen was the one who sent the dusks to come after him.

Ansem joins the real Organization XIII at the Keyblade Graveyard for the final clash between light and darkness. He fights Sora, Riku, and Mickey alongside Young Xehanort and Xemnas with help from

Master Xehanort, but is ultimately slain in battle. He reflects on his journey that he and Riku had together, Riku admits to Ansem that he is going to miss him and Ansem congratulates Riku for becoming a powerful Keyblade master, admitting to him he never stood a chance against him.

He also admits to Sora and Riku that part of him wanted to defy his fate but once he discovered that many members defected from the Organization he found the cared no longer. Sora attempts to comfort Ansem despite his actions against him and Riku but Ansem tells the trio that it is time for them to move on and that was more for them to seek as such he encourages them to go forth and seek it before fading away.

When I was finished she and Quasimodo gasped in shock!

Quasimodo: That's terrible!

Me: Yeah. We're on a dangerous and perilous adventure to stop an evil Keyblader named Xehanort. He's going to destroy the entire universe if we don't stop him.

Laney: Yeah.

Eli: And we're gonna make sure he pays for it.

May: You think Xehanort was the one who gave Lori nightmares?

Lincoln: If he is, he'll pay for it!

White Lightning: Look, I want Xehanort dead as much as the next person. But killing him might not stop these nightmares.

Me: We all want Xehanort dead. His evil essense in the form of Dark Orbs is scattered all over the universe and is wreaking havoc on many worlds and planets even as we speak.

Eli: But guys Xehanort did not cause Lori those nightmares. I sense that it was someone else. The Force is telling me that it's a powerful presence.

Anakin: I sense it too. It's someone with incredible power over the spiritual and paranormal worlds.

Golden Queen: We'll worry about Ansem later. Right now, we must formulate a plan to end Frollo!

Horsea: Said plan should probably involve water.

Me: It will take more than Water to take him down. We'll use the plan that we used the first time we were here.

Twilight Sparkle: What plan is that?

Me: I'll tell you all.

I went over what happened during the events of chapter 964 and it was epic.

Nico: I remember that.

Eli: Wow! That was amazing.

Sunset Shimmer: Boy it sure is.

Marionette Shadow: I agree with Horsea about the water part. Frollo always talks about burning gypsies. So chances are, he might try to burn this place down.

Me: That's what he intends to do later on. But when that time comes, we'll be ready for him.

Nico: That's right. Quasimodo, Esmeralda, no matter what happens we will not let Frollo get away with everything he did. You can count on that.

Eli: That's a promise.

Quasimodo: Thanks guys.

SO MANY TIMES OUT THERE

I'VE WATCHED A HAPPY PAIR

OF LOVERS WALKING IN THE NIGHT.

THEY HAD A KIND OF GLOW AROUND THEM

IT ALMOST LOOKED LIKE HEAVEN'S LIGHT.

I KNEW I'D NEVER KNOW

THAT WARM AND LOVING GLOW

THOUGH I MIGHT WISH WITH ALL MY MIGHT

NO FACE AS HIDEOUS AS MY FACE

WAS EVER MEANT FOR HEAVEN'S LIGHT

BUT SUDDENLY AN ANGEL HAS SMILED AT ME

AND KISSED MY CHEEK WITHOUT A TRACE OF FRIGHT

I DARE TO DREAM THAT SHE

MIGHT EVEN CARE FOR ME

AND AS I RING THESE BELLS TONIGHT

MY COLD DARK TOWER SEEMS SO BRIGHT

I SWEAR IT MUST BE HEAVEN'S LIGHT!

*(As Quasimodo rings the bells, we see a group of monks in the ground level of the cathedral. We fly over Paris toward the Palace of Justice. As we do, we can see isolated lights going out occasionally. We eventually end up in the firelit bedchamber of Frollo.)*

*(Hellfire)*

**Frollo:** BEATTA MARIA

YOU KNOW I AM A RIGHTEOUS MAN

OF MY VIRTUE, I AM JUSTLY PROUD

BEATTA MARIA

YOU KNOW I'M SO MUCH

PURER THAN THE COMMON, VULGAR, WEAK, LICENTIOUS CROWD

THEN TELL ME, MARIA, WHY I SEE HER

DANCING THERE,

WHY HER SMOLDERING EYES STILL SCORCH MY SOUL

*(As Frollo sings, the flames in the fireplace take the form of a dancing Esmeralda, dancing for Frollo's pleasure.)*

LIKE FIRE, HELLFIRE

THIS FIRE IN MY SKIN

THIS BURNING DESIRE

IS TURNING ME TO SIN!

*(The walls of the room and the flames suddenly become* a row of judges, all dressed in red robes. Frollo is terrified.)

IT'S NOT MY FAULT!

I'M NOT TO BLAME!

IT IS THE GYPSY GIRL

THE WITCH WHO SENT THIS FLAME

IT'S NOT MY FAULT

IF, IN GOD'S PLAN,

HE MADE THE DEVIL SO MUCH STRONGER THAN A MAN!

PROTECT ME, MARIA!

DON'T LET THIS SIREN CAST HER SPELL

DON'T LET HER FIRE SEAR MY FLESH AND BONE

DESTROY ESMERALDA

AND LET HER TASTE THE FIRES OF HELL

OR ELSE LET HER BE MINE AND MINE ALONE!

*(The room returns to normal as a guard pounds on the door, then enters.)*

**Guard 6:** Minister Frollo, the gypsy has escaped.

**Frollo:** What!?

**Guard 6:** She's nowhere in the cathedral. She's gone.

**Frollo:** But how, and… never mind. Get out, you idiot! I'll find her. I'll find her if I have to burn down all of Paris!

HELLFIRE, DARK FIRE

NOW GYPSY IT'S YOUR TURN!

CHOOSE ME OR YOUR PYRE

BE MINE, OR YOU WILL BURN!

GOD HAVE MERCY ON HER

GOD HAVE MERCY ON ME

BUT SHE WILL BE MINE, OR SHE WILL BURN!

*(Dissolve to morning. Frollo is exiting his carriage. Waiting for him is Phoebus.)*

**Phoebus:** (To Guards) Attention! (To Frollo) Morning, sir. (Frollo, with baggy and pink eyes, moans.)

**Phoebus:** Are you feeling all right?

**Frollo:** I had a little trouble with the fireplace.

**Phoebus** : I see. Your orders, sir?

**Frollo:** Find the gypsy girl.

*(Fast music, cut to troops ransacking a home, eventually finding a group of gypsies hidden in a trap door. They gypsies are lined up outside, with Frollo looking down at them.)*

**Frollo:** Ten pieces of silver for the gypsy Esmeralda.

(He shoves a handful of coins out, but there are no takers.)

**Frollo:** (To Guards) Lock them up!

*(We now watch Frollo's men push a carriage into the Seine. As it begins to sink, gypsies come floating to the surface. Once again, they're lined up, with Frollo surveying them.)*

**Frollo:** Twenty pieces of silver for the gypsy Esmeralda!

*(Again, no takers.)*

**Frollo:** *(To Guards)* Take them away!

*(Cut to a house with a large windmill. Frollo's guards have found gypsies there. Frollo is interrogating the miller. Music lower.)*

**Frollo:** We found this gypsy talisman on your property. Have you been harbouring gypsies?

**Miller:** Our home is always open to the weary traveler. Have mercy, my lord.

**Frollo:** I am placing you and your family under house arrest until I get to the bottom of this. If what you say is true, you are innocent and you have nothing to fear.

**Miller:** But we are innocent, I assure you! We know nothing of these gypsies!

*(Frollo pulls their door shut, then bars it shut with a guard's staff. He*

*turns to Phoebus.)*

**Frollo:** Burn it.

**Phoebus:** What!?

**Frollo:** Until it smolders. These people are traitors and must be made examples of.

*(Frollo hands him a torch.)*

**Phoebus:** With all due respect, sir, I was not trained to murder the innocent.

**Frollo:** But you were trained to follow orders.

*(Phoebus takes the torch and douses it in a bucket of water.)*

**Frollo:** Insolent coward.

*(Frollo grabs another torch and touches the flame to the windmill. The entire structure is quickly engulfed in flame. Phoebus crashes through the window and brings the family outside to safety. As the building continues to burn, guards grab Phoebus.)*

**Frollo:** The sentence for insubordination is death. Such a pity- you threw away a promising career.

**Phoebus** : Consider it my highest honour, sir.

*(Frollo raises a spear and is about to kill Phoebus, when Phoebus kicks Frollo's horse. The horse bucks, and Frollo is thrown off. Phoebus escapes the guards, hops on Frollo's horse and is off.)*

**Frollo:** Hit him! And don't hit my horse!

*(As Phoebus rides off, he is showered with arrows. One of them goes through his shoulder, and he falls off the horse, off the bridge that he's riding over, and into the river. A volley of arrows follow him in. Esmeralda, who has witnessed the entire spectacle in disguise, gasps.)*

**Frollo:** Don't waste your arrows. Let the traitor rot in his watery grave! Find the girl! If you have to burn the city to the ground, so be it!

*(Esmeralda runs down the hill to the river, keeping under cover. She wades into the water, then dives under. She comes back up with the unconscious Phoebus. She pulls him out of the water as we dissolve to a long shot of Paris burning.)*

The Destruction was absolutely terrible. Much of Paris was totally on fire and burning to the ground. It was as if Frollo had unleashed the fires of Hell unto the whole city just to find Esmeralda.

Me: This is awful!

Eli: You're right cause look at Paris!

Fires were breaking out all over Paris and homes were being destroyed.

Lana: This is a disaster.

Lola: Frollo has taken God's laws into his own hands!

**Guard 7:** Sir! We've looked everywhere, and still no sign of the gypsy girl.

**Frollo:** I had the entire cathedral surrounded, guards at every door. There was no way she could have escaped, unless…

Vice: Let's get buckets of water ready.

Me: Right!

Maria: Leave that to me.

Varie: The Neptune Crusaders will help with this.

They fired blasts of water at the burning buildings.

Victor: It's hopeless. Absolutely hopeless.

(Cut to Hugo playing cards with Lucy)

Hugo: You're telling me! I'm losing to a Loud!

Lucy Loud: Pay up.

Nico: I didn't know Lucy was that good at cards.

Me: We got to find Esmeralda and warn her. But without a doubt Frollo will follow us. I have a plan.

Eli: What is it?

Me: When we go warn Esmeralda, I'll use a genjutsu to hide us when we head for the court of miracles.

**Esmeralda:** Quasi? Quasimodo!?

*(We turn and see Esmeralda enter.)*

Me: Esmeralda you're all right!

**Quasimodo:** Esmeralda?! Esmeralda! You're all right! I knew you'd come back.

**Esmeralda:** You've done so much for me already, my friends, but I must ask your help one more time.

**Quasimodo:** Yes, anything.

Me: What is it?

*(She brings in the unconscious body of Phoebus.)*

**Esmeralda:** This is Phoebus. He's wounded, and a fugitive like me. He can't go on much longer. I knew he'd be safe here. Please, can you hide him?

Me: We sure can.

Varie: Let me see.

Varie looked at him and she saw that he was pierced in the shoulder by an arrow.

Varie: An arrow hit him. I can fix this.

Varie pulled out her medical kit.

We put him on a table.

**Phoebus:** Esmeralda?

**Esmeralda:** Shh, shh, shh. You'll hide here until you're strong enough to move.

Me: We'll save you my friend.

*(Esmeralda pulls out a flask of alcohol.)*

**Phoebus:** Great. I could use a drink.

Me: It's not for drinking.

*(She pours it on his wound, and he cries out in pain.)*

**Phoebus:** Aah, yes! Hmmm! Feels like a 1470 Burgundy. Not a good year.

Me: No it wasn't.

**Esmeralda:** That family owes you their lives. You're either the single bravest soldier I've ever seen, or the craziest.

Me: You are a true hero.

**Phoebus:** Ex-soldier, remember? Why is it, whenever we meet, I end up bleeding?

**Esmeralda:** You're lucky. That arrow almost pierced your heart.

Nico: Yeah thank goodness it didn't.

**Phoebus:** I'm not so sure it didn't.

Me: You'll be all right.

**Quasimodo:** (To Esmeralda) Frollo's coming. You must leave.

Me: Quick lets hide.

We went and hid.

**Esmeralda:** Be careful, my friend. Promise you won't let anything happen to him.

**Quasimodo:** I promise.

**Esmeralda:** Thank you.

Me: Hide with us Esmeralda.

She hid with us and we went invisible.

Eli and Sora took Phoebus with them as they hide.

**Quasimodo:** Oh, master, I didn't think you'd be coming-

**Frollo:** I'm never too busy to share a meal with you, dear boy. I brought a little treat.

We were listening.

*(He clears his throat slightly, and Quasi realizes he hasn't set the table. He rushes off to grab the dishes, and is obviously flustered, dropping and breaking things.)*

**Frollo:** Is there something troubling you, Quasimodo?

**Quasimodo:** Oh. No!

**Frollo:** Oh, but there is. I know there is.

*(Frollo has pulled out a bunch of grapes. One falls to the cautiously picks it up.)*

**Frollo:** I think… you're hiding something.

**Quasimodo:** Oh, no, master. There's nothing-

**Frollo:** You're not eating, boy.

*(He quickly gobbles a handful of grapes.)*

**Quasimodo:** (Mumbling through the food) It's very good. Thank you.

**Frollo:** *(Looking at the models)* What's different in here?

**Quasimodo:** Nothing, sir.

**Frollo:** Isn't this one new? *(Picks up the Esmeralda figure)* It's awfully good. Looks very much like the gypsy girl. I know. *(A nasty look creeps across his face as his voice raises)* You helped her escape!

**Quasimodo:** But I-

**Frollo:** And now, all Paris is burning because of you!

**Quasimodo:** She was kind to me, master.

*(Frollo with his temper smashes the table and its setting)*

**Frollo:** You idiot! That wasn't kindness, it was cunning! She's a gypsy! Gypsies are not capable of real love! Think, boy! Think of your mother! *(he takes a moment to recompose himself.)* But what chance could a poor, misshapen child like you have against her heathen treachery? Well, never you mind, Quasimodo. She will be out of our lives soon enough. I will free you from her evil spell. She will torment you no longer.

**Quasimodo:** (Didn't believe him but played along) What do you mean?

**Frollo:** I know where her hideout is, and tomorrow, at dawn, I attack with a thousand men.

*(He exits.)*

Thorn: Guys, we got a whole bunch of fight coming our way!

Me: I know and not just with the usual battles. But with Frollo and his men.

Phoebus: We have to find the Court of Miracles, before daybreak. If Frollo gets there first He will slaughter them all.

Me: I know Phoebus. I have a plan.

Nico: Just like what happened before.

Me: Lets get ready.

Fireor: (to Frollo) Let's see how you like being burned alive, buddy!

Fireor fired waves of fire from the top of the church and they hit him and burned him all over the place.

Frollo ran again from us as he left.

Me: Yeah you better run! That will slow him down for a bit.

Esmeralda: What are we gonna do. We got to warn my people and fast.

Me: Putting out the fires was only a distraction.

New Wave: I helped in putting out those fires too!

Me: I know you did But right now we have to find the Court of Miracles. I know just where to find it. Come on.

We went to the Graveyard.

Eli used the Force to see if Frollo was following us.

Twilight Sparkle: It's in a graveyard.

Shaggy: (Whimpering) Man I hate graveyards!

Poliwag: (to Nico) Please tell me you got new Scooby Doo Snax for our favorite chickens!

Nico: Never leave home without them.

Lana: Come on you chickens we're going in there.

Shaggy: UH UH! No way!

Scooby Doo: Not on your life!

Me: Then how about this life?

I grabbed them and carried them in by force.

Quasimodo: They sure are scared.

Me: Yeah they hate monsters, ghosts, graveyards, everything scary. These two are the biggest chickens ever.

Shaggy and Scooby Doo clucked like chickens.

Me: (Sighs) These two eat everything in sight but they don't have the courage to face a monster or a ghost.

Eli: Speaking of monsters.

Eli fired a wave of energy and it hit a gravestone and Frollo was behind it and it sent him flying and he landed in the river.

Yakumo: I got this.

Yakumo put up an illusion to make it seem that we weren't there and nothing was touched.

Me: That will hold him till we face him like we did before.

We went down the stairs that lead to the court of miracles.

We stayed close and we got to Court of Miracles.

Me: This must be it.

Esmeralda: Yep.

But then out of a Dark Corridor came ANSEM THE SEEKER OF DARKNESS!

Ludwig: Ansem! Esmeralda said we'd find you here!

Ansem: Indeed she did. (looks around) So sad. This is all because Frollo is close to yielding to the darkness.

Nico: Well, we're not Frollo, are we?

Me: He will die later just like you will soon.

Ansem: No. But I embraced the darkness. And unless you all hurry up and do the same, you will share Frollo's upcoming fate.

Lisa Loud: You are a negative energy nightmare monster that will be destroyed.

Lincoln: We're fine with the path we chose. And that path includes making you and your buddies pay for your crimes! Especially after how you and Xehanort gave Lori nightmares this morning!

Ansem: (laughs) Oh, I'm afraid me and Xehanort aren't the ones who gave your elder sister that nightmare. Especially after Xemnas' failed plan in breaking you all up. (smirks at the other Loud Kids) I hope those nightmares make you all suffer though.

Me: I hope you suffer a thousand deaths for your crimes Ansem. You make me sick enough than you already do.

Eli: And we already know that it's not you or Xehanort causing the dreams.

Me: Just to be certain that I get my point across…

I fired an energy ball and it hit Ansem and blew his left arm off!

Me: That was your only warning shot.

Teresa: Lori, me, Arpeggio, and Ven will help you kick Ansem's ass!

Ven: You know we're not going to kill him just yet.

Teresa: (smirks) I know. But it'll still be fun to kick his ass all the same!

Lori: Count me in.

She summoned her new keyblade!

Ansem was shocked.

Lori: Now you literally will burn!

Teresa, Lori and Arpeggio and Ventus slashed and blasted Ansem all over the place and smashed him into a Dark Corridor!

Nico: Take that.

We went into the Court and warned all the people about Frollo's impending attack and they were shocked and panic strickened.

Metal Sonic: I'm detecting a Dream Eater energy signature close by.

The Wargoyle Dream Eater then appeared!

Nico: Great! Looks like we'll have to incapacitate the Wargoyle and Ansem before the usual battles!

Me: Nico you face the Wargoyle. Lori and her group will tear Ansem to shreds.

Nico: Right!

Nico blasted and took down the Wargoyle!

Nico: Take that!

Duskmon, Ranamon, Arbormon, Mercurymon, Grumblemon, Ben Ravencroft, Felix Faust, Nergal, Deker and Kaos then appeared.

Me: Duskmon, Ranamon, Arbormon, Mercurymon, Grumblemon, Ben Ravencroft, Felix Faust, Nergal, Deker and Kaos.

Duskmon: Whoa! Looks like you guys have been busy!

Maria: I know, right? Me and the Neptune Crusaders have been putting out fires all over the place!

Me: Frollo was burning the entire city to the ground in his pursuit of Esmeralda.

Grumblemon: I can see that.

Ranamon: I put out a few fires myself before we got here.

Arbormon: By the way, Baby Dahl is safe and sound in our HQ.

Me: Awesome!

William: That's great! Make sure she has a better life.

Mercurymon: Oh, she will. I promise you that.

Me: She went through a lot and because of her disease and everything she went through she is in a very fragile state.

Duskmon: Noted. By the way J.D. is it true that you hate Frollo THAT much?

Me: Well wouldn't you if you saw him take God's laws into his own hands and tear much of the city apart and kill thousands of innocent people?

Duskmon: Good point.

Then 2 more figures came out and they were MEATMAN AND BIGWIG!

Lazlo: It's Meatman!

Shaggy: ZOINKS! It's Bigwig!

Qin: Not that harry abomination again.

Twilight Sparkle: What was Bigwig known for?

Qin: He was really Crusty Baker, he was an Italian Restaurant Owner and the food he made was terrible. He was upset because the Arcade that Daphne was working drove away his business. He got 15 to 30 years in prison for his crimes.

Sunset Shimmer: Good and then life right?

Me: Nope. He got beaten to death in the prison cafeteria for making a prisoner hurl his guts out all over another inmate.

Fluttershy: That's terrible.

Me: Yep.

Lazlo: And Meatman was a mystery meat monster we made and he was awful.

Me: Whoa.

Bluto then appeared again.

Sea: Bluto. You are just a glutton for punishment aren't you?

Bluto: I'll win this time.

Sea: Well then lets dance.

?: This is gonna be good.

A figure came out and it was GENERAL TOMARS from episode 16 of S.P.D.!

---

**General Tomars** is an alien forced by Morgana to fight the Power Rangers so that she doesn't vaporize him. He possesses a laptop computer which controls an interdimensional hyperspeed locator, a teleporter that allows him to send anyone to any part of the world.

He first demonstrates its usage by proving to Morgana it works by sending Piggy to sheep farm. However due to him using the device, it attracted the attention of both Jack and Sky who later confront Tomars only to be teleported away.

When he tries to follow them through the computer system, he is deleted by Boom. It is not known with certainty if he survived or not although the word "Deleted" appears on the computer screen. Tomars is later cloned by Slate and Morgana but is destroyed by the S.P.D. Battlizer.

---

Sky: General Tomars!

Tomars: Been a while rangers!

Me: I remember you! You were forced by Morgana to fight the Rangers or she would vaporize you.

Tomars: That's right and really good memory on you.

Me: Never missed an episode. And that computer you have is amazing.

Tomars: Thank you.

May: (to Tomars) If you can travel into computers, did you happen to go into the Grid before coming here?

Tomars: (grimly) I did. And just a heads up, some of you are not gonna like what you find there.

Me: We'll take our chances. But thanks for the heads up. Lets do it.

---

---

Duskmon was first.

Duskmon: (to Jeri) Who did J.D. rescue this time?

Jeri: Her name is Yumika and she is an Ice Queen like from the Denmark Fairy Tale, The Snow Queen.

Princess Luna: I know that story. It was great.

Snowdrop: It sure was. It's one of my favorite stories.

Gari: Mine too. It's amazing.

Lightning Fritter: Mine too. It's a beautiful story.

Blackout: It sure is pretty.

Shadow Lucy: I think so too.

Duskmon: That is a great story. The theme for this one must be Louisiana Cajun Theme.

Tiana: It sure is and I'm a princess. The theme is actually The Disney Princesses and family and country ties.

Chef Pepperjack: We are Cajun themed since Tiana is from Louisiana.

Pepperdance: And we love Spicy Food

Cajun Fox: Ooowee! You bet we do.

Mage Meadowbrook: We sure do.

Janeen the Swamp Girl: (Cajun Accent) It's amazing stuff.

Duskmon: It sure is. Lets get it on!

He fired waves of darkness and they dodged it and the group fired waves of darkness and fire and leaves and energy and smashed him down.

Princess Luna: A true victory of the night!

---

Battle 2: Earth, Applejack, Apple Bloom, Frozen Fright, Thunderbird Apple, Rockhoof, Earth Skylanders, Stone Luna, Pocahontas, Woya, Leyati, Nantan, Blitzwing and Astrotrain VS Grumblemon

---

Grumblemon was next.

Grumblemon: (to Earth) I think Yumika would get along great with Tommy.

Earth: And she would get along great with Elsa and Jack Frost. They both are the masters of winter and ice after all.

Applejack: That's right. She, Elsa and Jack are the perfect trio of Ice Masters.

Apple Bloom: They sure are and Anna would love building snowmen with them.

Frozen Fright: I also feel bad for Elsa because everyone saw her powers and thought she was a witch when she really wasn't.

Thunderbird Apple: She was given great power and she was afraid everyone would see them because of it.

Rockhoof: (Scottish Accent) Aye. She has an amazing gift.

Flashwing: I think so too.

Stone Luna: And that song she sang, Let it Go, was rockin dudes.

Grumblemon: I think so too. It's one of my favorites. Also the theme for this group must be Tribes of Native American History.

Pocahontas: That's half right. I'm the daughter of the chief of the Powhatan Tribe and the theme is American Tribes.

Woya: Me and Leyati are from the Cherokee Tribe in North Carolina and Tennessee.

Leyati: It's amazing.

Nantan: Me and my tribe, The Apache, are from Arizona, Colorado, New Mexico and Oklahoma. It's amazing.

Grumblemon: It sure is! Lets do it!

He smashed the ground and sent a wave of earth at them and they jumped and fired waves of earth, apples, energy, rock and crystal

and smashed him down.

Earth: Take that!

Applejack: YEEHAW! That was great!

---

Battle 3: Stacy Bolton, Rarity, Sweetie Belle, Thunder Terror, Emerald Topaz, Mistmane, Water Skylanders, Liquid Leni, Ariel, Ariel's sisters, Lily the Mermaid, Mero, Melody, Eli, H2O Girls, Kyure, Skull Man and Wave Man VS Ranamon

---

Ranamon was next.

Ranamon: (to Stacy) I really am sorry Lori had that nightmare.

Stacy Bolton: Yeah I don't know what happened and why she had that nightmare but somehow that nightmare really hurt her.

Rarity: Indeed it did darling but the poor dear show not have bad nightmares like that.

Sweetie Belle: Whenever I have bad nightmares like that I would go to Rarity and sleep with her for comfort.

Thunder Terror: Poor Lori went through a bad dream. But thank goodness it will never happen. Bobby and her kids love her too much for that to happen to her.

Emerald Topaz: I agree with you on that. But that dream was horrible.

Mistmane: It sure was.

Gill Grunt: But whoever gave her that nightmare also gave her an awesome Keyblade. It's called the Hurricane Dragon.

Ranamon: I saw that. That is amazing!

Liquid Leni: It's totes amazing and cool.

Ranamon: It sure is and I can tell the theme for this group is Mermaids.

Ariel: That's right and it's also where we mermaids are from.

Andrina: Me and my sisters are from Atlantica.

Eli: I'm with them because Ariel is like a sister to me.

Mero: I am from another part of the sea.

Melody: I'm actually half mermaid because mom is from Atlantica.

Emma Gilbert: We got our mermaid powers from Mako Island.

Rikki: Yeah that's right. It's amazing.

Kyure: And I'm a Scylla from Greek Myth.

Ranamon: Interesting. Lets do it!

Ranamon fired waves of water and they dodged it and fired waves of water, lightning, jewels and energy and smashed her down.

Stacy: RADICAL!

Rarity: Rapture darling that was grand!

Battle 4: Kari Kamiya, Princess Celestia, Light Skylanders, Topaz Flare, Light Lily, Mulan, Land & Mao Yan, Qin Chen, Tarantulas and Waspinator VS Arbormon

Arbormon was next.

Arbormon: (to Kari) If Xehanort didn't give Lori that nightmare… who did?

Kari: That is a really interesting question.

Princess Celestia: I don't know who did this but I know it can't be Dr. Destiny.

Spotlight: That's right. Dr. Destiny may have that kind of power but ths is definitely not his doing.

Topaz Flare: J.D. and Eli said it was someone that has incredibly Paranormal and Supernatural power.

Light Lily babbled.

Arbormon: There's only a few villains and heroes I know that are capable of doing all that and Dr. Destiny is one of them. But this was not his doing or he would have told us.

Mulan: Yeah you got that right. Also the theme for us is Chinese Princess and Family.

When we got the battles done it was time to get to work. Operation DAMN FROLLO was underway.

I whispered to everyone my plan. We were going to have Esmeralda turn herself in and wait in the shadows. When Frollo has her arranged to be burned at the stake, we'll jump in and free Esmeralda and have Phoebus incite a rebellion against Frollo and we'll unleash all of hell onto him and his men.

Nico: J.D. that's brilliant.

Quasimodo: Good plan.

We watched and waited.

**Frollo:** The prisoner Esmeralda has been found guilty of the crime of witchcraft. The sentence: death!

*(Cheers go up from the crowd.)*

He took the torch and went up to Esmeralda.

*(She spits in his face. The crowd gasps in horror.)*

Frollo: The gypsy Esmeralda has refused to recant. This evil witch has put every soul of every citizen in Paris in awful peril. For justice, for Paris, and for her own salvation, it is my sacred duty to send this unholy demon BACK WHERE SHE BELONGS!

Everyone has had enough of Frollo and his men and they broke all of the gypsies out and a huge war broke out!

*(As the crowd begins to break loose the gypsies, the guards continue their assault. Soon, the crowd swarms around the door.)*

Linka blasted a bunch of soldiers with lightning and electrocuted them into ashes and Selene was really showing off her skills as she was slashing and cutting numerous criminals all over and drinking their blood all over. Varie stabbed a soldier in his chest and ripped his throat open with my bare hands and Lola incinerated him and Laney slashed a bunch of soldiers and disemboweled them all over the place and more and Lana froze a bunch of criminals all over and turned them into ice cubes. I slashed a soldier's head off and grabbed him and threw him to Evilseed where he had one of his plant tyrannosaurus's eat him and it splattered his blood and guts everywhere in one chomp. Vypra slashed a soldier all over with her sword and I grabbed a soldier by his hand and ripped his arm off and used his crowbar and smashed it into his eye and rip his head off. Nico grabbed a soldier by his face and ripped it off of him and then he plunged his hand into his stomach and ripped out his intestines and used them like a lasso and tied a soldier and threw him to Evil-Lyn where she blasted him with his staff and destroyed them both and Nico kicked a soldier and his foot went all the way through his chest and smashed his heart out. Then Lynn and Luan blasted him with lava and light and Nico and May blasted and hacked numerous soldiers all over with blasts of ice and lightning and destroyed them all over the place and more.

Ansem then appeared and he was about to go after us again while we were fighting Frollo and his men, only for him to be stopped by 4 teens who seem to be the children of certain villains.

Mal: Oh, great! Evie, did you screw up the potion again?

Evie: Don't look at me! I was pretty sure the potion was supposed to get us to the Tourney field in seconds!

Ansem: More heroes trying to stop the darkness? How cute. And from the looks of things, you 4 seem to be the children of Cruella De Vil, Queen Grimhilde, Jafar, and Maleficent.

Jay: (groans) Aw, dude. Do you have to remind us about that?

Carlos: Jay, I think this guy is bad news.

Evie: We know, Carlos. We used to be like that, remember? So, it's obvious what we have to do now.

Ansem: (amused) Thanks to my Dark Orb, I was able to regenerate my arm. Do you 4 really think you can defeat me?

Mal: (smirks) Why not? After all, we're Rotten to the Core.

Evie: And proud of it!

Mal: Lets get this clod!

They went at him and punched, kicked and smashed him all over the place and smashed him all over and knocked him down.

Ansem: (chuckles) Impressive. Unlike your parents, you put up more of a fight. If I ever see you all, it'll be too soon.

Ansem retreated back into a Dark Corridor.

Jay: Yeah! You'd better run!

Evie: We should be heading back to Auradon. Luckily, I made a second copy of the potion.

They then saw Manaphy and Horsea, who saw the whole thing.

Carlos: Isn't that a Manaphy and a Horsea?

Mal: (to Manaphy and Horsea) Hey, you two. Think you can keep this a secret until the time is right?

Horsea: You bet we can.

Manaphy: Yeah!

The Descendants left.

*(The fighting raged on and a guard breaks the lock off the stockade.*

*The old prisoner is once again free.)*

**Old Prisoner:** I'm free! I'm free! *(He takes a wrong turn and steps into a hole labeled "Mon Sewer" and lands in the water.)* Whoops! Dang it!

*(A grappling hook reaches Quasimodo. He grabs it, then pulls the rope tight. Three guards smash into the building and fall down with a Goofy holler and land into the river below. Meanwhile, Victor and Hugo are building a catapult. They finally are finished and ready to fire.)*

**Victor:** Ready… aim… fire!

*(They push the catapult off the ledge, sending it crashing to the ground. Soldiers scatter as it hits.)*

**Victor:** Are you sure that's how it works?

*(The catapult, upside down, springs, sending the cart bottom on top of some soldiers.)*

**Hugo:** Works for me!

*(More fighting. Once again, Guard 1 is defeated by Phoebus, and he ends up behind Achilles.)*

**Phoebus:** Achilles! Sit!

*(And the horse obeys. Cut to Laverne, sending the birds to attack, ala The Wicked Witch of the West from "* The Wizard of Oz. *")*

**Laverne:** Fly, my pretties! Fly! Fly!

The pigeons went at the guards and soldiers and scared them and we killed the guards.

Wargoyle then appeared!

Nico: Not him again!

Ransack: We'll face him and take him down with our combos!

Ransack, Weather Vane, Princess Jasmine and Bluestreak used the Velocitron and Earth Cyber Planet Keys and Ransack's seat turned into a powerful laser cannon and enhanced Weather Vane's weather powers, Jasmine's powers of wind and sand and Bluestreak's Particle Gun 100-fold.

I kicked Frollo in the face and he crashed into the door of the church! Victor is using Hugo as a bellows to warm up the fire on the lead pot. Quasi attaches a rope to it, then dumps it over, sending molten copper pouring out of the tower and onto the scattering guards below. The guards all ran, but Frollo manages to get inside the cathedral safely. As he does, the archdeacon runs up to him.

**Archdeacon:** Frollo, have you gone mad? I will not tolerate this assault on the house of God!

*(He shoves the archdeacon to the ground.)*

**Frollo:** Silence, you old fool! The hunchback and I have unfinished business to attend to. And this time, you will not interfere.

*(He closes the door and locks it from the inside.)*

Me: Frollo's gone into the church! Come on!

We flew up to the church and Quasimodo and Esmeralda met up with us as we faced Frollo!

Me: You will pay for your crimes Frollo!

Quasimodo: You killed my mother! I know the whole truth now!

Frollo: (to Quasimodo) I should have known you'd risk your life to save that save that gypsy witch - just as your own mother died trying to save you.

Emma: Hey! Quasimodo's mom was a good soul. And now, it's time to avenge her!

**Frollo:** And he shall smite the wicked and plunge them into the fiery pit!

But then Frollo gasped in excruciating pain as he dropped his sword as he saw a sword skewer him all the way through his black heart! And the source of that sword was me stabbing him all the way through him.

Me: You got that right Frollo! This is for me! Just for PISSING ME THE HELL OFF! GO BACK TO HELL AND STAY THERE YOU FUCKING SON OF A BITCH!

I pulled my sword out and sent Frollo falling into the lava to his death where he was incinerated in an instant.

Eli: Don't keep the devil waiting!

His evil Spirit then appeared.

Quasimodo: And I can't thank you guys enough for it.

Kaos: That's 1 mission down.

Deker: And only 12 more to go.

We then saw Manaphy and Horsea walking back to us.

Ben Ravencroft: Hey, you two. Did anything happen while we were giving Frollo what he deserves?

Horsea: Not really.

Manaphy: But Ansem ran back to Xehanort.

Everyone seemed to buy that. It wasn't really a lie.

Felix Faust: Figured he would.

Quasimodo: Thank you guys so much for everything.

Me: Anything for a friend. Now we will never see that evil monster Frollo again. He is gone forever.

Quasimodo: You know it. (To the viewers) This was a powerful adventure. Be careful with how you believe in your religion. Or you will meet the same fate as Frollo.

Me: You got that right. (To the viewers) I may be Christian but I would never take it too far like the way Frollo did or else.

Me and Laniya were flying over the oceans of the world of One Piece and it was as amazing as always.

Me: Wow the world of One Piece is amazing as always.

Laniya: It sure is pretty.

Me: I know. The ocean goes on forever.

Laniya: I have a feeling that we're about to meet another of Luffy's friends.

Laniya concentrated and groaned as she got taller.

Me: Not friend. One of his most dangerous enemies.

Laniya turned into ZYGARDE!

Me: YEAH!

THUNDERCLAP!

We saw a massive blsat of lightning explode out of an island and it measured at 500 billion volts of electricity!

Me: WHOA! That was powerful!

Laniya: What do you think caused that?

Me: Lets go see.

We went to the island and we saw a Kyuubi and with her was a Volcarona and they were facing a man with incredible lightning surging all over him.

Me: Whoa! That girl is a Kyuubi, the Nine-Tailed Foxes of Japanese Myth and she has a Volcarona with her.

Laniya Zygarde: Who is that they are fighting?

I pulled out a bunch of wanted posters and looked through them and I saw that it was ENEL THE GOD!

---

Past

Enel once lived on a sky island called, Birka. He ended up destroying it and killing everyone on the island. With his minions, Enel traveled to another sky island called Skypiea. He immediately took over the island and usurped Gan Fall's position as the ruler of the island.

Skypeia Arc

Enel was first seen attacking a man for going into his territory illicitly. Enel also attempts to kill Conis when she tells the Straw Hats they were intruding and her intentions of bringing them to the sacrificial altar. Enel meets with his priests and later his slaves to discuss the Straw Hats (who were intruders) and the progress of the Ark Maxim and his plan to sail off of Skypiea after destroying it. He learns that one of his men went to Upper Yard to fight and was interested in it. Enel later encounters Nami, Sanji, Usopp, and Gan Fall. Enel electrocutes both Sanji and Usopp putting them in critical condition. Enel tells Gan Fall that he was interested in the fight going on for the gold and left. Enel goes towards the Shandora to participate in the fight and manages to electrocute and easily defeat all his opponents. Enel continues to monitor and participate in the fights until it ended with him faced with Gan Fall, Wyper, Roronoa Zoro, and Nico Robin. After talking, Enel fights them. Wyper manages to use his reject dial on Enel causing him to nearly die since his heart did not beat but Enel used his electricity to make it beat. Enel also fights with Zoro but manages to defeat all his opponents.

He notices Nami and decides to make her come with him to the Ark Maxim. He tells her about the ship and plans to leave the island until Luffy appeared. Enel tries to electrocute Luffy but is shocked that the attack did not cause any damage to him since Luffy's body is made of rubber. Enel continues to fight Luffy until he manages to incapacitate Luffy by molding the molten gold around Luffy's arm and kicking him off the ship. Enel activates the Ark Maxim and have it ascend into the sky. As this occurs, Enel attacks Angel Island prepares to destroy Skypiea. Enel realize that Nami was not going to work alongside him and attempts to kill her with his electricity but was saved by the efforts of Usopp and Sanji. Enel resumes his fight with Luffy after the latter caught up to him. Enel prepares to destroy Skypiea and kill everyone as all the civilians watch as he was about to unleash a powerful attack upon them. Luffy manages to overcome Enel's attacks and defeats him with a powerful attack sending him and his ship falling into the sea clouds.

Enel's Great Space Operations

Enel survives the attack and manages to travel to the moon where he meets with the inhabitants on the moon. He was angry that the Space Pirates attacked the moon and electrocuted them. Enel then meets with the inhabitants and continues to explore the area and looks at the paintings on the wall. After some time, Enel realizes that with enough individuals around him on the moon, he decides to become a ruler.

---

Me: Whoa that's Enel! He has incredible power over lightning because of the Lightning Devil Fruit.

Leniya: He sure looks tough.

Me: Yep. Lets get him. We have another bounty to cash in on.

We flew in and I kicked Enel in his face and smashed him into a tree and he got up.

Enel: J.D. Knudson!?

Me: You will pay for your crimes Enel!

Enel: You dare to challenge a god!?

Me: I dare!

Enel fired a blast of lightning at me and I fired a massive blast of more powerful lightning at over 100,000,000,000,000 volts of electricity and the blasts collided and lightning struck all over as the blasts were struggling all over and I pushed the blast back and then the blast hit him and smashed him down and burned his drums on his back off and burned him all over the place. He was defeated.

Me: So much for the so called god.

Laniya Zygarde: Yeah.

I stripped Enel of his powers and got the Lightning Devil Fruit in my hands.

Enel got up and he tried to fire a blast of lightning at me but nothing happened.

Enel: What have you done to me!?

Me: I stripped you of your powers. You are now a powerless monster. So much for the so-called "God" of Skypiea. You deserve to rot in prison for the rest of your life.

I pulled out a wanted poster of him and showed it to him.

Me: Your bounty is mine.

The Marines came and arrested him and they gave me a huge bag full of money.

Luffy's friend Boa Hancock then appeared.

---

**"Pirate Empress" Boa Hancock** is the captain of the Kuja Pirates and was the only female Warlord of the Sea prior to the organization's disbandment. She is the current empress, known as the **"Snake Princess"**, of Amazon Lily and rules over the Kuja tribe with her two younger Gorgon sisters, Boa Sandersonia and Boa Marigold.

She was first mentioned by the Risky Brothers at the end of the Thriller Bark Arc when comparing her legendary beauty to the beauty of mermaids.

She is the main antagonist of the Amazon Lily Arc, before befriending and falling in love with Monkey D. Luffy in the same arc, becoming his ally during the rest of the Summit War Saga and the Return to Sabaody Arc. She also acts as an ally of Luffy during the 3D2Y special, the Cidre Guild filler Arc, and the movie *One Piece: Stampede* .

Past

Hancock was one of the many seen twenty four years before the main story commenting on Gold Roger's death (or more specifically on the Great Age of Pirates).

When Hancock was twelve years old, she and her sisters were included into the Kuja Pirates crew and were sailing on their ship, when suddenly, they were captured by slavers and sold to the World Nobles. During her time as a slave, Hancock was fed the Mero Mero no Mi to entertain her captors. The three suffered the greatest horrors imaginable. Four years later, Fisher Tiger appeared in Mary Geoise and freed as many slaves as he could without discrimination, even though his goal was simply the liberation of the fish-man slaves.

Left with nowhere to go, the sisters were eventually rescued by Elder Nyon, Silvers Rayleigh, and Shakuyaku and brought home, but the Hoof of the Celestial Dragon, the symbol of the World Nobles, was burned deep into their flesh. Hancock chose to hide the mark and her Devil Fruit powers, and disseminated to the fellow Kuja that it was punishment for slaying a gorgon, for if the truth were revealed, the three sisters would have nowhere to go. She, Marigold, and Sandersonia collectively gained the nickname: the Gorgon Sisters.

Unfortunately, despite being freed, the experiences that Hancock went through corrupted her innocence, and she would later grow up to distrust everyone (with the exception of her sisters), men especially. She also especially hates the World Government, in particular the World Nobles. Over the years, despite Elder Nyon's love and mercy, Hancock became cold, burying any warm feelings, kindness, and sensitivity deep within her, and although she would later become the Empress of the Kuja, she was selfish and uncaring towards her people.

When Hancock was eighteen, she became the empress of the Kuja and quickly gained a notorious reputation despite her young age, catching the attention of the Marines and even the World Government, who were frightened of her potential, as she had earned a large bounty after only one campaign. Hancock later opted to join the Seven Warlords of the Sea in order to protect her fellow Kuja, by forming a treaty to protect their homeland from the government, preventing them from entering there.

Summit War Saga Amazon Lily Arc

Hancock's first appearance is three to four days after Bartholomew Kuma had sent Monkey D. Luffy flying to her island (not to her knowledge). After sailing with her all-female crew, they met a Marine ship led by Vice Admiral Momonga, who told Hancock that the Seven Warlords were being summoned to prepare for the upcoming war against the Whitebeard Pirates due to the execution of Portgas D. Ace a week from then. However, Hancock refused, stating that she would not obey the World Government, even though she fancied her Warlord position. When Momonga threatened to revoke Hancock's position if she did not comply with the summoning, she came up with a make-believe story. The Marine crew turned into stone mysteriously.

She also demanded all the treasure on Momonga's ship (which the Marine rookies happily and absent-mindlessly complied to), and justified her selfish actions by claiming herself to be "beautiful", which everyone present (excluding Momonga) vehemently agreed with. Then, she performed a special move that mysteriously turned the Marines to stone, except for Momonga, who had stabbed his own hand to avoid the effects of her attack. As her crew sailed away, Momonga called that he would wait for two days, and if she did not follow him, the treaty with the Kuja would be null and void. She arrogantly told him to "Do as he pleased".

Upon returning to Amazon Lily, Hancock was greeted with pleasantries though concerned that the warriors were not around, due to them chasing after a "monkey." She speaks with Elder Nyon (herself a former Kuja monarch) about the danger that would befall Amazon Lily if she does not comply with the Government orders, but she remains arrogant and confident that both her power and beauty would allow her to get her way, throwing Nyon out of a window to prove she was right.

When deciding to take a bath in privacy, she unexpectedly encountered Luffy, who fell down into her bath while looking for the person in charge, wanting to borrow a boat. He managed to see the symbol on her back and commented that it looked familiar. She attempted to petrify Luffy, but Luffy, being simple-minded, mistook the beam for a Noro Noro Beam (which Foxy used to slow Luffy down several times) and panicked. The beam did not have any effect on him even though he saw her naked. Luffy attempted to run away, but ended up captured and thrown in the battle arena.

In the combat arena, Hancock showed no mercy to Luffy or anyone who tried to defend him, turning Marguerite, Sweet Pea, and Aphelandra to stone for attempting to defend him after they admitted to bringing him to their country. At first, she attempted to have Bacura execute Luffy, but predictably, he knocked it out with a single punch. Soon afterwards, she realized that Luffy was not attracted to her in any way, and was in fact disgusted by her behavior, nearly causing her to collapse.

Out of desperation, she sent her younger sisters to attack him in the arena, ordering them to bring back his head. The sisters kept him at bay with their Devil Fruits, Hebi Hebi no Mi, Model: Anaconda and Hebi Hebi no Mi, Model: King Cobra, and with Haki, but after Sandersonia attempted to shatter Marguerite, Luffy released a burst of Haoshoku Haki, which caused some Kuja to faint; Hancock noted that Luffy had achieved the level of Haki that she herself had.

Luffy stopped holding back and entered Gear Second, and effortlessly defeated the sisters' strongest attack. After Luffy defeated Hancock's younger sisters and when Sandersonia's back was about to be revealed to the audience, Luffy sympathetically covered her back as he stated he realized that the sisters would rather die than let the symbol be revealed. In response, Hancock ordered everyone to evacuate the stadium immediately. The Snake Princess was then seen crying silently to herself.

After the other Kuja evacuate the arena, Hancock decides to test Luffy. She offers Luffy the choice between the restoration of the three women or a boat home to safety. However, Hancock and her two sisters are shocked to find Luffy, without a moment's hesitation, down on his knees with gratitude upon hearing that the three women can be recovered. Hancock had been expecting Luffy to be selfish and immoral like all the other men that she had encountered.

She later showed Luffy the symbol on her back, and told him of her painful past. After many years, Hancock revealed the side of her that had been buried until then, crying from the painful experiences. She then asked if Luffy scorned her because of her past, though he said the only ones he hates are the World Nobles. Hancock smiles, saying she liked Luffy, and offered him use of her ship. As revealed later, this is where Hancock fell in love with Luffy.

After Luffy learned that his brother Ace was to be executed in a week, he went to ask Hancock a favor to learn that she had suddenly taken ill. Elder Nyon diagnosed the disease as fatal, but revealed that Hancock has love sickness: Hancock had fallen in love with Luffy.

She happily agreed to answer the World Government's summons so that Luffy could sneak aboard a Marine vessel in order to get to Impel Down and save Ace from execution (something that shocked even her).

Wearing a large robe around her body with Luffy clinging to her back, Hancock leaves the Kuja to board Momonga's ship, agreeing to the government's summons but ordering the vice admiral to go to Impel Down while reviving the men of his crew with her Devil Fruit power.

On the warship, Hancock hid Luffy in her room, while punishing and ordering Marines around, with demands like ordering 100 kg meals five times a day (to feed Luffy) and petrifying anyone who dared to peep on her. She also daydreamed about hand-feeding Luffy, even embarrassing herself by taking responsibility for Luffy's food related outbursts.

## Impel Down Arc

After four and a half days of sailing, Hancock and Luffy arrive at Impel Down. Because the Marines consider the Seven Warlords to still be pirates, Hancock would have to wear Seastone handcuffs and be subject to a full-body search. Although this puts Luffy's objective in danger, he merely tells Hancock he will think of something and that she should press on.

When Hancock is allowed to enter, she is told by the "Vice-Chief of the Great Impel Down" Hannyabal and Domino how the prisoners get treated when they arrive. During the full-body check, she uses her charm and successfully petrified Domino, along with the vigilant snail. Luffy immediately comes out of her robe. Hancock shows her concern towards Luffy and nearly fainted when he finally says her name, "Hancock". She is then sent to Ace's prison while praying for Luffy's fortune. Afterwards, when Luffy decides to say thank you by using lip sync, Hancock mistook it as "I love you" and fainted.

Hancock tells Ace that his brother is coming to rescue him.

Finally, Hannyabal takes Hancock and Momonga to the Chief of Impel Down: Magellan, to allow them their request to see Ace. Thanks to the antics of Luffy and Buggy The Clown, the prison guards report to him that there is an emergency situation. Hancock decides to buy more time for Luffy by using her charms to insist on having them taken to the level he is kept in, and an enamored Magellan complies.

Upon reaching Level 6, she visits Ace and Jinbe's cell. Many of the prisoners ogle her, as she tells Ace and Jinbe that she is joining the fight against Whitebeard, but cryptically tells Ace that his brother is coming to rescue him before leaving for Mary Geoise.

## Marineford Arc

In the anime, it showed her sitting in a guest room with the other Warlords at Marineford during the assembling of troops worrying over Luffy's safety. When the broadcasted execution of Ace started, she was shown alongside Kuma, Donquixote Doflamingo, Gecko Moria, and Dracule Mihawk, ready for the battle ahead. The revelation of Ace not being Luffy's brother by blood seems to have surprised her somewhat.

When Oars Jr. attacks Marineford, several of the Whitebeard Pirates attack her, trying to take advantage of her distraction. Hancock, far from being unaware of the battle, annihilates the group attempting to attack her and then indiscriminately attacks everyone around her, pirates and Marines alike.

When an angered Marine questions her as to whether she is friend or foe, Hancock reasons that she only agreed to fight Whitebeard, not ally herself with the Marines. She then claims that, in front of her, every man (except Luffy) is an enemy. Luffy's arrival at Marineford has her voicing aloud her relief that he is safe. When Sengoku tells the world that Luffy is the son of Dragon the Revolutionary, Hancock states that she could not care less even if he was the son of the Devil.

When Commodore Smoker pins Luffy to the ground with his Seastone jutte, Hancock intervenes and violently kicks Smoker aside, claiming she has never been so angry in her life and threatened to chop him up and feed him to beasts. She then gives Luffy the key to Ace's handcuffs, which she somehow came into possession of. Luffy hugs her in gratitude, making Hancock collapse from joy, believing that the hug was a marriage proposal on his part. Luffy then runs off towards Ace again, leaving the Marines watching to presume Luffy defeated her using a sumo move. Before Smoker can follow after Luffy, Hancock intercepts him again, easily breaking his jutte in half, and prevents him from giving chase before casting aside Smoker's warning of what her actions could mean for her people.

Her battle with Smoker seems to end unceremoniously, when he and Tashigi depart in order to make room for the deployment of the

Pacifistas, while Hancock remarks that Luffy needs to hurry and save Ace. When Whitebeard causes the island and sea to tilt, Hancock wonders if Luffy is alright. She is then seen blushing in astonishment as Luffy is sent soaring over the siege wall and lands in front of the three admirals. She had been seen standing with her fellow Warlords of the Sea only moments before. She screams in anger at Aokiji when he stabs Luffy with an ice blade, but before she can interfere, Marco knocks Aokiji back.

She is next seen blocking a group of Pacifista, who stand down because she is an ally, to prevent them from firing lasers at Luffy in order to buy him time to make it to the execution platform. Even after Luffy successfully moves ahead, she goes so far as to destroy a Pacifista's head with a slap. Sentomaru confronts her afterward, wondering why she is demolishing Pacifistas left and right despite being a Warlord. Her only response is to say that "love always comes in a hurricane", which leaves Sentomaru perplexed.

She is next seen urging Luffy and Ace to hurry up and escape. When Whitebeard splits Marineford in half, so that his forces can escape safely while he remains to settle matters with the Marines, Hancock is seen telling Salome, her Snake Weapon, how she is worried for Luffy.

As the war ends and Trafalgar Law carries Luffy away in his submarine, it is shown that Hancock has commandeered a Marine ship, having them take her to Luffy while commanding that they report to the Marines that she is chasing after him to take his head. Although the Marines do not know what direction to go in, she commands that they just keep going after Luffy.

## Post-War Arc

Having tracked Law's submarine through Salome, Hancock turns the Marines on her ship to stone and inquires about Luffy's condition, while scolding Bepo and calling him a "beast" for trying to change the subject about how she located them. Law informs her that Luffy's life is preserved for the moment, but that he is in critical condition, which worries Hancock. At that moment, the Impel Down prisoners, led by Emporio Ivankov, emerge from the Marine ship that Hancock had hijacked, having hid themselves on board earlier, and

Hancock determines that they are on Luffy's side.

When Ivankov claims that the ordeals that Luffy has gone through would crush anyone's mind twice, Hancock laments that she should have been hurt in Luffy's place, her worry for Luffy inciting envy from several Heart Pirates. She later demands that Bepo give her a Den Den Mushi, so that she can call the Kuja Pirates to carry them across the Calm Belt to Amazon Lily, where Luffy should be able to recover.

When Luffy finally awoke two weeks later, Hancock showed great pleasure at hearing this and desired to see him immediately. However, Elder Nyon claimed that it would be bad for her to go meet him on her own, as they already have enough man troubles with Law as is. Hancock's sisters also tell her that she needs to eat something, as she has hardly eaten anything since she had arrived home. Hancock ignores their requests and demands that a mountain of food be prepared for Luffy, while she lovingly states that she will watch over all of the cooking personally. Nyon scolds Hancock though, telling her that she can see Luffy once he has recovered.

After Luffy resolved to go back to the Sabaody Archipelago to reunite with his crew, Hancock, her family, and her servants went down to the beach with the food to see Luffy. On the way to the beach, Nyon was explaining to her that the hug she received from Luffy at Marineford did not indicate a marriage. Hancock then asks Nyon what she would have to do to have a proper marriage ceremony.

When she arrived at the beach, Hancock showed great joy in seeing Luffy. When Jinbe saw the food, Hancock glared at him, saying that the food was meant for Luffy, but then she decided to allow him to have just a little. While her sisters were shocked to see Rayleigh there, Hancock remained single-minded about Luffy, only moments later realizing that Rayleigh was there.

After Luffy rang the Ox Bell, he boarded Hancock's ship with her, Rayleigh, and Jinbe. Hancock orders her crew to watch over the resting Luffy before collapsing from her heart pounding too much.

Hancock angry with Rayleigh telling her she can not see Luffy during his training.

Later, after parting ways with Jinbe, Hancock took Luffy and Rayleigh to Rusukaina Island for Luffy's special training. She said she would bring food for Luffy every day from Amazon Lily. When Luffy thanked her, she said that was the tenth time that Luffy had called her by her name and asked Nyon if that meant they were engaged. Nyon replied no, and then asked why Hancock kept moving farther and farther away from Luffy.

When Rayleigh told her that no women would be allowed on the island during Luffy's training, she was furious, but calmed down when Rayleigh told her that it was all for Luffy's own good. She then asked Rayleigh if she should be worried about Luffy since the island is dangerous. Rayleigh replied that it would not be training without danger, and that if she is worried about Luffy, the best thing to do would be to pray for him.

After some time passed while Luffy was in training, Hancock decided to send her crew to deliver some food and clothes to Luffy, thinking he would like it. Nyon scolded her for her decisions, reminding her she promised Rayleigh she would not interfere with his training. She went on saying that men do not like meddelsome women like her and that she was a Warlord and should not be so obsessed over a man. Hancock interrupted her with a kick to the head, stating she knew that and was why she was sending her crew to do it for her. Just then, a messenger bat arrived and Nyon read the letter revealing the World Government was calling all the Warlords together for an emergency. However, Hancock was more focused on Luffy than anything else. She later tore up the letter.

At night, Hancock's sisters delivered the food for Luffy and Sandersonia informed her sister of Luffy's condition and Hancock was estatic to hear Luffy loved it leaving Nyon to mention Hancock would have had a heart attack if she met Luffy in person again. Just then, a pirate named Byrnndi World showed up and demanded Hancock's location from her sisters. He then defeated the Kuja Pirates and Luffy as Hancock listened to what was happening. As she tried to figure out what happened, Nyon informed her of what the letter mentioned as World was on it, leaving Hancock shocked. World picked up a Den Den Mushi as he talked with the Pirate Empress to which Hancock demanded what he did to her sisters and Luffy. World challenged her, stating he took her sisters hostage and would leave a Vivre Card if she wanted them back.

Hancock made her way to Rusukaina and reunited with Rayleigh and Luffy as they discussed what just happened. Hancock naturally wanted to go save her sisters and Luffy decided to tag along despite objections from Rayleigh since he was still in the middle of training. He eventually agreed though only after Luffy promised not to make too much of a scene to keep himself hidden from the Marines. As they sailed off, Nyon revealed some backstory on Byrnndi. The Kuja Pirates eventually reached their ship which was revealed to be a massive island base submarine. World then revealed Hancock's sisters as Hancock prepared to face the World Pirates with Luffy. World used his powers to send large cannonballs to Hancock's ship. Luffy blocked them but fell into the water. Hancock tried to jump in but Nyon stopped her and sent Salome instead. Nyon reminded her she was also a fruit user and she would drown if she tried to swim.

Hancock then went to land and furiously attacked World's crew for what they did to her sisters and Luffy. After Luffy was saved by Salome, the two faced off against Sebastian, who revealed his blindness, which made him immune to Hancock's powers. The duo defeated him with little difficulty as they ran off (to which Hancock called Luffy "honey" along the way). They were found by Perona, who used her powers to stop Sebastian as Luffy tried to remember where he saw her. Once they made their way inside, Hancock asked Luffy who Perona was and when Luffy could not remember, Hancock thought he was lying and wondered if this was what they call "cheating". They eventually ran off into a room and Hancock was separated from Luffy by World. Though hesitant to leave him, she did so after he said he would fight World and she could save her sisters. This left the Pirate Empress swooned by Luffy saving her and ashamed for thinking he was cheating on her.

She made her way to a room where she met Nightin. Despite her mockery of Hancock being a Warlord, Nightin was able to counter Hancock's powers with medical herbs, which made her immune to her powers. She then proceeded to destroy some of Hancock's clothing and made a drink to make herself as young as Hancock. The two fought with Hancock having little difficulty against Nightin as Hancock was able to easily dodge her moves and continue to temp her into her charms. Nightin did fall for them as Hancock defeated her by turning her to stone.

Hancock soon arrived in the room where Luffy told her to get her sisters off the ship while he dealt with Byrnndi. She did so with an order of her own for Luffy to survive. After World's defeat, Hancock anxiously waited for Luffy's return. After the ship exploded, Hancock screamed Luffy's name as she worried for him. Luckily, Luffy survived by flying in the air as Hancock was happy to see he was alright and then rushed over and hugged him happily, leaving her sisters, Salome, and Nyon shocked at her action. Hancock then realized what she did and soon backed off blushing heavily, but Luffy and Hancock just smiled.

## Return to Sabaody Arc

Hancock and her sisters greeted Luffy after his two years of training were complete and prepared to take him back to Sabaody Archipelago. When Luffy regretted not eating the animals on Rusukaina Island, Hancock said that she had all of Luffy's favorite foods on the ship. When Hancock brought up the idea of becoming Luffy's wife, Luffy bluntly declined, but she appeared undeterred by his rejection.

She was later seen on her ship near the Sabaody Archipelago, giving Luffy a large amount of supplies (with enough supplies to last him years in some cases). She also helped in disguising him by giving him her coat and a fake mustache. When Luffy was departing, she asked Luffy not to say good bye. Luffy responded by saying that he never does and he hopes to see her and everyone again. Hancock mistook Luffy's words as a marriage proposal.

As Luffy and his crew prepared to head to Fish-Man Island, Hancock and the Kuja Pirates aided them by holding back the Marines. Hancock concealed her aid to Luffy by claiming to be angry that the Marine battleship crossed her path. Hancock also winked at Luffy while giving him the opportunity to set sail. She was next seen stalling the Marines, mesmerizing them with her beauty.

## Four Emperors Saga

After the events at Dressrosa, Hancock hung a gigantic version of Luffy's bounty photo on her castle wall.

### Cidre Guild Arc

Hancock received an invitation to the Pirates Festival, and on her way there, she stopped by an island with Sandersonia, Marigold, and Nyon to take a bath. To her shock, Luffy emerged in her bath from a spout and they reunited. The bounty hunter Ginger and his subordinates from the Cidre Guild then came in to kill her and Luffy, and the duo fought the bounty hunters alongside Sandersonia and Marigold. However, Ginger released carbon dioxide gas into the air, forcing Hancock and Luffy to escape.

Hancock and Luffy went toward the Cidre Guild's factory, where they were confronted by Cidre. Cidre was joined by Guarana and her subordinates, whom Hancock fought against. Cidre, Ginger, and Guarana then retreated toward the factory, and Hancock battled Ginger and Guarana while they stood guard. The duo attacked Hancock with concentrated blasts of carbonated water, but she avoided them and landed attacks on the bounty hunters, turning them to stone. After Luffy defeated Cidre, he bid Hancock farewell, revealing he would see her soon as he had acquired an invitation to the Pirates Festival.

### One Piece: Stampede

Boa Hancock arrived at the Pirates Festival with her crew as reinforcement for the Marines, though she quickly left to look for Luffy. Later, after Douglas Bullet used his ability to entrap the island and create a massive colossus, Hancock was still looking for Luffy, until she found something red under a pile of rubble. Believing it to be Luffy she pulled it out, only to find it was Buggy's nose, whom she angrily kicked. Soon after, Sabo, Smoker and finally Trafalgar Law, appeared before her, the latter proposing an alliance to take down, Bullet, though Hancock was originally uninterested.

Luffy then appeared and attacked Bullet but was knocked down before the group. After Law proposed a plan, Luffy instantly agreed, which prompts Hancock to go along with them. Luffy then used Gear Fourth and attacked the colossus again, but was again knocked down, causing Hancock to be enraged enough to kick the colossus in the torso, which gave the group (assisted by Crocodile) an opportunity to destroy the right arm. Seeing as that it wasn't enough to take down Bullet, the group performed a combo attack which destroyed most of the torso, though they were all knocked back right after. However, this gave Luffy the opportunity to deliver the finishing blow and defeat Bullet once and for all.

She then rushed to Luffy after he deflated, who had managed obtain Gol D. Roger's treasure, which she identified to him as an Eternal Pose to Laugh Tale. After noticing he was coming under attack from Crocodile and Rob Lucci, Luffy destroyed it, stating that he didn't need it, causing Hancock to swoon. Hancock and Luffy were then teleported to the coast by Law, where they attempted to flee. Hancock went with the Kuja's, who followed the Worst Generation as they made their escape, with the assistance of Sabo and Ann who used their abilities to create a path of flame on the water. In the ending credits she is seen waving goodbye to Luffy atop a Yuda, which caused her siblings to be worried.

## Wano Country Arc

After the Seven Warlords system was abolished, Hancock was seen in Amazon Lily, telling her subjects not to worry about the incoming Marine fleet, as she reminded them that the reason the Warlord position had been offered in the first place was because of how strong they were.

Boa: J.D. Knudson of Team Loud Phoenix Storm. It's an honor.

Me: Same to you and you must be Boa Hancock, Pirate Empress of the Kuja Pirates.

Boa: I sure am and it's an honor.

Youko: You guys saved us. I'm Youko and I'm a Kyuubi.

Me: Pleasure to meet you.

Volcarona: (Ukrainian Accent) I'm Anastasiya Zahorchah. And yes I'm a Volcarona.

Me: Pleasure to meet you too. How would you like to change at will into this Anastasiya?

Volcarona: I would like that.

Me: Awesome.

Laniya: I'm gonna revert back too.

Me: Okay.

I put on my blind man glasses.

Me: Here we go. (Snaps fingers)

Anastasiya reverted back and she was naked and Laniya reverted back too.

Laniya was human again. But naked.

Laniya: (covers herself) Boa, Luffy and the others will be happy to see you again.

Boa: It will be good to see them again too. I am glad that Luffy and his crew are in good hands.

Youko: Same here. But what Enel here was doing was terrible.

Anastasiya: It sure was. How come you are not killing him?

Me: Luffy doesn't like killing so we're going to cash in on his bounty. He has a pretty good price on his head too.

Boa: He sure does.

Youko: Smart decision.

I gave Anastasiya and Laniya towels and they covered themselves.

Me: Lets head back to the World Tree Estate so we can get everyone together.

We did so.

---

Back at the World Tree Estate, everyone was watching TV and playing card games and then we came in.

Me: Here we are.

Youko: Oh wow!

Boa: This is a nice estate.

Nami: Boa!

Boa: Nami!

They hugged.

Nami: It's awesome seeing you again.

Boa: Same to you Nami. We were so worried about you.

Nami: I had a feeling.

Miia: Youko!

Youko: Miia!

They hugged too.

Anastasiya was taken to a room to change.

Later in Ponyville, Twilight Sparkle, Eli and Gaara were on their way to the Train Station to meet Pinkie Pie, Rarity and Applejack to see how their trip at Seaward Shoals went.

[birds chirping]

**Spike** : [panting] Twilight, can you slow down a bit? [sighs]

**Twilight Sparkle** : Sorry, Spike. It's just Pinkie Pie, Rarity, and Applejack are getting back from their Seaward Shoals boat trip, and I can't wait to hear all about it!

Eli: You must be really excited to see them back.

Gaara: I hope they had a fun time.

Eli: Me too.

Twilight Sparkle: It's such a shame Rainbow Dash and Fluttershy had to miss it for their Cloudsdale flight school reunion. Maybe the rest of us not going was for the best anyway. I know the three of them were really looking forward to getting out of their element.

Eli: Me too. But it's a shame everyone couldn't go.

**Spike** : Getting out of their element?

**Twilight Sparkle** : I think they all just wanted to try something new.

**Spike** : Huh. I guess a boat trip qualifies as that.

Eli: That does make sense.

**Twilight Sparkle** : My only worry is that they'll be so excited, they'll talk over each other, and I'll miss some of the details! Just to be safe, I may need you to take notes.

Gaara: Notes are always important.

[train chuffing]

**Spike** : Uh… right.

Eli: Here comes the train.

[train brakes hiss]

Rarity, Pinkie Pie and Applejack came out and they were covered in mud and seaweed and they were mad at each other.

**Twilight Sparkle** : So how was the trip?

Eli: Are you girls okay?

**Applejack**, **Rarity**, and **Pinkie Pie** : [grunting]

They came off the train and they were a total mess.

Gaara: Any reason why you three are mad at each other?

They didn't say anything to us and just went their ways. Pinkie got on top of the train and went over it.

Twilight Sparkle: This does not sound good.

Eli: No it doesn't.

**Spike** : Well, at least you don't have to worry about them talking over each other.

Eli: I wonder what happened.

Gaara: I think this might be a friendship problem.

Eli: Yep.

---

Back at the World Tree Estate, we were in the Gym working out and getting stronger.

I was lifting weights.

Me: 49,999 (Groans) 50,000! (Puts the weight back) Whew! That felt good.

I was dripping sweat all over.

Nico was punching a punching bag.

Nico: Nothing like a great workout.

Me: Yep. (Cutie Mark Chirping) Huh?

I saw that my Cutie Mark was glowing.

Me: My cutie mark is glowing.

Nico: Mine too. The map is calling!

Me: Lets take a shower and go see where it's at.

Nico: First, Lori has nightmares. And now this? Me and J.D. don't lead the team that badly, do we?

Cybertron Scourge: Well, you better solve this Friendship Problem quickly. Otherwise, you and J.D. will be eating Chum after Xehanort is sent into oblivion.

Me: Yeah we better think of something. But we can't rush this. Lets go talk to Twilight and find out what's up.

Nico: Okay.

We went to Twilight's Castle.

We went to the shower and cleaned up and then went to Twilight's Castle.

---

At Twilight's Castle, Twilight, Thunder Sparkle, Diamond Tiara and Spike were setting everything up for a tea party.

**Twilight Sparkle** : I don't know what happened on that boat trip. But once Rarity, Applejack, and Pinkie Pie have some tea and talk it out, I'm sure everypony will feel better.

She put the tea bags in the tea pot.

[splash]

Spike went to grab a cookie.

**Spike** : [snap]

There was a knock at the door and me and Nico came in.

Me: The map called me and Nico, Twilight. We found out that there is a friendship problem right here in Ponyville.

Twilight Sparkle: And it's perfect timing. The Friendship Problem is for Applejack, Rarity and Pinkie Pie.

Me: Uh oh. Did something happen on their boat trip to Seaward Shoals?

Spike: Yeah something happened and we don't know what happened.

Nico: Hmm. We're gonna need to do some detective work.

There was a knock on the door.

[knocking]

**Twilight Sparkle** : Come on in, everypony!

Twilight saw that it was not Rarity, Applejack and Pinkie Pie but rather Opalescence, Gummy and Winona.

Twilight Sparkle: Gummy, Opalescence, and Winona? This is a surprise!

I picked up Opal.

Me: Hi Opal. How's a good kitty?

**Spike** : Aren't Pinkie Pie, Rarity, and Applejack with you?

I saw that she had a letter in her collar from Rarity.

**Opalescence** : [purring]

Me: Oh there's a letter.

I opened it and read it.

**Me: (Reading)** "Sorry, darling, but I must decline the invitation to your soiree. While I'm sure it will be positively resplendent, there are certain ponies I'd rather not associate with at the moment. Rarity."

**Spike** : Rarity's not coming? Awww. So I polished my scales for nothing.

Diamond Tiara: Oh brother.

Me: Boy that boat trip must've really been awful.

Nico: Lets see what Applejack's letter says.

Nico read the letter from Applejack.

**Nico:** [reading] "Sorry I can't make it, but I'm still a mite upset about everything that happened on the boat. Applejack."

Me: Good country accent buddy.

Nico: Yeah I was practicing.

Me: Looks like Pinkie Pie wrote on Gummy.

Nico: (Reading) "Sorry I can't make the tea party today, but there's a small problem with the guest list. Plus, I'm right in the middle of a very important cupcake. Pinkie."

Me: Man that boat trip REALLY turned south for them big time.

Diamond Tiara: I wonder what happened.

Laney: This sounds like another mystery for Inspector Laney!

Laney turned into her Sherlock Holmes uniform!

Twilight Sparkle giggled.

Twilight Sparkle: You've been reading way too many mystery books Laney as well as hanging around with Vambre and Rarity too much.

Laney: Well, this might not be much of a mystery, But if there's one thing investigating has taught me. It's that when ponies or people are angry, there are often contradictions to every testimony. You're gonna need a pony to help you filter out those contradictions and uncover the truth.

Diamond Tiara: What are contradictions Laney?

Laney: It's when a someone gives information that doesn't make logical sense, Like if a pony were to say they enjoyed a cupcake but then said that the bakery was sold out.

Me: Like when they exaggerate a lot and it doesn't make sense. And I should know because my dad always stretches the truth all the time.

Nico: I can tell.

Diamond Tiara: I think I understand. Can I help?

Laney: You sure can D.T. (Replaces Diamond Tiara's Tiara with a Fedora hat like hers) You'll be my assistant, Ms. Tiara.

Diamond Tiara: Awesome!

Me: Lets get to work.

Twilight Sparkle: Come on, Spike! Since our friends won't come here and tell us what happened, we'll just have to go to them!

**Spike** : Right behind you! [stuffing his mouth]

---

J.D. KNUDSON AND NICOLAS CHAN IN THE CASE OF THE BROKEN FRIENDSHIP FROM SEAWARD SHOALS!

---

First we went to Carousel Boutique to talk to Rarity and find out what happened from Rarity's perspective.

At the Carousel Boutique, Rarity was just glaring angrily at her messy mane from a pony-sized mirror. She sternly removed the piece of seaweed in her mane and started to brush her mane back into shape. Rarity then winced and lifted part of her mane to find that a crab had made its home in it. Rarity gasped.

**Rarity** : I'm sorry, but my mane wasn't made to support marine life!

The crab walked by us as we came in and Varie put the crab in a tank to keep moist till we get it back to the ocean.

Diamond Tiara: That was unexpected.

Rarity showed her ruined coat to us.

Rarity: Ruined, completely ruined.

**Twilight Sparkle** : I don't know, Rarity. Maybe you could-

**Rarity** : Throw it away? Yes, I agree. (She threw it away) Just another innocent casualty of that disastrous boat trip.

Me: Rarity that coat still looks good.

I used my magic and twirled it around and made it as good as new.

Me: There. That looks better.

Rarity: Oh my! Wonderful.

Me: Sorry the trip went south.

**Twilight Sparkle** : About that. We all were wondering what happened out there.

Me: Yeah what caused that entire boat trip to go south so bad like that?

Laney and Diamond Tiara: We brought stuff for taking notes.

**Rarity** : Please, darlings. I don't know if I'll *ever* be able to discuss it. It's far too painful! [gasps dramatically]

**Spike** : If it's too difficult to talk about, we completely understand.

Nico: Look, if you girls don't work out your differences, you three can't come on the next mission.

Rarity: (shocked) What?! You can't ban us from the next mission!

Kickback: The Hell we can't! Nico's the leader today. So, if you girls don't get over your problems, you three aren't coming!

Me: Nico don't rush these things. This is a very delicate matter we have here. Something obviously happened on that boat trip and it caused a lot of tension between them.

Twilight Sparkle: J.D. is right. We need to investigate these things and not rush into this.

Nico: Oh you're right.

Me: Anyway Rarity, if you don't want to talk about it we understand and leave you to rest.

**Rarity** : Well, since you dragged it out of me… It all started at the docks. I knew Applejack and Pinkie Pie wanted to get out of their element, so I thought I would surprise them with an elegant cruise.

FLASHBACK 1

At Seaward Shoals, Rarity, Applejack and Pinkie Pie were gonna have a fun cruise.

**Rarity** : [narrating] I had brought a small bag with just a few key essentials. [in-world] All right, ponies! Prepare yourselves for luxury on the high seas!

**Pinkie Pie** : That sounds… fun?

Applejack in the flashback looked more like a sea dog pirate.

**Applejack** : [sea dog accent] The sea air carries a portent for trouble this day. 'Tis a treacherous and perilous journey that lies ahead of us! We sail to adventure… or our very doom.

GULP!

**Rarity** : I… have no idea what you just said, but your wardrobe is delightfully seaworthy.

They got onto the ship and set sail.

**Rarity** : [narrating] Despite Applejack's colorful seafarer attitude, *I* was still determined to get my friends out of their element by providing them with all the refinements of a luxury cruise. I made sure to bring the most delectable nibbles for them to enjoy.

Rarity had all kinds of amazing food for the trip.

**Pinkie Pie** : Ooh, I brought food too! [crash]

She brought candy and peanuts for them.

**Pinkie Pie** : Let's see, I've got cotton candy, taffy, circus peanuts, and lots of other super-yummy stuff!

**Rarity** : Oh, Pinkie Pie, that all looks positively delectable. But you simply must try one of these cucumber sandwiches. Dig in!

**Pinkie Pie** : Hmmm. Hmmm. Hmm. Hmm. Hmm. Hmm. Hmm.

**Applejack** : [sea dog accent] Arrr! Get those off me ship!

She swatted them overboard into the water.

[splash] [bubbling]

**Rarity** : Oh! I'm so sorry! I had no idea you had such distaste for cucumbers!

**Applejack** : [sea dog accent] Yar-har-har-har, hardy-har-har-har!

She was laughing like a pirate gone bonkers.

Me: HOLD IT HOLD IT HOLD IT!

FLASHBACK PAUSES

Me: So you're saying Applejack *voluntarily* took an entire plate of cucumber sandwiches and dumped them overboard, because she despised cucumbers?

Rarity: That is correct.

**Twilight Sparkle** : Hmm… That doesn't sound like Applejack.

**Spike** : Huh.

Laney: Yeah I've known Applejack since she joined us and she has never shown a dislike for cucumbers.

Diamond Tiara: I agree, Applejack loves cucumbers. So does Apple Bloom. She ate all the cucumber sandwiches I made the last time I invited her to a tea party.

**Rarity** : Well, hold on, because it gets even worse. Pinkie tried to lighten the mood with some fun maritime games.

FLASHBACK RESUMES

Pinkie raised a piñata.

**Pinkie Pie** : It's piñata o'clock! Wanna give it a whack, Rarity?

She handed her a stick.

**Rarity** : Oh, darling, of course! [lightning cracks]

A raging sea storm was up ahead!

**Applejack** : [laughs in sea dog accent] I'll be chartin' a course to the very heart of that maelstrom!

APPLEJACK HAD LOST HER MARBLES!

**Rarity** : Ahem. Er, Applejack? Just a thought, but maybe we should steer the ship toward calmer waters.

**Applejack** : [sea dog accent] This be the only way to Plunder Cove! [lightning cracks]

[water rushing]

THE STORM WAS GETTING WORSE!

**Rarity** : Perhaps if I took a quick look-see at that map of yours, I could find us a more cruise-friendly path-

**Applejack** : [sea dog accent] Yah! There'll be no mutiny aboard me ship!

Pinkie had a captains hat and the map and was being silly.

**Pinkie Pie** : Look at me! I'm the captain too!

**Rarity** : [narrating] Clearly, Pinkie Pie had caught Applejack's sea madness.

They were going bonkers from sea madness.

**Applejack**, **Pinkie Pie**, and **Rarity** : [arguing]

A wave hit the boat.

[splash]

**Applejack** : [sea dog accent] Is that all you've got?! [laughs]

A huge wave smashed the boat down.

[splash]

FLASHBACK ENDS

**Spike** : Then what happened?!

**Rarity** : Oh, the boat sank. Obviously. [blows]

**Twilight Sparkle** : So Applejack got some sort of sea madness and caused the boat to capsize?

Me: That doesn't make any sense.

Laney: I know Applejack can be a stubborn mule at times, but she usually has enough common sense not to do anything reckless… most of the time.

Diamond Tiara: Yeah, that sounds more like something Rainbow Dash would do… no offense Lynn.

Lynn: None taken D.T.. I could totally see R.D. stupidly taking on a tidal wave… and fail miserably.

**Rarity** : Mm-hmm. After all the effort I put in to provide her and Pinkie with the exact luxury cruise they needed to get out of their elements, *that* is how Applejack thanked me!

**Spike** : So you were stuck out in the middle of the ocean? How in Equestria did you get back?

Me: That's what we would like to know.

**Rarity** : [sighs] Spike, darling, you'll have to forgive me. I am far too emotionally drained to discuss the matter any further!

Diamond Tiara: Hmm. (Whispers to me) Should I press for more information?

Me: (Whispers to her) No. for now, we don't need to know that part, after all, despite looking dirty and angry, they clearly came home alright without any serious *physical* injuries.

**Twilight Sparkle** : Rarity, I don't suppose there's any chance you might be… uh, exaggerating things? Just a little?

**Rarity** : Well! I can assure you that that is *exactly* what happened! But if you don't believe *me*, you can ask Pinkie Pie. I'm quite certain her story will be the same.

Me: Lets head to Sugarcube Corner then.

Laney: Well thank you for your time, Rarity. We'll be on our way.

Despite still feeling upset, Rarity couldn't help but crack a small smile as Laney's mannerisms.

Rarity: It was a pleasure, Inspector, I'm sure you'll uncover the truth in good time.

Me: Thank you Rarity for your time.

We left.

Twilight Sparkle: Come on, everypony. Rarity gave us an alibi, We might as well speak to Pinkie and get her input on this situation."

We left for Sugarcube Corner.

We arrived and asked Pinkie Pie.

**Pinkie Pie** : So that's what Rarity said happened on the boat, huh? [slam]

**Twilight Sparkle** : We thought there was a chance she might have… [clears throat] embellished the story just a tad. So we wanted to hear about what happened from you! Did Applejack really capsize the boat?

Me: Yeah.

**Pinkie Pie** : Of course not! Pfft, that's just silly! There's no way Applejack could've sank the boat!

**Twilight Sparkle** : I knew it!

**Spike** : That's a relief.

**Pinkie Pie** : Because Rarity did!

**Twilight Sparkle** and **Spike** : What?!

Diamond Tiara: Interesting… Care to tell us how Rarity sank the boat, Miss Pie?

**Pinkie Pie** : It all started on the docks. I knew Rarity and Applejack wanted to get out of their element, so I figured I'd throw them the funnest, silliest boat party ever! But I guess *Rarity* had other ideas.

FLASHBACK 2

**Pinkie Pie** : [narrating] I thought *I* overpacked until I saw Rarity and her *team* of porter-ponies!

Rarity had over a dozen porter-ponies with her stuff.

**Rarity** : Prepare yourselves for a luxury cruise! A day of opulence, decadence, and extravagance!

She sure was ready to have fun.

**Pinkie Pie** : [deadpan] That sounds fun.

**Applejack** : Ahoy, mateys! Batten down the hatches, y'all, 'cause this here's gonna be a boat ride of adventure!

**Pinkie Pie** : Eh, I can live with that. [beat]

Rarity just smiled and rushed on board. Pinkie and Applejack smiled at first as the porter ponies went on the ship to drop off Rarity's luggage, but those smiles soon turned into worried looks as the number of porter ponies didn't seem to end.

**Pinkie Pie** : Huh. They just keep coming.

**Pinkie Pie** : [narrating] Now, you can't throw a silly boat party without snacks. So I made sure to pack the funnest party food I could find! [in-world] Rarity, would you care for some cotton candy? It's freshly spun!

**Rarity** : Oh, Pinkie Pie, those all look simply… well, simple. But they're obviously unfit for a luxury cruise. Now, my cucumber sandwiches, on the other hoof… Try one, then you'll understand.

**Pinkie Pie** : [chewing]

**Applejack** : Ooh, are those chocolate chip?

Rarity threw them over the side of the ship.

[splash] [bubbling]

**Rarity** : Sorry! Cucumber sandwiches are *so* ten seconds ago.

Me: Wait a minute! HOLD IT! HOLD IT! HOLD IT!

FLASHBACK PAUSES

**Twilight Sparkle** : Wait, wait, wait. That doesn't sound like Rarity.

Diamond Tiara: You can say that again, Rarity would have to be out of her mind to simply toss perfectly good cucumber sandwiches into the water on purpose! Not to mention claim they're out of style! Cucumber sandwiches *never* go out of style when it comes to high class gatherings!

Lola: Yeah! I know Rarity as much as anyone else does here in Equestria. She loves everything elegant and all that.

**Pinkie Pie** : Just wait until you hear how much *more* unlike her she sounds!

Me: (To Diamond Tiara) Make a side note, keep your ears open, and mouth closed, Pinkie's about to continue.

Diamond Tiara nodded.

**Spike** : [chewing]

**Pinkie Pie** : I thought I'd lighten the mood with some super-fun party boat games. But Rarity was a real wet blanket.

FLASHBACK RESUMES

Pinkie Pie raised a piñata.

**Pinkie Pie** : It's piñata time! Ooh! Wanna give it a whack, Rarity?

**Rarity** : [exaggerated posh laugh]… Oh. You were serious. Well, that's adorable.

**Applejack** : I'll give it a go!

**Pinkie Pie** : That's the spirit! Let's get this boat party started! [spinning]

**Applejack** : Whoooooa! Heh-heh! Whoa, doggie! [lightning cracks]

A SEA STORM LIKE IN RARITY'S FLASHBACK CAME!

[splashing]

**Applejack** and **Rarity** : [grunting]

Applejack and Rarity were fighting over the map.

**Pinkie Pie** : Tug of war? Now we're talking! Whoever wins gets to be captain!

**Applejack**, **Pinkie Pie**, and **Rarity** : [grunting]

**Pinkie Pie** : Or… one of us should just be captain now? [wheel rattling] [thud]

**Rarity** : Oh, don't worry, dear. Luxury cruises never sink.

**Pinkie Pie** : What?!

The ship was smashed by a huge wave of water!

[splash]

**Pinkie Pie** : And *that's* why the boat sinking was all Rarity's fault.

Diamond Tiara: Okay, time out here. Why in Equestria or on Earth would Rarity say or think of something so stupid?! I mean…"luxury cruises never sink"?! Any pony who follows high society know about the tragedy of the *Titanic* !"

Me: That's right. Over 109 years ago the Titanic was thought to be unsinkable. But when it hit that iceberg and sunk to the bottom of the Atlantic Ocean and killed over 1500 people, a lot of people changed their views over ships.

Twilight Sparkle: J.D. and Diamond Tiara do have a point, that seems… odd.

Pinkie looked at us with a death glare.

Lola growled at Pinkie.

Me: Lola down!

**Twilight Sparkle** : That seems… odd. I mean, we trust you, of course. But it's all so… extraordinary?

**Pinkie Pie** : Oh, it's "extraordinary", all right. But that's exactly what happened!

Laney: Is there anything else you can tell us Pinkie? Every detail is important for our investigation.

Pinkie Pie: Well, In fact, the only thing I might've gotten wrong was that there were even *more* porter ponies!

Nico: She must've had a lot of Porter Ponies.

Pinkie Pie: But just to be safe, you should talk to Applejack. She'll know exactly how many porter ponies there were!

Diamond Tiara: (Whispering to Laney) Actually, that's not a bad idea, Laney, Speaking to Applejack, not the porter ponies.

Laney: Sounds like a plan.

Me: Lets head over to Sweet Apple Acres everyone.

**Spike:** Okay, but if the boat sank, how did you all get rescued?

**Pinkie Pie** : Oh, that's easy. We just- [sniffs] *My muffins!*

**Spike** : [fed up] That's it. We've gotta go talk to Applejack.

**Twilight Sparkle** : Good idea. She'll straighten this out.

**Spike** : I just really, really wanna know how they made it back! But yeah, that'd be great too.

We were walking.

Diamond Tiara: Hmm…

Twilight Sparkle: Something on your mind, Diamond?

Diamond Tiara: Twilight, wasn't there a waxing crescent moon during the time Applejack, Pinkie and Rarity were on that boat trip?

Me: As a matter of fact yes there was.

Twilight Sparkle: Yes, there was a waxing crescent moon, what about it?"

Diamond Tiara: Well… a few weeks ago, Miss Cheerilee was talking about this deep sea creature that will migrate close to shore during the time the moon is a waxing crescent. But if that creature were in the area… (sigh)… nevermind… it's just a silly theory."

Twilight Sparkle: No theory is silly if you take the time and effort to do the research, Diamond.

Me: Hmm, it might be something worth looking into. Once we visit Applejack, we'll stop by Ms. Cheerilee to see if this creature of yours would go anywhere near Seaward Shoals.

Diamond Tiara nodded with a smile, glad her little theory was being taken seriously.

We saw Applejack harvesting apples.

[thwack] [apples falling]

**Applejack** : Hold on a tick. Pinkie Pie says it's Rarity's fault, and Rarity says *I* sank the boat? Well, that's plumb crazy!

Nico: As much as I know you can get stubborn sometimes and that stubborn pride can make you do dumb things…

Applejack: Grrrrr…

Laney: What Nico is trying to say that, despite your stubbornness, you wouldn't be dumb enough to face a tidal wave head on.

Applejack: Darn tootin! If you two really wanna know what happened, I'll tell you. Y'all know how Pinkie Pie and Rarity wanted to get out of their "element"?

Me: Yeah that's what they've been telling us.

Applejack: Well, I bought a treasure map to give 'em a rip-roarin' seafarin' adventure!

Me: Hold on a second.

Diamond Tiara: I still can't wrap my head around the fact that Rarity would turn down a treasure hunt, she loves anything involving precious jewels and such.

Lola: And so do I.

Nicole: And I love treasure hunts myself too.

Applejack: I thought so too, But *they* had other ideas.

FLASHBACK 3

At Seaward Shoals, Applejack had the ship ready.

**Rarity** : La-la-la! Prepare yourselves for the most luxurious boat outing that ever outed a boat!

**Pinkie Pie** : And more fun than you can shake a stick at! [squee] Because I brought a stick!

**Applejack** : Alright, mateys, but just y'all wait 'til you see the high seas adventure I've got planned! [paper rolling]

She pulled out a map.

The Ship set sail.

**Applejack** : [narrating] Unfortunately, they seemed less interested in a treasure huntin' adventure and more interested in snacks.

They were getting the food ready.

**Rarity** : Oh, darling, that food isn't fit for a pony of proper breeding, darling, and refinement, darling! Now my cucumber sandwiches, on the other hoof…

**Pinkie Pie** : Bet you I can fit them all in my mouth! Ahh…

**Rarity** : Pinkie, darling, please!

**Pinkie Pie** : [chomping]

Applejack stepped on a volleyball and lost her footing.

**Applejack** : [yelps] [thud]

She accidentally dropped the sandwiches overboard.

[splash] [bubbling]

**Applejack** : U-uh, Rarity, I-

**Rarity** : Well, I never! Hum-ph!

**Pinkie Pie** : Me neither! Hum-ph!

Me: HOLD IT! HOLD IT! HOLD IT!

FLASHBACK Pauses.

Diamond Tiara: Okay, I gotta ask this, I know Pinkie can get hyper sometimes, but you're implying that she went insane before the boat trip even started? You're sure she just wasn't overexcited?

Applejack: With Pinkie Pie, who can ever tell?

Luan: I know Pinkie Pie and she never is usually that hyper.

Nico: I agree.

Diamond Tiara: Well that's a bit insensitive isn't it?

Nico: Diamond, settle down. Remember, keep your questions objective.

Diamond Tiara: Right… Nico. Please continue Applejack.

**Applejack** : Oh, it gets a sight worse than that!

FLASHBACK RESUMES

Pinkie Pie raised a Piñata.

**Pinkie Pie** : It's P.W.T. - Piñata Whacking Time!

She handed Rarity a stick.

**Rarity** : Oh, darling, whacking is a base pastime for common ponies. Doesn't interest me in the least.

**Pinkie Pie** : Meh. Hee-hee!

**Applejack** : Huh? [spinning]

Pinkie Pie made her dizzy.

**Applejack** : Whoooooa! [lightning cracks]

A RAGING SEA STORM WAS COMING!

**Applejack** : Looks like we need to change course!

Rarity took the map.

**Rarity** : Ooh! Why, this will make a perfect tablecloth for my cheeseboard!

**Applejack** : Maybe so, but it's also the only way to find Plunder Cove!

**Pinkie Pie** : [giggling]

**Applejack** : [narrating] And Pinkie Pie was just about as helpful as a weasel in a hen house.

**Pinkie Pie** : Captain Pinkie Pie reporting for map duty!

**Rarity** : [yelps] [splash]

They got wet from a wave.

**Applejack** : Hold on, everypony!

[splash]

The boat got smashed by a huge wave!

FLASHBACK ENDS

**Twilight Sparkle** : Wait, so it was Rarity *and* Pinkie's fault?

**Applejack** : Yup! And maybe if they ever apologized, I'll consider talkin' to them again.

She left.

**Spike** : If they all blame each other, I don't know how we're gonna get them to talk again.

**Twilight Sparkle** : Neither do I, Spike. Neither do I.

Me: Jeez! This is bad.

Twilight Sparkle: Hey now, cheer up everypony! I know these three testimonies sound different and they are clearly blaming each other for what happened. But with a little extra evidence. I think we can filter out the contradictions in each testimony and get to the truth!

Diamond Tiara: Right.

Nico: But we don't even know where to start!

Diamond Tiara: What about my creature theory and that waxing crescent moon? Don't you think it might be worth looking into?

Twilight Sparkle: What does that creature have to do with this boat incident, Diamond?

Diamond Tiara: Because I think one of the places the creature visits is Seaward Shoals, I'm gonna go see Miss Cheerilee to be sure. If you don't mind, J.D.?

Me: Not at all, In fact, I need to take a visit to the Cloudsdale Weather Factory. I think an archive record of the weather patterns for Seaward Shoals, might be useful for this case.

Nico: Okay.

Spike: And what are we supposed to do?

Diamond Tiara: You can just stand there and look dumb.

Spike: (Blows Raspberry) Bleh!

Diamond Tiara: Just teasing, Spike, How about you and Twilight look at the testimonies and see what you can find? Then J.D. and I can meet you once we're done gathering our information.

Twilight Sparkle: Sounds like a plan Let's do this!

Me: Right!

I flew off to Cloudsdale and Diamond Tiara went to the school.

* * *

Back at the castle, everyone, Twilight and Spike were in the throne room trying to figure out how to find some truths amongst the three ponies testimonies. Twilight was pacing back and forth as Spike sat lazily in one of the larger thrones. Mario and Diamond Tiara had not returned just yet.

**Twilight Sparkle** : There's gotta be some way to fix this. If Applejack, Pinkie Pie, and Rarity keep not talking to each other, they could forget what good friends they really are!

Nico: I know. This is nuts.

**Spike** : I just don't get it! All of their stories are so different! [sigh] We're never gonna figure out what really happened.

Twilight looked at the scroll.

**Twilight Sparkle** : Their stories were different, but they also had a lot in common.

**Spike** : I guess… They were all on a ship that sank, and… that's about it.

**Twilight Sparkle** : Not quite. [chalk drawing]

She got a blackboard over and wrote on it, drawing some illustrations of the following items: a cucumber sandwich, some bubbles, and a wave. Twilight then pondered to herself. It was then me and Diamond Tiara arrived.

Diamond Tiara: Twilight! Guess what! My theory just might have a connection to what happened after all!"

Twilight Sparkle: How so, Diamond?"

Diamond Tiara pulled out a book from her saddle bags.

Diamond Tiara: This is the book Cheerilee let me borrow. It talks about a creature that migrates close to the shore of Seaward Shoals whenever the moon reaches its waxing crescent phase!

Me: And not only that, I just got back from obtaining a record of the past weather conditions at Seaward Shoals. *Including* what the weather was like during Applejack, Rarity, and Pinkie's boat trip.

Twilight used her magic to grab the book and the weather records. She quickly shuffled through the pages of the book and examined the weather records. She then looked at her blackboard. Laney walked behind Twilight to help her out and Diamond Tiara and Spike waited impatiently.

Then Laney and Twilight whispered to each other.

Twilight Sparkle: A-ha!

Nico: What is it?

Twilight Sparkle: Not only do Laney and I know how the boat sank, we have a pretty good idea on how to get Rarity, Applejack, and Pinkie together!

Me: We just need to speak to one more pony, or ponies to be more precise, then we'll have all the puzzle pieces we need to solve this mystery and mend Rarity, Applejack, and Pinkie's friendship!"

Diamond Tiara: Awesome!

Nico: Right lets head out.

The next day, We all were at the docks of Seaward Shoals with our ship the TLPS Phoenix Maelstrom behind us. Nico had just arrived in the docks with some papers in hand.

Nico: Alright, I got the information we needed, we just need our three friends to arrive and we can started putting the puzzle together.

**Spike** : I hope this plan of yours works.

Me: It will.

Applejack then came.

**Applejack** : [panting] Winona brought me your note about a friendship emergency! H-How can I help?

Followed by Rarity.

**Rarity** : [panting] Opalescence delivered your message, Twilight! What's the emergency?

Then Pinkie Pie.

**Pinkie Pie** : It's a good thing it was time for Gummy's bath, or I might not have seen your note about the emergency, Twilight! [beat]

**Applejack**, **Pinkie Pie**, and **Rarity** : What's *she* doing here?!

**Twilight Sparkle** : Sorry, but I just didn't know how else to get the three of you here together, and there really is a friendship emergency!

Me: It's for you three. Me and Nico were called by the map to help you three.

Nico: Yep.

**Applejack** : Oh, there's no emergency! I'm just waitin' for an apology.

**Rarity** : An apology?!

**Pinkie Pie** : *What?!* Why would you want *me* to apologize when it was *Rarity's* fault?!

**Rarity** : What are *you* talking about? Applejack clearly caused the boat to sink! She stranded us in the middle of the ocean!

**Spike** : [frustrated scream] Will somepony *please* tell me how you made it back?! [beat]

*Flashback*

*After the boat sank and was destroyed, each pony gave a loud gasp as they surfaced from under the water. Applejack grabbed her now soaked hat to find that the water was… shallow?! They found that they were just a few feet away from the docks.*

*End Flashback*

*Applejack looked embarassed. Rarity looked indignant. Pinkie looked clueless.*

Rarity: "Well… Maybe it wasn't in the *middle* of the ocean…"

Spike: Ugh!

Me: I can sympathize with your feelings, Spike, that final testimony actually helps us our case and the recent evidence I gathered this morning!

**Applejack** : Even so, I don't appreciate bein' hornswoggled into comin' back here.

**Rarity** : On that, at least, we agree.

**Pinkie Pie** : Yeah!

Cliffjumper: Look, girls. Whatever's bothering you three, it's not too late to work it all out.

Nico: Cliffjumper let us talk with them. We have a lot to tell them.

Me: Yeah and me and Laney and Diamond Tiara did a lot of investigating and found a lot of connections.

Cliffjumper: All right.

Me: We're sorry to call you all here like this there really is a friendship problem. It's YOU three.

Nico: Me and J.D. were called to help you girls.

Me: Also we found out something very interesting. But let us go over everything that happened leading up to the boat sinking.

**Twilight Sparkle** : I know you each have a different perspective on how the boat capsized and blame each other.

Laney: But Inspector Laney and her awesome partner, Miss Tiara, have solved the case!

Applejack: Oh really?

Twilight Sparkle: "Yes, they have, and if you come on the boat with us. We'll show you what *really* happened."

Diamond Tiara: You three wanted the truth, and now we can give you just that… the truth."

Applejack, Rarity, and Pinkie gave the other three ponies skeptical looks. Then gave each other skeptical looks.

Rarity: Well, not that *I* have any doubts, but it will feel good for everypony to see exactly *whose* fault it was.

Applejack: I think we all know which pony's about to be proven right.

Pinkie Pie: We sure do.

It wasn't long before everypony and all of us had our life vests on and were on board the boat.

Spike: Like I said, I sure hope this works.

Diamond Tiara: You worry too much, Spike

Twilight untied the rope keeping the boat docked

Diamond Tiara: We've got this. Right, J.D.?

Me: We sure do.

By the time we were out at sea, we all noticed that Applejack, Pinkie, and Rarity were looking very huffy and were not speaking to each other. Spike chuckled nervously.

Me: Oh boy.

Spike: Whatever you're looking for I hope you find it soon.

Twilight Sparkle: Don't worry, Spike, we've got it all under control. J.D., Diamond, time for you to shine.

Me: Right.

Diamond Tiara: Well, since you three are enjoying each other's company, it's time for us to begin our cross-examination.

Applejack, Rarity and Pinkie Pie: You're *what* ?!

I stood up.

Me: (Clears throat) Let's start with the beginning of the day when you three arrived at the docks. All three of you gave different accounts of how your friends were acting upon getting on board the boat. All three of you all had one thing in common. At least one of you was not acting like their usual self.

Applejack: Because they were the ones at fault for the boat sinking!

Me: Actually…

Diamond Tiara: All three of you were acting in an over the top manner, Rarity was being extra snooty. Pinkie was being extra hyper. Applejack was acting like a pirate… with a country accent. And you drove each other crazy because of it!"

All three ponies cringed.

Applejack: Uh… um…

Rarity: Well… to put it mildly…

Pinkie Pie: Well, depends on what you mean by hyper…

Me: Movin' on, Another fact that we found didn't add up was how much luggage each pony brought. Rarity, you said you only brought a single suitcase, correct?"

Rarity: Well, yes I did.

Diamond Tiara: Then tell me… why there is rather expensive masseur bill from a total of *fifteen* porter ponies who all said they had to carry *somepony* 's luggage?

Rarity cringed and bit her lower lip. Pinkie and Applejack smirked.

Me: I'd wipe that smile off if I were you Pinkie. Because only *thirteen* porter ponies said they had got sore carrying Rarity's luggage, the remaining *two* porter ponies reported carrying a heavy loaded of board games and sports equipment.

Sweetie Belle: I know my sister likes to pack so much but she was REALLY overdoing it.

Apple Bloom: That's right.

Applejack laughed.

Me: You think it's funny huh? I heard from both Pinkie and Rarity that you were a bystander during the whole conflict about the snacks they had brought for the trip, While you claimed to be an innocent bystander, I have confirmation that you, Miss Honesty, lied.

UH OH!

Applejack: On what grounds?!

Diamond Tiara: Both you and Rarity confirmed in your testimonies that you were the one responsible for dumping her cucumber sandwiches overboard while Rarity said it was on purpose, you said it was accident. But neither is correct. All three of you said that there was a disagreement between Rarity and Pinkie over the snacks. It is clear that there must have been a fight that broke out between these two ponies. And when you, Applejack, tried to intervene, but she ended up somehow tossing the snacks into the water yourself or made Rarity toss them out of impulse from all the arguing.

Applejack: How… how did you know…? I… I mean… I don't know what your talkin' about!

Nico then did a version of a Phoenix Wright pose.

Nico: You know *exactly* what I'm talking about here! Rarity and Pinkie clearly overpacked for the trip and Applejack was the one who failed to settle the snack dispute and caused Rarity's cucumber sandwiches to be tossed into the ocean! You just confirmed that this was what *really* happened."

Applejack and Rarity whimpered. A sign that they weren't going to deny that fact as truth.

Diamond Tiara: In addition, We can also confirm that all three of you started to fight over the map when the storm appeared. This also confirms a very important fact. All three of you were so busy fighting over the map and arguing with each other that you completely left the ship at the mercy of the watery elements. In other words, *nopony was steering the ship until it was too late* !

Pinkie Pie: Um…

Applejack: Uhh…

Rarity: I… uhh… I…

Laney: And the most embarassing thing about your behavior?

Diamond Tiara: Was that all of this took place before the ship ever went thirty yards past the dock!

Applejack, Rarity, and Pinkie's jaw all dropped in shock. Even Spike's jaw was hanging out from Mario and Diamond Tiara's discoveries. Twilight just smirked.

Applejack: W-w-w-what's your proof?!

Pinkie Pie: Yeah, sure that's what happened but we're not gonna admit that is *exactly* what happened!

Pinkie had practically confessed that's what happened!

Laney: Before you all came this morning, I got an eyewitness reports from all fifteen porter ponies who eye witnessed what happened on the boat from the docs. I also spoke to the boat rental pony who gave you the very boat you three destroyed! The whole reason you are even resorting to blaming each other is because of this… The bill for the boat you three destroyed with your carelessness and for, in his words, littering the ocean! (She showed the three ponies a familiar looking piece of paper) According to this receipt, all three of you pitched in 30 bits for the rental, but the pony is now demanding a total of 360 bits for completely destroying it!

Applejack, Pinkie, and Rarity winced. Suddenly their anger and defenses were now starting to crumble. They were now starting to feel guilty, as well as embarrassed.

Diamond Tiara: Did you guys split the costs? Or are you actually trying to make each other take the blame and pay for the entire sum alone?

Rarity: *Stop* !" Just… stop…"

Pinkie Pie: Okay, we confess! It's all true… everything…

Applejack: It's the honest truth, All that did take place and the bill is the reason we all got really angry with each other. So I guess we're *all* to blame for the boat sinking…

Pinkie and Rarity: "Yeah…"

Me: Once again, you are incorrect. Care to explain Twilight?"

Twilight Sparkle: [to the others] While all of your stories seem very different, they all had something in common - cucumber sandwiches. [clunk]

She pulled out a cucumber sandwich

**Applejack** : What in the hay does that have to do with anythin'?

Me: You'll see.

She threw it over.

[splash]

**Rarity** : And why would you waste a perfectly good hors d'oeuvre?

**Twilight Sparkle** : You also mentioned the bubbling water.
[bubbling]

The Water was bubbling and then Twilight lifted up the boat with her magic and the ship went over a huge swell.

**Twilight Sparkle** : *And* the swell. Diamond Tiara mentioned to me yesterday that Cheerilee had her class studying this particular creature who's migration patterns take it very close to Seaward Shoals during this time of year. Cucumber just happens to be the favorite food of the tri-horned bunyip.

Me: Which is the Legendary sea dragon of Australian Aboriginal Myth.

Youko: Wow.

Boa: That's interesting.

Twilight Sparkle: Yep. And bubbles followed by a swell is what happens when they swim up to the shallows from deep water.

**Applejack** : So… we attracted a tri-horned whatchamacallit?

**Rarity** : With cucumber sandwiches?

**Pinkie Pie** : Sounds like a stretch.

Me: We got the evidence to prove it.

Nico: Just turn around.

The creature rose up out of the water and they saw it.

**Twilight Sparkle** : Hello, bunyip, sir!

[bunyip noises]

**Rarity** : So that's a…

**Twilight Sparkle** : A tri-horned bunyip! Who's very sorry he accidentally knocked over your boat. Right?

[bunyip noises]

Laney: If it helps settle your minds down, Twilight and I spent last night learning his language, which was easy since bunyips understand pony language.

Me: I thought so too.

**Pinkie Pie** : Wait, the storm had nothing to do with the capsizing?

**Twilight Sparkle** : Nope!

Diamond Tiara: According to this weather report, This area's last storm was over two weeks ago. The weather calls for clear skies until next week.

Eli: Yep.

Me: The darkness you girls thought was a storm was just from the size of the wave before it crashed over the boat.

Rarity: All right, Even if our friend the bunyip is responsible for sinking the boat, and we're at fault for not paying attention to the signs of an oncoming wave, it doesn't excuse a certain pony's behavior!

**Applejack** : Me?! How about you and Pinkie Pie?

**Pinkie Pie** : Pfft- What? Who? Me? No-

Me: (Clears throat)

Applejack: Let me guess, You got proof as to why we acted the way we did."

Diamond Tiara: You are correct. Twilight?"

Twilight Sparkle: Thank you, Diamond. I think I can explain that too. Each of you spent so much time trying to come up with the perfect way to get the others out of their element, that you didn't notice your friends were doing the same thing!

Me: Yeah it was a total lack of communication for all three of you.

Nico: And because you were so focused on what *you* wanted to do, you closed yourself off to each other. Thus when one pony tried to present their ideas to you, you saw it as them trying to ruin your own ideas, which led to all the fighting and disagreements you three had during your trip.

**Applejack** : Wait a minute. You brought all those games and things for us?

**Pinkie Pie** : Of course! I figured the boat trip was the perfect time to do things that were silly and fun!

**Rarity** : And I was just trying to give the two of you the elegant cruise I thought you deserved.

**Applejack** : And I just wanted to give you two a high seas adventure, since that'd be somethin' new and different for y'all.

**Applejack**, **Pinkie Pie**, and **Rarity** : Ohhhh.

**Rarity** : That is so sweet. You must have gone through so much trouble.

**Applejack** : Well, not half as much trouble as you did makin' all that fancy food, and bringin' all those games!

**Twilight Sparkle** : I guess this just teaches us that even long time friends need to work at communication.

Me: That's right.

**Pinkie Pie** : Well, there's something I'd like to communicate to you all right now! You girls are the best friends a pony could ever have!

**Rarity** : Oh, let's never fight again!

**Pinkie Pie** : You got it!

**Applejack** : [simultaneously] Agreed!

We hugged.

[bunyip noises]

**Applejack** : All right, you big softie! Bring it in!

[bunyip noises]

He hugged the boat.

Laney: And that wraps up another case for Inspector Laney, I declare this case closed and this friendship emergency… resolved!

Me: YEAH!

Mine and Nico's cutie marks glowed showing our mission was done.

Me: Looks like our friendship problem is done.

Nico: Yep.

We high five.

Later on, Pinkie set up her piñata as the bunyip wore a blindfold and held the stick in his mouth.

Pinkie Pie: Come on, bunyip, sir!

The creature gave a few practices swings

Pinkie Pie: You got it!

At the other side of the boat, Applejack and Nico had teamed up to use a net for some deep sea treasure hunting. Eli was using the ship crane to get the destroyed boat out of the water and we brought the boat aboard and Lana and Skippy and Big Mac were fixing it up. And we got all of Rarity's luggage and all the stuff back.

It wasn't long before Nicole and Applejack pulled up the net and inside of it was some sea shells, sea weeds, and a nicely sized treasure chest.

Me: Awesome bounty.

Nicole: (Pirate Voice) Yar har, Ms. Jack! I believe we found ourselves some treasure!"

Applejack smiled excitedly as she opened the chest. Inside was gold coins, pearls, and other trinkets including some gem studded drinking goblets. Rarity grabbed three of the goblets and filled them up with ice cream, whipped cream, an a cherry to make sundaes for Applejack, Rarity and Laney. Diamond Tiara was just watching the scene with a smile on her face as Spike was just bitterly writing stuff down on another scroll. Twilight then walked up to them.

Twilight Sparkle: One thing's for sure, Spike and Diamond, There's nothing like a luxurious adventure boat party to get you out of your element.

She then removed Spike's quill and scroll from his claws and gave the little dragon some ice cream.

Spike: You said it!

Diamond Tiara then gave Twilight a nuzzle.

Diamond Tiara: You're friends are so cool, Twilight, I never imagined I'd be having this much fun on a boat this like!

Twilight Sparkle: Don't you mean *our* friends, Di?

Diamond Tiara: Yeah… *our* friends

Rarity handed her a goblet filled with ice cream.

Diamond Tiara: Thanks.

Me: This turned into a great mystery and friendship problem.

---

CASE CLOSED!

---

Later we were getting ready for part two of our adventures into the war with the Seekers of Darkness.

Leni came down and she looked awful.

Me: Leni are you okay?

Xion: Leni, did you have a nightmare as well?

Leni: I totes did. I look totes awful

Ed: Are you all right Leni?

Leni: No I'm not. (Starts crying) My dream was where Reiningers went out of business and me, Fiona, Miguel, Mrs. Carmichael and her son were sent onto the streets and we live IN A CARDBOARD BOX! (WAILING HARD)

We gasped in shock.

Ed went over and comforted her.

Ed: There, there Leni. There there.

Applejack: Poor Leni.

Nico: Oh man. Poor girl.

Sugarcoat: (to Nico) Kickback's right about being your turn to lead today. (to the rest of us) If any of you guys have issues with that, please speak up right now.

Nico: Sugarcoat they know it's my turn to lead today. So don't rub salt in the wound.

Sugarcoat: Sorry.

Nico: Anyway it's time for part 2 of the adventure. We're going to the world of The Three Musketeers with Mickey, Donald and Goofy.

Eli: This is gonna be fun!

Me: Yeah! We're gonna see the good old days with Mickey, Donald and Goofy as the great Three Musketeers.

Varie: I remember that movie! That was cool!

Leni calmed down and then Felix Faust, Duskmon, Ranamon, Arbormon, Mercurymon, Grumblemon, Ben Ravencroft, Nergal, Deker and Kaos

Felix Faust: Can me, Duskmon, Ranamon, Arbormon, Mercurymon, Grumblemon, Ben Ravencroft, Nergal, Deker and Kaos go with you all this time?

Nico: You all sure can. It's my turn to lead and we're going into the world of The Three Musketeers where Mickey, Donald and Goofy were the great Three Musketeers.

Ben Ravencroft: This is gonna be an interesting part of the adventure.

Laney: It sure is and the Three Musketeers is one of my favorite books.

Me: Mine too. Especially with their awesome oath.

Me, Donald, Goofy, Mickey, Sora, Kairi and Riku put our swords in.

Me, Donald, Goofy, Mickey, Sora, Kairi and Riku: ALL FOR ONE AND ONE FOR ALL!

Nico: Love that oath!

Leni: That was totes cool. But also my dream gave me this.

She held out her hand and in a flash of lightning and gravity, Leni got a King Ghidorah Keyblade!

We gasped in amazement!

Carol: Wow! Leni that Keyblade is perfect for you!

Leni: It's totes great.

Laney: That is amazing.

Nico: Yep. Lets get to work.

We went to the Simulator for Part 2 of our adventure.

---

In the Simulator we got ready and then the Simulator activated and we found ourselves in the world of Mickey, Donald & Goofy: The Three Musketeers from the year 2004.

Sid Arkale: (to Mickey) Well, Mickey. Here we are.

Rubanoid: Doesn't this bring back memories?

Mickey: Boy it sure does.

Me: But this movie all took place in the year 1625 during the Reign of King Louis XIII.

Nico: Yep but the movie with Mickey, Donald and Goofy was made in the year 2004.

Eli: Awesome time.

Laney: Yeah it was.

Nico: Lets go find the Three Musketeers.

We walked around and we found Mickey as the leader of the 3 Musketeers.

Ranamon: (to Past Mickey) Hey there, sugar. Are you Mickey Mouse?

Past Mickey: I sure am. Who are all of you?

Nico: We are Team Loud Phoenix Storm. This might seem crazy but we are not from this time, we came from almost 400 years into the future.

Me: We came from 396 years into the future in the year 2021.

Past Mickey: Wow! That's amazing!

Me: It sure is.

Eli: Mickey it's great to see you again.

Past Mickey: Wow! Same to you Eli.

Eli: How have you been?

Past Mickey: Busy as ever. Donald, Goofy and I are training hard.

Goofy: Garsh we can see that.

Popeye: It's quite a job you have.

Past Mickey: It sure is.

Fangry: Alright, everyone. Don't do anything, don't touch anything, sci-fi rule number one. You start messing with the past, you end up with monkeys ruling the future.

Nico: Fangry that's just in the movies. Also this whole world is a movie from 2004. It's amazing.

Me: Yeah. It's cool. (To Past Mickey) Also in the distant future I formed an awesome team based on the Three Musketeers. We are called the Knights of The New Fire.

Ino: And we have an amazing oath.

Me: Watch.

We stood in a line and said our oath

Knights of the New Fire: WHEN HOPE IS LOST, FIRE WILL REKINDLE IT! WHEN LOVE IS REPLACED BY HATE, FIRE WILL REIGNITE IT! ALL EVIL SHALL KNOW THE PAIN OF FIRE! THE KNIGHTS OF THE NEW FIRE SHALL SAVE ALL!

Past Mickey: Wow! That is a great oath!

Nico: It sure was.

Laney: I think it's awesome.

Me: Yep and that was a great oath we came up with in 150,000 years.

Lana: That was cool.

Arbormon: (to Past Mickey) It might not look like it. But you're gonna end up doing amazing things.

Nico: He's right. Our powers are amazing and a true force to be reckoned with. We have done all sorts of amazing things.

Laney: We don't like to brag but it's what we do.

Eli: It's true.

Me: And you're gonna be an amazing King.

Past Mickey: Wow!

Sandman: So, have there been any problems recently?

Past Mickey: As a matter of fact yes. Captain Pete is at it again and he is going to kidnap the queen and princess.

Nico: What can you tell us about him?

Past Mickey told us everything.

---

In the 2004 made-for-video animated film The Three Musketeers (with Mickey, Donald Duck, and Goofy playing the title roles), Pete appeared under the name "Captain Pete". He served as the main antagonist of the film. Here, he was the Captain of the Musketeers, aiming to take over France, with the help of his lieutenant, Clarabelle Cow, and the Beagle Boys. To do so, he must get Princess Minnie out of the way, but it proves to be difficult for him, even when he hires the film's titular trio to be her bodyguards, believing they won't do a good job protecting her. He has a villain song that is sung to the tune of the classical music piece In the Hall of the Mountain King.

---

When he was done we were shocked!

Nico: So he's a backstabbing traitor! But the Beagle Boys he has are not like the ones we faced in our time.

Lana: Yeah they were dimwitted jerks.

Youko: I bet they were stupid.

Anastasiya: Yeah no kidding.

Boa: But they will be dealt with.

Duskmon: The Pete on our team doesn't use a sword. At least, not yet.

Nico: He primarily lets his fists do the talking.

Me: Speaking of which, did you by any chance see mysterious people where black coats walking around here?

Past Mickey: As a matter of fact yes I did. He had silver hair, yellow eyes and talked about something about anger and hate being supreme.

We gasped!

All of us: XEMNAS!

Laney: I thought we were rid of him forever!

Me: Yeah and I made sure he was Hakaied after the way he tortured Nico.

Youko: Who is Xemnas?

Me: You would hate this guy to the core Youko. All of us do. He was the true leader of a fake Organization XIII that we destroyed 6 months ago.

I went over Xemnas history.

---

Xemnas, also known as the Superior of the In-Between, is the Nobody of Terra-Xehanort and a major antagonist of the Kingdom Hearts franchise. He first appeared as a secret boss in Kingdom Hearts Final Mix before making his official debut as the main antagonist of Kingdom Hearts II. Since then, he reappeared as the overarching antagonist in Kingdom Hearts 358/2 Days and Chain of Memories, one of the main antagonists in Kingdom Hearts: Dream Drop Distance as well as one of the secondary antagonists in Kingdom Hearts III.

He is Rank I in the original Organization XIII and the commander of the strongest breed of Nobodies, the Sorcerers. He also wields twin Ethereal Blades and the power of nothingness.

He is voiced by Paul St. Peter (who also voiced Kurama from Naruto) in the English version, and Norio Wakamoto in the Japanese version.

Ansem the Wise started to research the Heartless with an apprentice named Xehanort, who is actually the body of Terra converted into an amnesiac vessel by Master Xehanort. When Ansem decided to stop his research, spurred by the memories of his previous incarnation, Xehanort continued the research with the aid of Braig, Master Xehanort's accomplice, to find a way to manipulate the mind through the heart. While working on this project, using his No Name Keyblade on Braig and the other apprentices they duped into helping them, Xehanort intentionally separated his heart and body: Creating the Heartless that calls himself "Ansem" and the Nobody Xemnas.

Plan

Xemnas, as one of the rare and strong Nobodies that could think and function like a human, made a plan set up by his previous incarnation. With the aid of Xigbar, the Nobody of Master Xehanort's accomplice Braig, Xemnas gathered the special case Nobodies of the residents of Radiant Garden to join him and Xigbar as the first eight members of Organization XIII: Xaldin, Vexen, Lexaeus, Zexion, Saïx and Axel. From there, his forces recruited Demyx, Luxord, Marluxia, and Larxene while he personally recruits Roxas as their final member. A few days after finding Roxas, Xemnas battled Sora at Hollow Bastion and used some of the memories he took to have a replica of him created. That replica, Xion, was made an unofficial member of the Organization as both she and Roxas were used to gather hearts to provide Xemnas with his.

However, with only Xigbar knowing the truth, Xemnas's goal is to collect 11 "empty vessels" to hold a piece of Master Xehanort's heart, which would be achieved by connecting them to Kingdom Hearts. But the plan fell apart when all the members deployed to Castle Oblivion were defeated with Marluxia and Larxene conspiring against him in their attempt to take over the Organization along with the defection of Xion, Roxas and Axel half a year later. Regardless, Xemnas continued with the plan as he encouraged Sora to kill as many Heartless as possible before Ansem's interference severely crippled Xemnas's plans. In the end, Xemnas fused with his Kingdom Hearts and battled Sora and company in a fierce battle, but Xemnas ultimately perished.

## Dream Drop Distance

Due to Young Xehanort's time-traveling, Xemnas comes back as a member of the True Organization XIII. He taunts Sora with knowledge of his heart and the idea of Nobodies having hearts, ultimately revealing the true goals of the Organization. After fighting and being defeated by Sora, Xemnas leaves Young Xehanort to take Sora in. Back in the real world, Xemnas watches as Master Xehanort revives, but is forced to leave when Lea arrives.

## Kingdom Hearts III

Xemnas returns in Kingdom Hearts III as one of the higher ranking members of the Real Organization XIII. He first appears in Twilight Town with Ansem, toying with Sora about his efforts to bring back Roxas, coercing him to give in to the darkness. Both Xemnas and

Ansem are later warned by Xigbar not to get too carried away in toying with Sora as he had defeated them several times in the past. Xemnas also debriefs Demyx, Luxord, Marluxia, and Larxene, all members from the previous Organization, as he reveals to them why he chose them to return; their connection to the Keyblade legacy. Xemnas appears with the Real Organization XIII during the Second Keyblade War, first with Saix and Xion. But when Xion defects a second time, Xemnas prepares to strike her and Axel down for their treachery (especially Axel given his role in the previous Organization for eliminating traitors) until Roxas arrives in the nick of time. Unbeknownst to him, Saix was later revealed to have worked behind the scenes against him for his plot for atonement (alongside Vexen and Demyx). Angered, Xemnas kidnaps Kairi and brings her to Master Xehanort. Sora, Riku, and Mickey confront Xemnas, Ansem, and Young Xehanort after defeating the other members. Once Xemnas is defeated, he has his first real feeling in years; loneliness. He states he took the previous Organization for granted and that having a heart is nothing but pain. When Sora says that's part of being human, Xemnas concedes that it must take incredible strength before fading away for good.

---

When I was finished everyone that hadn't heard it was horrified!

Youko: He and Xehanort are gonna destroy the entire universe!?

Anastasiya: That's horrible!

Boa: We have to destroy him now!

Nico: And we will. But in the Keyblade Graveyard. We're gonna go into a huge battle that could tear the entire universe to shreds.

Boa: How big a battle are we talking?

Nico: Universal Armageddon Level.

Me: Whoa.

Past Mickey: That's horrible.

Eli: It sure is.

Slog: Mickey. The Queen and Princess. Are their names Minnie and Daisy?

Past Mickey: That's right!

Nico: Awesome.

Kaos: (to Past Mickey) After your Pete is dealt with, you should go on a date with Minnie.

Past Mickey: Good idea.

Nico: Lets get to work and help you out and if we face Xemnas, I will face him. I have a score to settle with him.

Me: For all the torture he put you through in the 20 Days of Darkness?

Nico: Yep and I'm gonna send a message to Xehanort. Telling him that his days are numbered.

Me: You can do it buddy. But I want to get some shots on him first. I still have a lot of fury that I'm gonna dish out on him.

Nico: Deal.

Grumblemon: Where was your Pete last spotted?

Past Mickey: Over there.

We saw a scary church on an island in a thunderstorm as lightning flashed all over and it was The Mont-Saint-Michel

Me: That's the Mont-Saint-Michel. One of the most famous churches in all of Western Europe.

Shaggy: Like ga-ga-g-g-g-g-g-g-g-go there!?

Me: That's where he was.

Nico: Yep.

Gru: Before you two decide to back out, do you want to know about the new Scooby Snax Nico made?

Scooby: Sure.

Nico: Crunch Bar flavor.

Shaggy: Like oh boy!

Me: I haven't had a Crunch Bar in forever. May I try one?

Nico: Sure.

Nico gave us some snax and they were tasty.

Me, Shaggy and Scooby: MMM MMMM MMMMMMMM!

We turned into rockets and took off and exploded in a dazzling fireworks show and we landed in Nico's arms.

Me: Wow! That was great Nico. Tastes so much like the real thing!

Nico: Yep. Lets go.

Drillhorn: Alright, Mickey. You and your past self lead the way.

Mickey: Right.

We were on the island and walked through it and it was creepy and scary.

Me: This place has 1,000 years of history behind it.

Jessie K.: It sure does. It was built back in the 11th Century.

Me: Mont-Saint-Michel is loaded with it that dates back to the Crusades.

Dante Alighieri: It sure is fascinating to see.

Me: It sure is.

Maria: There's a chance the Beagle Boys will be faced first.

Mercurymon: Are they idiotic or dangerous?

Me: Stupid and dangerous. They may be dangerous but they are totally incompetent.

Nico: Yeah they have brains the size of peanuts and are as stupid as a braindead toddler.

Applejack: I bet they couldn't hit the broad side of a barn with those toothpicks they call swords.

We laughed. What we didn't know however was that we were being watched by the Beagle Boys who were hiding in the shadows.

Slinkman: You guys get the feeling we're being watched?

Bugs Bunny: I get that feeling all the time doc.

Me: Actually he's right. I got that feeling too.

I then look at the walls and I saw a shadowy figure in the darkness.

Popeye: I got those palookas! (Pulls out a can of spinach)

He popped it open and ate the spinach and then.

BING! BOING!

He got stronger and went all over the city fast and then we heard the sounds of fighting and then numerous bodies came out and they were the Beagle Boys!

Me: That did it!

Deker: (to the Beagle Boys) My sword is much stronger than the ones you have. Leave while you still can.

Nico: Unless you all want to be put in the doghouse!

We laughed and then the Beagle Boys ran with their tails in between their legs like frightened chickens.

Nico: Take that!

Eli: Yeah you buttfaces better run!

Papillon: That was almost too easy.

Nico: For Popeye anything is easy.

Popeye: Cause I'm Popeye the Sailor Man! (TOOT TOOT) (Camera irises in) WAIT A MINUTE!

The camera came back.

Popeye: (To the viewers) Chapter ain't over yet. We still have more fun.

Cameraman: Sorry.

We continued on.

(FORCE OF HABIT GAG. THAT WAS FUNNY)

We went into the church and we saw PETE!

Ben Ravencroft: So you must be the Pete of this world. Allow me to introduce you to my magic spells.

He fired a blast of magic and it hit Pete's peg leg and turned it into a bouquet of flowers.

Shannon: And a spell from my ancestors.

She fired a blast of pitch black lightning and electrocuted him all over.

Eli: How do you like this one?

Eli used the Force and tickled Pete all over.

Past Pete: (Laughing hysterically)

Past Pete was then blown far away. But then a Dark Corridor opened and out came XEMNAS!

Me: Xemnas!

Past Mickey: So, that's Xemnas?

Lemmy: He sure is. Ugly, isn't he?

Xemnas: I see you've met the past version of the King. I wonder what will happen if I eliminate him and do Pete a favor?

May: Don't even think about it, Mansex!

Me: Mansex!? That's funny!

Nico: (Xemnas gets a little pissed off) Before I kick your ass, I want to thank you, Xemnas.

Xemnas: For what?

Nico: If it wasn't for your attempt to kill me, I wouldn't have been able to conquer my past, get rid of the Digimon Emperor for good, and get even more stronger. So, thanks!

Xemnas: (confused) You're welcome. I think. (regains his composure) But don't think your attempts to confuse me will stop me from killing all of you here.

Nico: That's what you think. Leni. Karai. Xion. Roxas. Would you guys help me take this asshole down?

Maria: (puts hand on my shoulder) Let Nico and the others handle Xemnas. We need to watch out for any Dream Eaters that show up.

Me: Your right. But Nico will do fine. Lets pull up some chairs and watch the fight.

We did so.

Eli: Popcorn?

Me: Thanks bro.

Nico went Super Saiyan 2 and went at Xemnas. We had some popcorn. The group smashed and slashed and blasted Xemnas all over and pulverized him into pulp.

Nico: KEYBLADE RETRIBUTION BLAST!

He fired a massive and powerful stream of keyblades and they hit Xemnas and wounded him all over really badly and sent him flying.

Xemnas was just thrown outside.

Karai: That will show him!

Poliwag: Me and Nico will go outside in case Xemnas tries anything else. J.D., you, Mickey, Kairi, Sora, Goofy, Riku, and Donald recited the Oath at the beginning. So, we'll leave this to you!

Me: Roger that. Lets do it guys!

Kairi: Lets do it!

We went outside.

Past Mickey: We have to get to the palace! Lets go!

Nico: Lets do it!

We later arrived at the palace and then we saw two Dream Eaters and they were a Tyranto Rex and a Holey Moley!

Nergal: Dream Eaters! This time, it's a Tyranto Rex and Holey Moley!

Me: Lets tame these monsters!

Natilee: Leave that to me!

Natilee then chanted a powerful incantation and made the two Dream Eaters her friends.

Horsea: Why didn't we do that for the Wargoyle?

Natilee: You never asked if I could do it.

Horsea: Oh.

Nico: Lets get the Queen and Princess.

Pete was wondering if we were taken care of. Suddenly a massive fiery explosion blasted out of the ceiling and then the elemental spirits of the 10 Legendary Warriors swirled around and dark energy swirled around everything and converged and we appeared out of the vortex. We went onto the opera stage and we were facing PETE AND THE BEAGLE BOYS!

Nico: Pete, unhand the princess and Queen!

Past Pete: NEVER!

Swordsman, Cavelier, Ghost, Silver Samurai, Shiv, Cheshire, Black Lance, Iceage, Goro and Gramma Stuffum then appeared.

Me: Swordsman, Cavelier, Ghost, Silver Samurai, Shiv, Cheshire, Black Lance, Iceage, Goro and Gramma Stuffum.

Cavalier: I see you all have Boa Hancock with you all.

Boa: A pleasure to meet you guys.

Swordsman: Same here.

Cheshire: Were you surprised that J.D. arrested Enel instead of killing him?

Boa: Considering that fate of most villains not in the Masters of Evil? I most certainly was.

Me: He had it coming for his crimes.

Shiv: Well, we decided to respect Luffy's wishes for his enemies not to be killed.

Silver Samurai: And arresting them gets us money for their bounties.

Me: It's very profitable. Bounty Hunting has its perks.

Nico: It sure does.

?: That greed will make you all enemies.

A figure came out and it was REGALIA!

Sailor Venus: Regalia!

Regalia: Been a while Sailors.

Shanan: Oh no! Not one of you! I didn't thing the Negamoon would be that stupid to recruit a Circumodiumite into their ranks.

Qin: What is a Circumodiumite?

Shanan: A dangerous race of amazons from the planet Circumos. It was a planet that was located in the Black Eye Galaxy and they were known as one of the most feared races in the entire universe. They have to power to destroy people just by using powerful energy rings that can turn people against each other. They wiped out entire races with them. But their planet was destroyed when a massive black hole sucked it in.

Nico: Jeez!

Eli: That's dangerous!

Me: Yeah.

Regalia: I'm impressed that you know about my kind.

?: She knows all about it.

A figure came out and it was SCREAMER back for round 3.

Me: Screamer. Back for round 3 I see.

Screamer: I sure am.

Laney: Cool.

Bluto then came out.

Sea: Bluto again. Just loves being thrashed.

Bluto: And this time I will win.

Sea: We'll see.

Me: Lets get it on!

Joe Swanson: BRING IT ON!

Luke: I like it too dudes. The swordplay is really amazing.

Rainbow Dash: The Three Musketeers is one of my favorite stories next to the Daring Do series. It's so awesome.

Scootaloo: Just as awesome as any adventure. It's so cool.

Storm Lightning: You better believe it is. And I love a great adventure and a great story.

Flash Magnus: Like with me and how I helped save my comrades from the dragons.

Whirlwind: That was a great story.

Captain Marvel: That might be the case. But this world is based on the movie Mickey, Donald & Goofy: The Three Musketeers from 2004.

Rarity: But this world is just as amazing as it is in the movie.

Sweetie Belle: It sure is and I love the movie the Three Musketeers.

Battle 3: Casey Rhodes, Sunset Shimmer, Pip-Squeak, Phoenix Shimmer, Gusty the Great, Fire Skylanders, Fire Lori, Lightspeed Rescue Rangers, Sparkstalker and Fangry VS Cheshire

---

Cheshire was next.

Cheshire: (to Casey) Who did J.D. rescue this time?

Casey Rhodes: Her name is Youko and she is a Kyuubi, the 9-Tailed Fox from Japanese Folklore.

Sunset Shimmer: She is an amazing creature and they have amazing powers over fire and have incredible power over the supernatural.

Pip-Squeak: (British Accent) I think she is amazing and her Kimono and outfit is amazing.

Phoenix Shimmer: And her power is amazing and she is beautiful.

Gusty the Great: I think so too.

Sunburn: She is also an amazing fighter and her power is stronger than that of the strongest Elemental Devil Fruit User in Luffy's world.

Fire Lori: J.D. said she put up a really great fight against Enel.

Carter: Yeah she sure did.

Chad Lee: That was incredible.

Battle 4: Lynn, Applejack, Apple Bloom, Thunderbird Apple, Rockhoof, Earth Skylanders, Stone Luna, LupinRangers & PatRangers, Sandman and Clayface VS Shiv

---

Shiv was next.

Shiv: (to Lynn) Okay, it's very obvious that Youko's gonna get along great with Naruto.

Lynn: It sure is because Naruto is the Jinchuriki of Natsumi the 9-Tailed Fox.

Applejack: That is something. But it's absolutely horrible that all Jinchuriki are treated horribly like that.

Apple Bloom: Yeah what a bunch of fools. They don't know the difference between a kunai and a scroll as Naruto said.

Thunderbird Apple: Yeah what a bunch of morons. They let their hatred consume them so much that they don't know about Jinchuriki being the carriers and not the beasts themselves.

Rockhoof: (Scottish Accent) Aye. They don't have any brains.

Flashwing: You got that right. And it's all because of the village council's corruption that lead to them being treated like that. They only view Jinchuriki as weapons of power.

Stone Luna: Not cool dudes!

Kairi Yano: No it isn't. They have no right to call themselves human.

Keiichiro: Yeah. Jinchuriki are all human like everyone else but the councils and people are too dumb to see that.

Shiv: You ain't kidding on that. Lets do it!

---

Silver Samurai was next.

Silver Samurai: (to Jayden) Since you and Anastasiya both use fire, you'll get along with her just fine.

Jayden Shiba: We sure will and so will Leo Corbett and all the fire users.

Fluttershy: She also came from Chernobyl, that place has been abandoned and is still full of radioactivity.

Tree Hugger: Living in an abandoned town like that is not cool.

Tornado Bolt: Yeah that place has been abandoned for over 35 years. And it will be probably forever.

Mage Meadowbrook: Yeah that was horrible that happened back then in 1986.

Stealth Elf: No kidding. That was terrible.

Plant Lola: It sure was terrible.

Right Suzuki: Yeah and Fukushima was as bad as Chernobyl.

Haru: Yeah it sure was. And that was 10 years ago.

Silver Samurai: Indeed. Lets do it!

NOW TRANSFORMING! PLEASE STAND BEHIND THE WHITE LINE!

A massive rainbow fire explosion went off behind then and they were ready. Silver Samurai went at the group.

Right: FULL SPEED AHEAD!

They went at the Silver Samurai and smashed and blasted him all over with fire, leaves, wind and energy and smashed him down.

Jayden Shiba: Take that!

Fluttershy: That was fun.

---

Battle 6: Samus Aran, Starlight Glimmer, Cozy Glow, Starburst Aurora, Clover the Clever, Undead Skylanders, Ice Luan, Wild Force Rangers, Gru, and Megamind VS Iceage

---

Iceage was next.

Iceage: (to Samus) Did J.D. really meet a Volcarona Gene Slammer? Because no offense. But she would be too hot for me!

Samus: None taken. But yeah she sure is. Anastasiya comes from the Ukraine and she's also hot because she is from Chernobyl.

Starlight Glimmer: I've read about the Chernobyl Nuclear Power Plant Accident and that was awful that all that happened back then.

Cozy Glow: Yeah it sure was terrible. What happened back then was awful.

Starburst Aurora: Yeah because of bad safety regulations and faulty equipment.

Clover: That was awful. I can't believe all those people in Chernobyl and Prypiat were all forced to leave because of radiation contamination.

Hex: Yeah that was terrible.

Ice Luan: Yeah it sure was.

Cole Evans: That was awful that all that happened back then.

Alyssa: Yeah it sure was.

Iceage: You got that right. Lets do it!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready! The group all went at him and blasted him all over with stars, bones, magic, hyper beam blasts and plasma blasts and smashed him down.

Samus: Take that!

Starlight Glimmer: That was amazing!

---

Battle 7: Silverstream the Hippogriff, Pinkie Pie, Maud Pie,

## Featherweight, Little Cheese, Somnambula, Tech Skylanders, Steel Lynn, Dino Charge Rangers, Drillhorn, and Guyhawk VS Goro

---

Goro was next.

Goro: (to Silverstream) Why were Pinkie Pie, Applejack, and Rarity so mad at each other?

Silverstream: The entire boat trip they were on went south bad because of a legendary creature from Australian Myth called the Tri-Horned Bunyip capsizing their boat and they were less than 30 yards off the docks when that happened.

Pinkie Pie: Yeah we were fighting all over. We found out that the Bunyip likes cucumber sandwiches and a swell from the creature likes them.

Maud Pie: (Monotonously) But it turns out they ALL wanted to get out of their element and have some fun.

Featherweight: Yeah and they ended up getting mad over nothing.

Little Cheese: Yeah so we made it up to them by taking one of our boats and doing a treasure hunt for them and they made up.s

Somnambula: (Egyptian Accent) That's good they made up like that.

Sprocket: It sure is. I hate it went good friends argue.

Steel Lynn: Me too. We all may have differences but we got them back together.

Tyler Navarro: We sure did.

Zenowing: Yeah thank goodness we did.

Goro: Yeah. Lets get it on!

Black Lance was next.

Black Lance: (to Jimmy Devlin) I sure hope Applejack, Rarity, and Pinkie Pie aren't fighting anymore.

Jimmy Devlin: They aren't anymore thankfully. But what happened on that boat trip was awful.

Twilight Sparkle: Yeah it sure was. Thank goodness me, Nico and J.D. were able to help them before things got out of hand.

Luster Dawn: Rarity claimed that it was Applejack that sunk the boat because of sea madness, Pinkie Pie claimed it was Rarity that sunk the boat because of her posh attitude and dislike for cucumber sandwiches and Applejack claimed it was both Rarity and Pinkie Pie because of their rambunctiousness.

Thunder Sparkle: Which turned out to be wrong.

Star Swirl: Yeah it was none of their faults because of the Tri-Horned Bunyip sinking the boat.

Spyro: But J.D. and everyone got the boat all fixed for free and got their stuff back.

Lightning Lisa: That boat trip really went downhill with incredible oceanic density.

Troy Burrows: It sure did.

Black Lance: You ain't kidding on that. Lets do it!

Ghost was next.

Ghost: (to Ariel) The nightmares that have happened so far seem to include the Loud Kid having them living in a cardboard box. Maybe that's a clue.

Ariel: I don't think so. I think it might have something to do with the things they like the most leaving them or anything like that.

Eli: Yeah. Lori was afraid that Bobby and her children would hate her and Leni was afraid that Reiningers would go under and she and her friends and boss would be homeless and live in boxes.

Princess Celestia: That is an awful thing to dream about. I may not have any knowledge about what my sister does in the dream world but that is awful.

Spotlight: Yeah it sure is. Poor girls dreaming about that is not good.

Light Lily: Dweams hurt.

Casey Rhodes: Yeah they sure do.

Theo Martin: Poor girls went through hell like that.

Luster Dawn: She sure did. She had a nightmare about Reiningers going out of business and she, Fiona, Miguel and Mrs. Carmichael were sent to live on the streets in boxes.

Princess Luna: Me and Natilee will have to go into their dreams and help them out.

Kat: **"S.P.D. Kat Ranger!"**

Nova: **"Force from the future! S.P.D. Nova Ranger!"**

All: **Rangers ready! (Siren Wails) Space Patrol Delta, Defenders Of Earth!**

---

Screamer was next.

Noriko: This is gonna be fun. Especially with how I gained new wings in our last battle in Camp Kidney.

Screamer: It sure will be. Lets have some fun first. After Nico opens this safe on me. It's heavy.

Nico: You got it.

Nico teleported and opened it and in it were keyblades, amulets and guns.

Nico: Wow these look cool.

Screamer: Yep. The Keyblades are called the Fire Angel of Redemption, The Twilight Angel of Redemption, The Elemental Angel of Redemption and the Lightning Angel of Redemption. The Amulets are called the Amulets of Life and the guns are called the Eater of Sins.

The Fire Angel of Redemption - a Keyblade with an orange angel etched on the massive 6'0" double-edged crimson red blade, crimson red angel wings for the guard, blue gem for the hilt, since he's a Blue Lantern, long black handle, large crimson red sphere pommel, and attached to the pommel are three flames for the keychain, and the token is an angel and only Lea can wield this Keyblade, and once he grabs this, he'll gain a massive power and energy increase, and he'll also gain a new wardrobe: a crimson red sleeveless trenchcoat with flames, crimson red angel wings and crimson red phoenix tail feathers, a crimson red shirt with a fiery phoenix, black pants with flames on the legs, and black leather combat boots.

The Twilight Angel of Redemption - a Keyblade with a gold etched on the massive 6'0" double-edged blade; one side of the blade is white and the other side of the blade is black, a white angel wing and a black angel wing for the guard, a white pearl for the hilt, since he's a white lantern, long black handle, white and black large sphere pommel, and attached to the pommel are three crosses, and an angel with a white angel wing on the left and a black angel wing on the right and only Roxas can wield this Keyblade, and once he grabs this, he'll gain a massive power and energy increase, and he'll also gain a new wardrobe: a sleeveless trenchcoat, one side white and one side black, a black shirt with a white phoenix, and he will get white angel wings on his back with black tips on the white feathers, black pants with white flames on the legs, and black leather combat boots.

For Xion, I've got just the thing for her: a Keyblade with a rainbow angel etched on the massive 6'0" double edged purple blade, purple angel wings for the guard, a white pearl for the hilt, since she's a Lantern, long black handle, large purple sphere pommel, and attached are three stars, and a purple angel for the token. I call it The Elemental Angel of Redemption, and only Xion can wield this Keyblade, and once in her hand, she'll gain a massive power and energy increase, and she'll get a new wardrobe, a black sleeveless trenchcoat with stars decorating it, a black shirt with a violet phoenix, midnight black angel wings with white tips on the midnight black feathers, white skirt, black pants with stars, and black leather combat boots.

For Elena, I've got just the thing for her: a Keyblade with a blue angel etched on the massive 6'0" double-edged golden blade, golden angel wings for the guard, a violet gem for the hilt, since she's a Violet Lantern, long black handle, large gold sphere pommel, and attached to the pommel are three gold lightning bolts, and the token is a gold angel. I call it The Lightning Angel of Redemption, and only Elena can wield this Keyblade, and once in her hands, she'll gain a massive power and energy increase, and an awesome wardrobe: a blue sleeveless trenchcoat with gold lightning bolts decorating it, a white shirt with gold phoenix, blue skirt with lightning bolts, black pants with lightning bolts, and black leather combat boots and she will get gold angel wings surging with very powerful lightning.

For Fluttershy and The Life Skylanders, I call these trinkets The Amulets of Life, they're gold amulets with the symbol of The Life Skylanders in jewel form, and only Fluttershy and The Life Skylanders can wear these, and once put on, they'll gain a massive power and energy increase.

The Eater of Sins are large revolvers, whose physical appearance and design are based on The Blue Rose Revolver model from Devil May Cry 4, but they have gems in your favorite colors on the silver revolvers and dark blue handles with keychains attached to them, and the keychain tokens are items that symbolize all of you, and instead of bullets, these babies fire powerful energy and elemental blasts with a squeeze of the silver trigger. Plus, there's a special ability, which gives The Eater of Sins its name: in the presence of someone who has committed the worst sins, the gems on these revolvers will fire beams of energy, which once they hit the target, will absorb the energy from the sins they'd committed, and you can use a powerful attack called Infernal Judgement, which fires a powerful blast made from the energy of the sins the target's committed, and once it hits them, it'll explode, and either sends them to The River of Fire or to The Warp, and if you channel Super Hakai energy into it, it'll Super Hakai them, and only all current and future members of Team Loud Phoenix Storm can wield these babies, and once they're in your grasp, you guys will gain a massive power and energy increase, and the gems on your Eater of Sins revolvers will glow, along with the gems on your Bracelets of The Universe, and a powerful spell will be said by a powerful echoing voice from your Bracelets of The Universe and Eater of Sins, and the powerful spell is this: all of your treasure weapons and items that you have received in your past battles and treasure weapons and items you'll receive in future battles will be bound to you guys forever, you guys will like this, along with these babies.

Nico: Whoa! These are cool!

Nico gave us the Eater of Sins and the Keyblades and Elena, Roxas, Lea and Xion got new wardrobes and wings.

Nico: WHOA!

Lea: Cool!

Noriko: Lets dance first.

Screamer: Lets do it.

Noriko flew into the air and Screamer followed and Noriko fired a massive blast of lightning and electrocuted her all over and she punched and kicked Screamer all over the place and smashed and electrocuted her all over the place.

They went at him and slashed and blasted and pulverized Xemnas all over and smashed him all over too.

Xemnas: Impressive. It appears that even machines can have hearts. But I'm afraid this is where we part ways.

Xemnas left through a Dark Corridor.

Drift: Coward. Leaving instead of faing his end with honor.

Aligned Grimlock: Aww! And I wanted to punch him some more!

Aligned Sideswipe: Forget it, Grim. Let's just head back to our world.

They then saw Nico and Poliwag, who witnessed the whole thing.

Aligned Bumblebee: Hey there. Nico, right? Can you and your Poliwag keep this a secret until the time is right?

Nico: Sure. But is it okay if I visit you guys tomorrow morning?

# WAR OF THE HEART PART 3

TRON 2010

Over in Rome, Italy, me and Anastasiya were flying over the Eternal City and it was beautiful and amazing.

Me: Rome is full of incredible history.

Anastasiya: (Ukrainian Accent) It sure is amazing.

We flew over the buildings.

Anastasiya: I wonder who we'll rescue this time.

Anastasiya concentrated and groaned as her temperature rose.

Me: We'll find out soon.

She then turned into VOLCARONA!

We flew around and we saw that we were in Rome, Italy and we saw that it was under attack by the YMIR!

After a secret misson to Venus, the solar system's hottest planet, the U.S. Air Force crashed near a small fishing village in Italy. They studied Venusian life-forms called Ymirs, that had a network of spongey membranes inside their bodies to filter out Venus's toxic gas atmosphere of carbon dioxide, sulfuric acid and reptile-like form to allow them to survive in the intense heat with a dwindling water supply. Because of Venus's lack of oxygen and atmospheric pressure they were much smaller on the hostile planet than on Earth. When the astronauts crashed due to a cosmic illness, they brought an Ymir egg sack (which looked like a gooey blob) with them to see if the secret to living on the uninhabitable planet lay within the Ymirs. An opaque case carrying the egg sack was washed up on the village's beach, where a small boy found it and gave it to a scientist. Like a baby bird, the small Ymir hatched from its gooey nest, and grew drastically due to it's body tissue's exposure to terrestrial oxygen. Soon the naturally docile Ymir who had never encountered a human being before would turn violent due to its constant traumatic experiences.

It was discovered on Venus by the crew of the American rocket ship XY-21. An egg-like object, it was collected by the astronauts and placed onboard the ship. On their return ship, something catastrophic happened: it crashed! Plunging into the cold water off the coast of Sicily, the ship and its contents were thought to be lost forever. While Col. Robert Calder survived the ordeal, the alien object washed ashore and was discovered by a young boy.

Hoping it would be worth money, he took it Dr. Leonardo. In the possession of the scientist, the object began to hatch! A tiny, reptilian-like creature emerged from the egg. Leaving the alien reptile in a cage, Dr. Leonardo found the creature had grown tremendously by the time morning came around. Now almost as large as a man, the Ymir escaped its confines and began to hunt for sulfur, its primary food source.

While Col. Calder continued to track the rogue alien, the Ymir moved across the country and continued to grow. It was cornered by a farmer's dog where it then responded with violence. The commotion gained the attention of the following soldiers whom confronted the beast. After being stabbed with a pitchfork and shot at, the Ymir managed to escape, fleeing toward the sulfur pits of Mount Etna. The creature was then surrounded by the Italian army and trapped within high-voltage, electrical nets. The electrocution sent the alien into unconsciousness where it was then collected and transported to the Rome zoo.

Having grown to an impressive twenty-foot height, the Ymir was continuously studied until a freak accident cut off the flow of electricity. Enraged, the Ymir awoke! It burst from the building and quickly went on a rampage, attacking a nearby elephant. The two animals clashed, but the screaming mammal was no match for the vicious, angry alien. Continuing on with its rampage, the Ymir continued to increase in size and eventually reached the famous

Roman Coliseum. Scaling to the highest reaches of the historic landmark, the Ymir was then attacked with heavy fire. It slipped and fell, followed by chunks of rubble. Struggling, the creature was crushed by the falling debris, ending mankind's first contact with a life from another world.

---

Me: WHOA! That's the Ymir from 20 Million Miles to Earth from the year 1957.

Anastasiya Volcarona: That was a strange movie from all those years ago.

Me: It sure was.

We then saw a girl fighting the creature and she was a dragon!

Me: Whoa that girl is a Dragon.

Anastasiya Volcarona: She is pretty.

Me: Yeah she is.

The dragon girl fired a wave of fire and burned the Ymir all over the place.

Me and Anastasiya swooped in and I turned giant and then I scanned the creature with my Omnitrix and got new powers from the Ymir and then I punched the creature and me and Anastasiya fired waves of fire and melted the creature into nothing.

Me: Take that.

Horo: Thank you for helping me there.

Me: You're welcome.

Horo: Oh wow You're J.D. Knudson, leader of Team Loud Phoenix Storm.

Me: That's right.

Horo: I'm Horo and I'm a dragon.

Me: Pleasure to meet you.

Anastasiya Volcarona: I'm Anastasiya. Pleasure to meet you too.

Horo: Same here. Thanks for helping me out there.

Anastasiya: You're welcome. I'm gonna revert back.

Me: Okay.

I put on my blind man glasses and she reverted back.

Anastasiya was human again. But naked.

Anastasiya: (covers herself) Are you okay, Horo?

Horo: I'm okay but thank you all for helping me out there.

Me: You're welcome and I got a new alien to use.

I showed on my Omnitrix the silhouette of the Ymir.

Horo: Cool!

I gave Anastasiya some new clothes.

Anastasiya: Thanks J.D.

Me: You're welcome. Lets head back to the World Tree Estate so we can talk more.

Horo: Okay.

We went back home.

---

At the World Tree Estate, everyone was watching TV and playing card games.

We came in.

Me: Here we are.

Horo: Wow! Your home is amazing.

Me: It sure is.

Nico: Wow she's a Dragon.

Me: Yep.

Miia: Horo!

Horo: Miia!

They went and hugged.

Miia: It's awesome having you with us.

Horo: It will be great being part of the team.

Spike: I'm gonna like her.

Draco: Same here.

Later at breakfast, I was having pancakes and French Toast.

Nico: (to Lugnut and Poliwag) I'm gonna head to the Aligned Universe now. You two cover for me until I get back.

Lugnut: Yes, my liege!

Poliwag: You can count on us!

Nico left.

Me: Where did Nico say he was going?

Poliwag: He's going to the Aligned Universe.

Me: Ooh he's going to talk to more Transformers while there. All right.

I enjoyed my breakfast.

---

In the world of the R.I.D. Transformers, Nico arrived there and he saw the Bee Team.

Nico: There they are.

R.I.D. Bumblebee: Nico glad you came.

Nico: (grins at Bumblebee) I told you I'd visit you guys!

R.I.D. Bumblebee: You sure did and it's an awesome honor to have you here Nico.

Strongarm: We love all your adventures and they are so amazing to watch and see.

R.I.D. Grimlock: It sure is awesome to see them.

Russel Clay: Hey there. I'm Russel Clay.

Denny: And I'm his dad, Danny. It's nice to meet you, Nico.

Nico: Same to you and it's a pleasure to meet you both as well. Bumblebee here says you are a great friend and a great teammate.

Denny: We get that all the time but it's an honor that the famous Second In Command of Team Loud Phoenix Storm is here.

Nico: It's an honor to be here.

R.I.D. Optimus Prime: Glad you could come Nico. Bumblebee and his team told me so much about you and all your adventures with your friends.

Nico: I can tell Optimus. I'm also the new leader of the Decepticons in my world.

Strongarm: It's hard to believe that you lead the Decepticons in your world.

R.I.D. Bumblebee: Well, Decepticons changing their ways isn't impossible here, Strongarm. Remember when I told you how

Knockout changed his ways after Unicron's final defeat?

Strongarm: I sure do remember that. That was amazing.

Nico: It sure was.

R.I.D. Sideswipe: How did that happen to you Nico?

Nico: Me and my team destroyed Unicron and we brought the Decepticons and Autobots together and ended the War on Cybertron. It took the combined efforts of us and everyone all over the universe and Cybertron to destroy him. After that I was recognized as the official leader of the Decepticons.

R.I.D. Bumblebee: That's incredible. And you are leading the Decepticons on the road to redemption.

Nico: I sure am and they call me boss because I'm their new leader. And I do a much better job than Megatron does.

R.I.D. Sideswipe: That's awesome!

R.I.D. Optimus Prime: A most monumental feat for all of you.

Nico: It sure is.

Drift: You must have very good friends in Team Loud Phoenix Storm.

Nico: All of Team Loud Phoenix Storm are my friends. (Sighs) Although, sometimes they tend to ignore my orders and suggestions. They say that they're done being reckless after we got those Dark Orbs out of us. But I think maybe that's just an excuse.

Strongarm: (chuckles) I can relate. Sometimes, Sideswipe acts recklessly too.

R.I.D. Sideswipe: (offended) Hey! I resent that!

R.I.D. Optimus Prime: Nico just because they don't listen to your orders doesn't mean they will ever stop loving you and caring for you. You have an amazing wife and children and you are like a brother to everyone on the team. That is something that I will always cherish about me and my team when we first took down Megatron and Unicron here. They love you just as much as you love them. They did so much for you and helped you conquer your past and a true friend will always be for them.

Nico: You're right Optimus.

Nico got to talking with them some more and they gave Nico a baton that can turn in any weapon including a sword like the one that Optimus Prime has.

Nico: Whoa!

Nico concentrated and he had his baton turn into an awesome war hammer.

Nico: Oh that is amazing!

R.I.D. Strongarm: It sure is cool huh.

Nico: (to the Bee team) It was good getting to know you guys. But I should be going now. Don't worry. I'll visit again in 2 days.

Bumblebee: See ya then Nico.

Nico opened a portal and went through it.

---

Nico came back.

May: Hey, honey. Where've you been?

Nico: I was just going out for a walk.

May: Okay then.

I winked at Nico and it was my way of not telling anyone where he was.

Me, Poliwag and Lugnut agreed to not tell anyone where he went to.

Poliwag: Nico, you know they're gonna find out about the Bee team eventually, right?

Nico: I know that. But for now, I've keeping this a secret for however long it takes.

Lugnut: I do not know about keeping this a secret. But I trust your judgement, my liege.

Me: Don't worry Nico, we won't tell a soul where you were going. Besides you have your reasons.

Nico: Thanks guys.

Me: But it will be awesome to meet the Bee Team especially after how they helped with Xemnas.

Nico: It sure will be cool.

---

Later we were over in the beautiful jungles of Costa Rica.

Volcana: Here we are in Costa Rica.

Me: Yep and it's one of the most beautiful places on Earth. I've always loved coming here to the Costa Rica Rainforest for some fun.

Eli: It sure is beautiful here.

Ets: I like it. It sure is pretty.

Nunnally: You got that right.

Horo: This place is always beautiful.

Boa: And look at all the beautiful animals and trees.

Emma (ELGVTWD): This is amazing huh.

Me: It sure is.

We saw many animals and amazing trees and it was loaded with all kinds of life.

Me: This is my favorite tree here.

We saw that we were in front of a Cacao Tree.

Nico: The Cacao Tree.

Laney: So amazing.

Then we heard a twig snap and then we turned and saw 4 figures and they were a Tangrowth, Electivire, Magmortar and a Togekiss.

Me: Whoa a Tangrowth, Electivire, Magmortar and a Togekiss.

Nico: Cool!

Tangrowth: (Girls Voice) (Spanish Accent) You have to help us.

Snap Shot: (To the Magmortar, Electivire, Tangrowth, and Togekiss) (Australian Accent) Wait. Are you 4 Gene Slammers?

Magmortar: We sure are.

Tangrowth: We became like this after we got home from a great shopping excursion.

Electivire: We got hit with darts from Team Rocket Scientists and we turned into these Pokemon.

Togekiss: That's right and it was bad.

Me: Those Team Rocket Dirtbags.

Eli: Thank goodness we all killed them.

Sea: Yeah good riddance.

Horo: What a bunch of clods and dirtbags.

Eli: Yeah they have no honor.

Me: Yep. But I can give you girls the ability to change at will and you can have access to all the powers you were given as these Pokemon. By the way what are your names?

Tangrowth: Oh sorry. I'm Valentina Jimenez.

Magmortar: I'm Victoria Mora.

Electivire: I'm Luciana Vargas.

Togekiss: And I'm Isabella Castro.

Me: Pleasure to meet you girls.

I put on my blind man glasses.

Me: Boys you better cover your eyes. Girls this is gonna be really painful.

Togekiss: Okay.

Me: Here we go. (Snaps fingers)

The girls were groaning in pain.

Victoria: (regains her hair) It hurts so much!

Exhaust: Trust me. The pain will be worth it.

Me: It'll be over in a few seconds.

The girls were back to normal.

Valentina had green hair in dreadlocks, Victoria had red hair with yellow and orange for fire highlights in it, Luciana had blond hair with black highlights in it for lightning bolts and Isabella had red and blue hair with white highlights in it.

They were back to normal but they were naked.

Luciana: (covers herself) Can you boys not peek at me?!

Trailbreaker: (covers his eyes) What do you think we're doing?!

Valentina: Oh. Sorry.

Varie and the Fashion Team went in and gave the girls new clothes.

They gave them amazing clothes.

Varie: You can look now.

We did so and we saw their amazing clothes.

Emma (ELGVTWD): Wow! love those clothes.

Valentina: Wow! We look great.

Victoria: Yeah we do.

Isabella: It sure is amazing.

Luciana: Thank you guys.

Me: You're welcome.

We then went back home.

---

Later we were getting ready for an awesome adventure for part 3 of our journey.

Shockwave: J.D., you know it's your turn to lead us today, right?

Me: I sure do Shockwave.

Shockwave: Okay just checking.

Me: We're gonna go to the world of Tron from 2010.

Lola: Wow! It will be awesome to see Quorra and Sam again.

Nico: We haven't seen them in a long time.

Luna Loud then came down and she looked terrible and she looked like she was crying as there was mascara running down her face.

Me: Luna are you all right?

Sam S.L.: Lunes what's wrong?

Natilee: She had a really horrible nightmare.

Eli: Oh no.

Maria: Let's try to be positive here. Maybe Luna's nightmare wasn't too bad.

Natilee: Actually it was horrifying. You are not gonna like what it was about.

Natilee showed us the nightmare on her sketchpad and what we saw was horrible! Luna dreamt that Sam's so-called evil fake parents returned from the Warp with her evil uncle Sinclair and they made an incredibly deadly poison that killed all the LGBTQ People all over the world and it spread all over the planet like wildfire as they laughed malevolently and insanely as Luna was seeing everyone she knew die and she was powerless to do anything about it as she just watched in absolute shock and horror!

We gasped in shock and absolute horror!

Lola: That's horrifying!

Laney: No kidding!

Luna Loud: (CRYING HARD) IT WAS HORRIBLE DUDES!

Sam S.L. went over and comforted her.

Sam S.L.: Oh Lunes it will be all right.

Luna Loud: (CRYING HARD) I'M SCARED SAM!

Sam S.L.: I know Lunes I know. But that dream was not real.

Me: Yeah Luna those monsters would never come back and the Warp will make sure it never happens.

Laney: Yeah Luna.

Goro, Swordsman, Cavelier, Ghost, Silver Samurai, Shiv, Cheshire, Black Lance, Iceage, and Gramma Stuffum then appeared.

Goro: Can me, Swordsman, Cavelier, Ghost, Silver Samurai, Shiv, Cheshire, Black Lance, Iceage, and Gramma Stuffum go with you all after Luna pulls herself together?

Me: You all sure can. And it's my turn to lead today.

Shiv: What happened to Luna?

Natilee: Well this was what she had a nightmare about.

She showed them her sketchpad and they gasped in shock. It was bad. Even Gramma Stuffum fainted.

FWOMP!

Iceage: Man that is terrible.

Shiv: It was about Sam's evil uncle and so-called evil fake parents.

Natilee: Yeah it was awful. Princess Luna and myself helped Luna out and told her that it was all a dream.

Sam S.L.: Luna it will be all right. That dream was not real.

Luna Loud: (Crying Hard) It felt like it Sam! It felt like it!

Sam S.L: I know Lunes. But it wasn't. It will be all right.

Luna Loud: (Sniffles) Okay.

Sam S.L.: Feel better?

Luna Loud: I think so. But I also got this.

She held out her hand and then a keyblade appeared and it looked like a combination of Demyx's sitar and water and music notes. It was called The Melodious Divine Note.

Me: WHOA! You got your own keyblade.

Nico: AWESOME!

Me: Lets get a move on.

We went to the Simulator for part 3 of our adventure.

---

In the Simulator we got ready and we went in and it activated and we found ourselves in the world of Tron from 2010.

Me: Here we are guys. The Grid.

Swift Foot: It always hurts to see the Grid like this.

Kairi Yano: This must've been what Tomars was talking about.

Me: I have a feeling you're right. But when we faced CLU before, he had a massive army of villains we all faced before that he put together called the Revenge Squad.

Nico: I remember that. That was crazy!

Eli: No kidding.

Me: And that was over a year before the Masters of Evil came.

Shiv: That was crazy.

Nico: Yeah it sure was.

We walked around and the place was REALLY awful.

Ghost: My God. What has CLU done to the Grid?

Two Guards approached us.

Guard 1: The real question is what are all of you doing IN the Grid?

Guard 2: You users are in a heap of trouble bringing Keyblade Masters here past curfew!

Keiichiro: Well, CLU can take his curfew and his reign of terror and stick it up his digital a**!

Me: And you two can die with him.

I fired an energy blade and it hit the 2 guards and killed them and shattered them into glass.

Nico: And burn in Digital Hell.

Laney: We better find Sam and Quorra and quick.

We walked around some more and Emerald then saw something.

Emerald Sustrai: Hey, guys. I found them.

We saw that Sam and Quorra were heading to a Solar Sail Depot and with them was Sam's father Kevin Flynn.

Me: There they are.

We went over to them.

Me: Hey guys!

They saw us.

Sam Flynn: Wow J.D. Knudson, everyone!

Quorra: It's great to see you all again.

Kevin Flynn: And it's an honor to meet the famous Team Loud Phoenix Storm.

Me: Same here and you must be Kevin Flynn. It's an honor to meet you.

Kevin Flynn: Same here.

They saw Shiv.

Shiv: (to Sam Flynn) I know you're surprised to me after you and the others fought a digital version of me along with the rest of the Revenge Squad. But trust me. I'm not with CLU!

Twilight Sparkle: What is the Revenge Squad?

Me: That was one of the most incredible battles we've ever had. After Mystery Inc. got teleported into a computer game that my friend Eric made, we had him and Professor Kaufman come over and used the simulator to go into the game and help them out as we went through it.

I went over everything that happened during the events of chapter 517 and it was intense.

When I was finished everyone was shocked.

Sunset Shimmer: Wow! That is amazing!

Applejack: Hoowee! That must've been one amazing adventure.

Me: It sure was and that was also a really fantastic journey.

Sam Flynn: That must've been something. But why is Shiv with you all?

Me: Long story on that. Shiv and many of the villains of the Revenge Squad are now part of either our Frenemies in the Masters Of Evil and in the Redemption Squad.

Nico: The Battle with Thanos caused the Legion Of Doom to Disband and we have had the Masters of Evil now as our enemies for a while. But then they turned into Anti-Villains.

Quorra: Wow! That's incredible.

Sam Flynn: No kidding.

Quorra: When you all first met me, you asked me if I was in contact with CLU. Of course, I didn't know the kind of person CLU was at the time. But now, I know.

Fisticuffs: Just be glad CLU hasn't reprogrammed you like he did with Tron.

Twilight Sparkle: Yeah no kidding. But who is CLU?

Me: He's a computer virus. He's Sark upgraded in a sense. I call him Sark 2.0 in a way.

I went over his history and it was terrible.

---

CLU 2, named after the original program destroyed by Sark, was originally created by Kevin Flynn from his own being to monitor the growth of the Grid while he was absent with the all powering directive to make the world "perfect."

Unfortunately, Flynn spent a great amount of time away from the Grid. CLU became angry and resentful due to the fact that he needed Flynn's approval for many of his directives and he felt that this task was overwhelmingly difficult. The final straw was the discovery of a new set of programs called the ISOs, programs born from nothing that just materialized.

While Flynn and Tron viewed these programs as miracles, CLU viewed them only as abominations that threatened the supposed perfection of the system. Using the Abraxas Virus to mask his attempts, CLU betrayed his two friends, seized power, and supposedly killed Tron (but in reality repurposed him into his right hand enforcer Rinzler). CLU then initiated an almost total genocide of the ISOs (thanks to the efforts of the program Anon, the final ISO named Quorra was able to escape CLU's wrath and fled into exile under Flynn's care).

21 years passed and the situation grew unstable, as Flynn's resistance only made CLU very stronger, and that the only way to destroy him was for Flynn to reintegrate with him; at the same time CLU made plans to make the Human world "perfect" as well in his own image. To do this, he would need Kevin Flynn's identity disk, as well as for a human to enter from the other side. When some hackers inadvertently released a digital pulse, CLU used the opportunity to send a message to Flynn's old partner Alan Bradley. Though Bradley didn't come through, Flynn's son Sam did, which created an even greater opportunity.

After meeting Sam and forcing him to fight in the Game Grid (a series of gladiatorial battles), Sam was rescued by Quorra, who evaded capture. Sam's efforts to find help inadvertently led CLU to Flynn's hideout, but Flynn and Quorra had already departed to help Sam. During the raid he was overwhelmed with memories and lashed out in rage at the objects on Flynn's desk. He then stole the disk from another ISO, Zuse (who had stolen it from Flynn), before betraying Zuse and blowing up his bar. CLU and his army then prepared to use the disk to cross over. However, the Flynns and Quorra were already en route to the portal and they were able to arrive at the army's staging point. Sam was able to overpower Rinzler, rescue Quorra, and easily reclaim the disk due to the cowardice of CLU's assistant Jarvis.

After executing Jarvis, CLU pursued his foes to the portal, fending off a redeemed Rinzler in the process. At the Portal, CLU confronted his creator for the first time in more than two decades, arguing about how much he had "done everything that you asked" for an impossible task. Flynn accepted the arguments and apologized for giving CLU an impossible task, explaining that he had been wrong to try and pursue perfection, stating that he didn't know that before when he created CLU.

Rather than forgiving Flynn, CLU lost his temper completely and attacked Flynn. Outraged, Sam angrily assaulted CLU for hurting his father, but CLU took advantage of Sam's wrath against him until Flynn told him to stop. CLU then made a desperate effort to attack Sam and Quorra as they fled to the portal after being tricked into taking Quorra's disk from Flynn when Flynn's actual disk was on Quorra. In an effort to save his son and the ISO, Flynn sacrificed himself by reintegrating CLU into himself, causing a massive explosion that not only killed both the elder Flynn and the raging CLU but also destroyed CLU's ship, sending thousands of programs loyal to CLU to their deaths as well.

---

When I was done, everyone was shocked!

Rarity: My word!

Fluttershy: Goodness that's awful.

Me: Yeah it sure is. But thankfully we can destroy him forever.

Sam Flynn: He also looks like a younger version of my dad.

Me: I know. That's amazing.

Sam Flynn: It sure is.

Quorra: I know a guy who might be able to help us. His name's Castor. But most people know him as Zuse.

Swordsman: Don't bother, Quorra. Castor's working for CLU. He's not really trustworthy person #1.

Me: That's right.

Twilight Sparkle: What does CLU stand for?

Me: It's an Acronym. It stands for **C** odified **L** ikeness **U** tility.

Sunset Shimmer: Oh I get it!

Me: Looks like we have to destroyed Castor too. But he may do that for us when the time comes.

Lola: Yeah.

Sam Flynn: You know Tron's not gonna make it easy for us to bring him back to normal.

Inque: Oh, we know. He'll probably get a few good hits on us and knock some of us out before we bring him back to his senses.

Me: But me and Eli can reprogram him back to normal. We've been to this world before in a sense.

Nico: Yeah.

But then I sensed something and I grabbed a figure from out of nowhere and it was TRON OR RINZLER!

---

Rinzler, formerly known as Tron, is the CLU's primary enforcer and the secondary antagonist in Tron: Legacy. He is an exceptionally manipulative, traitorous and skilled warrior and is the elite combatant in all games in the Grid. In addition, he is the only known program to use two identity discs in battle.

Originally known as Tron, his identity came into being when Tron was supposedly "killed" by CLU 2.

He was portrayed by Anis Chuerfa and voiced by Bruce Boxleitner.

Rinzler makes his first appearance as the final opponent of the Disc Wars, where he identified Sam as a user after seeing him bleed, and brought him before CLU. He was later summoned when Quorra interrupted the Light Cycle duel, but was unable to prevent her from rescuing Sam. Despite the setback, he continued to assist CLU 2, acting as a personal enforcer.

On CLU's Carrier Ship, Kevin, Sam, and Quorra noticed Rinzler patrolling the area, and Kevin immediately recognized him as Tron, the former System Monitor program of the Tron system. Quorra allowed herself to be captured by Rinzler in order to lead him away from Kevin and Sam. Rinzler took her to CLU for interrogation, before being charged with escorting her back to CLU's Command Ship.

Once there, Rinzler interrupted Sam who had been in the process of liberating his father's identity disc. He pushed Quorra away to engage Sam in a disc fight, but this battle was cut short when he evaded two thrown discs only to be kicked off a nearby ledge by Quorra, lying forgotten at his feet. Rinzler was left dangling only briefly and promptly vaulted back into the ship as Sam and Quorra made their escape.

CLU then arrived with four Black Guards in tow, and together with Rinzler set out in pursuit of the fugitives, following their captured Light Jet with the smaller Light Jets of their own. In the ensuing fight, Rinzler and Kevin Flynn made eye contact. From that point on, Rinzler began to experience flashbacks of when he had once saved Kevin, and was able to overcome Clu's reprogramming, eventually overriding it altogether.

Once freed of CLU's control, he deliberately crashed his Light Jet into CLU's, derezzing both craft and allowing the three heroes a chance to escape. CLU and Rinzler scuffled briefly as they fell, but CLU grappled Rinzler's spare baton away, created a new Light Jet for himself, and left Rinzler to plummet into the Sea of Simulation below. Rinzler's circuitry flickered and died after he plunged into the sea. Then it relit in Tron's earlier white glow as he sank out of view.

---

Me: It's Rinzler!

I threw him into the wall.

She whips out her identity disk, but Sora grabs her arm.

Sora: Wait, Quorra! Let me talk to Rinzler. A little heart-to-heart might job his memory.

Quorra: He's a program, Sora. Programs don't have hearts.

Sora: That's not true. The Tron I remember, he had something.

(He turns to Rinzler)

Sora: Hey, you used to be called "Tron," right? CLU did something to you to mess with your memory. You're a little confused, but that's okay. C'mon, remember, Tron!

Me: Yeah Tron! Think about what you are doing! Remember everything we went through and all that!

Rinzler held out his sword.

Me: Lets do it! Tron, we know you're in there! Look into my eyes and remember everything.

My eyes flashed and showed him memories of everything we went through in Space Paranoids.

Lana: Eli can't you use the Force to hold him in place while Lisa reprograms him back to normal?

Eli: I can try.

Lisa: Almost finished here.

Lisa rebooted him and more and placed his disk back in and he had his suit lights turn white. He was back to normal!

Me: Tron?

Tron: (Groans) What happened?

Cheshire: That's it? That's all it took to take Rinzler out? I expected more of a fight.

Me: The real battle is with CLU.

Cheshire: Oh right.

Tron: Thank you all for saving me guys.

Me: You're welcome Tron.

Sora: Glad to have you back.

Eli: Yeah. CLU reprogrammed you and corrupted you.

Quorra: We're not gonna let him get away with everything he did.

Sam Flynn: That's right. He will pay big time.

Brawlrus: Even without Rinzler, CLU's still got an army.

Me: His army is powerful. But so are we. We're not the same as we were when we fought the first time.

Nico: Yeah we've gotten more powerful ever since.

Eli: We sure have.

Sea: Yep our powers just keep growing.

Quorra: Then we have to stop him. I know where CLU is going. He is heading for that portal over there.

She pointed to a pillar of light out in the distance.

Me: Then we have to get there first and challenge him there.

Tron: I will gladly help you all out. For the safety of all the users everywhere.

Me: Thanks Tron.

Iceage: Please tell me we get to use those Lightcycles!

Me: We sure can and I have a plan. We're going to minimize much of CLU's forces and take them down in the Light Cycle track.

Nico: That's genius!

Tron: A most well thought out plan.

Eli: This is gonna be awesome.

Quorra: Yes it will be.

Me: I'm ready guys.

We went to the Light Cycle Track.

Plug Man: I'm just glad Sark and the MCP aren't here. Otherwise, we'd really be screwed.

May: But do you think CLU might be related to them?

Me: He actually IS related to them. His codename is CLU 2.0. He is Sark upgraded.

May: WHOA!

Nico: That is crazy.

Jarvis then came out.

Jarvis: (to Tron) Too bad you ditched us, Rinzler. But you can still willingly come back to us. And maybe we can rebuild the Revenge Squad with Shiv and those other 9 guys.

Cavalier: Apologies, dear fellow. But the Revenge Squad's days have come and gone.

I slashed Jarvis and killed him and shattered him in an instant.

Me: I can't believe that guy has the exact same name as the JARVIS program you know Tony.

Iron Man: That is very coincidental.

Gluko: Guys, now would be a good time for those Light Cycles!

Muscle Man: You know who else likes Light Cycles? My mom!

Me: Love the jokes Muscle Man but now is not the time. Lets burn rubber! Or in this case, Light!

We ran and our bars had Light Cycles form and we got on and they were awesome!

Me: COOL!

We drove and light trails formed behind us and we were going fast and we saw many of CLU's men coming.

Me: Try this on!

I fired blasts of energy and blew the men apart.

Eli fired waves of Force Lightning and destroyed the men in an instant.

Eli: Take that you virus dirtbags!

Me: Time to take this to the air!

We then spread our wings and we were off to the Portal.

CLU saw us all fly to the portal.

Black Lance: Try to catch us now, you mindless programs!

We flew into the air and we were off to the portal.

Guard: Halt! By order of CLU-

Riku: (points Keyblade at Guard) Here's what I think of CLU, dirtbag!

Riku blasted him into glass.

I fired energy blasts at the guards and destroyed them.

We landed at the docks of the portal.

Hono: That was so fun!

Me: Yeah it sure was.

We went down a path to the portal and then a COMMANTIS DREAM EATER CAME!

Gramma Stuffum: A Commantis Dream Eater! Maybe it will like some of my food!

Gramma Stuffum sent her food soldiers at it and they force fed it and caused it to explode!

KRABBOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Me: Take that!

?: You did well.

A figure came out of a Dark Corridor and it was TERRA-XEHANORT!

---

**Terra-Xehanort** is a major antagonist in the *Kingdom Hearts* video game series. He is the vessel of Terra possessed by Master Xehanort, and the complete being of "Ansem" and Xemnas.

He is voiced by Richard Epcar in the English dubs of the games and by Akio Otsuka in the original Japanese versions.

As part of his plan to see the second Keyblade War's aftermath due to his late age, Master Xehanort sought a means to cheat death by transferring his body into a young vessel, a prelude to his scheme to divide his being among thirteen beings to create his Thirteen Seekers of Darkness. Terra proved to be an ideal host, with Xehanort manipulating the events to have the young man open his heart to darkness for the transfer to be complete.

However, despite taking Terra's body as his own, Xehanort suffered resistance, both external and internal, and a botched attempt to force Terra's heart out caused the confused vessel to lose his memory while in Radiant Garden. He was found by Ansem the Wise soon after, Terra-Xehanort only remembering the name "Xehanort", which he has been called ever since as he became Ansem's foremost apprentice.

## Ansem's Apprentice

Although he was confused about his past, with his previous incarnation's accomplice Braig as his sole confidant, Xehanort learned greatly and became quite cunning. Xehanort was described by Ansem as having abilities so remarkable that they could be considered supernatural. Eventually, Ansem began to worry about the darkness that lingers within the hearts of others and sought a way to stop it before it consumed his people.

Ansem constructed a laboratory under his castle where he, Xehanort, Braig, and Ansem's other assistants (Dilan, Even, Aeleus, and Ienzo) would conduct experiments on darkness. Xehanort, who Ansem now fully trusted as an apprentice and friend, offered to use himself in the experiments. Ansem also hoped to unlock Xehanort's memories in addition to uncovering a way to repress the darkness within hearts. Xehanort had other plans in mind though and decided to conduct his own experiments to go deeper into the research.

## The Heartless

Xehanort and the other five apprentices began to carry out their own experiments. They abducted countless people and locked them in the depths of the laboratory where Xehanort then conducted horrible experiments on the subjects. After using many test subjects, one set of experiments led to the collapse of their hearts. The subjects then went into unrecoverable conditions and were locked up in the dungeon of the castle. Eventually, Xehanort checked on the subjects and saw that they transformed into creatures of darkness, which he named "the Heartless" as they lacked hearts. At this point, Xehanort had taken Ansem the Wise's name as his own and wrote his own report under this stolen name.

Xehanort then presented the Heartless with living and non-living samples; the Heartless only responded to the living. Xehanort witnessed the Heartless consume the living creatures and then multiply into more Heartless. Xehanort deduced that the Heartless seek the hearts of other things, which explains why they only react to living samples, in order to create more of their kind. Xehanort and his associates soon began to slowly accept the darkness, allowing them to have limited control over the Heartless.

They, in turn, began to look less and less humane, a factor that Ansem himself realized. When Ansem learned that his apprentices continued with the research, he called them together and ordered for them to cease their efforts immediately, all the while questioning what was happening to his loyal apprentices. Xehanort, however, saw his master as a fool who had no understanding of research and kept the research operating.

After observing the behavior of the Heartless and their responses to living things, Xehanort took one of the Heartless aside and observed its behavior. The Heartless began to move throughout the castle until a door appeared which Xehanort was somehow able to open. Behind the door was a humongous mass of energy to which the Heartless reacted immensely. The opening of this door led to the collapse of the world's boundaries, which was seen in the form of a meteor shower. Xehanort eventually deduced that the door actually led to the heart of that world and that the opening of this door led to the collapse of the walls between worlds.

This allowed inter-dimensional travel as all the walls between worlds were now broken and eventually a visitor named King Mickey showed up. He had constructed a Gummi Ship, a spacecraft capable of breaking through world boundaries, out of materials from the meteors and used it to visit many different places in search of answers to recent events. Xehanort and Mickey met and had huge discussions in which Xehanort learned of the Keyblade, a mysterious weapon that Mickey himself possessed.

There were also legends that told of seven princesses with pure hearts and how they have a connection to this Keyblade. The Keyblade can also be wielded by many, as long as their hearts qualify, and it seems there is a legend of one Keyblade bearer who went on a journey of destiny to seal off the doors to other worlds. Since this was not in Xehanort's interest, he sought a way to find this weapon. Mickey eventually met and befriended Ansem the Wise and the two of them exchanged theories and ideas in his office about what the Heartless were after.

Ansem decided to resist the urge to test their theories while expressing deep remorse for his actions. However, Ansem had no idea that Xehanort had gone further than he himself even dared. Xehanort entered the office during their discussion, asking Ansem's permission to test an experiment. Ansem forbade Xehanort to conduct it and told him to forget everything he learned from the research.

Even though Ansem had no further urge to research the darkness, the experiments led by Xehanort continued including the creation of a machine that created artificial Heartless, all of which were marked with an emblem created by Xehanort in order to differentiate them from the pure-bred Heartless. King Mickey suspected something odd about Xehanort and told Ansem to check his lab, collect all his data, and see if everything was under control. Ansem did so and learned that Xehanort had taken his name as his own and wrote a detailed report. From the report, Ansem learned of the horrible torture inflicted on people by the inhumane experiments that Xehanort had done. Ansem ordered his apprentices to seal off the laboratory and cease their scheme for knowledge.

## The Path to Destruction and Knowledge

Ansem's apprentices did as he instructed them but Xehanort eventually banished Ansem to the Realm of Nothingness and ravaged the world with Heartless. The Heartless under the command of Xehanort began spreading to other worlds and destroyed numerous ones in their mad search for hearts. One side effect of the destruction of so many worlds was the creation of

Traverse Town, made up of the remains of the ruined worlds and populated by the few survivors of those said worlds. Xehanort then ordered for the seal on the laboratory to be broken and that a room that he called the "Chamber of Repose" be constructed.

Once done, Xehanort often went in and spoke as if there was someone else in the room. It is later revealed that the room housed the armor of a fallen Keyblade wielder although it is not known what the purpose of this was. Xehanort then abducted and sent Kairi, a resident of Radiant Garden, to the oceans of other worlds. The reason for this was because Xehanort thought Kairi had a connection to the Keyblade bearer, as she seemed to possess power comparable to that of a Princess of Heart, which is rumored to possess a connection to the Keyblade. He hoped to use her to find the Keyblade master and prevent him from sealing off the doors to other worlds. Before sending her off, he warned her that if she ended up on "the other side" of reality, they both have failed in their experiment.

Xehanort made the final pages of his report, which outlined his intentions as well as those of the Heartless. The Heartless seek to consume the hearts of all living things. However, they not only seek human hearts but the hearts of the worlds themselves. Their ultimate goal is to collect enough hearts to form the biggest heart of all, the heart in which all that exists are evolved from: Kingdom Hearts. Xehanort decided to use the Heartless' instincts to make his own plans. He would find Kingdom Hearts in order to gain ultimate power, control, and knowledge. Xehanort also learned that the creation of a Heartless can also lead to the creation of another creature called a Nobody, beings that are left over bodies of those whose hearts have been stolen away. They transform into an inhuman state and do not truly exist as they lack a heart to make them truly live.

Xehanort eventually opened himself to the darkness to regain the ability to wield the powers of darkness and his previous incarnation's Keyblade, using it on Braig and the apprentices. He then followed their example and divided his being into a Heartless and a Nobody. Due to the willing separation, both halves remained human as they went their separate ways to enact one of their previous incarnation's plans.

## A Heartless and Nobody

Xehanort's Nobody took the concept of his original name being an anagram with an X in it and applied it to the name he stole, Ansem. Thus he was called Xemnas, who created The Organization later called Organization XIII, with the other apprentices at its core. Like Xemnas, all the other members rearranged their names and put an X in them in order create a new identity for themselves. They sought to become complete beings again and be whole. Meanwhile, Xehanort's Heartless, still calling himself "Ansem", remained a spirit seeking to plunge all that is in darkness. Both portions of Xehanort sought Kingdom Hearts in order to wield the power it possesses and unleash it into the universe.

Ansem's plans were to control other beings and use them to collect the Princesses of Heart and use them to open up the portal to Kingdom Hearts. To this end, he commanded the Heartless to manipulate the darkness within the Disney villains to serve their needs. Maleficent, being manipulated by the Heartless, led this group of villains to control the darkness by using the Heartless and collecting the princesses to open the path to Kingdom Hearts through an artificial Keyhole. This group used Hollow Bastion as a base of operations and used Ansem's reports to help them control the Heartless and the darkness. None of them knew, however, that they were being used by a far greater evil that was residing in the shadows, waiting for the opportune moment to claim Kingdom Hearts for himself.

At the same time, Ansem would use the Heartless to destroy entire worlds and collect the worlds' hearts to form the dimension of Kingdom Hearts itself. He also searched for a host to take control of so that he may regain a physical presence. His choice for a host would later turn out to be Riku.

Exploiting Riku's jealous friendship with Sora, Ansem nearly shattered their friendship and took possession of Riku's body, sending his heart to the dark realm. Unfortunately for him, the goal he sought for throughout his whole life, Kingdom Hearts, ended up destroying him with its light, giving Riku back his body. Kingdom

Hearts was soon sealed away by Sora and King Mickey, which destroyed billions of Heartless and the End of the World as well as restoring all the worlds taken by Xehanort and the Heartless. (Ansem would still live on in Riku).

Meanwhile, Xemnas, the Nobody of Xehanort, sought to find Kingdom Hearts by collecting human hearts. His goal was to use Kingdom Hearts to make himself a kingdom, where he would be the ruler forever. Leading Organization XIII (Xigbar, Xaldin, Vexen, Lexaeus, Zexion, Saïx, Axel, Demyx, Luxord, Marluxia, Larxene, Roxas, and Xion), Xemnas controlled all Nobodies and constructed a fortress that would serve as a base of operations: The Castle that Never Was. Organization XIII recruited other powerful Nobodies in their plans to find Kingdom Hearts and use its power to become complete beings again. Xemnas eventually found a fortress known as Castle Oblivion and converted it into a base of experiments where the nature of memory would be experimented on. He was also searching frantically for a room called the "Chamber of Waking" and believed it to be somewhere within this fortress.

In the meantime, Organization XIII brought chaos and destruction to many worlds in order to create more Heartless and Nobodies to control. Research was also put into the Keyblade and the Organization eventually learned that it held the literal key to forming and obtaining Kingdom Hearts. And Xemnas, unlike his Heartless counterpart, achieved his goal. But after all of the other Organization members were slain by Sora, Kingdom Hearts was scattered by Ansem the Wise himself in an explosion that seemingly killed the former ruler of Radiant Garden (but actually just sent him to the Realm of Darkness).

Xemnas, with no other option, absorbed the remnants of Kingdom Hearts and became ultimately powerful. However, in a climactic battle with Sora and Riku, Xemnas was destroyed by the light of the Keyblade and faded, taking Kingdom Hearts with him. This also ended the reign of Organization XIII and the Nobodies and, as Sora stated after the battle, seemingly restored the Realm of Light to peace and safety.

*Kingdom Hearts 3D: Dream Drop Distance*

Following Ansem and Xemnas's destruction, Terra's body was recompleted, but his heart remained trapped in the Dark Figure. Young Xehanort retrieved a past version of Terra-Xehanort and put his heart inside Terra's empty body, inducting him into the Real Organization XIII.

Terra-Xehanort joined his fellow Organization members as Master Xehanort returned and gloated about making Terra one of his vessels. However, the Organization's time ran out, and all the members, including Terra-Xehanort, returned to their times.

*Kingdom Hearts III*

Terra-Xehanort was first seen in the Keyblade Graveyard. After pretending to be Terra for a few seconds to catch Ventus off-guard, he insisted that it was the day that the Guardians of Light would lose and the *x* -blade would still be forged. Terra-Xehanort proceeded to incapacitate the Guardians, forcing Donald to cast Zettaflare to defeat him, only to succumb from its life-threatening toll with his heart intact (as implied by Riku).

After Sora escaped from The Final World and recovered the Guardians' lost hearts from the Lich, time rewound to the same first moment with Terra-Xehanort. However, Naminé intervened by summoning the Lingering Will to fight Terra-Xehanort. During their duel, Terra-Xehanort managed to restrain the Lingering Will, but a future version of Sora stepped in. The Lingering Will sacrificed itself to save Sora, forcing Terra-Xehanort to duel Sora. Sensing that Sora has abused the power of waking, Terra-Xehanort dragged future Sora into darkness.

Later, Terra-Xehanort and Vanitas teamed up to battle Sora, Ventus, and Aqua. Upon his defeat, Terra-Xehanort bound the three guardians of light in dark chains. With him about to drop Ven and Aqua from a great height, Ven remembered keeping the promise to Terra he once made in Radiant Garden. The Dark Figure, controlled by Terra's mind, saved them in time, broke the chain with one hand, and ungagged his mouth while covering Terra-Xehanort's face. As a result, Terra-Xehanort and the Dark Figure ceased to exist and Terra was himself again.

*Kingdom Hearts: Melody of Memory*

Although Terra-Xehanort himself does not appear in *Melody of Memory* due to Terra having been released from Xehanort's control, an apparition of him created from Kairi's memories of him appears in Kairi's memory of The Final World when her memory of the elderly Xehanort turns into him right before he fades away after Sora defeats him, and he gives Kairi a cryptic hint on where Sora disappeared to after misusing the power of waking, leaving her puzzled. He is also seen in Kairi's flashback to her childhood in Radiant Garden when he sent her to the ocean between worlds to search for the Keyblade wielder, and it is shown he explained to her that if she were to end up in a world that's neither light or dark, she should give up her search, as it would mean that they have failed.

Me: Terra-Xehanort!

Terra (KH): So that's me under the influence of Xehanort!

Me: Yep.

Terranort: I see you all have Tron back.

Android 17: I know! He's back on our side. All because we were able to reach his heart!

Terranort: Oh, I know how the heart works. Rub a few memories together, and you get a spark of emotion, a feeling. But in a digital world, memory does not work like that. Nothing is ever felt. You can hold a thousand, a million times the information, but there is still no heart with which to parse it. Once, Ansem found an old system and made a copy of its Master Control Program… and used it to serve his own ends. This is the original data of that system. Here, data can be copied. (makes a duplicate of Sora) Memory can be changed and easily manipulated.

Tron: I'll stop you right there! I'm more then just a Program. I'm also a human being. Like J.D. and the others. And they won't stop trying to save you, Terra!

Terranort: You are a digital entity, so why would you be any different? You obeys the rules of this world. But what about me? The so called Terra? My heart, memories, my data, and my dreams. The bits and bytes that have made up my life so far-can you say for sure they are not just copies of someone else's? I mean, the original Terra is right over there with you all.

Maria: I know me, J.D., Bai Tza, and Luna are going to fight him now. But Terranort might actually have a point,

Me: Xehanort NEVER has a point. All he is trying to do is destroy the entire universe and we will never let him do that.

I then went up to him.

Me: Xehanort is gonna wish he was never born when we're through with him.

I then transformed into my Super Angel-Ebonwu-Phoenix-Harmony 500,000,000,000,000,000 form!

Me: (Divine Echoing Elemental Voice) **I have a message for Xehanort.**

Terranort: What is it you wish to tell him?

Me: **Tell him that I'm coming for him and when the time comes, he will pay for his crimes. He scattered his evil essence in the form of countless Dark Orbs all over the universe and when we face him he will die with all those Dark Orbs scattered all over.**

Terranort: We'll see about…

POW!

I punched him in the face with devastating force and sent him crashing into a wall and then he got up and I unsheathed my sword.

Me: **You will never see the light of Heaven. Not while I'm around.**

Terranort then came at me and I kicked him in the face and we clashed violently and sparks were flying all over the place and I punched him in the face and kicked him in the stomach and slashed him in his chest and he had blood coming down his chest.

Maria and Bai Tza slashed and blasted him all over with water.

Terranort: Not bad. But now, for round 2.

Just then, we heard a familiar morphing sequence.

?: WILD INSTINCT AWAKEN!

AHAHHAHAH!

?: MONARCH OF THE OPEN SKIES! ZYUOHEAGLE!

?: MONARCH OF THE WILD SEAS! ZYUOHSHARK!

?: MONARCH OF THE SAVANNA! ZYUOHLION!

?: MONARCH OF THE DEEP FOREST! ZYUOHELEPHANT!

?: MONARCH OF THE SNOW FIELDS! ZYUOHTIGER!

?: MONARCH OF THE WORLD! ZYUOH THE WORLD!

AHAHHHAHAH! WOOHOOHOHO!

THE ZYUOHGER RANGERS ALL CAME!

Me: **WHOA! The ZyuohRangers!**

Yamato Kazakiri: It's an honor to meet you J.D.

Leo (Zyuohger): We love all your adventures and you helped us all in the past. Thank you so much.

Tusk: We owe you for helping us take down one of the Deathgaliens.

Me: **It was nothing.**

Yamato: We'll call it even with us helping you here.

Me: **Thanks Yamato.**

Yamato: We'll hold him off. Go take care of CLU!

Terranort: (amused) You all really think you're any match for me?

Yamato: We know we are! Don't underestimate this planet!

Me: **You mess with the planet, and you mess with them! Thanks Yamato, we'll see you all on August 29th.**

Yamato: Will do.

We shook hands and we ran to the portal.

---

We got to the Portal and then a massive explosion appeared at the entrance to it and then a massive shower of swords rained down and then fists came out of the ground and then we busted out and we saw CLU!

Me: **CLU, I would say it was nice to see you again but I would be lying.**

CLU: Been a while J.D. You have changed a lot over the cycles.

Me: **I've gotten stronger and more powerful than you could ever imagine over the years. You haven't changed one bit.**

CLU: We'll see about that my friend.

He saw Tron.

CLU: (to Tron) First, the Revenge Squad. And now, you? Good help really is hard to find these days.

Silver Samurai: That's what you get for treating your allies as pawns.

CLU: Well, I'll have a lot more pawns once I manage to reprogram all of you into my loyal bodyguards. You all won't even be dead.

Me: **Don't count on it you virus! Also I think it's time for a little**

**Revenge Squad reunion.**

All the Masters of Evil came out and CLU was SHOCKED to see ALL of his former Revenge Squad members now fighting on the side of good.

Me: **Nice little reunion wouldn't you say? Also what's ironic is that the very villains you recruited are now the most awesome frenemies ever.**

Dark Spicer: That's right! And here's your warning, your digital ass is about to be kicked!

Nico: Big time!

Eli: And it will be deleted from the Matrix.

Zs'Skayr, The Mummy, Dr. Viktor, Yenaldooshi, Johnny 13, Vortex, Skulker, Webstor, Ebon and Count Nocturne then stood in front of us.

Me: Zs'Skayr, The Mummy, Dr. Viktor, Yenaldooshi, Johnny 13, Vortex, Skulker, Webstor, Ebon and Count Nocturne. It's your turn this time.

Zs'Skayr: You all wouldn't be believe how hard it was to find you all.

William: I take it you guys fought CLU's guards.

Mummy: Damn right we did!

Dr. Viktor: My electric powers were useful in destroying them.

Yenaldoshi: Then I sniffed out the scent you guys had.

Me: **Thank goodness you did find us though. Couldn't start the battles without you.**

Ebon: Thank you.

Sam Flynn: (to Ebon) You had a Digital self in the Revenge Squad too, right?

Ebon: I did. But don't worry. Like Shiv, I'm not with CLU.

Me: **And thank goodness for that too.**

?: You said it.

We saw the Twin Jokerz that we faced when the Joker returned: DEE DEE!

Me: **Oh no! Not you two again!**

Laney: What really has me shocked is that your grandmother survived that fall like that when the Joker brainwashed Tim Drake.

Nico: I'm amazed she really survived after a terrible fall like that.

Harley Quinn: That was terrible.

Dee Dee 1: Oh great it's our rotten grandmother Dee Dee.

Dee Dee 2: You said it Dee Dee.

Me: **Talking like that really is confusing.**

Sea: You got that right.

Horo: But I'll take these twin dirtbags down.

?: I had a feeling you would do so my dear.

A figure came out and it was PRINCE WARRIOR from episode 25 of Operation Overdrive!

---

A rapier-wielding monster with glass slippers at the sides of its head that was summoned by Kamdor alongside other monsters to battle the Overdrive Rangers, so he could snag the Star of Isis located somewhere in the Everglades. He fought Tyzonn after being created. He was the fifth and final monster to be destroyed by the Red Sentinel Ranger and his tornado finisher.

---

Mack Hartford: Prince Warrior!

Prince Warrior: Red Ranger it is most good to see you again.

Me: **I remember you! You were one of the monsters summoned by Kamdor to get the Star of Isis.**

Prince Warrior: Indeed a most remarkable memory you have there.

Me: **Never missed an episode.**

Prince Warrior: (bows) It is a pleasure to meet you all.

Maria: (giggles) Aw! What a gentleman!

Rarity: And he is quite charming unlike a certain uncharming prince that I know at the Gala.

Prince Warrior: Why thank you.

Bluto came back.

Sea: You love to battle with me don't you.

Bluto: I sure do and I will win.

Nico: Lets get it on.

---

Battle 1: Edd, Twilight Sparkle, Thunder Sparkle, Star Swirl, Magic Skylanders, Stone Luna, Danny Phantom, Rei the Ghost, Sam Manson, Tucker, Shockwave and Soundwave VS Zs'Skayr

---

Zs'Skayr was first.

Zs'skayr: (to Iron Boy) I think you and the others just hit the Gene Slammer jackpot!

Edd: Indeed we did. 4 amazing Gene-Slammers located in Costarica.

Twilight Sparkle: They sure are something. Also they have amazing talents in so many things.

Thunder Sparkle: They sure do. It's amazing.

Star Swirl: But they went through a lot because of what Team Rocket did.

Spyro: Yeah that was terrible that all that happened to them.

Stone Luna: It sure was dudes.

Danny Phantom: I feel bad for them. They had their humanity stolen from them by Team Rocket.

Rei the Ghost: I do too. Poor girls went through so much.

Sam Manson: Yeah that was terrible.

Tucker: No kidding.

Zs'Skayr: Indeed. Well you all will get their humanity back. Lets get it on!

Zs'Skayr went at them and fired waves of energy and they dodged the blasts and fired waves of magic, energy, lightning and ecto-energy and smashed him down.

Edd: Most enjoyable!

Twilight Sparkle: Yeah!

---

---

The Mummy was next.

Mummy: (to Maxxine) Out of all the Gene Slammers recruited today, I think I'll get along fine with Valentina. After all, we both use parts of our bodies to bind enemies

Maxxine: I agree with you completely on that one. I think she is amazing with her knowledge about plants and trees.

Sunset Shimmer: She knows so much about plants and many kinds of trees and flowers.

Phoenix Shimmer: We even saw how much she knows about how Cacao Tree's grow pods that contain cocoa beans.

Gusty the Great: I heard that J.D. and everyone saw a tree like that in their worldwide adventure.

Sunburn: We sure did and it was amazing and very beautiful.

Fire Lori: It literally was.

Tanis: I think so too. It was awesome.

Mokunaii XI: I think so too. It's amazing that most of Earth's plants and animals can give us so much.

Pharaoh Atem: Yeah that is amazing.

Cody: It sure is.

Gabe: Yep.

Mummy: It sure is really fascinating. Lets do it!

The Mummy sent bandages at them and they fired waves of fire and energy and smashed him down.

Maxxine: Take that!

Sunset Shimmer: That was amazing!

---

Battle 3: Will Vandom, Pinkie Pie, Little Cheese, Somnambula, Tech

Skylanders, Steel Lynn, Elsa Frankenstein, Princess Bubblegum, Emerald Sustrai and Illia VS Dr. Viktor

---

Dr. Viktor was next.

Dr. Viktor: (to Will) Who did J.D. rescue today?

Will: Her name is Horo and she is a dragon.

Pinkie Pie: She is not like those scary dragons or like Spike but she has a really awesome admiration for him.

Little Cheese: She and Spike get along great and she even gets along great with Smolder.

Somnambula: (Egyptian Accent) All the dragons including Draco find her cool.

Drobot: (Techno Voice) Drobot agree with Somnambula's computations.

Steel Lynn: That is amazing huh?

Elsa Frankenstein: It sure is amazing huh.

Princess Bubblegum: It sure is.

Dr. Viktor: You got that right. Lets get it on!

He fired a wave of lightning and they dodged it and fired waves of lightning, energy and gears and smashed him down.

Will: ALL RIGHT!

Pinkie Pie: BEST USUAL BATTLE EVER!

---

The Yenaldooshi was next.

Yenaldoshi: (to Kaiba) Since you use dragons as well, you'll get along fine with Horo.

Seto Kaiba: Blue-Eyes White Dragon is my signature monster and I agree with you completely on that.

Rarity: Dragons are most amazing. I like Spike, Smolder, Princess Ember and all the dragons in the Duel Monsters Universe.

Sweetie Belle: All dragons are cool except for those mean dragons like Garble.

Emerald Topaz: Yeah what a total jerk. He thinks he's the greatest thing since sliced bread.

Mistmane: What an unpleasant guy.

Zap: (Gurgling Voice) No kidding. He has to be put in his plae.

Lightning Lisa: You are not kidding on that my friend.

Winny: (Howls) Yeah he sure does.

Me: **Yeah no kidding.**

Yenaldooshi: I wonder how your new transformation affected your J.D. the Nocturnal form.

Me: **Hmm. Lets find out.**

I growled and turned into J.D. the Nocturnal! But I had blood moon light angel wings .

Me: (Beastly Divine Echoing Elemental Voice) **Yeah! Lets get it on.**

Yenaldooshi: Gladly!

He fired a wave of sonic energy at us and we dodged it and fired waves of energy, lightning, jewels, water and elements and

smashed him down.

Seto: That was intense!

Rarity: Rapture darling that was grand!

Me: (Reverts back) Better get ready for the main course.

Battle 5: Lily, Princess Luna, Snowdrop, Children of The Night, Dark Skylanders, Shadow Lucy, Goths of Darkness, Dark Signers, Inque and Rubberband Man VS Ebon

Ebon was next.

Ebon: (to Lily) Did J.D. really take out a Ymir today?

Lily: He sure did. The one from the movie 20 Million Miles To Earth. That movie was made in 1957.

Ebon: I haven't watched that movie in forever. Me and Adam would watch it all the time with our father.

Rubberband Man: Good times huh bro.

Princess Luna: Hard to imagine that a creature like that even exists especially on Venus.

Snowdrop: Yeah and I always thought that the planet Venus was uninhabitable because of the scorching heat, carbon dioxide rich atmosphere and the sulfuric acid clouds and rain.

Gari: Yeah Venus may look beautiful on the outside but it's evil on the inside.

Blackout: Yeah that is one dangerous world.

Shadow Lucy: No kidding. What a terrifying world.

Brittney: It sure is a terrifying planet. But we had an incredible race there and it was really fun.

Lucy Loud: It sure was.

Ebon: I remember that race. That was so fun to watch. Lets do it!

Ebon stretched and went at them and they fired waves of water, ink, darkness and energy and smashed him down.

---

Johnny 13 was next.

Johnny 13: (to Ghost Rider) Doesn't Thor know a villain named Ymir as well?

Ghost Rider: As a matter of fact yes he does. But that Ymir is a Frost Giant from the world of Niffleheim. This version of him is from the 1957 movie 20 Million Miles to Earth.

Rainbow Dash: Major difference but it was awesome that J.D. faced one.

Scootaloo: Yeah it sure was! But it was amazing that it can grow to that big in 2 days like that.

Storm Rainbow: Yeah it sure was cool. But it was awful seeing it go on a rampage like that. Also it looks like the Thetis Lake Monster and the Gill Man from The Creature of The Black Lagoon.

Flash Magnus: Yeah both movies are awesome. But the Thetis Lake Monster was a hoax in Canada.

Whirlwind: That was a creepy hoax though.

Air Lincoln: It sure was.

Phantasma: Yeah that was crazy.

Casper: No kidding.

Ghost Princess: Yeah no kidding about that.

Johnny 13: You said it. Lets dance.

Johnny got his motorcycle ready.

Ghost Rider: Lets Ride!

He transformed and Rainbow Dash got her motorcycle revved up and they went after Johnny 13.

(GHOST RIDERS IN THE SKY BY SPIDERBAIT PLAYS)

They fired waves of fire, wind, lightning and energy and smashed him down.

Ghost Rider: Roadkill.

Rainbow Dash: That was AWESOME!

---

Battle 7: Aerrow, Princess Celestia, Light Skylanders, Light Lily, Starfire, Blackfire, Ben, Riley, Bella, Tornado Man and Plug Man VS Vortex

---

Vortex was next.

Vortex: (to Aerrow) When you think about it, the Revenge Squad was a template for the Masters of Evil.

Aerrow: That is very coincidental. I think it's awesome.

Princess Celestia: Yeah I think so too. It's cool that the tables were turned on CLU now that the Masters of Evil have ALL of the Revenge Squad With them.

Spotlight: Yeah it sure is.

Light Lily agreed.

Starfire: It sure is amazing.

Blackfire: Indeed it is sister.

Ben: I think it really is something.

Bella: You aren't kidding Ben.

Aerrow: YEAH!

Princess Celestia: That was great!

---

Battle 8: Aqua, Applejack, Apple Bloom, Thunderbird Apple, Rockhoof, Earth Skylanders, Dirt Lana, Golem, Emeth, Gluko and Storm Shadow VS Skulker

---

Skulker was next.

Skulker: (to Aqua) You must be pissed at CLU for brainwashing Tron. Though I expected Rinzler to put up more of a fight before Lisa reprogrammed him.

Aqua: You better believe that I'm pissed at CLU. What he is doing is absolutely despicable.

Applejack: That rotten sidewinder will not llve to see another second when we're done with him.

Apple Bloom: Yeah and he will pay for his crimes.

Thunderbird Apple: That monster will be deleted and destroyed.

Rockhoof: (Scottish Accent) Aye what a monster.

Flashwing: He sure will.

Dirt Lana: And it won't be pretty.

Golem: Golem agree with you.

Emeth: Yeah what a clod.

Skulker: You got that right. Lets do it!

Skulker fired waves of missiles and energy and they dodged them and fired waves of energy, rocks, apples and lightning and smashed him down.

Applejack: YEEHAW! That was great!

## Battle 9: Lucy Loud, Fluttershy, Mirage Daffodil, Mage Meadowbrook, Life Skylanders, Plant Lola, Rachnera, Keito, Riku and Demona VS Webstor

Webstor was next.

Webstor: (to Lucy) Please tell me Luna was dreaming about my former boss Skeletor!

Lucy Loud: Actually it was worse than that. Luna dreamt about Sam's evil uncle and her fake parents returning from the Warp and poisoning all the people that are LGBTQ and killing them all.

Webstor gasped in shock and horror!

Fluttershy: We were shocked ourselves.

Mirage Daffodil: Yeah it was terrible. But we told Luna that it was not real and not gonna happen and also we saw that she got a new keyblade out of it.

Mage Meadowbrook: Yeah and it was a rainbow water keyblade called the Liquid Pride of LGBTQ.

Stealth Elf: Which I think is really cool.

Plant Lola: I think so too. It's amazing.

Rachnera: And it goes perfect for Luna and Sam.

Keito: You got that right.

Webstor: Indeed. Lets get it on.

Webstor fired web blasts and they dodged them and fired waves of darkness and leaves and fruit and smashed him down.

Lucy: Wicked.

Fluttershy: That was fun.

Battle 10: Marceline the Vampire Queen, Starlight Glimmer, Cozy Glow, Starburst Aurora, Clover the Clever, Undead Skylanders, Crystal Laney, Blade, Count Spankulot, Alucard (HELLSING) and Android 17 VS Count Nocturne

---

Count Nocturne was next.

Count Nocturne: (to Marceline) If only there was some way to know who's causing these nightmares.

Marceline: Brittney and the Goths of Darkness are consulting the spirits of the Spirit World and the Netherworld and they are looking into it. But it will take some time to look into.

Starlight Glimmer: But whoever is doing this really has amazing powers over the worlds of the Paranormal and the Supernatural like it's no big deal.

Cozy Glow: I'll have to look through our comic books to see if there are anymore people like that.

Starburst Aurora: Good idea Cozy Glow.

Clover the clever: I agree. The answer might lie in the comic books.

Hex: It's worth a try but it will be good.

Crystal Laney: I can help Cozy Glow with it.

Blade: Whoever is doing this has really strong powers.

Count Spankulot: (Transylvanian Accent) It sure is powerful.

Count Nocturne: It sure is. Lets do it!

He fired waves of energy and they dodged it and fired waves of magic, stars, bones, crystals and sunlight and smashed him down.

Marceline: That was a rockin performance!

Starlight Glimmer: Yeah it was!

Battle 13: Sea the Sea Serpent VS Bluto

---

Bluto was next and he was just a true glutton for punishment.

Sea: Time for me to dish out some serious pain.

She pulled out a can of spinach and opened it and ate the spinach and then…

BOING DING!

She flexed her muscles and a huge hydroelectric power plant generator appeared in her biceps.

Sea: YEAH!

Sea punched Bluto in the face and then his eye had red, white and blue and stars in it and played the Call to Post from the Kentucky Derby and then she punched him all over the place with an incredible flurry of punches and Bluto dropped a pair of binoculars, map compass, a pulley, a lantern, a life preserver, a steering wheel and an anchor and even a nautical sextant. Sea then grabbed him by his legs and smashed him onto the ground left and right. Bluto tried to grab her tail but it was too slippery for her and she grabbed him by his neck.

Sea: And here's this.

She revved her arm up and gave him the twister punch and smashed him into the wall with a nasty spin and road burn from it and then she grabbed him and smashed him into the ground and he was REALLY mangled up.

Sea: Take that.

---

POW!

The Zyuohger's were tearing Terranort apart!

Terranort: You're right about me not underestimating you all. But it will take more then the 6 of you to defeat me.

Terranort then escaped through a Dark Corridor.

Tusk: That will show him.

Leo: Hopefully, that's the last we'll see of him.

Misao: You know, you guys might have met Team Loud Phoenix Storm for the third time. But this is my first time meeting them.

Amu: Well, we'll meet them again next month.

Sela: I think we should take our leave now.

Yamato: Good idea. But we have our own way to get back.

Misao: Good idea. But this was amazing.

Sela: It sure was.

Amu: Lets head home.

Yamato: Yep. (Looks to the portal) Be careful guys. We'll need your help later for remnants of Genis.

They teleported back to Japan.

We regrouped and we were facing CLU.

Me: **It's over for you CLU.**

Noah: I know the perfect team to use here.

Megaforce Rangers: Legendary Ranger mode: Techno Bionic Team!

The Megaforce Rangers turned into the Bioman Rangers!

Arrhota, Enre Hep, Laarina, and Quadore blasted and smashed CLU all over the place with incredible fury!

Shiv: Sorry to cut you off. But consider this my resignation!

Shiv uses a light blade to cut off CLU's left leg. And it shattered into a million pieces.

Me: **Running Virus Elimination Program ΦΤΠΑ!**

Sam Flynn: It was really awesome fighting alongside you guys and your frenemies.

Johnny 13: Thanks, Sam.

Me: And I got to try out my new Eater of Sins gun and it was cool how it banished him to the Warp.

Nico: No kidding.

Vortex: But the Grid's still messed up even without CLU.

Skulker: If only there were some way to get out all the corruption.

Webstor: Maybe Ben can use Upgrade to purge the Grid of CLU's influence.

Count Nocturne: That could work.

Ben: Here goes nothing.

Ben turned into Upgrade and merged with the Grid.

He fixed it up and made it better than ever.

Sam Flynn: (To the viewers) Computers are fun but always be careful with what you load and all that.

Me: You got that right.

Part 3 of the adventure was done. We went back home and the world of Tron in 2010 was now in orbit around the Earth and we went to Lynn's Table and went to have a great dinner and then to sleep.

TO BE CONTINUED…

Part 3 done.

NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this. Thanks guys. The next girl is gonna be Flare the Papillon and she will be located in the world of the 1956 movie Forbidden Planet and we're gonna see her and the Pokemon Gene-Slammers for the Legendary Swords of Justice: Cobalion, Terrakion, Virizion and Keldeo fight the Id Monster and help them face it. Also for part 4, get ready for an awesome musical adventure as we take on the world of my all time favorite childhood movies from 1940 and 2000: Fantasia! We're gonna go to the worlds of the following classical songs by these artists:

*Toccata and Fugue in D Minor* by Johann Sebastian Bach. Live-action shots of the orchestra illuminated in blue and gold, backed by superimposed shadows, fade into abstract patterns. Animated lines, shapes and cloud formations reflect the sound and rhythms of the music.

*The Nutcracker Suite* by Pyotr Ilyich Tchaikovsky. Selections from the ballet suite underscore scenes depicting the changing of the seasons from summer to autumn to winter. A variety of dances are presented with fairies, fish, flowers, mushrooms, and leaves, including "Dance of the Sugar Plum Fairy", "Chinese Dance", "Arabian Dance", "Russian Dance", "Dance of the Flutes" and "Waltz of the Flowers".

*The Sorcerer's Apprentice* by Paul Dukas. Based on Goethe's 1797 poem "Der Zauberlehrling". Mickey Mouse, the young apprentice of the sorcerer Yen Sid, attempts some of his master's magic tricks but does not know how to control them.

*Rite of Spring* by Igor Stravinsky. A visual history of the Earth's beginnings is depicted to selected sections of the ballet score. The sequence progresses from the planet's formation to the first living creatures, followed by the reign and extinction of the dinosaurs.

*The Pastoral Symphony* by Ludwig van Beethoven. A mythical Greco-Roman world of colorful centaurs and "centaurettes", cupids, fauns and other figures from classical mythology is portrayed to Beethoven's music. A gathering for a festival to honor Bacchus, the god of wine, is interrupted by Zeus, who creates a storm and directs Vulcan to forge lightning bolts for him to throw at the attendees.

*Dance of the Hours* by Amilcare Ponchielli. A comic ballet in four sections: Madame Upanova and her ostriches (Morning); Hyacinth Hippo and her servants (Afternoon); Elephanchine and her bubble-blowing elephant troupe (Evening); and Ben Ali Gator and his troop of alligators (Night). The finale finds all of the characters dancing together until their palace collapses.

*Symphony No. 5* by Ludwig van Beethoven. Abstract patterns and shapes that resemble butterflies in various colorful shades, tints, and hues explore a world of light and darkness whilst being pursued by a swarm of black bats. The world is ultimately conquered by light.

*Pines of Rome* by Ottorino Respighi. A family of humpback whales are able to fly. The calf is separated from his parents, and becomes trapped in an iceberg. Eventually, he finds his way out with his mother's help. The family join a larger pod of whales, who fly and frolic through the clouds to emerge into outer space.

*Rhapsody in Blue* by George Gershwin. Set in New York City in the early 1930s, and designed in the style of Al Hirschfeld's known caricatures of the time, the story follows four individuals who wish for a better life. Duke is a construction worker who dreams of becoming a jazz drummer; Joe is a down-on-his-luck unemployed man who wishes he could get a job; Rachel is a little girl who wants to spend time with her busy parents instead of being shuttled around by her governess; and John is a harried rich husband who longs for a simpler, more fun life. The segment ends with all four getting their wish, though their stories interact with each other's without any of them knowing.

*Piano Concerto No. 2, Allegro, Opus 102* by Dmitri Shostakovich. Based on the fairy tale "The Steadfast Tin Soldier" by Hans Christian Andersen, a broken toy soldier with one leg falls in love with a toy ballerina and protects her from an evil jack-in-the-box. Unlike the original story, this version has a happy ending.

*The Carnival of the Animals (Le Carnival des Animaux), Finale* by Camille Saint-Saëns. A flock of flamingoes tries to force a slapstick member, who enjoys playing with a yo-yo, to engage in the flock's "dull" routines.

*Pomp and Circumstance - Marches 1, 2, 3 and 4* by Edward Elgar. Based on the story of Noah's Ark from the Book of Genesis, Donald Duck is Noah's assistant and Daisy Duck is Donald's wife. Donald is given the task of gathering the animals to the Ark, and misses, loses, and reunites with Daisy in the process.

*Firebird Suite-1919 Version* by Igor Stravinsky. A Sprite is awoken by her companion, an elk, and accidentally wakes a fiery spirit of destruction in a nearby volcano who destroys the forest and seemingly the Sprite. The Sprite survives and the elk encourages her to restore the forest to its normal state. Introduced by Angela Lansbury.

*Night on Bald Mountain* by Modest Mussorgsky and *Ave Maria* by Franz Schubert. At midnight the devil Chernabog awakes and summons evil spirits and restless souls from their graves to Bald Mountain. The spirits dance and fly through the air until driven back by the sound of an Angelus bell as night fades into dawn. A chorus is heard singing *Ave Maria* as a line of robed monks is depicted walking with lighted torches through a forest and into the ruins of a cathedral.

We're also going to meet many great friends and face the Broomsticks, the Alligators, destroy the Tyrannosaurus, Face Zeus, Take down the Jack-In-The-Box, Extinguish the Firebird and then destroy the evil Chernabog! We're gonna be in for an awesome adventure of art, music and fun!

See you all tomorrow.

# WAR OF THE HEART PART 4

FANTASIA 1940 & FANTASIA 2000

---

On a very mysterious planet, me and Luciana were flying over the landscape and the world was very familiar to me.

Luciana: (Spanish Accent) Thanks for letting me come with you, J.D.

Luciana concentrated and groaned as feather appeared on her arms.

Me: Anytime Luciana.

She turned into Togekiss.

Me: This whole planet looks incredibly familiar.

Luciana Togekiss: Wow. It feels like I've seen it before from somewhere.

I then sensed an incredible energy spike and then we saw a horrifying GLOWING ENERGY CREATURE! I immediately recognized it! It was THE MONSTER FROM THE IDO OF FORBIDDEN PLANET!

---

The **Monster from the Id** is the primary antagonist of the 1956 American science fiction film *Forbidden Planet* . It is a creature made of solidified psychic energy derived from the subconscious thoughts of Dr. Edward Morbius, powered by the Krell Great Machine.

Biography

The planet Altair IV was once inhabited by a scientifically advanced race known as the Krell, who built a machine designed to create material objects from thought. However, they were not able to control their own subconscious desires, and thus the machine created monsters that ended up wiping them out.

Dr. Edward Morbius, a scientist from Earth, arrived on the planet along with an expedition aboard the starship Bellerophon, and began studying the machine. He unwittingly unleashed the monster and it ended up killing everyone except for him and his daughter, and destroying their ship.

Twenty years later, the United Planets Cruiser C-57D, commanded by John J. Adams, arrived to investigate the disappearance of the expedition.

Due to experimenting with the Krell technology, Dr. Morbius caused the monster to manifest while he was sleeping, and it attacked and killed many crewmembers, with their weapons being ineffective against it. The creature is ultimately destroyed when Morbius dies.

---

Me: WHOA! I thought this place looked familiar! This is the world of Altair IV from the 1956 movie Forbidden Planet!

Luciana Togekiss: That's one of my favorite movies!

Me: And that monster those men are facing is an Ido Monster!

Luciana Togekiss: That creature was terrifying and ugly!

Me: Lets get him! And then we're gonna have to have a serious talk with Dr. Morbius about this.

We saw people of a ship firing lasers at the creature but they were having no effect on it.

Me: Whoa!

Luciana Togekiss: Their weapons aren't even making it flinch.

We then saw A Papillion and she had 4 Pokemon and they were a Cobalion, Terrakion, Virizion and a Keldeo.

Me: WHOA! That girl is a Papillon and the Pokemon are the legendary Swords of Justice and they are like the famous Three Musketeers.

Luciana Togekiss: Cool! Lets go help them out.

We went and did so and fired energy blasts and blasted the creature apart! It then vanished.

Me: That was intense!

Cobalion: (Girl's Voice) Thank you so much for helping us.

Me: You're welcome.

Flare the Papillon: Wow! You're the famous J.D. Knudson, Leader of Team Loud Phoenix Storm.

Me: That's right.

Terrakion: It's an honor to meet you.

Virizion: (British Accent) We are gene-slammers in case you are wanting to know.

Keldeo: We were made this way because of Team Rocket while we were out shopping.

Me: Those dumb scientists of Team Rocket. I can give you all the power to change into your Pokemon forms at will and you can harness their powers and use the Secret Sword technique very similar to how the Jedi use lightsabers.

Terrakion: Wow! that would be cool!

Virizion: We would like that.

Cobalion: By the way, I'm Helen Montrose and I'm from Colorado.

Terrakion: I'm Loriana Kelly and I'm Manitoba, Canada.

Virizion: I'm Janella Morrigan and I'm from England.

Keldeo: And I'm Flora Meldahyde and I'm from Alaska.

Me: Pleasure to meet you all.

Flare the Papillion: Pleasure to meet you too. I'm Flare and I'm a Papillion.

Me: Pleasure to meet you too. Now when you revert back it will hurt.

Cobalion: We're ready.

I put on my blind man glasses.

Me: Okay here we go. (Snaps fingers)

Luciana reverted back at will and the 4 Swords of Justice were in pain)

Me: (To the crew of the Ship) Don't look at this. Trust me.

The crew looked away and the girls were back to normal and they were naked.

Luciana was human again. But naked.

Luciana: (covers herself) It's okay, girls. All of us are naked right now.

Loriana: (Covers herself) I know. But thank you all for saving us and helping us.

Janella: (Covers herself) Yeah that monster was horrifying.

Helen Montrose: (Covers Herself) Yeah that was crazy.

Flora Meldahyde: (Covers herself) Yeah no kidding.

Me: It sure was.

I gave the girls all new clothes.

Luciana: Thanks J.D.

They put the clothes on.

Me: You're welcome. Now we need to go have a serious talk with Morbius about this terrible monster he has.

Flare the Papillon: I don't know what the hell he was thinking using a powerful machine like that.

Me: Yeah it's very dangerous. But maybe I can use it where others could not.

Luciana: It's risky but it might work.

Helen: Lets do it.

Commander Adams: I'll go with you.

Me: Okay.

Commander Adams: Commander Adams, leaders of the ship C-57D of the United Planets.

Me: Pleasure.

We went back to the house of Morbius and we met Dr. Edward Morbius, the last of the Krell.

Me: Pleasure to meet you Dr. Morbius. But we came to have a talk about something that you've been doing and it involves the Ido portion of the subconscious.

Alta: I'm gonna go pack.

Me: Okay and you will be safe with us.

Alta went to pack.

Commander Adams: Monsters from the Ido. Monsters from the Subconscious. (Realizes something) Of course that's what Doc meant. Morbius, the big machine, 8,000 cubic miles of Klystron relay has enough power for a population of creative geniuses operated by remote control. Morbius, operated by the electromagnetic impulses of individual Krell Brains.

Morbius: To what purpose?

Commander Adams: In return that ultimate machine would instantaneously project solid matter to any part of the planet in any shape or color that they might imagine for any purpose Morbius. Creation by mere thought.

Me: Like what our friend Simion can do.

Flare: Wow! That's incredible.

Flora Meldahyde: I didn't know that was possible.

Morbius: Why haven't I seen this all along.

Me: But like you the Krell overlooked and forgot one incredibly deadly danger: Their own subconscious hate and lust for destruction. A mindless monster made only to torture, kill and destroy.

Morbius: The beast. A mindless primitive. Even the Krell must've evolved from that beginning.

Commander Adams: And so those mindless beasts of the subconscious had access to a machine that can never be shut down! The secret devil of every soul on the planet all set free at once to loot and maim and take revenge Morbius and kill!

Me: Because of that machine, it wiped them all out!

Morbius: My poor Krell. After a million years of shining sanity, they could hardly understand what power was destroying them. Yes young man. All very convincing but for one obvious fallacy. The last Krell died 2,000 centuries ago. But today as we all know there is still at large on this planet a living monster.

Commander Adams: Your mind refuses to face a conclusion.

Morbius: What do you mean?

We then heard something and I sensed a huge energy spike.

Me: Uh oh we have company.

Flare the Papillion: What is it?

Me: It's coming from that way. To the Southwest.

Flare the Papillion: I don't see anything.

Me: You will.

I fired a wave of energy and it hit the Id Monster and it revealed itself! It was an ugly bipedal creature!

Me: We got to destroy the creature.

Morbius was weakened.

Me: Morbius!

Morbius: (Weak) Take me to the machine.

We did so.

Morbius: Turn that disk.

I did so and a switch came up.

Morbius: The switch. Throw it.

I did so and it was really a self-destruct mechanism.

Morbius: In 24 hours, you must be a million miles out in space. A chain reaction and cannot be reversed.

Me: This is the only way.

Morbius: Take care of Alta, young man.

He died.

Commander Adams: I will.

Me: One last time for me.

I used the machine and enhanced my brain power to the full power of 100%! I can now use all 100% of my Brain Power!

Me: Whoa! What power!

Commander Adams: How did you survive?

Me: Long story. Lets get out of here.

I teleported everyone to Earth.

---

Back at the World Tree Estate, everyone was watching TV and reading books.

Then we came in.

Flare the Papillion: Whoa! So this is the estate of TLPS.

Me: Yep.

Nico: Wow! She's a Papillion.

Me: Yep. Big story to tell you all.

I went over everything that happened and it was intense!

Nico: WHOA! That was brutal!

Eli: No kidding. But wow! That's amazing!

The alarm went off.

Me: Uh oh.

We went to the computer and saw that there was a huge illegal drug operation going on at the wharf.

Me: Lets roll!

We were off to the Michigan Wharf.

---

We got to an abandoned warehouse and we looked in and saw a huge operation going on.

Sam: My fake parents are dead and yet, people are still selling drugs!

Me: In the criminal underworld, drugs are the only way of life. Obviously they don't know how to make it any other way.

Nico: We better be ready for when they come out.

Eli: Right.

Helen Montrose: And it will hurt bad.

Flare the Corona: It sure will.

Me: Lets go!

The crooks were making drugs and then…

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted a hole in through the wall of the warehouse and a phoenix cry was heard and we appeared.

Me: You dirtbags are in big big trouble!

Leader: Team Loud Phoenix Storm! Get them!

POW!

One of the thugs punched Nico, sending him into a cocaine brick.

SMASH!

Juandissimo: Ay carumba! This isn't good!

POW!

I punched the thug in the face and he got up and had his fists ready to hit me.

Thug: You scared motherfucker? Well you should be because this big bad thug is gonna kick your big ugly ass.

Me: I eat big bad ugly thugs like you for breakfast and right now I'm (POW!) Really hungry!

I punched and kicked the thugs all over the place.

A thug then pulled a gun out and pointed it at me.

Thug 2: FUCK YOU ASSHOLE!

CLICK!

It was empty.

Me: Fuck YOU asshole!

POW!

I punched the thug in the face and then I plunged my hand into his chest and ripped his beating heart out and Bleez ate it!

Nico then got up and he had a machine gun and then he started shooting the thugs all over left and right!

Nico: (shooting the thugs with a crazed grin on his face) (BANG BANG BANG BANG) YOU WANT SOME TOO?! I GOT PLENTY FOR EVERYBODY!

Cybertron Crumplezone (to the Trinity of Violence): You girls aren't joining in?

Lola: I think this is a little too crazy even for us.

NICO WAS KILLING ALL THE THUGS LEFT AND RIGHT AND SPLATTERING THEIR BLOOD AND GUTS EVERYWHERE!

But then he went back to normal 10 seconds later and he had a tremendous headache.

Nico: (Groans) What the hell hit me?

Me: Some cocaine got on you and you went nuts.

We showed him the carnage.

Nico: I did all that!?

Me: They were all thugs.

Nico: Oh. Good. (GROANS) What a headache.

May: I got this for you.

May put Nico's head in a block of ice. His head was gonna be hurting for a while.

We got the drug ring men all arrested and they were gonna be in prison for a long time.

Agent Waco: Thanks for rounding these guys up for us everyone. We've been after these guys for years.

Me: You wouldn't believe how many kinds of illegal drugs they were making and selling. They had everything: Cocaine, heroin, methamphetamine, ecstacy, LSD, marijuana, opiods, everything. They had everything and over $723,000,000,000 in cash.

Eli: It was crazy! They were making enough drugs to poison much of the city.

Agent Waco: Well they won't like it where they're going. Prison for eternity.

Me: The Triton Cryo-Prison will suit them.

Nico: Yep.

The FBI and DEA took them away and sentenced them to prison for a long time.

Nico: (groans) Okay. Note to self: Only use cocaine brick as last resort.

Brawn: I think last resort is acceptable.

Me: Uh no we will NEVER use Cocaine ever! We'll go to jail if we do.

Nico: Okay I stand corrected.

Roger Smith: It would be good though.

POW!

Eli punched Roger in the head.

Eli: Not gonna happen roger you dingus!

Stan Smith: Yeah Roger!

Me: Anyway lets put that crazy drug bust behind us and focus on getting ready for part 4 of our mission.

Nico: Right and it's my turn to lead today.

Me: Right.

We went back to the World Tree Estate and got ready.

---

Back at the World Tree Estate, we were getting ready for part 4 of our adventure.

Luan came down and she looked awful.

Me: Uh oh. Luan did you have a really bad nightmare?

William: Luan. Please tell me your nightmare was only about Eddy dying!

Luan had tears streaming down her face.

Natilee: It was actually worse than that.

Natilee showed us her sketchpad of Luan's Dream and what we saw was terrifying. It was about when she was on stage at the Chortle

Portal and she tells REALLY bad jokes and they booed her and threw everything like fruit, pies, vegetables and rotten eggs and called her all kinds of bad names and called her a bad comedian and said that she is NOT FUNNY! No comedian wants to hear that! Luan's dark side then separated from her and she then went insane and she killed all the people in the room and then the police came and killed her!

We gasped in shock and horror!

Eddy: HOLY CRAP!

Luan: (CRYING HARD) EDDY!

She hugged Eddy and was crying and wailing hard.

Eddy: Oh Luan it will be all right. It was not real and your Dark Self is locked in the Pluto Prison.

Hood Sickle: Nico, I hope your powers have helped you recover from the cocaine so you can lead the team today.

Nico: They have thank goodness.

Brittney came down.

Brittney: I just got a message from the spirits. They told me who is behind these nightmares.

Me: Who is it Brittney?

Brittney: The spirits told me that this comic holds the answer.

She gave me a comic and it was DC Comics Secret Origins Volume 2 and she turned the page and showed me a hero that was very well known in the Spirit World: PHANTOM STRANGER!

I gasped!

Me: Phantom Stranger!?

Nico: The Phantom Stranger! I've heard of him! He has incredible power over many things in the worlds of dreams, paranormal and the supernatural.

Brittney: Yes and the spirits told me that he is the one that's giving the Loud Kids nightmares and is giving them keyblades.

Nico: So the Phantom Stranger is helping us out.

Eli: The Force is right. He is the one.

Nico: Wow.

Luan calmed down.

Eddy: Luan it's not real. It'll be okay.

Luan: (Calms down) (Sniffles) Oh Eddy I'll be all right. But I also got this.

Luan held out her hand and in a flash of sunlight and rainbow light came a new Keyblade and it was a fusion of the Oblivion and Oathkeeper Keyblades and it had light beams and rainbow light and a sun on it. It was called the Twilight Oathstorm.

Eddy: Wow! Check that Keyblade out!

Me: Awesome!

Zs'Skayr, The Mummy, Dr. Viktor, Yenaldooshi, Johnny 13, Vortex, Skulker, Webstor, Ebon and Count Nocturne then appeared.

Zs'Skayr: Can me, The Mummy, Dr. Viktor, Yenaldooshi, Johnny 13, Vortex, Skulker, Webstor, Ebon and Count Nocturne go with you all this time?

Nico: You sure can and it's my turn to lead. We also found out who is giving the Loud Kids their Keyblades.

Johnny 13: Who is it?

Me: The Phantom Stranger.

Ebon: You mean Philip Stark A.K.A. The Phantom Stranger, the

Spirit of Justice!?

Me: That's him.

Luan: WHOA! So the Phantom Stranger has been helping us out.

Varie: I think he wants us to prepare for the big battle ahead of us when we face Xehanort in the Keyblade Graveyard.

Nico: That might be the case.

Eli: I have that same feeling too.

Me: Yeah.

Nico: Anyway lets head for our next adventure for part 4. It's for the movies of Fantasia.

Me: Cool! My all time favorite movies.

Laney: I love the classical music in that movie.

Nico: Me too. Lets head out.

We went to the Simulator.

---

In the Simulator we got ready and it activated and we were in Yen Sid's Tower.

Jinx: So this is where the Fantasia movie takes place?

Nico: Yep and it starts in Master Yen Sid's tower. I guess we're gonna go through all the songs and see the worlds of each song. So cool!

Me: I've known this movie for years. It's amazing. Also like in the video game worlds we're gonna have to have our usual battles in songs that don't have villains.

Maria: Good idea. I'll call them in.

Maria did so. And in came Copperhead, Dark Laser, Scorpion, Mr. Mittens, Mortal Kombat Scorpion, Loki, Vreedle Brothers, Whiteout, King Hiss and Waffle Woman.

Nico: Copperhead, Dark Laser, Scorpion, Mr. Mittens, Mortal Kombat Scorpion, Loki, Vreedle Brothers, Whiteout, King Hiss and Waffle Woman.

Mr. Mittens: Are you guys all right after your little drug fiasco?

Me: Yes we are.

Loki: But this is amazing.

Whiteout: Fantasia this time huh? I love all the music in this one.

Laney: Me too. It's so beautiful.

Copperhead: So, just like before, each of the usual battles will be in a specific place, right?

Maria: Yep. This time, they'll be in songs that don't have battles.

Dark Laser: I think that will be fine.

Scorpion: But you guys will have to decide when to do the entrance.

May: Let us worry about that.

Mortal Kombat Scorpion: (to me) By the way, we heard you went to the Forbidden Planet place?

Mr. Mittens: What was it like there?

Me: It was a strange planet and just like in the movie from 1956 we battled the Ido Monster from Morbius. And thanks to the machine of the Krell, I can now access the full extent of 100% of my brain power. Watch.

I concentrated and made a small planet of fire no bigger than a basketball appear in my hands and it was full of fire and heat and lava.

Copperhead: WHOA! That is amazing!

King Leni: WHOA! The Krell made an amazing machine!

Me: They sure did. But it was too much for certain people to handle in that movie. Some of you saw that movie right?

Whiteout: I know that movie and it was amazing.

Waffle Woman: Leslie Nielson did a great job in that movie all those years ago.

Me: He sure did and believe it or not my family sat next to him at a restaurant and he was a huge kick in the butt.

Scorpion: He sure was! I loved his movies.

Me: They were so funny. Especially the movie Mr. Magoo.

Nico: Yeah that was hilarious!

Eli: Yeah it was.

?: That is amazing.

A figure came out and it was Master Yen Sid.

Johnny 13: Yo. You Yen Sid?

Yen Sid: That is me and it's an honor to meet you all Team Loud Phoenix Storm.

Nico: Same to you Master Yen Sid. Sora and his friends told us so much about you.

Me: It's an honor to meet you.

Yen Sid: Same to you all and you have a big battle ahead.

Me: We sure do.

Nico: And we're ready for anything.

Ebon: I can actually use my portals to get us to each destination.

Nico: Good idea. First up is the world of Tocatta and Fugue in D Minor by the world famous Johann Sebastian Bach.

Laney: A true classical and musical genius.

Ets: Amazing artist.

Me: And very creative in his music all those years ago.

Nico: Lets head in.

We were off to the world of Tocatta and Fuge in D Minor.

## TOCATTA AND FUGUE IN D MINOR BY JOHANN SEBASTIAN BACH

We were in the world of Tocatta and Fugue and it was a beautiful cloud world and the clouds were showing beautiful images of musical instruments and music.

Me: Wow!

Kumiko: Is this where the song is from?

Nico: Yep and it may not look like much but this is a world of clouds.

Me: It sure is beautiful.

Eli: I think so too.

Lana: Who was the conductor of Fantasia?

Me: The world famous Leopold Stokowski. He was a music conductor for the Philadelphia Orchestra and was known for commanding the music with his hands.

Laney: Love how he did that.

Boa: That sure is something.

Nico: It sure is.

We flew on as the song continued and it was beautiful and amazing. We saw red lines, shadows, lights and more.

Copperhead then appeared:

Nico: You and your group are up Tea.

Tea: Okay.

They went to face him.

Copperhead: (to Tea) You guys have been on a roll with recruiting Gene Slammers the last few days.

Tea: We sure have been on a roll.

Copperhead: Isn't this world amazing?

Fluttershy: Boy it sure is. And the clouds are beautiful.

Tree Hugger: Far out dudes.

Tornado Bolt: It sure is. I love how they formed into so many shapes.

Mage Meadowbrook: It's amazing.

Ice Luan: It puts us on Cloud 9! (Luan) Get it?

They laughed at her joke.

Mirage Daffodil: That was funny!

Stealth Elf: Yeah it sure was funny.

Tayuya: It sure was. But the cloud shapes and formations are beautiful.

Anko: They sure are pretty.

Miia: Especially the sun rays. They are beautiful.

Copperhead: They sure are. Lets do it!

Copperhead fired Venom at them and they dodged it and fired waves of leaves, energy and venom and ice and smashed him down.

Tea: Take that!

Fluttershy: That was sure fun.

We flew on and when the song ended Ebon opened a portal into the next song.

## THE NUTCRACKER SUIT - PYOTR ILYICH TCHAIKOVSKY

We were in the world of the second song and it was for The Nutcracker Suite by Pyotr Ilyich Tchaikovsky.

We saw fairies coming at us and they were beautiful as we heard the famous Dance of the Sugar Plum Fairy play.

Nico: I know this song. The Nutcracker Suite.

Laney: One of my favorite classicals.

Lisa Loud: Indeed and one of the most amazing art pieces ever.

We exploded the world and saw the fairies sparkling everything up and it was really beautiful.

Eli: Wow look at the fairies.

Ets: They are beautiful.

Varie: And when they sparkle everything up like that it makes everything even more beautiful.

Riley: It sure does.

Riley Daring: Wow it sure is beautiful.

We saw the fairies sparkling everything up from flowers, trees, bushes, everything.

They even sparkled up a Spiderweb and it was beautiful.

Nico: Wow.

Lola: Yeah that is beautiful.

Celica: I wonder how they do that.

Then the fairies came together and then…

BOOM!

Me: WHOA!

Next we saw a bunch of mushrooms dance and the Chinese Dance began and it was cute seeing them dance.

Eli: It's the Chinese Dance.

Nunnally: One of the cute songs.

Me: Yep.

We later went to a pond and we saw flowers coming down as we heard the next song. It was the Dance of The Flutes and it was beautiful.

Me: The Dance of the Flutes.

Nico: I always love this part of the song.

May: Me too. It's beautiful.

We followed the flowers to a waterfall and it was beautiful and then we went down underwater and the next part of the song was playing. It was the Arabian Dance.

Me: The Arabian Dance.

Lucy Loud: That's another one of my favorites.

Me: Very beautiful.

We saw a bunch of pretty fish and they made amazing bubbles.

Then we saw the Beautiful Fish and she was amazing and very gorgeous.

Nico: I always love this fish. She is beautiful.

May: Wow she sure is.

The out came Dark Laser.

Nico: Sabrina you're up.

Sabrina's group went up.

Dark Laser: (to Sabrina) The Gene Slammers you found today are ones for the Swords of Justice Pokemon, right? Does that mean they'll be interested in lightsabers too?

Sabrina: They just might be. And Iris told us that the Swords of Justice Pokemon are in every way like the famous Three Musketeers.

Twilight Sparkle: That is so cool. And we all know about the Three Musketeers.

Dark Laser: We sure do. And this world of The Nutcracker Suite is beautiful. What are your favorite parts of it?

Luster Dawn: I have always liked the Dance of The Sugar Plum Fairy.

Thunder Sparkle: I've liked the Chinese and Arabian Dances. Meeting the beautiful fish was amazing. She was graceful and amazing.

Lightning Lisa: Like my counterpart on the team I have always had a very deep admiration for all types of classical and opera music.

Star Swirl: The Waltz of the Flowers is my favorite part of the suite.

Spyro: And we've seen 4 dances so far: The Dance of The Sugar Plum Fairy, The Chinese Dance, The Dance of The Flowers and now we're on The Arabian Dance.

Dark Laser: The most beautiful dances ever. Even though they usually appear right around Christmas. Anakin will you and the Jedi train the Swords of Justice Gene-Slammers in the ways of the Force and the ways of the Jedi?

Anakin: We sure will and they deserve to know all about the ways of the Force for that.

Ahsoka: They sure do Master. They are really gifted already.

Padme: I think so too. I sense great things in them and they have amazing potential.

Obi-Wan: The ways of the Jedi would suit them perfectly.

Yoda: Potential they have and their talents be wasted should not.

Aayla: (French Accent) Yes and I most agree on that.

Plo Koon: I agree completely on that. I sense great potential in them.

Mace Windu: Same with me. They are capable of being great Jedi as well as a mighty force in Pokemon.

Dark Laser: I'm glad you have high hopes for them. Eli did you find out who was behind the Nightmares that the Loud Kids were getting?

Eli: We sure did. Brittney told us that it was a superhero called The Phantom Stranger.

Nunnally: He had the power to manipulate the powers of the Paranormal and the Supernatural.

Leia: He was helping the Loud Kids conquer their fears and giving them Keyblades as a result.

Luke: Which I think is amazing.

Han: Yeah it sure is. But it's harsh that he is giving them nightmares.

Chewie agreed in a roar.

Rey: (British Accent) It might not seem right but I'm sure he has his reasons.

Dark Laser: I agree. Lets do it!

He ignited his lightsaber and then all the group ignited their lightsabers and they clashed and fired blasts of Force Lightning and energy and magic and lightning and smashed him down.

Sabrina: Take that!

Eli: The Force is always with us.

Twilight Sparkle: It sure is.

We continued on and we then went through a bubble and saw a bunch of thistles and then they suddenly danced! It was The Russian Dance!

Me: Love this dance!

We danced with them and it was fun!

We then got to the last part of the Nutcracker Suite and it was for The Waltz of The Flowers. We saw the Fairies of Fall come out and ready to turn everything golden with the fall colors. We later then saw the beautiful Fairies of Winter and they turned everything into a winter wonderland and there were also fairies with snowflake skirts and then the song ended and it was great! We went through another portal to another song.

# THE SORCERERS APPRENTICE BY PAUL DUKAS

---

We were in the world of Yen-Sid's castle from Fantasia and we saw Master Yen Sid working on a formula for something and we saw Mickey bringing water up to a cauldron.

Me: Wow is that you Mickey?

King Mickey: Yep it sure is.

Laney: I didn't know you would carry water for Master Yen Sid.

Mickey: It's just like old times.

Me: Boy this brings back memories. I loved how you brought that broomstick to life like that.

Nico: That was so cool.

Eli: And that dream you had was amazing.

Mickey then saw Master Yen Sid's hat and he went and put it on and used a spell to bring a broomstick to life and it was cool. We saw the broomstick carrying the buckets and getting water for the cauldron. Mickey thought he could get some rest after that and it worked well. The dream Mickey had was amazing. But then the cauldron overflowed and the Broomstick was still carrying the water and Mickey tried to stop it but to no avail. He went after the broom and chopped it into pieces. But the broom was still very much alive and reformed into many more brooms with many more buckets full of water!

Me: There's a lot of them!

We blocked the door to make sure they don't get in but they wouldn't stop. They busted the door.

Mummy: (uses bandages on broomsticks) Hey! Stop that right now!

Nico: They just keep pouring water non-stop!

Eli used Force Lightning and burned the brooms into ashes.

Boa fired snake blasts and melted the brooms into nothing and Emma chopped the brooms with her axe and fired blasts of fire and incinerated them.

Boa: They are everywhere!

Helen, Luciana and Janella fired waves of energy and formed energy swords and blew the brooms apart.

Maria: Maybe I can use my powers to stop the water!

William: Go for it!

Maria used her powers and sent all the water flying out of the tower until it was gone.

Nico: WHEW! That was close.

Eli: Yeah!

Laney: Take this you bad broomsticks! BRAMBLE FLAME FIRESTORM!

She fired a wave of bramble vines and fireballs and burned all the Brooms all over.

Brittney: I got this. Brittney used her magic to cancel out Mickey's magic.

Me: Whew!

I put the hat of Yen Sid back on the table.

Sasame Fuma: Where to now?

Nico: You'll like the next one. It's the world of The Rite of Spring by the world famous Igor Stravinsky.

Eli: That's one of my favorites.

Me: Mine too. But the movie Fantasia was made in 1940 and it shows a theoretical view of what happened to everything leading up to when the Dinosaurs all died.

Nico: Wow. Lets go.

We were off to the next song.

## THE RITE OF SPRING BY IGOR STRAVINSKY

We were in the world of The Rite of Spring by Igor Stravinsky. We were actually in space.

Me: Whoa! We're in space.

Nico: Wow!

Eli: This is amazing!

Beekeeper: Great! We just got here and we see a Spellican Dream Eater!

Luan: I got this clod!

Luan summoned her Keyblade and blasted it into Oblivion!

Nico: BULLSEYE!

Eddy: Way to go Luan!

Me: Didn't put up much of a fight but that's okay.

We flew through nebulae and we even saw the Earth back when it was in its infancy. It was it looked like back 3.7 billion years ago and we flew down to the planet it was a hot and inhospitable world.

Nico: Whoa!

Me: This is what the Earth looked like back over 3.7 billion years ago.

Nico: Wow! The Earth was full of volcanic activity.

We saw toxic skies, erupting volcanoes all over the place as well as lava everywhere.

Eli: Man it sure was a dangerous place.

Me: That's because all those years ago, the Earth was inhospitable and too hot for life to flourish.

We then got to an awesome and huge volcano and then we saw lava pour down the slopes and then the lava hit the oceans and then storms formed and the water drenched the volcanoes. Later time passed and we saw life beginning to form in the oceans. They were starting out as microscopic single-celled organisms. We saw amoeba, euglena, volvox and more and life was starting out. Smoke then appeared and we then saw that we were in the Cambrian Period and shellfish and plants were forming and it was amazing. Next we were in the Silurian Period at about 470 million years ago and we saw shellfish, fish and plants all over the ocean. More smoke came and then we saw that we were in the Carboniferous Period at about 320 million years ago and we saw many kinds of fish, shellfish, octopuses and squids and more and then we saw a fish venture out onto land. Then we arrived in the era of the Dinosaurs!

Me: WHOA! The Era of the Dinosaurs!

Laney: Wow! This must be the Jurassic Period.

Eli: Wow! So many kinds.

Lincoln: It's so amazing.

We saw many kinds of dinosaurs on land, in the sea and even in the air. It was amazing.

Me: I have a feeling we're gonna fight the T-Rex in this part.

Nico: Me too.

We saw many kinds of dinosaurs and they were all incredible.

Ring Man: So, when are we gonna fight that T Rex?

Nico: It should be any moment.

Aylene C.: Wow look at all the amazing Dinosaurs.

Nico: Yeah so many amazing kinds.

Me: They would be perfect for Paleozoic world.

Eli: I love all these dinosaurs.

Nunnally: Me too. They are so amazing.

Me: Back in 1940 we only had a limited number of dinosaurs than we do now.

Littlefoot: Yeah that is so cool.

Then there was a huge rainstorm and we looked and a bolt of lightning flashed and we saw TYRANNOSAURUS REX!

Me: Tyrannosaurus Rex!

Dr. Viktor: (to the Tyrannosaurus Rex) Do you really want to fight me, beast?

The Tyrannosaurus roared and we went at it and fired waves of energy and lightning and more.

Me: Take this!

I punched it in his face and knocked out a tooth!

Dr. Viktor: Take this one! TRANSYL LIGHTNING ELECTROCUTION!

Dr. Viktor fired a wave of lightning and it hit the Tyrannosaurus and incinerated it to ashes!

Me: YEAH!

Nico: That did it.

We then continued on and we saw the whole planet turned into a huge drought and dustbowl and it was awful. The Dinosaurs were starving.

Me: Oh this is bad. Lets get these Dinosaurs over to Paleozoic World so they can be fed and have food.

Aylene C.: Good idea.

we snapped our fingers and beamed the dinosaurs to Paleozoic World and we continued on and we saw bones of the dinosaurs that didn't make it and it was terrible. We picked up the bones for all the museums to collect and they were perfect additions for all the museums around the world and then we saw a Solar Eclipse happening and then a massive earthquake shook the world and we flew up into the air and we saw the planet shake and then tidal waves came in and swept over everything and more. The Sun was overshadowed by the moon and then we decided to head out to the next world. But seeing the corona of the sun was beautiful.

Me: That was intense.

Nico: Now we're gonna go to the world of The Pastoral, The 6th Symphony by the world famous Ludwig Van Beethoven.

Laney: That's one of my favorites.

Lola: Mine too. I love all the myth creatures there.

Nico: Lets head in.

## THE PASTORAL BY LUDWIG VAN BEETHOVEN

We arrived in the world of The Pastoral by Ludwig Van Beethoven and it was the world of Mount Olympus, the Abode of the Gods.

We walked around and we saw many creatures. We walked around and we saw Fauns, Unicorns, fairies, centaurs and centaurettes and

more.

Yenaldoshi: Look at all the creatures here!

Nico: Wow! Fauns, Pegasi, Unicorns, Fairies and even centaurs and the Centaurettes.

Laney: So beautiful.

Lola: Yeah.

Twilight Sparkle: Boy we sure would fit right in to this world.

Sunset Shimmer: Yeah we sure would.

Rainbow Dash: This is awesome!

Kevin Levin: Let me absorb the ground before we go on any further.

Nico: Okay.

He did so and he turned into solid rock. We even saw one of the Gods themselves as we saw Bacchus the God of Wine and he was a silly guy and it was awesome. We even met Melinda the Centaurette and she was beautiful and more. Then a storm came in and that spelled trouble. As it started to rain, we saw a figure come out of the colds and it was ZEUS, KING OF THE GODS!

Me: Zeus!

Nico: I got this one!

Nico fired a massive Kamehameha blast and it hit Zeus and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Take this! NEGATIVE KARMA BALL!

Nico formed a huge ball of red energy and it hit Zeus and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Zeus was defeated.

We later saw Iris, Goddess of the Rainbow and then we saw Apollo the God of the Sun go across the sky for sunset and then we saw Morpheus the God of Sleep and then Diana the Goddess of the Moon and left the song.

Poromon: Where are we going next?

Nico: To the world of Dance of The Hours by Amilcare Ponchielli.

Laney: That was an interesting one.

Me: It sure was. And we're going to smash those Alligators there.

Melinda (Fantasia): This is gonna be fun.

---

## DANCE OF THE HOURS BY AMILCARE PONCHIELLI

---

We arrived at a cool palace and it was amazing.

We saw ostriches for the morning hours, dancing hippos for the Noon hours, the sunset hours were represented by elephants that blew bubbles and then we saw the gators of the evening. They were the ones we were after.

The alligators growled at us but Skulker pointed his weapons at them.

Skulker: Who wants to get killed first?

Me: I could use a new alligator skin wallet!

They went at us and we blasted and smashed them into oblivion.

Laney: Take these you overgrowth leather atrocities! POISON LEAF SHRED STORM!

She fired waves of leaves and they cut the alligators all over and the song was done.

Me: Now we head on to the world of Fantasia 2000.

Nico: Then lets go.

## FANTASIA 2000 - BEETHOVEN'S 5TH SYMPHONY

We were in the skies yet again.

Blaster Tron: We are in Fantasia 2000. Scanning for enemy life signs.

Nico: I love Beethoven's 5th Symphony.

Luna Loud: Very famous song dudes.

We then saw a bunch of butterflies being chased by a bunch of bats. LOTS OF THEM!

Manaphy: Anything, Blaster Tron?

Blaster Tron: Enemies coming from all over. Bats pose threat.

Nico: I see them!

We saw LOTS OF BATS!

Webstor: At least these bats aren't huge! (shoots webbing at them)

Nico: Less talk more blast!

We were blasting the bats all over into nothing.

Brittney: This will get them! DARKNESS ECLIPSE MEGABLAST!

Brittney fired a massive wave of darkness and obliterated all the bats in an instant!

Me: YEAH!

When the song was finished we went to the next song.

## RHAPSODY IN BLUE BY GEORGE GERSHWIN

We were now in the world of Rhapsody in Blue by George Gershwin.

Xion: Where are we now?

Nico: This is the world of Rhapsody in Blue by George Gershwin.

Laney: That was a cool one.

Lola: Yeah it was.

Scorpion then appeared as everyone all over the city was doing their commute.

Nico: Your turn Duncan.

Duncan and his group went next.

Scorpion: (to Duncan) The Phantom Stranger must be feeling pretty gullty right now. I mean, look how Luan's dream turned out.

Duncan: I know and what happened with her in that dream was awful. I love all of Luan's jokes.

Princess Luna: I do too. They are very funny and even Eddy loves a good laugh from them.

Snowdrop: They are really funny. No one should ever tell her anything different.

Gari: That's right and she even gave Lincoln great new material for his act at the Chortle Portal on comedy nights. Just a few days ago he was making fun of Brikowski, Kick's brother Brad, The Kankers and Jameson.

Scorpion: I saw that. That was hilarious!

They laughed.

Blackout: That was funny. But I hate to imagine what Lynn's Nightmare is gonna be about.

Shadow Lucy: I bet it's about the Bad Luck fiasco and how she sees herself turn into a ruthless monster because of it.

Emerald Topaz: I have a feeling you might be right. I heard about that horrible ordeal and that is REALLY stupid.

Sonic: You are not kidding on that. That evil version of Lynn was a big time sore loser.

Tails: Yeah and she has no honor when it comes to the world of sports.

Amy Rose: What a dork! She needs to learn some sense of compassion.

Shadow: Yeah no kidding. I can't believe that evil version of Lynn would frame Lynn like that just to kill her family for revenge.

Maria Robotnik: She is a totally unpleasant monster.

Cream: Yeah what a psycho.

Scorpion: No kidding. Lets do it!

He went at them and they fired waves of darkness and chaos energy and smashed him down.

Duncan: That is a victory!

Princess Luna: A victory of the night.

The song was later done and we were off to the next world.

PIANO CONCERTO No. 2, Allegro, Opus 102 by DMITRI SHOSTAKOVICH

---

We were in a toy store.

Me: Wow we're in a toy store.

Nico: This world is based on one of my favorite fairy tales, The Steadfast Tin Soldier.

Laney: That was a great story.

Nico: It sure was and I know why we're here in this one. To make sure HE pays.

Nico pointed to a Jack In The Box.

---

The **Jack-in-the-Box** is the main antagonist in the *Piano Concerto No. 2* segment of Disney's 38th full-length animated feature film *Fantasia 2000*, and the overall secondary antagonist of the film itself. He is the Tin Soldier's arch-nemesis.

While the segments all have no dialogue in the entire film, the segment's music was performed by the late James Levine and the Chicago Symphony Orchestra.

Development

The Jack-in-the-Box went through several different designs during the production of the segment, including those of a king, a clown, a 19th-century melodrama villain, a French soldier, and a pirate.

Appearance

The Jack-in-the-Box is a large toy encased in a brown music box with pink diamond-shaped markings on the sides and spots of gold paint on the corners. When out of it, he resembles a jester with a long pointy nose, a brown beard, thick eyebrows, a bald head, brown eyes, red lips, and rosy cheeks. He is dressed in a blue harlequin outfit, complete with a gold-lined collar and a blue and purple hat with two points, each with a gold bell at the end. His head also takes up the majority of his coiled body, while his arms are smaller when compared. Because the box acts as the lower portion of his body, he can only hop around as mobility.

## Personality

The Jack-in-the-Box is portrayed as a cunning, evil, lustful and manipulative toy. He is very misogynistic, oppressive, arrogant and cruel. He is also shown to be a competitive and pugnacious fighter, as he starts to take part in a violent struggle against the Tin Soldier while using a toy sword. Despite his flaws, he is shown to be in love with the Ballerina, so that he can try to marry her. He is also shown to be extremely angry when he confronts the Tin Soldier and the Ballerina.

## Role

At night, when all of the toys in the boy's toy room come to life, the Jack-in-the-Box is the second toy in the toy room to do so. The first toy in the toy room to come to life is the Ballerina. She then catches his interest, and he decides that he must have her for himself. However, his attempts to woo her fail miserably as she rejects him.

Things get more complicated for him when the Tin Soldier arrives and wins the Ballerina over with his kind and sympathetic personality. Angered, the Jack-in-the-Box frantically confronts the couple, traps the Ballerina under a glass, and attempts to do away with the Tin Soldier. He first tries to throw some wooden blocks at the Tin Soldier in order to knock him out of the window, but only to have the hero knock one back at him with his bayonet, dislodging the Jack-in-the-Box's hat and revealing his bald spot (much to the Ballerina's amusement). However, when the Jack-in-the-Box tosses a wooden toy boat at his opponent, the Tin Soldier is successfully eliminated from and the Ballerina is left at his mercy.

While the Tin Soldier is away, the Jack-in-the-Box tries to win over his enthusiastic girlfriend once again, this time by offering her some plastic roses. Remembering what he did to her friend, the Ballerina rejects him again. Infuriated, he leaps forward and tries to grab her, only for him to hit his head on the door of the toy castle.

On the night that the Tin Soldier returns home, the Jack-in-the-Box becomes more determined than ever to have the Ballerina and grabs her, roughly forcing her to dance with him. Angered, the Tin Soldier rushes to her side to protect her, at which point the Jack-in-the-Box pulls out a toy sword, and continuously tries to strike his heroic rival, chasing him to the edge of the table. Thinking that he has the Tin Soldier cornered, the Jack-in-the-Box leaps toward him to finish him off. However, the Tin Soldier blocks his sword with his bayonet and defeats him by pushing him over the edge of the table, where he falls into the fireplace below and is immediately burned to his death, bringing his tyranny over the boy's toy room to an end once and for all.

---

Eli: I never liked that monster.

The toys came to life and we saw a ballerina dance and we saw a one legged toy soldier and the Jack-In-The-Box was after him.

Eli: Oh no you don't! JEDI FORCE LIGHTNING MEGABLAST!

Eli fired a massive blast of lightning and incinerated the Jack In The Box to dust.

Nico: Take that!

Laney: Yeah!

Nunnally: Nice shot Eli.

Eli: Thanks.

THE CARNIVAL OF THE ANIMALS BY CAMILLE SAINT-SAËNS

---

We were in the world of The Carnival of the Animals and we saw Flamingos dancing and we saw a flamingo playing with a yo-yo.

Nico: I love this one. The Carnival of the Animals.

Laney: That was a cool one.

Lola: It sure was.

The Vreedle Brothers, Mortal Kombat Scorpion and Mr. Mittens then appeared.

Nico: Applejack, Flare, Cat, Dog, you're up.

They went to face them.

Mortal Kombat Scorpion: (to Flare Corona) To be honest, I suspected Quan Chi as the mastermind of the nightmares. And no. I'm not just saying that because of what he did to my family.

Flare Corona: I had that same feeling myself. But after what Brittney, Eli and our findings told us I was shocked to see that the Phantom Stranger is doing it. It was a big shock.

Sunset Shimmer: It sure was. But he has been helpful to us. He has been giving the Loud Kids awesome keyblades.

Pepperdance: They sure are really cool.

Mortal Kombat Scorpion: They are really something. And isn't this world of Pines of Rome amazing?

Cayenne: It sure is. I love these whales and they are really amazing.

Firecracker Burst: And the little calf is so cute. He's adorable and friendly.

Phoenix Shimmer: He's so cute. And his parents are amazing.

Gusty: All whales are amazing. I can't believe that people would hurt such amazing and graceful creatures.

Sunburn: Thank goodness they are now protected by Federal Law.

Fire Lori: That is literally a good thing.

Prohyas: Yeah that is a really good thing.

Vambre: (British Accent) Indeed dear brother. It's amazing how whales are awesome like this.

Witchy Simone: It sure is amazing.

Princess Zange: It sure is like amazing.

Noville: I agree with you all.

Mortal Kombat Scorpion: I do too. Lets do it!

(MORTAL KOMBAT THEME PLAYS)

(Gong Rings)

---

MORTAL KOMBAT!

They fought viciously and brutally pulverized him and kicked him all over and then fired blasts of fire and energy and smashed him down.

Flare Corona: Take that!

Sunset Shimmer: That was so fun!

Mr. Mittens was next.

Mr. Mittens: (to CatDog) Who did J.D. rescue this time?

Cat: Her name is Flare and she is a Papillon, the fairies of legend.

Dog: She is really cool when it comes to gardening and knows a lot about flowers.

Pinkie Pie: She sure does and she loves baking as much as I do.

Maud Pie: (Monotonously) She also has a huge love for crystals and rocks like me.

Marble Pie: She knows a lot about them.

Featherweight: I think that is so cool and amazing.

Somnambula: (Egyptian Accent) I think she is amazing in doing so much for everyone.

Little Cheese: I agree with you on that.

Steel Lynn: So awesome.

Mr. Mittens: It sure is. The worlds of Rhapsody in Blue by George Gershwin, Piano Concerto No. 2 by Dmitri Shostakovich and this world for the Carnival of the Animals by Camille Saint-Saëns is really something.

Sprocket: It sure is. And it's amazing that they have such amazing stories.

Mega Man: Rhapsody In Blue took place in the 1930s when the Great Depression was going on.

Roll: Yeah and that was a terrible time back then.

Dr. Light (Mega Man): It sure was. Poor people went through a lot back then.

Mr. Mittens: They sure did. Lets do it!

He unsheathed his claws and went at them and they fired waves of gears, energy, lightning and more and smashed him down!

Cat: That was amazing!

Dog: HI HO DIGGETY!

Pinkie Pie: BEST USUAL BATTLE EVER!

Octagon: (to Applejack) At least one of you guys finally managed to go berserk on criminal thanks to a c*** brick.

Applejack: Hoowee! You got that right. Nico really went to town on those monsters!

Apple Bloom: He sure did. And Bleez had a feast on them.

Frozen Fight: It was the biggest drug ring we've ever busted. The FBI and the DEA have been after those guys for years.

Rockhoof: (Scottish Accent) Aye. It was amazing that they had all that.

Thunderbird Apple: It was amazing! They had billions of dollars in cash and they also billions of kilos in drugs. Enough to poison the world!

Flashwing: It was awful.

Rhomboid: No kidding! If Michigan had the death penalty it would only be for drug cartels like those guys.

Octagon: I agree! And with all the drugs they all had they deserve to be pushing up daisies.

Applejack: You ain't kidding on that. But that's not a bad idea. We'll have to talk to J.D. and see if he can get a new law instated for that.

Octagon: Yeah. But this world is beautiful. The world of The Carnival of the Animals is amazing.

Fire Lori: It sure is and the flamingos are literally amazing.

Liquid Leni: I totes love how there's a flamingo playing with a yo-yo.

Stone Luna: I agree. It's amazing dudes.

Octagon: Indeed. Lets do it!

They went at each other and Applejack and her group fired waves of apples, earth, and elements and smashed them down.

Applejack: YEEHAW! That was great!

The battles and the song were done and we went to the next song.

## POMP AND CIRCUMSTANCES BY EDWARD ELGAR

Next we were in the world of Pomp and Circumstances by Edward Elgar and to our surprise it was a cartoon for Donald Duck and his family and it was all based on Noah's Ark.

Nico: Wow! So this is the world of Pomp and Circumstances. I didn't know that you were in this one Donald.

Donald Duck: Yeah it was great.

Sea: This is amazing.

We saw him load the animals and it was raining for 40 days and 40 nights and it was a huge rainstorm and more and it was rough. Whiteout then came out.

Nico: Squirrel Girl it's your turn.

Whiteout: (to Squirrel Girl) Since you guys insist on not using a cocaine brick, you're gonna have to find a substitute that will push you to go berserk on scumbags.

Squirrel Girl: I agree on that. Rock Lee knows a good substitute.

Rainbow Dash: It's a type of candy he has that makes him drunk and completely unpredictable. It's awesome.

Scootaloo: It sure is. And Guy gave him a great technique for it.

Magma Gloom: He calls it the Drunken Fist. It was really cool. We saw it in action and it was great.

Flash Magnus: It was amazing. But every time Lee wakes up from it he gets a NASTY hangover. Feels like he had over 12 drinks.

Air Lincoln: Geez! Thank goodness I'll never drink.

Whiteout: Me neither. Also this world is really cool. I didn't know

Donald Duck was in the Pomp and Circumstance - Marches 1, 2, 3 and 4.

Whirlwind: That sure is something and this whole world is based on Noah's Ark.

Carly Atlas: Noah's Ark is one of my favorite stories in the Bible.

Misty Tredwell: Mine too next to the Book of Exodus.

Storm Rainbow: That was really cool.

Whiteout: It sure is. Lets do it.

Whiteout fired waves of white energy and they dodged it and fired waves of energy, squirrels, wind and lightning and smashed her down.

Squirrel Girl: Yeah!

Rainbow Dash: That was AWESOME!

We saw the story go on like it did in the bible and we went to the next song.

## THE FIREBIRD SUITE BY IGOR STRAVINSKY

We were in a forest by a volcano.

Nico: Wow. This is the world of The Firebird Suite.

Me: That's one of my favorite songs.

Varie: And we're gonna be meeting the Sprite of Spring.

Nico: Yep.

We saw an elk go into a lake and blow onto an icicle and we saw the Sprite of Spring and she was beautiful. We saw her bring to life the grass, trees and flowers and they were beautiful and she was even bringing butterflies too. She came to us.

Me: Wow. The Sprite of Spring.

Sprite: Team Loud Phoenix Storm it's an honor.

Nico: Same to you.

We helped her bring some stuff to life and more and then we saw that her plants weren't going up a volcano as if it was poisoned by an evil force.

Nico: I've got a really bad feeling about that.

Laney: Me too.

We went into the crater of the volcano and we saw a strange rock formation.

We went up to it and as we touched it and then red eyes opened and smoke billowed around it and the smoke looked like the souls of the Damned and the volcano erupted and out of the smoke came THE FIREBIRD!

---

The **Firebird** is the main antagonist of of Disney's thirty-eighth full-length animated feature film *Fantasia 2000*, appearing in the final segment "The Firebird Suite" He is a massive bird-like deity of fire and destruction.

While the segments all have no dialogue in the entire film, the segment's music was performed by the late James Levine and the Chicago Symphony Orchestra.

Appearance

The Firebird appears to be a giant eagle with huge wings and is made entirely out of lava. Though his body bears some resemblance with the Spring Sprite, he lacks any pair of legs unlike her, as he morphed into lava mass whenever he traveled on the land. It is unclear whether he can fly like the Spring Sprite or not.

## Personality

Unlike Chernabog in the 1940 original *Fantasia* film whom sides with the force of evil, The Firebird is a powerful, dangerous, aggressive and treacherous fire spirit who has no alliances; he serves no one, he cannot distinguish friend from foe - he is a primal living force of destruction. He lives only to destroy and despises all that brings life and creation (ex. The Spring Sprite).

However, his only weakness is that he only destroys - he cannot create nor can he persist, as he returned to his slumber when there is nothing left for him to destroy. This explained his disappearance after destroyed much of the forest.

## The Firebird Suite

The Firebird is first seen inside a mountain (more likely a volcano since nothing grows near the mountain), where the segment's green protagonist, the Spring Sprite, inadvertently wakes him up. This makes him so mad that he chases after her. As he does, he then burns the trees everywhere in the forest that she had already worked so hard on growing until, he consumes her. However, she is revived by the Elk. It is unknown what has happened to the Firebird after that, although it is suggested that he comes every time a volcano erupts. Volcanoes can cause serious damage to an ecosystem, but the ecosystems are known to heal in time.

---

Nico: OH MAN!

Varie: The Firebird!

Sprite: Oh no!

Varie: I got this! NEPTUNE FURY MAELSTROM!

Varie fired a massive blast of water and it hit the Firebird and it screamed in pain as it was extinguished into nothing but a pile of rocks.

The finale of the song played and the Sprite brought everything to an incredible level of life and she made the forest so amazing and beautiful and amazing with incredible vigor.

The Sprite was happy and joyous.

I held out my hand to her and she then hugged me in appreciation and love for everything we did for her.

Éclair: So beautiful.

Nico: Now for the final world.

## A NIGHT ON BALD MOUNTAIN BY MODEST MUSSORGSKY

---

We were in the world of A Night On Bald Mountain and it was a really terrifying place.

Nico: This is it guys. We're going to face Chernabog. Lets get the last 3 usual battles out of the way before we fight him.

Me: Right.

Nico: Leni, May, Tara, Jungle Fury Rangers you're up.

King Hiss, Loki, and Waffle Woman then appeared.

?: Don't forget about me.

A figure came out and it was BAI LAI from episode 10 of Jungle Fury!

---

Bai Lai and Carden both served Carnisoar. Bai Lai used the crow fight style. He emulates aggressive airborne moves with his broadsword. Bai Lai is dark-colored and has an extended left wing, complimenting Carden's light coloring and right wing. Bai Lai also has a skull-like face. Bai Lai and Carden were summoned by

Carnisoar, who ordered them to destroy Ocean Bluff. Bai Lai and Carden were sent to gather the fear of people and destroy the city. They attacked the city and easily defeated the Rangers. Then they enlarged and defeated Jungle Pride Megazord, using their ability to fly. They left. Then they returned and easily fought with Casey and Lily, while Theo trained with Master Swoop. But then Theo returned and defeated the monsters using the Jungle Fan. They grew again and the Rangers formed the Jungle Pride Megazord and combined it with the Bat Animal Spirit, giving it the ability to fly. Carden was defeated by the Megazord and Bai Lai was destroyed by the Swoop Attack.

---

Theo: Bai Lai!

Bai Lai: Long time no see rangers.

Me: I remember you! You and your brother Carden were both sent to destroy Ocean Bluff and gather fear to destroy the city.

Bai Lai: That's right. Good memory on you.

Nico: We never missed an episode.

Bai Lai: (to us) Like Carden said, Mistress Vypra wants to see how the two of us perform seperate from each other.

Me: That's understandable like we told your brother.

Laney: Yeah it sure is.

A swarm of butterflies then appeared and out of them came SAILOR HEAVY METAL PAPILLON!

---

She appears at the Sailor Guardians' cemetery at the ends of the memory and forgetfulness rivers. She intends to kill Eternal Sailor Moon, Sailor Kakyuu and Sailor Chibi Chibi. She traps them with vines but, luckily, the Sailor Quartet and Sailor Chibi Moon appeared at the last minute, and break the vines with Pink Ladies Freezing

Kiss. Then the Sailor Quartet attacked her with Amazoness Jungle Arrow, which killed her.

---

Sailor Moon: So the Shadow Galactica Salior Soldiers are now part of the Masters of Evil.

Sailor Heavy Metal Papillon: Yes and we'll show you the true power of our evil.

Flare the Papillon: We'll see about that. I'll face her.
